(1) submits an application on a form prescribed by the commission;

(2) meets the qualifications established by commission rule; and

(3) pays the required fee.

(d) The advisory committee members serve staggered two-year terms, with the terms of four or five members, as appropriate, expiring on August 31 of each year. An advisory committee member may not serve more than two consecutive terms. A vacancy on the advisory committee is filled by appointing a member in the same manner as the original appointment to serve for the unexpired portion of the term.

(1) report regularly to the commission on matters that are the basis of the probation; or

(2) continue or review continuing professional education until the license holder attains a degree of skill satisfactory to the commission in those areas that are the basis of the probation.

(c) The commission shall give written notice by certified mail of a determination described by Subsection (a) to the applicable license holder or crime laboratory. The notice must:

(1) include a brief summary of the alleged negligence, misconduct, or violation;

(2) state the disciplinary action taken by the commission; and

(3) inform the license holder or crime laboratory of the license holder's or crime laboratory's right to a hearing before the Judicial Branch Certification Commission on the occurrence of the negligence, misconduct, or violation, the imposition of a disciplinary action, or both.

(d) Not later than the 20th day after the date the license holder or crime laboratory receives the notice under Subsection (c), the license holder or crime laboratory may accept the disciplinary action or request a hearing by submitting a written request to the Judicial Branch Certification Commission to contest the findings of fact or conclusions of law, the occurrence of the negligence, misconduct, or violation, or the imposition of a disciplinary action, as applicable. If the license holder or crime laboratory fails to timely submit a request, the commission's disciplinary action becomes final and is not subject to review by the Judicial Branch Certification Commission.

(e) If the license holder or crime laboratory requests a hearing, the Judicial Branch Certification Commission shall conduct a hearing to determine whether there is substantial evidence to support the determination under Subsection (a) that the negligence, misconduct, or violation occurred. If the Judicial Branch Certification Commission upholds the determination, the Judicial Branch Certification Commission shall determine the type of disciplinary action to be taken. The Judicial Branch

Certification Commission shall conduct the hearing, and any appeal of that commission's decision, in accordance with the procedures provided by Subchapter B, Chapter 153, Government Code, as applicable, and the rules of the Judicial Branch Certification Commission.

Sec. 2. (a) The recording of an oral statement of the child made before the indictment is returned or the complaint has been filed is admissible into evidence if the court makes a determination that the factual issues of identity or actual occurrence were fully and fairly inquired into in a detached manner by a neutral individual experienced in child abuse cases that seeks to find the truth of the matter.

(b) If a recording is made under Subsection (a) of this section and after an indictment is returned or a complaint has been filed, by motion of the attorney representing the state or the attorney representing the defendant and on the approval of the court, both attorneys may propound written interrogatories that shall be presented by the same neutral individual who made the initial inquiries, if possible, and recorded under the same or similar circumstances of the original recording with the time and date of the inquiry clearly indicated in the recording.

(c) A recording made under Subsection (a) of this section is not admissible into evidence unless a recording made under Subsection (b) is admitted at the same time if a recording under Subsection (b) was requested prior to the time of the hearing or proceeding.

Sec. 3. (a) On its own motion or on the motion of the attorney representing the state or the attorney representing the defendant, the court may order that the testimony of the child be taken in a room other than the courtroom and be televised by closed circuit equipment in the courtroom to be viewed by the court and the

finder of fact. To the extent practicable, only the judge, the court reporter, the attorneys for the defendant and for the state, persons necessary to operate the equipment, and any person whose presence would contribute to the welfare and well-being of the child may be present in the room with the child during his testimony. Only the attorneys and the judge may question the child. To the extent practicable, the persons necessary to operate the equipment shall be confined to an adjacent room or behind a screen or mirror that permits them to see and hear the child during his testimony, but does not permit the child to see or hear them. The court shall permit the defendant to observe and hear the testimony of the child and to communicate contemporaneously with his attorney during periods of recess or by audio contact, but the court shall attempt to ensure that the child cannot hear or see the defendant. The court shall permit the attorney for the defendant adequate opportunity to confer with the defendant during cross-examination of the child. On application of the attorney for the defendant, the court may recess the proceeding before or during cross-examination of the child for a reasonable time to allow the attorney for the defendant to confer with defendant.

(b) The court may set any other conditions and limitations on the taking of the testimony that it finds just and appropriate, taking into consideration the interests of the child, the rights of the defendant, and any other relevant factors.

Sec. 4. (a) After an indictment has been returned or a complaint filed, on its own motion or on the motion of the attorney representing the state or the attorney representing the defendant, the court may order that the testimony of the child be taken outside the courtroom and be recorded for showing in the courtroom before the court and the finder of fact. To the extent practicable, only those persons permitted to be present at the taking of testimony under Section 3 of this article may be present during the taking of the child's testimony, and the persons operating the equipment shall be confined from the child's sight and hearing as provided by Section 3. The court shall permit the defendant to observe and hear the testimony of the child and to communicate contemporaneously with his attorney during periods of recess or by audio contact but

shall attempt to ensure that the child cannot hear or see the defendant.

