Not later than January 1 of each odd-numbered year, the agency shall report the findings under this subsection to the legislature.

(e) Suspension of a student with a disability that significantly interferes with the student's ability to meet regular academic standards must be based on the student's failure to meet the requirements of the student's individualized education program. A school district shall use state funds awarded under this section to benefit educationally disadvantaged children before using those funds for the care of other children.

(i) A school district may not use funds awarded under this section for student transportation unless that transportation is incident to an activity related to the curriculum of the child care program.

(j) A school district may use funds awarded under this section to contract with a private entity for providing child care services. Each of those entities shall adhere to the requirements of this section. A contract under this subsection is not effective until approved by the agency. The agency shall review each contract to ensure that the services to be delivered comply with this section. Each contract shall be awarded without regard to the race or gender of the contracting party, notwithstanding any other law.

(k) Each school district receiving funds under this section shall adopt minimum training and skills requirements that each individual providing child care or staff assistance for a district program under this section must satisfy. The agency shall determine whether those minimum requirements fulfill the aims and policies of this section and shall suspend the payment of funds to any district whose minimum requirements fail to fulfill the aims and policies of this section. (1) is enrolled in a public or private school; or
(2) resides within the boundaries of the school district.

Following the request for proposals procurement process, the district may enter into a contract with a child-care facility or implement a before-school or after-school program operated by the district. If the district enters into a contract with a child-care facility, the contract must comply with the requirements of Section 44.031 and may not exceed a term of three years.
