SUBCHAPTER A. GENERAL PROVISIONS

Sec. 54.001. DEFINITIONS. In this chapter:

(1) "Institution of higher education" has the same meaning as is assigned to it by Section 61.003 of this code.

(2) "Governing board" has the same meaning as is assigned to it by Section 61.003 of this code.

Acts 1971, 62nd Leg., p. 3072, ch. 1024, art. 1, Sec. 1, eff. Sept. 1, 1971.

Sec. 54.0015. ADOPTION OF CERTAIN DEFINITIONS BY RULE. In consultation with representatives of institutions of higher education, the Texas Higher Education Coordinating Board by rule shall adopt definitions related to the resident status of students for purposes of this title and to tuition and fee exemptions and waivers for students under this chapter as necessary to ensure consistency in the application of this chapter and other related state laws and policies.

Added by Acts 2005, 79th Leg., Ch. 888 (S.B. 1528), Sec. 1, eff. September 1, 2005.

Sec. 54.002. APPLICABILITY OF CHAPTER. The provisions of this chapter apply to all institutions of higher education, except that as to junior colleges this chapter applies only to the extent provided by Section 130.003(b) of this code.

Acts 1971, 62nd Leg., p. 3072, ch. 1024, art. 1, Sec. 1, eff. Sept. 1, 1971.

Sec. 54.003. TUITION AND CHARGES TO BE AUTHORIZED BY LAW. No institution of higher education may collect from students attending the institution any tuition, fee, or charge of any kind except as permitted by law, and no student may be refused admission

to or discharged from any institution for the nonpayment of any tuition, fee, or charge except as permitted by law.

Acts 1971, 62nd Leg., p. 3072, ch. 1024, art. 1, Sec. 1, eff. Sept. 1, 1971.

Sec. 54.005. RIGHT TO COLLECT SPECIAL FEES. The provisions of this subchapter requiring the governing board of each institution of higher education to collect tuition fees do not deprive the board of the right to collect special fees authorized by law.

Acts 1971, 62nd Leg., p. 3072, ch. 1024, art. 1, Sec. 1, eff. Sept. 1, 1971.

Sec. 54.0051. DISCLOSURE OF COURSE FEES IN COURSE CATALOG. Each institution of higher education shall include in the institution's online course catalog, for each course listed in the catalog, a description and the amount of any special course fee, including an online access fee or lab fee, to be charged specifically for the course. If the institution publishes a paper course catalog, the institution may publish any fees specifically charged for each course using the amounts charged in the most recent academic year.

Added by Acts 2017, 85th Leg., R.S., Ch. 557 (S.B. 537), Sec. 1, eff. June 9, 2017.

Sec. 54.006. REFUND OR ADJUSTMENT OF TUITION AND MANDATORY FEES FOR DROPPED COURSES AND STUDENT WITHDRAWALS. (a) A general academic teaching institution or medical and dental unit, as soon as practicable, shall refund the amount of tuition and mandatory fees collected for courses from which students drop within the

first 12 days of a fall or spring semester or a summer term of 10 weeks or longer, within the first four days of a term or session of more than five weeks but less than 10 weeks, or within the period specified by the institution for that purpose for a term or session of five weeks or less that is substantially proportional to the period specified by this subsection for a longer term or session. The institution or medical and dental unit may not delay a refund under this subsection on the grounds that the student may withdraw from the institution or unit later in the semester or term.

(a-1) An institution may assess a nonrefundable \$15 matriculation fee if the student withdraws from the institution before the first day of classes.

(b) Except as provided by Subsections (b-1) and (b-2), a general academic teaching institution or medical and dental unit shall refund from the amount paid by a student withdrawing from the institution or unit an amount equal to the product of the amount of tuition and mandatory fees charged for each course in which the student is enrolled on the date the student withdraws multiplied by the applicable percentage derived from the following tables:

(1) if the student withdraws during a fall or spring semester or a summer term of 10 weeks or longer:

- | | |
|---------------------------------------|-------------|
| (A) prior to the first class day | 100 percent |
| (B) during the first five class days | 80 percent |
| (C) during the second five class days | 70 percent |
| (D) during the third five class days | 50 percent |
| (E) during the fourth five class days | 25 percent |
| (F) after the fourth five class days | None; |

(2) if the student withdraws during a term or session of more than five weeks but less than 10 weeks:

- | | |
|--|-------------|
| (A) prior to the first class day | 100 percent |
| (B) during the first, second, or third class day | 80 percent |
| (C) during the fourth, fifth, or sixth class day | 50 percent |
| (D) seventh day of class and thereafter | None; and |

(3) if the student withdraws from a term or session of five weeks or less:

- | | | |
|-----|------------------------------|-------------|
| (A) | prior to the first class day | 100 percent |
| (B) | during the first class day | 80 percent |
| (C) | during the second class day | 50 percent |
| (D) | during the third class day | |

and thereafter

None.

(b-1) If a student has not paid the total amount of the tuition and mandatory fees charged to the student by the institution or unit for the courses in which the student is enrolled by the date the student withdraws from the institution or unit, instead of issuing the student a refund in the amount required under Subsection (b), the institution or unit may credit the amount to be refunded toward the payment of the outstanding tuition and mandatory fees owed by the student. The institution or unit shall issue a refund to the student if any portion of the amount to be refunded remains after the outstanding tuition and mandatory fees have been paid.

(b-2) A general academic teaching institution or medical and dental unit may provide to a student withdrawing from the institution or unit a refund of a portion of the tuition and mandatory fees charged to the student by the institution or unit for the courses in which the student is enrolled on the date the student withdraws in an amount greater than the amount required by Subsection (b). The institution or unit may apply the portion of the refund authorized by this subsection toward the payment of any outstanding tuition and fees as provided by Subsection (b-1), and may refund the remainder of that portion in the form of, as the institution or unit considers appropriate:

- (1) a payment made directly to the student; or
- (2) credit toward payment of tuition and mandatory fees for a subsequent semester or other academic term at the institution or unit.

(c) Separate withdrawal refund schedules may be established for optional fees.

(d) A general academic teaching institution or medical and dental unit shall refund tuition and fees paid by a sponsor, donor, or scholarship to the source rather than directly to the student who has withdrawn if the funds were made available through the

institution.

(e) A general academic teaching institution or medical and dental unit may terminate a student's student services and privileges, including health services, library privileges, facilities and technology usage, and athletic and cultural entertainment tickets, when the student withdraws from the institution.

(f) Beginning with the summer semester of 1990, if a student withdraws from an institution of higher education because the student is called to active military service, the institution, at the student's option, shall:

(1) refund the tuition and fees paid by the student for the semester in which the student withdraws;

(2) grant a student, who is eligible under the institution's guidelines, an incomplete grade in all courses by designating "withdrawn-military" on the student's transcript; or

(3) as determined by the instructor, assign an appropriate final grade or credit to a student who has satisfactorily completed a substantial amount of coursework and who has demonstrated sufficient mastery of the course material.

(g) Repealed by Acts 2007, 80th Leg., R.S., Ch. 546, Sec. 4, eff. June 16, 2007.

Added by Acts 1977, 65th Leg., p. 220, ch. 106, Sec. 1, eff. Aug. 29, 1977. Amended by Acts 1987, 70th Leg., ch. 901, Sec. 1, eff. Aug. 31, 1987; Acts 1991, 72nd Leg., ch. 15, Sec. 1, eff. April 5, 1991; Acts 1993, 73rd Leg., ch. 253, Sec. 1, eff. Aug. 30, 1993.

Sec. 54.0065. TUITION REBATE FOR CERTAIN UNDERGRADUATES.

