SUBCHAPTER D. INVESTIGATIONS

The following section was amended by the 89th Legislature. Pending publication of the current statutes, see S.B. 571, 89th Legislature, Regular Session, for amendments affecting the following section.

Sec. 261.301. INVESTIGATION OF REPORT. (a) With assistance from the appropriate state or local law enforcement

agency as provided by this section, the department shall make a prompt and thorough investigation of a report of child abuse or neglect allegedly committed by a person responsible for a child's care, custody, or welfare. The investigation shall be conducted without regard to any pending suit affecting the parent-child relationship.

(b) A state agency shall investigate a report that alleges abuse, neglect, or exploitation occurred in a facility operated, licensed, certified, or registered by that agency as provided by Subchapter E. In conducting an investigation for a facility operated, licensed, certified, registered, or listed by the department, the department shall perform the investigation as provided by:

- (1) Subchapter E; and
- (2) the Human Resources Code.

(c) The department is not required to investigate a report that alleges child abuse, neglect, or exploitation by a person other than a person responsible for a child's care, custody, or welfare. The appropriate state or local law enforcement agency shall investigate that report if the agency determines an investigation should be conducted.

(d) The executive commissioner shall by rule assign priorities and prescribe investigative procedures for investigations based on the severity and immediacy of the alleged harm to the child. The primary purpose of the investigation shall be the protection of the child. The rules must require the department, subject to the availability of funds, to:

(1) immediately respond to a report of abuse and neglect that involves circumstances in which the death of the child or substantial bodily harm to the child would result unless the department immediately intervenes;

(2) respond within 24 hours to a report of abuse and neglect that is assigned the highest priority, other than a report described by Subdivision (1); and

(3) respond within 72 hours to a report of abuse and neglect that is assigned the second highest priority.

(e) As necessary to provide for the protection of the child,

the department shall determine:

- (1) the nature, extent, and cause of the abuse or neglect;
- (2) the identity of the person responsible for the abuse or neglect;
- (3) the names and conditions of the other children in the home;
- (4) an evaluation of the parents or persons responsible for the care of the child;
- (5) the adequacy of the home environment;
- (6) the relationship of the child to the persons responsible for the care, custody, or welfare of the child; and
- (7) all other pertinent data.

(f) An investigation of a report to the department that alleges that a child has been or may be the victim of conduct that constitutes a criminal offense that poses an immediate risk of physical or sexual abuse of a child that could result in the death of or serious harm to the child shall be conducted jointly by a peace officer, as defined by Article [2A.001](#), Code of Criminal Procedure, from the appropriate local law enforcement agency and the department or the agency responsible for conducting an investigation under Subchapter E.

(g) The inability or unwillingness of a local law enforcement agency to conduct a joint investigation under this section does not constitute grounds to prevent or prohibit the department from performing its duties under this subtitle. The department shall document any instance in which a law enforcement agency is unable or unwilling to conduct a joint investigation under this section.

(h) The department and the appropriate local law enforcement agency shall conduct an investigation, other than an investigation under Subchapter E, as provided by this section and Article [2A.057](#), Code of Criminal Procedure, if the investigation is of a report that alleges that a child has been or may be the victim of conduct that constitutes a criminal offense that poses an immediate risk of physical or sexual abuse of a child that could result in the death of or serious harm to the child. Immediately on

receipt of a report described by this subsection, the department shall notify the appropriate local law enforcement agency of the report.

(i) If at any time during an investigation of a report of child abuse or neglect to which the department has assigned the highest priority the department is unable to locate the child who is the subject of the report of abuse or neglect or the child's family, the department shall notify the Department of Public Safety that the location of the child and the child's family is unknown. If the Department of Public Safety locates the child and the child's family, the Department of Public Safety shall notify the department of the location of the child and the child's family.

(j) In geographic areas with demonstrated need, the department shall designate employees to serve specifically as investigators and responders for after-hours reports of child abuse or neglect.

(k) In an investigation of a report of abuse or neglect allegedly committed by a person responsible for a child's care, custody, or welfare, the department shall determine whether the person is an active duty member of the United States armed forces or the spouse of a member on active duty. If the department determines the person is an active duty member of the United States armed forces or the spouse of a member on active duty, the department shall notify the United States Department of Defense Family Advocacy Program at the closest active duty military installation of the investigation.

(l) After the 60th day after the date an investigation is closed, the department may not reopen the investigation or change the department's finding in the investigation to find abuse or neglect occurred. Before the 60th day after the date an investigation is closed, the department may reopen a closed investigation and change the department's finding in the investigation only for good cause shown. The commissioner by rule shall establish procedures for reopening a closed investigation as authorized by this section.

