Sec. 242.001. SCOPE, PURPOSE, AND IMPLEMENTATION. (a) It is the goal of this chapter to ensure that institutions in this state deliver the highest possible quality of care. This chapter, and the rules and standards adopted under this chapter, establish minimum acceptable levels of care. A violation of a minimum acceptable level of care established under this chapter or a rule or standard adopted under this chapter is forbidden by law. Each institution licensed under this chapter shall, at a minimum, provide quality care in accordance with this chapter and the rules and standards. Components of quality of care addressed by these rules and standards include:

(1) quality of life;
(2) access to care;
(3) continuity of care;
(4) comprehensiveness of care;
(5) coordination of services;
(6) humaneness of treatment;
(7) conservatism in intervention;
(8) safety of the environment;
(9) professionalism of caregivers; and
(10) participation in useful studies.

(b) The rules and standards adopted under this chapter may be more stringent than the standards imposed by federal law for certification for participation in the state Medicaid program. The rules and standards may not be less stringent than the Medicaid certification standards imposed under the Omnibus Budget Reconciliation Act of 1987 (OBRA), Pub.L. No. 100-203.

(c) The rules and standards adopted under this chapter apply to each licensed institution. The rules and standards are intended
for use in state surveys of the facilities and any investigation and enforcement action and are designed to be useful to consumers and providers in assessing the quality of care provided in an institution.

(d) The legislature finds that the construction, maintenance, and operation of institutions shall be regulated in a manner that protects the residents of the institutions by:

1. providing the highest possible quality of care;
2. strictly monitoring all factors relating to the health, safety, welfare, and dignity of each resident;
3. imposing prompt and effective remedies for noncompliance with licensing standards; and
4. providing the public with information concerning the operation of institutions in this state.

(e) It is the legislature's intent that this chapter accomplish the goals listed in Subsection (d).

(f) This chapter shall be construed broadly to accomplish the purposes set forth in this section.

receiving an application for a license, the department shall issue
the license if, after inspection and investigation, it finds that
the applicant or license holder, and any other person described by
Section 242.032(d), meet the requirements established under each
provision of this chapter and any rule or standard adopted under
this chapter.

(b) The department may issue a license only for:

(1) the premises and persons or governmental unit
named in the application; and

(2) the maximum number of beds specified in the application.

(c) A license may not be transferred or assigned.

(d) Except as provided by Subsection (f), a license is renewable every three years after:

(2) payment of the license fee; and

(3) department approval of the report filed every three years by the licensee.

(e) The report required for license renewal under Subsection (d)(3) must comply with department rules that specify the date of submission of the report, the information it must contain, and its form.

(f) The initial license issued to a license holder who has not previously held a license under this subchapter is a probationary license. A probationary license is valid for only one year. At the end of the one-year period, a license under Subsection (a) shall be issued but only after:

(1) the department finds that the license holder and any other person described by Section 242.032(d) continue to meet the requirements established under each provision of this chapter and any rule or standard adopted under this chapter;

(2) an inspection, unless an inspection is not required as provided by Section 242.047;

(3) payment of the license fee; and

(4) department approval of the report required for license renewal that complies with rules adopted under Subsection (e).

Sec. A242.0335. AAEXPEDITED ISSUANCE OF CHANGE OF OWNERSHIP LICENSE TO CERTAIN CURRENT LICENSE HOLDERS. (a) The department shall maintain, and keep current, a list of license holders that operate an institution in this state and that have excellent operating records according to the information available to the department. The executive commissioner by rule shall establish specific criteria for the department to designate a license holder as eligible for the list.

(b) The department shall establish a procedure under which a listed license holder may be granted expedited approval in obtaining a change of ownership license to operate another existing institution in this state. The procedure may involve allowing a listed license holder to submit an affidavit demonstrating that the license holder continues to meet the criteria for being listed and continues to meet the requirements described by Subsection (c).

(c) An applicant for a change of ownership license must meet all applicable requirements that an applicant for renewal of a license must meet under this subchapter, including under Section 242.032(d), and under rules adopted under this subchapter. Any requirement relating to inspections or to an accreditation review applies only to institutions operated by the license holder at the time the application is made for the change of ownership license.