(b) The court may set any other conditions and limitations on the taking of the testimony that it finds just and appropriate, taking into consideration the interests of the child, the rights of the defendant, and any other relevant factors. The court shall also ensure that:

(1) the recording is both visual and aural and is recorded on film or videotape or by other electronic means;

(2) the recording equipment was capable of making an accurate recording, the operator was competent, the quality of the recording is sufficient to allow the court and the finder of fact to assess the demeanor of the child and the interviewer, and the recording is accurate and is not altered;

(3) each voice on the recording is identified;

(4) the defendant, the attorneys for each party, and the expert witnesses for each party are afforded an opportunity to view the recording before it is shown in the courtroom;

(5) before giving his testimony, the child was placed under oath or was otherwise admonished in a manner appropriate to the child's age and maturity to testify truthfully;

(6) the court finds from the recording or through an in camera examination of the child that the child was competent to testify at the time the recording was made; and

(7) only one continuous recording of the child was made or the necessity for pauses in the recordings or for multiple recordings is established at the hearing or proceeding.

(c) After a complaint has been filed or an indictment returned charging the defendant, on the motion of the attorney representing the state, the court may order that the deposition of the child be taken outside of the courtroom in the same manner as a deposition may be taken in a civil matter. A deposition taken under this subsection is admissible into evidence.

Sec. 5. (a) On the motion of the attorney representing the state or the attorney representing the defendant and on a finding by the court that the following requirements have been substantially satisfied, the recording of an oral statement of the child made

before a complaint has been filed or an indictment returned is admissible into evidence if:

(1) no attorney or peace officer was present when the statement was made;

(2) the recording is both visual and aural and is recorded on film or videotape or by other electronic means;

(3) the recording equipment was capable of making an accurate recording, the operator of the equipment was competent, the quality of the recording is sufficient to allow the court and the finder of fact to assess the demeanor of the child and the interviewer, and the recording is accurate and has not been altered;

(4) the statement was not made in response to questioning calculated to lead the child to make a particular statement;

(5) every voice on the recording is identified;

(6) the person conducting the interview of the child in the recording is expert in the handling, treatment, and investigation of child abuse cases, present at the hearing or proceeding, called by the state, and subject to cross-examination;

(7) immediately after a complaint was filed or an indictment returned, the attorney representing the state notified the court, the defendant, and the attorney representing the defendant of the existence of the recording;

(8) the defendant, the attorney for the defendant, and the expert witnesses for the defendant were afforded an opportunity to view the recording before it is offered into evidence and, if a proceeding was requested as provided by Subsection (b) of this section, in a proceeding conducted before a district court judge but outside the presence of the jury were afforded an opportunity to cross-examine the child as provided by Subsection (b) of this section from any time immediately following the filing of the complaint or the returning of an indictment charging the defendant until the date the hearing or proceeding begins;

(9) the recording of the cross-examination, if there is one, is admissible under Subsection (b) of this section;

(10) before giving his testimony, the child was placed under oath or was otherwise admonished in a manner appropriate to the child's age and maturity to testify truthfully;

(11) the court finds from the recording or through an in camera examination of the child that the child was competent to testify at the time that the recording was made; and

(12) only one continuous recording of the child was made or the necessity for pauses in the recordings or for multiple recordings has been established at the hearing or proceeding.

(b) On the motion of the attorney representing the defendant, a district court may order that the cross-examination of the child be taken and be recorded before the judge of that court at any time until a recording made in accordance with Subsection (a) of this section has been introduced into evidence at the hearing or proceeding. On a finding by the court that the following requirements were satisfied, the recording of the cross-examination of the child is admissible into evidence and shall be viewed by the finder of fact only after the finder of fact has viewed the recording authorized by Subsection (a) of this section if:

(1) the recording is both visual and aural and is recorded on film or videotape or by other electronic means;

(2) the recording equipment was capable of making an accurate recording, the operator of the equipment was competent, the quality of the recording is sufficient to allow the court and the finder of fact to assess the demeanor of the child and the attorney representing the defendant, and the recording is accurate and has not been altered;

(3) every voice on the recording is identified;

(4) the defendant, the attorney representing the defendant, the attorney representing the state, and the expert witnesses for the defendant and the state were afforded an opportunity to view the recording before the hearing or proceeding began;

(5) the child was placed under oath before the cross-examination began or was otherwise admonished in a manner appropriate to the child's age and maturity to testify truthfully; and

(6) only one continuous recording of the child was made or the necessity for pauses in the recordings or for multiple recordings was established at the hearing or proceeding.

