(b) If during the course of the department's investigation of reported abuse, neglect, or exploitation a caseworker of the department or the caseworker's supervisor has cause to believe that a person with a disability who is a resident or client of a state supported living center or the ICF-IID component of the Rio Grande State Center has been abused, neglected, or exploited by another person in a manner that constitutes a criminal offense under any law, including Section 22.04, Penal Code, in addition to the report to the appropriate law enforcement agency required by Subsection
Sec. 48.1523. MANAGEMENT REVIEW FOLLOWING CERTAIN INVESTIGATIONS. (b) The department is exempt from the payment of a fee otherwise required or authorized by law to obtain a financial record from a person, agency, or institution or a medical record, including a mental health record, from a hospital or health care provider if the request for a record is made in the course of an investigation by the department.

(c) If the department or another state agency cannot obtain access to a record or document that is necessary to properly conduct an investigation or to perform another duty under this chapter, the department or state agency may petition the probate court or the statutory or constitutional county court having probate jurisdiction for access to the record or document.

(2) what services are needed;
(3) whether services are available from the department, from the state agency, or in the community and how they can be provided;

(b) If the department or state agency, as appropriate, determines under Subsection (a)(1) that a person needs protective services, the department or agency shall, in determining how those services can be provided as required by Subsection (a)(3), determine whether the person may be eligible for community-based long-term services and supports and whether those services and supports are available. If the person is eligible for those services and supports, but the services and supports are not immediately available, the department or state agency shall ensure that the person is placed on an appropriate waiting list for the services and supports and that the person's abuse, neglect, or exploitation is resolved before the department closes the case.

Sec. 48.208. EMERGENCY ORDER FOR PROTECTIVE SERVICES. (a) For purposes of this section, a person lacks the capacity to consent to receive protective services if, because of mental or physical impairment, the person is incapable of understanding the nature of the services offered and agreeing to receive or rejecting
(b) If the department determines that an elderly person or person with a disability is suffering from abuse, neglect, or exploitation presenting a threat to life or physical safety, that the person lacks capacity to consent to receive protective services, and that no consent can be obtained, the department may petition the probate or statutory or constitutional county court that has probate jurisdiction in the county in which the person resides for an emergency order authorizing protective services.

(c) The petition shall be verified and shall include:

1. the name, age, and address of the elderly person or person with a disability who needs protective services;
2. the nature of the abuse, neglect, or exploitation;
3. the services needed; and
4. a medical report signed by a physician stating that the person is suffering from abuse, neglect, or exploitation presenting a threat to life or physical safety and stating that the person is physically or mentally incapable of consenting to services unless the court finds that an immediate danger to the person's health or safety exists and there is not sufficient time to obtain the medical report.

(c-1) Notwithstanding Subsection (c)(4), in lieu of a medical report described by Subsection (c)(4), the petition may include an assessment of the health status of the elderly person or person with a disability as described by Subsection (c-2) or psychological status as described by Subsection (c-3), or a medical opinion of the person's health status as described by Subsection (c-4), if the department determines, after making a good faith effort, that a physician from whom the department may obtain the medical report is unavailable. The department shall ensure that the person who performs an assessment of the health or psychological status of the elderly person or person with a disability has training and experience in performing the applicable assessment.

(c-2) Except as provided by Subsection (c-4), an assessment of the health status of the elderly person or person with a disability must be performed by a physician assistant or advanced
practice nurse. The person performing the assessment shall sign a report stating:

(1) that the elderly person or person with a disability is reported to be suffering from abuse, neglect, or exploitation, which may present a threat to the person's life or physical safety;

(2) whether the elderly person or person with a disability has provided the person's medical history to the physician assistant or advanced practice nurse, as applicable; and

(3) that in the professional opinion of the physician assistant or advanced practice nurse, as applicable, the issuance of an emergency order authorizing protective services without the consent of the elderly person or person with a disability is necessary under the circumstances.

(c-3) An assessment of the psychological status of the elderly person or person with a disability must be performed by a licensed professional counselor, licensed psychologist, or master social worker who has training and expertise in issues related to abuse, neglect, and exploitation. The person performing the assessment shall sign a report stating:

(1) that the elderly person or person with a disability is reported to be suffering from abuse, neglect, or exploitation, which may present a threat to the person's life or physical safety; and

(2) that in the professional opinion of the licensed professional counselor, licensed psychologist, or master social worker, as applicable, the issuance of an emergency order authorizing protective services without the consent of the elderly person or person with a disability is necessary under the circumstances.

(c-4) A registered nurse may perform a nursing assessment of the health status of the elderly person or person with a disability. If the registered nurse, based on the registered nurse's professional nursing judgment, determines that the person is likely to be suffering from abuse, neglect, or exploitation, which may present a threat to the person's life or physical safety, the registered nurse shall report that assessment to a
physician. After the registered nurse reports the assessment, the physician shall sign a written opinion stating whether:

(1) the elderly person or person with a disability is reported to be suffering from abuse, neglect, or exploitation, which may present a threat to the person's life or physical safety; and

(2) the issuance of an emergency order authorizing protective services without the consent of the elderly person or person with a disability is necessary under the circumstances.

(c-5) The physician may use the registered nurse's assessment of the health status of the elderly person or person with a disability as the basis of the physician's professional opinion under Subsection (c-4).

(d) On finding that there is reasonable cause to believe that abuse, neglect, or exploitation presents a threat to life or physical safety for the elderly person or person with a disability and that the person lacks capacity to consent to services, the court may:

(1) order removal of the person to safer surroundings;
(2) order medical services; and
(3) order other available services necessary to remove conditions creating the threat to life or physical safety, including the services of law enforcement officers or emergency medical services personnel.

