(b) A district may continue to impose a tax in an area that the municipality annexes for limited purposes and in which the municipality does not impose taxes. If the municipality annexes an area for limited purposes and imposes some of the taxes which the district is imposing but not all of them, the district may continue to impose taxes only to the extent that the level of taxation of the municipality and the district combined, calculating the hotel tax, the sales tax, and the ad valorem tax independently, is equal to or less than the tax level of the municipality as to fully annexed areas.

(c) The legislature intends that the level of taxation of areas where the district and the municipality overlap do not exceed the level of taxation of fully annexed areas.
