The governing body may provide for the mandatory payment to be assessed quarterly. In the first year in which the mandatory payment is required, the mandatory payment is assessed on the net patient revenue of an institutional health care provider as determined by the data reported to the Department of State Health Services under Sections 311.032 and 311.033 in the fiscal year ending in 2013 or, if the institutional health care provider did not report any data under those sections in that fiscal year, as determined by the institutional health care provider’s Medicare cost report submitted for the 2013 fiscal year or for the closest subsequent fiscal year for which the provider submitted the Medicare cost report. The municipality shall update the amount of the mandatory payment on an annual basis.

(b) The amount of a mandatory payment authorized under this chapter must be uniformly proportionate with the amount of net patient revenue generated by each paying hospital in the municipality. (c) The governing body of a municipality that collects a mandatory payment authorized under this chapter shall set the amount of the mandatory payment. The amount of the mandatory payment required of each paying hospital may not exceed an amount that, when added to the amount of the mandatory payments required from all other paying hospitals in the municipality, equals an amount of revenue that exceeds six percent of the aggregate net patient revenue of all paying hospitals in the municipality.

(d) Subject to the maximum amount prescribed by Subsection (c), the governing body of a municipality that collects a mandatory
payment authorized under this chapter shall set the mandatory payments in amounts that in the aggregate will generate sufficient revenue to cover the administrative expenses of the municipality for activities under this chapter, to fund the nonfederal share of a Medicaid supplemental payment program, and to pay for indigent programs, except that the amount of revenue from mandatory payments used for administrative expenses of the municipality for activities under this chapter in a year may not exceed the lesser of four percent of the total revenue generated from the mandatory payment or $20,000.