(d-1) If the court renders an order that is based on a petition including an assessment under Subsection (c-2) or (c-3) or a medical opinion under Subsection (c-4), the court shall order that the elderly person or person with a disability be examined by a physician not later than 72 hours after the time the provision of protective services begins. After performing the examination, the physician shall sign and submit to the court a medical report stating the physician's opinion whether the person is:

(1) suffering from abuse, neglect, or exploitation presenting a threat to life or physical safety; and
(2) physically or mentally incapable of consenting to services.

(e) The emergency order expires on the earlier of the end of
the 10th day after the date the order is rendered or the end of the 10th day after the date the person was removed to safer surroundings if the emergency order was rendered subsequent to the removal of the person to safer surroundings in accordance with Subsection (h), unless:

(1) the emergency order terminates as provided by Subsection (e-1);
(2) the 10-day period ends on a Saturday, Sunday, or legal holiday in which event the order is automatically extended to 4 p.m. on the first succeeding business day; or
(3) the court extends the order as provided by Subsection (e-2).

(e-1) An emergency order that was rendered based on a petition that included an assessment under Subsection (c-2) or (c-3) or a medical opinion under Subsection (c-4) immediately terminates if the medical report issued under Subsection (d-1) states the physician's opinion that the elderly person or person with a disability:

(1) is not suffering from abuse, neglect, or exploitation presenting a threat to life or physical safety; or
(2) is physically or mentally capable of consenting to services.

(e-2) The court, after notice and a hearing, may extend an emergency order issued under this section, other than an emergency order that terminated as provided under Subsection (e-1), for a period of not more than 30 days after the date the original emergency order for protective services would have expired under Subsection (e). The court, after notice and a hearing and for good cause shown, may grant a second extension of an emergency order of not more than an additional 30 days. The court may not grant more than two extensions of the original emergency order. An extension order that ends on a Saturday, Sunday, or legal holiday is automatically extended to 4 p.m. on the first succeeding business day. The court may modify or terminate the emergency order on petition of the department, the incapacitated person, or any person interested in the person's welfare.

(f) Any medical facility, emergency medical services
provider, or physician who provides treatment to or who transports an elderly person or person with a disability pursuant to an emergency order under Subsection (d) or an emergency authorization under Subsection (h) is not liable for any damages arising from the treatment or transportation, except those damages resulting from the negligence of the facility, provider, or physician.

(g) The court shall appoint an attorney ad litem to represent the elderly person or person with a disability in any proceeding brought by the department under this section. A reasonable fee, as determined by the court, shall be paid to the attorney ad litem from the general fund of the county.

(h) If the department cannot obtain an emergency order under this section because the court is closed on a Saturday, Sunday, or legal holiday or after 5 p.m., the department may remove or authorize an appropriate transportation service, including an emergency medical services provider, to remove the elderly person or person with a disability to safer surroundings, authorize medical treatment, or authorize or provide other available services necessary to remove conditions creating the threat to life or physical safety. The department must obtain an emergency order under this section not later than 4 p.m. on the first succeeding business day after the date on which protective services are provided. If the department does not obtain an emergency order, the department shall cease providing protective services and, if necessary, make arrangements for the immediate return of the person to the place from which the person was removed, to the person's place of residence in the state, or to another suitable place.

(i) If the department's removal of a person from the person's place of residence under this section results in that residence being vacant, the department shall notify the appropriate law enforcement agency of the vacancy to facilitate the law enforcement agency's monitoring of the residence.

AAREFERRAL FOR GUARDIANSHIP SERVICES. (a) The department shall refer an individual to the Department of Aging and Disability Services for guardianship services under Subchapter E, Chapter 161, if the individual is:

(1) a minor in the conservatorship of the department who:

(A) is 16 years of age or older; and

(B) the department has reason to believe will, because of a physical or mental condition, be substantially unable to provide for the individual's own food, clothing, or shelter, to care for the individual's own physical health, or to manage the individual's own financial affairs when the individual becomes an adult; or

(2) an elderly person or person with a disability who:

(A) has been found by the department to be in a state of abuse, neglect, or exploitation; and

(B) the department has reason to believe is an incapacitated person as defined by Section 1002.017(2), Estates Code.

(b) Notwithstanding Subsection (a), if a less restrictive alternative to guardianship is appropriate and available for the
individual, the department shall pursue that alternative instead of
making a referral to the Department of Aging and Disability
Services for guardianship services.

(c) The department and the Department of Aging and
Disability Services shall enter into a memorandum of understanding
that sets forth in detail the roles and duties of each agency
regarding the referral for guardianship services under Subsection
(a) and the provision of guardianship services to individuals under
Subchapter E, Chapter 161.

(d) Nothing in this section shall prohibit the department
from also making a referral of an individual to a court having
probate jurisdiction in the county where the individual is
domiciled or found, if the court has requested the department to
notify the court of any individuals who may be appropriate for a
court-initiated guardianship proceeding under Chapter 1102,
Estates Code. In making a referral under this subsection and if
requested by the court, the department shall, to the extent allowed
by law, provide the court with all relevant information in the
department's records relating to the individual. The court, as
part of this process, may not require the department to:

1. perform the duties of a guardian ad litem or court
   investigator as prescribed by Chapter 1102, Estates Code; or

2. gather additional information not contained in the
department's records.

(e) The department may not be appointed to serve as
temporary or permanent guardian for any individual.
