AGRICULTURE CODE

TITLE 1. GENERAL PROVISIONS

CHAPTER 1. GENERAL PROVISIONS

Sec. 1.001. PURPOSE OF CODE. (a) This code is enacted as a part of the state's continuing statutory revision program, begun by the Texas Legislative Council in 1963 as directed by the legislature in Chapter 448, Acts of the 58th Legislature, Regular Session, 1963 (Article 5429b-1, Vernon's Texas Civil Statutes). The program contemplates a topic-by-topic revision of the state's general and permanent statute law without substantive change.

(b) Consistent with the objectives of the statutory revision program, the purpose of this code is to make the agriculture law more accessible and understandable, by:

(1) rearranging the statutes into a more logical order;
(2) employing a format and numbering system designed to facilitate citation of the law and to accommodate future expansion of the law;
(3) eliminating repealed, duplicative, unconstitutional, expired, executed, and other ineffective provisions; and
(4) restating the law in modern American English to the greatest extent possible.

Sec. 1.002. CONSTRUCTION OF CODE. The Code Construction Act (Chapter 311, Government Code) applies to the construction of each provision in this code, except as otherwise expressly provided by this code.

Sec. 1.003. DEFINITIONS. In this code:

(d) In determining the amount of the penalty, the department shall consider:

(1) the seriousness of the violation, including but not limited to the nature, circumstances, extent, and gravity of the prohibited acts, and the hazard or potential hazard created to the health or safety of the public;

(2) the damage to property or the environment caused by the
violation;
(3) the history of previous violations;
(4) the amount necessary to deter future violations;
(5) efforts to correct the violation; and
(6) any other matter that justice may require.

(e) If, after investigation of a possible violation and the facts surrounding that possible violation, the department determines that a violation has occurred, the department may issue a violation report stating the facts on which the conclusion that a violation occurred is based, recommending that an administrative penalty under this section be imposed on the person charged, and recommending the amount of that proposed penalty. The department shall base the recommended amount of the proposed penalty on the seriousness of the violation determined by consideration of the factors set forth in Subsection (d) of this section.

(f) Not later than the 14th day after the date on which the report is issued, the department shall give written notice of the report to the person charged. The notice shall include a brief summary of the charges, a statement of the amount of the penalty recommended, and a statement of the right of the person charged to a hearing on the occurrence of the violation or the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(g) Not later than the 20th day after the date on which notice is received, the person charged shall accept the determination of the department made under Subsection (e), including the recommended penalty, or make a written request for a hearing on the determination.

(h) If the person charged with the violation accepts the determination of the department or fails to timely respond to the notice, the commissioner shall issue an order approving the determination and ordering the payment of the recommended penalty.

(i) If the person charged requests a hearing, the department shall set a hearing and give notice of the hearing. The hearing shall be conducted under Section 12.032. The administrative law judge shall make findings of fact and conclusions of law and promptly issue to the commissioner a proposal for decision as to the occurrence of the violation, including a recommendation as to the amount of the proposed penalty if a penalty is warranted. Based on the findings of fact, conclusions of law, and recommendations of the
judge, the commissioner by order may find a violation has occurred and may assess a penalty or may find that no violation has occurred.

(j) The department shall give notice of the commissioner's order under Subsection (h) or (i) to the person charged. The notice shall include:

(1) the findings of fact and conclusions of law separately stated;
(2) the amount of the penalty ordered, if any;
(3) a statement of the right of the person charged to judicial review of the commissioner's order, if any; and
(4) other information required by law.

(j-1) Not later than the 30th day after the date notice is provided under Subsection (j), a person ordered to pay a penalty under Subsection (h) shall pay the penalty.

(k) Within the 30-day period immediately following the day on which the order under Subsection (i) becomes final under Section 2001.144, Government Code, the person charged with the penalty shall:

(1) pay the penalty in full;
(2) pay the amount of the penalty and file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty; or
(3) without paying the amount of the penalty, file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(l) Within the 30-day period, a person who acts under Subsection (k)(3) of this section may:

(1) stay enforcement of the penalty by:
   (A) paying the amount of the penalty to the court for placement in an escrow account; or
   (B) giving to the court a supersedeas bond that is approved by the court for the amount of the penalty and that is effective until all judicial review of the commissioner's order is final; or

(2) request the court to stay enforcement of the penalty by:
   (A) filing with the court a sworn affidavit of the person stating that the person is financially unable to pay the amount of the penalty and is financially unable to give the
supersedeas bond; and

(B) giving a copy of the affidavit to the department by certified mail.

(m) The department on receipt of a copy of an affidavit under Subsection (l)(2) of this section may file with the court, within five days after the date the copy is received, a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the amount of the penalty and to give a supersedeas bond.

(n) If the person does not pay the amount of the penalty and the enforcement of the penalty is not stayed, the department may refer the matter to the attorney general for collection of the amount of the penalty.

(o) Judicial review of the order of the commissioner under Subsection (i):

(1) is instituted by filing a petition as provided by Subchapter G, Chapter 2001, Government Code; and
(2) is under the substantial evidence rule.

(p) If the court sustains the occurrence of the violation, the court may uphold or reduce the amount of the penalty and order the person to pay the full or reduced amount of the penalty. If the court does not sustain the occurrence of the violation, the court shall order that no penalty is owed.

(q) When the judgment of the court becomes final, the court shall proceed under this subsection. If the person paid the amount of the penalty and if that amount is reduced or is not upheld by the court, the court shall order that the appropriate amount plus accrued interest be remitted to the person. The rate of the interest is the rate charged on loans to depository institutions by the New York Federal Reserve Bank, and the interest shall be paid for the period beginning on the date the penalty was paid and ending on the date the penalty is remitted. If the person gave a supersedeas bond and if the amount of the penalty is not upheld by the court, the court shall order the release of the bond. If the person gave a supersedeas bond and if the amount of the penalty is reduced, the court shall order the release of the bond after the person pays the amount.

(r) A penalty collected under this section shall be deposited
in the state treasury to the credit of the General Revenue Fund.

(s) All proceedings under this section are subject to Chapter 2001, Government Code, except as provided in Subsections (t) and (u).

(t) Notwithstanding Section 2001.058, Government Code, the commissioner may change a finding of fact or conclusion of law made by the administrative law judge if the commissioner:

(1) determines that the administrative law judge:
   (A) did not properly apply or interpret applicable law, department rules or policies, or prior administrative decisions; or
   (B) issued a finding of fact that is not supported by a preponderance of the evidence; or

(2) determines that a department policy or a prior administrative decision on which the administrative law judge relied is incorrect or should be changed.

(u) The commissioner shall state in writing the specific reason and legal basis for a determination under Subsection (t).

(a) The Texas Wine Marketing Research Institute or other qualified entity shall, as funding is available, conduct an annual study relating to the quantities and varieties of grapes and other fruit grown in this state that are used for wine making.

(b) Not later than October 15 of the study year, the Texas Wine Marketing Research Institute or other qualified entity shall submit a report to the commissioner. The report must:

(1) include:

(A) the quantities and varieties of grapes and other fruit grown in this state that are available on September 30 of the study year for use in wine making;

(B) the needs of wineries in this state for those grapes and other fruit to meet the wineries' projected production estimates for the following calendar year; and

(C) recommendations regarding the varieties of grapes and other fruit grown in this state for which a reduction in the percentage by volume of Texas grapes used should be granted under Subsection (d); or

(2) state that funding was not available to complete the study required by this section.

(c) If a statement is provided in accordance with Subsection (b)(2), the reporting entity shall include in the report:

(1) any information that has been routinely collected or developed by the reporting entity and that might be useful in
determining the quantities and varieties of grapes and other fruit
grown in this state that are available for use in wine making the
following calendar year; and

(2) recommendations regarding the varieties of grapes and
other fruit grown in this state for which a reduction in the
percentage by volume of Texas grapes used should be granted under
Subsection (d).

(d) The commissioner shall review the report and, if the
commissioner determines that the quantity of a variety of grapes or
other fruit grown in this state is insufficient for the wineries in
this state to produce their projected production estimates during the
following calendar year, the commissioner may reduce the percentage
by volume of fermented juice of grapes or other fruit grown in this
state that wine containing that particular variety of grape or other
fruit must contain under Section 16.011, Alcoholic Beverage Code.

applies to wine bottled under Section 16.011, Alcoholic Beverage

(g) If a winery in this state finds that the determination made
by the commissioner under Subsection (d) does not reduce the
percentage requirement with respect to a particular variety of grape
or other fruit to a level sufficient for the winery to meet the
winery's planned production for the relevant year, the winery may
submit documentation or other information to the commissioner
substantiating that the winery has not been able to acquire those
grapes or other fruit grown in this state in an amount sufficient to
meet the winery's production needs. If the commissioner determines
that there is not a sufficient quantity of that variety of grapes or
other fruit grown in this state to meet the needs of that winery, the
commissioner may reduce the percentage requirement for wine bottled
during the remainder of the calendar year that contains that variety of fruit.

(h) The commissioner may:
   (1) establish a voluntary registry for vineyards and other fruit growers in this state to assist in the determination of the availability of grapes and other fruit grown in this state and facilitate communication between the wineries and fruit growers in this state regarding the availability of and need for grapes and other fruit for wine making; and
   (2) assess a fee to cover the cost of administering the registry.

(i) Information gathered through a registry established under Subsection (h) shall be posted on the department's Internet website and may be made available in any other format agreed on by the commissioner and a requestor who pays the appropriate fee for reproducing the record.

(j) The vineyard and fruit growers registry fund is an account in the general revenue fund. Fees collected under Subsection (h) shall be deposited to the credit of that account. (6) agree to use funds received under this section only to supplement and extend existing services related directly to home-delivered meal services.

(d) Before an organization may receive a grant from the department, the county in which the organization provides meals must make a grant to the organization. If the county makes a grant to the organization in an amount that is less than 25 cents for each person at least 60 years of age who resides in the county, according to the most recent federal decennial census, the maximum amount the department may provide to organizations in the county under Subsection (h) is reduced to an amount in proportion to the amount by which the county grant is less than 25 cents for each elderly resident.

(e) The department shall require an organization seeking a grant to file an application in a form approved by the department. The application must be notarized and signed by the organization's executive director and board chair, if applicable, be postmarked not later than November 1, and must include:

   (B) has been awarded a grant by the county in relation to which the organization is applying, as required by Subsection (d); and
   (C) has delivered the number of meals reported under
Subdivision (6);

(g) The department annually shall determine:

(1) the total amount of money available for grants under this section;

(2) the number of residents at least 60 years of age in this state, according to the most recent federal decennial census; and

(h) Except as provided by Subsections (d), (i), and (j), grants from the department to qualifying organizations in a county in a state fiscal year may not exceed an amount determined by the formula:

\[
CR \times \frac{TD}{SR}
\]

where:

"CR" is the number of residents at least 60 years of age in the county;

"TD" is the total amount of money appropriated to the department for that state fiscal year to make grants, less the department's administrative expenses; and

"SR" is the number of residents at least 60 years of age in this state.

If more than one qualifying organization delivers meals in a county, the department shall reduce the grants proportionally to each qualifying organization in that county so that the total amount of the grants to the organizations does not exceed the amount described by Subsection
(j) If the total amount of the grants made by the department under Subsection (i) is less than the amount appropriated to fund the program under this section in a state fiscal year, the department shall use the unspent funds to proportionally increase the grants to each qualifying organization.

(k) The home-delivered meal fund is an account in the general revenue fund. Money in the account may be appropriated only to the department to award grants under this section and to pay for the operation of the program under this section.

(l) These funds shall not be considered by the Texas Department of Aging and Disability Services or the Area Agencies on Aging in setting unit rates.

The rules shall provide for reasonable variations and tolerances.

Renumbered from Sec. 14.004 and amended by Acts 2001, 77th Leg., ch.
1124, Sec. 1, eff. Sept. 1, 2001.

Sec. 14.022. LICENSING OF MULTIPLE WAREHOUSES. (a) In this section:

(1) "Combination" means a group of two or more public grain warehouses or facilities operated under a single set of complete records. For purposes of this chapter, a combination is treated as if it were a single public grain warehouse.

(2) "Facility" means two or more public grain warehouses located in close proximity on the same general location. For purposes of this chapter, and except when part of a combination, a facility is treated as if it were a single public grain warehouse.

(b) A warehouse operator may operate all public grain warehouses or facilities within an area no larger than 60 miles in diameter as a combination if a single license covering the combination is obtained from the department and:

(1) a single recordkeeping system covering only warehouses
within the combination is maintained by the warehouse operator;

(2) a single, unique set of sequentially numbered receipts containing all information required by department rule and bearing the name of the license holder and a unique combination name, but not bearing individual warehouse or facility names, is used for the combination;

(3) for each scale operated by the warehouse operator, the warehouse operator issues and maintains a single, unique set of sequentially numbered scale weight tickets containing all information required by department rule and bearing the name of the license holder and a unique name identifying the facility where the scale is located;

(4) a single daily position report covering all storage obligations of the combination and only the combination, including company-owned grain, and containing all information required by department rule is maintained;

(5) all original warehouse operator records, except for scale weight tickets, relating to transactions or storage obligations involving the combination are maintained at a single location and separate from all other businesses and separately licensed warehouse operations of the warehouse operator; and

(6) except as provided by department rule, a single unique bond or bond substitute is used to cover the combination.

(c) Except as permitted while operating a combination, a warehouse operator may not combine or intermingle assets, storage obligations, liabilities of any kind, records or record entries, contractual obligations, other transactions of any kind, or any other business or operating information from different warehouses or businesses owned, managed, or operated by the warehouse operator. Each licensed combination or individually licensed facility shall be operated as a separate entity under a single, unique name and, except as provided by department rule, shall be covered by a single, separate bond or bond substitute.

Sec. 14.023. LICENSING PROCEDURE. (a) The department may issue, renew, or amend a license following a determination that:
(1) the applicant has filed an acceptable bond, a financial statement in a form prescribed by the department, and proof of casualty insurance required by this chapter;

(2) the warehouse is suitable for storage of grain and inspection by department personnel;

(3) the applicant has complied with this chapter and rules adopted under this chapter; and

(4) the applicant has met the net worth or deficiency bond requirements of Section 14.031(e).

(b) An applicant must file a separate application for each license, renewal, or amendment and shall accompany each application for a license or renewal with an annual license fee, as provided by department rule. The department shall prescribe the information to be contained in the application. A person who fails to submit a renewal fee on or before the expiration date of the license must pay, in addition to the renewal fee, the late fee provided by Section 12.024.

(c) If an applicant for a license previously operated a grain warehouse in this state or another state and that warehouse ceased to operate while the applicant was the operator, the applicant must submit with the application evidence acceptable to the department that all debts from the previous operation evidenced by receipts have been satisfied. The department may not issue a license to an applicant who the department determines has not satisfied all such debts from a previous operation.

Sec. 14.024. REQUIREMENT FOR INCREASING CAPACITY. A warehouse operator may not use any increased warehouse capacity without first obtaining written approval from the department.

SUBCHAPTER D. BONDING

Sec. 14.031. BOND. (a) In accordance with this section, each applicant for a license shall file or have on file a bond with the department.

(b) The bond must:
(1) be payable to the State of Texas;
(2) be executed by the applicant as principal;
(3) be issued by a corporate surety licensed to do business as surety in the State of Texas; and
(4) be in a form and contain terms and conditions prescribed by the department.

(c) The bond must be conditioned on faithful performance of:
(1) each obligation of a warehouse operator as to receipted grain and open storage grain under this chapter and rules adopted under this chapter, from the effective date of the bond until the license is revoked or the bond is canceled, whichever occurs first, whether or not the warehouse remains licensed; and
(2) except for a contract for the purchase of grain or to act as broker for the grain, each obligation of a warehouse operator under any contract with a depositor that exists on the effective date of the bond or is assumed after the effective date of the bond and before the license is revoked or the bond is canceled, whichever occurs first and whether or not the warehouse remains licensed.

(d) The bond must be in an amount of not less than $35,000 and be based on 10 cents per bushel of storage capacity, not to exceed a maximum of $500,000.

(e) If the actual net worth of an applicant equals less than the greater of either 25 cents per bushel of storage capacity or $200,000, the applicant shall file a deficiency bond in an amount equal to the difference between the actual net worth and the greater of either $200,000 or the amount determined by multiplying 25 cents times each bushel of storage capacity in the applicant's warehouse. A deficiency bond is in addition to the bond required of an applicant by this section.

(f) Except as provided by department rule, the applicant must give a single bond meeting the requirements of this section to cover
warehouses licensed as a single facility or combination. A single bond may not be used to cover more than one individually licensed facility, more than one combination, or one or more individually licensed facilities and one or more combinations.

(g) The liability of the surety of a bond required by this chapter is limited to the face amount of the bond and does not accumulate for each successive license period during which the bond is in force.

(h) Subject to the approval of the department, a warehouse operator may deposit the following with the department, for the term of the license plus two years, in lieu of a bond required by this section:

(1) cash;

(2) an irrevocable letter of credit, payable to the State of Texas; or

(3) a certificate of deposit from a federally insured bank or savings and loan institution authorized to do business in this state, assigned to the State of Texas.

(i) The cash, letter of credit, or certificate of deposit under Subsection (h) must be in the same amount or have a value in the same amount as required for the warehouse bond.

(j) Any interest or income earned on an assigned certificate of deposit accrues to the owner of the certificate during the time of the assignment.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 168 (S.B. 248), Sec. 2, eff. September 1, 2011.

Sec. 14.032. ADDITIONAL BOND. (a) If the department determines that an approved bond is insufficient, the department shall require the warehouse operator to give additional bond.

(b) If a license has been suspended or revoked or has expired, the department may require a bond from the warehouse operator to protect depositors of grain for as long as any receipts or open
storage accounts remain outstanding.

Sec. 14.033. BOND CANCELLATION. (a) A warehouse operator may not cancel a bond approved by the department unless the department first gives written approval of a substitute bond.

(b) The surety may cancel a bond by sending notice of intent to cancel by registered or certified mail to the department. Cancellation of a bond may not be effective before the 91st day following the day on which the surety mails notice of intent to cancel. On receipt of notice of cancellation of a bond, the department shall promptly notify the warehouse operator involved. Liability under the bond ceases to accrue on the effective date of cancellation. Notwithstanding cancellation under this section, the department or a depositor may collect under the bond for any claim that arose during the period during which the bond was in effect, provided that the claim is filed within the applicable limitations period established under Section 14.065.

(c) The surety shall send a copy of the notice required by this section to any government agency requesting it.

(d) Notwithstanding any other provision of this chapter, a public grain warehouse license is automatically suspended if the warehouse operator fails to file a new bond before the cancellation of a bond is effective.

(e) The suspension of a license under this section continues as long as the warehouse operator fails to maintain the bond required by this chapter.

Sec. 14.034. CANCELLATION OF LETTER OF CREDIT. (a) A warehouse operator may not cancel a letter of credit approved by the department in lieu of a bond unless the department gives written approval of a substitute bond or letter of credit.
(b) The issuer of the letter of credit may cancel a letter of credit by sending notice of intent to cancel by registered or certified mail to the department. Cancellation of a letter of credit may not take effect before the 91st day after the date the issuer mails notice of intent to cancel. On receipt of notice of cancellation of a letter of credit, the department shall promptly notify the warehouse operator involved. Liability under the letter of credit ceases to accrue on the effective date of cancellation. Notwithstanding cancellation under this subsection or other law to the contrary, the department or a depositor may collect under the letter of credit for any claim that arose during the period during which the letter of credit was in effect, provided that the claim is filed within the applicable limitations period established under Section 14.065.

(c) The issuer of a letter of credit shall send a copy of the notice required by this section to any government agency requesting the copy. Notwithstanding any other provision of this chapter, a public grain warehouse license is automatically suspended if the warehouse operator fails to file a new bond or letter of credit before the cancellation of a letter of credit is effective.

(d) The suspension of a license under this section continues as long as the warehouse operator fails to maintain the bond or letter of credit required by this chapter.

Sec. 14.035. CANCELLATION OF CERTIFICATE OF DEPOSIT OR CASH.
(a) A warehouse operator may not repossess a certificate of deposit or cash approved by and deposited with the department in lieu of a bond unless:

(1) the department gives written approval of a substitute bond or letter of credit; and

(2) at least two years have passed after the expiration of the last licensing period during which the certificate of deposit or cash was deposited with the department in lieu of a bond.

(b) Notwithstanding any other provision of this chapter, the department may not release a certificate of deposit or cash deposited with the department while a claim filed within the applicable
limitations period established under Section 14.065 is pending before the department or a court.

(c) A warehouse operator may, on written request to the department, recover cash or a certificate of deposit from the department before the expiration of the two-year period specified in Subsection (a)(2) if:

(1) the department performs a closeout inspection;

(2) the department determines on the best available evidence that no outstanding obligations exist at the time of the closeout inspection;

(3) the warehouse operator submits with the written request a bond:

(A) in an amount equal to six cents per bushel for 50 percent of the total storage capacity of the facility or combination covered by the cash or certificate of deposit the warehouse operator is attempting to recover; and

(B) covering any failure of obligation that may have occurred during all licensing periods covered by the cash or certificate of deposit the warehouse operator is attempting to recover; and

(4) at least 30 days have passed since the closeout inspection.

(d) A claim against the bond required by Subsection (c) must be filed with the department or in a court of competent jurisdiction not later than the second anniversary of the date of the closeout inspection.

**SUBCHAPTER E. INSURANCE**

Sec. 14.041. CASUALTY INSURANCE. (a) Except as provided by Subsections (c) and (d), an applicant for a license must file or have on file with the department a certificate of insurance evidencing that:

(1) the applicant has an effective policy of insurance issued by an insurance company authorized to do business in this state or, with the approval of the department, by an eligible surplus lines insurer that meets the requirements of Chapter 981, Insurance Code, and rules adopted by the commissioner of insurance under that
chapter; and
(2) the policy insures, in the name of the applicant, all depositor grain that is or may be in the public grain warehouse for its full market value against loss by or due to water or other fluid resulting from an insured peril, excluding flood and other rising waters resulting from natural causes, malicious mischief, vandalism, smoke, fire, internal explosion, lightning, hail, windstorm, hurricane, or tornado.

(b) If water or other fluid resulting from an insured peril, excluding flood and other rising waters resulting from natural causes, malicious mischief, vandalism, smoke, fire, internal explosion, lightning, hail, windstorm, hurricane, or tornado destroys or damages grain in a public grain warehouse, the warehouse operator shall, on demand by the depositor and presentation of a receipt or other evidence of ownership, make settlement with the depositor of the grain. The amount of the settlement shall be the average price paid for grain of the same grade and quality on the date of the loss at the location of the warehouse, minus the warehouse operator's charges and advances. If a settlement is not made before the 31st day following the date of demand, the depositor is entitled to seek recovery from the insurance company.

(c) An applicant is not required to file a certificate of insurance if the applicant certifies in writing, at or before the time the certificate of insurance is due, that all grain within the warehouse at the time the license is to be effective is or will be owned by the applicant free of any lien. The applicant shall file the required certificate of insurance on or before the first day any grain not owned by the applicant free of any lien is stored for hire, handled for hire, or shipped for hire.

(d) An applicant for a license shall insure depositor grain for its full market value against loss by or due to fire or windstorm if the grain is in temporary or emergency storage. The certificate required under Subsection (a) must evidence that the applicant has an effective policy of insurance under this subsection before the applicant may store depositor grain in temporary or emergency storage.

Sec. 14.042. INSURANCE CANCELLATION. (a) A warehouse operator may not cancel an insurance policy approved by the department unless the department gives written approval of a substitute policy.

(b) The insurer may cancel an insurance policy by sending notice of intent to cancel by registered or certified mail to the department. Cancellation of an insurance policy is not effective before the 31st day following the date the insurer mails notice of intent to cancel. On receipt of notice of cancellation of an insurance policy, the department shall promptly notify the warehouse operator involved.

(c) The insurer shall send a copy of the notice required by this section to any government agency requesting the copy.

(d) Notwithstanding any other provision of this chapter, a public grain warehouse license is automatically suspended if the warehouse operator fails to file a new certificate of insurance before the cancellation of an insurance policy is effective or fails to provide a certification of ownership under Section 14.041(c).

(e) The suspension of a license under this section continues as long as the warehouse operator fails to maintain the insurance required by this chapter.

Sec. 14.043. ADDITIONAL INSURANCE. (a) If the department determines that an approved insurance policy is insufficient, the department shall require the warehouse operator to obtain additional insurance.

(b) If a license has been suspended or revoked or has expired, the department may require continued insurance coverage by the warehouse operator to protect depositors of grain for as long as any receipts or open storage accounts remain outstanding.

(c) The warehouse operator shall obtain the additional insurance required by this section and provide verification of the additional insurance within a time specified by the department, and the additional insurance shall be maintained or continued as necessary to meet the requirements of this chapter.
SUBCHAPTER F. WAREHOUSE OPERATOR OBLIGATIONS

Sec. 14.051. POSTING OF LICENSE. Each warehouse operator shall immediately on receipt of a license post the original in a conspicuous place at the primary recordkeeping location for the individually licensed facility or combination. A copy of the license must be conspicuously posted at each facility where grain is stored for hire, handled for hire, or shipped for hire.

Sec. 14.052. WAREHOUSE OPERATOR OBLIGATIONS. (a) The obligations of a warehouse operator include the obligation to:

(1) deliver grain to a person holding a receipt for grain stored in the warehouse; and

(2) maintain the quantity and quality of all grain not owned by the warehouse operator, including open storage grain.

(b) Except as otherwise provided by this chapter or by department rule, the obligation of a warehouse operator to deliver grain to a person holding a receipt for grain stored in the public grain warehouse is controlled by Section 7.403, Business & Commerce Code.

(c) If a warehouse operator accepts for storage, shipping, handling, purchase, or sale any grain that is nonfungible or for which identity must be preserved, the warehouse operator shall safeguard the grain from intermingling with grain that would impair or destroy the identity-preserved or nonfungible nature of the grain. Nothing in this section requires the warehouse operator to accept grain that is nonfungible or that requires identity preservation.

(d) The warehouse operator remains liable for the quality and quantity of grain deposited at the warehouse and for any other obligations established under this chapter for any period during which the warehouse has been sealed or during any period of probation, suspension, or revocation imposed under this chapter or for grain abandoned by the warehouse operator unless:

(1) the warehouse operator makes a written request to the
department for access to the warehouse;

(2) the request adequately describes why access is necessary to meet the warehouse operator's obligations under this chapter;

(3) the request adequately describes what type of access is necessary to meet the warehouse operator's obligations under this chapter;

(4) the request for access is reasonable;

(5) allowing access would not impair the department's ability to preserve evidence, warehouse operator records, or depositor grain assets; and

(6) the request is denied by the department or the department imposes unreasonable restrictions that prevent the operator from meeting the obligations described in the request.

(e) The department is entitled, on behalf of depositors, to recover from the warehouse operator's bond the cost of damages suffered by depositors as a result of sealing the warehouse or as a result of the warehouse operator abandoning the warehouse and the grain contained in the warehouse.

Sec. 14.053. RECEIPT FORMS. (a) A warehouse operator shall use one set of serially numbered and sequentially issued receipts for all warehouses operated under a single license. In addition to a unique serial number, each receipt form must contain all of the information prescribed by department rule. If further provided by department rule, the warehouse operator shall request the receipt forms from the printer on a form approved, prescribed, or furnished by the department.