(c) During cross-examination under Subsection (b) of this section, to the extent practicable, only a district court judge, the attorney representing the defendant, the attorney representing the state, persons necessary to operate the equipment, and any other person whose presence would contribute to the welfare and well-being of the child may be present in the room with the child during his testimony. Only the attorneys and the judge may question the child. To the extent practicable, the persons operating the equipment shall be confined to an adjacent room or behind a screen or mirror that permits them to see and hear the child during his testimony but does not permit the child to see or hear them. The court shall permit the defendant to observe and hear the testimony of the child and to communicate contemporaneously with his attorney during periods of recess or by audio contact, but shall attempt to ensure that the child cannot hear or see the defendant.

(d) Under Subsection (b) of this section the district court may set any other conditions and limitations on the taking of the cross-examination of a child that it finds just and appropriate, taking into consideration the interests of the child, the rights of the defendant, and any other relevant factors.

Sec. 6. If the court orders the testimony of a child to be taken under Section 3 or 4 of this article or if the court finds the testimony of the child taken under Section 2 or 5 of this article is admissible into evidence, the child may not be required to testify in court at the proceeding for which the testimony was taken, unless the court finds there is good cause.

Sec. 7. In making any determination of good cause under this article, the court shall consider the rights of the defendant, the interests of the child, the relationship of the defendant to the child, the character and duration of the alleged offense, any court finding related to the availability of the child to testify, the age, maturity, and emotional stability of the child, the time elapsed since the alleged offense, and any other relevant factors.

Sec. 8. (a) In making a determination of unavailability under this article, the court shall consider relevant factors including the relationship of the defendant to the child, the character and duration of the alleged offense, the age, maturity,

and emotional stability of the child, and the time elapsed since the alleged offense, and whether the child is more likely than not to be unavailable to testify because:

(1) of emotional or physical causes, including the confrontation with the defendant; or

(2) the child would suffer undue psychological or physical harm through his involvement at the hearing or proceeding.

(b) A determination of unavailability under this article can be made after an earlier determination of availability. A determination of availability under this article can be made after an earlier determination of unavailability.

Sec. 9. If the court finds the testimony taken under Section 2 or 5 of this article is admissible into evidence or if the court orders the testimony to be taken under Section 3 or 4 of this article and if the identity of the perpetrator is a contested issue, the child additionally must make an in-person identification of the defendant either at or before the hearing or proceeding.

Sec. 10. In ordering a child to testify under this article, the court shall take all reasonable steps necessary and available to minimize undue psychological trauma to the child and to minimize the emotional and physical stress to the child caused by relevant factors, including the confrontation with the defendant and the ordinary participation of the witness in the courtroom.

Sec. 11. In a proceeding under Section 2, 3, or 4 or Subsection (b) of Section 5 of this article, if the defendant is not represented by counsel and the court finds that the defendant is not able to obtain counsel for the purposes of the proceeding, the court shall appoint counsel to represent the defendant at the proceeding.

Sec. 12. In this article, "cross-examination" has the same meaning as in other legal proceedings in the state.

Sec. 13. The attorney representing the state shall determine whether to use the procedure provided in Section 2 of this article or the procedure provided in Section 5 of this article.

Sec. 2. PURPOSE. The purpose of this article is to increase the free flow of information and preserve a free and active press and, at the same time, protect the right of the public to effective law enforcement and the fair administration of justice.

Sec. 3. PRIVILEGE. (a) Except as otherwise provided by this article, a judicial, legislative, administrative, or other body with the authority to issue a subpoena or other compulsory process may not compel a journalist to testify regarding or to produce or disclose in an official proceeding:

(1) any confidential or nonconfidential unpublished information, document, or item obtained or prepared while acting as a journalist; or

(2) the source of any information, document, or item described by Subdivision (1).

(b) A subpoena or other compulsory process may not compel the parent, subsidiary, division, or affiliate of a communication service provider or news medium to disclose the unpublished information, documents, or items or the source of any information, documents, or items that are privileged from disclosure under Subsection (a).

Sec. 4. PRIVILEGE CONCERNING CONFIDENTIAL SOURCES. (a) A journalist may be compelled to testify regarding or to disclose the confidential source of any information, document, or item obtained while acting as a journalist if the person seeking the testimony, production, or disclosure makes a clear and specific showing that the source of any information, document, or item:

(1) was observed by the journalist committing a felony criminal offense and the subpoenaing party has exhausted reasonable efforts to obtain from alternative sources the confidential source of any information, document, or item obtained or prepared while acting as a journalist;

(2) is a person who confessed or admitted to the journalist the commission of a felony criminal offense and the subpoenaing party has exhausted reasonable efforts to obtain from alternative sources the confidential source of any information, document, or item obtained or prepared while acting as a journalist;

(3) is a person for whom probable cause exists that the person participated in a felony criminal offense and the subpoenaing party has exhausted reasonable efforts to obtain from alternative sources the confidential source of any information, document, or item obtained or prepared while acting as a journalist; or

(4) disclosure of the confidential source is reasonably necessary to stop or prevent reasonably certain death or substantial bodily harm.