(a) A qualified student is eligible for a rebate of a portion of the undergraduate tuition the student has paid if the student:

(1) is awarded a baccalaureate degree from a general academic teaching institution within:

(A) four calendar years after the date the student initially enrolled in the institution or another postsecondary educational institution if:

(i) the institution awarding the degree is a four-year institution; and

(ii) the student is awarded a degree other than a degree in engineering, architecture, or any other program determined by the coordinating board to require more than four years to complete; or

(B) five calendar years after the date the student initially enrolled in the institution or another postsecondary educational institution if:

(i) the institution awarding the degree is a four-year institution; and

(ii) the student is awarded a degree in engineering, architecture, or any other program determined by the coordinating board to require more than four years to complete; and

(2) has attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree program:

(A) including:

(i) transfer credits; and

(ii) course credit earned exclusively by examination, except that, for purposes of this subsection, only the number of semester credit hours earned exclusively by examination in excess of nine semester credit hours is treated as hours attempted; and

(B) excluding:

(i) course credit that is earned to satisfy requirements for a Reserve Officers' Training Corps (ROTC) program but that is not required to complete the degree program; and

(ii) course credit, other than course credit earned exclusively by examination, that is earned before graduating from high school.

(b) The amount of tuition to be rebated to a student under

this section is \$1,000, unless the total amount of undergraduate tuition paid by the student to the institution of higher education awarding the degree was less than \$1,000, in which event the amount of tuition to be rebated is an amount equal to the amount of undergraduate tuition paid by the student to the institution. However, a student who paid the institution awarding the degree an amount of undergraduate tuition less than \$1,000 may qualify for an increase in the amount of the rebate, not to exceed a total rebate of \$1,000, for any amount of undergraduate tuition the student paid to other institutions of higher education by providing the institution with proof of the total amount of that tuition paid to other institutions of higher education.

(c) A student who has transferred from another institution of higher education shall provide the institution awarding the degree an official transcript from each institution attended by the student in order that the period during which the student has been enrolled in a general academic teaching institution and the total number of hours attempted by the student can be verified.

(d) To qualify for a rebate under this section, the student must have been a resident of this state and entitled to pay tuition at the rate provided by this chapter for a resident student at all times while pursuing the degree.

(e) All institutions of higher education shall notify each first-time freshman student of the tuition rebate program.

(f) The institution awarding the degree shall pay the rebate under this section from local funds.

(g) If a student entitled to a rebate under this section has an outstanding student loan, including an emergency loan, owed or guaranteed by this state, including the Texas Guaranteed Student Loan Corporation, the institution shall apply the amount of the rebate to the student's loan. If a student has more than one outstanding loan, the institution shall apply the amount of the rebate to the loans as directed by the student or, if the student fails to provide timely instructions on the application of the amount, the institution shall apply the amount of the rebate to the loans according to priorities established by the coordinating board. If the amount of the rebate exceeds the amount of the loan

indebtedness, the institution shall pay the student the excess amount.

(h) The legislature shall account in the General Appropriations Act for the rebates authorized by this section in a way that provides a corresponding increase in the general revenue funds appropriated to the institution. It is the intent of the legislature that rebates authorized by this section shall be financed by savings to the state resulting from reductions in the number of courses taken by undergraduate students.

(i) The coordinating board, in consultation with the institutions of higher education, shall adopt rules for the administration of this section, including a rule to allow an otherwise eligible student to receive a rebate under this section if the student is not awarded a baccalaureate degree within the period required by Subsection (a)(1) solely as a result of a hardship or other good cause. The performance of active duty military service by a student shall be recognized as "good cause" for purposes of this section.

Sec. 54.007. OPTION TO PAY TUITION BY INSTALLMENT.

(a) The governing board of each institution of higher education shall provide for the payment of tuition and mandatory fees for a semester or term of 10 weeks or longer through one of the following alternatives:

(1) full payment of tuition and mandatory fees not

later than the date established by the institution for purposes of this subdivision; or

(2) payment in installments under one or more payment plan options that require the first payment to be made not later than the date established by the institution for purposes of this subdivision.

(a-1) In providing for the payment of tuition and mandatory fees by installment under Subsection (a)(2), an institution of higher education must also establish subsequent dates at periodic intervals within the applicable semester or term by which subsequent installment payments are due.

(b) For a term of less than 10 weeks, the governing board of each institution of higher education:

(1) shall provide for the payment of tuition and mandatory fees by requiring full payment of tuition and mandatory fees not later than the date established by the institution for purposes of this subdivision; and

(2) may provide for the payment of tuition and mandatory fees by requiring payment in installments under one or more payment plan options that require the first payment to be made not later than the date established by the institution for purposes of this subdivision.

(b-1) A date established by an institution of higher education for purposes of Subsection (a)(1), (a)(2), (b)(1), or (b)(2) may not be later than the date established by the Texas Higher Education Coordinating Board for certifying student enrollment for the semester or term for purposes of formula funding.

(b-2) An institution of higher education may collect on a due date subsequent to a due date established under Subsection (a) or (b):

(1) unpaid tuition and mandatory fee balances resulting from an adjustment to a student's enrollment status or an administrative action; or

(2) unpaid residual balances of tuition and mandatory fees constituting less than five percent of the total amount of tuition and mandatory fees charged to the student by the

institution for that semester or term.

(c) The governing board of an institution of higher education may assess and collect incidental fees for students utilizing the payment alternative authorized by Subsection (a)(2) or (b)(2) and for students delinquent in payments. The fees must reasonably reflect the cost to the institution of handling those payments.

(d) A student who fails to make a full payment of the required amount of tuition and mandatory fees, including any incidental fees, by the applicable due date under this section may be prohibited from registering for classes until full payment is made. A student who fails to make full payment prior to the end of the semester or term may be denied credit for the work done that semester or term. The governing board of an institution of higher education may not impose on a student any sanction authorized by this subsection unless the governing board includes in any written or electronic agreement authorized by the student the following statement printed in bold-faced type or in capital letters: "A STUDENT WHO FAILS TO MAKE FULL PAYMENT OF TUITION AND MANDATORY FEES, INCLUDING ANY INCIDENTAL FEES, BY THE DUE DATE MAY BE PROHIBITED FROM REGISTERING FOR CLASSES UNTIL FULL PAYMENT IS MADE. A STUDENT WHO FAILS TO MAKE FULL PAYMENT PRIOR TO THE END OF THE SEMESTER OR TERM MAY BE DENIED CREDIT FOR THE WORK DONE THAT SEMESTER OR TERM." The governing board shall notify a student of any delinquent tuition or fee payment as soon as practicable. The institution's records may be adjusted to reflect the student's failure to have properly enrolled for that semester or term.

(e) In addition to other payment alternatives provided by this section, the governing board of a medical and dental unit or of a general academic teaching institution with a department or college of veterinary medicine may provide for the payment of tuition and mandatory fees at the unit or at the department or college of veterinary medicine during any academic year through a one-fourth payment of tuition and mandatory fees in advance of the beginning of the year and subsequent one-fourth payments of tuition and mandatory fees to be made at periods designated by the governing board. Subsection (b) applies to tuition and mandatory fee

payments under this subsection. In this subsection, "general academic teaching institution" and "medical and dental unit" have the meanings assigned by Section [61.003](#).

(f) A student may elect to pay the tuition and mandatory fees of an institution of higher education by installment under this section regardless of whether the student intends to apply a financial aid award administered by the institution toward the tuition and mandatory fees, except that a student whose financial aid award or awards are available to cover the total amount of tuition and mandatory fees may not pay by installment under this section. On receipt of notice of a student's election to pay tuition and mandatory fees by installment, the governing board of the institution shall apply any financial aid award administered for the student toward the amount of tuition and mandatory fees due for that semester or term until the tuition and mandatory fees are paid in full and shall immediately release any remaining amount of the award to the student, except that the institution is not required to apply the award or awards toward the total amount of tuition and mandatory fees in exigent circumstances as determined by the institution.

(g) The governing board of an institution of higher education shall require a student who elects to pay tuition and mandatory fees by installment under this section to enter into a written or electronic agreement reflecting the terms and conditions required by this section for the installment plan provided for the student by the governing board.

(h) In this section, "public junior college," "public technical institute," and "public state college" have the meanings assigned by Section [61.003](#).

Sec. 54.0071. AUTHORITY OF INSTITUTION TO PROVIDE PAYMENT OPTIONS FOR STUDENT WITH DELAYED FINANCIAL AID. (a) The governing board of an institution of higher education may postpone the due date for the payment of all or part of the tuition and mandatory fees for a student for a semester or term in which the student will receive one or more delayed financial aid awards if:

(1) the student has not received the awards by the regular due date for payment of the tuition and mandatory fees; and

(2) the student agrees to assign to the institution a portion of the awards equal to the amount of tuition and mandatory fees for which the due date is postponed.

