Sec. 45.0011. CREDIT AGREEMENTS IN CERTAIN SCHOOL
DISTRICTS. (a) This section applies only to an independent school
district that, at the time of the issuance of obligations and
execution of credit agreements under this section, has:

(1) at least 2,000 students in average daily
attendance; or

(2) a combined aggregate principal amount of at least
\$50 million of outstanding bonds and voted but unissued bonds.

(b) A district to which this section applies may, in the
issuance of bonds as provided by Sections [45.001](#) and [45.003](#)(b)(1),
exercise the powers granted to the governing body of an issuer with
regard to the issuance of obligations and execution of credit
agreements under Chapter [1371](#), Government Code.

(c) A proposition to issue bonds to which this section
applies must, in addition to meeting the requirements of Section
[45.003](#)(b)(1), include the question of whether the governing board
or commissioners court may levy, pledge, assess, and collect annual
ad valorem taxes, on all taxable property in the district,
sufficient, without limit as to rate or amount, to pay the principal

Sec. 45.002. MAINTENANCE TAXES. The governing board of an independent school district, including the city council or commission that has jurisdiction over a municipally controlled independent school district, the governing board of a rural high school district, and the commissioners court of a county, on behalf of each common school district under its jurisdiction, may levy, assess, and collect annual ad valorem taxes for the further maintenance of public schools in the district, subject to Section 45.003.

Sec. 45.0021. RESTRICTION ON MAINTENANCE TAX LEVY. (a) A school district may not increase the rate of the district's maintenance taxes described by Section 45.002 to create a surplus in maintenance tax revenue for the purpose of paying the district's debt service.

(b) A person who owns taxable property in a school district

is entitled to an injunction restraining the collection of taxes by the district if the district adopts a maintenance tax rate in violation of Subsection (a). An action to enjoin the collection of taxes must be filed before the date the district delivers substantially all of the district's tax bills.

Added by Acts 2019, 86th Leg., R.S., Ch. 943 (H.B. 3), Sec. 1.007, eff. September 1, 2019.

Sec. 45.003. BOND AND TAX ELECTIONS. (a) Bonds described by Section 45.001 may not be issued and taxes described by Section 45.001 or 45.002 may not be levied unless authorized by a majority of the qualified voters of the district, voting at an election held for that purpose, at the expense of the district, in accordance with the Election Code, except as provided by this section. Each election must be called by resolution or order of the governing board or commissioners court. The resolution or order must state the date of the election, the proposition or propositions to be submitted and voted on, the polling place or places, and any other matters considered necessary or advisable by the governing board or commissioners court.

(b) A proposition submitted to authorize the issuance of bonds must include the question of whether the governing board or commissioners court may levy, pledge, assess, and collect annual ad valorem taxes, on all taxable property in the district, either:

(1) sufficient, without limit as to rate or amount, to pay the principal of and interest on the bonds; or

(2) sufficient to pay the principal of and interest on the bonds, provided that the annual aggregate bond taxes in the district may never be more than the rate stated in the proposition.

(b-1) The ballot proposition under Subsection (b) must include the following statement: "THIS IS A PROPERTY TAX INCREASE."

(c) If bonds are ever voted in a district pursuant to Subsection (b)(1), then all bonds thereafter proposed must be submitted pursuant to that subsection, and Subsection (b)(2) does not apply to the district.

Text of subsection effective until September 01, 2020

(d) A proposition submitted to authorize the levy of

maintenance taxes must include the question of whether the governing board or commissioners court may levy, assess, and collect annual ad valorem taxes for the further maintenance of public schools, at a rate not to exceed the rate stated in the proposition. For any year, the maintenance tax rate per \$100 of taxable value adopted by the district may not exceed the rate equal to the sum of \$0.17 and the product of the state compression percentage, as determined under Section 48.255, multiplied by \$1.00.

Text of subsection effective on September 01, 2020

(d) A proposition submitted to authorize the levy of maintenance taxes must include the question of whether the governing board or commissioners court may levy, assess, and collect annual ad valorem taxes for the further maintenance of public schools, at a rate not to exceed the rate stated in the proposition. For any year, the maintenance tax rate per \$100 of taxable value adopted by the district may not exceed the rate equal to the sum of \$0.17 and the district's maximum compressed rate, as determined under Section 48.2551.

(d-1) Except as otherwise provided by this subsection or Section 26.08(a-1), Tax Code, if the voter-approval tax rate of a school district under Section 26.08(n), Tax Code, excluding the district's current debt rate under Section 26.08(n)(1)(C), Tax Code, for the 2019 tax year is equal to or exceeds \$0.97 per \$100 of taxable value, the district may not adopt a maintenance and operations tax rate for the 2019 tax year that exceeds the district's voter-approval rate, excluding the district's current debt rate under Section 26.08(n)(1)(C), Tax Code. A school district that, before January 1, 2019, adopted a strategic plan through action taken by the board of trustees in a public meeting that proposed a maintenance and operations tax rate for the 2019 tax year that exceeds the rate permitted under this subsection may, subject to voter approval, adopt the rate proposed in the plan minus the amount by which the district is required to reduce the district's enrichment tax rate under Section 48.202(f). This subsection expires September 1, 2020.

(e) A rate that exceeds the maximum rate specified by

Subsection (d) for the year in which the tax is to be imposed is void. A school district with a tax rate that is void under this subsection may, subject to requirements imposed by other law, adopt a rate for that year that does not exceed the maximum rate specified by Subsection (d) for that year.

(f) Notwithstanding any other law, a district that levied a maintenance tax for the 2005 tax year at a rate greater than \$1.50 per \$100 of taxable value in the district as permitted by special law may not levy a maintenance tax at a rate that exceeds the rate per \$100 of taxable value that is equal to the sum of:

(1) \$0.17; and

(2) the product of 66.67 percent multiplied by the rate of the maintenance tax levied by the district for the 2005 tax year, minus the amount by which \$1.00 exceeds the product of the state compression percentage, as determined under Section 48.255, multiplied by \$1.00.

(g) Notwithstanding Section 1251.052, Government Code, the question of whether to approve the issuance of bonds for the construction, acquisition, and equipment of school buildings in the district, the purchase of new school buses, and the purchase of necessary sites for school buildings may be submitted to the voters in a single ballot proposition, except that bonds for each of the following purposes must be stated in a separate proposition:

(1) the construction, acquisition, or equipment of a stadium with seating capacity for more than 1,000 spectators;

(2) the construction, acquisition, or equipment of a natatorium;

(3) the construction, acquisition, or equipment of another recreational facility other than a gymnasium, playground, or play area;

(4) the construction, acquisition, or equipment of a performing arts facility;

(5) the construction, acquisition, or equipment of housing for teachers as determined by the district to be necessary to have a sufficient number of teachers for the district; and

(6) an acquisition or update of technology equipment, other than equipment used for school security purposes or

technology infrastructure integral to the construction of a facility.

(h) The question of whether to approve the issuance of bonds for a building described by Subsection (g)(1), (2), (3), (4), or (5) must be printed on the ballot as a separate ballot proposition regardless of whether that building is proposed as part of the same complex or building that contains traditional classroom facilities. Each separate ballot proposition required by this subsection must state the principal amount of the bonds to be issued that constitutes the cost for construction of that portion of the building or complex attributable to the building described by Subsection (g)(1), (2), (3), (4), or (5) or to the traditional classroom facilities, as applicable.

Sec. 45.0031. LIMITATION ON ISSUANCE OF TAX-SUPPORTED BONDS. (a) Before issuing bonds described by Section 45.001, a school district must demonstrate to the attorney general under Subsection (b) or (c) that, with respect to the proposed issuance, the district has a projected ability to pay the principal of and interest on the proposed bonds and all previously issued bonds other than bonds authorized to be issued at an election held on or before April 1, 1991, and issued before September 1, 1992, from a tax at a rate not to exceed \$0.50 per \$100 of valuation.

(b) A district may demonstrate the ability to comply with Subsection (a) by using the most recent taxable value of property in

the district, combined with state assistance to which the district is entitled under Chapter 46 or 48 that may be lawfully used for the payment of bonds.