(b) The warehouse operator shall provide the department with an exemplar of the receipt forms and an affidavit from the printer showing the number of receipts printed and their serial numbers before issuing any receipt from the printed set. The exemplar and affidavit required by this subsection shall be provided each time a new set of receipts is printed.
(c) The warehouse operator may use an electronic receipt system if the provider of the electronic receipt system has been approved by the department or by the United States Department of Agriculture or any other federal agency that issues a license for the operation of a public grain warehouse.

(d) The department may require a warehouse operator to provide a bond to cover any loss resulting from unlawful use of a receipt. The department shall determine the form and the amount of the bond, but the amount may not exceed $5,000.

Sec. 14.054. ISSUANCE OF SCALE WEIGHT TICKET OR RECEIPT. (a) On receiving grain, a warehouse operator shall issue to the person delivering the grain a serially numbered scale weight ticket in a form approved by the department.

(b) On application of a depositor, the warehouse operator shall issue to the depositor a Texas grain warehouse receipt, which must be:

1. in a form prescribed by the department; and
2. in conformity with Chapter 7, Business & Commerce Code.

(c) A Texas grain warehouse receipt issued under this subchapter is subject to the provisions of Chapter 7, Business & Commerce Code.

(d) A Texas grain warehouse receipt is a negotiable document of title. A scale weight ticket is not a negotiable document of title.

(e) Except as provided by Section 14.055 for duplicate receipts, a warehouse operator may not issue two scale weight tickets or two receipts bearing the same number during any calendar year.

(f) Unless previously canceled in accordance with the provisions of Chapter 7, Business & Commerce Code, a Texas grain warehouse receipt issued under this chapter expires 10 years after the date of issuance.

Sec. 14.055. DUPLICATE RECEIPTS. (a) Except as otherwise
provided by this section, if a receipt issued under this chapter is outstanding, another receipt covering all or part of the grain covered by the initial receipt may not be issued by the warehouse operator or any other person. If a receipt is lost, stolen, or destroyed, the owner is entitled to a new receipt as a duplicate or substitute for the missing receipt. The duplicate or substitute receipt has the same legal effect as the original receipt and must:

   (1) state that it is in lieu of the original receipt; and
   (2) bear the number and date of the original receipt.

   (b) Before issuing a duplicate receipt, the warehouse operator shall require from the owner an indemnity bond of double the market value of the grain covered by the missing receipt. The bond must be in a form and with a surety prescribed by the department to fully protect all rights under the missing receipt.

   (c) A warehouse operator may not obtain, purchase, or become a surety on a bond for a lost, stolen, or destroyed receipt.

   (d) A court may not order delivery of grain covered by a lost, stolen, or destroyed receipt without requiring the bond provided by this section.

Sec. 14.056. RECEIPT FOR GRAIN OWNED BY WAREHOUSE OPERATOR. A warehouse operator may issue a receipt for grain that is owned by the warehouse operator, in whole or part, and located in the warehouse operator's warehouse. The negotiation, transfer, sale, or pledge of that receipt may not be defeated because of its ownership.

Sec. 14.057. RECORDS. (a) Every warehouse operator shall keep in a safe place complete and correct records and accounts pertaining to the public grain warehouse, including records and accounts of:

   (1) grain received and withdrawn from the warehouse;
   (2) unissued receipts in the warehouse operator's possession;
   (3) receipts and scale weight tickets issued by the
warehouse operator; and

(4) receipts returned to and canceled by the warehouse operator.

(b) The warehouse operator shall retain the records required by this section for the period of time prescribed by the department. The warehouse operator shall retain copies of receipts or other documents evidencing ownership of grain or liability of a warehouse operator as long as the documents are outstanding. If the documents are canceled, the warehouse operator shall retain the documents or receipts for a period of not less than two years from the date of cancellation.

(c) The warehouse operator shall:

(1) clearly mark all canceled receipts "canceled" and mark on the face of each receipt the date of the cancellation;

(2) keep records and accounts required by this section separate from the records and accounts of other businesses;

(3) issue in numerical order all scale weight tickets and receipts; and

(4) keep in numerical order copies of the scale weight tickets and receipts issued by the warehouse operator.

(d) In records kept under this section, grain may be designated as company-owned grain only if:

(1) the grain has been paid for and is wholly owned by the warehouse operator; or

(2) the ownership of the grain has been transferred to the warehouse operator under a written contract of purchase.

(e) The warehouse operator shall report to the department on forms furnished by the department the following information on scale weight tickets used in the warehouse operator's business:

(1) the number of scale weight tickets printed;

(2) the serial numbers of the scale weight tickets printed; and

(3) the printer of the scale weight tickets.

(f) The warehouse operator shall make any records required by this section or department rule accessible and available for inspection by the department at any reasonable time.

Sec. 14.058. POSTING OF STORAGE RATES OR TARIFFS. (a) A public grain warehouse licensed under this chapter shall post a copy of all storage rates and tariffs charged by the warehouse operator at the main warehouse office and at each warehouse facility operating under the license.

(b) The warehouse operator shall post any change to the posted storage rates or tariffs not later than the third day before the day on which the change is to take effect.

(c) Department inspectors shall check compliance with this section during inspections of a public grain warehouse under this chapter.

Sec. 14.059. INSPECTIONS; FEE. (a) On request by the department, a warehouse operator shall report to the department on the condition, operation, and business of each public grain warehouse that the warehouse operator operates and all grain stored in those warehouses.

(b) The department shall inspect each public grain warehouse at least once annually and may make additional inspections as the department considers necessary. A warehouse operator may request that the department make additional inspections.

(c) The department shall collect from the warehouse operator whose public grain warehouse is inspected an inspection fee for an annual inspection or an inspection requested by the warehouse operator, but may not collect an inspection fee for other inspections unless the inspection is conducted:

(1) under the terms of an agreed or ordered suspension or probation;

(2) in response to a complaint that the warehouse operator has not complied with the duties and obligations provided for by this chapter and the complaint is determined by the department to be valid;

(3) as a follow-up inspection to:

(A) determine whether a shortage of grain discovered by the department has been corrected;

(B) obtain records not immediately available at the
location designated as the recordkeeping location in department
records or to which access was refused during a previous inspection;
(C) ensure that recordkeeping discrepancies discovered
during a previous inspection have been corrected; or
(D) monitor a suspension or probation under this
chapter; or
(4) to monitor termination of arrangements for storing,
shipping, or handling of grain under this chapter.
(d) The department by rule shall set the inspection fee.

Amended by Acts 1995, 74th Leg., ch. 419, Sec. 2.12, eff. Sept. 1,
Leg., ch. 1124, Sec. 1, eff. Sept. 1, 2001.

SUBCHAPTER G. REMEDIES AND CLAIMS

Sec. 14.061. WAREHOUSE RECEIPT AS PRIMA FACIE EVIDENCE. In an
action involving a warehouse operator that is brought under this
chapter, a warehouse receipt constitutes prima facie evidence of the
truth of the facts stated in the receipt.

1124, Sec. 1, eff. Sept. 1, 2001.

Sec. 14.062. INVALID RECEIPTS. Notwithstanding any other
provision of this code or the Business & Commerce Code, a receipt for
grain is void as to any person who receives the receipt with
knowledge that the grain purported to be covered by the receipt was
not, at the time the receipt was issued, actually stored in the
warehouse of the warehouse operator issuing the receipt.

Sec. 14.063. TERMINATION OF STORAGE. (a) A warehouse operator
desiring to terminate the storage of grain in the warehouse
operator's warehouse, including grain that is abandoned or is
unclaimed prior to the sale of a warehouse, shall do so in accordance
with Sections 7.206 and 7.210, Business & Commerce Code, except that
the warehouse operator is not required to hold the balance of the
proceeds of a sale, but may transfer the balance to the comptroller, who shall treat the money in the same manner as an escheated bank account.

(b) A purchaser in good faith of grain sold under Section 7.210, Business & Commerce Code, takes the grain free of any rights of the holder of the receipt, but the receipt is evidence of entitlement to the escheated funds deposited with the comptroller under Subsection (a).

Sec. 14.064. CERTAIN LOADOUT FEES PROHIBITED. (a) A warehouse operator may not charge a fee for loading out grain if the loadout was the result of the misconduct of the warehouse operator.

(b) Misconduct under this section includes:

(1) violation of this chapter as established by final, unappealable order of the commissioner;

(2) conviction of a crime, including a plea of nolo contendere, described as an offense under this chapter; and

(3) conviction of a crime, including a plea of nolo contendere, described as an offense under the Penal Code and involving any type of fraud or theft related to the storing, shipping, handling, sale, or purchase of grain or the sale or purchase of grain handling, shipping, or storage equipment or warehouse structures or other assets.

(c) A loadout fee collected during a period of suspension of a warehouse operator's license by the department, after revocation of a warehouse operator's license, or during a period in which criminal charges are pending against a warehouse operator, shall be placed in an escrow account by the warehouse operator until:

(1) the department's suspension is lifted;

(2) the prosecutor ceases to pursue criminal charges;

(3) the indictment or information is dismissed by a court; or

(4) the warehouse operator is acquitted.

(d) If misconduct is finally determined to have occurred as provided by Subsection (b), the loadout fees placed in escrow shall

AGRICULTURE CODE
be returned to the person originally paying those fees. The loadout fees placed in escrow shall be returned to the warehouse operator if the warehouse operator is found not to have committed misconduct by acquittal, by the dismissal of the criminal charges, or by final order of the commissioner.

Sec. 14.065. RECOVERY ON BOND; LIABILITY OF WAREHOUSE OPERATOR. (a) If no action on the bond or cash, certificate of deposit, or letter of credit deposited in lieu of a bond of a warehouse operator is begun before the 31st day after the date of a written demand to the department, a depositor has a right of action on the bond or cash, certificate of deposit, or letter of credit deposited in lieu of a bond for recovery of damages suffered by the depositor as a result of the failure of the warehouse operator to comply with any condition of the bond, or if cash, a certificate of deposit, or a letter of credit is deposited in lieu of a bond, failure to comply with any obligation of the warehouse operator under this chapter that would have been covered by a bond.

(b) Recovery on a bond shall be prorated if claims exceed liability on a bond, but a depositor suing on a bond is not required to join other depositors in a suit. The burden of establishing proration is on the surety as a matter of defense or is on the department as intervenor on behalf of other depositors.

(c) A warehouse operator is liable for damages for loss of or injury to grain caused by the warehouse operator's failure to exercise the care that a reasonably prudent person would exercise in regard to the grain under similar circumstances, but, unless otherwise agreed, a warehouse operator is not liable for damages to grain that could not have been avoided through the exercise of that care.

(d) A person who files an action on a bond under this section must serve notice of the suit on the department in the same manner and within the same period as for the defendant or surety who issued the bond.

(e) On authentication by the department, the court shall accept into evidence as a public record any report prepared by the department under this chapter that describes potential bond claims by
other depositors, regardless of whether any of those depositors are
joined in the suit.

(f) A person is prohibited from filing a claim on an invalid receipt.

(g) An action under this section must be brought not later than
the second anniversary of the date of expiration of the public grain
warehouse license in effect at the time the claim arose.

(h) The department by rule may set a limitations period for
filing claims with the department on a bond filed with the department
or cash, a certificate of deposit, or a letter of credit deposited
with the department in lieu of a bond.

Renumbered from Sec. 14.010 and amended by Acts 2001, 77th Leg., ch.
1124, Sec. 1, eff. Sept. 1, 2001.

Sec. 14.066. APPEAL OF DEPARTMENT ACTION BY WAREHOUSE OPERATOR.
(a) A department action or order affecting a warehouse operator
under this chapter is appealable in accordance with this section
unless the action involves agency rulemaking, the assessment of an
administrative penalty, imposition of a license sanction, or any
other action for which a specific administrative or judicial remedy
is available under this chapter, Chapter 12 of this code, or Chapter

(b) Not later than the 10th day after the date the department
takes an action or issues an order described by Subsection (a), the
warehouse operator may serve notice on the department to appear in a
district court of Travis County or the district court of the county
in which the public grain warehouse is located. The court shall fix
the time of the hearing not less than 3 days or more than 20 days
after the date of service of the notice.

(c) The burden is on the warehouse operator to show by a
preponderance of the evidence that the action taken or order issued
by the department was not authorized under this chapter or, if
authorized, was an abuse of the department's discretion.

SUBCHAPTER I. ENFORCEMENT

Sec. 14.081. OFFENSE IS VIOLATION; STANDARD OF PROOF. (a) Commission of an offense under this chapter is also a violation for purposes of administrative enforcement by the department.

(b) Proof of a violation under this chapter for purposes of administrative enforcement, by assessment of an administrative penalty or license sanction, is by a preponderance of the evidence.

(c) In an administrative enforcement action against a person for the commission of an offense under this chapter, the department is required to prove any intent element provided by the description of the offense.

(d) Both an administrative enforcement action and a criminal prosecution may be maintained against a person who violates this chapter.

Sec. 14.082. DISCOVERY OF SHORTAGE; REFUSAL OF INSPECTION. (a) If the department determines that a warehouse operator does not possess sufficient grain to cover outstanding receipts and outstanding scale weight tickets issued or assumed by the warehouse operator, or if a warehouse operator refuses or is unable to submit records or property for lawful inspection or the department is unable to conduct an inspection of the warehouse due to the condition of the warehouse or grain stored in the warehouse, the department may seal the warehouse to prevent delivery or receipt of grain except as authorized by the department, suspend the license of the warehouse operator, and give notice to the warehouse operator requiring the warehouse operator to submit records or property for lawful inspection, to correct any condition interfering with the department's inspection of the warehouse or grain, or to cover a shortage of a particular type of grain by:

(1) storing to the credit of or delivering to each depositor affected by the shortage grain of the same type and quality that is stored at any of the warehouse operator's licensed warehouses in this state and that has been designated as company-owned grain by the warehouse operator;

(2) purchasing and storing to the credit of or delivering to each depositor affected by the shortage grain of the same type and
(3) selling company-owned grain of a different type and paying to each depositor affected by the shortage, on a pro rata basis, the market value of the depositor's grain as determined on the day the shortage was discovered by the department; or

(4) using any combination of the remedies described by Subdivisions (1)-(3) or another fair and reasonable method for meeting the shortage approved by the department.

(b) A warehouse operator shall comply with the requirements of a notice issued under Subsection (a) within 24 hours of notification by the department or within a longer time allowed by the department. If the warehouse operator fails to comply, the department may petition the district court for the county where the warehouse operator's principal place of business is located, as shown by the license application, for a court order authorizing the department to take possession of:

(1) all or a portion of the grain located in the public grain warehouse or warehouses; and

(2) all relevant records and property of the warehouse operator.

(c) If the department takes possession of grain under Subsection (b), the department shall give written notice of its action to the surety on the bond of the warehouse operator and may notify the holders of all receipts and scale weight tickets issued for grain, as shown by the warehouse operator's records, to present their receipts or scale weight tickets for inspection or account for the absence of the receipts or scale weight tickets. The department may then audit and investigate the affairs of the public grain warehouse, especially with respect to the grain of which there is an apparent shortage. The purpose of the audit and investigation is to determine the amount of the shortage and, if practicable, to compute the shortage as to each depositor, as shown by the warehouse operator's records. The department shall notify the warehouse operator and the surety on the warehouse operator's bond of the approximate amount of the shortage. The department shall notify each depositor affected by the shortage by sending notice to the depositor's last known address, as shown by the warehouse operator's records.

(d) The department shall retain possession of grain obtained under this section until:
(1) the warehouse operator or surety on the bond satisfies the claims of all depositors, within the limitations on liability imposed by this chapter; or

(2) the court orders the department to surrender possession.

(e) If, during or after an audit or investigation authorized by this section or at any other time, the department has evidence that the warehouse operator is insolvent or unable to satisfy the claims of all depositors, the department may petition the district court for appointment of a receiver to operate or liquidate the business of the warehouse operator in accordance with law.

(f) A license suspension issued under this section remains in effect until lifted by the department through written notice to the warehouse operator or as provided by Section 14.066.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 168 (S.B. 248), Sec. 4, eff. September 1, 2011.

Sec. 14.083. DENIAL, REVOCATION, MODIFICATION, OR SUSPENSION OF LICENSE OR PROBATION. (a) The department may deny an application for a license or license renewal if the applicant fails to comply with a requirement of this chapter, a rule adopted by the department under this chapter, or a lawful order of the commissioner or the commissioner's designee.

(b) The department may revoke, modify, or suspend a license or assess an administrative penalty against, place on probation, or reprimand a license holder for a violation of this chapter, a rule adopted by the department under this chapter, or a lawful order of the commissioner or the commissioner's designee.

(c) In addition to or in lieu of a license suspension authorized by another provision of this chapter, if the department considers it necessary, the department may suspend a license and prohibit the movement of grain into or out of a warehouse for up to 30 days without a hearing. For good cause, a suspension under this subsection may be extended for additional periods of up to 30 days each, not to exceed a total of 90 days of suspension in a licensing
period.

(d) During a period of license suspension or probation, the department may seal and restrict access to the warehouse operator's buildings, bins, or other similar structures used to receive, store, ship, or handle grain, for hire, and require the warehouse operator to:

1. maintain additional information in the records of the warehouse or report regularly to the department on matters that are the basis of the suspension or probation;
2. limit practice to the areas prescribed by the department;
3. operate under conditions or by methods prescribed by the department; or
4. continue or renew professional education until the person attains a degree of skill satisfactory to the department in those areas that are the basis of the suspension or probation.

(e) Except as provided by Subsection (c), if the department proposes to deny, revoke, modify, or suspend a person's application or license or place a warehouse operator on probation, the person is entitled to a hearing conducted under Section 12.032. The decision of the department is appealable in the same manner as provided for contested cases under Chapter 2001, Government Code.

Amended by Acts 1995, 74th Leg., ch. 425, Sec. 1, eff. Sept. 1, 1995;

Sec. 18.002. ORGANIC STANDARDS PROGRAM. (a) The department by rule may create and administer a program for the administration and enforcement of standards related to organic agricultural products,
including certification of persons who produce, process, distribute, or handle organic agricultural products, and may regulate the use of "organic" and related terms.

(b) Any program created by the department under Subsection (a) must be consistent with the provisions of the national organic program.

(c) To the extent consistent with federal law, the department by rule may adopt standards related to organic agricultural products other than the standards established by the national organic program.

(d) The department may enter into an agreement with the United States Department of Agriculture to act as an organic certifying agent or to provide primary enforcement of state and national standards relating to organic agricultural products.

(e) In regulating organic agricultural products under this subchapter, the department may require certification, registration, or other documentation the department considers necessary:

(1) to ensure the integrity of the state and national organic programs;

(2) to ensure the marketability of organic agricultural products produced in this state; and

(3) to meet the authentication or verification requirements of the federal government, another state, or a foreign country relating to organic agricultural products.

Sec. 18.003. ORGANIC CERTIFICATION. (a) The department may certify each person who produces, processes, distributes, or handles an organic agricultural product in this state.

(b) A person may apply for any required certification under this subchapter by submitting the following, as prescribed by department rule:

(1) an application for certification;

(2) a plan for production, processing, distribution, or handling of organic agricultural products; and

(3) a fee.

(c) The department by rule may require a person certified under
this subchapter to submit an annual report of that person's production, processing, distribution, or handling of organic agricultural products, along with an annual reporting fee.

(d) The department may by written notice require that a person certified under this subchapter submit any additional report, including copies of records, the department considers necessary to investigate or monitor production, processing, distribution, or handling of organic agricultural products.

(e) A certificate issued under this subchapter remains in effect until surrendered, suspended, or revoked in accordance with procedures established by department rule and Section 18.0075.

Sec. 18.004. REGISTRATION PROGRAM. The department by rule may establish a voluntary or mandatory registration program for persons who produce, process, distribute, handle, or advertise organic products in this state and for persons who certify any producers, processors, distributors, or handlers located in this state.

Sec. 18.006. FEES. (a) The department by rule may require a fee for each:

(1) application for certification;
(2) application for registration or registration renewal;
(3) annual report required by the department;
(4) certificate issued by the department; and
(5) document required by the federal government, another state, or a foreign country that is issued by the department under this subchapter.

(d) The department shall set fees under this subchapter in amounts that enable it to recover the costs of administering this subchapter.

Sec. 18.007. DENIAL, SUSPENSION, OR REVOCATION OF ORGANIC CERTIFICATION OR REGISTRATION. The department may deny, suspend, or revoke a certification or registration issued under this subchapter if the person to whom the certification or registration was issued:

(1) makes a false representation material to a matter governed by this subchapter; or

(2) violates or refuses to comply with this subchapter or a rule or instruction of the department under this subchapter.

Sec. 18.0075. ADMINISTRATIVE PROCEDURES. (a) To the extent consistent with the requirements of the national organic program, the department by rule shall adopt administrative procedures relating to assessment of administrative penalties and other sanctions for violations of this subchapter. Chapter 2001, Government Code, does not apply to department rules adopted under this subchapter to the extent that Chapter 2001, Government Code, conflicts with the requirements of the national organic program.

(b) The department shall provide a person with written notice of the department's intent to assess the person with an
administrative penalty or other sanction. If the department requires a written response to the notice, the department shall allow the person not less than 10 days after the date the person receives the notice to provide the department with the written response. A written response may contain an admission of a violation of this subchapter or rule adopted under this subchapter, as applicable, and an agreement to assessment of the applicable administrative penalty or sanction.

(c) The department's administrative procedures may provide for a default judgment without a hearing for failure to submit to the department a written response under Subsection (b) that contains a request for a hearing and a general or specific denial that the department's action is warranted by the facts or law.

(d) A default judgment may be entered under this section by order of the commissioner. The order entering a default judgment is final on the day the commissioner issues the order.

(e) A default judgment may be appealed for review de novo to a Travis County district court not later than the first anniversary of the date the order is issued under Subsection (d).

(f) On appeal, the court may only consider the issues of whether the appellant received proper notice as required by Subsection (b) and whether the department received a proper response under Subsection (b). The appellant has the burden of proof to establish, by a preponderance of the evidence, that proper notice was not received by the appellant or that a proper response under Subsection (b) was received by the department. If the appellant prevails, the default judgment shall be vacated and the case shall be remanded to the department for an administrative hearing on the substantive issues raised by the department's notice.

(g) The State Office of Administrative Hearings shall conduct any hearing required by a rule of the department adopted under this subchapter.

(h) In the absence of administrative procedures adopted by the department under this section, the procedures under Chapter 12 and under Chapter 2001, Government Code, apply to the assessment of administrative penalties or license sanctions, except that the procedures may, on motion of a party or on the administrative law judge's own motion, be modified by the judge as necessary to comply with standards and procedures under the national organic program.

(c) A civil penalty collected under this section shall be deposited in the general revenue fund. All civil penalties recovered in suits instituted by a county or district attorney under this section shall be divided between the state and the county in which the county or district attorney brought suit, with 50 percent of the recovery to be paid to the general revenue fund and 50 percent to the county.

On request of the department, the attorney general or the county or district attorney of the county in which the alleged violation is threatened or occurring shall file suit for the injunctive relief. Venue is in the county in which the alleged violation is threatened or is occurring.

(e) This section is applicable only if the department chooses to use civil remedy as opposed to criminal penalty under Section 18.008.
Sec. 18.010. STOP-SALE ORDER. (a) If an organic agricultural product is being sold or distributed in violation of this subchapter or a rule adopted under this subchapter, the department may issue a written order to stop the sale or distribution of the product by a person in control of the product. The product named in the order may not be sold or distributed while labeled, marketed, advertised, or otherwise represented as "organic" until:

(1) permitted by a court under Subsection (b); or

(2) the department determines that the sale or distribution of the product is in compliance with this subchapter and rules adopted under this subchapter.

(b) A person in control of the product named in the order may bring suit in a court in the county where the product is located. After a hearing, the court may permit the product to be sold if the court finds the product is not being sold in violation of this subchapter or a department rule issued under this subchapter.

(c) This section does not limit the department's right to act under another section of this subchapter.

Sec. 21.002. ELIGIBILITY. Subject to available funds, a nonprofit organization is eligible to receive a grant under this chapter if the organization:

(1) has at least five years of experience coordinating a statewide network of food banks and charitable organizations that serve each county of this state;

(2) operates a program that coordinates the collection and transportation of surplus agricultural products to a statewide network of food banks that provide food to needy or low-income individuals; and

(3) submits to the department, in the manner and time prescribed by the department, a proposal for the collection and distribution to food banks or other charitable organizations for use in providing food to needy or low-income individuals of surplus agricultural products, including:

(A) a description of the proposal;

(B) a schedule of projected costs for the proposal;

(C) measurable goals for the proposal; and

(D) a plan for evaluating the success of the proposal.

Sec. 21.003. REPORT. A nonprofit organization that receives a grant under this chapter must report the results of the project to the department in the manner prescribed by the department.

For expiration of this chapter, see Section 22.009.

CHAPTER 22. AGRICULTURAL BIOMASS AND LANDFILL DIVERSION INCENTIVE PROGRAM

Sec. 22.001. POLICY AND PURPOSE. It is the policy of this state and the purpose of this chapter to reduce air pollution, improve air quality, protect public health, help this state diversify its energy supply, and divert waste from landfills through new price-support incentives to encourage the construction of facilities to generate electric energy with certain types of agricultural residues, forest wood waste, urban wood waste, storm-generated biomass debris, and energy-dedicated crops.

Added by Acts 2007, 80th Leg., R.S., Ch. 1013 (H.B. 1090), Sec. 1, eff. September 1, 2007.

Sec. 22.002. DEFINITIONS. In this chapter:

(1) "Co-firing biomass" means a solid fuel that:
(A) contains qualified agricultural biomass;
(B) is produced by a renewable biomass aggregator and bio-coal fuel producer; and
(C) is used to supplement coal combustion for the generation of electricity.

(1-a) "Diverter":
(A) means:
(i) a person or facility that qualifies for an exemption under Section 361.111 or 363.006, Health and Safety Code; and
(ii) a handler of nonhazardous industrial waste that is registered or permitted under Chapter 361, Health and Safety
(iii) a facility that separates recyclable materials from a municipal solid waste stream and that is registered or permitted under Chapter 363, Health and Safety Code, as a municipal solid waste management facility; or

(iv) a renewable biomass aggregator and bio-coal fuel producer that operates an integrated harvesting, transportation, and solid biofuel conversion facility for qualified agricultural biomass; and

(B) does not include a facility that uses biomass to generate electric energy.

(2) "Farmer" means the owner or operator of an agricultural facility that produces qualified agricultural biomass.

(3) "Forest wood waste" includes residual tops and limbs of trees, unused cull trees, pre-commercial thinnings, and wood or debris from noncommercial tree species, slash, or brush.

(4) "Logger" means a harvester of forest wood waste, regardless of whether the harvesting occurs as a part of the harvesting of merchantable timber.

(5) "Qualified agricultural biomass" means:

(A) agricultural residues that are of a type that historically have been disposed of in a landfill, relocated from their point of origin and stored in a manner not intended to enhance or restore the soil, burned in open fields in the area from which they are derived, or burned in fields and orchards that continue to be used for the production of agricultural goods, and includes:

(i) field or seed crop residues, including straw from rice or wheat, cotton gin trash, corn stover, grain sorghum (milo) harvest residues, sugarcane bagasse, and switchgrass;

(ii) fruit or nut crop residues, including orchard or vineyard prunings and removals;

(iii) forest wood waste or urban wood waste, including state designated forest management cuttings and brush management cuttings from private lands; and

(iv) agricultural livestock waste nutrients; and

(B) a crop grown and used specifically for its energy generation value, including a crop consisting of a fast-growing tree species.