(b) A postponed due date under Subsection (a) applies only to the portion of tuition and mandatory fees to be covered by the student's delayed financial aid awards. When the financial aid awards become available, a governing board that postpones a due date under this section shall apply the awards toward the amount of tuition and mandatory fees due and immediately release any remaining amount of the awards to the student.

(c) If after the due date for a student's tuition and mandatory fees is postponed under this section the student becomes ineligible to receive one or more of the delayed financial aid awards, or the amount awarded is less than the amount of tuition and mandatory fees due, the governing board shall provide the student a reasonable period, not to exceed 30 days, to pay the unpaid amount of tuition and mandatory fees. The board may deny a student credit for work done in the semester or term if the student fails to pay the

tuition and mandatory fees by the end of that period.

(d) The Texas Higher Education Coordinating Board shall prescribe procedures for the administration of this section.

(e) If a student with delayed financial aid awards has elected to pay tuition and mandatory fees by installment as permitted by Section 54.007 and if the governing board elects to postpone the due date for the student's tuition and mandatory fees as authorized by this section, the governing board in the manner provided by this section shall postpone the due date for each installment payment that becomes due before the student receives the awards.

Sec. 54.008. TUITION RATE SET BY GOVERNING BOARD. (a) The tuition rates provided by Subchapter B of this chapter are minimum rates. Except as provided by Subsections (e), (f), and (g), the governing board of each institution of higher education shall set tuition for graduate programs for that institution at a rate that is at least equal to that prescribed by Subchapter B, but that is not more than twice the rate prescribed by Subchapter B. Between the maximum and minimum rates, the board may set the differential tuition among programs offered by an institution of higher education.

(b) The governing board of a university system is not required to set uniform tuition rates for graduate programs among the component institutions of the system.

(c) The limit on tuition rates provided by Subsection (a) of this section does not apply to tuition at a public junior college.

(d) The difference between the minimum rate prescribed by Subchapter B of this chapter and that set by the governing board of an institution of higher education for an institution shall not be accounted for in an appropriations act in such a way as to reduce the general revenue appropriations to that institution.

(e) The governing board of an institution of higher education shall set tuition for an optometry program at the institution at a rate that is at least equal to the rate prescribed by Subchapter B of this chapter but not more than four times the rate prescribed by Subchapter B of this chapter.

(f) The governing board of an institution of higher education shall set tuition for an undergraduate pharmacy program at the institution at a rate that is at least equal to the rate prescribed by Subchapter B but not more than twice the rate prescribed by Subchapter B. The governing board of an institution of higher education shall set tuition for a graduate or professional pharmacy program at the institution at a rate that is at least equal to the rate prescribed by Subchapter B but not more than three times the rate prescribed by Subchapter B.

(g) The governing board of an institution of higher education shall set tuition for a law school at the institution at a rate that is at least equal to the rate prescribed by Subchapter B but not more than three times the rate prescribed by Subchapter B.

Added by Acts 1987, 70th Leg., ch. 823, Sec. 1.10, eff. June 20, 1987. Amended by Acts 1995, 74th Leg., ch. 451, Sec. 1, eff. Aug. 28, 1995; Acts 1999, 76th Leg., ch. 89, Sec. 1, eff. May 14, 1999; Acts 2001, 77th Leg., ch. 655, Sec. 1, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 773, Sec. 1, eff. June 13, 2001.

Sec. 54.009. INCREASE IN TUITION RATE OR FEES. An institution of higher education that sets the tuition rates and fees for a semester or summer term and permits a student to register for that semester or summer term may not increase the tuition rate or fees charged that student for that semester or summer term after the student registers regardless of whether that student has paid the tuition and fees for that semester or summer term.

Added by Acts 1997, 75th Leg., ch. 711, Sec. 1, eff. Sept. 1, 1997.

Sec. 54.010. REDUCTION IN TUITION. (a) The governing board of an institution of higher education may reduce the amount of tuition charged to a student under this chapter to an amount less than the amount otherwise required by this chapter if the board:

(1) offers the tuition reduction to the student as part of an institutional policy adopted by the board to:

(A) increase the average semester credit hour course load of students enrolled at the institution; or

(B) improve the retention and graduation rate of students enrolled at the institution; and

(2) determines that the student is:

(A) enrolled in, and making satisfactory progress toward completion of, a degree program offered at the institution; and

(B) enrolled in at least 15 semester credit hours at the institution during the semester or term for which the reduction is offered.

(b) The governing board may offer a tuition reduction under this section in a fixed dollar amount, a percentage amount, or any other manner that the board considers appropriate.

(c) The amount of tuition reduction offered to a student under this section for a semester or term may not exceed the amount of tuition that would have been charged to the student under this chapter for enrollment in three semester credit hours during that semester or term.

(d) For a tuition reduction offered to a student under this section, the governing board may prorate the amount of the reduction based on:

(1) the number of semester credit hours in which the student is enrolled; or

(2) the length of the semester or term for which the student is enrolled.

(e) The governing board is not required to offer a tuition reduction under this section to all institutions of higher education under its governance or to all degree programs offered at an institution of higher education under its governance.

Added by Acts 1999, 76th Leg., ch. 1053, Sec. 1, eff. June 18, 1999.

Sec. 54.011. TUITION LIMIT IN CASES OF CONCURRENT ENROLLMENT. When a student registers at more than one public institution of higher education at the same time, the student's

tuition charges shall be determined in the following manner:

(1) The student shall pay the full tuition charge to the first institution at which the student is registered; and in any event the student shall pay an amount at least equal to the minimum tuition specified in this code.

(2) If the minimum tuition specified in this code for the first institution at which the student is registered is equal to or greater than the minimum tuition specified in this code for the second institution at which the student is registered concurrently, the student shall not be required to pay the specified minimum tuition charge to the second institution in addition to the tuition charge paid to the first institution, but shall pay only the hourly rates, as provided in this code, to the second institution.

(3) If the minimum tuition specified in this code for the first institution at which the student is registered is less than the specified minimum tuition charge at the second institution (that is, if the second institution has a higher minimum tuition charge specified in this code), then the student shall first register at the institution having the lower minimum tuition and shall pay to the second institution only the amount equal to the difference between the student's total tuition charge at the second institution and the student's total tuition charge at the first institution, but in no case shall the student pay to the second institution less than the hourly rates as provided in this code.

(4) If a student is considered to be a Texas resident and therefore qualified to pay Texas resident tuition rates by one institution at which the student is registered, the student shall be considered a Texas resident at each of the institutions at which the student is concurrently registered for the purposes of determining the proper tuition charges. Nothing in this subdivision shall be so construed as to allow a nonresident to pay resident tuition except at institutions covered by Section [54.231](#).

Sec. 54.014. TUITION FOR REPEATED OR EXCESSIVE UNDERGRADUATE HOURS. (a) An institution of higher education may charge a resident undergraduate student tuition at a higher rate than the rate charged to other resident undergraduate students, not to exceed the rate charged to nonresident undergraduate students, if before the semester or other academic session begins the student has previously attempted a number of semester credit hours for courses taken at any institution of higher education while classified as a resident student for tuition purposes that exceeds the number of semester credit hours required for completion of the degree program in which the student is enrolled by at least:

- (1) for an associate degree program, 15 hours; or
- (2) for a baccalaureate degree program, 30 hours.

(a-1) For purposes of Subsection (a), an undergraduate student who is not enrolled in a degree program is considered to be enrolled in a baccalaureate degree program.

(a-2) An institution of higher education that charges students tuition at a higher rate under Subsection (a) may adopt a policy under which the institution exempts from the payment of that higher rate a student that is subject to the payment of the higher

rate solely as a result of hardship as determined by the institution under the policy.

(b) Semester credit hours or other credit listed in Section 61.0595(d) is not counted in determining the number of semester credit hours previously attempted by a student for purposes of Subsection (a).

(c) Subsection (a) applies only to the tuition charged to a student who initially enrolled as an undergraduate student in an institution of higher education during or after the 1999 fall semester, except that the institution of higher education may not require a student who initially enrolls as an undergraduate student in an institution of higher education before the 2006 fall semester to pay higher tuition as permitted by Subsection (a) until the number of semester credit hours previously attempted by the student as described by that subsection exceeds the number of semester credit hours required for the student's degree program by at least 45 hours.