Sec. 261.3011. JOINT INVESTIGATION GUIDELINES AND TRAINING.

(a) The department shall, in consultation with the appropriate law enforcement agencies, develop guidelines and protocols for joint investigations by the department and the law enforcement agency under Section 261.301. The guidelines and protocols must:

(1) clarify the respective roles of the department and law enforcement agency in conducting the investigation;

(2) require that mutual child protective services and law enforcement training and agreements be implemented by both

entities to ensure the integrity and best outcomes of joint investigations; and

(3) incorporate the use of forensic methods in determining the occurrence of child abuse and neglect.

(b) The department shall collaborate with law enforcement agencies to provide to department investigators and law enforcement officers responsible for investigating reports of abuse and neglect joint training relating to methods to effectively conduct joint investigations under Section 261.301. The training must include information on interviewing techniques, evidence gathering, and testifying in court for criminal investigations, as well as instruction on rights provided by the Fourth Amendment to the United States Constitution.

Added by Acts 2005, 79th Leg., Ch. 268 (S.B. 6), Sec. 1.17, eff. September 1, 2005.

Sec. 261.3013. CASE CLOSURE AGREEMENTS PROHIBITED.

(a) Except as provided by Subsection (b), on closing a case, the department may not enter into a written agreement with a child's parent or another adult with whom the child resides that requires the parent or other adult to take certain actions after the case is closed to ensure the child's safety.

(b) This section does not apply to an agreement that is entered into by a parent or other adult:

(1) following the removal of a child and that is subject to the approval of a court with continuing jurisdiction over the child;

(2) as a result of the person's participation in family group conferencing; or

(3) as part of a formal case closure plan agreed to by the person who will continue to care for a child as a result of a parental child safety placement.

(c) The department shall develop policies to guide caseworkers in the development of case closure agreements authorized under Subsections (b)(2) and (3).

Added by Acts 2011, 82nd Leg., R.S., Ch. 598 (S.B. 218), Sec. 1, eff. September 1, 2011.

Sec. 261.3015. ALTERNATIVE RESPONSE SYSTEM. (a) In assigning priorities and prescribing investigative procedures based on the severity and immediacy of the alleged harm to a child under Section 261.301(d), the department shall establish an alternative response system to allow the department to make the most effective use of resources to investigate and respond to reported cases of abuse and neglect.

(b) Notwithstanding Section 261.301, the department may, in accordance with this section and department rules, conduct an alternative response to a report of abuse or neglect if the report does not:

- (1) allege sexual abuse of a child;
- (2) allege abuse or neglect that caused the death of a child; or
- (3) indicate a risk of serious physical injury or immediate serious harm to a child.

(c) The department may administratively close a reported case of abuse or neglect without completing the investigation or alternative response and without providing services or making a referral to another entity for assistance if the department determines, after contacting a professional or other credible source, that the child's safety can be assured without further investigation, response, services, or assistance.

(d) In determining how to classify a reported case of abuse or neglect under the alternative response system, the child's safety is the primary concern. The classification of a case may be changed as warranted by the circumstances.

(e) An alternative response to a report of abuse or neglect must include:

- (1) a safety assessment of the child who is the subject of the report;
- (2) an assessment of the child's family; and
- (3) in collaboration with the child's family, identification of any necessary and appropriate service or support to reduce the risk of future harm to the child.

(f) An alternative response to a report of abuse or neglect

may not include a formal determination of whether the alleged abuse or neglect occurred.

(g) The department may implement the alternative response in one or more of the department's administrative regions before implementing the system statewide. The department shall study the results of the system in the regions where the system has been implemented in determining the method by which to implement the system statewide.

Sec. 261.3016. TRAINING OF PERSONNEL RECEIVING REPORTS OF ABUSE AND NEGLECT. The department shall develop, in cooperation with local law enforcement officials and the Commission on State Emergency Communications, a training program for department personnel who receive reports of abuse and neglect. The training program must include information on:

(1) the proper methods of screening reports of abuse and neglect; and

(2) ways to determine the seriousness of a report, including determining whether a report alleges circumstances that could result in the death of or serious harm to a child or whether the report is less serious in nature.

Sec. 261.3017. CONSULTATION WITH PHYSICIAN NETWORKS AND SYSTEMS REGARDING CERTAIN MEDICAL CONDITIONS. (a) In this section:

(1) "Network" means the Forensic Assessment Center Network.

(2) "System" means the entities that receive grants under the Texas Medical Child Abuse Resources and Education System (MEDCARES) authorized by Chapter [1001](#), Health and Safety Code.