(5-a) "Renewable biomass aggregator and bio-coal fuel producer" means an operator of an integrated harvesting,
transportation, and fuel conversion facility that aggregates qualified agricultural or forest biomass and produces renewable fuel suitable for replacing coal or co-firing with coal.

(6) "Storm-generated biomass debris" means biomass-based residues that result from a natural weather event, including a hurricane, tornado, or flood, that would otherwise be disposed of in a landfill or burned in the open. The term includes:

(A) trees, brush, and other vegetative matter that have been damaged or felled by severe weather but that would not otherwise qualify as forest wood waste; and

(B) clean solid wood waste that has been damaged by severe weather but that would not otherwise qualify as urban wood waste.

(7) "Urban wood waste" means:

(A) solid wood waste material, other than pressure-treated, chemically treated, or painted wood waste, that is free of rubber, plastic, glass, nails, or other inorganic material; and

(B) landscape or right-of-way trimmings.

Sec. 22.003. GRANT PROGRAM. (a) The department shall develop and administer an agricultural biomass and landfill diversion incentive program to make grants to farmers, loggers, diverters, and renewable biomass aggregators and bio-coal fuel producers who provide qualified agricultural biomass, forest wood waste, urban wood waste, co-firing biomass, or storm-generated biomass debris to facilities that use biomass to generate electric energy in order to provide an incentive for the construction of facilities for that purpose and to:

(1) promote economic development;

(2) encourage the use of renewable sources in the generation of electric energy;

(3) reduce air pollution caused by burning agricultural biomass, forest wood waste, urban wood waste, co-firing biomass, or storm-generated biomass debris in open fields; and
(4) divert waste from landfills.

(b) Subject to Section 22.005, a farmer, logger, diverter, or renewable biomass aggregator and bio-coal fuel producer is entitled to receive a grant in the amount of $20 for each bone-dry ton of qualified agricultural biomass, forest wood waste, urban wood waste, co-firing biomass, or storm-generated biomass debris provided by the farmer, logger, diverter, or renewable biomass aggregator and bio-coal fuel producer in a form suitable for generating electric energy to a facility that:

(1) is located in this state;
(2) was placed in service after August 31, 2009;
(3) generates electric energy sold to a third party by using qualified agricultural biomass, forest wood waste, urban wood waste, co-firing biomass, or storm-generated biomass debris;
(4) uses the best available emissions control technology, considering the technical practicability and economic reasonableness of reducing or eliminating the air contaminant emissions resulting from the facility;
(5) maintains its emissions control equipment in good working order; and
(6) is in compliance with its operating permit issued by the Texas Commission on Environmental Quality under Chapter 382, Health and Safety Code.

(c) The commissioner by rule may authorize a grant to be made for providing each bone-dry ton of a type or source of qualified agricultural biomass, forest wood waste, urban wood waste, co-firing biomass, or storm-generated biomass debris in an amount that is greater than the amount provided by Subsection (b) if the commissioner determines that a grant in a greater amount is necessary to provide an adequate incentive to use that type or source of qualified agricultural biomass, forest wood waste, urban wood waste, co-firing biomass, or storm-generated biomass debris to generate electric energy.

(d) The Public Utility Commission of Texas and the Texas Commission on Environmental Quality shall assist the department as necessary to enable the department to determine whether a facility meets the requirements of Subsection (b) for purposes of the eligibility of farmers, loggers, diverters, and renewable biomass aggregators and bio-coal fuel producers for grants under this chapter.
(e) To receive a grant under this chapter, a farmer, logger, diverter, or renewable biomass aggregator and bio-coal fuel producer must deliver qualified agricultural biomass, forest wood waste, urban wood waste, co-firing biomass, or storm-generated biomass debris to a facility described by Subsection (b). The operator of each facility described by that subsection shall:

(1) verify and document the amount of qualified agricultural biomass, forest wood waste, urban wood waste, co-firing biomass, or storm-generated biomass debris delivered to the facility for the generation of electric energy; and

(2) make a grant on behalf of the department in the appropriate amount to each farmer, logger, diverter, or renewable biomass aggregator and bio-coal fuel producer who delivers qualified agricultural biomass, forest wood waste, urban wood waste, co-firing biomass, or storm-generated biomass debris to the facility.

(f) The department quarterly shall reimburse each operator of a facility described by Subsection (b) for grants under this chapter made by the operator during the preceding quarter to eligible farmers, loggers, diverters, and renewable biomass aggregators and bio-coal fuel producers. To receive reimbursement for one or more grants, an operator of a facility described by that subsection must file an application with the department that verifies the amount of the grants made by the operator during the preceding quarter for which the operator seeks reimbursement.

(g) The department may contract with and provide for the compensation of private consultants, contractors, and other persons to assist the department in administering the agricultural biomass and landfill diversion incentive program.

(h) Notwithstanding Subsection (b)(2), a facility placed in service before August 31, 2009, is eligible for reimbursement under this chapter if another facility placed in operation after August 31, 2009, is located 25 miles or less from the existing facility.

(3) other money required by law to be deposited in the account.

(b) The department may solicit and accept gifts in kind, donations, and grants of money from the federal government, local governments, private corporations, or other persons to be used for the purposes of this chapter.

(c) Money in the account may be appropriated only to the department for the purpose of implementing, maintaining, and administering the agricultural biomass and landfill diversion incentive program.

(d) Income from money in the account shall be credited to the account.

(e) The account is exempt from the application of Section 403.095, Government Code.

(b) During each state fiscal year, the department may not pay to an operator of a facility as reimbursements under Section 22.003 or grants under Section 22.006 an amount that exceeds $6 million.

(c) On a determination that money in the agricultural biomass and landfill diversion incentive account is insufficient to pay reimbursements under Section 22.003 or grants under Section 22.006, the department, in consultation with interested parties, may develop
a proportionate and equitable schedule to pay the reimbursements or grants. In developing a schedule to pay reimbursements or grants under this subsection, the department may consider a facility's:

(1) effect on wages and job creation or job retention;
(2) level of capital investment; and
(3) effect on the local economy and the economy of this state.

Sec. 22.006. ELIGIBILITY OF OPERATORS OF ELECTRIC ENERGY GENERATION FACILITIES FOR GRANTS. (a) Except as provided by Subsection (b), an operator of a facility that uses biomass to generate electric energy is not eligible to receive a grant under this chapter or under any other state law for the generation of electric energy with qualified agricultural biomass, forest wood waste, urban wood waste, or storm-generated biomass debris for which a farmer, logger, or diverter has received a grant under this chapter.

(b) An operator of a facility that uses biomass to generate electric energy may receive a grant from the department under this chapter for generating electric energy with qualified agricultural biomass, forest wood waste, urban wood waste, or storm-generated biomass debris that arrives at the facility in a form unsuitable for generating electric energy and that the facility processes into a form suitable for generating electric energy.

(c) To receive a grant from the department under Subsection (b), an operator of a facility must file an application with the department that verifies the amount of qualified agricultural biomass, forest wood waste, urban wood waste, or storm-generated biomass debris that the facility processed into a form suitable for generating electric energy. The department shall make grants to eligible operators of facilities quarterly, subject to
appropriations. The provisions of this chapter governing grants to farmers, loggers, and diverters, including the provisions governing the amount of a grant, apply to a grant from the department under Subsection (b) to the extent they can be made applicable.

CHAPTER 41. COMMODITY PRODUCERS BOARDS
SUBCHAPTER A. GENERAL PROVISIONS

Sec. 41.001. POLICY. It is in the interest of the public welfare of the State of Texas that the producers of any agricultural commodity be permitted and encouraged to develop, carry out, and participate in programs of research, disease and insect control, predator control, education, indemnification, and promotion designed to encourage the production, marketing, and use of the agricultural commodity. The purpose of this chapter is to authorize and prescribe the necessary procedures by which the producers of an agricultural commodity grown in this state may finance those programs. The programs may be devised to alleviate any circumstance or condition that serves to impede the production, marketing, or use of any agricultural commodity.

SUBCHAPTER B. CERTIFICATION OF ORGANIZATIONS TO CONDUCT REFERENDUM AND ELECTION

Sec. 41.011. PETITION FOR CERTIFICATION. (a) Any nonprofit organization authorized under the laws of this state representing the producers of an agricultural commodity may petition the commissioner for certification as the organization authorized to conduct an assessment referendum and an election of a commodity producers board.

(b) If the referendum and election are to be conducted in a limited area of the state, the petition must describe the boundaries of the area to be included.

(c) The petition must propose a board with an odd number of five to 15 members.

Sec. 41.012. CERTIFICATION BY COMMISSIONER. (a) Within 30 days following the day on which a petition for certification is received, the commissioner shall hold a public hearing to consider the petition.

(b) If the commissioner determines that, on the basis of testimony presented at the public hearing, the petitioning organization is representative of the producers of the agricultural commodity within the boundaries described in the petition and that
the petition conforms to the purposes and provisions of this chapter, the commissioner shall certify that the organization is representative of the producers of the commodity within the described area and is authorized to conduct the assessment referendum and board election.

SUBCHAPTER C. REFERENDA AND ELECTIONS

Sec. 41.021. CERTIFIED ORGANIZATION TO CONDUCT REFERENDUM AND ELECTION. In accordance with this subchapter and the rules of the commissioner, a certified organization may conduct a referendum of the producers of an agricultural commodity on the proposition of whether or not the producers shall levy an assessment on themselves to finance programs of research, disease and insect control, predator control, education, and promotion designed to encourage the production, marketing, and use of the commodity. At the same time, the certified organization may conduct an election of members to a commodity producers board for the commodity.

Sec. 41.022. RULES OF COMMISSIONER. In order to ensure efficient and honest elections and efficient canvassing and reporting of returns, the commissioner shall adopt rules regulating the form of the ballot, the conduct of the election, and the canvass and reporting of returns.

Sec. 41.023. NOTICE OF REFERENDUM AND ELECTION. (a) The certified organization shall give public notice of:

(1) the date, hours, and polling places for voting in the referendum and election;
(2) the estimated amount and basis of the assessment proposed to be collected;

(b) A producer of the agricultural commodity is eligible to vote in the referendum and election if:
(1) the producer's production occurs within the area described in the organization's petition; and
(2) the producer would be required under the referendum to pay the assessment.

Sec. 41.025. CANDIDATES FOR BOARD; WRITE-IN VOTES. (a) Any producer who is eligible to vote at the referendum and election is eligible to be a member or a candidate for membership on the commodity producers board.
(b) A potential candidate must file with the certified organization an application to have his or her name printed on the ballot. The application must be signed by the candidate and by at least 10 producers who are eligible to vote at the election. The application must be filed at least 30 days before the date set for the election.
(c) A voter may vote for board members by writing in the name of any eligible person whose name is not printed on the ballot.

Sec. 41.026. PREPARATION AND DISTRIBUTION OF BALLOT. (a) The certified organization shall prepare and distribute all necessary ballots in advance of the referendum and election.

(b) The referendum provisions of the ballot shall specify a maximum rate for the authorized assessment.

(c) The election provisions of the ballot may be printed only with the names of candidates who have filed valid petitions under Section 41.025 of this code, but the ballot shall provide a space for write-in votes.

(d) The ballot shall provide a space for the voter to certify the volume of the voter's production of the commodity within the area described in the petition during the preceding year or other relevant production period, as designated on the ballot.

Sec. 41.027. EXPENSES OF ELECTION. The certified organization is responsible for all expenses incurred in connection with the referendum and election, but it may be reimbursed for actual and necessary expenses out of funds deposited in the treasury of the board if the assessment is levied and collected.

Sec. 41.028. EXEMPTIONS FOR PRODUCERS. The original referendum and subsequent biennial board elections may provide exemptions for producers within the boundaries described in the petition if the exemptions are included in full written form on the election ballot and are approved by two-thirds or more of those voting in the election.

Sec. 41.029. VOID BALLOTS. (a) In any contest of an election, a ballot is void if the voter overstated his or her volume of production by more than 10 percent. Any other error in stating
(b) If a ballot is void or if any other error is made in stating production volume, the returns shall be corrected and the results adjusted accordingly.

Sec. 41.030. FINDINGS OF COMMISSIONER. On receiving the report of the returns of a referendum and election, the commissioner shall determine:

(1) the number of votes cast for and against the referendum proposition;
(2) the total volume of production of the commodity during the relevant production period in the area described in the petition;
(3) the percentage of the total volume of production of the commodity that was produced by those voting in favor of the referendum proposition; and
(4) the appropriate number of candidates receiving the highest number of votes for membership on the commodity producers board.

Sec. 41.031. CERTIFICATION OF RESULTS. If the commissioner finds that two-thirds or more of those voting in the election voted in favor of the referendum proposition or that those voting in favor of the proposition produced at least 50 percent of the volume of production of the commodity during the relevant production period, the commissioner shall publicly certify the adoption of the referendum proposition and issue certificates of election to those persons elected to the board. Otherwise, the commissioner shall publicly certify that the referendum proposition was defeated.

Sec. 41.032. SUBSEQUENT BOARD ELECTIONS. A commodity producers board shall conduct biennial elections for the purpose of electing members to the board. The board shall give notice and hold the
election in accordance with the applicable provisions of this subchapter relating to the initial election and, to the extent necessary, in accordance with the rules of the commissioner.

Sec. 41.033. ELECTION OF BOARD FROM DISTRICTS. (a) In accordance with the rules of the commissioner, a certified organization or established board may provide for election of all or any number of the members of the board from districts. Each plan must be submitted to the commissioner for approval.

(b) In order to represent a district on the board, a person must reside within that district. Only voters residing in a district may vote for candidates for the position representing the district.

(c) With the approval of the commissioner, a district representation plan may be modified.

Sec. 41.034. ELECTIONS TO ADD NEW TERRITORY. (a) Producers of an agricultural commodity in an area not within the jurisdiction of a board for that commodity may petition the commissioner to authorize a referendum within an area specified in the petition on the issue of whether or not the area is to be included within the jurisdiction of that board. The petition must be submitted to the commissioner at least 105 days before the date of the election at which the referendum is to be conducted.

(b) If the commissioner determines that in the area described there exists among the producers of the commodity an interest in becoming subject to the jurisdiction of the board that is substantial enough to justify a referendum, the commissioner may transmit the petition to the board with an order authorizing the board in its discretion to conduct the election at its own expense. The petition and order must be transmitted to the board at least 75 days before the date of the election.

(c) The referendum shall be held on the date of the biennial election of board members. The board shall give public notice of:

(1) the date of the election;
(2) the amount and basis of the assessment collected by the
board;

(3) a description of the manner in which the assessment is collected and the proceeds administered and used; and

(4) any other proposition the board proposes to include on the ballot as authorized or required by this chapter.

(d) The notice under Subsection (c) of this section shall be published in one or more newspapers published and distributed, or generally circulated, within the boundaries described in the petition. The notice shall be published at least once a week for three consecutive weeks, beginning at least 60 days before the date of the election. In addition, at least 60 days before the date of the election the board shall give direct written notice to each county agent in any county within the described boundaries.

(e) A person is qualified to vote in the referendum if he or she is or, for at least one production period during the three years preceding the date of the referendum, has been a producer of the commodity whose production occurs within the area described in the petition.

(f) A producer who is qualified to vote in the referendum is eligible to be a member of or a candidate for membership on the board. If the board is elected from districts, a producer within the described boundaries may be a candidate only for at-large positions on the board, if any. In order to qualify as a candidate, the producer must comply with Section 41.025 of this code, except that the application shall be filed with the board and may not be filed before the first publication of notice under Subsection (d) of this section.

(g) In the area described in the petition, the ballot shall be prepared and distributed and the election shall be conducted in accordance with the rules of the commissioner under Section 41.022 of this code.

**CHAPTER 45. TEXAS-ISRAEL EXCHANGE RESEARCH PROGRAM**

Sec. 45.001. LEGISLATIVE FINDINGS; PURPOSE. (a) The legislature finds that Texas and Israel have many interests in common. They face many of the same difficulties in agriculture; the geography of both areas produces semiarid climatic conditions; there is present in both areas a rising demand for a limited supply of water coupled with increasing pressures to minimize the use of energy in all aspects of agriculture. Scientific and technological cooperatives already produce close ties between the two areas while engaging in binational projects for scientific and industrial research and development.

A program to support joint agricultural research and development by, and the development of trade and business relations between, Texas and Israel will address common problems and make substantial contributions to the development of agriculture, trade, and business in both areas. Since Texas has long emphasized broad-based agricultural research and Israel has originated and developed agricultural technologies designed to maximize production with minimal use of resources such as water and labor, each of the two areas will benefit by sharing information and expertise.

(b) The purpose of this chapter is to:

(1) establish a program to promote and support practical and applied agricultural research and development that will result in mutual benefit to Texas and Israel and will help to provide solutions to food and fiber production problems wherever they exist, particularly those relating to water conservation; and

(2) establish a program of mutual cooperation that will foster the development of trade, mutual assistance, and business relations between Texas and Israel.

(b) The program shall support applied research in areas of potential mutual interest, including:

to establish criteria for determining which eligible agricultural businesses may participate in programs that may be established by the board. The board's rules must state that the policy of the authority is to provide programs for providing financial assistance to eligible agricultural businesses that the board considers to present a reasonable risk and have a sufficient likelihood of repayment. In establishing criteria for participation, the board shall give priority to eligible agricultural businesses that include producers of Texas agricultural products in the ownership of the businesses. The board shall adopt collateral or security requirements to ensure the full repayment of that financial assistance and the solvency of any program implemented under this chapter. The board shall approve any and all extensions of that financial assistance under this chapter, provided that the board may delegate this approval authority to the administrator or the commissioner.

(b) The board shall also adopt rules to establish criteria for lenders that may participate in the programs that may be established by the board.

(c) Eligible agricultural businesses or lenders participating in the authority's programs shall pay the costs of applying for, participating in, and administering and servicing the program, in amounts the board considers reasonable and necessary. The board shall charge an administrative fee for guaranteeing a loan under Subchapter E that may not be less than one percent of the amount of the guaranteed loan. Any costs not paid by the eligible agricultural businesses or lenders shall be paid from the funds of the authority, including those funds established from bond proceeds.

(d) The board by rule shall adopt an agreement to be used between a lender and an approved applicant under which the authority makes a payment from the Texas agricultural fund for the purpose of providing a reduced interest rate on a loan guaranteed to a borrower. The agreement must require the borrower to use the proceeds of the loan for the purposes of the program under which the payment is made. The board shall adopt rules to implement this subsection.

SUBCHAPTER D. BONDS

Sec. 58.031. ISSUANCE OF GENERAL OBLIGATION BONDS. (a) The board by resolution may periodically provide for the issuance of general obligation bonds as authorized by the Texas Constitution for the establishment of the Texas agricultural fund and the rural microenterprise development fund.

(b) Before authorizing the issuance of any general obligation
bonds, the board must determine that the issuance of revenue bonds is not an economically advisable alternative for carrying out the purposes of this chapter.

(c) The authority may issue and sell general obligation bonds of the state for the purpose of providing money to establish a Texas agricultural fund. The authority may issue the bonds in one or several installments.

(d) Proceeds of the bonds issued under Subsection (c) of this section shall be deposited in the Texas agricultural fund and applied in accordance with the resolution authorizing the bonds:

(1) to provide financial assistance to eligible agricultural businesses;

(2) to pay costs of issuance of those bonds and the administration of any financial assistance program established with money in the Texas agricultural fund; and

(3) together with any other available funds, to pay the principal of or interest on or to discharge or redeem, in whole or in part, any outstanding bonds issued by the authority.

(e) The authority may issue and sell general obligation bonds of the state for the purpose of providing money to establish a rural microenterprise development fund. The authority may issue the bonds in one or several installments.

(f) Proceeds of the bonds issued under Subsection (e) of this section shall be deposited in the rural microenterprise development fund, which is created in Section 44.013.

Sec. 58.032. TEXAS AGRICULTURAL FUND. (a) The Texas agricultural fund is a fund in the state treasury.

(b) The Texas agricultural fund may, at the direction of the board, receive from the state or federal government or from any other person, money that is to be administered by the authority in connection with the provision of financial assistance to eligible agricultural businesses under any program funded in whole or in part with the proceeds of general obligation bonds issued to carry out the purpose of this chapter.

(c) The board may provide for the establishment and maintenance
of separate accounts within the Texas agricultural fund, including program accounts as prescribed by the board, an interest and sinking account, a reserve account, and other accounts provided for by the board in its resolutions. Repayments of financial assistance under any program funded in whole or in part with the proceeds of any series of general obligation bonds shall be deposited first in the interest and sinking account as prescribed by the board's resolutions authorizing such series of general obligation bonds, and second in the reserve account in respect of such series of general obligation bonds until that account is fully funded as prescribed by the board's resolutions. The fund and all accounts within it shall be kept and maintained at the direction of the board and held in trust by the comptroller for and on behalf of the authority and the owners of the general obligation bonds issued in accordance with this chapter, and may be used only as provided by this chapter. Pending its use, money in the fund shall be invested as prescribed by the resolution by which the bonds were issued.

(d) To the extent the board determines that any money credited to the Texas agricultural fund from repayments of financial assistance is not required by Subsection (c) of this section and the resolutions of the board to be held in the interest and sinking account or reserve account to provide for the payment of the principal of and interest on the outstanding general obligation bonds issued by the authority, that money may be used by the authority to pay the principal of and interest on revenue bonds issued by the authority or for any other authorized purpose of the authority, in accordance with this chapter and the authority's resolutions authorizing general obligation bonds.

(e) If during the existence of the Texas agricultural fund or during the time any general obligation bonds are payable from the fund the board determines that there will not be sufficient money in the interest and sinking account during the following fiscal year to pay the principal of or interest on the general obligation bonds or both the principal and interest that are to come due during the following fiscal year, the comptroller of public accounts shall transfer to the fund the first money coming into the state treasury not otherwise appropriated by the constitution in an amount sufficient to pay the obligations.

(f) The department may receive, and shall deposit in the Texas agricultural fund, appropriations, grants, donations, earned federal
funds, and the proceeds of any investment pools operated by the comptroller.

(g) The fund includes grants and donations made for the purposes of the programs administered by the Texas Agricultural Finance Authority and any other money received under this chapter. Notwithstanding Section 404.071, Government Code, income and interest earned on money in the fund shall be deposited to the credit of the fund. The fund is exempt from the application of Section 403.095, Government Code.

(h) The board shall attempt to administer the fund in a manner that makes private donations to the fund an eligible itemized deduction for federal income taxation purposes.

Acts 2009, 81st Leg., R.S., Ch. 506 (S.B. 1016), Sec. 1.15, eff. September 1, 2009.

Sec. 58.033. ISSUANCE OF REVENUE BONDS. (a) In addition to the authority to issue general obligation bonds, the authority may issue not more than $500 million of revenue bonds for the purpose of providing money to carry out any purpose of the authority under this chapter. The authority shall establish and maintain funds and accounts, in accordance with Subsection (d) of this section, that the board considers necessary to ensure payment of the bonds and to provide for the use of the bond proceeds and the implementation of the program financed. Proceeds of revenue bonds shall be applied in accordance with the resolution authorizing those bonds:

(1) to provide financial assistance:

(A) to eligible agricultural businesses; and

(B) for programs designed to further rural economic development;

(2) to pay costs of issuance of those bonds and the administration of any financial assistance program established by the authority; and
(3) together with any other available funds, to pay the principal of or interest on or to discharge or redeem, in whole or in part, any outstanding bonds issued by the authority.

(b) The authority's revenue bonds are obligations solely of the authority and are payable solely from funds of the authority that are pledged to the repayment of the revenue bonds. The authority may not use, except as provided in Section 58.032, or pledge money in the Texas agricultural fund to repayment of its revenue bonds. The authority's bonds are not and do not create or constitute a pledge, giving, or lending of the faith or credit or taxing power of the state. Each bond of the authority issued under this section must contain a statement to the effect that the state is not obligated to pay the principal of or any premium or interest on the bond, and that neither the faith or credit nor the taxing power of the state is pledged, given, or loaned to such a payment.

(c) Revenue bonds of the authority shall be payable as to principal, interest, and redemption premium, if any, from and secured by a first lien or a subordinate lien on and pledge of all or any part of the property, revenues, income, or other resources of the authority, as specified in the board's resolution authorizing issuance of those bonds, including mortgages or other interests in property financed, with the proceeds of such bonds, repayments of financial assistance, earnings from investments or deposits of the funds of the authority, fees, charges, and any other amounts or payments received pursuant to this chapter, and any appropriations, grants, allocations, subsidies, supplements, guaranties, aid, contribution, or donations from the state or federal government or any other person.

(d) The board may make additional covenants with respect to the bonds and the pledged revenues and may provide for the flow of funds, the establishment and maintenance and investment of funds, which may include interest and sinking funds, reserve funds, program funds, and other funds. Those funds shall be kept and maintained in escrow and in trust by the comptroller for and on behalf of the authority and the owners of its revenue bonds, in funds held outside the treasury pursuant to Chapter 404, Government Code. Those funds shall be used only as provided by this chapter, and pending their use shall be invested as provided by any resolution of the authority. Legal title to those funds shall be in the authority unless or until paid out as provided by this chapter or by the resolutions authorizing the
authority's bonds. The comptroller, as custodian, shall administer those funds strictly and only as provided by this chapter and in those resolutions. The comptroller shall invest the funds in investments authorized by law for state funds. The state shall take no action with respect to those funds other than that specified in this chapter and in those resolutions.

(e) The board may provide in the resolution authorizing any revenue bonds for the issuance of additional bonds to be equally and ratably secured by lien on the revenues and receipts, or for the issuance of subordinate lien bonds.

(f) Revenues of the authority that may be used as a source of payment for the bonds or to establish a reserve fund to secure the payment of debt service on the bonds or related obligations of the authority include repayments of financial assistance, money appropriated by the legislature to the authority for the purpose of paying or securing the payment of debt service on the authority's revenue bonds or related obligations, federal or private money allocated to financial assistance programs established under this chapter, amounts paid under any credit agreement for those purposes, or any other money that the authority pledges or otherwise commits for those purposes. To the extent that pledged revenues include amounts appropriated by the legislature, the revenue bonds must state on their face that those revenues are available to pay debt service only if appropriated by the legislature for that purpose.

Sec. 58.034. GENERAL PROVISIONS RELATING TO BONDS. (a) The authority's bonds may be issued from time to time in one or more series or issues, in bearer, registered, or any other form, which may include registered uncertified obligations not represented by written instruments and commonly known as book-entry obligations, the registration of ownership and transfer of which shall be provided for by the authority under a system of books and records maintained by the authority or by an agent appointed by the authority in resolution
providing for issuance of its bonds. Bonds may mature serially or otherwise not more than 40 years from their date. (k) If a lending institution holding linked deposits ceases to
be either a state depository or a Farm Credit System institution
headquartered in this state, the comptroller may withdraw the linked
deposits.

(l) The board may adopt rules that create a procedure for
determining priorities for loans granted under this subchapter. Each
rule adopted must state the policy objective of the rule.

(m) A lending institution is not ineligible to participate in
the young farmer interest rate reduction program solely because a
member of the board is also an officer, director, or employee of the
lending institution, provided that a board member shall recuse
himself or herself from any action taken by the board on an
application involving a lending institution by which the board member
is employed or for which the board member serves as an officer or

(b) The public hearing required by Section 61.002 of this code for rulemaking under this section shall be conducted in Austin.