(c) A district may demonstrate the ability to comply with Subsection (a) by using a projected future taxable value of property in the district anticipated for the earlier of the tax year five years after the current tax year or the tax year in which the final payment is due for the bonds submitted to the attorney general, combined with state assistance to which the district is entitled under Chapter 46 or 48 that may be lawfully used for the payment of bonds. The district must submit to the attorney general a certification of the district's projected taxable value of property that is prepared by a registered professional appraiser certified under Chapter 1151, Occupations Code, who has demonstrated professional experience in projecting taxable values of property or who can by contract obtain any necessary assistance from a person who has that experience. To demonstrate the professional experience required by this subsection, a registered professional appraiser must provide to the district written documentation relating to two previous projects for which the appraiser projected taxable values of property. Until the bonds submitted to the attorney general are approved or disapproved, the district must maintain the documentation and on request provide the documentation to the attorney general or comptroller. The certification of the district's projected taxable value of property must be signed by the district's superintendent. The attorney general must base a determination of whether the district has complied with Subsection (a) on a taxable value of property that is equal to 90 percent of the value certified under this subsection.

(d) A district that demonstrates to the attorney general that the district's ability to comply with Subsection (a) is contingent on receiving state assistance may not adopt a tax rate for a year for purposes of paying the principal of and interest on the bonds unless the district credits to the account of the interest and sinking fund of the bonds the amount of state assistance equal to the amount needed to demonstrate compliance and received or to be received in that year.

(e) If a district demonstrates to the attorney general the district's ability to comply with Subsection (a) using a projected future taxable value of property under Subsection (c) and subsequently imposes a tax to pay the principal of and interest on bonds to which Subsection (a) applies at a rate that exceeds the limit imposed by Subsection (a), the attorney general may not approve a subsequent issuance of bonds unless the attorney general finds that the district has a projected ability to pay the principal of and interest on the proposed bonds and all previously issued bonds to which Subsection (a) applies from a tax at a rate not to exceed \$0.45 per \$100 of valuation.

Sec. 45.0032. COMPONENTS OF MAINTENANCE AND OPERATIONS TAX.

Text of subsection effective until September 01, 2020

(a) A school district's tier one maintenance and operations tax rate is the number of cents levied by the district for maintenance and operations that does not exceed the product of the state compression percentage, as determined under Section 48.255, multiplied by \$1.00.

Text of subsection effective on September 01, 2020

(a) A school district's tier one maintenance and operations tax rate is the number of cents levied by the district for maintenance and operations that does not exceed the maximum compressed rate, as determined under Section 48.2551.

(a-1) This subsection applies to a school district with a tier one maintenance and operations tax rate for the 2018-2019 school year that was less than \$1.00 per \$100 of taxable value. For purposes of determining a school district's tier one maintenance and operations tax rate under Subsection (a) for the 2019-2020 school year, the state compression percentage, as determined under

Section 48.255, is applied to the number of cents levied by the district for the 2018-2019 school year for maintenance and operations that does not exceed \$1.00. This subsection expires September 1, 2020.

(b) A district's enrichment tax rate consists of:

(1) any cents of additional maintenance and operations tax effort, not to exceed eight cents over the maximum tax rate described by Subsection (a); and

(2) any cents of additional maintenance and operations tax effort that exceeds the sum of the maximum tax rate described by Subsection (a) and the maximum number of cents permitted under Subdivision (1).

(c) For a district to which Section 45.003(f) applies, any cents of maintenance and operations tax effort that exceeds the maximum rate permitted under Section 45.003(d) are not included in the district's tier one maintenance and operations tax rate under Subsection (a) or the district's enrichment tax rate under Subsection (b), and the district is not entitled to the guaranteed yield amount of state funds under Section 48.202 for those cents of tax effort.

(d) For a district to which Section 26.08(a-1), Tax Code, applies, the amount by which the district's maintenance tax rate exceeds the district's voter-approval tax rate, excluding the district's current debt rate under Section 26.08(n)(1)(C), Tax Code, for the preceding year is not considered in determining a district's tier one maintenance and operations tax rate under Subsection (a) or the district's enrichment tax rate under Subsection (b) for the current tax year.

(e) For the 2019 tax year, Section 48.202(f) applies to a district's maintenance and operations tax rate after adjusting the district's rate in accordance with this section. This subsection expires September 1, 2020.

Sec. 45.004. REFUNDING BONDS. (a) In this section:

(1) "Bond" includes a note or other evidence of indebtedness.

(2) "Total debt service" means the amount of principal and unpaid interest on a bond to final maturity.

(b) Each governing board or commissioners court described by Section 45.001 may refund or refinance all or any part of any of the district's outstanding bonds and matured or unmatured but unpaid interest on those bonds payable from ad valorem taxes by issuing refunding bonds payable from ad valorem taxes.

(c) A series or issue of refunding bonds may not be issued unless:

(1) the total debt service on the refunding bonds will amount to less than the total debt service on the bonds being refunded;

(2) if a maximum interest rate was voted for the bonds being refunded, the refunding bonds do not bear interest at a rate higher than that maximum rate; and

(3) the refunding bonds are payable from taxes of the same nature as those pledged to the payment of the obligations being refunded.

(d) Refunding bonds may be made redeemable before maturity.

(e) The refunding bonds may be:

(1) issued and delivered in lieu of, and on surrender to the comptroller and cancellation of, the obligations being refunded, and the comptroller shall register the refunding bonds and deliver them in accordance with the resolution or order authorizing the refunding bonds; or

(2) sold for cash in any principal amounts necessary to provide all or any part of the money required to:

(A) pay the principal of any bonds being refunded and the interest to accrue on the bonds to maturity; or

(B) redeem any bonds being refunded before maturity, including principal, any required redemption premium, and the interest to accrue on the bonds to the redemption date.

(f) The refunding may be accomplished in one or in several

installment deliveries. Refunding bonds also may be issued and delivered in accordance with any other applicable law.

(g) To refund bonds or to pay or redeem bonds in whole or in part without issuing refunding bonds, the governing board or commissioners court may deposit directly with the paying agent the proceeds from the sale of refunding bonds or any other available funds or resources. The deposit must be in an amount sufficient, after taking into account both the principal and interest to accrue on the assets of any escrow account created under Subsection (h), to provide for the payment or redemption of the bonds and assumed obligations that are to be refunded or to be paid or redeemed. The deposit constitutes the making of firm banking and financial arrangements for the discharge and final payment or redemption of the bonds being refunded.

(h) The governing board or commissioners court may enter into an escrow or a similar agreement with the paying agent with respect to the safekeeping, investment, reinvestment, administration, or disposition of the deposits, but the deposits may be invested and reinvested only in direct obligations of the United States, including obligations the principal of and interest on which are unconditionally guaranteed by the United States and that mature or bear interest payable at times and in amounts sufficient to provide for the scheduled payment or redemption of the bonds. The governing board or commissioners court shall enter into an appropriate escrow or a similar agreement if any of the bonds are scheduled to be paid or redeemed on a date later than the next succeeding scheduled interest payment date.

(i) If the governing body or commissioners court has entered into an escrow or a similar agreement under Subsection (h), the refunded bonds are considered to be defeased and may not be included in or considered to be an indebtedness of the district for the purpose of a limitation on outstanding indebtedness or taxation or for any other purpose.

(j) Refunding bonds may be issued under this section to refund any bonds that are scheduled to mature or that are subject to redemption before maturity, not more than 20 years from the date of the refunding bonds. The refunding bonds may be sold at public or

private sale under the procedures, at the price, and on the terms determined by the governing board or commissioners court. In addition, the bonds may be sold bearing interest at the rate determined by the governing board or commissioners court, but not to exceed the maximum rate prescribed by Chapter 1204, Government Code. The governing board or commissioners court may pledge to the payment of any refunding bonds any surplus income to be available from the investment or reinvestment of any deposit made as authorized by this section or any other available revenues, income, or resources.

(k) The refunding bonds may be issued in an additional amount sufficient to pay the costs and expenses of issuing the bonds and sufficient to fund any debt service reserve, contingency, or other similar fund considered necessary or advisable by the governing board or commissioners court.

Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.208, eff. Sept. 1, 2001.

Sec. 45.005. EXAMINATION OF BONDS BY ATTORNEY GENERAL. All bonds issued pursuant to this subchapter, and the appropriate proceedings authorizing their issuance, shall be submitted to the attorney general for examination.

Added by Acts 1995, 74th Leg., ch. 260, Sec. 1, eff. May 30, 1995.

Sec. 45.006. MAINTENANCE TAX REQUIRED FOR JUDGMENT ORDERING AD VALOREM TAX REFUND; BONDS. (a) This section applies only to a school district that:

(1) has an average daily attendance of less than 10,000; and

(2) is located in whole or part in a municipality with a population of less than 25,000 that is located in a county with a population of 200,000 or more bordering another county with a population of 2.8 million or more.