(b) If the alleged criminal conduct is the act of communicating, receiving, or possessing the information, document, or item, this section does not apply, and Section 5 governs the act.

(c) Notwithstanding Subsection (b), if the information, document, or item was disclosed or received in violation of a grand jury oath given to either a juror or a witness under Article [19A.202](#) or [20A.256](#), a journalist may be compelled to testify if the person seeking the testimony, production, or disclosure makes a clear and specific showing that the subpoenaing party has exhausted reasonable efforts to obtain from alternative sources the confidential source of any information, document, or item obtained. In this context, the court has the discretion to conduct an in camera hearing. The court may not order the production of the confidential source until a ruling has been made on the motion.

(d) An application for a subpoena of a journalist under Article [24.03](#), or a subpoena of a journalist issued by an attorney representing the state under Article [20A.251](#) or [20A.252](#), must be signed by the elected district attorney, elected criminal district attorney, or elected county attorney, as applicable. If the elected district attorney, elected criminal district attorney, or elected county attorney has been disqualified or recused or has resigned, the application for the subpoena or the subpoena must be signed by the person succeeding the elected attorney. If the elected officer is not in the jurisdiction, the highest ranking assistant to the elected officer must sign the subpoena.

Sec. 5. PRIVILEGE CONCERNING UNPUBLISHED INFORMATION, DOCUMENT, OR ITEM AND NONCONFIDENTIAL SOURCES. (a) After service of subpoena and an opportunity to be heard, a court may compel a

journalist, a journalist's employer, or a person with an independent contract with a journalist to testify regarding or to produce or disclose any unpublished information, document, or item or the source of any information, document, or item obtained while acting as a journalist, other than as described by Section 4, if the person seeking the unpublished information, document, or item or the source of any information, document, or item makes a clear and specific showing that:

(1) all reasonable efforts have been exhausted to obtain the information from alternative sources; and

(2) the unpublished information, document, or item:

(A) is relevant and material to the proper administration of the official proceeding for which the testimony, production, or disclosure is sought and is essential to the maintenance of a claim or defense of the person seeking the testimony, production, or disclosure; or

(B) is central to the investigation or prosecution of a criminal case and based on something other than the assertion of the person requesting the subpoena, reasonable grounds exist to believe that a crime has occurred.

(b) The court, when considering an order to compel testimony regarding or to produce or disclose any unpublished information, document, or item or the source of any information, document, or item obtained while acting as a journalist, should consider the following factors, including but not limited to whether:

(1) the subpoena is overbroad, unreasonable, or oppressive;

(2) reasonable and timely notice was given of the demand for the information, document, or item;

(3) in this instance, the interest of the party subpoenaing the information outweighs the public interest in gathering and dissemination of news, including the concerns of the journalist; and

(4) the subpoena or compulsory process is being used to obtain peripheral, nonessential, or speculative information.

(c) A court may not consider a single factor under Subsection (b) as outcome-determinative in the decision whether to

compel the testimony or the production or disclosure of the unpublished information, document, or item, or the source of any information, document, or item.

Sec. 6. NOTICE. An order to compel testimony, production, or disclosure to which a journalist has asserted a privilege under this article may be issued only after timely notice to the journalist, the journalist's employer, or a person who has an independent contract with the journalist and a hearing. The order must include clear and specific findings as to the showing made by the person seeking the testimony, production, or disclosure and the clear and specific evidence on which the court relied in issuing the court's order.

Sec. 7. PUBLICATION OF PRIVILEGED INFORMATION. Publication or dissemination by a news medium or communication service provider of information, documents, or items privileged under this article is not a waiver of the journalist's privilege regarding sources and unpublished information, documents, or items.

Sec. 8. PUBLISHED INFORMATION. This article does not apply to any information, document, or item that has at any time been published or broadcast by the journalist.

Sec. 9. REIMBURSEMENT OF COSTS. The subpoenaing party shall pay a journalist a reasonable fee for the journalist's time and costs incurred in providing the information, item, or document subpoenaed, based on the fee structure provided by Subchapter F, Chapter 552, Government Code.

Art. 38.20. PHOTOGRAPH AND LIVE LINEUP IDENTIFICATION PROCEDURES.

Sec. 1. In this article, "institute" means the Bill Blackwood Law Enforcement Management Institute of Texas located at Sam Houston State University.

Sec. 2. This article applies only to a law enforcement agency of this state or of a county, municipality, or other political subdivision of this state that employs peace officers who conduct photograph or live lineup identification procedures in the routine performance of the officers' official duties.

Sec. 3. (a) Each law enforcement agency shall adopt, implement, and as necessary amend a detailed written policy regarding the administration of photograph and live lineup identification procedures in accordance with this article. A law enforcement agency may adopt:

(1) the model policy adopted under Subsection (b); or

(2) the agency's own policy that, at a minimum, conforms to the requirements of Subsection (c).