Sec. 61.007. CERTIFIED SEED. (a) A person may not sell or offer, expose, or transport for sale agricultural or vegetable seed that is represented by labeling or an advertisement to be certified seed unless:

(1) a seed certifying agency has determined that the seed conforms to standards of purity and identity as to kind, species, subspecies, or variety in accordance with the rules of the certifying agency; and

(2) the seed bears an official label issued by a seed certifying agency certifying that the seed is of a specific class, kind, species, subspecies, or variety.

(b) A person may not sell or offer, expose, or transport for sale seed labeled by variety name but not certified by an official seed certifying agency if it is a variety required by federal law to be sold only as a class of certified seed, except that seed from a certified lot may be labeled by variety name if used in a mixture by, or with the approval of, the owner of the variety.

Sec. 61.008. NOXIOUS WEED CONTENT. The department by rule may classify noxious weeds and establish the rate allowed or prohibit the
inclusion of a noxious weed in a container of agricultural or vegetable seed.

Sec. 61.009. GERMINATION AND PURITY TESTING. (a) All agricultural or vegetable seed sold or offered, exposed, or transported for sale in this state shall be tested to determine the percentage of germination.

(b) Except as otherwise provided by this subsection, the germination test shall be performed within nine months, not including the calendar month in which the test was completed, immediately prior to being sold or offered, exposed, or transported for sale. The department by rule may designate a period of time longer than nine months if the department finds that the seed is packaged in a container or under conditions that will maintain the viability of the seed under ordinary conditions of handling during the longer period of time.

(c) At the request of a farmer or dealer, the department may conduct or provide for the testing of seed for purity and germination. The department may fix by rule and collect fees for tests made under this subsection.

Sec. 61.010. INSPECTION OF SEED. (a) At the time, place, and to the extent the department considers necessary, the department shall sample, inspect, analyze, and test agricultural and vegetable seed transported, sold, or offered or exposed for sale in this state for sowing purposes in order to determine if the seed is in compliance with this chapter. The department shall promptly notify of any violation the person who transported, sold, or offered or exposed the seed for sale.

(b) The department shall adopt rules governing the methods of sampling, inspection, analysis, and testing and the tolerances to be allowed in the administration of this chapter. The rules adopted shall be in general accord with officially prescribed practice in interstate commerce.

(c) In order to gain access to seed or to records from
authorized personnel, the department is entitled to enter any public or private premises during regular business hours or any land, water, or air conveyance at any time when the conveyance is accessible.

Sec. 61.011. AGRICULTURAL SEED INSPECTION FEE AND PERMIT. (a) A person who sells, or offers, exposes, or otherwise distributes for sale agricultural seed within this state for planting purposes shall pay an inspection fee in the manner provided by Subsection (b) or (c) of this section. A person may not use both procedures for fee payment. The person shall pay the fee during each germination period that the seed remains offered or exposed for sale. If the germination test has expired on any seed, the custodian of the seed is responsible for payment of the fee.

(b) In order to pay the fee, a person may purchase from the department a label known as the "Texas Tested Seed Label." The department by rule may prescribe the form of the label and the manner of showing the information required by Section 61.004 of this code. The purchaser shall attach the label to each container of seed sold or offered or otherwise distributed for sale. If the seed is in bulk, the person selling or offering, exposing, or otherwise distributing the seed for sale shall furnish the purchaser one Texas Tested Seed Label for each 100 pounds or fraction of 100 pounds of seed.

(c) Instead of purchasing a Texas Tested Seed Label, a person may pay the fee on the total number of pounds of seed sold or offered, exposed, or otherwise distributed for sale in this state. In order to pay the fee on this basis, the person must apply to the department for a permit. The department shall issue to each applicant a permit bearing an assigned number. The holder of the permit shall:

(1) maintain records, as required by the department, that accurately reflect the total pounds of seed subject to the fee that are handled, sold, or offered or distributed for sale;
(2) file with the department quarterly sworn reports covering the total pounds of all sales of seed subject to the fee sold during the preceding quarter; and
(3) affix to each container of seed subject to the fee or
to the invoice of subject seed sold in bulk a plainly written statement of the information required under Section 61.004 of this code.

(d) Quarterly reports filed under Subsection (c)(2) of this section are due within 30 days after the last day of November, February, May, and August. Unless filed in accordance with prior written approval of the department for late filing, a person who does not file the report within the allotted time shall pay to the department a penalty fee, as provided by department rule.

(e) The department is entitled to examine the records of a permittee under Subsection (c) of this section during regular business hours. If the permittee is located outside of this state, the permittee shall maintain the records and information required by Subsection (c) of this section in this state or pay all costs incurred in the auditing of records at another location. The department shall promptly furnish to the permittee an itemized statement of any costs incurred in an out-of-state audit and the permittee shall pay the costs not later than the 30th day following the date of the statement.

(f) The department may set the fee, prescribe and furnish forms, and require the filing of reports necessary for the payment of the inspection fee.

Sec. 61.012. CANCELLATION OR REVOCATION OF AGRICULTURAL SEED PERMIT. (a) The department may cancel an agricultural seed permit issued under Section 61.011(c) of this code if the permittee fails to observe the rules adopted, to file a report required, or to pay a fee required under that section.

(b) The department shall revoke the permit of any person who fails either to maintain records in this state or to pay for an out-of-state audit under Section 61.011(e) of this code.

Sec. 61.013. VEGETABLE SEED LICENSE. (a) A person may not
sell or offer, expose, or otherwise distribute for sale vegetable seed for planting purposes in this state unless the person possesses a valid vegetable seed license issued under this section.

(b) The department may fix by rule and collect a fee for the issuance of a vegetable seed license.

(c) An applicant for a vegetable seed license shall apply for the license on forms prescribed by the department.

(d) A vegetable seed license expires on the first anniversary of the date on which it was issued or renewed.

(e) A person who sells or offers, exposes, or otherwise distributes for sale vegetable seed in containers bearing the name and address of a licensee under this section is not required to be licensed under this section.

Acts 2005, 79th Leg., Ch. 44 (H.B. 901), Sec. 1, eff. September 1, 2005.

Sec. 61.0135. REVOCATION, MODIFICATION, OR SUSPENSION OF LICENSE. (a) The department shall revoke, modify, or suspend a license, assess an administrative penalty, place on probation a person whose license has been suspended, or reprimand a licensee for a violation of this chapter or a rule adopted by the department under this chapter.

(b) If a license suspension is probated, the department may require the person to:

(1) report regularly to the department on matters that are the basis of the probation;

(2) limit practice to the areas prescribed by the department; or

(3) continue or renew professional education until the person attains a degree of skill satisfactory to the department in those areas that are the basis of the probation.

(c) If the department proposes to revoke, modify, or suspend a person's license, the person is entitled to a hearing conducted under Section 12.032. The decision of the department is appealable in the same manner as provided for contested cases under Chapter 2001, Government Code.
Sec. 61.014. STOP-SALE ORDER. (a) If the department has reason to believe that agricultural or vegetable seed is in violation of any provision of this chapter, the department may issue and enforce a written or printed order to stop the sale of the seed. The department shall present the order to the owner or custodian of the lot of seed. The person who receives the order may not sell the seed until the seed is discharged by a court under Subsection (b) of this section or until the department finds that the seed is in compliance with this chapter.

(b) The owner or custodian of seed prohibited from sale by an order of the department is entitled to sue in a court of competent jurisdiction where the seed is found for a judgment as to the justification of the order and for the discharge of the seed in accordance with the findings of the court.

(c) This section does not limit the right of the department to proceed as authorized by another section of this chapter.

Sec. 61.015. SEIZURE OF SEED NOT IN COMPLIANCE. (a) The department may sue in a court of competent jurisdiction in the area in which the seed is located for the seizure of any lot of agricultural or vegetable seed that is not in compliance with this chapter.

(b) If the court finds that the seed is not in compliance with this chapter, the court may condemn the seed. Condemned seed shall be denatured, processed, destroyed, relabeled, or otherwise disposed of in accordance with the law of this state.

(c) The court may not condemn the seed unless the owner or custodian of the seed is given the opportunity to apply to the court for the release of the seed or for permission to condition or relabel the seed to bring it into compliance with this chapter.

Sec. 61.016. EXCEPTIONS. (a) Sections 61.001, 61.003-61.005, and 61.008 of this code do not apply to:

(1) seed or grain not intended for sowing purposes;
(2) seed in storage for cleaning or conditioning, if the label or other records pertaining to the seed bear the phrase "seed for conditioning"; or
(3) seed being transported or consigned to a seed cleaning or conditioning establishment for cleaning or conditioning, if the invoice or labeling accompanying the seed bears the phrase "seed for conditioning."

(b) The exceptions provided by Subsection (a) of this section do not affect the criminal liability of a person for false or misleading labeling or advertising of unclean seed under Section 61.018 of this code.

(c) This chapter does not prevent one farmer from selling to another farmer seed grown on his or her own farm without having the seed tested or labeled as required by this chapter if the seed:

(1) is not advertised in the public communications media outside the vendor's home county;
(2) is not sold or offered or exposed for sale by an individual or organization for the farmer; and
(3) is not shipped by a common carrier.

Sec. 61.017. PROSECUTIONS. (a) If the department has reason to believe that a person has violated any provision of this chapter, the department shall conduct a private hearing on the alleged violation, giving the accused the opportunity to appear and, either in person or by agent or attorney, present evidence. After the hearing, or without a hearing if the accused or the agent or attorney of the accused fails or refuses to appear, the department may file with the appropriate district or county attorney the evidence of the violation or take other steps necessary to institute the prosecution of the violation. Venue for the prosecution is in the area in which the violation occurred.

(b) The county or district attorney or the attorney general, as applicable, shall institute proceedings at once against the person charged with the violation, if in his or her judgment the information
submitted warrants the action.

(c) After judgment by a court in any case arising under this chapter, the department may publish any information pertinent to the issuance of the judgment in any media that it considers appropriate.

Sec. 61.018. PENALTIES. (a) A person commits an offense if the person sells or offers, exposes, or transports for sale agricultural or vegetable seed within this state that:

(1) has not been tested for germination in accordance with Section 61.009 of this code;
(2) is not labeled in accordance with Section 61.004, 61.005, or 61.006 of this code, as applicable;

(7) is labeled by variety name in violation of Section 61.007(b) of this code.

(b) A person commits an offense if the person:

(5) hinders or obstructs an authorized person in the performance of duties under this chapter;
(6) uses the word "type" in violation of Section 61.004(b) of this code; or
(7) violates any other provision of this chapter.

(c) An offense under this section is a Class C misdemeanor.
(d) If a person is prosecuted under this section for selling or offering or exposing for sale in this state agricultural or vegetable seed that is incorrectly labeled or represented as to kind, variety, type, treatment, or origin and that cannot be identified by examination, it is a defense to prosecution that the defendant obtained an invoice or grower's declaration giving kind, kind and variety, or kind and type, treatment, and origin, if required.

Sec. 61.019. LOCAL REGULATION OF SEED PROHIBITED. (a) Notwithstanding any other law and except as provided by Subsection (c), a political subdivision may not adopt an order, ordinance, or other measure that regulates agricultural seed, vegetable seed, weed seed, or any other seed in any manner, including planting seed or cultivating plants grown from seed.

(b) An order, ordinance, or other measure adopted by a political subdivision that violates Subsection (a) is void.

(c) A political subdivision may take any action otherwise prohibited by this section to:

(c) A Foundation seed or Foundation plant is the progeny of Breeder or Foundation seed or plants and is produced and handled under the procedures established, in accordance with federal
requirements, by a seed or plant certifying agency for the Foundation class of seed or plants for the purpose of maintaining genetic purity and identity.

(d) A Registered seed or Registered plant is the progeny of Breeder or Foundation seed or plants and is produced and handled under procedures established, in accordance with federal requirements, by a seed or plant certifying agency for the Registered class of seed or plants for the purpose of maintaining genetic purity and identity.

In establishing the standards, the board may consider all factors affecting the quality of seed and plants.

(c) The board shall report to the department the kinds and varieties of seed and plants eligible for certification and the standards adopted for certification eligibility.

The following section was amended by the 87th Legislature. Pending publication of the current statutes, see S.B. 703, 87th Legislature, Regular Session, for amendments affecting the following section.

Sec. 62.005. LICENSING OF PRODUCERS OF FOUNDATION, REGISTERED,
OR CERTIFIED SEED. (a) A person who wants to produce a certified class of seed or plant for which the board has established standards of genetic purity and identity may apply to the board for licensing as a Foundation, Registered, or Certified producer of seed or plants. To be licensed as a producer, a person must satisfy the board that:

(1) he or she is of good character and has a reputation for honesty;

(2) his or her facilities meet board requirements for producing and maintaining seed or plants for the certification generations desired; and

(3) he or she has met any other board requirements as to knowledge of the production or maintenance of seed or plants for the certification generations for which he or she applies to be licensed.

(b) The board may adopt rules governing the production and handling by licensed producers of certified classes of seed and plants to ensure the maintenance of genetic purity and identity.

(c) A license to produce Foundation, Registered, or Certified seed or plants is not transferable and is permanent unless revoked as provided in this chapter. A person licensed as a producer of Foundation, Registered, or Certified seed or plants is eligible to produce certified seed or plants, as provided in the license, of the class for which he or she is licensed or of any lower class of certified seed or plants, as determined by the board.

(d) An application for licensing as a Foundation, Registered, or Certified producer of seed or plants must be accompanied by a fee, as provided by department rule.

Sec. 62.006. REGISTRATION OF PLANT BREEDERS. (a) A person engaging in the development, maintenance, or production of seed or plants for which standards of genetic purity and identity have been established by the board may apply to the board for registration as a plant breeder. The applicant shall apply on forms prescribed by the board and shall include with the application a registration fee, as determined by the board. To be registered as a plant breeder, a person must satisfy the board that the person is skilled in the
science of plant breeding. The board may require skill to be shown by evidence of accomplishments in the field and may require an oral or written examination in the subject.

(b) A certificate of registration is not transferable and is permanent unless revoked as provided in this chapter.

Sec. 62.0065. NOTICE AND ANALYSIS OF EXAMINATION RESULTS. (a) Not later than the 30th day after the date on which a licensing or registration examination is administered under this chapter, the board shall notify each examinee of the results of the examination. However, if an examination is graded or reviewed by a national testing service, the board shall notify examinees of the results of the examination not later than the 14th day after the date on which the board receives the results from the testing service. If the notice of examination results graded or reviewed by a national testing service will be delayed for longer than 90 days after the examination date, the board shall notify the examinee of the reason for the delay before the 90th day. The board may require a testing service to notify examinees of the results of an examination.

(b) If requested in writing by a person who fails a licensing or registration examination administered under this chapter, the board shall furnish the person with an analysis of the person's performance on the examination.

Sec. 62.008. CERTIFICATION OF SEED AND PLANTS. (a) The department is the certifying agency in Texas for the certification of seed and plants. The department shall employ a sufficient number of inspectors to carry out the inspection provisions of this chapter. Inspectors must meet qualifications set by the board.

(b) A person who is licensed as a Foundation, Registered, or Certified seed or plant producer or who is registered as a plant
breeder is eligible to have seed or plants of an eligible class and variety certified by the department. On request by a licensed producer or a registered plant breeder to have seed or plants certified, the department shall inspect the producer's or registrant's fields, facilities, and seed or plants. Inspection may include tests approved by the board and carried out by inspectors under the authority of the department.

(c) After inspection, if the department determines that the production of seed or plants has met the standards and rules prescribed by the board, it shall cause to be attached to each container of the product a label identifying the seed or plant and the certified class and including other information required by statute or by rule of the board. The department shall prescribe the format of the label.

(d) The department shall fix and collect a fee for the issuance of a certification label in an amount necessary to cover the costs of inspection and labels.

Sec. 62.009. SEED AND PLANTS FROM OUTSIDE THE STATE. (a) The department may adopt rules, including testing requirements and standards, which must be met before seed or plants represented to be of a certified class may be shipped into the state for distribution in the state. The rules adopted shall be designed to ensure buyers in the state of having available certified seed and plants of known origin, genetic purity, and identity and shall correspond to appropriate rules used in certifying seed and plants produced in Texas.

(b) The department may require inspections of seed and plants represented to be of a certified class and shipped into the state for distribution in the state and may collect fees to cover costs of inspection, as determined by the department. The department may require inspection fee payment before distribution in the state.

(c) A person may not distribute in this state seed or plants represented to be of a certified class and shipped into the state for distribution in the state, unless the person has first complied with any rules, including testing requirements, adopted by the department.
for seed or plants shipped into the state.

(d) A person may not sell or offer for sale in this state seed or plants represented to be of a certified class and shipped into the state for distribution in the state, unless the seed or plants have been certified by an official certifying agency in the state, province, or country of origin or have been certified by the department.

(e) Seed or plants shipped into the state for distribution in the state which are represented to be of a certified class and which are found by the department after investigation to violate the requirements of this section are restricted from distribution. In addition, the department may order the seed or plants in violation confiscated and retained under general supervision of the department. An owner or consignee of restricted or confiscated seed or plants may appeal the order by filing an appeal within 10 days of the order. Appeal is in the county court of the county where the seed or plants are restricted or were confiscated. The appeal in county court is by trial de novo. If no appeal is filed as provided in this section or if after an appeal in county court, the department's action is not reversed, the department may destroy confiscated seed or plants.

Sec. 62.010. REVOCATION, MODIFICATION, OR SUSPENSION OF REGISTRATION OR LICENSE. (a) The department shall revoke, modify, or suspend the registration or license of a registered plant breeder or licensed producer of Foundation, Registered, or Certified seed or plants, place on probation a person whose registration or license has been suspended, or reprimand a registrant or licensee if the person makes exaggerated claims for products, fails to observe any rule governing the maintenance and production of a certified class of seed or plants that he or she is registered or licensed to produce or maintain, or violates another requirement of this chapter or a rule adopted by the board or the department under this chapter.

(b) If a suspension of a license or registration is probated, the department may require the person to:

(1) report regularly to the department on matters that are the basis of the probation;

(2) limit practice to the areas prescribed by the
department; or

(3) continue or renew professional education until the person attains a degree of skill satisfactory to the department in those areas that are the basis of the probation.

(c) If the department revokes a registration or license, the department shall order the cancellation and withdrawal of all appropriate certification labels previously issued for the seed or plants.

(d) If the department proposes to revoke, modify, or suspend a person's registration or license, the person is entitled to a hearing conducted under Section 12.032. The board shall prescribe procedures by which all decisions of the department to revoke, modify, or suspend a registration or license issued under this chapter are appealable to the board.

they are represented;

(5) violates Section 62.007(c) of this code; or
(6) violates Section 62.009(c), (d), or (e) of this code.

(b) An offense under Subsection (a)(1), (a)(2), (a)(5), or (a)(6) of this section is a Class C misdemeanor.

(b) The service may prescribe and furnish forms for registration of commercial fertilizers under this chapter. The service shall provide a registrant with a copy of the approved registration.

Sec. 63.033. TERM OF PERMIT AND REGISTRATION. A permit or registration issued under this chapter is permanent unless:

(1) the service revokes, suspends, annuls, or amends the permit or registration;

(2) the permittee or registrant withdraws or cancels the permit or registration; or

(3) the service requires a new permit or new registration.

Sec. 63.034. REFUSAL OR REVOCATION OF PERMIT. Following notice and a hearing, the service may revoke, suspend, annul, or amend an existing permit or may refuse to issue a permit if it finds that the permittee or applicant has:

(2) contain the name of another manufacturer or person or a product of another manufacturer or person.

SUBCHAPTER E. FEES

Sec. 63.071. INSPECTION FEE. (a) For each state fiscal year, the registrant of a commercial fertilizer shall pay to the service an inspection fee as prescribed by this section.

(b) Except as otherwise provided by this section, the inspection fee for a commercial fertilizer distributed in this state is 30 cents per ton of fertilizer. With the approval of the board, the director may reduce or increase the inspection fee in increments of two cents per ton per fiscal year.

(c) A person distributing in this state a commercial fertilizer product packaged in individual containers of five pounds or less shall pay, for each distinct commercial fertilizer product so distributed, a flat rate inspection fee of $50 for each fiscal year or part of a fiscal year in which the distribution is made.

(d) A registrant paying an inspection fee under Subsection (b) of this section shall pay in advance a minimum annual inspection fee of $100 per fiscal year. All advance inspection fees collected under this section shall be credited towards the first tonnage inspection owed by the registrant accruing in that fiscal year.

(e) If more than one person is involved in the distribution of a commercial fertilizer, the last person who distributes to a dealer or consumer who is a nonregistrant shall pay the fee.

(f) A person is not required to pay an inspection fee on a portion of a customer-formula fertilizer that is produced by the purchaser or acquired by the purchaser from a source other than the person who mixed, milled, or processed the mixture.

(g) The service may by rule provide that a person who manufactures or distributes a commercial fertilizer solely for investigational, experimental, or laboratory use by qualified persons is not required to pay an inspection fee on the fertilizer if the use is in the public interest.

(h) A person is not required to pay an inspection fee on compost as defined by Section 361.421, Health and Safety Code.

Sec. 63.072. TONNAGE REPORT AND INSPECTION FEE PAYMENT. (a) The person responsible for paying a fertilizer inspection fee shall file with the service a sworn report either stating that no tonnage of commercial fertilizer was distributed during the preceding reporting period or setting forth the tonnage of all the commercial fertilizer that the person manufactured or distributed in this state during the preceding reporting period. The person shall file the report:

(1) quarterly if the total amount of inspection fees in a year is $100 or more; or
(2) annually if the total amount of inspection fees in a year is less than $100.

(b) Each tonnage report must be accompanied by payment of the inspection fee due based on the tonnage reported for that quarter or year, as applicable.

(c) A tonnage report and inspection fee payment is due:

(1) on or before the 31st day following the last day of November, February, May, and August, for persons reporting quarterly; and

(2) on or before the 31st day following the last day of August, for persons reporting annually.

(d) The service may prescribe and furnish forms as necessary under this section.

Sec. 63.073. PENALTY FOR LATE FILING OR PAYMENT. (a) If a person does not file a report or pay the inspection fee as required by Section 63.072, the registrant shall pay a penalty equal to 15 percent of the inspection fee due or $50, whichever is greater.

(b) A penalty, together with the delinquent inspection fee, is due before the 61st day following the last day of the quarter, for quarterly reports, or of August, for annual reports. The service shall cancel the registration of a registrant who fails to pay the
penalty and delinquent inspection fee within that time period.

Sec. 63.074. RECORDS; ADDITIONAL REPORTS; AUDITS. (a) For the purpose of determining the accurate tonnage of commercial fertilizers distributed in this state or identifying or verifying tonnage reports, the service may require each registrant to maintain records or file additional reports.

(b) The service is entitled to examine at reasonable times the records maintained under this section.

(c) A registrant shall preserve and maintain in usable condition all records required by this section and shall retain the records for a period of at least two years. The service may require a registrant to retain records for a period longer than two years if the service determines it to be in the public interest.

(d) If a registrant is located outside this state, the registrant shall maintain the records and information required by this section in this state or pay all costs incurred in the auditing of records at another location. The service shall promptly furnish to the registrant an itemized statement of any costs incurred in an out-of-state audit and the registrant shall pay the costs before the 31st day following the date of the statement.

Sec. 63.075. DISPOSITION AND USE OF FEES. (a) The service shall deposit fees collected under this subchapter in the same manner as other local institutional funds of The Texas A&M University System. The fees shall be set apart as a special fund to be known as the Texas fertilizer control fund.

(b) The Texas fertilizer control fund shall be used, with the approval and consent of the board, for administering and enforcing
this chapter, including paying the cost of:

(1) salaries;
(2) equipment and facilities;
(3) registration;
(4) publication of bulletins and reports; and
(5) inspection, sampling, and analysis.

(c) Any fees collected under this subchapter that, in the judgment of the board, are not needed for the proper and efficient enforcement and administration of this chapter may, with approval of the board, be used for research relative to the value of commercial fertilizers.

Amended by Acts 1983, 68th Leg., p. 1850, ch. 349, art. 1, Sec. 5, eff. Sept. 1, 1983.

SUBCHAPTER F. INSPECTION, SAMPLING, AND ANALYSIS

Sec. 63.091. INSPECTION AND SAMPLING; ENTRY POWER. In order to determine if commercial fertilizer is in compliance with this chapter, the service is entitled to:

(1) enter during regular business hours and inspect any place of business, mill, plant, building, or vehicle, and to open any bin, vat, or parcel, that is used in the manufacture, transportation, importation, sale, or storage of a commercial fertilizer or is suspected of containing a commercial fertilizer; and

(2) take samples from fertilizer found during that inspection.

Amended by Acts 1983, 68th Leg., p. 1851, ch. 349, art. 1, Sec. 6, eff. Sept. 1, 1983.

Sec. 63.092. PROCEDURE FOR SAMPLING AND ANALYSIS. The service by rule shall prescribe the procedures for sampling and analysis of commercial fertilizers. The procedures must, to the extent practicable, be in accordance with the official methods of the Association of Official Analytical Chemists or other methods that the service considers authentic by research and investigation.
Sec. 63.093. IDENTIFICATION OF SAMPLE.  (a) Each sample taken shall be sealed with a label placed on the container of the sample showing:

(1) the serial number of the sample;
(2) the date on which the sample was taken; and
(3) the signature of the person who took the sample.

(b) Each sample shall be sent to the service. In addition, a report shall be sent to the service stating:

(1) the name or brand of commercial fertilizer sampled;
(2) the serial number of the sample;
(3) the manufacturer or guarantor of the sample, if known;
(4) the name of the person in possession of the lot samples;
(5) the date and place of taking the sample; and
(6) the name of the person who took the sample.

(c) For the purpose of properly identifying a sample with the lot sampled, the service is entitled to examine and copy any invoice, transportation record, or other record pertaining to the lot.

Sec. 63.094. INDEPENDENT ANALYSIS OF SAMPLE.  (a) If the service finds through chemical analysis or other method that a commercial fertilizer is in violation of a provision of this chapter, the service shall notify the manufacturer or other person who caused the fertilizer to be distributed. The notice must be in writing and give full details of the findings of the service.

(b) After receiving a notice under Subsection (a) of this section, the manufacturer or other person who caused the fertilizer to be distributed may request that the service submit portions of the sample analyzed to other chemists for independent analysis. After receiving a request, the service shall submit two portions of the
sample analyzed to two qualified chemists selected by the service. If requested, the service shall also submit one portion of the sample to the person requesting independent analysis. A request under this subsection must be filed with the service before the 16th day following the day on which notice is given.

(c) Each of the chemists selected by the service under Subsection (b) of this section shall analyze the portion of the sample and certify findings to the service under oath. The findings shall be prepared in duplicate and the service shall forward one copy of each chemist's findings to the person who requested independent analysis.

(d) The three chemical analyses obtained under this section may be considered in determining whether a violation of this chapter has occurred.

(e) Except as provided by this subsection, the person requesting independent analysis under this section shall pay the costs of the analysis. If as a result of the independent analysis the service determines that a violation has not occurred, the service shall pay the costs of the analysis.

Sec. 63.095. TESTING OF SAMPLES ON REQUEST. In accordance with the rules of the director, any person may submit a sample of a commercial fertilizer to the director for analysis. The results of the analysis shall be for informational purposes only, may not identify the manufacturer, and may not be published.

SUBCHAPTER G. ENFORCEMENT; REMEDIES

Sec. 63.121. STOP-SALE ORDER. (a) If the service has reasonable cause to believe that a commercial fertilizer is being distributed in violation of a provision of this chapter, the service shall affix to the container of the fertilizer a written notice containing:

(1) an order to stop the sale of the fertilizer; and
(2) a warning to all persons not to dispose of the fertilizer in any manner until the service or a court gives permission or until the stop-sale order expires.