(b) Notwithstanding Section 45.003, a school district may levy, assess, and collect maintenance taxes at a rate that exceeds \$1.50 per \$100 valuation of taxable property if:

(1) additional ad valorem taxes are necessary to pay a debt of the district that:

(A) resulted from the rendition of a judgment against the district before May 1, 1995;

(B) is greater than \$5 million;

(C) decreases a property owner's ad valorem tax liability;

(D) requires the district to refund to the property owner the difference between the amount of taxes paid by the property owner and the amount of taxes for which the property owner is liable; and

(E) is payable according to the judgment in more than one of the district's fiscal years; and

(2) the additional taxes are approved by the voters of the district at an election held for that purpose.

(c) Except as provided by Subsection (e), any additional maintenance taxes that the district collects under this section may be used only to pay the district's debt under Subsection (b)(1).

(d) Except as provided by Subsection (e), the authority of a school district to levy the additional ad valorem taxes under this section expires when the judgment against the district is paid.

(e) The governing body of a school district shall pay the district's debt under Subsection (b)(1) in a lump sum. To satisfy the district's debt under Subsection (b)(1), the governing body may levy and collect additional maintenance taxes as provided by Subsection (b) and may issue bonds. If bonds are issued:

(1) the district may use any additional maintenance taxes collected by the district under this section to pay debt service on the bonds; and

(2) the authority of the district to levy the additional ad valorem taxes expires when the bonds are paid in full or the judgment is paid, whichever occurs later.

(f) The governing body of a school district that adopts a tax rate that exceeds \$1.50 per \$100 valuation of taxable property may set the amount of the exemption from taxation authorized by Section 11.13(n), Tax Code, at any time before the date the governing body adopts the district's tax rate for the tax year in

which the election approving the additional taxes is held.

(g) The authority to issue bonds granted by this section expires June 1, 1996.

SUBCHAPTER B. REVENUE BONDS

Sec. 45.031. GYMNASIA, STADIA, AND OTHER RECREATIONAL FACILITIES. The governing board of an independent school district, including the city council or commission that has jurisdiction over a municipally controlled independent school district, the governing board of a rural high school district, and the commissioners court of a county, on behalf of each common school district under its jurisdiction, may acquire, construct, improve, equip, operate, and maintain gymnasias, stadia, or other recreational facilities for and on behalf of its district. Sec. 45.032. REVENUE BONDS. To provide funds to acquire, construct, improve, or equip gymnasias, stadia, or other recreational facilities, the board, city council or commission, or commissioners court may issue revenue bonds payable from and secured by liens on and pledges of all or any part of any of the revenues from any rentals, rates, charges, or other revenues from any or all of the facilities, in the manner provided by this subchapter. The bonds may be additionally secured by mortgages and deeds of trust on any real property on which any of the facilities are or will be located, or any real or personal property incident or appurtenant to the facilities, and the board, city council or commission, or commissioners court may authorize the execution and delivery of trust indentures, mortgages, deeds of trust, or other forms of encumbrances to evidence those liens. The bonds may be issued to mature serially or otherwise not to exceed 50 years from their date. In the authorization of any of those bonds, the board, city council or commission, or commissioners court may provide for the subsequent issuance of additional parity bonds, or subordinate

lien bonds, or other types of bonds, under the terms set forth in the resolution or order authorizing the issuance of the bonds, all within the discretion of the board, city council or commission, or commissioners court. The bonds may be made redeemable before maturity. The bonds may be sold in the manner, at the price, and under the terms provided by the board, city council or commission, or commissioners court in the resolution or order authorizing the issuance of the bonds. If permitted by the bond resolution or order, any required part of the proceeds from the sale of the bonds may be:

(1) used for paying interest on the bonds during the period of the construction of any facilities to be provided through the issuance of the bonds;

(2) used for paying the operation and maintenance expenses of facilities to the extent and for the period specified in the bond resolution;

(3) used for creating reserves for the payment of the principal of and interest on the bonds; or

(4) invested, until needed, to the extent and in the manner provided in the bond resolution or order.

If revenues from the facilities are pledged to the payment of bonds, the rentals, rates and charges for the occupancy

or use of the facilities must be fixed and collected in amounts at least sufficient to provide for all payments of principal, interest, and any other amounts required in connection with the bonds, and, to the extent required by the resolution or order authorizing the issuance of the bonds, to provide for the payment of operation, maintenance, and other expenses.

Added by Acts 1995, 74th Leg., ch. 260, Sec. 1, eff. May 30, 1995.

Sec. 45.035. REFUNDING BONDS. In refunding or otherwise refinancing any such bonds, the board, city council or commission, or commissioners court may, in the same authorizing proceedings, refund or refinance bonds issued pursuant to this code and bonds issued pursuant to any other law, may combine all refunding bonds and any other additional new bonds to be issued under this chapter into one or more issues or series of bonds, and may provide for the subsequent issuance of additional parity bonds, or subordinate lien bonds, or other type of bonds. All refunding bonds must be issued and delivered under the terms set forth in the authorizing proceedings.

Sec. 45.053. LIMITATION; VALUE ESTIMATES. (a) Except as provided by Subsection (d), the commissioner may not approve bonds for guarantee under this subchapter if the approval would result in the total amount of outstanding guaranteed bonds under this subchapter exceeding an amount equal to 2-1/2 times the cost value of the permanent school fund, as estimated by the board and

certified by the state auditor.

(b) Each year, the state auditor shall analyze the status of guaranteed bonds under this subchapter as compared to the cost value of the permanent school fund. Based on that analysis, the state auditor shall certify whether the amount of bonds guaranteed under this subchapter is within the limit prescribed by this section.

(c) The commissioner shall prepare and the board shall adopt an annual report on the status of the guaranteed bond program under this subchapter.

(d) The board by rule may increase the limit prescribed by Subsection (a) to an amount not to exceed five times the cost value of the permanent school fund, provided that the increased limit is consistent with federal law and regulations and does not prevent the bonds to be guaranteed from receiving the highest available credit rating, as determined by the board. The board shall at least annually consider whether to change any limit in accordance with this subsection. This subsection may not be construed in a manner that impairs, limits, or removes the guarantee of bonds that have been approved by the commissioner.

Sec. 45.0531. ADDITIONAL LIMITATION: RESERVATION OF PERCENTAGE OF PERMANENT SCHOOL FUND VALUE. (a) In addition to the limitation on the approval of bonds for guarantee under Section 45.053, the board by rule may establish a percentage of the cost value of the permanent school fund to be reserved from use in guaranteeing bonds under this subchapter.

(b) If the board has reserved a portion of the permanent school fund under Subsection (a), each year, the state auditor shall analyze the status of the reserved portion compared to the

cost value of the permanent school fund. Based on that analysis, the state auditor shall certify whether the portion of the permanent school fund reserved from use in guaranteeing bonds under this subchapter satisfies the reserve percentage established.

(c) If the board has reserved a portion of the permanent school fund under Subsection (a), the board shall at least annually consider whether to change the reserve percentage established to ensure that the reserve percentage allows compliance with federal law and regulations and serves to enable bonds guaranteed under this subchapter to receive the highest available credit rating, as determined by the board.

(d) This section may not be construed in a manner that impairs, limits, or removes the guarantee of bonds that have been approved by the commissioner.

Added by Acts 2009, 81st Leg., R.S., Ch. 1328 (H.B. [3646](#)), Sec. 69, eff. September 1, 2009.

For expiration of Subsections (b-1), (b-2), (b-3), and (b-4), see
Subsection (b-4).

Sec. 45.0532. LIMITATION ON GUARANTEE OF CHARTER DISTRICT BONDS. (a) In addition to the general limitation under Section [45.053](#), the commissioner may not approve charter district bonds for guarantee under this subchapter in a total amount that exceeds the charter capacity of the guaranteed bond program.

(a-1) The commissioner may not approve charter district refunding or refinanced bonds for guarantee under this subchapter in a total amount that exceeds one-half of the charter capacity.

(b) For purposes of this section, the charter capacity of the guaranteed bond program is the percentage of the total capacity of the guaranteed bond program established by the board under Sections [45.053\(d\)](#) and [45.0531](#) that is equal to the percentage of the number of students enrolled in open-enrollment charter schools in this state compared to the total number of students enrolled in all public schools in this state, as determined by the commissioner. Each time the board increases the limit under Section [45.053\(d\)](#), the total amount of charter district bonds that may be guaranteed increases accordingly under Subsection (a).