(b) The institute, in consultation with large, medium, and small law enforcement agencies and with law enforcement associations, scientific experts in eyewitness memory research,

and appropriate organizations engaged in the development of law enforcement policy, shall develop, adopt, and disseminate to all law enforcement agencies in this state a model policy and associated training materials regarding the administration of photograph and live lineup identification procedures. The institute shall provide for a period of public comment before adopting the policy and materials.

(c) The model policy or any other policy adopted by a law enforcement agency under Subsection (a) must:

(1) be based on:

(A) credible field, academic, or laboratory research on eyewitness memory;

(B) relevant policies, guidelines, and best practices designed to reduce erroneous eyewitness identifications and to enhance the reliability and objectivity of eyewitness identifications; and

(C) other relevant information as appropriate; and

(2) include the following information regarding evidence-based practices:

(A) procedures for selecting photograph and live lineup filler photographs or participants to ensure that the photographs or participants:

(i) are consistent in appearance with the description of the alleged perpetrator; and

(ii) do not make the suspect noticeably stand out;

(B) instructions given to a witness before conducting a photograph or live lineup identification procedure that must include a statement that the person who committed the offense may or may not be present in the procedure;

(C) procedures for documenting and preserving the results of a photograph or live lineup identification procedure, including the documentation of witness statements, regardless of the outcome of the procedure;

(D) procedures for administering a photograph or live lineup identification procedure to an illiterate person or a

person with limited English language proficiency;

(E) for a live lineup identification procedure, if practicable, procedures for assigning an administrator who is unaware of which member of the live lineup is the suspect in the case or alternative procedures designed to prevent opportunities to influence the witness;

(F) for a photograph identification procedure, procedures for assigning an administrator who is capable of administering a photograph array in a blind manner or in a manner consistent with other proven or supported best practices designed to prevent opportunities to influence the witness; and

(G) any other procedures or best practices supported by credible research or commonly accepted as a means to reduce erroneous eyewitness identifications and to enhance the objectivity and reliability of eyewitness identifications.

(d) A witness who makes an identification based on a photograph or live lineup identification procedure shall be asked immediately after the procedure to state, in the witness's own words, how confident the witness is in making the identification. A law enforcement agency shall document in accordance with Subsection (c)(2)(C) any statement made under this subsection.

Sec. 4. (a) Not later than December 31 of each odd-numbered year, the institute shall review the model policy and training materials adopted under this article and shall modify the policy and materials as appropriate.

(b) Not later than September 1 of each even-numbered year, each law enforcement agency shall review its policy adopted under this article and shall modify that policy as appropriate.

Sec. 5. (a) Any evidence or expert testimony presented by the state or the defendant on the subject of eyewitness identification is admissible only subject to compliance with the Texas Rules of Evidence. Except as provided by Subsection (c), evidence of compliance with the model policy or any other policy adopted under this article is not a condition precedent to the admissibility of an out-of-court eyewitness identification.

(b) Notwithstanding Article [38.23](#) as that article relates

to a violation of a state statute and except as provided by Subsection (c), a failure to conduct a photograph or live lineup identification procedure in substantial compliance with the model policy or any other policy adopted under this article does not bar the admission of eyewitness identification testimony in the courts of this state.

(c) If a witness who has previously made an out-of-court photograph or live lineup identification of the accused makes an in-court identification of the accused, the eyewitness identification is admissible into evidence against the accused only if the evidence is accompanied by the details of each prior photograph or live lineup identification made of the accused by the witness, including the manner in which the identification procedure was conducted.

Art. 38.21. STATEMENT. A statement of an accused may be used in evidence against him if it appears that the same was freely and voluntarily made without compulsion or persuasion, under the rules hereafter prescribed.

Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722. Amended by Acts 1977, 65th Leg., p. 935, ch. 348, Sec. 1, eff. Aug. 29, 1977.

Art. 38.22. WHEN STATEMENTS MAY BE USED.

Sec. 1. In this article, a written statement of an accused means:

(1) a statement made by the accused in his own handwriting; or

(2) a statement made in a language the accused can read or understand that:

(A) is signed by the accused; or

(B) bears the mark of the accused, if the accused is unable to write and the mark is witnessed by a person other than a peace officer.

Sec. 2. No written statement made by an accused as a result of custodial interrogation is admissible as evidence against him in any criminal proceeding unless it is shown on the face of the statement that:

(a) the accused, prior to making the statement, either received from a magistrate the warning provided in Article 15.17 of this code or received from the person to whom the statement is made a warning that:

(1) he has the right to remain silent and not make any statement at all and that any statement he makes may be used against him at his trial;

(2) any statement he makes may be used as evidence against him in court;

(3) he has the right to have a lawyer present to advise him prior to and during any questioning;

(4) if he is unable to employ a lawyer, he has the right to have a lawyer appointed to advise him prior to and during any questioning; and

(5) he has the right to terminate the interview at any time; and

(b) the accused, prior to and during the making of the statement, knowingly, intelligently, and voluntarily waived the rights set out in the warning prescribed by Subsection (a) of this section.