(b) If the service finds that a commercial fertilizer is in compliance with this chapter, the service shall immediately remove the stop-sale order.

(c) A stop-sale order expires at the end of the 30th day following the day on which it was affixed unless, prior to that time, the service has instituted proceedings under Section 63.122 of this code to condemn the fertilizer.

Sec. 63.122. CONDEMNATION OF FERTILIZER. (a) If, after examination and analysis, the service finds that a commercial fertilizer is in violation of a provision of this chapter, the service shall petition the district or county court in whose jurisdiction the fertilizer is located for an order for the condemnation and confiscation of the fertilizer. If the court determines that the fertilizer is in violation of this chapter, the fertilizer shall be disposed of by sale or destruction in accordance with the order of the court.

(b) If a condemned commercial fertilizer is sold under Subsection (a) of this section, the proceeds of the sale, less court costs and charges, shall be paid into the state treasury.

(c) If the court finds that a violation of this chapter may be corrected by proper processing or labeling, the court may order that the fertilizer be delivered to the registrant for processing or labeling under the supervision of the service. Before entering that order, the court shall:

(1) enter the decree;

(2) require that all costs, fees, and expenses be paid; and

(3) require the registrant to post good and sufficient bond conditioned on the proper labeling and processing of the fertilizer.

(d) The registrant of the fertilizer shall pay all costs
incurred by the service in the supervision of labeling or processing under Subsection (c) of this section. The court shall return the bond to the registrant when the service notifies the court that the commercial fertilizer is no longer in violation of this chapter and that the registrant has paid the expenses of supervision.

Sec. 63.123. WARNINGS. If the service determines that a violation of this chapter is of a minor nature and that the public interest will be served and protected by the issuance of a written warning, the service may issue the warning instead of proceeding to condemn the fertilizer, report the violation for prosecution, or take other administrative action.

Sec. 63.124. INJUNCTION. (a) The service may sue in the name of the director to enjoin a violation of this chapter.

(b) The service may request a prosecuting attorney or the attorney general to sue to enjoin a violation or threatened violation of this chapter.

Amended by Acts 1983, 68th Leg., p. 1853, ch. 349, art. 1, Sec. 9, eff. Sept. 1, 1983.

Sec. 63.125. SUIT TO RECOVER FEES. The service may sue to recover an inspection fee or penalty due under Subchapter E of this chapter. Venue for a suit under this section is in Brazos County.

Sec. 63.126. PROSECUTIONS. Each district attorney, criminal district attorney, or county attorney to whom the service reports a violation of this chapter shall cause appropriate proceedings to be instituted and prosecuted in the proper court without delay in the manner provided by law.

Sec. 63.127. VENUE FOR CIVIL AND CRIMINAL ACTIONS. Except as provided by Section 63.125 of this chapter, venue for a civil action or criminal prosecution under this chapter is in the county in which the commercial fertilizer is located at the time the alleged violation is discovered by or made known to the service.

Added by Acts 1983, 68th Leg., p. 1853, ch. 349, art. 1, Sec. 9, eff. Sept. 1, 1983.

Sec. 63.128. APPEAL OF ADMINISTRATIVE ORDER OR RULING. (a) A person at interest who is aggrieved by an order or ruling of the service may appeal the order or ruling in the manner provided for contested cases under Chapter 2001, Government Code.

(b) Appeal under this section is by trial de novo.

SUBCHAPTER H. PENALTIES

Sec. 63.141. GENERAL PENALTY. (a) A person commits an offense if the person violates a provision of this chapter.

(b) An offense under this section is a Class C misdemeanor unless it is shown that the person has previously committed an offense under this subchapter, in which event it is a Class B misdemeanor.
Sec. 63.142. DISTRIBUTION OF MISBRANDED FERTILIZER. (a) A person commits an offense if the person distributes, conspires to distribute, or causes another person to distribute commercial fertilizer that:

(1) carries a false or misleading statement on, attached to, or accompanying the container;
(2) makes a false or misleading statement concerning its agricultural value on the container or in any advertising matter accompanying or associated with it;
(3) is of a composition, quantity, or quality that is below or is different from that which it is represented to be on its label;
(4) has a container that is made, formed, or filled in a manner that is misleading; or
(5) purports to be or is represented as a commercial fertilizer for which a definition of identity and a standard have been prescribed by rule, but does not conform to the definition or standard.

(b) An offense under this section is a Class C misdemeanor unless it is shown that the person has been previously convicted of an offense under this subchapter, in which event it is a Class B misdemeanor.

Sec. 63.143. DISTRIBUTION OF ADULTERATED FERTILIZER. (a) A person commits an offense if the person distributes, conspires to distribute, or causes another person to distribute a commercial fertilizer that:

(1) has been damaged in a manner that reduces its value;
(2) has damage or an inferiority that has been concealed;
(3) has added to it a substance that increases its bulk or weight, reduces its quality or strength, or makes it appear better or
of greater value than it is;
(4) has had an ingredient omitted or extracted, in whole or in part; or

(2) each type of plant pest or disease that is the subject of the warrant.

(c) In determining the existence of probable cause for the issuance of an agriculture warrant, it shall be sufficient to show only that:

(1) the place or premises described in the application for the warrant are located in an area subject to a quarantine established by the department with respect to the plant pest or disease that is the subject of the warrant; or

(2) there is a reasonable probability the place or premises contain a plant pest or disease or are located in an area that is reasonably suspected of being infected with a plant pest or disease because of its proximity to a known infestation.

(d) A single application and affidavit is sufficient for the issuance of multiple agriculture warrants if the application for the warrant describes the location of each place or premises subject to the warrant and all those places or premises are located in the same county.

(e) The department is entitled to an ex parte hearing on an application for an agriculture warrant. The warrant may be served and executed by a department employee and shall authorize department employees to undertake any action authorized by the warrant. (g) An agriculture warrant is valid until the 61st day after the date the warrant is issued and authorizes multiple executions of the warrant before the date the warrant expires. A warrant may be renewed or extended by the magistrate who issued the original warrant.
if the magistrate determines there is probable cause for the warrant to be reissued or extended. The agriculture warrant must be returned to the issuing magistrate before the warrant expires.

(h) An agriculture warrant may not:

(1) be executed between 7 p.m. and 7 a.m. of the following day or on a state holiday;

(j) This section does not restrict the authority of this state or a political subdivision of this state to otherwise conduct an inspection with or without a warrant as authorized by other law.

Sec. 72.044. INJUNCTIONS; MANDAMUS. (a) If a person responsible for execution of an order under Section 72.025(c) of this code fails or refuses, or threatens to fail or refuse, to comply with the order, a resident of the county or part of the county in which Mexican fruit fly control or eradication is being conducted may sue for an injunction to compel that person to place the premises in sanitary conditions in accordance with this chapter. If the court finds that the person responsible for compliance has been served with a written order, that the premises are subject to the order, and that the material allegations in the petition are true, the court shall enter an order commanding the person to comply immediately with the written directions of the department. A person who refuses to comply with the court's order may be punished for contempt of court.

(b) Any resident of this state may sue for an injunction or mandamus to compel compliance with this chapter or to restrain a violation of this chapter. Sec. 73.010. CIVIL PENALTY; INJUNCTION. (a) A person who violates this chapter or a rule adopted under this chapter is liable to the state for a civil penalty of not less than $250 nor more than $10,000 for each violation. Each day a violation continues may be considered a separate violation for purposes of a civil penalty assessment.

(b) On request of the department, the attorney general or the county attorney or district attorney of the county in which the violation is alleged to have occurred shall file suit to collect the penalty.

(c) A civil penalty collected under this section shall be deposited in the state treasury to the credit of the General Revenue Fund. All civil penalties recovered in suits first instituted by a local government or governments under this section shall be equally divided between the State of Texas and the local government or governments with 50 percent of the recovery to be paid to the General Revenue Fund and the other 50 percent equally to the local government or governments first instituting the suit.

(d) The department is entitled to appropriate injunctive relief to prevent or abate a violation of this chapter or a rule adopted under this chapter. On request of the department, the attorney general or the county or district attorney of the county in which the alleged violation is threatened or is occurring shall file suit for the injunctive relief. Venue is in the county in which the alleged violation is threatened or is occurring.

CHAPTER 74. COTTON DISEASES AND PESTS

SUBCHAPTER A. COTTON PEST CONTROL

Sec. 74.001. PUBLIC NUISANCE. (a) The legislature finds that cotton pests are a menace to the cotton industry, and that control of
those pests is a public necessity. Any portion of the state that is susceptible to infestation by cotton pests must be protected from this public nuisance and threat to the continued stability of the cotton industry.

(b) The legislature finds that volunteer and other noncommercial cotton is a public nuisance that threatens the cotton growers' boll weevil eradication program by serving as a host for cotton pests such as boll weevils and pink bollworms. To protect the cotton industry of this state, volunteer and other noncommercial cotton must be eliminated subject to the provisions of this chapter.

Acts 2009, 81st Leg., R.S., Ch. 178 (H.B. 1580), Sec. 1, eff. May 27, 2009.

Sec. 74.002. DEFINITIONS. In this subchapter:

(1) "Cotton" includes the cotton plant, cotton in the boll, cotton stalk, and all cotton products, including seed cotton, cottonseed, and cotton hulls, but not including cotton oil or cotton meal.

(2) "Cotton pest" includes the boll weevil and the pink bollworm.

(3) "Host plant" means a plant susceptible to infestation by the boll weevil, pink bollworm, or any other cotton pest.

(4) "Boll weevil" means the insect Anthonomus grandis Boheman, in any stage of development, including the egg, larval, pupal, and adult stages.

(5) "Okra" includes okra stalks.

(6) "Pest management zone" means a geographical zone established by the department under this chapter for purposes of cotton pest control and prevention.

(7) "Pink bollworm" means the insect Pectinophora gossypiella, Saunders, in any stage of development, including the egg, larval, pupal, and adult stages.

Amended by Acts 1987, 70th Leg., ch. 691, Sec. 1, eff. Sept. 1, 1987; Acts 1995, 74th Leg., ch. 957, Sec. 2, eff. June 16, 1995.
The following section was amended by the 87th Legislature. Pending publication of the current statutes, see S.B. 703, 87th Legislature, Regular Session, for amendments affecting the following section.

Sec. 74.003. ESTABLISHMENT OF PEST MANAGEMENT ZONES. (a) Any producer organization authorized under the laws of this state or recognized under department rules and representing cotton producers may petition the commissioner for certification to establish a pest management zone. A pest management zone may include all or part of one or more counties.

(b) Within 15 days following the day on which a petition for certification is received, the commissioner shall determine whether or not to grant certification.

(c) If the commissioner determines that, on the basis of information submitted, the petitioning organization is representative of cotton producers within the boundaries described in the petition and that the petition conforms to the purposes and provisions of this subchapter, the commissioner shall certify that the organization is representative of the producers of the commodity within the described area and is authorized to establish a pest management zone.

(d) An administrative committee shall govern each pest management zone. The committee consists of a representative of the department and of cotton producers who represent the counties in the zone and who are appointed by the commissioner. Each county in the zone must be represented by a producer on the committee. The committee shall:

1. make recommendations to the department regarding control of cotton pests in the zone, including recommendations on regulations needed to control and prevent cotton pest infestation;
2. make recommendations on any legislative changes that are needed; and
3. give advice and counsel to the department regarding effective enforcement of this subchapter within the zone.

Amended by Acts 1987, 70th Leg., ch. 691, Sec. 1, eff. Sept. 1, 1987; Acts 1995, 74th Leg., ch. 957, Sec. 3, eff. June 16, 1995.
Sec. 74.0031. COTTON STALK DESTRUCTION. (a) The department shall submit the recommendations of each administrative committee that governs a pest management zone under Section 74.003 to the Texas Boll Weevil Eradication Foundation. On review of the administrative committee recommendations, the foundation shall submit to the department an estimate of the amount by which the implementation of each recommendation would increase the cost of administering the boll weevil eradication program.

(b) The Texas Boll Weevil Eradication Foundation shall:

(1) conduct a study of the effects of incomplete cotton stalk destruction and volunteer cotton control on boll weevil eradication activities; and

(2) submit annual recommendations to the department and the board of the foundation for a cotton stalk destruction deadline for each pest management zone.

(c) The Texas Boll Weevil Eradication Foundation may consult with its technical advisory committee in fulfilling its duties under Subsection (b).

(d) The department shall set a cotton stalk destruction deadline for each pest management zone, with consideration given to the recommendations of the foundation and the applicable administrative committee submitted under Subsection (b).

Added by Acts 2009, 81st Leg., R.S., Ch. 178 (H.B. 1580), Sec. 2, eff. May 27, 2009.

The following section was amended by the 87th Legislature. Pending publication of the current statutes, see S.B. 703, 87th Legislature, Regular Session, for amendments affecting the following section.

Sec. 74.0032. HOSTABLE COTTON FEE. (a) The department shall establish and collect a hostable cotton fee for fields in which hostable cotton stalks, hostable volunteer cotton, or other hostable noncommercial cotton remains past the stalk destruction deadline set for the applicable pest management zone under Section 74.0031. A fee under this section shall be expressed in terms of dollars per acre, per week in which the stalks, volunteer cotton, or other noncommercial cotton remains in the field. The department shall
establish a procedure to notify a cotton grower that a fee is due the department under this section.

(b) If adverse weather conditions or other good cause exists, the administrative committee that governs the applicable pest management zone may request that the department grant an extension of the cotton stalk destruction deadline for any specified part of the pest management zone or for the entire pest management zone. A request under this subsection must be made within the period specified by department rule. A field is not subject to a hostable cotton fee if the department grants an extension of the deadline. The Texas Boll Weevil Eradication Foundation shall submit to the department an estimate of the amount by which an extension under this subsection will increase the cost of administering the boll weevil eradication program.

(c) If the applicable administrative committee does not request an extension, or if the department denies a request for an extension of the cotton stalk destruction deadline for a specified part of a pest management zone, a cotton grower may apply for an individual extension of the deadline. A request under this subsection must be made within the period specified by department rule.

(d) The Texas Boll Weevil Eradication Foundation shall submit to the department an estimate of the amount by which any extension of a stalk destruction deadline that is granted under Subsection (c) will increase the cost of administering the boll weevil eradication program.

(e) Any hostable cotton or hostable cotton stalks that remain in a field after the cotton stalk destruction deadline or any extension of the stalk destruction deadline has passed are subject to the hostable cotton fee established under Subsection (a). Any hostable cotton or hostable cotton stalks that remain in a field for more than 30 days after the stalk destruction deadline or any extension of the deadline are subject to 150 percent of the hostable cotton fee established under Subsection (a).

(f) A hostable cotton fee shall be sent to the comptroller and may be appropriated only for the purpose of treating hostable cotton or for other expenses related to boll weevil eradication. The department may contract with the Texas Boll Weevil Eradication Foundation or its successor entity for the treatment, control, or monitoring activities funded from the account.

(g) Unless the fee is paid on or before the 45th day after the
date the department gives notice to a cotton grower that a hostable cotton fee is due, the department may destroy any cotton or cotton stalks that remain in the field, as provided by Section 74.004.

(h) The department shall adopt rules to administer this section.

Added by Acts 2009, 81st Leg., R.S., Ch. 178 (H.B. 1580), Sec. 2, eff. May 27, 2009.
Amended by:
Acts 2011, 82nd Leg., R.S., Ch. 83 (S.B. 378), Sec. 1, eff. September 1, 2011.

The following section was amended by the 87th Legislature. Pending publication of the current statutes, see S.B. 703, 87th Legislature, Regular Session, for amendments affecting the following section.

Sec. 74.004. DESTRUCTION OF HOST PLANTS. (a) On petition of the administrative committee of a pest management zone, the department may establish regulated areas, dates, and appropriate methods of destruction of stalks, other parts, and products of host plants for cotton pests, including requirements for destruction of foliage, fruiting structures, and root systems of host plants after the harvest deadline.

(b) If on inspection of a field after the harvest deadline, the department determines that host plants or any parts or products of host plants have not been destroyed within the time specified by regulation of the department, the department may declare the field to be a public nuisance.

(c) On the declaration of a field as a public nuisance, the department may take any action necessary to complete destruction of host plants or host plant products or parts to prevent the spread of cotton pests from the infested area and shall:

(1) immediately give written notice to any farm owner and to the operator in charge of the field that the field is in violation of this section, instructing the owner and operator to destroy host plants or host plant products or parts within seven days after the date written notice is issued;

(2) post for a period of three consecutive days a copy of the notice on or in the immediate vicinity of the field in violation, if either the owner or operator of the field cannot be located after
a reasonably diligent effort by the department; and

(3) have the host plants or host plant products or parts destroyed, if no response is received by the department from either the owner or operator within four days after the date of posting of the notice at the field or if the department considers a response inadequate.

(d) If adverse weather conditions or other good cause exists, the commissioner may, on written request by a farm owner or operator, grant an extension of the date of implementation of appropriate host plant or host plant product or part destruction.

(e) If it becomes necessary for the department to contract with someone to destroy host plants or host plant products or parts, the farm owner or operator shall reimburse the department for 1-1/2 times the actual costs required for destruction.

(f) If neither the farm owner nor operator reimburses the department as provided by Subsection (e) of this section within 30 days after the date of the completion of department action and issuance by the department of a bill requesting payment, the department may place a lien against the property on which a violation of a department regulation under this section has occurred.

(g) The department may perfect the lien by filing the lien, a sworn statement of the indebtedness, and a description of the property subject to the lien with the county clerk of the county in which the property is located. The lien must be filed within a 30-day period following the expiration of the 30-day period described in Subsection (f) of this section. Within 180 days after the date of filing the lien, the department may file suit in a court of competent jurisdiction for collection of the account and foreclosure of the lien. Neither the department nor any person to whom the account is assigned may be required to post a cost bond in the suit. The court shall enter judgment for the debt with interest and costs of suit and foreclosing the lien on premises as the court determines necessary for the defraying of expenses, court costs, and the fees owed.

(h) All reimbursements and additional costs collected under this section shall be deposited in the State Treasury in a special fund to be appropriated to the department to carry out this subchapter.

(i) Reimbursement under Subsection (e) of this section does not prevent the department from seeking criminal or civil sanctions under this subchapter.
(j) In this section, "harvest deadline" means a deadline set by the department for harvesting a certain crop or, in the absence of a department deadline, the 31st day after the date by which the crop is customarily harvested in the region, as determined by the department.

The following section was amended by the 87th Legislature. Pending publication of the current statutes, see S.B. 703, 87th Legislature, Regular Session, for amendments affecting the following section.

Sec. 74.0041. REGULATION OF PLANTING DATES. On petition of the administrative committee of a pest management zone, the department may establish uniform planting dates for host plants.

(3) examine the records of a purchaser, handler, or common carrier of host plant products.

Sec. 74.006. RULES. The department may adopt rules as are necessary for the efficient enforcement and administration of this subchapter.

(1) violates a proclamation or a rule or restriction adopted under this subchapter;
(2) brings into this state any equipment or material contaminated with cotton pests; or
(3) fails to comply with a rule adopted for the control and direction of host plant growing.

(b) An offense under this section is a Class B misdemeanor.

Amended by Acts 1987, 70th Leg., ch. 691, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 230, Sec. 72, eff. Sept. 1, 1989; Acts 1995, 74th Leg., ch. 957, Sec. 6, eff. June 16, 1995.

Sec. 74.008. CIVIL PENALTY; INJUNCTION. (a) A person who violates this subchapter or a rule adopted under this subchapter is liable to the state for a civil penalty of not less than $250 nor more than $10,000 for each violation. Each day a violation continues may be considered a separate violation for purposes of a civil penalty assessment.

(b) On request of the department, the attorney general or the county attorney or district attorney of the county in which the violation is alleged to have occurred shall file suit to collect the penalty.

(c) A civil penalty collected under this section shall be deposited in the state treasury to the credit of the General Revenue Fund. All civil penalties recovered in suits first instituted by a local government or governments under this section shall be equally divided between the State of Texas and the local government or governments with 50 percent of the recovery to be paid to the General Revenue Fund and the other 50 percent equally to the local government or governments first instituting the suit.

(d) The department is entitled to appropriate injunctive relief to prevent or abate a violation of this subchapter or a rule adopted under this subchapter. On request of the department, the attorney general or the county or district attorney of the county in which the alleged violation is threatened or is occurring shall file suit for the injunctive relief. Venue is in the county in which the alleged violation is threatened or is occurring.
Sec. 74.009. COTTON PEST CONTROL AND ERADICATION POLICY. The state shall employ all constitutional methods to control and eradicate cotton pests that scientific research demonstrates to be successful, including:

(1) inspection of host plants in the field or host plant products where stored;
(2) quarantine and fumigation of equipment, host plants, and host plant products found to be contaminated;
(3) supervision of the growing of host plants in areas known to be contaminated;
(4) destruction of infested fields of host plants or of infested host plant products;
(5) prevention of planting of host plants in areas where infestation has been found; and
(6) prevention of movement of equipment contaminated or reasonably suspected to be contaminated with cotton pests.

Sec. 74.010. REGULATION OF COTTON PESTS; QUARANTINES. (a) If, under prior law, the department proclaimed a quarantine against infested territory, no person may import into Texas from the quarantined territory a substance susceptible to cotton pest infestation.

(b) The department shall maintain a rigid inspection of substances susceptible to cotton pest contamination that are being carried from quarantined territory into, through, or within this state.

Sec. 74.011. REGULATION OF GINNING. A ginner may not gin cotton from a regulated zone under this subchapter unless the ginner disinfects the seed in accordance with rules of the department.

Sec. 74.012. INSPECTORS. The department may employ and prescribe the qualifications and duties of inspectors and other employees necessary to the administration of this subchapter.

Sec. 74.013. COOPERATION WITH FEDERAL PROGRAMS. The department shall cooperate with the United States Department of Agriculture in any measure authorized by, and undertaken in accordance with, federal law for preventing the introduction or establishment of cotton pests in this state.

**SUBCHAPTER D. OFFICIAL COTTON GROWERS' BOLL WEEVIL ERADICATION FOUNDATION**

Sec. 74.101. FINDINGS AND DECLARATION OF POLICY. (a) It is hereby found and declared that:

(1) the insects Anthonomus grandis Boheman, known as the boll weevil, and Pectinophora gossypiella, known as the pink bollworm, are public nuisances and a menace to the cotton industry, and their eradication is a public necessity;

(2) because of the differences in soil conditions, growing seasons, farming techniques, and climate conditions among several areas in the state where cotton is grown, the eradication and suppression of the nuisance can best be accomplished by dividing the
cotton-growing areas into separate zones so that integrated pest management programs may be developed for each zone;

(3) there is a need for a quasi-governmental entity acting under the supervision and control of the commissioner whose members are actual cotton growers who would be represented on the board of the entity by directors elected by them to manage eradication and suppression programs and to furnish expertise in the field of insect control and eradication, because such an entity would enhance the interest and participation of cotton growers in the program;

(4) because of the progress made in eradication, investments made by cotton growers in certain areas, the potential injustice to certain cotton growers who have made such investments, and the stage of development of the cotton crops in the statutory eradication zones, an urgent public necessity exists to validate and ratify the assessments, agreements, and obligations of the Texas Boll Weevil Eradication Foundation, Inc., made or incurred by the foundation and related to certain statutory zones;

(5) cotton growers, in partnership with the state and federal governments, have made significant investments toward the eradication of these pests in this state;

(6) it is essential to the well-being of the cotton industry and the agricultural economy of this state that the investments of the cotton growers and the state and federal governments be protected; and

(7) the establishment of a maintenance program to be carried out by the foundation under the supervision of the department is required to protect the investments in eradication.

(b) It is the intent of the legislature that the program of eradication and suppression be carried out with the best available integrated pest management techniques.

(c) The department may recover costs for administration of this subchapter.

Added by Acts 1993, 73rd Leg., ch. 8, Sec. 1, eff. June 1, 1993. Amended by Acts 1995, 74th Leg., ch. 227, Sec. 1, eff. Sept. 1, 1995; Acts 1997, 75th Leg., ch. 463, Sec. 1.01, eff. May 30, 1997. Amended by:

Acts 2005, 79th Leg., Ch. 119 (S.B. 1428), Sec. 1, eff. September 1, 2005.
Sec. 74.1011. DESIGNATION OF ENTITY TO CARRY OUT BOLL WEEVIL ERADICATION. (a) The Texas Boll Weevil Eradication Foundation, Inc., a Texas nonprofit corporation chartered by the secretary of state on September 14, 1993, shall be recognized by the department as the entity to plan, carry out, and operate eradication and diapause programs to eliminate the boll weevil and the pink bollworm from cotton in the state under the supervision of the department as provided by this subchapter.

(b) The commissioner may terminate the foundation's designation as the entity recognized to carry out boll weevil eradication by giving 45 days' written notice to the foundation and by designating a successor entity. If the commissioner designates a successor to the foundation, the successor has all the powers and duties of the foundation under this subchapter. Any successor to the foundation shall assume and shall be responsible for all obligations and liabilities relating to any notes, security agreements, assignments, loan agreements, and any other contracts or other documents entered into by the foundation with or for the benefit of any financial institution or its predecessor, successor, or assignee.

zone under Section 74.106 has no effect, and the commissioner shall
appoint a representative to the board from the area.

(e) The foundation may request the commissioner to call
additional referenda in a proposed eradication zone in which a
referendum has failed. An additional eradication zone referendum and

(b) An applicator is not jointly and severally liable for any act or omission of the foundation under this subchapter.

(c) The foundation shall have liability coverage in effect for any eradication or diapause efforts for which it uses applicators. The coverage shall apply to acts and omissions of the foundation and volunteers and be in the amount of at least $500,000 for each single occurrence of death, bodily injury, or property damage.

Sec. 74.1102. CONTRACTING. (a) For a purchase of goods and services under this chapter, the foundation may purchase goods and services that provide the best value for the foundation.
(b) In determining the best value for the foundation, the purchase price and whether the goods or services meet specifications are the most important considerations. However, the foundation may consider other relevant factors, including:
(1) the quality and reliability of the goods and services;
(2) the delivery terms;
(3) indicators of probable vendor performance under the contract, including:
   (A) past vendor performance;

completed in all eradication zones established under this subchapter for boll weevil control and the pink bollworm eradication program has been completed in any eradication zone established under this chapter for pink bollworm control, the foundation shall provide notice of such completion to the commissioner along with a request for discontinuance of the eradication program and collection of the assessment. Any such request shall include documentation supporting the eradication of the boll weevil in all eradication zones established for boll weevil eradication or pink bollworm in any eradication zone established for pink bollworm eradication and a plan for discontinuance of the program and assessment.

(b) The commissioner shall determine whether or not the further elimination of the boll weevil or pink bollworm is necessary in the eradication zones and approve or disapprove discontinuance of the foundation and the plan for dissolution.

(c) On completion of dissolution, the foundation shall file a final report with the commissioner, including a financial report, and submit all remaining funds into the trust of the commissioner. Final books of the foundation shall be filed with the commissioner and are subject to audit by the department.

(d) The commissioner shall pay from the foundation's remaining funds all of the foundation's outstanding obligations.

(e) Funds remaining after payment under Subsection (d) of this section shall be returned to contributing cotton growers on a pro rata basis.