(b) Any agreement between the department and the network or between the Department of State Health Services and the system to provide assistance in connection with abuse and neglect investigations conducted by the department must require the network and the system to have the ability to obtain consultations with physicians licensed to practice medicine in this state and board certified in the relevant field or specialty, including radiologists, geneticists, orthopedists, and endocrinologists, to diagnose and treat certain unique health conditions, including:

- (1) rickets;
- (2) Ehlers-Danlos Syndrome;
- (3) osteogenesis imperfecta;
- (4) vitamin D deficiency; and
- (5) other medical conditions that mimic child maltreatment or increase the risk of misdiagnosis of child maltreatment.

(c) During an abuse or neglect investigation authorized by this subchapter or an assessment provided under Subsection (b), the department shall refer the child's case for a specialty consultation if:

- (1) the department determines the child requires a specialty consultation with a physician;
- (2) the child's primary care physician or other primary health care provider who provided health care or treatment or otherwise evaluated the child recommends a specialty

consultation; or

(3) the child's parent or legal guardian or, if represented by an attorney, the attorney of the parent or legal guardian requests a specialty consultation.

(c-1) For a case in which a specialty consultation is required by Subsection (c), the department shall refer the case to a physician who:

(1) is licensed to practice medicine in this state under Subtitle B, Title 3, Occupations Code;

(2) is board certified in a field or specialty relevant to diagnosing and treating the conditions described by Subsection (b); and

(3) was not involved with the report of suspected abuse or neglect.

(c-2) Before referring a child's case under Subsection (c), the department shall provide to the child's parent or legal guardian or, if represented by an attorney, the attorney of the parent or legal guardian written notice of the name, contact information, and credentials of the specialist. The parent, legal guardian, or attorney, as applicable, may object to the proposed referral and request referral to another specialist. The department and the parent, legal guardian, or attorney, as applicable, shall collaborate in good faith to select an acceptable specialist from the proposed specialists; however the department may refer the child's case to a specialist over the objection of the parent, legal guardian, or attorney.

(d) In providing assessments to the department as provided by Subsection (b), the network and the system must use a blind peer review process to resolve cases where physicians in the network or system disagree in the assessment of the causes of a child's injuries or in the presence of a condition listed under Subsection (b).

(e) This section may not be construed to prohibit a child's parent or legal guardian or, if represented by an attorney, the attorney of the parent or legal guardian from otherwise obtaining an alternative opinion at the parent's, legal guardian's, or attorney's, as applicable, own initiative and expense. The

department shall accept and consider an alternative opinion obtained and provided under this section and shall document its analysis and determinations regarding the opinion.

Sec. 261.30175. MITIGATION OF PROVIDER CONFLICTS IN ABUSE OR NEGLECT INVESTIGATION CONSULTATIONS. (a) In this section:

(1) "Forensic assessment" means a medical examination, psychosocial evaluation, medical case review, specialty evaluation, or other forensic evaluation service conducted by a physician under Section [261.3017](#) in connection with any investigation of a suspected case of abuse or neglect for the primary purpose of providing the department, law enforcement, or the court with expert advice, recommendations, or testimony on the case.

(2) "Health care practitioner" means an individual licensed, certified, or otherwise authorized to administer health care services in the ordinary course of business or professional practice. The term includes a physician, medical student, resident physician, child abuse fellow, advanced practice registered nurse, nurse, and physician assistant.

(3) "Network" has the meaning assigned by Section [261.3017](#).

(4) "System" has the meaning assigned by Section [261.3017](#).

(b) A health care practitioner who reports suspected abuse or neglect of a child may not provide forensic assessment services in connection with an investigation resulting from the report. This subsection applies regardless of whether the

practitioner is a member of the network or system.

(c) When referring a case for forensic assessment, the department shall refer the case to a physician authorized to practice medicine in this state under Subtitle B, Title 3, Occupations Code, who was not involved with the report of suspected abuse or neglect.

(d) This section may not be construed to:

(1) prohibit the department from interviewing the health care practitioner in the practitioner's capacity as a principal or collateral source; or

(2) otherwise restrict the department's ability to conduct an investigation as provided by this subchapter.

Added by Acts 2021, 87th Leg., R.S., Ch. 1047 (S.B. [1578](#)), Sec. 3, eff. September 1, 2021.

Sec. 261.3018. ABBREVIATED INVESTIGATION AND ADMINISTRATIVE CLOSURE OF CERTAIN CASES. (a) A department caseworker may refer a reported case of child abuse or neglect to a department supervisor for abbreviated investigation or administrative closure at any time before the 60th day after the date the report is received if:

(1) there is no prior report of abuse or neglect of the child who is the subject of the report;

(2) the department has not received an additional report of abuse or neglect of the child following the initial report;

(3) after contacting a professional or other credible source, the caseworker determines that the child's safety can be assured without further investigation, response, services, or assistance; and

(4) the caseworker determines that no abuse or neglect occurred.