Sec. 3. (a) No oral or sign language statement of an accused made as a result of custodial interrogation shall be admissible against the accused in a criminal proceeding unless:

(1) an electronic recording, which may include motion picture, video tape, or other visual recording, is made of the statement;

(2) prior to the statement but during the recording the accused is given the warning in Subsection (a) of Section 2 above and the accused knowingly, intelligently, and voluntarily waives any rights set out in the warning;

(3) the recording device was capable of making an accurate recording, the operator was competent, and the recording is accurate and has not been altered;

(4) all voices on the recording are identified; and

(5) not later than the 20th day before the date of the proceeding, the attorney representing the defendant is provided with a true, complete, and accurate copy of all recordings of the defendant made under this article.

(b) Every electronic recording of any statement made by an accused during a custodial interrogation must be preserved until such time as the defendant's conviction for any offense relating thereto is final, all direct appeals therefrom are exhausted, or the prosecution of such offenses is barred by law.

(c) Subsection (a) of this section shall not apply to any statement which contains assertions of facts or circumstances that are found to be true and which conduce to establish the guilt of the accused, such as the finding of secreted or stolen property or the instrument with which he states the offense was committed.

(d) If the accused is a deaf person, the accused's statement under Section 2 or Section 3(a) of this article is not admissible against the accused unless the warning in Section 2 of this article is interpreted to the deaf person by an interpreter who is qualified and sworn as provided in Article 38.31 of this code.

(e) The courts of this state shall strictly construe Subsection (a) of this section and may not interpret Subsection (a) as making admissible a statement unless all requirements of the subsection have been satisfied by the state, except that:

(1) only voices that are material are identified; and

(2) the accused was given the warning in Subsection (a) of Section 2 above or its fully effective equivalent.

Sec. 4. When any statement, the admissibility of which is covered by this article, is sought to be used in connection with an official proceeding, any person who swears falsely to facts and circumstances which, if true, would render the statement admissible under this article is presumed to have acted with intent to deceive and with knowledge of the statement's meaning for the purpose of prosecution for aggravated perjury under Section 37.03 of the Penal

Code. No person prosecuted under this subsection shall be eligible for probation.

Sec. 5. Nothing in this article precludes the admission of a statement made by the accused in open court at his trial, before a grand jury, or at an examining trial in compliance with Articles 16.03 and 16.04 of this code, or of a statement that is the res gestae of the arrest or of the offense, or of a statement that does not stem from custodial interrogation, or of a voluntary statement, whether or not the result of custodial interrogation, that has a bearing upon the credibility of the accused as a witness, or of any other statement that may be admissible under law.

Sec. 6. In all cases where a question is raised as to the voluntariness of a statement of an accused, the court must make an independent finding in the absence of the jury as to whether the statement was made under voluntary conditions. If the statement has been found to have been voluntarily made and held admissible as a matter of law and fact by the court in a hearing in the absence of the jury, the court must enter an order stating its conclusion as to whether or not the statement was voluntarily made, along with the specific finding of facts upon which the conclusion was based, which order shall be filed among the papers of the cause. Such order shall not be exhibited to the jury nor the finding thereof made known to the jury in any manner. Upon the finding by the judge as a matter of law and fact that the statement was voluntarily made, evidence pertaining to such matter may be submitted to the jury and it shall be instructed that unless the jury believes beyond a reasonable doubt that the statement was voluntarily made, the jury shall not consider such statement for any purpose nor any evidence obtained as a result thereof. In any case where a motion to suppress the statement has been filed and evidence has been submitted to the court on this issue, the court within its discretion may reconsider such evidence in his finding that the statement was voluntarily made and the same evidence submitted to the court at the hearing on the motion to suppress shall be made a part of the record the same as if it were being presented at the time of trial. However, the state or the defendant shall be entitled to present any new evidence on the issue of the voluntariness of the

statement prior to the court's final ruling and order stating its findings.

Sec. 7. When the issue is raised by the evidence, the trial judge shall appropriately instruct the jury, generally, on the law pertaining to such statement.

Sec. 8. Notwithstanding any other provision of this article, a written, oral, or sign language statement of an accused made as a result of a custodial interrogation is admissible against the accused in a criminal proceeding in this state if:

(1) the statement was obtained in another state and was obtained in compliance with the laws of that state or this state; or

(2) the statement was obtained by a federal law enforcement officer in this state or another state and was obtained in compliance with the laws of the United States.

Sec. 9. Notwithstanding any other provision of this article, no oral, sign language, or written statement that is made by a person accused of an offense listed in Article [2B.0202\(a\)](#) and made as a result of a custodial interrogation occurring in a place of detention, as defined by Article [2B.0201](#), is admissible against the accused in a criminal proceeding unless:

(1) an electronic recording was made of the statement, as required by Article [2B.0202\(a\)](#); or

(2) the attorney representing the state offers proof satisfactory to the court that good cause, as described by Article [2B.0202\(c\)](#), existed that made electronic recording of the custodial interrogation infeasible.