(f) If 30 percent or more of the cotton growers eligible to vote within a zone participating in the program present to the commissioner a petition calling for a referendum of the qualified voters on the proposition of discontinuing the program, the commissioner may conduct a referendum for that purpose if:

(1) the debt of the zone has been paid in full; and

(2) the foundation determines, and the commissioner approves the foundation's determination, that the cotton growers in the zone have paid more than one-half of the eradication program funds collected by the foundation and used for the eradication program in the zone from the date of the program's inception until the date the petition is presented to the commissioner.

(f-1) The commissioner may not conduct a referendum under Subsection (f) and shall return the petition if the commissioner determines that the requirements of Subsection (f)(1) or (2) are not
satisfied.

(g) The commissioner shall give notice of the referendum, the referendum shall be conducted, and the results shall be declared in the manner provided by law for the original referendum and election, with any necessary exceptions provided by rule of the commissioner.

(h) The commissioner shall conduct the referendum within 90 days of the date of filing of the petition, except that no such referendum may be held within two years of any other referendum in the eradication zone pertaining to establishing or discontinuing the eradication zone.

(i) Approval of the proposition is by the same vote as required in a referendum under Section 74.114(g). If the proposition is approved, the eradication program is abolished and the eradication zone ceases to exist on payment of all debts of the eradication zone.

(b) The commissioner shall propose in a referendum the:

(1) maximum assessment to be paid by cotton growers having production in the eradication zone; and

(2) time for which the assessment will be made.

(c) With the commissioner's approval, the foundation may make an assessment in an eradication zone at a level less than the assessment approved by the referendum.

(d) The commissioner shall conduct an assessment referendum under the procedures provided by Section 74.114.

(e) If an assessment referendum is approved, the foundation may collect the assessment.

(f) An assessment levied on cotton growers in an eradication zone may be applied only to:
(1) eradication;
(2) the foundation's operating costs, including payments on debt incurred for a foundation activity; and
(3) the conducting of other programs consistent with the declaration of policy stated in Section 74.101.

(g) The assessment shall be adequate and necessary to achieve the goals of this subchapter. The amount of the assessment shall be determined by criteria established by the commissioner, including:
(1) the extent of infestation;
(2) the amount of acreage planted;
(3) historical efforts to eradicate;
(4) the growing season;
(5) epidemiology;
(6) historical weather conditions; and
(7) the costs and financing of the program.

(h) The commissioner shall give notice of and hold a public hearing within the eradication zone regarding the proposed assessment referendum. Before the referendum, the commissioner shall review and approve:
(1) the amount of the assessment;
(2) the basis for the assessment;
(3) the time for payment of the assessment;
(4) the method of allocation of the assessment among cotton growers;
(5) the restructuring and repayment schedule for any pre-existing debt; and
(6) the amount of debt to be incurred in the eradication zone.

(i) The commissioner shall on a zone-by-zone basis set the date on which assessments are due and payable.

(j) Each year, the commissioner shall review and approve the foundation's operating budget.

(k) The foundation may prepare and mail billing statements to each cotton grower subject to the assessment that state the amount due and the due date. The assessments shall be remitted to the foundation.

(l) With the approval of the board and the commissioner, the foundation may transfer the proceeds from the collection of assessments in one eradication zone to another eradication zone. The board shall consult with affected cotton grower steering committees
before recommending that the commissioner approve the transfer of proceeds under this subsection. The transferred proceeds may be applied only as provided by Subsection (f).

Sec. 74.1135. ALTERNATIVE METHOD OF ASSESSMENTS. (a) The commissioner may adopt rules that provide for an alternative method, manner, and mechanism by which assessments are imposed and collected under this subchapter. The commissioner may adopt the rules only after receiving a recommendation from the board. The board shall consult with cotton grower steering committees and the technical advisory committee in formulating a recommendation to the commissioner under this subsection. The commissioner may accept, reject, or modify a board recommendation. The rules apply notwithstanding Section 74.113. The rules must require any person collecting an assessment to forward the assessment to the foundation.

Sec. 74.114. CONDUCT OF BOARD ELECTIONS AND REFERENDA; BALLOTING. (a) The commissioner shall conduct a referendum or board election authorized under this subchapter. At the end of each four-year period in which an eradication program has been operational in a zone, the commissioner shall hold a referendum in the zone on the continuation of the eradication program. The referendum shall be
held at the same time as the election of a board member from the zone. Approval of the referendum on continuation is by a majority of those voting in the referendum.

(a-1) Notwithstanding Subsection (a), the commissioner may conduct only one referendum on continuation in each zone on or after September 1, 2005. The commissioner shall include on the ballot adequate notice of:

(1) the fact that a referendum on continuation is the final referendum on continuation for the zone in which it is held; and
(2) the existence of the petition provision in Section 74.112(f).

(b) The foundation shall bear all expenses incurred in conducting a referendum or board election.

(c) The commissioner shall adopt rules for voting in board elections and referenda to establish or continue eradication zones. Rules adopted under this subsection must include provisions for determining:

(1) who is a cotton grower eligible to vote in an election or referendum;
(2) whether a board member is elected by a plurality or a majority of the votes cast; and
(3) the area from which each board member is elected.

(d) A cotton grower having cotton production in a proposed or established eradication zone is entitled to:

(1) vote in a referendum concerning the eradication zone; and
(2) elect board members to represent the eradication zone.

(e) An eligible cotton grower may vote only once in a referendum or board election.

(f) Ballots in a referendum or board election shall be mailed directly to a central location, to be determined by the commissioner. A cotton grower eligible to vote in a referendum or board election who has not received a ballot from the commissioner, foundation, or another source shall be offered the option of requesting a ballot by mail or obtaining a ballot at the office of the county agent of the Texas Agricultural Extension Service or a government office distributing ballots in a county in the proposed or established zone in which the referendum or board election is conducted.

(g) A referendum is approved if:

(1) at least two-thirds of those voting vote in favor of
the referendum; or

(2) those voting in favor of the referendum farm more than 50 percent, as determined by the commissioner, of the cotton acreage in the relevant eradication zone.

(h) If a referendum under this subchapter is not approved, the commissioner may conduct another referendum. A referendum under this subsection may not be held before one year after the date on which the last referendum on the same issue was held.

(i) A public hearing regarding the proposed eradication program, including information regarding regulations to be promulgated by the commissioner, may be held by the commissioner in each of several locations within each boll weevil or pink bollworm eradication zone. The area posted for each hearing shall include no more than six contiguous counties that have cotton production at the time of the hearing.

(j) Individual voter information, including an individual's vote in a referendum or board election conducted under this section, is confidential and is not subject to disclosure under the open records law, Chapter 552, Government Code.

Added by Acts 1993, 73rd Leg., ch. 8, Sec. 1, eff. 1, 1993. Amended by Acts 1995, 74th Leg., ch. 227, Sec. 10, eff. Sept. 1, 1995; Acts 1997, 75th Leg., ch. 463, Sec. 1.16, 2.06, eff. May 30, 1997. Amended by:

Sec. 74.115. PAYMENT OF ASSESSMENTS; ASSESSMENT LIENS. (a) A cotton grower who fails to pay an assessment levied under this subchapter when due may be subject, after reasonable notice and opportunity for hearing, to a penalty set by the commissioner. In determining the amount of the penalty to be assessed, the commissioner shall consider:

(1) the seriousness of the violation, including the nature, circumstances, and extent of the violation;
(2) the history of previous violations;
(3) the amount necessary to deter future violations;
(4) the economic situation of the cotton grower; and
(5) any other matter that justice may require.
(b) The foundation may develop a compliance certificate program to manage the payment and collection of an assessment levied under this subchapter. Under the program the foundation, subject to department rules, may issue a compliance certificate for cotton for which an assessment has been paid.

(c) In addition to any other remedies for the collection of assessments and penalties, the commissioner may adopt rules relating to the compliance certificate program for eradication assessments. The rules may include:

(1) provisions establishing and relating to the obligations of growers, ginners, and buyers in due course of cotton produced in active eradication zones to ensure that assessments are paid within a prescribed time period;

(2) provisions allowing incentives in the form of discounted assessments for growers who pay assessments within a prescribed time period;

(3) provisions establishing penalties and interest against growers who pay assessments after a prescribed time period; and

(4) other provisions the commissioner may determine are proper.

(d) In addition to any other remedies for the collection of assessments and penalties, an assessment lien in favor of the foundation attaches and is perfected 60 days after the date the foundation mails notice of the assessment on cotton produced and harvested that year from the acreage that is subject to the assessment that is due and unpaid. An assessment lien is not an agricultural lien for the purposes of Chapter 9, Business & Commerce Code, and is not subject to the provisions of that chapter. An assessment lien is subject to and preempted by the Food Security Act of 1985 (7 U.S.C. Section 1631 et seq.) and shall be treated under that Act in the same manner as a security interest created by the seller. A buyer of cotton takes free of the assessment lien if the buyer:

(1) receives a compliance certificate issued by the foundation when the buyer purchases the cotton that certifies that the assessment has been paid to the foundation;

(2) pays for the cotton by a check on which the department is named as a joint payee;

(3) does not receive notice of the assessment lien as required by the Food Security Act of 1985 (7 U.S.C. Section 1631 et
(4) buys the cotton from a person other than the producer of the cotton.

(e) The foundation may assign, with the approval of the commissioner, assessments or liens in favor of the foundation as collateral for a loan to the foundation only if the proceeds of the loan are designated for use in the eradication zone from which the assessments or liens originated.

(f) If the department has cause to believe that a violation of this section or rules promulgated under this section has occurred, the department may investigate and, during normal business hours, audit and inspect the records of the person who is the subject of the investigation.

Sec. 74.116. EXEMPTION FROM ASSESSMENT PENALTIES. (a) The commissioner by rule shall adopt criteria for exemption from payment of assessment penalties under Section 74.115 of this code a cotton grower for whom payment would impose an undue financial burden.

(b) A cotton grower may not qualify for an exemption under this section for a year in which the amount computed by subtracting the assessments and penalties due under this subchapter from the cotton grower's net income subject to federal income taxation in the previous year is greater than $15,000.

(c) A cotton grower who applies for an exemption under this section must use a form prescribed by the commissioner. A cotton grower must file a separate application form for each year for which the cotton grower claims an exemption.

(d) The commissioner may establish a payment plan for a cotton grower applying for an exemption under this section.

(e) The commissioner shall promptly notify an applicant of the determination regarding the applicant's request for an exemption.

(f) If an exemption under this section is denied, assessments and penalties for the year for which the application is made are due
on the later of:

(1) the date on which they would be due in the absence of an application for exemption; or

(2) 30 days after the date the applicant receives notice of the denial.

(g) In addition to the authority provided under Subsections (a)-(f), the commissioner may reduce or waive assessment penalties as appropriate and necessary.

Sec. 74.117. ENTRY OF PREMISES; ERADICATION ACTIVITIES; INSPECTIONS. The department, the foundation, or a designated representative of either entity may enter cotton fields or other premises to carry out the purposes of this subchapter and Subchapters A and B of this chapter, which include the treatment and monitoring of growing cotton or other host plants. The department, the foundation, or a designated representative of either entity may inspect fields or premises in this state for the purpose of determining whether the property is infested with the boll weevil or the pink bollworm. An inspection must be conducted during reasonable daylight hours. The department shall give notice by publication of the planned schedule of dates for entry by the department, the foundation, or a designated representative of either entity, to the fields or premises to carry out the purposes of this subchapter, including treatment, monitoring, or inspection functions. The department shall publish notice of the planned schedule to enter the fields or premises in a newspaper of general circulation in the eradication zone not less than once a week for two weeks immediately before the scheduled dates of entry. In addition to the notice published by the department, the foundation shall post notice of the planned schedule to enter fields or premises to carry out the purposes of this subchapter at the county courthouse of each county in the eradication zone not less than 15 days before the planned dates of entry.

Sec. 74.118. AUTHORITY TO PROHIBIT PLANTING OF COTTON AND REQUIRE PARTICIPATION IN ERADICATION PROGRAM. (a) The commissioner may adopt reasonable rules regarding areas where cotton may not be planted in an eradication zone if there is reason to believe planting will jeopardize the success of the program by making treatment impracticable or present a hazard to public health or safety.

(b) The commissioner may adopt rules relating to noncommercial cotton located in eradication zones and requiring that all growers of commercial cotton in an eradication zone participate in a boll weevil or pink bollworm eradication program that includes cost sharing as required by the rules.

(c) Notice of prohibitions and requirements shall be given by publication for one day each week for three successive weeks in a newspaper having general circulation in the affected area.

(d) The commissioner may adopt a reasonable schedule of penalty fees to be assessed against growers in a designated eradication zone who do not meet the requirements of the rules issued by the commissioner relating to reporting of acreage and participation in cost sharing. The penalty fees adopted may not exceed $50 per acre.

(e) If a grower fails to meet the requirements of rules adopted by the commissioner, the commissioner may order the destruction of cotton not in compliance with the rules. Costs incurred by the commissioner in the destruction of cotton may be assessed against the grower.

Sec. 74.119. AUTHORITY FOR DESTRUCTION OR TREATMENT OF COTTON IN ERADICATION ZONES; COMPENSATION PAYABLE. (a) The department shall destroy or treat hostable volunteer or other hostable noncommercial cotton and establish procedures for the purchase and
destruction of commercial cotton in eradication zones if the department determines the action is necessary to carry out the purposes of this subchapter. The department is not liable to the owner or lessee for the destruction of or injury to any cotton that was planted in an eradication zone after publication of notice as provided by this subchapter. The foundation is liable for the destruction of cotton if the cotton was planted in an eradication zone before publication of the notice.

(b) Not later than January 1, 2010, the department shall adopt rules providing for the regulation and control of volunteer and other noncommercial cotton in pest management zones. At a minimum, the rules must:

(1) provide a grower or landowner with a period of time in which the grower or owner is required to destroy hostable volunteer or other hostable noncommercial cotton on receipt of a notice from the department; and

(2) allow the department or a person designated by the department:

(A) to monitor and treat hostable volunteer or other hostable noncommercial cotton that is located in a crop field for boll weevil infestation if the grower or landowner does not destroy the cotton in compliance with the notice from the department; and

(B) to destroy hostable volunteer or other hostable noncommercial cotton that is not in a crop field, as provided by Section 74.004.

(c) If a grower or landowner does not destroy hostable volunteer or other hostable noncommercial cotton as required by Subsection (b)(1), the grower or owner shall pay to the department a volunteer cotton fee in an amount determined by the department. A fee under this subsection:

(1) may be assessed only on acreage where hostable volunteer or other hostable noncommercial cotton is located;

(2) may not be less than one-half the amount the grower or owner would owe if the entire acreage were planted with cotton; and

(3) shall be deposited to the credit of the hostable cotton fee account established by Section 74.0032.

Sec. 74.120. AUTHORITY TO ADOPT RULES. (a) The commissioner shall adopt rules to protect individuals, livestock, wildlife, and honeybee colonies on any premises in an eradication zone on which cotton plants are being grown that have been or are being treated to eradicate the boll weevil or the pink bollworm.

(b) Rules adopted under this section shall establish the criteria by which the foundation develops its procedures and methods of treatment, which shall:

(1) establish a methodology for determining when boll weevil or pink bollworm population levels have reached economic significance;

(2) establish an effective treatment regimen that seeks to provide the least possible risk to workers, the public, and the environment;

(3) minimize the effects of the use of pesticides on long-term control methods, including but not limited to the effect a particular pesticide may have on biological controls;

(4) establish methods for monitoring boll weevils, pink bollworms, and secondary pests;

(5) establish methods for verifying pesticide use reduction; and

(6) consider the acute and chronic toxicity of particular pesticides and the quantity of particular pesticides needed. Eradication zone treatment plans may take into account the potential for the use of smaller quantities of more toxic substances to result in fewer health and environmental risks than larger quantities of less toxic substances.

(c) The commissioner may adopt other reasonable rules necessary to carry out the purposes of this subchapter and Subchapters A and B of this chapter. All rules issued under this subchapter must be adopted and published in accordance with state requirements.

(d) An advisory committee may be established to assist the
commissioner in the development of rules adopted under this section. The advisory committee may be composed of:

(1) three cotton growers from different regions of the state, appointed by the commissioner;

(2) three entomologists with knowledge of the principles of integrated pest management, at least one of whom has special knowledge of nonchemical or biological pest control, appointed by the commissioner;

(3) two individuals with experience representing the general interests of the environment, appointed by the chair of the Texas Natural Resource Conservation Commission;

(4) an environmental engineer with expert knowledge of ground and surface water protection from contamination, appointed by the chair of the Texas Natural Resource Conservation Commission;

Sec. 74.121. REPORTS. Each person in an active eradication zone growing cotton in this state shall furnish to the foundation on forms supplied by the foundation information that the foundation requires concerning the size and location of all commercial cotton fields and of noncommercial patches of cotton grown for ornamental or other purposes. The foundation may provide an incentive for early and timely reporting.

Sec. 74.122. QUARANTINE. (a) The department may adopt rules
relating to quarantining areas of this state that are infested with the boll weevil or the pink bollworm. The rules must address the storage of regulated articles and the movement of regulated articles into and out of a quarantined area. The department may also adopt rules governing the movement of regulated articles from other states into this state if the articles are known to be infested with the boll weevil or the pink bollworm.

(b) The department shall adopt rules to prohibit the movement of cotton and regulated articles from an area infested with the boll weevil if the area is not participating in the boll weevil eradication program under this subchapter.

Acts 2013, 83rd Leg., R.S., Ch. 577 (S.B. 818), Sec. 3, eff. June 14, 2013.

Sec. 74.123. DOCUMENTING REGULATED ARTICLES. To implement this subchapter, the department may issue or authorize issuance of:

(1) a certificate that indicates that a regulated article is not infested with the boll weevil or the pink bollworm; and

(2) a permit that provides for the movement of a regulated article to a restricted designation for limited handling, use, or processing.

Sec. 74.124. COOPERATIVE PROGRAMS AUTHORIZED. (a) The foundation may carry out programs to destroy and eliminate the boll weevil and the pink bollworm in this state by cooperating through written agreements, as approved by the commissioner, with:

(1) an agency of the federal government;

(2) a state agency;

(3) an appropriate agency of a foreign country contiguous to the affected area to the extent allowed by federal law;
(4) a person who is engaged in growing, processing, marketing, or handling cotton;
(5) a group of persons in this state involved in similar programs to carry out the purposes of this subchapter;
(6) an appropriate state agency of another state contiguous to the affected area, to the extent allowed by federal law, the law of the contiguous state, and the law of this state; or
(7) an appropriate association of cotton producers or boll weevil foundations in more than one state, for the purpose of facilitating cooperation with and funding assistance to this state to protect against reinfestation with the boll weevil.

(b) An agreement entered into under this section may provide for cost sharing and for division of duties and responsibilities under this subchapter and may include other provisions to carry out the purposes of this subchapter.

(c) Agreements under Subsections (a)(4)-(5) must be approved in each referendum required under this subchapter other than a referendum to discontinue an eradication program. The agreements must be approved by the same margin as required in the retention referendum.

Sec. 74.125. ORGANIC COTTON GROWERS. (a) The commissioner shall develop rules and procedures to:

(1) protect the eligibility of organic cotton growers to be certified by the commissioner;

(2) ensure that organic and transitional certification by the commissioner continue to meet national certification standards in order for organic cotton to maintain international marketability; and

(3) in all events maintain the effectiveness of the boll weevil or pink bollworm eradication program administered under this
subchapter.

(b) The board may not treat or require treatment of organic cotton fields with chemicals that are not approved for use on certified organic cotton. Plow-up may be required as an alternative to chemicals. Rules adopted under Subsection (a) may provide indemnity for the organic cotton growers for reasonable losses that result from a prohibition of production of organic cotton or from any requirement of destruction of organic cotton. If time is reasonably available for the production of an economically feasible alternative crop, the board may require mitigation of losses with the production of an alternative crop.

Sec. 74.126. PENALTIES. (a) A person who violates this subchapter or a rule adopted under this subchapter or who alters, forges, counterfeits, or uses without authority a certificate, permit, or other document issued under this subchapter or under a rule adopted under this subchapter commits an offense.

(b) An offense under this section is a Class C misdemeanor.

(c) If the commissioner determines that a violation of this subchapter or a rule adopted under this subchapter has occurred, the commissioner may request that the attorney general or the county or district attorney of the county in which the alleged violation occurred or is occurring file suit for civil, injunctive, and/or other appropriate relief.

The following section was amended by the 87th Legislature. Pending publication of the current statutes, see S.B. 703, 87th Legislature, Regular Session, for amendments affecting the following section.

Sec. 74.127. SUNSET PROVISION. (a) The board of directors of
the official cotton growers' boll weevil eradication foundation is subject to Chapter 325, Government Code (Texas Sunset Act). Unless continued in existence as provided by that chapter, the board is abolished and this subchapter expires September 1, 2021.

(b) The commissioner may order the dissolution of the foundation at any time the commissioner determines that the purposes of this subchapter have been fulfilled or that the foundation is inoperative and abandoned. Dissolution shall be conducted in accordance with Section 74.112 of this code.

(c) If the foundation is abolished or the program discontinued for any reason, assessments approved, levied, or otherwise collectible on the date of abolishment remain valid as necessary to pay the financial obligations of the foundation.

Sec. 74.129. EXEMPTION FROM LAWSUITS, LIABILITY, TAXATION, AND LEGAL PROCESS. The legislature recognizes that the foundation, acting under the supervision and control of the commissioner, is carrying out an important governmental function and that therefore the foundation, as a quasi-governmental entity, must be immune from

lawsuits and liability except to the extent provided in Chapter 101, Civil Practice and Remedies Code, and as provided by this section. Therefore, no claims may be brought or continued against the foundation except: (1) claims allowed by Chapter 101, Civil Practice and Remedies Code; and (2) claims pending against the foundation on April 30, 1997, plus attorney's fees and costs of court. With the exception of finally adjudicated claims arising from Chapter 101, Civil Practice and Remedies Code, and claims for assessments, attorney's fees, and costs of court paid by named plaintiffs in lawsuits pending on or before April 30, 1997, all payments, contributions, funds, and assessments received or held by the foundation under this subchapter are exempt from garnishment, attachment, execution, or other seizure and from state and local taxation, levies, sales, and any other process and are unassignable. Nothing in this section shall affect or impair any existing or future indebtedness or any existing or future security interest created under a note, security agreement, assignment, or other loan agreement between the foundation and a lender or any judgment, to the extent such judgment allows recovery against the foundation pursuant to a note, security agreement, loan agreement, or other document.

Sec. 74.130. USE OF BIO-INTENSIVE CONTROLS. (a) The commissioner shall develop and adopt rules to allow a cotton grower in an eradication program to use biological, botanical, or other non-synthetic pest control methods. In developing the rules, the commissioner shall consider:

(1) scientific studies and field trials of the effectiveness of a proposed alternative control method;
(2) the feasibility of using a proposed alternative control technique within a particular region;
(3) the degree of monitoring necessary to establish the success of the use of a proposed alternative control; and
(4) methods to prevent the use of substances that would impede the use of alternative controls and the promotion of beneficial insect populations.

(b) A cotton grower that chooses to use an alternative method of control as provided in Subsection (a) shall notify the board. The
board and the cotton grower shall coordinate their actions to prevent
the use of substances that would impede the use of alternative
controls and the promotion of beneficial insect populations.

(c) The cotton grower shall pay any additional cost of bio-
intensive control in addition to any assessment.

Sec. 74.131. VENUE. (a) Venue for an action arising out of
this subchapter in which the foundation is a party is in Travis
County.

(b) This section does not expand the liability of the
foundation beyond the liability provided under Section 74.129.

(a) On the request of the foundation and affected cotton grower steering committees, the commissioner by rule may designate boll weevil and pink bollworm eradication maintenance areas for the continued protection of the cotton industry. To the extent practicable, and to the extent consistent with Subsection (b), maintenance areas must follow the lines of existing eradication zones. Contiguous eradication zones eligible for inclusion in a maintenance area may be included in the same maintenance area. Additional counties not previously included in an eradication zone may be added to maintenance areas to prevent reinestation or otherwise support the eradication efforts of the state on request of the foundation, if the county is contiguous with a maintenance area.

The board shall consult with cotton grower steering committees in formulating a recommendation to the commissioner under this subsection. The commissioner may accept, reject, or modify a board recommendation.

(c) The commissioner by rule may determine the method, manner, and mechanism by which maintenance fees are collected, including provisions for collection at central points in the cotton marketing process. The rules must provide for the fee collector to forward maintenance fees to the credit of the foundation.

(d) The amount of the maintenance fee must be based on:

(1) the number of cotton acres in a maintenance area;
(2) the potential for reinfestation from outside the maintenance area;
(3) the growing season;
(4) epidemiology;
(5) historical weather conditions;
(6) the expected costs of the maintenance program; and
(7) the need for an adequate reserve to respond to potential reinfestations in a rapid, effective manner.

(e) The department shall hold one or more hearings regarding the amount and collection methods of a maintenance fee to be imposed under this section.

(f) Maintenance fees collected under this section are not state funds.

(5) adopt rules to carry out the provisions of this chapter.

(b) The Texas Natural Resource Conservation Commission shall have principal authority to regulate and control water pollution. If the United States Environmental Protection Agency adopts a final rule requiring states to implement a state management plan for pesticides in groundwater, the department shall cooperate with the Texas Groundwater Protection Committee in the committee's development and implementation of federally mandated state management plans for pesticides in groundwater in accordance with Section 26.407, Water Code.

(c) The department shall seek advice from the Texas Natural Resource Conservation Commission, the Parks and Wildlife Department, the Texas Department of Health, and the Texas Agricultural Extension Service in reviewing applications for special local need or emergency pesticide registrations. The department shall act expeditiously to review any application for special local need or emergency pesticide registrations.

(d) The department shall give written notice to the Texas Natural Resource Conservation Commission whenever it has probable cause to believe that serious contamination of water has occurred as

providing for the tests.

a result of use, misuse, manufacture, storage, or disposal of pesticides so that the Texas Natural Resource Conservation Commission may proceed with an investigation of a possible violation of the Water Code.

(1) If the Texas Natural Resource Conservation Commission determines that a violation of the Water Code has occurred, the commission shall seek the remedies provided by the Water Code.

(2) If the department determines that a violation of the Agriculture Code has occurred regarding the use, manufacture, storage, or disposal of pesticides, the department shall seek the remedies provided by this code.

(3) The foregoing remedies shall not be mutually exclusive.

(e) The Texas Natural Resource Conservation Commission shall give written notice to the department whenever it has probable cause to believe that serious contamination of water has occurred as a result of the use, misuse, storage, disposal, or manufacture of pesticides so that the department may proceed with an investigation to determine if a violation of the Agriculture Code has occurred.

(1) If the department determines that a violation of the Agriculture Code has occurred, the department shall seek the remedies provided by this code.

(2) If the Texas Natural Resource Conservation Commission determines that a violation of the Water Code has occurred, the Texas Natural Resource Conservation Commission shall seek the remedies provided by the Water Code.

(3) The foregoing remedies shall not be mutually exclusive.

(f) The department shall consult with the Texas Department of Health before denying or canceling a pesticide registration because of a suspected public health threat. The department shall also coordinate enforcement efforts with the department of health when a serious public health threat is suspected.

(g) A regulatory agency may receive grants-in-aid from any federal agency and may enter into cooperative agreements with a federal agency, an agency of this state, a subdivision of this state, or an agency of another state for the purpose of obtaining assistance in the implementation of this chapter.

Sec. 76.008. EXEMPTION. Sections 76.007, 76.104-76.106, 76.108-76.117, 76.151(b), 76.151(c), 76.154(b), 76.155, 76.181, 76.182, 76.184, and 76.201(d)(1) do not apply to a person who is regulated by Chapter 1951, Occupations Code.

