4. hemorrhage;
5. aspiration or allergic response;
6. infection;
7. sepsis;
8. death of the patient;
9. incomplete abortion;
10. damage to the uterus; or
11. an infant born alive after the abortion.

(b) The reporting requirements of this section apply only to:

1. a physician who:
   (A) performs at an abortion facility an abortion that results in an abortion complication diagnosed or treated by that physician; or
   (B) diagnoses or treats at an abortion facility an abortion complication that is the result of an abortion performed by another physician at the facility; or
2. a health care facility that is a hospital, abortion facility, freestanding emergency medical care facility, or health care facility that provides emergency medical care, as defined by Section 773.003.

(c) A physician described by Subsection (b)(1) shall electronically submit to the commission in the form and manner prescribed by commission rule a report on each abortion complication diagnosed or treated by that physician not later than
the end of the third business day after the date on which the complication is diagnosed or treated. Each health care facility described by Subsection (b)(2) shall electronically submit to the commission in the form and manner prescribed by commission rule a report on each abortion complication diagnosed or treated at the facility not later than the 30th day after the date on which the complication is diagnosed or treatment is provided for the complication.

(d) The commission shall develop a form for reporting an abortion complication under Subsection (c) and publish the form on the commission's Internet website. The executive commissioner by rule may adopt procedures to reduce duplication in reporting under this section.

(e) A report under this section may not identify by any means the physician performing an abortion, other than a physician described by Subsection (b)(1), or the patient on whom the abortion was performed.

(f) A report under this section must identify the name of the physician submitting the report or the name and type of health care facility submitting the report and must include, if known, for each abortion complication:

(2) the type of abortion that caused or may have caused the complication;

(3) the gestational age of the fetus at the time the abortion was performed;

(i) The commission shall develop and publish on the commission's Internet website an annual report that aggregates on a statewide basis each abortion complication required to be reported under Subsection (f) for the previous calendar year. The annual report may not include any duplicative data.

(j) A physician described by Subsection (b)(1) or health care facility that violates this section is subject to a civil penalty of $500 for each violation. The attorney general, at the request of the commission or appropriate licensing agency, may file an action to recover a civil penalty assessed under this subsection and may recover attorney's fees and costs incurred in bringing the action. Each day of a continuing violation constitutes a separate ground for recovery.

(k) The third separate violation of this section
constitutes cause for the revocation or suspension of a physician's or health care facility's license, permit, registration, certificate, or other authority or for other disciplinary action against the physician or facility by the appropriate licensing agency.

(ii) there was insufficient time to obtain the consent of the woman's parent, managing conservator, or legal guardian;

(2) if the woman's parent, managing conservator, or legal guardian provided the written consent described by Subdivision (1)(A), whether the consent was given:

(4) to appropriate state licensing boards to enforce
state licensing laws; or
(5) to licensed medical or health care personnel
currently treating the patient.

(c) Any information released by the commission may not

(1) making a determination of the probable post-fertilization age of the unborn child; or
(2) possessing and relying on a determination of the probable post-fertilization age of the unborn child made by another physician.
Added by Acts 2013, 83rd Leg., 2nd C.S., Ch. 1, Sec. 3, eff. October 29, 2013.

Sec. 171.044. ABORTION OF UNBORN CHILD OF 20 OR MORE WEEKS POST-FERTILIZATION AGE PROHIBITED. Except as otherwise provided by Section 171.046, a person may not perform or induce or attempt to perform or induce an abortion on a woman if it has been determined, by the physician performing, inducing, or attempting to perform or induce the abortion or by another physician on whose determination that physician relies, that the probable post-fertilization age of the unborn child is 20 or more weeks.
Added by Acts 2013, 83rd Leg., 2nd C.S., Ch. 1, Sec. 3, eff. October 29, 2013.

Sec. 171.045. METHOD OF ABORTION. (a) This section
applies only to an abortion authorized under Section 171.046(a)(1) or (2) in which:

(1) the probable post-fertilization age of the unborn child is 20 or more weeks; or

(2) the probable post-fertilization age of the unborn child has not been determined but could reasonably be 20 or more weeks.

(b) Except as otherwise provided by Section 171.046(a)(3), a physician performing an abortion under Subsection (a) shall terminate the pregnancy in the manner that, in the physician's reasonable medical judgment, provides the best opportunity for the unborn child to survive.