(a) No evidence obtained by an officer or other person in violation of any provisions of the Constitution or laws of the State of Texas, or of the Constitution or laws of the United States of America, shall be admitted in evidence against the accused on the trial of any criminal case.

In any case where the legal evidence raises an issue hereunder, the jury shall be instructed that if it believes, or has a reasonable doubt, that the evidence was obtained in violation of the provisions of this Article, then and in such event, the jury shall disregard any such evidence so obtained.

(b) It is an exception to the provisions of Subsection (a) of this Article that the evidence was obtained by a law enforcement officer acting in objective good faith reliance upon a warrant issued by a neutral magistrate based on probable cause.

Art. 38.24. STATEMENTS OBTAINED BY INVESTIGATIVE HYPNOSIS.

(a) In this article, "investigative hypnosis" means a law enforcement technique that uses hypnosis to explore the memory of a witness to enhance the witness's recall of a legally relevant event, including descriptions of people, conversations, and the environment.

(b) This article applies to all statements made during or

after a hypnotic session by a person who has undergone investigative hypnosis performed by a law enforcement agency for the purpose of enhancing the person's recollection of an event at issue in a criminal investigation or case, including courtroom testimony regarding those statements and including statements identifying an accused that are made pursuant to pretrial identification procedures.

(c) A statement described by Subsection (b) is not admissible against a defendant in a criminal trial, whether offered in the guilt or innocence phase or the punishment phase of the trial, if the hypnotic session giving rise to the statement was performed by a law enforcement agency to investigate the offense that is the subject of the trial. Notwithstanding Article 38.23, this article does not affect the admissibility of any physical evidence, or the testimony of any witness identified, that independently corroborates the commission of the offense.

The following article was amended by the 89th Legislature. Pending publication of the current statutes, see S.B. 1537, 89th Legislature, Regular Session, for amendments affecting the following section.

Art. 38.30. INTERPRETER. (a) When a motion for appointment of an interpreter is filed by any party or on motion of the court, in any criminal proceeding, it is determined that a person charged or a

witness does not understand and speak the English language, an interpreter must be sworn to interpret for the person charged or the witness. Any person may be subpoenaed, attached or recognized in any criminal action or proceeding, to appear before the proper judge or court to act as interpreter therein, under the same rules and penalties as are provided for witnesses. In the event that the only available interpreter is not considered to possess adequate interpreting skills for the particular situation or the interpreter is not familiar with use of slang, the person charged or witness may be permitted by the court to nominate another person to act as intermediary between the person charged or witness and the appointed interpreter during the proceedings.

Acts 2013, 83rd Leg., R.S., Ch. 78 (S.B. 354), Sec. 5, eff. May 18, 2013.

The following article was amended by the 89th Legislature. Pending publication of the current statutes, see S.B. 1937, 89th Legislature, Regular Session, for amendments affecting the following section.

Art. 38.43. EVIDENCE CONTAINING BIOLOGICAL MATERIAL.

(a) In this article, "biological evidence" means:

(1) the contents of a sexual assault examination kit;  
or

(2) any item that contains blood, semen, hair, saliva, skin tissue, fingernail scrapings, bone, bodily fluids, or any other identifiable biological material that was collected as part of an investigation of an alleged felony offense or conduct constituting a felony offense that might reasonably be used to:

(A) establish the identity of the person committing the offense or engaging in the conduct constituting the offense; or

(B) exclude a person from the group of persons who could have committed the offense or engaged in the conduct constituting the offense.

(b) This article applies to a governmental or public entity or an individual, including a law enforcement agency, prosecutor's office, court, public hospital, or crime laboratory, that is charged with the collection, storage, preservation, analysis, or retrieval of biological evidence.

(c) An entity or individual described by Subsection (b) shall ensure that biological evidence, other than the contents of a sexual assault examination kit subject to Subsection (c-1), collected pursuant to an investigation or prosecution of a felony offense or conduct constituting a felony offense is retained and preserved:

(1) for not less than 40 years, or until any applicable statute of limitations has expired, if there is an unapprehended

actor associated with the offense; or

(2) in a case in which a defendant has been convicted, placed on deferred adjudication community supervision, or adjudicated as having engaged in delinquent conduct and there are no additional unapprehended actors associated with the offense:

(A) until the inmate is executed, dies, or is released on parole, if the defendant is convicted of a capital felony;

(B) until the defendant dies, completes the defendant's sentence, or is released on parole or mandatory supervision, if the defendant is sentenced to a term of confinement or imprisonment in the Texas Department of Criminal Justice;

(C) until the defendant completes the defendant's term of community supervision, including deferred adjudication community supervision, if the defendant is placed on community supervision;

(D) until the defendant dies, completes the defendant's sentence, or is released on parole, mandatory supervision, or juvenile probation, if the defendant is committed to the Texas Juvenile Justice Department; or

(E) until the defendant completes the defendant's term of juvenile probation, including a term of community supervision upon transfer of supervision to a criminal court, if the defendant is placed on juvenile probation.