(b-1) The charter capacity provided by Subsection (b) applies beginning with the state fiscal year that begins September 1, 2021. Subject to Subsections (b-2) and (b-3), the board shall establish a charter capacity for the preceding state fiscal years by increasing the total limitation on the amount of charter district bonds that could be guaranteed under the law in effect on January 1, 2017, by the following amount:

(1) for the state fiscal year that begins September 1, 2017, 20 percent of the difference between the charter capacity provided by Subsection (b) and the charter capacity in effect on January 1, 2017;

(2) for the state fiscal year that begins September 1, 2018, 40 percent of the difference between the charter capacity provided by Subsection (b) and the charter capacity in effect on January 1, 2017;

(3) for the state fiscal year that begins September 1, 2019, 60 percent of the difference between the charter capacity provided by Subsection (b) and the charter capacity in effect on January 1, 2017; and

(4) for the state fiscal year that begins September 1, 2020, 80 percent of the difference between the charter capacity provided by Subsection (b) and the charter capacity in effect on January 1, 2017.

(b-2) For any year, the board may increase the charter capacity by less than the amount provided by Subsection (b-1) or may decline to increase the charter capacity by any amount if:

(1) the board determines that increasing the charter capacity by the amount provided by Subsection (b-1) would likely result in a negative impact on the bond ratings provided by one or more nationally recognized investment rating firms for school district or charter district bonds for which a guarantee is requested under this subchapter; or

(2) one or more charter districts default on payment of maturing or matured principal or interest on a guaranteed bond, resulting in a negative impact on the bond ratings provided by one or more nationally recognized investment rating firms for school district or charter district bonds for which a guarantee is

requested under this subchapter.

(b-3) If the board makes a determination described by Subsection (b-2) for any year and modifies the schedule provided by Subsection (b-1) for that year, the board may also make appropriate adjustments to the schedule for subsequent years to reflect the modification, provided that the charter capacity for any year may not exceed the limit provided for that year by the schedule.

(b-4) Subsections (b-1), (b-2), and (b-3) and this subsection expire September 1, 2022.

(c) Notwithstanding Subsections (a) and (b), the commissioner may not approve charter district bonds for guarantee under this subchapter if the guarantee will result in lower bond ratings for school district bonds for which a guarantee is requested under this subchapter.

(d) The commissioner may request that the comptroller place the portion of the permanent school fund committed to the guarantee of charter district bonds in a segregated account if the commissioner determines that a separate account is needed to avoid any negative impact on the bond ratings of school district bonds for which a guarantee is requested under this subchapter.

(e) A guarantee of charter district bonds must be made in accordance with this chapter and any applicable federal law.

(1) without the guarantee, be rated as investment grade by a nationally recognized investment rating firm; and

(2) be issued under Chapter 53.

Added by Acts 2011, 82nd Leg., 1st C.S., Ch. 4 (S.B. 1), Sec. 59.06, eff. September 28, 2011.

Sec. 45.055. APPLICATION FOR GUARANTEE. (a) A school district or charter district seeking guarantee of eligible bonds under this subchapter shall apply to the commissioner using a form adopted by the commissioner for the purpose. The commissioner may adopt a single form on which a school district seeking guarantee or credit enhancement of eligible bonds may apply simultaneously first for guarantee under this subchapter and then, if that guarantee is rejected, for credit enhancement under Subchapter I.

(b) An application under Subsection (a) must include:

(1) the name of the school district or charter district and the principal amount of the bonds to be issued;

(2) the name and address of the district's paying agent for those bonds; and

(3) the maturity schedule, estimated interest rate, and date of the bonds.

(c) An application under Subsection (a) must be accompanied by a fee set by rule of the board in an amount designed to cover the costs of administering the programs to provide the guarantee or credit enhancement of eligible bonds.

Sec. 45.056. INVESTIGATION. (a) Following receipt of an application for the guarantee of bonds, the commissioner shall conduct an investigation of the applicant school district or charter district in regard to:

(1) the status of the district's accreditation; and

(2) the total amount of outstanding guaranteed bonds.

(a-1) For purposes of this subsection, "bond security documents" include the resolution, trust agreement, indenture, ordinance, loan agreement, deed of trust, bond, note, and any additional document executed in connection with the issuance of a charter district bond for which a guarantee is requested under this subchapter. The commissioner's investigation of an application submitted by a charter district may include evaluation of whether the charter district bond security documents provide a security interest in real property pledged as collateral for the bond and the repayment obligation under the proposed guarantee. The commissioner may decline to approve the application if the commissioner determines that sufficient security is not provided.

(b) If following the investigation the commissioner is satisfied that the school district's bonds should be guaranteed

under this subchapter or provided credit enhancement under Subchapter I, as applicable, or the charter district's bonds should be guaranteed under this subchapter, the commissioner shall endorse the bonds.

(1) the commissioner's signature or a facsimile of the commissioner's signature; and

(1) money due from a charter district as provided by Subsection (b); and

(2) interest earned on balances in the fund.

(a-1) Notwithstanding Chapter 404, Government Code, the charter district bond guarantee reserve fund is managed by the board in the same manner that the permanent school fund is managed

by the board. The board may invest money in the charter district bond guarantee reserve fund in accordance with the investment standard described by Section 404.024(j), Government Code, and the board's investment is not subject to any other limitation or requirement provided by Section 404.024, Government Code.

(a-2) The board shall adjust the investment portfolio of charter district bond guarantee reserve fund money periodically to ensure that the balance of the fund is sufficient to meet the cash flow requirements of the fund.

(b) Subject to Subsection (c), a charter district that has a bond guaranteed as provided by this subchapter must remit to the commissioner, for deposit in the charter district bond guarantee reserve fund, an amount equal to 20 percent of the savings to the charter district that is a result of the lower interest rate on the bond due to the guarantee by the permanent school fund. The amount due under this section shall be paid on receipt by the charter district of the bond proceeds. The commissioner shall adopt rules to determine the amount due under this section.

(c) Subsection (b) does not apply if, at the time the charter district receives the proceeds of the bond guaranteed as provided by this subchapter, the balance of the charter district bond guarantee reserve fund is at least equal to three percent of the total amount of outstanding guaranteed bonds issued by charter districts.

(d) Each year, the commissioner shall:

(1) review the condition of the bond guarantee program and the amount that must be deposited in the charter district bond guarantee reserve fund from charter districts; and

(2) determine if charter districts should be required to submit a greater percentage of the savings resulting from the guarantee.

(e) The commissioner shall make recommendations to the legislature based on the review under Subsection (d).

Except as provided by Subsection (a-1), the amount withheld shall be deposited to the credit of the permanent school fund.

(a-1) After the permanent school fund has been reimbursed for all money paid from the fund as the result of a default of a charter district bond guaranteed under this subchapter, any remaining amounts withheld under Subsection (a) shall be deposited to the credit of the charter district bond guarantee reserve fund.

(b) In accordance with the rules of the board, the commissioner may authorize reimbursement to the permanent school fund or charter district bond guarantee reserve fund with interest in a manner other than that provided by this section.

(c) The commissioner may order a school district to set an ad valorem tax rate capable of producing an amount of revenue sufficient to enable the district to:

- (1) provide reimbursement under this section; and
- (2) pay the principal of and interest on district bonds as the principal and interest become due.

(d) If a school district fails to comply with the commissioner's order under Subsection (c), the commissioner may impose any sanction on the district authorized to be imposed on a district under Subchapter G, Chapter 39, including appointment of a board of managers or annexation to another district, regardless of the district's accreditation status or the duration of a particular accreditation status.

The sale may be made pursuant to an installment sale agreement or contract or any other method. The sale must be for cash and all payments for the real property must be scheduled to be paid not more than 10 years after the date of execution of the agreement or contract of sale. Real property may not be sold for less than an aggregate price equal to its fair market value as determined by an appraisal obtained by the district not more than 180 days before the publication of the notice required by

Subsection (e)(3). The appraisal is conclusive of the fair market value of the property for purposes of this subchapter.

(e) Before selling or executing any agreement or contract for the sale of the real property, the board shall:

(1) determine which real estate is proposed to be sold;

(2) determine the scope of the terms on which it will consider selling the real property, and, if the sale price is to be paid in installments, require the purchasers of the real property to secure the payment of the sale price by escrowing collateral acceptable to the board such as a letter of credit, United States government bonds, or any other generally recognized form of guarantee or security;

(3) publish a notice to prospective purchasers at least two weeks before the date set for receiving proposals in a real estate journal and in at least two newspapers of general circulation in the district, requesting sealed written proposals from prospective purchasers to purchase the real property and including the scope of the terms of sale that will be considered, and the time, date, and place where the proposals will be received; and

(4) determine by order of the board which sealed written proposal is most advantageous to the district, and accept that proposal, or reject all proposals if considered advisable.