Added by Acts 2013, 83rd Leg., 2nd C.S., Ch. 1, Sec. 3, eff. October 29, 2013.

Sec. 171.046. EXCEPTIONS. (a) The prohibitions and requirements under Sections 171.043, 171.044, and 171.045(b) do not apply to an abortion performed if there exists a condition that, in the physician's reasonable medical judgment, so complicates the medical condition of the woman that, to avert the woman's death or a serious risk of substantial and irreversible physical impairment of a major bodily function, other than a psychological condition, it necessitates, as applicable:

(1) the immediate abortion of her pregnancy without the delay necessary to determine the probable post-fertilization age of the unborn child;

(2) the abortion of her pregnancy even though the post-fertilization age of the unborn child is 20 or more weeks; or

(3) the use of a method of abortion other than a method described by Section 171.045(b).

(b) A physician may not take an action authorized under Subsection (a) if the risk of death or a substantial and irreversible physical impairment of a major bodily function arises from a claim or diagnosis that the woman will engage in conduct that may result in her death or in substantial and irreversible physical impairment of a major bodily function.

(c) The prohibitions and requirements under Sections 20
Sec. 171.043, 171.044, and 171.045(b) do not apply to an abortion performed on an unborn child who has a severe fetal abnormality. Added by Acts 2013, 83rd Leg., 2nd C.S., Ch. 1, Sec. 3, eff. October 29, 2013.

Sec. 171.047. PROTECTION OF PRIVACY IN COURT PROCEEDINGS. (a) Except as otherwise provided by this section, in a civil or criminal proceeding or action involving an act prohibited under this subchapter, the identity of the woman on whom an abortion has been performed or induced or attempted to be performed or induced is not subject to public disclosure if the woman does not give consent to disclosure.

(b) Unless the court makes a ruling under Subsection (c) to allow disclosure of the woman's identity, the court shall issue orders to the parties, witnesses, and counsel and shall direct the sealing of the record and exclusion of individuals from courtrooms or hearing rooms to the extent necessary to protect the woman's identity from public disclosure.

(c) A court may order the disclosure of information that is confidential under this section if:

(1) a motion is filed with the court requesting release of the information and a hearing on that request;

(2) notice of the hearing is served on each interested party; and

(3) the court determines after the hearing and an in camera review that disclosure is essential to the administration of justice and there is no reasonable alternative to disclosure. Added by Acts 2013, 83rd Leg., 2nd C.S., Ch. 1, Sec. 3, eff. October 29, 2013.

Sec. 171.048. CONSTRUCTION OF SUBCHAPTER. (a) This subchapter shall be construed, as a matter of state law, to be enforceable up to but no further than the maximum possible extent consistent with federal constitutional requirements, even if that construction is not readily apparent, as such constructions are authorized only to the extent necessary to save the subchapter from judicial invalidation. Judicial reformation of statutory language
is explicitly authorized only to the extent necessary to save the statutory provision from invalidity.

(b) If any court determines that a provision of this subchapter is unconstitutionally vague, the court shall interpret the provision, as a matter of state law, to avoid the vagueness problem and shall enforce the provision to the maximum possible extent. If a federal court finds any provision of this subchapter or its application to any person, group of persons, or circumstances to be unconstitutionally vague and declines to impose the saving construction described by this subsection, the Supreme Court of Texas shall provide an authoritative construction of the objectionable statutory provisions that avoids the constitutional problems while enforcing the statute's restrictions to the maximum possible extent, and shall agree to answer any question certified from a federal appellate court regarding the statute.

(c) A state executive or administrative official may not decline to enforce this subchapter, or adopt a construction of this subchapter in a way that narrows its applicability, based on the official's own beliefs about what the state or federal constitution requires, unless the official is enjoined by a state or federal court from enforcing this subchapter.

(d) This subchapter may not be construed to authorize the prosecution of or a cause of action to be brought against a woman on whom an abortion is performed or induced or attempted to be performed or induced in violation of this subchapter.

Added by Acts 2013, 83rd Leg., 2nd C.S., Ch. 1, Sec. 3, eff. October 29, 2013.

or any other substance, including a regimen of two or more drugs, medicines, or substances, prescribed, dispensed, or administered with the intent of terminating a clinically diagnosable pregnancy of a woman and with knowledge that the termination will, with reasonable likelihood, cause the death of the woman's unborn child. The term includes off-label use of drugs, medicines, or other substances known to have abortion-inducing properties that are prescribed, dispensed, or administered with the intent of causing an abortion, including the Mifeprex regimen. The term does not include a drug, medicine, or other substance that may be known to cause an abortion but is prescribed, dispensed, or administered for other medical reasons.