(c-1) An entity or individual described by Subsection (b) shall ensure that the contents of a sexual assault examination kit collected pursuant to an investigation or prosecution of a felony offense or conduct constituting a felony offense is retained and preserved for not less than 40 years, or until any applicable statute of limitations has expired, whichever period is longer. This subsection applies regardless of whether a person has been apprehended for or charged with committing the offense.

(d) The attorney representing the state, clerk, or other officer in possession of biological evidence described by Subsection (a) may destroy the evidence, but only if the attorney, clerk, or officer by mail notifies the defendant, the last attorney of record for the defendant, and the convicting court of the

decision to destroy the evidence and a written objection is not received by the attorney, clerk, or officer from the defendant, attorney of record, or court before the 91st day after the later of the following dates:

(1) the date on which the attorney representing the state, clerk, or other officer receives proof that the defendant received notice of the planned destruction of evidence; or

(2) the date on which notice of the planned destruction of evidence is mailed to the last attorney of record for the defendant.

(e) To the extent of any conflict, this article controls over Article [2A.155](#).

(f) The Department of Public Safety shall adopt standards and rules authorizing a county with a population less than 100,000 to ensure the preservation of biological evidence by promptly delivering the evidence to the Department of Public Safety for storage in accordance with Section [411.053](#), Government Code, and department rules.

(g) The Department of Public Safety shall adopt standards and rules, consistent with best practices, relating to a person described by Subsection (b), that specify the manner of collection, storage, preservation, and retrieval of biological evidence.

(h) A person described by Subsection (b) may solicit and accept gifts, grants, donations, and contributions to support the collection, storage, preservation, retrieval, and destruction of biological evidence.

(i) Before a defendant is tried for a capital offense in which the state is seeking the death penalty, subject to Subsection (j), the state shall require either the Department of Public Safety through one of its laboratories or a laboratory accredited under Article [38.01](#) to perform DNA testing, in accordance with the laboratory's capabilities at the time the testing is performed, on any biological evidence that was collected as part of an investigation of the offense and is in the possession of the state. The laboratory that performs the DNA testing shall pay for all DNA testing performed in accordance with this subsection.

(j) As soon as practicable after the defendant is charged

with a capital offense, or on a motion by the state or the defendant in a capital case, unless the state has affirmatively waived the death penalty in writing, the court shall order the state and the defendant to meet and confer about which biological materials collected as part of an investigation of the offense qualify as biological evidence that is required to be tested under Subsection (i). If the state and the defendant agree on which biological materials constitute biological evidence, the biological evidence shall be tested in accordance with Subsection (i). If the state and the defendant do not agree on which biological materials qualify as biological evidence, the state or the defendant may request the court to hold a hearing to determine the issue. On receipt of a request for a hearing under this subsection, the court shall set a date for the hearing and provide written notice of the hearing date to the state and the defendant. At the hearing, there is a rebuttable presumption that the biological material that the defendant requests to be tested constitutes biological evidence that is required to be tested under Subsection (i). This subsection does not in any way prohibit the state from testing biological evidence in the state's possession.

(k) If an item of biological evidence is destroyed or lost as a result of DNA testing performed under Subsection (i), the laboratory that tested the evidence must provide to the defendant any bench notes prepared by the laboratory that are related to the testing of the evidence and the results of that testing.

(l) The defendant's exclusive remedy for testing that was not performed as required under Subsection (i) or (j) is to seek a writ of mandamus from the court of criminal appeals at any time on or before the date an application for a writ of habeas corpus is due to be filed in the defendant's case under Section 4(a), Article [11.071](#). An application for a writ of mandamus under this subsection does not toll any period of limitations applicable to a habeas petition under state or federal law. The defendant is entitled to only one application for a writ of mandamus under this subsection. At any time after the date an application for a writ of habeas corpus is filed in the defendant's case under Section 4(a), Article [11.071](#), the defendant may file one additional motion for

forensic testing under Chapter [64](#).

(m) A defendant may have another laboratory accredited under Article [38.01](#) perform additional testing of any biological evidence required to be tested under Subsection (i). On an ex parte showing of good cause to the court, a defendant may have a laboratory accredited under Article [38.01](#) perform testing of any biological material that is not required to be tested under Subsection (i). The defendant is responsible for the cost of any testing performed under this subsection.

(2) for the duration of a defendant's sentence or term

of community supervision, as applicable, if the defendant is convicted or placed on community supervision, or for the duration of the commitment or supervision period applicable to the disposition of a juvenile adjudicated as having engaged in delinquent conduct or conduct indicating a need for supervision; or