(d) Subsection (c) applies only to a license holder designated as eligible for and placed on the list maintained under Subsection (a).

Sec. 242.0336. TEMPORARY CHANGE OF OWNERSHIP LICENSE. (a) For purposes of this section, a temporary change of ownership license is a temporary 90-day license issued to an applicant who proposes to become the new operator of an institution existing on the date the application is filed.

(b) After receiving an application for a temporary change of ownership license, the department shall issue a temporary license to the applicant if, after investigation, the department finds that the applicant and any other person described by Section 242.032(d) meet:

1. the requirements established under Section 242.032(c); and
2. the department's standards for background and qualifications under Sections 242.032(d) and (e).

(b-1) Except as provided by Subsection (b-2), the department may not issue a temporary change of ownership license before the 31st day after the date the department has received both:

1. the application for the license; and
2. notification, in writing, of the intent of the institution's existing license holder to transfer operation of the institution to the applicant beginning on a date specified by the applicant.

(b-2) Notwithstanding Section 242.0335, the executive commissioner shall establish criteria under which the department may waive the 30-day requirement or the notification requirement of Subsection (b-1). The criteria may include the occurrence of forcible entry and detainer, death, or divorce or other events that affect the ownership of the institution by the existing license holder.

(b-3) After receipt of an application or written notification described by Subsection (b-1), the department may place a hold on payments to the existing license holder in an amount not to exceed the average of the monthly vendor payments paid to the
facility, as determined by the department. The department shall release funds to the previous license holder not later than the 120th day after the date on which the final reporting requirements are met and any resulting informal reviews or formal appeals are resolved. The department may reduce the amount of funds released to the previous license holder by the amount owed to the department or the commission under the previous license holder's Medicaid contract or license.

(b-4) The executive commissioner shall adopt rules for the department that define a change of ownership. In adopting the rules, the executive commissioner shall consider:

1. the proportion of ownership interest that is being transferred to another person;
2. the addition or removal of a stockholder, partner, owner, or other controlling person;
3. the reorganization of the license holder into a different type of business entity; and
4. the death or incapacity of a stockholder, partner, or owner.

(b-5) The executive commissioner may adopt rules for the department that require a license holder to notify the department of any change, including a change that is not a change of ownership, as that term is defined by rules adopted under Subsection (b-4). Nothing in this section prevents the department from acting under Section 242.061 or any other provision of this chapter.

(c) The department shall issue or deny a temporary change of ownership license not later than the 31st day after the date of receipt of the completed application. The effective date of a temporary change of ownership license issued under this section is the date requested in the application unless:

1. the department does not receive the application and written notification described by Subsection (b-1) at least 30 days before that date; and
2. no waiver under Subsection (b-2) applies.

(c-1) If the department does not receive the application and written notification required by Subsection (b-1) at least 30 days before the effective date requested in the application and
Subsection (b-2) does not apply, the effective date of the temporary change of ownership license is the 31st day after the date the department receives both the application and the notification.

(d) Except as provided in Subsection (d-1), after the department issues a temporary change of ownership license to the applicant, the department shall conduct an inspection or survey of the nursing facility under Section 242.043 as soon as reasonably possible. During the period between the issuance of the temporary license and the inspection or survey of the nursing facility or desk review under Subsection (d-1), the department may not place a hold on vendor payments to the temporary license holder.

(d-1) The executive commissioner shall establish criteria under which the department may substitute a desk review of the facility's compliance with applicable requirements for the on-site inspection or survey under Subsection (d).

(e) After conducting an inspection or survey under Subsection (d) or a desk review under Subsection (d-1), the department shall issue a license under Section 242.033 to the temporary change of ownership license holder if the nursing facility passes the desk review, inspection, or survey and the applicant meets the requirements of Section 242.033. If the nursing facility fails to pass the desk review, inspection, or survey or the applicant fails to meet the requirements of Section 242.033, the department may:

(1) place a hold on vendor payments to the temporary change of ownership license holder; and

(2) take any other action authorized under this chapter.

