An application made under this subsection must demonstrate probable cause for the issuance of the warrant and must be supported by the oath of the authorized peace officer.

(B) is held in electronic storage by the service provider on which the warrant is served under Article 18B.355(c).

(a) Not later than the 11th day after the date of issuance, an authorized peace officer shall execute a warrant issued under Article 18B.354, except that the peace officer shall execute the warrant within a shorter period if the district judge directs a shorter period in the warrant. (b) The judge may indicate in the warrant that the deadline for compliance is earlier than the 15th business day after the date the warrant is served if the authorized peace officer who applies for the warrant makes a showing and the judge finds that failure to comply with the warrant by the earlier deadline would cause serious jeopardy to an investigation, cause undue delay of a trial, or create a material risk of:

- (1) danger to the life or physical safety of any person;
- (2) flight from prosecution;
- (3) the tampering with or destruction of evidence; or
- (4) intimidation of potential witnesses.

(c) The service provider shall produce all electronic customer data, contents of communications, and other information sought, regardless of where the information is held and within the period allowed for compliance with the warrant, as provided by Subsection (a) or (b).

If an authorized peace officer serving a warrant under Article 18B.355 also delivers an affidavit form to the provider of an electronic communications service or the provider of a remote computing service responding to the warrant, and the peace officer also notifies the service provider in writing that an executed affidavit is required, the service provider shall verify the authenticity of the customer data, contents of communications, and other information produced in compliance with the warrant by including with the information an affidavit form that:

(1) is completed and sworn to by a person who is a custodian of the information or a person otherwise qualified to attest to the authenticity of the information; and