(f) Except as provided by this subsection, the sale must have been previously approved by a majority of the qualified voters of the district voting at an election held in the district at which a proposition to ascertain approval is submitted. An election is not required if the board determines by order that the proceeds from the sale of the real property are required and will be used for constructing or equipping or for paying the principal of, and interest and premium, if any, on bonds issued pursuant to this subchapter for the purpose of constructing or equipping a school building that is to be constructed pursuant to an order or judgment entered by a United States District Judge in any action or cause in which the district is a party.

Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.210, eff. Sept. 1, 2001.

Sec. 45.083. OTHER LAWS NOT APPLICABLE. Section 272.001, Local Government Code, Chapter 26, Parks and Wildlife Code, and all other general laws pertaining to the sale of public property do not apply to sales of real property pursuant to this subchapter.

Added by Acts 1995, 74th Leg., ch. 260, Sec. 1, eff. May 30, 1995.

Sec. 45.084. CONTRACTS. The district may execute contracts for constructing or equipping school buildings in the district or for purchasing any necessary sites for school buildings in the manner provided by law. If any contract recites that payments under the contract are to be made either from the proceeds from the sale of real property under an installment sale agreement or any similar method pursuant to this subchapter or from proceeds from the sale of bonds issued pursuant to this subchapter, then the contract may be made payable in installments to correspond with the receipt by the district either of proceeds under the sale agreement or proceeds from the sale of any bonds to be issued and delivered in more than one issue, series, or installment, and the contract is not a prohibited debt or indebtedness of the district if the payments under the contract are required to be made solely from the proceeds from the sale of real property or the bonds.

Added by Acts 1995, 74th Leg., ch. 260, Sec. 1, eff. May 30, 1995.

Sec. 45.085. BOND REQUIREMENTS. (a) In addition to the powers granted by this subchapter, any board, for and on behalf of its district, may issue, sell, and deliver revenue bonds of its district from time to time and in one or more issues, series, or installments, with the principal of and interest and premium, if any, on the bonds to be payable from and secured by liens on and pledges of all or any part of any of the revenue, income, payments, or receipts derived by the district from the sale of real property pursuant to this subchapter, and those amounts may be pledged by the district to the payment of the principal of and interest and premium, if any, on such bonds, subject to this section.

(b) Bonds must be issued by an order of the board.

(c) The bonds must be issued for the purpose of constructing or equipping school buildings in the district or purchasing necessary sites for school buildings.

(d) The bonds shall mature, come due, or be payable serially, in installments, or otherwise, within not to exceed 90 days after the last date on which the final payment is due to the district from the sale of the real property. The bond order may provide for the subsequent issuance of additional parity bonds, or subordinate lien bonds, under any terms set forth in the bond order.

(e) The bonds may be executed, made redeemable before maturity or due date, and be issued in the form, denominations, and manner and under the terms provided in the bond order. The bonds may be sold in the manner, at the price, and under the terms and may bear interest at the rates provided in the bond order.

(f) If so provided in any bond order, the proceeds from the sale of the bonds may be used for paying interest on the bonds during the period of constructing or equipping any school buildings to be provided through the issuance of the bonds or for creating a reserve fund for the payment of principal and interest on the bonds. The proceeds may be placed on time deposit, in certificates of deposit, or invested, until needed, to the extent and in the manner provided in any bond order. The proceeds also may be used for paying the costs and expenses of issuing the bonds and selling the real property.

(g) The bonds may be payable only from the revenues described by Subsection (a) and may not be payable or paid from any taxes levied and collected in the district.

(h) Chapter 1201, Chapter 1204, and Subchapters A-C, Chapter 1207, Government Code, apply to bonds issued pursuant to this subchapter.

(i) If bonds are issued pursuant to this subchapter, the bonds, along with the appropriate proceedings authorizing their issuance, and the sale agreement the proceeds from which they are payable shall be submitted to the attorney general for examination. If after the initial issuance of any bonds under this subchapter payable from the proceeds of a particular sale agreement, one or

more subsequent issues, series, or installments of bonds are issued as additional parity bonds, on a parity with the initial bonds and payable from the proceeds of that sale agreement, then, at the option of the board, the subsequent issues, series, or installments of bonds need not be submitted to the attorney general or approved by the attorney general or registered by the comptroller, and the subsequent bonds are, on delivery of and payment for the bonds, valid and incontestable in the same manner and with the same effect as if they had been approved by the attorney general and registered by the comptroller as were the initial bonds.

Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.211, eff. Sept. 1, 2001.

Sec. 45.086. LIBERAL CONSTRUCTION. This subchapter shall be construed liberally to accomplish the legislative intent and the purposes of the subchapter, and all powers granted by this subchapter shall be broadly interpreted to accomplish that intent and those purposes and not as a limitation of powers.

Added by Acts 1995, 74th Leg., ch. 260, Sec. 1, eff. May 30, 1995.

Sec. 45.087. OTHER POWERS UNRESTRICTED. This subchapter does not restrict the power of a school district to sell property or issue bonds as provided by other law.

SUBCHAPTER E. MISCELLANEOUS PROVISIONS

Sec. 45.101. USE OF BOND PROCEEDS FOR UTILITY CONNECTIONS. The proceeds of bonds issued by school districts for the construction and equipment of school buildings in the district and the purchase of the necessary sites for school buildings may be used, among other things, to pay the cost of acquiring, laying, and installing pipes or lines to connect with the water, sewer, or gas lines of a municipality or private utility company, whether or not the water, sewer, or gas lines adjoin the school, so that the school district may provide its public school buildings the water, sewer,

or gas services.

Added by Acts 1995, 74th Leg., ch. 260, Sec. 1, eff. May 30, 1995.

Sec. 45.102. INVESTMENT OF BOND PROCEEDS IN OBLIGATIONS OF UNITED STATES OR INTEREST-BEARING SECURED TIME BANK DEPOSITS. (a) A school district that has on hand proceeds received from the issuance and sale of bonds or certificates of indebtedness of the district that are not immediately needed for the purposes for which the bonds or certificates of indebtedness were issued and sold, may, on order of the board of trustees:

(1) place the proceeds on interest-bearing time deposit, secured in the manner provided by Section 45.208, with a state or national banking corporation in this state the deposits of which are insured by the Federal Deposit Insurance Corporation; or

(2) invest the proceeds in bonds or other obligations of the United States.

(b) Interest-bearing secured time deposits or bonds or other obligations of the United States in which proceeds of bonds or certificates of indebtedness are placed or invested must be of a type that cannot be cashed, sold, or redeemed for an amount less than the sum deposited or invested by the school district.

(c) When the sums placed or invested by a school district are needed for the purposes for which the bonds or certificates of indebtedness of the school district were originally authorized, issued, and sold:

(1) the time deposits or bonds or other obligations of the United States in which the sums have been placed or invested shall be cashed, sold, or redeemed; and

(2) the proceeds shall be used for the purposes for which the bonds or certificates of indebtedness of the school district were originally authorized, issued, and sold.

Added by Acts 1995, 74th Leg., ch. 260, Sec. 1, eff. May 30, 1995.

Sec. 45.103. INTEREST-BEARING TIME WARRANTS. (a) Any school district in need of funds to construct, repair, or renovate school buildings, purchase school buildings and school equipment, or equip school properties with necessary heating, water,

sanitation, lunchroom, or electric facilities or in need of funds with which to employ a person who has special skill and experience to compile taxation data and that is financially unable out of available funds to construct, repair, renovate, or purchase school buildings, purchase school equipment, or equip school properties with necessary heating, water, sanitation, lunchroom, or electric facilities or is unable to pay the person for compiling taxation data, may, subject to this section, issue interest-bearing time warrants, in amounts sufficient to construct, purchase, equip, or improve school buildings and facilities or to pay all or part of the compensation of the person to compile taxation data, any law to the contrary notwithstanding. The warrants shall mature in serial installments of not more than 15 years from their date of issue. The warrants on maturity may be payable out of any available funds of the school district in the order of their maturity dates. Any interest-bearing time warrants may be issued and sold by the district for not less than their face value, and the proceeds used to provide funds required for the purpose for which they are issued. The warrants shall be entitled to first payment out of any available funds of the district as they become due. Included in the purposes for which interest-bearing time warrants may be issued is the payment of any amounts owed by the school district that was incurred in carrying out any of those purposes.

(a-1) A school district may also issue interest-bearing time warrants to refund warrants previously issued under this section if the refunding warrants are coterminous with the refunded obligations.