(d) In its appropriations to institutions of higher education, the legislature shall compute the local funds available to each institution as if the tuition collected under Subsections (a) and (f) were not collected.

(e) Each institution of higher education shall inform each new undergraduate student enrolling at the institution in writing of the limitation provided by this section on the number of hours or type of courses that a Texas resident is entitled to complete while paying tuition at the rate provided for Texas residents.

(f) An institution of higher education may charge a resident undergraduate student tuition at a higher rate than the rate charged to other resident undergraduate students, not to exceed the rate charged to nonresident undergraduate students, for any course in which the student enrolls that is the same as or substantively identical to a course for which the student previously completed. The Texas Higher Education Coordinating Board shall adopt a rule that exempts a resident undergraduate student from this subsection if the student enrolls in a course that is the same as or substantially similar to a course that the student previously completed, solely as a result of a hardship or other good cause.

Sec. 54.016. FIXED TUITION RATE PROGRAM FOR CERTAIN TRANSFER STUDENTS AT GENERAL ACADEMIC TEACHING INSTITUTIONS. (a) In this section:

(1) "Coordinating board" means the Texas Higher Education Coordinating Board.

(2) "General academic teaching institution" has the meaning assigned by Section [61.003](#).

(3) "Lower-division institution of higher education" means a public junior college, public state college, or public technical institute.

(b) A general academic teaching institution may develop a fixed tuition rate program for qualified students who agree to transfer to the institution within 12 months after successfully earning an associate degree at a lower-division institution of higher education. Under a program developed under this section, a general academic teaching institution must:

(1) guarantee to a participating student enrolled in an associate degree program at a lower-division institution of

higher education, on successful completion of the associate degree program, transfer admission to the general academic teaching institution within the period prescribed above; and

(2) notwithstanding any other provision of this chapter, charge tuition to a participating student for any semester or other academic term during a period of at least 24 months following the student's initial enrollment in the institution at the same rate the general academic teaching institution would have charged to the student during the later of:

(A) the fall semester of the student's freshman year at another institution of higher education had the student entered the general academic teaching institution as a freshman student; or

(B) the fall semester of the second academic year preceding the academic year of the student's initial enrollment in the general academic teaching institution.

(c) A general academic teaching institution that develops a fixed tuition rate program under this section shall prescribe eligibility requirements for participation in the program and notify applicants for transfer admission from lower-division institutions of higher education regarding the program.

Sec. 54.017. FIXED TUITION PRICE PLAN FOR UNDERGRADUATE STUDENTS AT CERTAIN GENERAL ACADEMIC TEACHING INSTITUTIONS.

(a) In this section, "general academic teaching institution" and "public state college" have the meanings assigned by Section 61.003.

(b) This section applies only to a general academic teaching institution other than a public state college.

(c) The governing board of an institution to which this section applies shall offer entering undergraduate students, including undergraduate students who transfer to the institution, the opportunity to participate in a fixed tuition price plan under which the institution agrees not to increase tuition charges per semester credit hour for a participating student for at least the

first 12 consecutive semesters that occur after the date of the student's initial enrollment at any public or private institution of higher education, regardless of whether the student enrolls at any institution in those semesters, and subject to any restrictions or qualifications adopted by the governing board. For purposes of this section, one or more summer terms occurring in the same summer is considered a semester.

(d) Unless the institution does not offer other tuition payment options, an institution to which this section applies may require an entering undergraduate student to accept or reject participation in the fixed tuition price plan offered under this section before the date of the student's initial enrollment at the institution.

(e) This section does not require an institution to which this section applies to offer a variable tuition price plan or other tuition payment options to undergraduate students enrolled in the institution.

(f) Fees charged by an institution to a student participating in a fixed tuition price plan under this section may not exceed the fees charged by the institution to a similarly situated student who elects not to participate in the plan, if the institution offers other tuition payment options. For purposes of this subsection, students are similarly situated if they share the same residency status, degree program, course load, course level, and other circumstances affecting the fees charged to the students.

(g) This section does not apply to the tuition charged by an institution to which this section applies to a student who enters the institution for the first time before the 2014 fall semester.

(d) Unless a different rate is specified by this section, tuition for a nonresident student at a general academic teaching institution or medical and dental unit is an amount per semester credit hour equal to the average of the nonresident undergraduate tuition charged to a resident of this state at a public state university in each of the five most populous states other than this state, as computed by the coordinating board under this subsection. The coordinating board shall set the tuition rate provided by this subsection for each academic year and report that rate to each appropriate institution not later than January 1 of the calendar year in which the academic year begins, or as soon after that January 1 as practicable. In computing the tuition rate, the coordinating board shall use the nonresident tuition rates for the other states in effect for the academic year in progress when the board makes the computation.

(j) Tuition for a student registered in a program leading to a degree in nursing or in an allied health profession is the same as for students with the same residency registered at a general academic teaching institution.

(k) Tuition for a resident student registered at the Texas State Technical College System is the greater of \$50 or an amount set by the governing board of the system at not less than \$16 per semester credit hour. Tuition for a nonresident student registered at the Texas State Technical College System is an amount set by the governing board of the system at not less than \$80 per semester credit hour.

(b) A governing board may set a different tuition rate for each program and course level offered by each institution of higher education. A governing board may set a different tuition rate as the governing board considers appropriate to increase graduation

rates, encourage efficient use of facilities, or enhance employee performance.

(c) Amounts collected by an institution of higher education under this section are institutional funds as defined by Section 51.009 of this code and shall be accounted for as designated funds. These funds shall not be accounted for in a general appropriations act in such a way as to reduce the general revenue appropriation to a particular institution.

(e) Section 56.033 of this code requiring certain percentage amounts of tuition to be set aside for grants and scholarships does not apply to tuition collected under this section.

(f) A governing board of an institution of higher education may continue to charge as tuition under this section the amount that it charged as the building use fee at that institution in the 1996-1997 academic year without holding a public hearing, but may not increase tuition under this section above that amount without holding a public hearing.

(g) The committee may request reports and other information from institutions of higher education and the Texas Higher Education Coordinating Board as necessary to carry out this section.

(h) The committee shall make recommendations for any legislative action the committee considers necessary to meet the criteria provided by Subsection (e), and such other criteria as the legislature may establish, and to improve higher education

affordability and access.

(i) This section does not create a cause of action.

(a) Except as otherwise provided by Subsection (c) of this section or by Section 54.055 or 54.056, a person classified by an institution of higher education as a resident of this state under this subchapter is entitled, without submitting the information required by Section 54.053, to be classified as a resident by that institution in each subsequent academic term in which the person enrolls.

(a) If an institution of higher education erroneously classifies a person as a resident of this state and the person is not entitled or permitted to pay resident tuition under this subchapter, the institution of higher education shall charge nonresident tuition to the person beginning with the first academic term that begins after the date the institution discovers the error. Not earlier than the first day of that term, regardless of whether the person is still enrolled at the institution, the institution may request the person to pay the difference between resident and nonresident tuition for an earlier term as permitted by Section 54.057. (1) as a graduate or undergraduate student, maintains a grade point average that satisfies the institution's grade point average requirement for making satisfactory academic progress toward a degree or certificate in accordance with the institution's policy regarding eligibility for financial aid; and

(2) as an undergraduate student, has not completed as of the beginning of the semester or term a number of semester credit

hours that is considered to be excessive under Section 54.014, unless permitted to complete those hours by the institution on a showing of good cause.

(b) In determining whether a person has completed a number of semester credit hours that is considered to be excessive for purposes of Subsection (a)(2), semester credit hours completed include transfer credit hours that count toward the person's undergraduate degree or certificate program course requirements but exclude:

(1) hours earned exclusively by examination;

(2) hours earned for a course for which the person received credit toward the person's high school academic requirements; and

(3) hours earned for developmental coursework that an institution of higher education required the person to take under Subchapter F-1, Chapter 51, or under the provisions of former Section 51.306 or former Section 51.3062.

