SUBCHAPTER B. APPLICATION AND CONSTRUCTION OF SUBTITLE

Sec. 151.051. DISCRIMINATION BASED ON TYPE OF ACADEMIC MEDICAL DEGREE OR CERTAIN RELIGIOUS TENETS PROHIBITED. (a) A hospital, institution, or program that is licensed by the state, is operated by the state or a political subdivision of the state, or directly or indirectly receives state financial assistance may not

differentiate in regard to a person licensed under this subtitle solely on the basis of the academic medical degree held by the person. The hospital, institution, program, state agency, or political subdivision may adopt rules and requirements relating to qualifications for medical staff appointments, including reappointments and the termination of appointments, the delineation of clinical privileges, or the curtailment of clinical privileges of persons who are appointed to that medical staff or permitted to participate in educational programs if those rules and requirements do not differentiate solely on the basis of the academic medical degree held by the affected physician and are:

- (1) determined on a reasonable basis, such as the professional and ethical qualifications of the physician;
- (2) based on reasonable standards;
- (3) applied without irrelevant considerations;
- (4) supported by sufficient evidence; and
- (5) not arbitrary or capricious.

(b) The limitations imposed under this section relating to discrimination based on the academic medical degree of a physician do not apply to practice limitations adopted by:

- (1) a medical school or college, including a program of a medical school or college; or
- (2) any office or offices of physicians, singularly or in groups, in the conduct of their profession.

(c) This subtitle may not be construed in a manner that:

- (1) discriminates against a school or system of medical practice; or
- (2) affects the use of the principles or teachings of any church in ministering to the sick or suffering by prayer or pastoral counseling without the use of a drug or other material substance represented as medically effective.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 151.0515. DISCRIMINATION BASED ON MAINTENANCE OF CERTIFICATION. (a) Except as otherwise provided by this section, the following entities may not differentiate between physicians based on a physician's maintenance of certification:

(4) an institution or program that is owned, operated, or licensed by a political subdivision of this state, if the institution or program has an organized medical staff or a process for credentialing physicians on its staff.

(b) An entity described by Subsection (a) may differentiate between physicians based on a physician's maintenance of certification if:

(1) the entity's designation under law or certification or accreditation by a national certifying or accrediting organization is contingent on the entity requiring a specific maintenance of certification by physicians seeking staff privileges or credentialing at the entity; and

(2) the differentiation is limited to those physicians whose maintenance of certification is required for the entity's designation, certification, or accreditation as described by Subdivision (1).

(c) An entity described by Subsection (a) may differentiate between physicians based on a physician's maintenance of certification if the voting physician members of the entity's organized medical staff vote to authorize the differentiation.

(d) An authorization described by Subsection (c) may:

(1) be made only by the voting physician members of the

entity's organized medical staff and not by the entity's governing body, administration, or any other person;

(2) subject to Subsection (e), establish terms applicable to the entity's differentiation, including:

(A) appropriate grandfathering provisions; and

(B) limiting the differentiation to certain medical specialties; and

(3) be rescinded at any time by a vote of the voting physician members of the entity's organized medical staff.

(e) Terms established under Subsection (d)(2) may not conflict with a maintenance of certification requirement applicable to the entity's designation under law or certification or accreditation by a national certifying or accrediting organization.

Added by Acts 2017, 85th Leg., R.S., Ch. 1121 (S.B. [1148](#)), Sec. 3, eff. January 1, 2018.