(b) Interest-bearing time warrants may not be issued or sold by a common school district or rural high school district until they are approved by the county board of school trustees. The board shall, on application of the school district, inquire into the financial conditions and needs of the district, and may not approve the issuance of interest-bearing time warrants unless in its opinion the district:

(1) is in need of constructing, purchasing, repairing, or renovating a school building, obtaining the school equipment, or

equipping school properties with necessary heating, water, sanitation, lunchroom, or electric facilities; and

(2) will be able with the resources in prospect to liquidate the warrants at their maturity.

(c) A school district may not issue interest-bearing time warrants in excess of five percent of the assessed valuation of the district for the year in which the warrants are issued. The payment of interest-bearing time warrants in any one year may not exceed the anticipated surplus income of the district for the year in which the warrants are issued, based on the budget of the district for that year. The anticipated income computed under this section is exclusive of all bond taxes. A school district may not have outstanding at any one time warrants totaling in excess of \$1 million under this section.

(d) If interest-bearing time warrants issued under this section are outstanding, the officer in charge of the collection of delinquent taxes shall pay those collections to the legal depository of the district, to be deposited and held in a special fund for the payment of the interest-bearing time warrants, and except as otherwise provided by this section, collections of delinquent taxes may not be applied or used for any other purpose.

(e) Interest and penalties on delinquent taxes are considered a part of those taxes for purposes of this section. If any delinquent taxes, including interest and penalties, are canceled, waived, released, or reduced either by the school district or in any other way, with or without its consent, the amount of the loss sustained shall be paid by the district to the special fund provided for by Subsection (d) out of funds not otherwise pledged to that special fund.

(f) All school districts issuing interest-bearing time warrants may encumber and mortgage any property purchased with the proceeds of the warrants or any property, including teachers' residences, owned by the district to secure the payment of legally incurred obligations, except that a lien may not be placed on any school building in which actual classroom instruction of students is conducted.

(g) In this section, "interest-bearing time warrant"

includes a promissory note or other evidence of indebtedness issued under this section.

(h) Taxes levied to pay principal and interest of bonds that are delinquent are not included in the term "delinquent taxes" as used in this section.

Sec. 45.104. PLEDGE OF DELINQUENT TAXES AS SECURITY FOR LOAN. (a) The board of trustees of any school district may pledge its delinquent taxes levied for maintenance purposes for specific past, current, and future school years as security for a loan, and may evidence any such loan with negotiable notes, and the delinquent taxes pledged shall be applied against the principal and interest of the loan. Negotiable notes issued under this subsection must mature not more than 20 years from their date.

(b) A school district may not pledge delinquent taxes levied for school bonds as security for a loan.

(c) Funds secured through loans secured by delinquent taxes may be employed for any legal maintenance expenditure or purpose of the school district, including all costs incurred in connection with:

(1) environmental cleanup and asbestos removal programs implemented by school districts; or

(2) maintenance, repair, rehabilitation, or replacement of heating, air conditioning, water, sanitation, roofing, flooring, electric, or other building systems of existing school properties.

(d) A loan secured by delinquent taxes may bear interest at a rate not to exceed the maximum rate provided by Section [1204.006](#), Government Code.

Added by Acts 1995, 74th Leg., ch. 260, Sec. 1, eff. May 30, 1995.

Amended by Acts 1999, 76th Leg., ch. 396, Sec. 1.34, eff. Sept. 1,

1999; Acts 2001, 77th Leg., ch. 1420, Sec. 8.212, eff. Sept. 1, 2001.

Sec. 45.105. AUTHORIZED EXPENDITURES. (a) The public school funds may not be spent except as provided by this section.

(b) The state and county available funds may be used only for the payment of teachers' and superintendents' salaries and interest on money borrowed on short time to pay those salaries that become due before the school funds for the current year become available. Loans for the purpose of payment of teachers may not be paid out of funds other than those for the current year.

(c) Local school funds from district taxes, tuition fees of students not entitled to a free education, other local sources, and state funds not designated for a specific purpose may be used for the purposes listed for state and county available funds and for purchasing appliances and supplies, paying insurance premiums, paying janitors and other employees, buying school sites, buying, building, repairing, and renting school buildings, including acquiring school buildings and sites by leasing through annual payments with an ultimate option to purchase, and for other purposes necessary in the conduct of the public schools determined by the board of trustees. The accounts and vouchers for county districts must be approved by the county superintendent. If the state available school fund in any municipality or district is sufficient to maintain the schools in any year for at least eight months and leave a surplus, the surplus may be spent for the purposes listed in this subsection.

(d) An independent school district that has in its limits a municipality with a population of 150,000 or more or that contains at least 170 square miles, has \$850 million or more assessed value of taxable property on the most recent approved tax roll and has a growth in average daily attendance of 11 percent or more for each of the preceding five years as determined by the agency may, in buying school sites or additions to school sites and in building school buildings, issue and deliver negotiable or nonnegotiable notes representing all or part of the cost to the school district of the land or building. The district may secure the notes by a vendor's

lien or deed of trust lien against the land or building. By resolution or order of the governing body made at or before the delivery of the notes, the district may set aside and appropriate as a trust fund, and the sole and only fund, for the payment of the principal of and interest on the notes that part of the local school funds, levied and collected by the school district in that year or subsequent years, as the governing body determines. The aggregate amount of local school funds set aside in or for any subsequent year for the retirement of the notes may not exceed, in any one subsequent year, 10 percent of the local school funds collected during that year. The district may issue the notes only if approved by majority vote of the qualified voters voting in an election conducted in the manner provided by Section 45.003 for approval of bonds.

Text of subsection effective until January 01, 2020

(e) The governing body of an independent school district that governs a junior college district under Subchapter B, Chapter 130, in a county with a population of more than two million may dedicate a specific percentage of the local tax levy to the use of the junior college district for facilities and equipment or for the maintenance and operating expenses of the junior college district. To be effective, the dedication must be made by the governing body on or before the date on which the governing body adopts its tax rate for a year. The amount of local tax funds derived from the percentage of the local tax levy dedicated to a junior college district from a tax levy may not exceed the amount that would be levied by five percent of the effective tax rate for the tax year calculated as provided by Section 26.04, Tax Code, on all property taxable by the school district. All real property purchased with these funds is the property of the school district, but is subject to the exclusive control of the governing body of the junior college district for as long as the junior college district uses the property for educational purposes.

certificates of indebtedness to provide funds for erecting or equipping school buildings in the boundaries of the district or refinancing outstanding certificates as provided by this section. The term "certificates," as used in this section, includes all obligations authorized to be issued under this section and the interest on those obligations.

(b) The governing body of the district shall provide for the payment of the certificates issued under this section by appropriating and pledging local school funds derived from maintenance taxes levied and assessed under Sections 45.002 and 130.122; Chapter 273, Acts of the 53rd Legislature, Regular Session, 1953 (Article 2784g, Vernon's Texas Civil Statutes); or other similar law that limits the amount of tax that may be levied for maintenance purposes, as distinguished from bond requirements. The appropriation and pledge may be in the nature of a continuing irrevocable pledge to apply the first moneys collected annually from the tax levy to the payment of the obligations or by the irrevocable present levy and appropriation of the amount of the maintenance tax required to meet the annual debt service requirements of the obligations, in which event the governing body shall covenant to annually set aside the amount in the annual tax levy, showing the same is a portion of the maintenance tax. The governing body shall annually budget the amount required to pay the principal and interest of the obligations that may be scheduled to become due in any fiscal year. This section may not be construed as permitting the levy of a maintenance tax in excess of the amount approved by the qualified voters of the district.

(c) A district may not at any one time have certificates outstanding and unpaid in principal amount in excess of \$250,000, unless the excessive amount becomes the obligation of the district by assumption under Subsection (k) or the new certificates are being issued to refund or refinance outstanding obligations under Subsection (i).

(d) The principal amount of certificates that may be authorized at any one time and the scheduling of their principal maturity are further restricted as follows:

(1) if the assessed valuation is more than \$1 million

and less than \$15 million, the limiting factor is 25 cents;

(2) if the assessed valuation is \$15 million or more but less than \$35 million, the limiting factor is 15 cents; and

(3) if the assessed valuation is \$35 million or more, the limiting factor is 5 cents.

(e) Assessed valuation means the valuation for school district purposes on the tax rolls of the district most recently approved before the authorization of the certificates. The limiting factor for a particular district, as prescribed by Subsection (d), is multiplied by the assessed valuation of the district, and the product is the maximum amount of debt service requirements on the certificates that may be scheduled to become due in any fiscal year on a cumulative basis. A district that has an assessed valuation less than \$1 million may not issue certificates under this section.