A person may become eligible to receive an exemption or waiver in a subsequent semester or term if the person:

(1) completes a semester or term during which the person is not eligible for an exemption or waiver; and

(2) meets each requirement of Subsection (a), as applicable.

(1) a showing of a severe illness or other debilitating condition that could affect the student's academic performance;

provision of care could affect the student's academic performance;

(3) the student's active duty or other service in the United States armed forces or the student's active duty in the Texas National Guard; or

(4) any other cause considered acceptable by the institution.

(e) An institution of higher education shall maintain documentation of each exception granted to a student under Subsection (d).

(h) If sufficient money is not available to cover the full costs to the institutions of higher education of the exemptions provided for by this section, the Texas Higher Education Coordinating Board shall prorate the available funding to each institution for purposes of this section in proportion to the total amount the institution would otherwise be entitled to receive for purposes of this section. (1) permit the member's spouse or child to pay the

tuition, fees, and other charges provided for Texas residents without regard to the length of time that the spouse or child has resided in Texas if the spouse or child establishes residence in Texas by residing in Texas and by filing with the Texas institution of higher education at which the spouse or child plans to register a letter of intent to establish residence in Texas; and

Sec. 54.262. STUDENT SERVICES FEES; OPTIONAL WAIVER. (d) The coordinating board, after consultation with representatives of the governing boards of the institutions of higher education, shall formulate and prescribe a plan governing the admission and distribution of all applicants desiring to qualify under the provisions of this section.

If the rates specified are prohibited by federal law for any particular class of ex-servicemen or ex-service women, the tuition rate shall be set by the governing board, but shall not be less than the established rate for civilian students. If federal law provides as to any class of veterans that the tuition payments are to be deducted from subsequent benefits to which the veteran may be entitled, the institution shall refund to any veteran who is a resident of Texas within the meaning of this section the amount by which any adjusted compensation payment is actually reduced because of tuition payments made to the institution by the federal government for the veteran.

(g) The governing board of a public junior college, public technical institute, or public state college, as those terms are defined by Section [61.003](#), may establish a fee for extraordinary costs associated with a specific course or program and may provide

that the exemptions provided by this section do not apply to this fee.

(k) The Texas Veterans Commission by rule shall prescribe procedures to allow:

(1) the manner in which a person may waive the

exemption;

(2) the manner in which a child may be designated to receive the exemption;

(3) a procedure permitting the designation of a different child to receive the exemption if the child previously designated to receive the exemption did not use the exemption under this section for all of the assigned portion of credit hours;

(4) a method of documentation to enable institutions of higher education to determine the eligibility of the designated child to receive the exemption; and

(5) a procedure permitting a person who waived the exemption and designated a child to receive the exemption to revoke that designation as to any unused portion of the assigned credit hours.

(1) To be eligible to receive an exemption under Subsection (k), the child must:

(1) be a student who is classified as a resident under Subchapter B when the child enrolls in an institution of higher education;

(2) the other person claimed the person as a dependent on a federal income tax return filed for the preceding year or will claim the person as a dependent on a federal income tax return for the current year.

(n) The Texas Veterans Commission by rule shall prescribe

procedures by which a child assigned an exemption under Subsection (k) who suffered from a severe illness or other debilitating condition that affected the child's ability to use the exemption before reaching the age described by Subsection (1)(3) may be granted additional time to use the exemption corresponding to the time the child was unable to use the exemption because of the illness or condition.

(o) The Texas Higher Education Coordinating Board and the Texas Veterans Commission shall coordinate to provide each respective agency with any information required to ensure the proper administration of this section and the proper execution of each agency's statutory responsibilities concerning this section. If the person does not reside on the campus of the institution, the institution shall provide to the person a reasonable stipend to cover the costs of the person's lodging and board.

(h) The head of the department in which the eligible firefighter or law enforcement officer volunteered or was employed

at the time the firefighter or law enforcement officer sustained the injury shall file a certificate with the Texas Higher Education Coordinating Board on a form prepared by the board for the purpose. The institution shall return to the student the deposit, less any such amounts owed to the institution by the student. The deposit must be returned within a reasonable period after the date of the student's withdrawal or graduation from the institution, not to exceed 180 days, that provides the institution with sufficient time to identify all amounts owed and to determine that the student does not intend to enroll at the institution in the semester or summer session immediately following the student's withdrawal or graduation or, if the student withdraws or graduates in the spring semester, in the next fall semester.

Any general deposit which remains without call for refund for a period of four years from the date of last attendance of the student making the deposit shall be forfeited and become a part of the student deposit fund. This section does not prohibit refund of any balance remaining in a general deposit when made on proper demand and within the four-year limitation period. The governing board of the institution may require that no student withdraw the student's deposit until the student has graduated or has apparently withdrawn from school.

(b) The student deposit fund of an institution of higher education shall be used, at the discretion of the institution's governing board, for making scholarship awards to needy and deserving students of the institution and making grants under Subchapter C, Chapter 56, to resident students of the institution. The governing board shall administer the scholarship awards for the institution, including the selection of recipients and the amounts and conditions of the awards. The recipients of the scholarships must be residents of the state as defined for tuition purposes.

(c) Not later than August 31 of each fiscal year, each institution of higher education that has an unobligated and unexpended balance in its student deposit fund that exceeds 150 percent of the total deposits to that fund during that year shall remit to the Texas Higher Education Coordinating Board the amount of that excess. The coordinating board shall allocate on an equitable basis amounts received under this subsection to institutions of higher education that do not have an excess described by this subsection for deposit in their student deposit fund. The amount allocated under this subsection may be used only for making grants under Subchapter M, Chapter 56.

Added by Acts 1999, 76th Leg., ch. 1053, Sec. 2, eff. June 18, 1999.

Sec. 54.503. STUDENT SERVICES FEES. (a) For the purposes of this section:

(1) "Student services" means activities which are separate and apart from the regularly scheduled academic functions of the institution and directly involve or benefit students, including textbook rentals, recreational activities, health and hospital services, medical services, intramural and intercollegiate athletics, artists and lecture series, cultural entertainment series, debating and oratorical activities, student publications, student government, the student fee advisory committee, student transportation services other than services under Sections [54.504](#), [54.511](#), [54.512](#), and [54.513](#) of this code, and

any other student activities and services specifically authorized and approved by the governing board of the institution of higher education. The term does not include services for which a fee is charged under another section of this code.

(2) "Compulsory fee" means a fee that is charged to all students enrolled at the institution.

(3) "Voluntary fee" means a fee that is charged only to those students who make use of the student service for which the fee is established.

(b) The governing board of an institution of higher education may charge and collect from students registered at the institution fees to cover the cost of student services. The fee or fees may be either voluntary or compulsory as determined by the governing board. The total of all compulsory student services fees collected from a student at an institution of higher education other than The University of Texas at Austin or a component institution of the University of Houston System for any one semester or summer session shall not exceed \$250. All compulsory student services fees charged and collected under this section by the governing board of an institution of higher education, other than a public junior college, shall be assessed in proportion to the number of semester credit hours for which a student registers. No portion of the compulsory fees collected may be expended for parking facilities or services, except as related to providing shuttle bus services.

(c) The provisions of this section do not affect the building use fees or other special fees authorized by the legislature for any institution for the purpose of financing revenue bond issues.

(d) All money collected as student services fees shall be reserved and accounted for in an account or accounts kept separate and apart from educational and general funds of the institution and shall be used only for the support of student services. All the money shall be placed in a depository bank or banks designated by the governing board and shall be secured as required by law. Each year the governing board shall approve for the institution a separate budget for student activities and services financed by

fees authorized in this section. The budget shall show the fees to be assessed, the purpose or functions to be financed, the estimated income to be derived, and the proposed expenditures to be made. Copies of the budgets shall be filed annually with the coordinating board, the governor, the legislative budget board, and the state library.

(e) Repealed by Acts 2011, 82nd Leg., R.S., Ch. 359, Sec. 16(2), eff. January 1, 2012.

(f) If the total compulsory fee charged under this section is more than \$150, the increase does not take effect unless the increase is approved by a majority vote of the students voting in an election held for that purpose or by a majority vote of the student government at the institution. In subsequent years, an election authorizing a fee increase must be held before the fee can be increased by more than 10 percent of the fee approved at the last student election.