Sec. 76.009. PESTICIDE DISPOSAL FUND. (a) The pesticide disposal fund is a fund in the state treasury outside the general revenue fund. The fund consists of:

(1) money deposited to the credit of the fund under Section 76.044; and

(2) interest earned on the investment of money in the fund.

(b) The department shall administer the fund. Money in the fund may be appropriated only for the purposes of the pesticide waste and pesticide container collection activities performed under Section 76.132.

Added by Acts 2019, 86th Leg., R.S., Ch. 1025 (H.B. 191), Sec. 1, eff. September 1, 2019.

SUBCHAPTER B. LABELING

Sec. 76.021. LABELING INFORMATION. (a) Each pesticide distributed in this state shall bear a label containing the following information relating to the pesticide:

(1) the label information required by FIFRA, if the pesticide is subject to registration under that law; or

(2) the following information, if the pesticide is not subject to registration under FIFRA:

(A) the name, brand, or trademark under which the pesticide is distributed;

(B) the name and percentage of each active ingredient and the total percentage of inert ingredients;
(C) directions for use that are necessary for effecting the purpose for which the product is intended and, if complied with, are adequate for the protection of health and the environment;

(D) if the pesticide contains any form of arsenic, the percentage of total water-soluble arsenic, calculated as elementary arsenic;

(E) the name and address of the manufacturer, registrant, or person for whom the pesticide was manufactured;

(F) numbers or other symbols to identify the lot or batch of the manufacturer of the contents of the package; and

(G) a clear display of appropriate warnings, symbols, and cautionary statements commensurate with the toxicity or use classification of the pesticide.

(b) The label bearing the ingredient statement under Subsection (a)(2)(B) of this section shall be on or attached to that part of the immediate container that is presented or displayed under customary conditions of purchase and, if the ingredient statement cannot be clearly read without removing the outer wrapping, on any outer container or wrapper of a retail package.

Sec. 76.022. CONSPICUOUS LETTERING. Any word, statement, or information required by this chapter to appear on a label or in labeling of a pesticide or device registered by the department shall be prominently and conspicuously placed so that, if compared with other material on the label or in the labeling, it is likely to be understood by the ordinary individual under customary conditions of use.

Sec. 76.023. MISBRANDED PESTICIDE OR DEVICE. (a) A pesticide or device is misbranded if:

(1) it is subject to registration under FIFRA and it does
not fully comply with the labeling requirements of the United States Environmental Protection Agency; or

(2) it is not subject to registration under FIFRA and:

(A) its labeling bears a statement, design, or graphic representation relating to the pesticide or device, or the ingredients of either, that is false or misleading in any particular;

(B) it is an imitation of or is distributed under the name of another pesticide or device; or

(C) it is not conspicuously labeled in accordance with Section 76.022 of this code.

(b) A pesticide is misbranded if:

(1) its labeling bears any reference to registration under this chapter, unless the reference is required by a rule adopted under this chapter;

(2) it does not bear a label as required by Section 76.021 of this code; or

(3) its label does not bear information as required by Section 76.021 of this code or a rule adopted under this chapter.

SUBCHAPTER C. REGISTRATION

Sec. 76.041. REGISTRATION REQUIRED. (a) Except as provided by Subsection (b), (c), (d), or (e) of this section, before a pesticide is distributed in this state or is delivered for transportation or is transported in intrastate commerce or between points within this state through a point outside the state, it must be registered with the department. The manufacturer or other person whose name appears on the label of the pesticide shall register the pesticide.

(b) Registration is not required for the transportation of a pesticide from one plant or warehouse to another plant or warehouse operated by the same person if the pesticide is used solely at the second plant or warehouse as a constituent of a pesticide that is registered under this chapter.

(c) Registration is not required for a pesticide that is not for use in this state and is being manufactured, transported, or distributed for use only outside of this state.
(d) Registration is not required for a chemical compound being used only to develop plot data as to the possible pesticidal action of the chemical.

(e) Unless otherwise required by department rule, registration is not required for a pesticide that is exempt from registration with the United States Environmental Protection Agency under federal law.

(f) The Texas Feed and Fertilizer Control Service may not register under Chapter 63 a fertilizer that contains a pesticide that must be registered with the department under this chapter unless the constituent pesticide is first registered with the department. The Texas Feed and Fertilizer Control Service shall consult with the department about the current registration status of a pesticide before registering any fertilizer mix containing that pesticide under Chapter 63. The department shall notify the Texas Feed and Fertilizer Control Service of any changes to a pesticide registration.

(g) A pesticide that has been registered with the department must continue to be registered as long as the pesticide remains in the channels of trade in this state. The registrant shall ensure that the pesticide continues to be registered.

(h) If the department issues a stop use, stop distribution, or removal order because the pesticide is not registered with the department, the registrant shall take any necessary action to remedy the situation, including reimbursing a person who is subject to the order for the person's costs in complying with the order.

Sec. 76.042. CONTENT OF REGISTRATION APPLICATION. (a) The application for registration of a pesticide shall include:

(1) the name and address of the applicant and the name and address of the person whose name will appear on the pesticide label, if not the applicant's;

(2) the name of the pesticide;

(3) a complete copy of all labeling to accompany the pesticide and a statement of all claims to be made for it, including the directions for use and, if the pesticide is required to be
registered with the United States Environmental Protection Agency, a copy of the Environmental Protection Agency stamped accepted labeling and any applicable comment pages;

(4) the use classification, whether for restricted or general use, as provided by the federal Insecticide, Fungicide, and Rodenticide Act, as amended, or by a rule adopted under that Act;

(5) the use classification proposed by the applicant, if the pesticide is not required by federal law to be registered under a use classification; and

(6) other information required by the department for determining the eligibility for registration.

(b) The department may require the applicant to submit the complete formula for a pesticide, including active and inert ingredients, as a prerequisite to registration.

(c) The department may require a full description of the tests made and the results of the tests on which claims are based before approving registration of a pesticide that is not registered under federal law or for which federal or state restrictions on use are being considered.

(d) A person located outside this state, as a condition to registration of a pesticide, shall file with the department a written instrument designating a resident agent for service of process in actions taken in the administration and enforcement of this chapter. Instead of designating a resident agent, the person may designate in writing the secretary of state as the recipient of service of process for the person in this state.

Sec. 76.043. EXPIRATION AND RENEWAL. (a) Registration of a pesticide expires on the second anniversary of the date of its approval or renewal except that the department shall by rule adopt a system under which registrations expire on various dates during the year.

(b) A person who applies for renewal of registration shall include in the renewal application only information that is different from the information furnished at the time of the most recent
registration or renewal.

(c) A registration in effect on its expiration date for which a renewal application has been filed and renewal fee has been paid continues in effect until the department notifies the applicant that the registration has been renewed or denied renewal.

Sec. 76.044. FEES. (a) The department shall charge a fee, as provided by department rule, for each pesticide to be registered. The fee must be submitted with an application for registration or renewal of registration.

(b) A person who fails to apply for renewal of registration on or before the expiration date of the registration must pay, in addition to the renewal fee, the late fee provided by Section 12.024 of this code for each brand to be renewed.

(c) Of the money received by the department under this section, the department shall annually deposit to the credit of the pesticide disposal fund under Section 76.009 an amount to cover the cost of administering the pesticide waste and pesticide container collection activities performed under Section 76.132, not to exceed $400,000. The department may not increase the amount of a fee under this section for purposes of this subsection or Section 76.132.

Acts 2019, 86th Leg., R.S., Ch. 1025 (H.B. 191), Sec. 2, eff. September 1, 2019.

Sec. 76.045. REGISTRATION FOR SPECIAL LOCAL NEED. (a) The department may register a pesticide for additional uses and methods of application not covered by federal registration but not
inconsistent with federal law, for the purpose of meeting a special local need.

(b) Before approving a registration under this section, the department shall determine that the applicant meets the other requirements of this subchapter.

Sec. 76.046. DENIAL OR CANCELLATION OF REGISTRATION. (a) If the department has reason to believe that any use of a registered pesticide is in violation of a provision of this chapter or is dangerous or harmful, the department shall determine whether a hearing shall be held under Section 12.032 on denial or cancellation of registration.

(b) The department shall issue written notice of a hearing under this section to the registrant of the pesticide. The notice must contain a statement of the time and place of the hearing. The hearing shall be held after the 10th day following the day on which the notice is issued.

(c) After opportunity at the hearing for presentation of evidence by interested parties, the department may deny or cancel the registration of the pesticide if the department finds that:

(1) use of the pesticide has demonstrated uncontrollable adverse environmental effects;

(2) use of the pesticide is a detriment to the environment that outweighs the benefits derived from its use;

(3) even if properly used, the pesticide is detrimental to vegetation, except weeds, to domestic animals, or to public health and safety;

(4) a false or misleading statement about the pesticide has been made or implied by the registrant or the registrant's agent, in writing, verbally, or through any form of advertising literature; or

(5) the registrant has not complied or the pesticide does not comply with a requirement of this chapter or a rule adopted under this chapter.

Acts 1981, 67th Leg., p. 1194, ch. 388, Sec. 1, eff. Sept. 1, 1981. Amended by Acts 1995, 74th Leg., ch. 419, Sec. 3.13, eff. Sept. 1,
Sec. 76.047. EXPERIMENTAL USE PERMIT. (a) The department may issue an experimental use permit if the department determines that the applicant needs the permit in order to accumulate data necessary to register a pesticide under this chapter.

(b) A person may file an application for an experimental use permit before or after applying for registration.

(c) Use of a pesticide under an experimental use permit is under the supervision of the department and is subject to the terms and conditions, and valid for a period of time, prescribed by the department in the permit.

(d) The department may charge a fee for issuing a permit under this section in an amount equal to the amount charged for registration under Section 76.044(a).

(e) The department may revoke an experimental use permit at any time if the department finds that:

(1) the terms or conditions of the permit are being violated; or

(2) the terms and conditions of the permit are inadequate to avoid any unreasonable risk to man or the environment, taking into account the economic, social, and environmental costs and benefits of use of the pesticide.

SUBCHAPTER D. LICENSING OF DEALERS

Sec. 76.071. LICENSE REQUIRED. (a) A person may not distribute in this state a restricted-use or state-limited-use pesticide or regulated herbicide without a valid current pesticide dealer license issued by the department.

(b) Except as otherwise provided by this section, a pesticide dealer must obtain a license for each location in the state that is used for distribution. If the person does not have a place of business in this state, the person may obtain one license for all
out-of-state locations, but shall file as a condition to licensing a designation of an agent for service of process as provided by Section 76.042(d) of this code.

(c) A person must apply for a pesticide dealer license on forms prescribed by the department.

(d) A pesticide dealer may not distribute a restricted-use or state-limited-use pesticide or a regulated herbicide except to:

(1) a person licensed as a commercial applicator, noncommercial applicator, or private applicator;

(2) an individual working under the direct supervision of a licensed applicator;

(3) a certified private applicator;

(4) a licensed pesticide dealer; or

(5) a person who is licensed to practice veterinary medicine by the State Board of Veterinary Medical Examiners.

Sec. 76.072. EXPIRATION. A pesticide dealer license expires on the second anniversary of the date of its granting or renewal unless the department by rule adopts a system under which licenses expire on specified dates during a year.

Sec. 76.073. FEES. (a) An application for a pesticide dealer license must be accompanied by a registration fee, as fixed by the department.

(b) A person who fails to apply for renewal of a pesticide dealer license on or before the expiration date of the license must pay, in addition to the renewal fee, the late fee provided by Section 12.024 of this code.

Acts 1981, 67th Leg., p. 1195, ch. 388, Sec. 1, eff. Sept. 1, 1981. Amended by Acts 1989, 71st Leg., ch. 230, Sec. 84, eff. Sept. 1,
Sec. 76.074. DISPLAY OF DEALER LICENSE. (a) Each dealer shall prominently display the pesticide dealer license in the dealer's place of business.

(b) Failure to display a license as required by this section is a ground for revocation of the license.

Sec. 76.075. RECORDS. (a) A person required to obtain a dealer's license by Section 76.071 shall record each distribution of a restricted-use or state-limited-use pesticide or regulated herbicide and shall maintain a copy of the record for at least two years after the date of the distribution.

(b) The department shall adopt rules that prescribe the information to be stated in the records required by this section.

(c) The department may require that a copy of the records required by this section be submitted periodically to the department.

(d) The department may revoke a dealer's license if the licensee fails to submit a copy of a record as required under Subsection (c) or makes false or fraudulent records, invoices, or reports.

Sec. 76.076. DENIAL, REVOCATION, MODIFICATION, OR SUSPENSION OF LICENSE. (a) The department may deny an application for a dealer's license if the applicant fails to comply with this chapter. The department may revoke, modify, or suspend a license, assess an administrative penalty, place on probation a person whose license has been suspended, or reprimand a licensee for a violation of this chapter or a rule adopted by the department under this chapter.
(b) If a license suspension is probated, the department may require the person to:

(1) report regularly to the department on matters that are the basis of the probation; or

(2) limit business to the areas prescribed by the department.

(c) If the department proposes to deny a person's application for a pesticide dealer license or to revoke, modify, or suspend a person's license, the person is entitled to a hearing conducted under Section 12.032. The decision of the department is appealable in the same manner as provided for contested cases under Chapter 2001, Government Code.

Sec. 76.077. EXCEPTIONS. (a) This subchapter does not apply to a manufacturer or formulator of a pesticide who does not sell directly to the user.

(b) This subchapter does not apply to a licensed pesticide applicator who:

(1) distributes restricted-use or state-limited-use pesticides or regulated herbicides only as an integral part of the pesticide application business; and

(2) dispenses the pesticides only through equipment used in the pesticide application business.

(c) This subchapter does not apply to a federal, state, county, or municipal agency that provides pesticides only for its own programs.

SUBCHAPTER E. USE AND APPLICATION

Sec. 76.101. COORDINATION. (a) The department is the lead
agency in the regulation of pesticide use and application and is responsible for coordinating activities of state agencies, except as provided by Section 76.007(b) of this code and by Chapter 26 of the Water Code. The department shall submit a state plan for the licensing of pesticide applicators to the administrator of the Environmental Protection Agency.

(b) The department shall coordinate, plan, and approve training programs and shall use the public and private resources of this state, including state universities, colleges, junior colleges, community colleges, the Texas Agricultural Extension Service, and the Texas Agricultural Experiment Station. The department and the Texas Agricultural Extension Service shall adopt a memorandum of understanding to jointly coordinate, plan, and approve the training programs for private applicators.

(c) The department shall make plans under this section on the basis of convenience to applicants, thoroughness of preparation and testing, and maximum economy in expenditures for this purpose. The department shall make full use of grants-in-aid and cooperative agreements in administering this subchapter.

(d)(1) Except as otherwise provided by this subsection, no city, town, county, or other political subdivision of this state shall adopt any ordinance, rule, or regulation regarding pesticide sale or use.

(2) Nothing in this subsection shall be construed to limit the authority of a city, town, or county to:

(A) encourage locally approved and provided educational material concerning a pesticide;

(B) zone for the sale or storage of such products;

(C) adopt fire or building regulations as preventative measures to protect the public and emergency services personnel from an accident or emergency involving such products, including regulations governing the storage of such products or governing fumigation and thermal insecticidal fogging operations;

(D) provide or designate sites for the disposal of such products;

(E) route hazardous materials; or

(F) regulate discharge to sanitary sewer systems.

(3) This subsection shall not prevent a city, town, county, or any political subdivision from complying with any federal or state law or regulation. This subsection shall not prevent a city, town,
county, or any political subdivision from attaining or maintaining compliance with federal or state environmental standards including Texas water quality standards. A city, town, county, or other political subdivision may take any action otherwise prohibited by this subsection in order to comply with any federal requirements, to avoid any federal or state penalties or fines, or to attain or maintain federal or state environmental standards including Texas water quality standards.

Sec. 76.102. AGENCIES RESPONSIBLE FOR LICENSING PESTICIDE APPLICATORS. The department shall license pesticide applicators involved in the following license use categories:

(1) agricultural pest control, including animal pest control;
(2) forest pest control;
(3) ornamental and turf pest control, except as provided by Chapter 1951, Occupations Code;
(4) seed treatments;
(5) right-of-way pest control;
(6) regulatory pest control;
(7) aquatic pest control;
(8) demonstration pest control;
(9) health-related pest control; and
(10) other license use categories as necessary to comply with federal requirements. The department may not adopt license use categories that are designated by statute for regulation by another agency.

Acts 2009, 81st Leg., R.S., Ch. 1278 (H.B. 1530), Sec. 1, eff.
Sec. 76.103. PROGRAM CONTINGENT ON FEDERAL FUNDS. (a) The licensing of commercial applicators, noncommercial applicators, and private applicators is contingent on the availability of federal funds to pay part of the costs of administering and enforcing the program.

(b) If federal funds and other funds made available for this program are not sufficient to pay all costs of administering and enforcing the program, the department shall certify that fact and discontinue the licensing of commercial applicators, noncommercial applicators, and private applicators. The department shall publish notice of the discontinuance of the program in the Texas Register.

(c) If sufficient funds become available after discontinuance, the department shall certify the availability of sufficient funds to pay all costs of administration and enforcement of the program and shall resume the licensing of commercial applicators, noncommercial applicators, and private applicators. The department shall publish notice of resumption of the program in the Texas Register.

(d) The department shall determine the effective date of discontinuance or resumption of the program, but the date may not be before the date of publication of notice in the Texas Register.

(e) During any period in which the program has been discontinued, a person is not required to have a license provided by this subchapter in order to use pesticides, but a person may be prosecuted for acts committed or omitted when the program was in effect.

Sec. 76.104. AGENCY RULES FOR APPLICATION OF A PESTICIDE. (a) The head of each regulatory agency may, after notice and public hearing, adopt rules to carry out the provisions of this subchapter for which the agency is responsible.

(b) Rules adopted under this section may:
(1) prescribe methods to be used in the application of a restricted-use or state-limited-use pesticide or regulated herbicide;

(2) relate to the time, place, manner, method, amount, or concentration of pesticide application or to the materials used in pesticide application; and

(3) restrict or prohibit use of a restricted-use or state-limited-use pesticide or regulated herbicide in designated areas during specific periods of time.

(c) A regulatory agency may adopt a rule under this section only after consideration of precautions or restrictions necessary to prevent unreasonable risk to man or the environment, taking into account the economic, social, and environmental costs and benefits of the use of the pesticide.

(d) The department shall adopt worker protection standards for pesticides if there is no federal worker protection standard. The department may adopt other rules for the protection of the health, safety, and welfare of farm workers and pesticide handlers.

Sec. 76.105. LICENSE REQUIRED. (a) Except as provided by Section 76.003(e), a person may not purchase or use a restricted-use or state-limited-use pesticide or regulated herbicide unless the person is:

(1) licensed as a commercial applicator, noncommercial applicator, or private applicator and authorized by the license to purchase or use the restricted-use or state-limited-use pesticide or regulated herbicide in the license use categories covering the proposed pesticide use;

(2) an individual acting under the direct supervision of a licensed applicator, except as provided by Subsection (b) of this section and by Sections 76.003(e) and 76.116(f); or

(3) a certified private applicator as defined in Section 76.112(j) of this code.

(b) An individual is under the direct supervision of a licensed applicator if the individual is acting under the instructions and control of a licensed applicator who is responsible for the actions
of the individual and who is available if and when needed. A licensed applicator may not supervise an applicator whose license or certificate is under suspension or revocation. The licensed applicator is not required to be physically present at the time and place of the pesticide application unless the label of the applied pesticide states that the presence of the licensed applicator is required.

(c) A licensed applicator is responsible for assuring that the person working under the licensee's direct supervision is knowledgeable of the label requirements and rules and regulations governing the use of pesticides. A licensed applicator satisfies the requirements of this subsection if the person working under the licensee's direct supervision has been trained as a handler under the federal worker protection standard.

(d) A person who is authorized under this chapter to use restricted-use or state-limited-use pesticides or regulated herbicides shall comply with all applicable federal and state rules, regulations, and court orders regarding the use of restricted-use or state-limited-use pesticides or regulated herbicides.

(e) Except as provided by Section 76.003(e), a person may not purchase a restricted-use or state-limited-use pesticide or regulated herbicide unless the person is a licensed or a certified applicator or authorized by a licensed or certified applicator to purchase or take delivery for the applicator.

(f) The other provisions of this section notwithstanding, the department may adopt rules or establish programs that the U.S. Environmental Protection Agency or another federal agency requires as a condition for receiving:

(1) approval to authorize use of certain restricted-use or state-limited-use pesticides or regulated herbicides;

(2) federal funding for licensing or certification of pesticide applicators;

(3) federal funding for pesticide law enforcement efforts;

or

(4) other federal funding related to pesticide risk reduction.

(g) The other provisions of this chapter notwithstanding, if the U.S. Environmental Protection Agency or another federal agency imposes on the state standards for certification of commercial, noncommercial, or private pesticide applicators, the department may
adopt by rule the federal standards for each classification of applicators for which the federal standards are imposed.

Sec. 76.106. CLASSIFICATION OF LICENSES. (a) The head of each regulatory agency may classify commercial applicator and noncommercial applicator licenses under subcategories of license use categories according to the subject, method, or place of pesticide application.

(b) A regulatory agency head shall establish separate testing requirements for licensing in each license use category for which the agency is responsible and may establish separate testing requirements for licensing in subcategories within a license use category.

(c) Each regulatory agency may charge a testing fee, as fixed by the head of the regulatory agency, for testing in each license use category.

Sec. 76.107. LICENSING BY MORE THAN ONE AGENCY. (a) A person who wants to be licensed as a pesticide applicator under license use categories regulated by more than one regulatory agency may do so by paying a single license fee to the agency regulating the person's primary business and meeting licensing requirements for each category for which the person desires licensing.

(b) A person licensed under this section must pay testing fees required by each regulatory agency.

Acts 1981, 67th Leg., p. 1198, ch. 388, Sec. 1, eff. Sept. 1, 1981. Amended by Acts 1989, 71st Leg., ch. 230, Sec. 91, eff. Sept. 1,
Sec. 76.108. COMMERCIAL APPLICATOR LICENSE. (a) A person who operates a business or is an employee of a business that applies state-limited-use or restricted-use pesticides or regulated herbicides to the land of another person for hire or compensation and who is required to be licensed by Section 76.105 of this code shall apply to the appropriate regulatory agency for a commercial applicator license issued for the license use categories and subcategories in which the pesticide application is to be made.

(b) A person shall apply for an original or renewal commercial applicator license on forms prescribed by the regulatory agency. The application shall include information as required by rule of the head of the agency and must be accompanied by an annual license fee, as fixed by the head of the agency.

(c) The head of a regulatory agency may not issue an original commercial applicator license before the applicant has passed an examination under Section 76.110 of this code.

(d) The head of a regulatory agency may not issue a commercial applicator license if it has been determined that:

1. the applicant has been convicted of a felony involving moral turpitude in the last five years;
2. the applicant has had a license issued under this subchapter revoked within the last two years;
3. the applicant has been unable to satisfactorily fulfill licensing requirements; or
4. the applicant for any other reason cannot be expected to be able to fulfill the provisions of this subchapter applicable to the license use category for which application is made.

(e) An individual to whom a commercial applicator license is issued is authorized to purchase, use, and supervise the use of restricted-use and state-limited-use pesticides or regulated herbicides in the license use categories and subcategories in which the individual is licensed.

(f) As a condition to issuance of a commercial applicator license, an applicant located outside this state shall file with the regulatory agency a written instrument designating a resident agent for service of process in actions taken in the administration and enforcement of this chapter. Instead of designating a resident...
agent, the applicant may designate in writing the secretary of state as the recipient of service of process for the applicant in this state.

Sec. 76.109. NONCOMMERCIAL APPLICATOR LICENSE. (a) A person who is required to be licensed under Section 76.105 of this code but who does not qualify as a commercial applicator or a private applicator shall apply to the appropriate regulatory agency for a noncommercial applicator license issued for the license use categories and subcategories in which the pesticide application is to be made.

(b) A person shall apply for an original or renewal noncommercial applicator license on forms prescribed by the regulatory agency. The applicant shall include with the application an annual license fee, as fixed by the governing body of or the head of the regulatory agency. The governing body of or the head of the regulatory agency may set other fees as necessary to defray the costs of administering a pesticide applicator certification program.

(c) The head of a regulatory agency may not issue an original noncommercial applicator license before the applicant has passed an examination under Section 76.110 of this code.

(d) An individual to whom a noncommercial applicator license is issued by the department is authorized to purchase, use, and supervise the use of restricted-use and state-limited-use pesticides or regulated herbicides in the license use categories and subcategories in which the individual is licensed.

(e) If a license is issued in the name of a governmental entity, the entity must have a licensed applicator employed at all times. Failure to have a licensed applicator employed is a ground for revocation of a governmental entity noncommercial applicator license.

(f) As a condition to issuance of a noncommercial applicator
license, an applicant located outside this state shall file with the regulatory agency a written instrument designating a resident agent for service of process in actions taken in the administration and enforcement of this chapter. Instead of designating a resident agent, the applicant may designate in writing the secretary of state as the recipient of service of process for the applicant in this state.

(g) An individual to whom a noncommercial applicator license is issued by the Texas Department of Health is authorized to use and supervise the use of general-use, restricted-use, and state-limited-use pesticides in the license use categories and subcategories in which the individual is licensed.

(h) Neither this section nor any other law shall prohibit a political subdivision from reducing the number of hours of training or other requirements for an employee conducting larval mosquito control on property owned or controlled by the political subdivision using biological pesticides approved for general use by the Texas Department of Health, provided the employee is given instructions adequate to ensure the safe and effective use of such pesticides.

Sec. 76.1095. NONCOMMERCIAL APPLICATOR LICENSE FOR MOSQUITO CONTROL IN BORDER COUNTIES. (a) The department by rule shall provide for the issuance of a noncommercial applicator license that authorizes a person to purchase and use restricted-use and state-limited-use pesticides for the limited purpose of mosquito control in a county located along the international border with Mexico. To the extent practicable, the department shall minimize the fees and other requirements to obtain the license.

(b) A person may apply to the department for an original or renewal noncommercial applicator license described by Subsection (a).
A person must apply on forms prescribed by the department and include a fee in an amount determined by the department.

(c) The department shall issue a noncommercial applicator license described by Subsection (a) to an applicant who meets the license requirements provided by department rule.

(d) The department may solicit and accept gifts, grants, and donations to implement and administer this section. The department shall coordinate with appropriate federal agencies, state agencies, nonprofit organizations, public and private hospitals, institutions of higher education, and private entities in identifying and soliciting funding to implement and administer this section.

Added by Acts 2019, 86th Leg., R.S., Ch. 398 (S.B. 1312), Sec. 1, eff. June 2, 2019.

Sec. 76.110. COMMERCIAL AND NONCOMMERCIAL APPLICATOR EXAMINATION; RECIPROCAL AGREEMENTS. (a) Each person applying for a license as a commercial applicator or a noncommercial applicator must pass an examination demonstrating that the person:

(1) is properly qualified to perform functions associated with pesticide application to a degree directly related to the nature of the activity and the associated responsibility; and

(2) has knowledge of the use and effects of restricted-use and state-limited-use pesticides or regulated herbicides in the license use categories and subcategories in which the person is to be licensed.