(f) If the applicant meets the requirements of Section 242.033 and the nursing facility passes a desk review, initial inspection, or subsequent inspection before the temporary change of ownership license expires, the license issued under Section 242.033 is considered effective on the date the department determines under Subsection (c) or (c-1).

(g) A temporary change of ownership license issued under Subsection (b) expires on the 90th day after the effective date established under Subsection (c) or (c-1).
Sec. 242.034. LICENSE FEES. (a) The executive commissioner may establish by rule license fees for institutions licensed by the department under this chapter. The license fee may not exceed $375 plus:

1. $15 for each unit of capacity or bed space for which a license is sought; and
2. a background examination fee imposed under Subsection (d).

(b) The license fee for a probationary license issued under Section 242.033(f) may not exceed $125 plus:

1. $5 for each unit of capacity or bed space for which the license is sought; and
2. a background examination fee imposed under Subsection (d).

(c) An additional license fee may be charged as provided by Section 242.097.

(d) The executive commissioner by rule may establish a background examination fee in an amount necessary to defray the department's expenses in administering its duties under Sections 242.032(d) and (e).

(e) The applicable license fee must be paid with each application for a probationary license, an initial license, a renewal license, or a change of ownership license.

(f) The state is not required to pay the license fee.

(g) An approved increase in bed space is subject to an additional fee.

(h) The license fees established under this chapter are an allowable cost for reimbursement under the medical assistance
program administered by the commission under Chapter 32, Human Resources Code. Any fee increases shall be reflected in reimbursement rates prospectively.

(i) An applicant for license renewal who submits an application later than the 45th day before the expiration date of a current license is subject to a late fee in accordance with department rules.

(b) An institution that has a superior grade shall prominently display the grade for public view.

(c) As an incentive to attain the superior grade, an institution may advertise its grade, except that it may not advertise a superior grade that has been canceled.

1. the health, safety, or welfare of its residents;
2. resident funds;
3. the confidentiality of a resident's records;

Sec. 242.037. RULES; MINIMUM STANDARDS. (a) The executive commissioner shall make and the department shall enforce rules and minimum standards to implement this chapter, including rules and minimum standards relating to quality of life, quality of care, and residents' rights.

(b) The rules and standards adopted under this chapter may be more stringent than the standards imposed by federal law for certification for participation in the state Medicaid program.

(c) The rules and standards adopted by the executive commissioner may not be less stringent than the Medicaid certification standards and regulations imposed under the Omnibus Budget Reconciliation Act of 1987 (OBRA), Pub.L. No. 100-203.

(e) The executive commissioner shall by rule establish criteria to determine whether deficiencies from a facility's survey warrant action against an administrator. The criteria shall include a determination of whether the survey indicates substandard quality of care related to an act or failure to act by the administrator, and whether a deficiency is related to an act or failure to act by the administrator. The notice may be given by certified mail. The notice must include a brief summary of the alleged violation and a statement of the amount of the recommended penalty and must inform the person that the person has a right to a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(b) Within 20 days after the date the person receives the notice, the person in writing may accept the determination and the penalty recommended by the department or may make a written request for a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(c) If the person accepts the determination and the penalty recommended by the department, or if the person fails to timely respond to the notice, the department shall impose the recommended penalty.

(d) If the person requests a hearing, the department shall give notice of the hearing to the person. The hearing shall be held in accordance with the rules on contested case hearings adopted by the executive commissioner.

(e) The notice of the hearing decision given to the person under Chapter 2001, Government Code, must include a statement of the right of the person to judicial review of the decision.

(f) Within 30 days after the date the department's decision is final as provided by Section 2001.144, Government Code, the person shall:

(1) pay the amount of the penalty;

(2) pay the amount of the penalty and file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty; or

petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(1) stay enforcement of the penalty by:
   (A) paying the amount of the penalty to the court for placement in an escrow account; or

The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the amount of the penalty and to give a supersedeas bond.

(i) Judicial review of the decision of the department:
   (1) is instituted by filing a petition as provided by Section 2001.176, Government Code; and
   (2) is under the substantial evidence rule.
If the court sustains the occurrence of the violation, the court may uphold or reduce the amount of the penalty and order the person to pay the full or reduced amount of the penalty. If the court does not sustain the occurrence of the violation, the court shall order that no penalty is owed.