(g) If a student registers at more than one institution of higher education within a college or university system under concurrent enrollment provisions of joint or cooperative programs between institutions, the student shall pay all compulsory student services fees to the institution designated as the home institution under the joint or cooperative program. The governing board of the college or university system may waive the payment of all compulsory student services fees at the other institution or institutions.

(h) Except for Subsection (g) of this section, this section does not apply to The University of Texas at Austin or a component institution of the University of Houston System.

(i) General revenue appropriations, other educational and general income, and funds appropriated under Article VII, Section 17 or 18, of the Texas Constitution may be expended on a proportional use basis to support the services, activities, and facilities provided for in this section to the extent that the use of such funds is not otherwise restricted by the Texas Constitution or general law.

(b) The procedures prescribed by the president must:

(1) provide for notice of the date, hour, place, and subject of the meeting at least 72 hours before the meeting is convened; and

(2) require that the notice be:

(A) posted on the Internet; and

Sec. 54.5035. WAIVER OF FEES. (a) Except as provided by Subsection (c), the governing board of an institution of higher education may waive a mandatory or discretionary fee for a student if the board determines that the student is not reasonably able to participate in or use the activity, service, or facility for which the fee is charged.

(b) Except as provided by Subsection (c), the governing board of an institution of higher education may waive a mandatory or discretionary fee for a specific category of students if the board determines that the waiver is in the best interest of the institution or is critical to the viability of an academic initiative.

(c) The governing board must ensure that a waiver under this section does not result in the institution's inability to service a debt to which revenue from the fee is obligated or to support an activity, service, or facility for which the fee is charged.

(d) This section does not permit the governing board to waive payment of tuition or laboratory fees.

(e) The governing board may limit or prohibit a student's participation in or use of an activity, service, or facility supported by a fee that is waived for the student under this section.

Sec. 54.504. INCIDENTAL FEES. (a) The governing board of an institution of higher education may fix the rate of incidental fees to be paid to an institution under its governance by students and prospective students and may make rules for the collection of the fees and for the distribution of the funds, such funds to be accounted for as other designated funds. The rate of an incidental fee must reasonably reflect the actual cost to the university of the materials or services for which the fee is collected. In fixing such rate, the governing board may consult with a student fee advisory committee which the governing board may establish if such student committee does not presently exist.

(b) The board shall publish in the general catalog of the

university a description of the amount of each fee to be charged.

(c) In this section, "incidental fees" includes, without limitation, such fees as late registration fees, library fines, microfilming fees, thesis or doctoral manuscript reproduction or filing fees, bad check charges, application processing fees, and laboratory breakage charges, but does not include a fee for which a governing board makes a charge under the authority of any other provision of law.

Sec. 54.5041. ENVIRONMENTAL SERVICE FEE. (a) The governing board of an institution of higher education may charge each student enrolled at the institution an environmental service fee, if the fee has been approved by a majority vote of the students enrolled at the institution who participate in a general student election called for that purpose.

(b) Unless increased in accordance with Subsection (d), the amount of the fee may not exceed:

(1) \$5 for each regular semester or summer term of more than six weeks; or

(2) \$2.50 for each summer session of six weeks or less.

(c) The fee may be used only to:

(1) provide environmental improvements at the institution through services related to recycling, energy efficiency and renewable energy, transportation, employment, product purchasing, planning and maintenance, or irrigation; or

(2) provide matching funds for grants to obtain environmental improvements described by Subdivision (1).

(d) The amount of the fee may not be increased unless the increase has been approved by a majority vote of the students enrolled at the institution who participate in a general student election called for that purpose. The fee may not be increased under this subsection if the increase would result in a fee under this section in an amount that exceeds:

(1) \$10 for each regular semester or summer term of more than six weeks; or

(2) \$5 for each summer session of six weeks or less.

(e) An institution that imposes the environmental service fee may not use the revenue generated by the fee to reduce or replace other money allocated by the institution for environmental projects.

(f) Any fee revenue that exceeds the amount necessary to cover current operating expenses for environmental services and any interest generated from that revenue may be used only for purposes provided under Subsection (c).

(g) The fee is not considered in determining the maximum amount of student services fees that an institution of higher education may charge.

(h) The fee may not be charged after the fifth academic year in which the fee is first charged unless, before the end of that academic year, the institution has issued bonds payable in whole or in part from the fee, in which event the fee may not be charged after the academic year in which all such bonds, including refunding bonds for those bonds, have been fully paid.

Sec. 54.506. FEES AND CHARGES FOR SERVICES TO THE PUBLIC; THE UNIVERSITY OF HOUSTON SYSTEM. A schedule of minimum fees and charges shall be established by the board of regents of the University of Houston System for services performed by any department of a component institution for students and the public. The schedule shall conform to the fees and charges customarily made for like services in the community. By way of example, but not as a limitation, are services of the hearing clinic, optometry clinic, reading clinic, and data processing and computing center. Renumbered from Education Code Sec. 111.40 and amended by Acts 1987, 70th Leg., ch. 901, Sec. 8, eff. Aug. 31, 1987. Amended by Acts 1995, 74th Leg., ch. 823, Sec. 6, eff. Aug. 28, 1995.

Sec. 54.5061. STUDENT SERVICES FEES; THE UNIVERSITY OF HOUSTON SYSTEM. (a) In this section:

(1) "Student services" includes textbook rentals; recreational activities; health, hospital, and other medical services; group hospitalization; intramural and intercollegiate athletics; artists and lecture series and other cultural entertainment; debating and oratorical activities; student publications; student government; student fees advisory committees; student transportation services; and any other student activities and services specifically authorized and approved by the board; provided, however, that nothing herein shall affect the setting and collection of any other fee which may be charged under the specific authority of any other section of this code.

(2) "Compulsory fee" means a fee that is charged to all students enrolled at the component institution.

(3) "Voluntary fee" means a fee that is charged only to those students who make use of the student service for which the fee is established.

(b) Subject to Section [54.5062](#) of this code and Subsections (h) and (i) of this section, the Board of Regents of the University of Houston System may charge and collect from students registered at each component institution of the University of Houston System fees to cover the cost of student services that the board considers

necessary or desirable in carrying out the educational functions of each university. The governing board of the system is not required to set uniform fees or rates for component institutions.

(c) The board may make fees for a particular student service voluntary or compulsory.

(d) Any compulsory fees for student services charged under this section shall be assessed in proportion to the number of semester credit hours for which a student registers unless the rate of such fee is specifically established by law or authority and approval of the board to be a minimum amount to be charged to each student for any semester or summer term.

(e) Money collected as fees for student services shall be:

(1) reserved and accounted for in an account kept separate from educational and general funds of the university;

(2) used only for the support of student services;

(3) used only after the compulsory fees to be included in the student services fees budget have been considered as provided in this subchapter; and

(4) placed in a depository bank designated by the board and secured as provided by law.

(f) Each year the board shall approve for each university a separate budget for student activities and services financed by fees authorized by this section. The budget shall show the fees to be assessed, the purpose for which the fees will be used or the functions to be financed, the estimated income to be derived, and the proposed expenditures to be made. Copies of the budget shall be filed annually with the coordinating board, the governor, the Legislative Budget Board, and the state library.

(g) If payment of any compulsory fees authorized by this section would cause an undue financial hardship on a student, the board may waive all or part of the compulsory fees for that student. The number of students granted a waiver under this subsection may not exceed 10 percent of the total enrollment of the university. The board may limit the participation of a student in the activities financed by the fees waived in proportion to the extent of the waiver.

(h) If, in an academic year, the total compulsory fees

charged under this section are more than 10 percent higher than the previous year's compulsory fees, the increase is not effective unless approved by a majority vote of the students voting in an election called for that purpose or by a majority vote of the duly elected student government.

(i) The total of all compulsory fees charged under this section to students for any semester or summer session may not exceed \$150, unless prior approval has been granted by a majority vote of the students voting in an election called for that purpose or by a majority vote of the duly elected student government.

(j) General revenue appropriations, other educational and general income, and funds appropriated under Article VII, Section 17, of the Texas Constitution, may be expended on a proportional use basis to support the services, activities, and facilities provided for in this section to the extent that the use of such funds is not otherwise restricted by the constitution or general law.