(f) Certificates authorized to be issued under this section shall be payable at the times and be in such form and denomination or denominations either in coupon form or registered as to principal, interest, or both. The certificates may contain options for redemption before the scheduled maturity and may be payable at the place and may contain other provisions as the governing body of the district determines. A certificate may not mature over a period in excess of 25 years from the date of the certificate or bear interest at a rate in excess of seven percent per annum.

(g) Except if issued in exchange for certificates outstanding as provided by Subsection (i), the certificates shall be sold for cash at not less than the face or par value plus accrued interest. The proceeds shall be applied for the purpose for which the certificates were issued, except that all accrued interest and premium received, if any, shall be deposited in the interest and sinking fund established for the payment of the obligations. The cost of issuing the obligations, including attorneys', printing, and fiscal fees, may be paid from the proceeds, except if certificates are sold under Subsection (i).

(h) The certificates, including interest whether issued in coupon or registered form, are securities within the meaning of Chapter 8, Business & Commerce Code, and that chapter applies to the

certificates after their approval by the attorney general and registration by the comptroller.

(i) Each governing body may refund or refinance outstanding certificates by issuing new interest-bearing certificates within the limitations and conditions provided in this section. The new certificates shall be issued and delivered in lieu of and on surrender to the comptroller and the cancellation of the obligations being refunded, and the comptroller shall register the new certificates and deliver them in accordance with the order authorizing their issuance. The new certificates may be issued in accordance with Subchapter A, Chapter 1207, Government Code, and delivered in accordance with Subchapter B or C of that chapter.

(j) A certified copy of all proceedings relating to the authorization of the certificates shall be submitted to the attorney general.

(k) Certificates issued under this section are an indebtedness of the school district issuing them, but the holder of a certificate does not have the right to demand payment out of any fund other than those pledged to its payment. If the boundary lines of any issuing district are changed while the certificates remain outstanding, the indebtedness shall be adjusted or assumed as provided under general law for the adjustment of bond indebtedness payable from taxation.

(l) For purposes of this section, the governing body of a common school district is the commissioners court of the county having administrative jurisdiction. The governing body of an independent school district, a rural high school district, or a junior college district is its board of trustees, and the governing body of a municipally controlled school district is the city or town council or commission. Certificates shall be authorized by order of the governing body of the district.

Sec. 45.112. CONTRACTS FOR INVESTMENT OF DEBT SERVICE FUNDS. (a) A school district, including a junior college district

or community college district, may enter into a contract with a term not to exceed seven years to purchase investments with the proceeds of taxes levied or to be levied by the district for the purpose of paying debt service on bonds issued by the district.

(b) A contract under this section may provide for the purchase of investments at a stated yield or yields.

(c) Before entering a contract under this section, a school district must solicit and receive bids from at least three separate providers. The district must accept the qualifying bid that provides for the highest yield investments over the term of the contract.

(d) A contract under this section may provide only for the purchase of an obligation described by Section 2256.009(a)(1), Government Code, other than an obligation described by Section 2256.009(b) of that code.

Added by Acts 1999, 76th Leg., ch. 1535, Sec. 1, eff. June 19, 1999.

Sec. 45.113. TRUST FOR COUNTY PERMANENT SCHOOL FUND. (a) Notwithstanding former Subchapter E, Chapter 17, as that subchapter existed on May 1, 1995, the commissioners court of a county may:

(1) sell or otherwise dispose of county school lands in the manner determined by the court;

(2) establish an irrevocable trust for the proceeds of a sale or other disposition under Subdivision (1); and

(3) invest the principal of a trust created under Subdivision (2) in any investment permitted for other county funds under Chapter 2256, Government Code.

(b) The members of the commissioners court and their successors in office must be the sole trustees of a trust established under Subsection (a)(2). The trustees may not delegate the authority to manage or invest the trust but may contract with qualified persons for investment advice.

(c) The principal of a trust established under Subsection (a)(2) constitutes a portion of the county permanent school fund and must be held in perpetuity for the benefit of the public schools in the county. The income of a trust established under Subsection (a)(2) constitutes a portion of the county available school fund

and may be distributed as permitted by law.

(a-1) If a school district chooses under Subsection (a) to use competitive bidding, the district shall, not later than the 30th day before the date the current depository contract expires, mail to each bank located in the district and, if desired, to other banks, a notice stating the time and place in which bid applications will be received for selecting a depository or depositories. The notice must include a uniform bid blank in the form prescribed by State Board of Education rule.

(a-2) If a school district chooses under Subsection (a) to use requests for proposals, the district shall, not later than the 30th day before the date the current depository contract expires, mail to each bank located in the district and, if desired, to other banks, a notice stating the time and place in which proposals will be received for selecting a depository or depositories. The notice must include a uniform proposal blank in the form prescribed by State Board of Education rule.

(b) The school district may add to the uniform bid or proposal blank other terms that do not unfairly restrict competition between banks in or near the territory of the district.

(c) Interest rates may be stated in the bid or proposal either as a fixed rate, as a percentage of a stated base rate, in relation to a stated prevailing rate varying from time to time, or in any other manner, but in every case in a uniform manner, that will permit comparison with other bids or proposals received.

(d) If the school district chooses under Subsection (a) to use requests for proposals, the district shall state the selection criteria, including the factors specified under Section 45.207(c), in the request for proposals and shall select the proposal that offers the best value to the district based on the evaluation and ranking of each submitted proposal in relation to the stated selection criteria. (1) the district:

(A) receives tying bids for the contract; or

(B) after evaluating the proposals for the contract, ranks two or more proposals equally;

(2) each bank submitting a tying bid or proposal has bid or proposed to pay the district the maximum interest rates allowed by law by the Board of Governors of the Federal Reserve System and the Board of Directors of the Federal Deposit Insurance Corporation; and

(3) the tying bids or proposals are otherwise equal in the judgment and discretion of the board of trustees of the district.

(a-1) In the case of tying bids or proposals, the board of trustees may award the depository contract by:

(1) determining by lot which of the banks submitting the tying bids or proposals will receive the contract; or

(2) awarding a contract to each of the banks submitting the tying bids or proposals.

(b) The board of trustees may, during the period of the contract, determine the amount of funds to be deposited in each depository bank and determine the account services offered in the bid or proposal form that are to be provided by each bank in its capacity as school district depository. All funds received by the district from or through the agency shall be deposited, at the district's option, in one depository bank or invested in a public funds investment pool created under Chapter 791, Government Code, to be designated by the district.

(c) The board of trustees of the school district shall at a regular or special meeting consider in accordance with this subsection each bid or proposal received. In determining the highest and best bid or the highest-ranked proposal, or in case of tying bids or proposals the highest and best tying bids or proposals, the board of trustees shall consider:

(1) the interest rate bid or proposed on time deposits;

(2) charges for keeping district accounts, records, and reports and furnishing checks;

(3) the ability of the bank submitting the bid or proposal to provide the necessary services and perform the duties as school district depository; and

(4) any other matter that in the judgment of the board of trustees would be to the best interest of the school district.

(d) The board of trustees of the school district has the right to reject any and all bids or proposals.

Sec. 45.208. DEPOSITORY CONTRACT; BOND. (a) The bank or banks selected as the depository or depositories and the school district shall enter into a depository contract or contracts, bond or bonds, or other necessary instruments setting forth the duties and agreements pertaining to the depository, in a form and with the content prescribed by the State Board of Education. The parties shall attach to the contract and incorporate by reference the bid or proposal of the depository.

(b) The depository bank shall attach to the contract and file with the school district a bond in an initial amount equal to the estimated highest daily balance, determined by the board of trustees of the district, of all deposits that the school district will have in the depository during the term of the contract, less any applicable Federal Deposit Insurance Corporation insurance. The bond must be payable to the school district and must be signed by the depository bank and by some surety company authorized to do business in this state. The depository bank shall increase the amount of the bond if the board of trustees determines it to be necessary to adequately protect the funds of the school district deposited with the depository bank.

(c) The bond shall be conditioned on:

(1) the faithful performance of all duties and obligations devolving by law on the depository;

(2) the payment on presentation of all checks or drafts on order of the board of trustees of the school district, in accordance with its orders entered by the board of trustees according to law;

(3) the payment on demand of any demand deposit in the depository;

(4) the payment, after the expiration of the period of notice required, of any time deposit in the depository;

(5) the faithful keeping of school funds by the depository and the accounting for the funds according to law; and

(6) the faithful paying over to the successor

depository all balances remaining in the accounts.

(d) The bond and the surety on the bond must be approved by the board of trustees of the school district. A premium on the depository bond may not be paid out of school district funds.

(e) Repealed by Acts 2019, 86th Leg., R.S., Ch. 439 (S.B. [1376](#)), Sec. 4.01(a)(8), eff. June 4, 2019.

