If the certificate is so required, the person must possess the certificate or other evidence of completion of the program while hunting with firearms, archery equipment as defined in Subsection (a) of this section, or crossbows. The commission may provide that residents or nonresidents who have successfully completed the same or a comparable hunter education course and possess a certificate or other evidence of completion have satisfied the requirements imposed under this subsection. The commission may establish a minimum age for participation in the program. Those persons who cannot participate in the hunter education program because they do not meet the minimum age or other requirements established by the

To this end, the department shall provide hunter education opportunities in each county of the state when a substantial number of residents request a class or at least once a year.

(e) The commission may maximize the utilization of volunteer instructors to minimize the costs of the course and is authorized to charge a fee not to exceed $15 to defray administrative costs. Fees collected under this subsection, less any instructor expenses approved by the department, shall be deposited to the credit of the game, fish, and water safety account. The commission by rule may establish a procedure to allow a volunteer instructor to retain an amount from the fees collected by the instructor under this subsection to cover the instructor's actual and necessary out-of-pocket expenses.

(f) The department shall determine qualifications for instructors in the hunter education program and shall recruit, train, and certify instructors for the program.

(g) The department may cooperate with educational institutions, local governments, individuals, or organizations interested in hunter education in administering this section. The department may accept gifts, grants, and donations to be used in administering this section.

(h) The commission shall adopt rules to implement the hunter
education program.

(j) A person who violates any provision of this section or any proclamation or regulation of the commission issued under the authority of this section commits an offense.

(k) If the commission requires a person to possess a certificate issued under this section and if the person is charged with a Class C Parks and Wildlife Code misdemeanor for failing to possess the required certificate, the person may present to the court not later than the 10th day after the date of the alleged offense an oral request or written motion to take a hunter safety training course.

(l) If a person requests a hunter safety training course as provided by Subsection (d) of this section, the court shall defer proceedings and allow the person 90 days to present written evidence that, after being charged with failure to possess the certificate, the person has successfully completed a hunter safety training course approved by the department. If a person successfully completes the course and the evidence presented is accepted by the court, the court shall dismiss the charge.

(m) It is a defense to prosecution under this section for failure to possess a certificate that the person charged produces in court a certificate issued to that person that was valid on the date of the alleged offense.

(n) The following persons are exempt from any requirement to complete a hunter education course under this section:

(1) an honorably discharged veteran of the United States armed forces or a person who is on active duty as a member of the United States armed forces;