(k) This section does not affect any special fees, including general use fees, that the legislature has authorized to finance revenue bond issues or any other fees authorized by law.

Added by Acts 1991, 72nd Leg., ch. 848, Sec. 2, eff. Aug. 26, 1991.

Sec. 54.5062. STUDENT FEES ADVISORY COMMITTEE; THE UNIVERSITY OF HOUSTON SYSTEM. (a) A student fees advisory committee is established at each component institution of the University of Houston System to advise the board of regents, presidents, and administration of the University of Houston System on the type, level, and expenditure of compulsory fees for student services collected at each component institution of the system under Section 54.5061 of this code. Each committee is composed of nine members.

(b) Five of the members of each student fees advisory committee shall be student members. The student members shall be generally representative of the student body and be enrolled in not less than six semester hours at the university. If a student government exists, the student members shall be selected by the student government of the university. The student members shall be selected and designated as appropriate so that three members of the

committee are serving terms of two years, and two members are serving terms of one year. If a student government does not exist, the students shall be elected by the students enrolled in the university. At each election, the appropriate number of students shall be elected for terms of appropriate length so that three are serving terms of two years, and two are serving terms of one year. Candidates shall file for either a one-year or a two-year position.

(c) The four remaining members of the student fees advisory committee shall be appointed by the president of the university and shall be generally representative of the total university community. Each member appointed by the president serves for a term of one year but may be reappointed.

(d) A student member who ceases to be a student may not continue to hold a student membership position. If a student vacancy occurs, the student government shall appoint a new member to serve for the remainder of the unexpired term. In the absence of student government or if the vacancy is in a position appointed by the president, the president of the university shall appoint a new member to serve for the remainder of the term.

(e) The committee shall conduct appropriate inquiry into the type, level, and expenditure of any compulsory fees to be charged under Section [54.5061](#) of this code and into the expenditure of money generated from those fees. The committee shall then meet with appropriate members of the university administration to submit a report recommending the type, level, and expenditure of compulsory fees to be charged to students in the academic year beginning with the following fall semester.

(f) The president shall duly consider the recommendations of the student fees advisory committee during the annual budgetary process. If the president's recommendations to the board of regents are substantially different from those of the student fees advisory committee, the administration shall so notify the student fees advisory committee. Such notification shall be in sufficient time for the committee to request an appearance at the board of regents meeting during which the president's recommendations will be considered. The administration shall provide to a student member designated by the student members of the committee, on that

student member's request, the most recent and complete recommendations of the president to the board.

Sec. 54.507. GROUP HOSPITAL AND MEDICAL SERVICES FEES; TEXAS A&M UNIVERSITY SYSTEM. (a) The Board of Regents of The Texas A&M University System may levy and collect from each student at any institution of higher education which is a part of The Texas A&M University System a compulsory group hospital and medical services fee not to exceed \$75 for each regular semester and not to exceed \$25 for each term of each summer session. The compulsory group hospital and medical services fee may not be levied unless the levy of the fee has been approved by a majority vote of those students at the affected institution participating in a general student election called for that purpose.

(b) In addition to the fee authorized under Subsection (a) of this section, the Board of Regents of The Texas A&M University System may levy and collect from each student registered at Prairie View A&M University a supplemental group hospital and medical services fee not to exceed \$30 for each regular semester and not to exceed \$12.50 for each term of the summer session. The supplemental group hospital and medical services fee may not be levied unless the levy of the fee has been approved by a majority vote of the students registered at Prairie View A&M University participating in a general election called for that purpose.

(c) A fee levied under this section at a component institution of The Texas A&M University System may be used only to provide hospital or other medical services to students registered at that component institution.

(d) If, in an academic year, the total compulsory fee charged under this section is more than 10 percent higher than the compulsory fee charged under this section for the previous academic year, the increase does not take effect unless the increase is approved by a majority vote of the students voting in an election held for that purpose.

(e) If, in an academic year, the total compulsory fee charged under this section is proposed to be increased by an amount

less than 10 percent over that charged in the previous academic year, the Board of Regents of The Texas A&M University System may, in lieu of an election, hold a public meeting on the increase prior to its taking effect in which students have the opportunity to comment.

(f) An election under this section must also permit the students to vote on whether hospital and medical services should be provided to students at the institution by the institution or by a private entity. The vote by the students on the responsibility for provision of hospital and medical services to students at the institution is not binding on the institution.

(c) A medical services fee charged under this section may be used only to provide medical services to students enrolled at a component institution of the Texas Tech University System.

(d) A medical services fee charged under this section is in addition to any other fee the board is authorized by law to charge.

(e) The board may not increase the amount of the medical services fee charged at a component institution of the Texas Tech University System by more than 10 percent from one academic year to the next unless the increase is approved by a majority of the students of the institution voting in a general student election

held for that purpose.

a fee may be charged under the specific authority of any other section of this code;

(2) "compulsory fee" means a fee that is charged to all students enrolled in the university; and

(3) "voluntary fee" means a fee that is charged only to those students who make use of the student service for which the fee is established.

(b) Subject to Section 54.514 of this subchapter and subsections (j) and (k) of this section, the board of regents of The University of Texas System may charge and collect from students registered at The University of Texas at Austin fees to cover the cost of student services that the board considers necessary or desirable in carrying out the educational functions of the university.

(c) The board may make fees for a particular student service voluntary or compulsory.

(d) Except for fees allocated for hospital and health services, any compulsory fees for student services charged under this section shall be assessed in proportion to the number of semester credit hours for which a student registers.

(e) No portion of the compulsory fees collected may be expended for parking services or facilities except as related to providing shuttle bus services.

(f) Money collected as fees for student services shall be:

(1) reserved and accounted for in an account kept separate from educational and general funds of the university;

The number of students granted a waiver under this subsection may not exceed 10 percent of the total enrollment of the university. The board may limit the participation of a student in the activities financed by the fees waived in proportion to the extent of the waiver.

(i) If the total compulsory fee charged under this section is more than \$150, the increase does not take effect unless the increase is approved by a majority vote of the students voting in an election held for that purpose or by a majority vote of the duly elected student government. In subsequent years, an election authorizing a fee increase must be held before the fee can be increased by more than 10 percent of the fee approved at the last student election.

(j) The total of all compulsory fees charged under this section to students for any semester or summer session may not exceed \$250.

(k) General revenue funds appropriated for the element of cost "physical plant operation or maintenance" may be used to support the services and activities provided for in this section:

(2) when the service or activity takes place in or on a facility the substantial use of which has been dedicated by the board for educational and general activities.

Sec. 54.6001. PUBLIC PURPOSE. An educated population being necessary to the social development and economic health of this state, the legislature finds and declares it to be an urgent public necessity to assist young Texans in obtaining a higher education. Because the state's population is rapidly growing and is diverse, the state is required to use all of the higher education facilities and resources within the state, both public and private, to provide a wide variety of educational environments and instructional options and to preserve the partnership between the state and private or independent institutions of higher education and between the state and career schools and colleges, as defined by Section 132.001, that offer a two-year associate degree as approved by the Texas Higher Education Coordinating Board. Therefore, the prepaid higher education tuition program is established to help Texas students attend the institution that best meets their individual

The percentage shall be based on the total cost of required tuition and fees at a particular general academic teaching institution or two-year institution of higher education in relation to the amount determined for the institution with the highest cost or weighted average cost, as applicable. The purchase price established for each type of unit must be equal to the applicable cost of tuition and required fees as determined under this section for the most recent academic year that began before the beginning of the sales period. The sales period to which those prices apply expires on the first anniversary of the date the units become available for purchase at the prices established for that year.

(c-1) On or before June 1, each general academic teaching institution and each two-year institution of higher education shall annually provide information for the next fall semester to the board in a format requested by the board, to assist the board in determining tuition unit sales prices for the next sales period and

redemption values for the next academic year.

(d) The board shall base the purchase price of a Type I tuition unit on one percent of the cost of the undergraduate resident tuition and required fees for the applicable academic year at the general academic teaching institution with the highest such tuition and fee cost for that academic year.

