(1) establish the requirements for and authority of a governmental entity to regulate wildlife through the development, financing, and implementation of a regional habitat conservation plan or a habitat conservation plan;

(2) encourage governmental entities to use the authority under this subchapter to develop and implement habitat conservation plans instead of regional habitat conservation plans;

local, state, or federal laws or regulations;

(4) prohibit plan participants from devaluing land containing endangered species or endangered species habitat through plan participant actions; and

(1) purchase land, easements, or leases; and

(2) enter into an agreement with a landowner to establish alternative land development standards for a tract of land.

(d) A plan participant may accept a federal permit in conjunction with a regional habitat conservation plan only if the qualified voters of a plan participant have authorized the issuance of bonds or other debt financing in an amount equal to the estimated cost of acquiring all land for habitat preserves within the time required by this subchapter or the plan participant has demonstrated that adequate sources of funding exist to acquire all land for habitat preserves within the time required by this subchapter.

(e) A governmental entity may not implement a regional habitat conservation plan or apply for a federal permit in

conjunction with a regional habitat conservation plan if:

(1) the federal act is repealed; or

(2) the endangered species that are subject to conservation and protection under the federal permit cease to be listed as endangered or threatened by the United States Department of the Interior.

Sec. 83.014. LIMITATION OF POWERS. (a) A governmental entity may not impose a regulation, rule, or ordinance related to endangered species unless the regulation, rule, or ordinance is necessary to implement a habitat conservation plan or regional habitat conservation plan for which the governmental entity was issued a federal permit. This subsection does not limit the authority of a governmental entity to adopt a rule, regulation, or ordinance restricting the withdrawal of groundwater.

(b) A governmental entity may not discriminate against a permit application, permit approval, or the provision of utility service for land that:

(2) set aside, lease, or convey land as habitat preserve; or

(3) pay a mitigation fee for land set aside or restricted from development under local, state, or federal law or regulation.

(c) The plan participants, together with the commission and the landowner members of the citizens advisory committee, shall appoint a biological advisory team. At least one member shall be appointed by the commission and one member by the landowner members of the citizens advisory committee. The member appointed by the commission serves as presiding officer of the team. The team shall assist in:

A landowner member may not be an employee or elected official of a plan participant or any other local, state, or federal governmental entity.

(c) Not later than the 90th day after the initial identification of the proposed preserve system for the regional habitat conservation plan, the plan participants shall appoint one additional landowner, who owns land within the proposed habitat preserve system, to the citizens advisory committee. (b) A change to plan participant rules and regulations, including land development standards, that occurs after the earliest date that the biological advisory team, citizens advisory committee, or plan participant initially identifies a tract of land as habitat preserve or potential habitat preserve may not be considered in determining the fair market value of the land for acquisition as a habitat preserve.

(c) Except as provided by Subsection (d), the plan participants shall make offers based on fair market value to the landowners for the acquisition of fee simple or other interest in land designated in the regional habitat conservation plan as proposed habitat preserve not later than four years after the issuance of the federal permit or six years after the initial application for the federal permit, whichever is later. Except as provided by Subsection (e), acquisition of all habitat preserves designated as proposed habitat preserves in the regional habitat conservation plan must be completed not later than the sixth anniversary of the date on which the federal permit was issued. A plan participant subject to this subsection who does not meet an applicable deadline shall file an application to amend the federal permit to remove the nonacquired habitat preserve land from the regional habitat conservation plan as a habitat preserve not later than the 60th day after the expiration of the applicable deadline.

(d) If plan participants have not designated a landowner's land as proposed habitat preserve in a regional habitat conservation plan before the date on which the federal permit is issued but designate the land as proposed habitat preserve in a regional habitat conservation plan on or after that date, plan participants shall make an offer to the landowner based on fair market value for the acquisition of fee simple or other interest in the land not later than the fourth anniversary of the date on which the land is identified or designated as proposed habitat preserve.

(e) Plan participants must complete acquisition of land subject to Subsection (d) as habitat preserves not later than the fifth anniversary of the date on which the plan participants

The grievance must cite each provision of this subchapter alleged to have been violated during the development of the plan and must describe each act alleged to have violated this subchapter.

(c) The commission shall review a grievance filed under this

section to determine whether the plan is being developed in compliance with this subchapter. If after reviewing the grievance the commission finds that the grievance has no merit, the commission may dismiss the grievance. If the commission finds that the grievance does have merit, the commission must hold a public hearing in accordance with Chapter 551, Government Code. The commission shall take testimony from each plan participant and from the individual filing the grievance. On conclusion of testimony, the commission shall vote on whether to approve or dismiss the grievance or to schedule a public hearing not later than the 30th day after the conclusion of the initial public hearing and to vote after the conclusion of that hearing whether to approve or dismiss the grievance.