When the judgment of the court becomes final, the court shall proceed under this subsection. If the person paid the amount of the penalty and if that amount is reduced or is not upheld by the court, the court shall order that the appropriate amount plus accrued interest be remitted to the person. The rate of the interest is the rate charged on loans to depository institutions by the New York Federal Reserve Bank, and the interest shall be paid for the period beginning on the date the penalty was paid and ending on the date the penalty is remitted. If the person gave a supersedeas bond and if the amount of the penalty is not upheld by the court, the court shall order the release of the bond. If the person gave a supersedeas bond and if the amount of the penalty is reduced, the court shall order the release of the bond after the person pays the amount.

(e) A person who was licensed in this state, moved to another state, and is currently licensed and has been in practice in the other state for the two years preceding the date of application may obtain a new license without reexamination. The person must pay to the board a fee that is equal to two times the normally required renewal fee for the license.

(4) other relevant information.

(b) If a written complaint is filed with the board that the
board has authority to resolve, the board, at least as frequently as
quarterly and until final disposition of the complaint, shall
notify the parties to the complaint of the status of the complaint
unless the notice would jeopardize an undercover investigation.

(c) The board by rule shall adopt a form to standardize
information concerning complaints made to the board. The board by
rule shall prescribe information to be provided to a person when the
person files a complaint with the board.

(d) The board shall provide reasonable assistance to a
person who wishes to file a complaint with the board.

(e) The board shall adopt rules concerning the
investigation of complaints filed with the board. The rules
adopted under this subsection shall:

prescribe guidelines concerning the categories of complaints that may require the use of a private investigator and the procedures for the board to obtain the services of a private investigator.

The board shall dispose of all complaints in a timely manner. The board by rule shall establish a schedule for initiating a complaint investigation that is under the control of the board not later than the 30th day after the date the complaint is received by the board. The schedule shall be kept in the information file for the complaint, and all parties shall be notified of the projected time requirements for pursuing the complaint. A change in the schedule must be noted in the complaint information file and all parties to the complaint must be notified not later than the seventh day after the date the change is made.

The department shall notify the board at least quarterly of complaints that have extended beyond the time prescribed by the board for resolving complaints so that the department may take any necessary corrective actions on the processing of complaints.

The board may revoke, suspend, or refuse to renew a nursing facility administrator's license, assess an administrative penalty, issue a written reprimand, require participation in continuing education, or place an administrator on probation, after due notice and the opportunity for a hearing, on proof of any of the following grounds:

(b) Within 20 days after the date the person receives the notice, the person in writing may accept the determination and the penalty recommended by the department or may make a written request for a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(c) If the person accepts the determination and the penalty recommended by the department, or if the person fails to timely respond to the notice, the department shall impose the recommended penalty.

(e) The notice of the hearing decision given to the person under Chapter 2001, Government Code, must include a statement of the right of the person to judicial review of the decision.

The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the amount of the penalty and to give a supersedeas bond.

(i) If the person does not pay the amount of the penalty and the enforcement of the penalty is not stayed, the department may refer the matter to the attorney general for collection of the amount of the penalty.

the person to pay the full or reduced amount of the penalty. If the
court does not sustain the occurrence of the violation, the court
shall order that no penalty is owed.

(l) When the judgment of the court becomes final, the court
shall proceed under this subsection. If the person paid the amount
of the penalty and if that amount is reduced or is not upheld by the
court, the court shall order that the appropriate amount plus
accrued interest be remitted to the person. The rate of the
interest is the rate charged on loans to depository institutions by
the New York Federal Reserve Bank, and the interest shall be paid
for the period beginning on the date the penalty was paid and ending
on the date the penalty is remitted. If the person gave a
supersedeas bond and if the amount of the penalty is not upheld by
the court, the court shall order the release of the bond. If the
person gave a supersedeas bond and if the amount of the penalty is
reduced, the court shall order the release of the bond after the
person pays the amount.