(e) The board shall base the purchase price of a Type II tuition unit on one percent of the cost of the weighted average general academic teaching institution undergraduate resident tuition and required fees for the applicable academic year. That cost is determined by:

(1) for each general academic teaching institution, multiplying the average amount of the institution's undergraduate resident tuition and required fees for an academic year consisting of 30 semester credit hours by the number of full-time equivalent undergraduate resident students at that institution;

(2) adding together the products computed under Subdivision (1) for each institution; and

(3) dividing the sum determined under Subdivision (2) by the total number of full-time equivalent undergraduate resident students at all general academic teaching institutions.

(f) The board shall base the purchase price of a Type III tuition unit on one percent of the cost of the weighted average two-year institution of higher education undergraduate resident tuition and required fees for the applicable academic year, disregarding any portion of the tuition charged by a public junior college to a resident of this state who does not reside within the taxing jurisdiction of the junior college. That cost is determined by:

(1) for each two-year institution of higher education, multiplying the average amount of the institution's undergraduate resident tuition and required fees for an academic year consisting of 30 semester credit hours by the number of full-time equivalent undergraduate resident students at that institution;

(2) adding together the products computed under Subdivision (1) for each institution; and

(3) dividing the sum determined under Subdivision (2)

by the total number of full-time equivalent undergraduate resident students at all two-year institutions of higher education.

(g) The total amount paid under a prepaid tuition contract on behalf of a single beneficiary may not exceed any limit established on the amount by Section 529, Internal Revenue Code of 1986. The board shall establish, in compliance with Section 529, Internal Revenue Code of 1986, the minimum amount that the purchaser is required to pay under the contract on behalf of a single beneficiary.

(h) At the time of the establishment of the account to which a purchaser's prepaid tuition contract money is assigned, the board may impose an administrative fee not to exceed \$25. Money from that fee must be used directly in maintaining the actuarial soundness of the fund as required by Section 54.770. The board may not impose any other fee or charge in connection with the sale of a tuition unit.

Sec. 54.754. REDEMPTION OF TUITION UNITS. (a) In accordance with this subchapter, when a beneficiary under a prepaid tuition contract redeems one or more tuition units to pay costs of tuition and required fees, the board shall apply money in the fund, in the amount provided by Section 54.765 to pay all or the applicable portion of the costs of the beneficiary's tuition and required fees at the general academic teaching institution, two-year institution of higher education, private or independent institution of higher education, medical and dental unit, career school, accredited out-of-state institution of higher education, or registered apprenticeship program in which the beneficiary

enrolls. Subject to Subsection (b)(2) and the other provisions of this section, a beneficiary may redeem any type of tuition unit for attendance at an institution, unit, school, or program described by this section. A general academic teaching institution or two-year institution of higher education shall accept the amount transferred to the institution under Section 54.765(c) when the unit or units are redeemed as payment for all or the applicable portion of the beneficiary's tuition and required fees.

(b) To pay for the entire cost of undergraduate resident tuition and required fees for an academic year consisting of 30 semester credit hours, redemption of 100 Type I tuition units is required at the general academic teaching institution with the highest tuition and fee cost as described by Section 54.753(d), redemption of 100 Type II tuition units is required at a general academic teaching institution with the applicable tuition and fee cost at the weighted average as described by Subsection (e) of that section, and redemption of 100 Type III units is required at a two-year institution of higher education with the applicable tuition and fee cost at the weighted average as described by Subsection (f) of that section. The number of tuition units that must be redeemed to pay for the entire cost of tuition and required fees for an academic year at another general academic teaching institution or two-year institution of higher education may be higher or lower:

(1) in proportion to the amount that the cost of tuition and required fees at that institution is higher or lower than the amount determined for the institution with the highest cost or weighted average cost, as applicable; or

(2) if a more or less valuable type of tuition unit is redeemed.

(c) To assist purchasers in determining the number of tuition units a beneficiary must redeem to cover the costs of tuition and required fees at general academic teaching institutions and two-year institutions of higher education, each year the board shall prepare a tuition unit redemption chart and shall post the chart on an Internet website. The chart must show for each general academic teaching institution and for each two-year institution of

higher education the number of each type of units purchased that year that would be required to cover the cost of tuition and required fees, based on an academic year consisting of 30 semester credit hours.

(d) If a beneficiary redeems fewer tuition units of the type or combination of types necessary to pay the total cost of the beneficiary's tuition and required fees at the general academic teaching institution, two-year institution of higher education, private or independent institution of higher education, medical and dental unit, career school, accredited out-of-state institution of higher education, or registered apprenticeship program at which the beneficiary enrolls, the beneficiary is responsible for paying the amount of the difference between the amount of tuition and required fees for which the beneficiary pays through the redemption of one or more tuition units and the total cost of the beneficiary's tuition and required fees at the institution, unit, school, or program.

(d-1) A beneficiary who redeems one or more Type III tuition units to attend a public junior college and who does not reside within the taxing jurisdiction of the junior college is responsible for paying any portion of the tuition charged by the junior college to persons who do not reside within that taxing jurisdiction.

(e) If the beneficiary redeems fewer tuition units to pay the cost of tuition and required fees than the number of units purchased on behalf of the beneficiary under a prepaid tuition contract, other than to defer redemption as permitted in accordance with Section [54.758](#), the purchaser may:

(1) redeem for cash the amount of the purchase price of the excess units, plus annual interest earned on that money, accrued at a rate set by the board not to exceed five percent annually; or

(2) transfer the remaining units to another beneficiary in accordance with this subchapter.

(f) A beneficiary or purchaser may not redeem a tuition unit earlier than the third anniversary of the date the unit was purchased.

(c) A prepaid tuition contract may provide for the purchase of additional tuition units in subsequent years at the then-current price of the additional units.

Added by Acts 2007, 80th Leg., R.S., Ch. 1281 (H.B. 3900), Sec. 1, eff. June 15, 2007.

(b) In accordance with applicable provisions of Section 529, Internal Revenue Code of 1986, a purchaser is the owner of the account to which the purchaser's prepaid tuition contract money is assigned.

(c) At the time the purchaser enters into a prepaid tuition

contract, the beneficiary of the contract must be:

(1) a resident of this state at the time the purchaser enters into the contract; or

(2) a nonresident who is the child of a parent who is a resident of this state at the time that parent enters into the contract.

(d) For purposes of Subsection (c), the board may require a reasonable period of residence in this state for a beneficiary or the parent of a beneficiary.

(e) Notwithstanding any provision of Subchapter B, the tuition and required fees charged by a general academic teaching institution or two-year institution of higher education that are paid for with tuition units shall be determined as if the beneficiary of that contract were a resident student.

Sec. 54.757. CONTRACT PAYMENT. (a) The board may provide for the receipt of payment under prepaid tuition contracts in lump sums or installment payments. If the board allows payments under a contract to be made in installments over a period longer than one year, the board must provide for a plan that permits those payments to be made in single annual installments in addition to any other permitted installment plans.

(b) A purchaser may make payments under a prepaid tuition contract by an electronic funds transfer.

(c) An employee of this state or a political subdivision of this state may make payments under a prepaid tuition contract by payroll deductions made by the appropriate officer of the state or political subdivision. The board shall implement procedures to facilitate payments under this subsection.

Sec. 54.758. DEFERRED USE OF PREPAID CREDIT HOURS. (a) A

prepaid tuition contract must permit the beneficiary to elect to pay from a source other than tuition units purchased under the contract the beneficiary's tuition and required fees for some or all of the tuition and required fees to which the beneficiary is entitled to payment under the contract, and to defer to a subsequent semester or other academic term the right to payment of the beneficiary's tuition and required fees by using tuition units remaining under the contract.

(b) This section does not affect the date on which a prepaid tuition contract terminates under this subchapter and does not give the beneficiary the right to a payment under the contract after termination of the contract.

The new beneficiary must meet the requirements of Section 529, Internal Revenue Code of 1986, to prevent the change of beneficiary from being treated as a distribution under that law.

(b) The board may adjust the terms of the contract so that the purchaser is required to pay the amount the purchaser would have been required to pay had the purchaser originally designated the new beneficiary as the beneficiary, taking into account any payments made before the date the designation is changed.