(3) "Final printed label" or "FPL" means the informational document approved by the United States Food and Drug Administration for an abortion-inducing drug that:

(A) outlines the protocol authorized by that agency and agreed to by the drug company applying for authorization of the drug by that agency; and

(B) delineates how a drug is to be used according to approval by that agency.

(4) "Gestational age" means the amount of time that has elapsed since the first day of a woman's last menstrual period.

(5) "Medical abortion" means the administration or use of an abortion-inducing drug to induce an abortion.

(6) "Mifeprex regimen," "RU-486 regimen," or "RU-486" means the abortion-inducing drug regimen approved by the United States Food and Drug Administration that consists of administering mifepristone and misoprostol.

(a) A person may not knowingly give, sell, dispense, administer, provide, or prescribe an abortion-inducing drug to a pregnant woman for the purpose of inducing an abortion in the pregnant woman or enabling another person to induce an abortion in the pregnant woman unless:

(1) the person who gives, sells, dispenses, administers, provides, or prescribes the abortion-inducing drug is a physician; and

(2) except as otherwise provided by Subsection (b), the provision, prescription, or administration of the abortion-inducing drug satisfies the protocol tested and authorized by the United States Food and Drug Administration as outlined in the final printed label of the abortion-inducing drug.

(b) A person may provide, prescribe, or administer the abortion-inducing drug in the dosage amount prescribed by the clinical management guidelines defined by the American Congress of Obstetricians and Gynecologists Practice Bulletin as those guidelines existed on January 1, 2013.

(d) The physician who gives, sells, dispenses, administers, provides, or prescribes an abortion-inducing drug shall provide the pregnant woman with:
(1) a copy of the final printed label of that abortion-inducing drug; and

(2) a telephone number by which the pregnant woman may reach the physician, or other health care personnel employed by the physician or by the facility at which the abortion was performed with access to the woman's relevant medical records, 24 hours a day to request assistance for any complications that arise from the administration or use of the drug or ask health-related questions regarding the administration or use of the drug.

(e) The physician who gives, sells, dispenses, administers, provides, or prescribes the abortion-inducing drug, or the physician's agent, must schedule a follow-up visit for the woman to occur not more than 14 days after the administration or use of the drug. At the follow-up visit, the physician must:

(1) confirm that the pregnancy is completely terminated; and

(2) assess the degree of bleeding.

(f) The physician who gives, sells, dispenses, administers, provides, or prescribes the abortion-inducing drug, or the physician's agent, shall make a reasonable effort to ensure that the woman returns for the scheduled follow-up visit under Subsection (e). The physician or the physician's agent shall document a brief description of any effort made to comply with this subsection, including the date, time, and name of the person making the effort, in the woman's medical record.

(g) If a physician gives, sells, dispenses, administers, provides, or prescribes an abortion-inducing drug to a pregnant woman for the purpose of inducing an abortion as authorized by this section and the physician knows that the woman experiences a serious adverse event, as defined by the MedWatch Reporting System, during or after the administration or use of the drug, the physician shall report the event to the United States Food and Drug Administration through the MedWatch Reporting System not later than the third day after the date the physician learns that the event occurred.

(b) The board's findings under Subsection (a) are admissible in any court proceeding against the physician arising from that conduct. On the physician's motion, the court shall

the purpose of causing the death of an unborn child, dismembers the
living unborn child and extracts the unborn child one piece at a
time from the uterus through the use of clamps, grasping forceps,
tongs, scissors, or a similar instrument that, through the
convergence of two rigid levers, slices, crushes, or grasps, or
performs any combination of those actions on, a piece of the unborn
child's body to cut or rip the piece from the body. The term does
not include an abortion that uses suction to dismember the body of
an unborn child by sucking pieces of the unborn child into a
collection container. The term includes a dismemberment abortion
that is used to cause the death of an unborn child and in which
suction is subsequently used to extract pieces of the unborn child
after the unborn child's death.

judicial invalidation. Judicial reformation of statutory language
is explicitly authorized only to the extent necessary to save the
statutory provision from invalidity.