(b) A department supervisor shall review each reported case of child abuse or neglect that has remained open for more than 60 days and administratively close the case if:

(1) the supervisor determines that:

(A) the circumstances described by Subsections

(a)(1)-(4) exist; and

(B) closing the case would not expose the child to an undue risk of harm; and

(2) the department director grants approval for the administrative closure of the case.

(c) A department supervisor may reassign a reported case of child abuse or neglect that does not qualify for abbreviated investigation or administrative closure under Subsection (a) or (b) to a different department caseworker if the supervisor determines that reassignment would allow the department to make the most effective use of resources to investigate and respond to reported cases of abuse or neglect.

(d) The executive commissioner shall adopt rules necessary to implement this section.

(e) In this section, "professional" means an individual who is licensed or certified by the state or who is an employee of a facility licensed, certified, or operated by the state and who, in the normal course of official duties or duties for which a license or certification is required, has direct contact with children. Redesignated from Family Code, Section 261.3017 by Acts 2019, 86th Leg., R.S., Ch. 467 (H.B. 4170), Sec. 21.001(14), eff. September 1, 2019.

Sec. 261.302. CONDUCT OF INVESTIGATION. (a) The investigation may include:

(1) a visit to the child's home, unless the alleged abuse or neglect can be confirmed or clearly ruled out without a home visit; and

(2) an interview with and examination of the subject child, which may include a medical, psychological, or psychiatric examination.

(b) The interview with and examination of the child may:

(1) be conducted at any reasonable time and place, including the child's home or the child's school;

(2) include the presence of persons the department determines are necessary; and

(3) include transporting the child for purposes relating to the interview or investigation.

(b-1) Before the department may transport a child as provided by Subsection (b)(3), the department shall attempt to notify the parent or other person having custody of the child of the transport.

(c) The investigation may include an interview with the child's parents and an interview with and medical, psychological, or psychiatric examination of any child in the home.

(d) If, before an investigation is completed, the investigating agency believes that the immediate removal of a child from the child's home is necessary to protect the child from further abuse or neglect, the investigating agency shall file a petition or take other action under Chapter 262 to provide for the temporary care and protection of the child.

(e) An interview with a child in which the allegations of the current investigation are discussed and that is conducted by the department during the investigation stage shall be audiotaped or videotaped unless:

(1) the recording equipment malfunctions and the malfunction is not the result of a failure to maintain the equipment or bring adequate supplies for the equipment;

(2) the child is unwilling to allow the interview to be recorded after the department makes a reasonable effort consistent with the child's age and development and the circumstances of the case to convince the child to allow the recording; or

(3) due to circumstances that could not have been reasonably foreseen or prevented by the department, the department does not have the necessary recording equipment because the department employee conducting the interview does not ordinarily conduct interviews.

(e-1) An interview with a child alleged to be a victim of

physical abuse or sexual abuse conducted by an investigating agency other than the department shall be audiotaped or videotaped unless the investigating agency determines that good cause exists for not audiotaping or videotaping the interview in accordance with rules of the agency. Good cause may include, but is not limited to, such considerations as the age of the child and the nature and seriousness of the allegations under investigation. Nothing in this subsection shall be construed as prohibiting the investigating agency from audiotaping or videotaping an interview of a child on any case for which such audiotaping or videotaping is not required under this subsection. The fact that the investigating agency failed to audiotape or videotape an interview is admissible at the trial of the offense that is the subject of the interview.

(f) A person commits an offense if the person is notified of the time of the transport of a child by the department and the location from which the transport is initiated and the person is present at the location when the transport is initiated and attempts to interfere with the department's investigation. An offense under this subsection is a Class B misdemeanor. It is an exception to the application of this subsection that the department requested the person to be present at the site of the transport.

- (1) investigating a report of child abuse or neglect;
- (2) providing protective services to a family receiving family-based support services; or
- (3) providing protective services to the family of a child in the managing conservatorship of the department.

(b) If the department is unable to locate a child or the child's family for a purpose described by Subsection (a) after the department has attempted to locate the child for not more than 20 days, the department shall notify the Texas Department of Public Safety that the department is unable to locate the child or the child's family. The notice must include the information required by Subsections (c)(1)-(10).

(b) A person's failure to report to an agency authorized to investigate abuse or neglect of a child within a reasonable time after receiving proper notice constitutes a refusal by the person to cooperate with the department's investigation. A summons may be issued to locate the person.