(f) In lieu of the bond required under Subsection (b), the depository bank may deposit or pledge, with the school district or with a trustee designated by the school district, approved securities in an amount sufficient to adequately protect the funds of the school district deposited with depository bank. A depository bank may give a bond and deposit or pledge approved securities in an aggregate amount sufficient to adequately protect the funds of the school district deposited with the depository bank. The school district shall designate from time to time the amount of approved securities or the aggregate amount of the bond and approved securities to adequately protect the district. The district may not designate an amount less than the balance of school district funds on deposit with the depository bank from day to day, less any applicable Federal Deposit Insurance Corporation insurance. The depository bank may substitute approved securities on obtaining the approval of the school district. For purposes of this subsection, the approved securities are valued at their market value.

The school district may provide in its bid or proposal blank for the right to place on time deposits with savings and loan institutions located in this state only funds that are fully insured by the Federal Deposit Insurance Corporation. A district may not place on deposit with any savings and loan institution any bond or certificate of

indebtedness proceeds as provided by Section 45.102. A depository bank may not be compelled without its consent to accept on time deposit any bond proceeds under Section 45.102, but a depository bank may offer a bid or proposal of interest equaling the highest bid or proposal of interest for the time deposit of the bond proceeds tendered by another bank. (1) as required under the Texas Constitution; or

(2) for assistance in paying debt service.

(b) The same school district bonds may not benefit under both Subchapter C and this subchapter.

(c) Notwithstanding any amendment of this subchapter or other law, the credit enhancement provided under this subchapter for school district bonds remains in effect until the date those bonds mature or are defeased in accordance with state law.

(a) In each month of each fiscal year, the commissioner shall determine the amount of funds available to make payments under this subchapter from the Foundation School Program through the end of the fiscal year and the amounts due under this code to public schools from the Foundation School Program through the end of the fiscal year. The commissioner may revise a determination under this subsection during the fiscal year as appropriate.

(b) The commissioner may not endorse particular bonds for credit enhancement under this subchapter until the commissioner has:

(1) made the determinations required under Subsection (a); and

(2) determined that the endorsement will not cause the projected debt service coming due during the remainder of the fiscal year for bonds provided credit enhancement under this subchapter to exceed the lesser of:

(A) one-half of the amount of funds due to public schools from the Foundation School Program for the remainder of the fiscal year; or

(B) one-half of the amount of funds anticipated to be on hand in the Foundation School Program to make payments for the remainder of the fiscal year.

(c) The commissioner may not endorse particular bonds for credit enhancement under this subchapter unless the commissioner has determined that the maximum annual debt service on the bonds during any state fiscal year will not exceed the lesser of:

(1) one-half of the amount of funds due to public schools from the Foundation School Program for the current fiscal year; or

(2) one-half of the amount of funds anticipated to be on hand in the Foundation School Program to make payments for the current fiscal year.

(1) a total amount of outstanding bonds guaranteed by the permanent school fund exceeding the amount authorized under:

(A) Section 45.053; or

(B) federal law or regulations; or

(2) the use of a portion of the cost value of the permanent school fund reserved under Section 45.0531, as determined by the board.

(b) If Foundation School Program appropriations are not sufficient in any year to pay principal or interest that becomes due on bonds for which credit enhancement is provided under this subchapter, the payment shall be made from the following year's Foundation School Program appropriations that may be used for the purpose under this subchapter before those appropriations are used for any other Foundation School Program purpose.

Added by Acts 2009, 81st Leg., R.S., Ch. 1328 (H.B. 3646), Sec. 75, eff. September 1, 2009.

adopted by the commissioner for the purpose. The commissioner may adopt a single form on which a district seeking guarantee or credit enhancement of eligible bonds may apply simultaneously first for a guarantee under Subchapter C and then, if that guarantee is rejected, for credit enhancement under this subchapter.

(b) An application under Subsection (a) must:

(1) include the information required by Section [45.055\(b\)](#); and

(2) be accompanied by a fee set by board rule in an amount designed to cover the costs of administering the programs to provide the guarantee or credit enhancement of eligible bonds.

(b) If following the investigation under Subsection (a) the commissioner is satisfied that the school district's bonds should be guaranteed under Subchapter C or provided credit enhancement under this subchapter, as applicable, the commissioner shall endorse the bonds.

Added by Acts 2009, 81st Leg., R.S., Ch. 1328 (H.B. [3646](#)), Sec. 75, eff. September 1, 2009.

Sec. 45.257. CREDIT ENHANCEMENT ENDORSEMENT. (a) The commissioner shall endorse bonds approved for credit enhancement under this subchapter in substantially the same manner provided under Section [45.057](#) for endorsing bonds approved under Subchapter C.

(b) The credit enhancement is not effective unless the attorney general approves the bonds under Section [45.005](#).

Added by Acts 2009, 81st Leg., R.S., Ch. 1328 (H.B. [3646](#)), Sec. 75, eff. September 1, 2009.

Sec. 45.258. NOTICE OF FAILURE OR INABILITY TO PAY.

Immediately following a determination that a school district will be or is unable to pay maturing or matured principal or interest on a bond for which credit enhancement is provided under this subchapter, but not later than the 10th day before maturity date, the school district shall notify the commissioner.

Added by Acts 2009, 81st Leg., R.S., Ch. 1328 (H.B. 3646), Sec. 75, eff. September 1, 2009.

Sec. 45.259. PAYMENT FROM INTERCEPTED FUNDS. (a) Immediately following receipt of notice under Section 45.258, the commissioner shall instruct the comptroller to transfer to the district's paying agent from appropriations to the Foundation School Program that may be used for the purpose under Section 45.252 and other law the amount necessary to pay the maturing or matured principal or interest.

(b) Immediately following receipt of the funds for payment of the principal or interest, the paying agent shall pay the amount due.

(c) The procedures prescribed by Subsections (a) and (b) apply to each payment of principal or interest on bonds as the payment becomes due until the bonds mature or are defeased in accordance with state law.

(d) If money appropriated for the Foundation School Program is used for purposes of this subchapter and as a result there is insufficient money to fully fund the Foundation School Program, the commissioner shall, to the extent necessary, reduce each school district's foundation school fund allocations, other than any portion appropriated from the available school fund, in the same manner provided by Section 48.266(f) for a case in which school district entitlements exceed the amount appropriated. The following fiscal year, a district's entitlement under Section 48.266 is increased by an amount equal to the reduction under this subsection.

(e) A payment made under this section by the state on behalf of a school district of funds the district owes on bonds for which credit enhancement is provided under this subchapter creates a repayment obligation of the district to the state regardless of the

maturity date of, or any payment of interest on, the bonds.

(f) This section does not create a debt of the state under the Texas Constitution or, except to the extent provided by this subchapter, create a payment obligation.

Sec. 45.260. BONDS NOT ACCELERATED ON FAILURE TO PAY. If a school district fails to pay principal or interest on a bond for which credit enhancement is provided under this subchapter when the amount matures, other amounts not yet mature are not accelerated and do not become due by virtue of the district's failure to pay amounts matured.

Added by Acts 2009, 81st Leg., R.S., Ch. 1328 (H.B. 3646), Sec. 75, eff. September 1, 2009.

If the commissioner orders payment from the money appropriated to the Foundation School Program on behalf of a school district that is required to reduce its local revenue level under Section 48.257, the commissioner shall increase amounts due from the district under Chapter 49 in a total amount equal to the amount of payments made on behalf of the district under this subchapter. Amounts withheld or received under this subsection shall be used for the Foundation School Program.

(b) In accordance with commissioner rules, the commissioner may authorize reimbursement of the Foundation School Program in a manner other than that provided by this section.

(2) pay the remaining principal of and interest on the bonds as the principal and interest become due.

(d) If a school district fails to comply with the commissioner's order under Subsection (c), the commissioner may impose any sanction on the district authorized to be imposed on a district under Chapter 39A, including appointment of a board of managers or annexation to another district, regardless of the district's accreditation status or the duration of a particular accreditation status.

Text of subsection effective until January 01, 2020

(e) Any part of a school district's tax rate attributable to producing revenue for purposes of Subsection (c)(1) is considered part of the district's:

(2) interest and sinking fund tax rate.

If the full amount due to the state has not been repaid or recovered by the commissioner from other funds due to the charter holder within the current and subsequent school year, the commissioner may request the attorney general to file an action to foreclose on a lien under this section. Funds recovered from foreclosure of a lien under this section shall be credited first to any security interest or lien with priority over the lien under this section, then to the charter holder's obligation under this section, and then to any other program to which the funds are due.