(b) Not later than the 30th day after the date on which a licensing examination is administered under this section, the appropriate regulatory agency shall notify each examinee of the results of the examination. However, if an examination is graded or reviewed by a national testing service, the appropriate regulatory agency shall notify examinees of the results of the examination not later than the 14th day after the date on which the appropriate regulatory agency receives the results from the testing service. If the notice of examination results graded or reviewed by a national testing service will be delayed for longer than 90 days after the examination date, the appropriate regulatory agency shall notify the examinee of the reason for the delay before the 90th day. The appropriate regulatory agency may require a testing service to notify
examinees of the results of an examination.

(c) If requested in writing by the person who fails a licensing examination administered under this section, the appropriate regulatory agency shall furnish the person with an analysis of the person's performance on the examination.

(d) The appropriate regulatory agency may waive any prerequisite to obtaining a license for an applicant after reviewing the applicant's credentials and determining that the applicant holds a valid license from another state that has license requirements substantially equivalent to those of this state.

Sec. 76.111. APPLICATOR BUSINESSES; PROOF OF FINANCIAL RESPONSIBILITY. (a) In this section:

(1) "Applicator business" means a person who applies a state-limited-use or restricted-use pesticide or regulated herbicide to the land of another for compensation and who:

(A) is a licensed commercial applicator; or

(B) employs at least one licensed commercial applicator.

(2) "M-44 device" means a nonexplosive, spring-operated mechanical device designed to deliver a capsule of sodium cyanide into the mouth of the target animal as a method of livestock predation control.

(b) This section does not apply to an employee or agent of an applicator business.

(c) Except as otherwise provided by this section, each applicator business shall file with the regulatory agency issuing the license a liability insurance policy, certification of a policy, or other proof of financial responsibility considered acceptable by the department protecting persons who may suffer damages as a result of the operations of the applicator business, its employees, and its agents.

(d) The proof of financial responsibility required by this section is not required to apply to damages or injury to agricultural
crops, plants, or land being worked on by the applicator business, its employees, or its agents.

(e) Except as otherwise provided by this section, the amount of the proof of financial responsibility may not be less than $100,000 for each occurrence for property damage and may not be less than $100,000 for each occurrence for bodily injury or a general aggregate at a minimum of $200,000 for each occurrence. The head of a regulatory agency by rule may require different amounts of coverage for different classifications of operations under this chapter. Each commercial M-44 applicator license applicant must provide proof of financial responsibility acceptable to the department for bodily injury and property damage coverage insuring the applicator against liability for damage to persons or property occurring as a result of operations performed in the course of the application to premises or any other property under the applicator's care, custody, or control. The department will strive to set minimum acceptable coverage at an amount that is economically feasible to applicants. The coverage must at all times be maintained at not less than the amount set by the agency head or the Texas Department of Insurance.

(f) The head of a regulatory agency may accept a liability insurance policy in the proper sum which has a deductible clause in an amount of not more than $1,000 for the total amount of the liability insurance policy required by this section. If the applicator business has not satisfied the requirement of the deductible amount in any prior legal claim, an agency head may not accept a policy with a deductible clause unless the applicator business furnishes the agency with a surety bond that satisfies the amount of the deductible clause as to all claims that may arise as a result of the operation of the applicator business.

(g) An applicator business shall cease state-limited-use or restricted-use pesticide or regulated herbicide application operations during a period in which the applicator business is unable to provide adequate proof of financial responsibility under Subsection (e).

Sec. 76.112. PRIVATE APPLICATOR. (a) A person is a private applicator if the person uses or supervises the use of a restricted-use or state-limited-use pesticide or regulated herbicide for the purpose of producing an agricultural commodity:

(1) on property owned or rented by the person or the person's employer or under the person's general control; or

(2) on the property of another person if applied without compensation other than the trading of personal services, or services related to agricultural production, including the use of equipment, between producers of agricultural commodities.

(b) A private applicator is required to be either licensed or certified to use restricted-use or state-limited-use pesticides or regulated herbicides.

(c) An employee qualifies as a private applicator under Subsection (a)(1) of this section only if he is employed to perform other duties related to agricultural production and provide labor for the pesticide application but does not provide the necessary equipment or pesticide.

(d) A private applicator who is required to be licensed by Section 76.105 of this code shall apply to the department for a private applicator license.

(e) A person shall apply for an original or renewal private applicator license on forms prescribed by the department. The application shall include information as required by department rule and must be accompanied by a fee, as fixed by the department.

(f) The department may not issue an original private applicator license before the applicant has attended a training course conducted by the Texas Agricultural Extension Service or another training course approved by the department. The department shall approve appropriate training courses developed under the coordination of the Texas Agricultural Extension Service and to be conducted by other governmental agencies or nongovernmental entities. The training course shall cover the use, effects, and risks of restricted-use and state-limited-use pesticides or regulated herbicides.

(g) The department may not issue a private applicator license if the applicant has had a license issued under this subchapter...
(h) An individual to whom a private applicator license is revoked within the last two years.

(i) As a condition to issuance of a private applicator license, an applicant located outside this state shall file with the department a written instrument designating a resident agent for service of process in actions taken in administration and enforcement of this chapter. Instead of designating a resident agent, the applicant may designate in writing the secretary of state as the recipient of service of process for the applicant in this state.

(j) For purposes of this chapter, a certified private applicator is a private applicator who has been previously certified under the department's voluntary certification program and who holds a private applicator certificate dated prior to January 10, 1989. A certified private applicator is authorized to use restricted-use and state-limited-use pesticides or regulated herbicides in all license use categories and subcategories for the purpose of producing an agricultural commodity on property described by Subsection (a)(1) or (a)(2) of this section. A certified private applicator may not supervise the use of restricted-use and state-limited-use pesticides or regulated herbicides.

Sec. 76.113. TERM AND RENEWAL OF LICENSES. (a) Each pesticide applicator license issued under this chapter, other than a private applicator license, expires at the end of the license period established by department rule.

(b) Each private applicator license is valid for five years.

(c) Except as provided by Subsection (d) of this section, a person having a valid license issued under this subchapter may renew
the license for another term without retesting by paying to the regulatory agency the license fee required by this subchapter. A person who fails to apply for renewal of a license on or before the expiration date must pay, in addition to the annual license fee, the late fee provided by Section 12.024 of this code.

(d) A licensee must undertake training, submit to retesting, or both, before renewal of a license if the head of the agency determines that additional knowledge is required for renewal.

Sec. 76.114. RECORDS. (a) A regulatory agency shall require each commercial and noncommercial applicator licensee to maintain records of all pesticide applications. The department may require each commercial or noncommercial applicator licensee to keep records of the licensee's application of a specific restricted-use or state-limited-use pesticide or regulated herbicide and may require those records to be kept separate from other business records. The regulatory agency by rule shall prescribe the information to be entered into the records.

(b) Each private applicator shall maintain records of regulated herbicide and state-limited-use pesticide applications and shall maintain those records of restricted-use pesticide applications required by federal law.

(c) A licensee shall keep records required under this section for a period of two years from the date of the pesticide application. The licensee shall keep these records accessible and available for copying and shall store them in a location suitable to preserve their physical integrity.
(d) On written request of the regulatory agency, a licensee shall furnish the department a copy of any requested record pertaining to the application of pesticides. The department may require all persons who apply a regulated herbicide to submit periodically to the department a copy of the records required by this section.

Sec. 76.115. INSPECTION OF EQUIPMENT. (a) Each regulatory agency may inspect equipment used in the application of a restricted-use or state-limited-use pesticide.

(b) A regulatory agency may require repairs or alterations of equipment before further use in the application of restricted-use or state-limited-use pesticides.

(c) The department by rule may:

(1) provide requirements for and inspect equipment used to apply regulated herbicides; and

(2) regulate or prohibit the use of certain equipment in the application of regulated herbicides if that use would be hazardous in an area of the state.

(d) Each piece of registered equipment shall be identified by a license plate or decal furnished by a regulatory agency at no cost to the licensee. The license plate or decal must be attached to the equipment in a manner and location prescribed by the regulatory agency.

Sec. 76.116. SUSPENSION, MODIFICATION, OR REVOCATION OF LICENSE. (a) The head of a regulatory agency that licensed or certified an applicator may suspend, modify, or revoke a license or certificate, assess an administrative penalty, place on probation a person whose license or certificate has been suspended, reprimand a licensee or certificate holder, or take a combination of those
actions if the head of the agency finds that the licensee or certificate holder has:

(1) made a pesticide recommendation or application inconsistent with the pesticide's labeling or with the restrictions on the use of the pesticide imposed by the state or the Environmental Protection Agency;

(2) operated in a faulty, careless, or negligent manner;

(3) refused, or after notice, failed to comply with an applicable provision of this chapter, a rule adopted under this chapter, or a lawful order of the head of a regulatory agency by which the licensee is licensed;

(4) refused or neglected to keep and maintain the records required by this chapter or to make reports when and as required by this chapter;

(5) failed to maintain financial responsibility as required by this chapter;

(6) made false or fraudulent records, invoices, or reports;

(7) used fraud or misrepresentation in making an application for a license or renewal of a license; or

(8) aided or abetted a certified, licensed, or an unlicensed person to evade the provisions of this chapter, conspired with a certified, licensed, or an unlicensed person to evade the provisions of this chapter, or allowed the licensee's license or the certificate holder's certificate to be used by another person.

(b) A regulatory agency may temporarily suspend a license or certificate under this section for not more than 10 days after giving the licensee or certificate holder written notice of noncompliance.

(c) If a license or certificate suspension is probated, the regulatory agency may require the person to:

(1) report regularly to the agency on matters that are the basis of the probation;

(2) limit practice to the areas prescribed by the agency; or

(3) continue or renew professional education until the person attains a degree of skill satisfactory to the agency in those areas that are the basis of the probation.

(d) Except for a temporary suspension under Subsection (b) of this section, if the regulatory agency, except for the department, proposes to not renew, suspend, modify, or revoke a person's license or certificate, the person is entitled to a hearing before a hearings
officer designated by the agency. The agency shall prescribe procedures by which all decisions to not renew, suspend, modify, or revoke are appealable to the governing officer or board of the agency.

(e) Except for a temporary suspension under Subsection (b) of this section, if the department proposes to not renew, suspend, modify, or revoke a person's license or certificate, the person is entitled to a hearing conducted as provided under Section 12.032. The decision of the department is appealable in the same manner as provided for contested cases under Chapter 2001, Government Code.

(f) An applicator whose license or certificate is under suspension or revocation by a regulatory agency may not apply restricted-use or state-limited-use pesticides or regulated herbicides under the direct supervision of another licensed applicator during that period of suspension or revocation.

Sec. 76.117. PROPERTY OWNER USE. This chapter does not prohibit a property owner from using in the property owner's house, lawn, or garden a pesticide that is labeled for that use, other than a pesticide that may be registered or classified for use only by certified applicators.

Sec. 76.118. EXEMPTION FOR LICENSED VETERINARIANS. The other provisions of this chapter notwithstanding, a person who is licensed to practice veterinary medicine by the State Board of Veterinary Medical Examiners and who is only using a restricted-use or state-limited-use pesticide or a regulated herbicide as a drug or medication during the course of the veterinarian's normal practice or as a private applicator may not be required to obtain a license under this chapter to purchase or use the restricted-use or state-limited-
use pesticide or regulated herbicide.

Sec. 76.119. DISCLOSURE OF INFORMATION RELATING TO PRIVATE PESTICIDE APPLICATOR LICENSE HOLDERS. (a) In this section, "predator control device" means a device that incorporates an active ingredient and is used for the control of livestock predators.

(b) Except as provided by Subsection (c), a governmental entity in this state may not disclose:

(1) the name, address, or telephone number of a person who holds a private pesticide applicator license issued under this subchapter and is authorized to use a predator control device if disclosure of the person's name, address, or telephone number would reveal that the person:

      (A) is authorized to use a predator control device;
      (B) has used a predator control device; or
      (C) has the intent to use a predator control device;

(2) the name, address, or telephone number of the owner or operator of land on which a predator control device has been used, is being used, or is intended to be used, if disclosure of the information would reveal that use or intended use; or

(3) information identifying the land on which a predator control device has been used, is being used, or is intended to be used, if disclosure of the information would reveal the name, address, or telephone number of the owner or operator of the land.

(c) A governmental entity may disclose to the following the name, address, or telephone number of a person who holds a private pesticide applicator license issued under this subchapter, who is authorized to use a predator control device, and who either has used a predator control device or has the intent to use a predator control device:

governing the storage and disposal of pesticides and pesticide containers for the purpose of:

1. preventing injury from storage or disposal to man, vegetation, crops, or animals; and

(b) A person may not store or dispose of a pesticide in violation of a rule adopted by the department under this section.

(c) Applicators and other entities covered by this chapter who normally store products listed under the FIFRA in an amount that exceeds 55 gallons, 500 pounds, or a lesser amount the department determines by rule for certain highly toxic or dangerous chemicals covered by this chapter, within one-quarter mile of a residential area composed of three or more private dwellings for more than 72 hours, shall provide to the fire chief of the fire department having jurisdiction over the storage place, in writing, the name and telephone number of the applicator or a knowledgeable representative of the applicator or other entity storing the product who can be contacted for further information or contacted in case of emergency.

SUBCHAPTER G. HERBICIDES

Sec. 76.141. REGULATED HERBICIDES. (a) After a public hearing on the issue, and in accordance with Subsection (b), the department by rule may adopt a list of regulated herbicides for the state or for one or more designated areas in the state.

(b) The department may include a herbicide on the list of regulated herbicides if the department determines that, if used as directed or in accordance with widespread and commonly recognized practice, the herbicide requires additional restrictions to prevent a hazard to desirable vegetation caused by drift or an uncontrolled application.

(c) A person may not distribute a regulated herbicide unless the person holds a dealer's license issued by the department.

Added by Acts 1997, 75th Leg., ch. 1369, Sec. 1, eff. Sept. 1, 1997.

Sec. 76.142. APPLICATION OF REGULATED HERBICIDE. (a) If a person applies a regulated herbicide, the person shall act in accordance with each applicable rule adopted by the department,
including a rule adopted under this subchapter.

(b) If a regulated herbicide is applied by a commercial applicator, the person in control of the crop or land to which the regulated herbicide is applied and the commercial applicator are jointly responsible for ensuring that the application is in compliance with this chapter and each applicable rule adopted by the department.

(c) If the department finds that an application of a regulated herbicide is hazardous to crops or valuable plants in an area, the department may prohibit the application of a regulated herbicide in that area for any period during which the hazard exists.

Added by Acts 1997, 75th Leg., ch. 1369, Sec. 1, eff. Sept. 1, 1997.

Sec. 76.143. PUBLIC HEARING. As soon as practicable after receiving a written request for a revision of a rule, an exemption from a requirement of this chapter, or a prohibition of the spraying of a regulated herbicide in an area, the department may hold a public hearing to hear the request.

Added by Acts 1997, 75th Leg., ch. 1369, Sec. 1, eff. Sept. 1, 1997.

Sec. 76.144. COUNTY HERBICIDE REGULATIONS. (a) If the commissioners court of a county determines that a valuable crop or vegetation susceptible to being adversely affected by the application of a regulated herbicide exists in an area of the county and that a departmental rule adopted or prohibition prescribed under Section 76.141 or 76.142 not currently applicable to the area should apply to the area, the commissioners court may enter an order in the minutes of the court under which the department's rule or prohibition under Section 76.141 or 76.142 becomes effective in the specified area of the county beginning January 1 of the following year.

(b) If the commissioners court of a county determines that there is no longer a valuable crop or vegetation susceptible to being adversely affected by the application of a regulated herbicide in the specified area of the county, the court may rescind its order under Subsection (a) effective January 1 of the following year.

(c) The department shall adopt rules concerning the use of a regulated herbicide in a county in which the commissioners court has
entered an order under Subsection (a) of this section.

(d) The department may immediately suspend a rule of the department regarding the application dates of a regulated herbicide in an area of a county if:

1. the commissioners court of the county established the applicability of the rule by adopting an order as provided by Subsection (a);

3. the department determines that an imminent threat to agricultural interests exists in the county and if that threat is not immediately addressed by a suspension of the department's rule a significant economic loss will result.

(e) Before the commissioners court of a county may enter an order under this section, the commissioners court shall hold a hearing to determine whether the order should be issued. Before the 10th day before the date on which the hearing is to be held, the commissioners court shall publish notice of the hearing in at least one newspaper in the county.

(f) The commissioners court shall transcribe the hearing and make findings of fact based on the hearing and conclusions of law to support its order in the manner prescribed for a final order or decision in a contested case under Chapter 2001, Government Code.

(g) Before the 21st day after the date on which an order under Subsection (a) is entered, an interested person may appeal the order to a district court in the county to test the reasonableness of the basis for the commissioners court order. The provisions of Subchapter G, Chapter 2001, Government Code, that apply to the judicial review of a contested case under the substantial evidence rule apply to the appeal, except that the appeal is brought in a district court for the county in which the appealed order applies. An appeal may be taken from the district court as in other civil cases.

(h) The commissioners court of the county shall notify the department of a change in the status of a county or a portion of a county under this section.

(2) appoint judges and the other necessary election officers.

(c) Each eligible voter is entitled to vote at the election.

Sec. 78.064.  RETURNS; EFFECT OF ELECTION.  (a)  After the election, the board shall:

(1) canvass the returns of the election; and
(2) enter an order declaring the result of the election.

(b) If a majority of votes are cast against the dissolution of the district, another election on the proposition may not be held within 12 months after the date of the election.

(c) If a majority of votes are cast for the dissolution of the district, the board shall enter an order declaring the district dissolved.

Sec. 78.065.  DISSOLUTION.  (a)  After a dissolution order has been issued, the board may not exercise any power except to terminate the affairs of the district.

(b) If at the time of dissolution the district does not have sufficient funds to pay claims against the district and if annual assessments already imposed are insufficient to pay the claims, the board may impose and collect further annual assessments in an amount necessary to pay the claims.

(c) If at the time of dissolution there are no claims against the district, the board shall pay any remaining funds to the treasuries of the counties located in the district.  Each county shall deposit the funds received to the credit of the general fund of the county.  The amount of the payment to each county must be in the same proportion as the area of the county is to the total area of the district.

Subchapter G. Annual Review to Exclude Land in Crosby County

Sec. 78.071.  ANNUAL REVIEW.  (a)  The Commissioners Court of Crosby County shall establish a regular time once every calendar year to review petitions for excluding land from the district.

(b) The Commissioners Court of Crosby County shall publish notice of the hearing once a week for two consecutive weeks in one or more newspapers with general circulation in the district.  The first publication shall appear at least 15 days and not more than 40 days
before the date of the hearing.

(c) The notice shall advise all persons eligible to sign a petition under this chapter of their right to present petitions for exclusions and offer evidence in support of the petition and their right to contest any proposed exclusions based on either a petition or the court's own conclusions.

(d) A person eligible to sign a petition under this chapter within the district may file a petition with the commissioners court requesting that land be excluded from the district. A petition for exclusion shall be filed with the court at least 10 days before the date of the hearing and shall state clearly the reasons why the land will not benefit from inclusion in the district.

(e) After considering all evidence presented to it, if the commissioners court finds that the land described in a petition for exclusion does not benefit from inclusion in the district, the court shall declare the land excluded and shall redefine the boundaries of the district accordingly.

(f) The owner of the excluded land is not exempt from liability for any amounts due to the district prior to exclusion of the land.

(g) Land excluded from the district under this section may be included in the district at a later time after petition, notice, and hearing as provided in this section for exclusion of land from the district.

CHAPTER 79. INTERSTATE PEST CONTROL COMPACT

Sec. 79.001. DEFINITIONS. In this chapter:

(1) "Compact" means the Interstate Pest Control Compact.

(2) "Executive head" as used in the compact, with reference to this state, means the governor.

Added by Acts 2005, 79th Leg., Ch. 188 (H.B. 774), Sec. 1, eff. September 1, 2005.

Sec. 79.002. FILING OF BYLAWS. Under Article IV(h) of the compact, copies of the bylaws adopted by the governing board and amendments to the bylaws must be filed with the commissioner.
Sec. 79.003. COMPACT ADMINISTRATOR. The commissioner is the compact administrator for this state.

Sec. 79.004. COOPERATION WITH PEST CONTROL INSURANCE FUND. Consistent with other law and using funds appropriated for the purpose, the state may cooperate with the insurance fund established by the compact.

Sec. 79.005. REQUEST FOR ASSISTANCE. The commissioner may request or apply for assistance from the insurance fund established by the compact, as provided by Article VI(b) or VIII(a) of the compact.

Sec. 79.006. DISPOSITION OF CERTAIN MONEY. A department or agency that expends or becomes liable for an expenditure due to a control or eradication program undertaken or intensified under the compact shall have credited to the department or agency account in the state treasury the amount of any payment made to the state to defray the cost of the program or to reimburse the state.

Sec. 79.007. EXECUTION OF INTERSTATE COMPACT. This state
enters into a compact with all other states legally joining in the compact in substantially the following form:

"INTERSTATE PEST CONTROL COMPACT

"ARTICLE I. FINDINGS

"The party states find that:

(1) in the absence of the higher degree of cooperation among them possible under this Compact, the annual loss of approximately 137 billion dollars from the depredations of pests is virtually certain to continue, if not to increase;

(2) because of the varying climatic, geographic and economic factors, each state may be affected differently by particular species of pests; but all states share the inability to protect themselves fully against those pests which present serious dangers to them;

(3) the migratory character of pest infestations makes it necessary for states both adjacent to and distant from one another to complement each other's activities when faced with conditions of infestation and reinfestation; and

(4) while every state is seriously affected by a substantial number of pests, and every state is susceptible of infestation by many species of pests not now causing damage to its crops and plant life and products, the fact that relatively few species of pests present equal danger to or are of interest to all states makes the establishment and operation of an insurance fund, from which individual states may obtain financial support for pest control programs of benefit to them in other states and to which they may contribute in accordance with their relative interest, the most equitable means of financing cooperative pest eradication and control programs.

"ARTICLE II. DEFINITIONS

"As used in this Compact, unless the context clearly requires a different construction:

(1) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(2) "Requesting state" means a state which invokes the procedures of the Compact to secure the undertaking or intensification of measures to control or eradicate one or more pests within one or more other states.

(3) "Responding state" means a state requested to undertake
or intensify the measures to control or eradicate one or more pests.

(4) "Pest" means any invertebrate animal, pathogen, parasitic plant or similar or allied organism which can cause disease or damage in any crops, trees, shrubs, grasses, or other plants of substantial value.

(5) "Insurance Fund" means the Pest Control Insurance Fund established under this Compact.

(6) "Governing Board" means the administrators of this Compact representing all of the party states when such administrators are acting as a body in pursuance of authority vested in them by this compact.

(7) "Executive committee" means the committee established under Article V (e) of this compact.

"ARTICLE III. THE INSURANCE FUND

"There is hereby established a Pest Control Insurance Fund for the purpose of financing other than normal pest control operations which states may be called upon to engage in pursuant to this Compact. The Insurance Fund shall contain moneys appropriated to it by the party states and any donations and grants accepted by it. All appropriations, except as conditioned by the rights and obligations of party states expressly set forth in this Compact, shall be unconditional and may not be restricted by the appropriating state to use in the control of any specified pest or pests. Donations and grants may be conditional or unconditional, provided that the Insurance Fund shall not accept any donation or grant whose terms are inconsistent with any provision of this Compact.

"ARTICLE IV. THE INSURANCE FUND, INTERNAL OPERATIONS AND MANAGEMENT

"(a) The Insurance Fund shall be administered by a Governing Board and Executive Committee as hereinafter provided. The actions of the Governing Board and the Executive Committee pursuant to this Compact shall be deemed the actions of the Insurance Fund.

"(b) The members of the Governing Board shall be entitled to one vote on such board. No action of the Governing Board shall be binding unless taken at a meeting at which a majority of the total number of votes on the Governing Board is cast in favor thereof. Action of the Governing Board shall be only at a meeting at which a majority of the members are present.

"(c) The Insurance Fund shall have a seal which may be employed as an official symbol and which may be affixed to documents and otherwise used as the Governing Board may provide.
(d) The Governing Board shall elect annually, from among its members, a chairman, a vice chairman, a secretary and a treasurer. The chairman may not succeed himself. The Governing Board may appoint an executive director and fix his duties and his compensation, if any. Such executive director shall serve at the pleasure of the Governing Board. The Governing Board shall make provision for the bonding of such of the officers and employees of the Insurance Fund as may be appropriate.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director, or if there be no executive director, the chairman, in accordance with such procedures as the bylaws may provide, shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the Insurance Fund and shall fix the duties and compensation of such personnel. The Governing Board in its bylaws shall provide for the personnel policies and programs of the Insurance Fund.

(f) The Insurance Fund may borrow, accept or contract for the services of personnel from any state, the United States, or any other governmental agency, or from any person, firm, association, or corporation.

(g) The Insurance Fund may accept for any of its purposes and functions under this Compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, or corporation, and may receive, utilize and dispose of the same. Any donation, gift, or grant accepted by the Governing Board pursuant to this paragraph or services borrowed pursuant to paragraph (f) of this Article shall be reported in the annual report of the Insurance Fund. Such report shall include the nature, amount and conditions, if any, of the donation, gift, grant, or services borrowed and the identity of the donor or lender.

(h) The Governing Board shall adopt bylaws for the conduct of the business of the Insurance Fund and shall have the power to amend and to rescind these bylaws. The Insurance Fund shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto with the appropriate agency or officer in each of the party states.

(i) The Insurance Fund annually shall make to the Governor and
legislature of each party state a report covering its activities for the preceding year. The Insurance Fund may make such additional reports as it may deem desirable.

"(j) In addition to the powers and duties specifically authorized and imposed, the Insurance Fund may do such other things as are necessary and incidental to the conduct of its affairs pursuant to this Compact.

"ARTICLE V. COMPACT AND INSURANCE FUND ADMINISTRATION

"(a) In each party state there shall be a Compact administrator, who shall be selected and serve in such manner as the laws of his state may provide, and who shall:

1. Assist in the coordination of activities pursuant to the Compact in his state; and

2. Represent his state on the Governing Board of the Insurance Fund.

"(b) If the laws of the United States specifically so provide, or if administrative provision is made therefore within the federal government, the United States may be represented on the Governing Board of the Insurance Fund by not to exceed three representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, but no such representative shall have a vote on the Governing Board or the Executive Committee thereof.

"(c) The Governing Board shall meet at least once each year for the purpose of determining policies and procedures in the administration of the Insurance Fund and, consistent with the provisions of the Compact, supervising and giving direction to the expenditure of moneys from the Insurance Fund. Additional meetings of the Governing Board shall be held on call of the chairman, the Executive Committee, or a majority of the membership of the Governing Board.

"(d) At such times as it may be meeting, the Governing Board shall pass upon applications for assistance from the Insurance Fund and authorize disbursements therefrom. When the Governing Board is not in session, the Executive Committee thereof shall act as agent of the Governing Board, with full authority to act for it in passing upon such applications.

"(e) The Executive Committee shall be composed of the chairman of the Governing Board and four additional members of the Governing Board chosen by it so that there shall be one member representing
each of four geographic groupings of party states. The Governing Board shall make such geographic groupings. If there is representation of the United States on the Governing Board, one such representative may meet with the Executive Committee. The chairman of the Governing Board shall be chairman of the Executive Committee. No action of the Executive Committee shall be binding unless taken at a meeting at which at least four members of such Committee are present and vote in favor thereof. Necessary expenses of each of the five members of the Executive Committee incurred in attending meetings of such Committee, when not held at the same time and place as a meeting of the Governing Board, shall be charges against the Insurance Fund.

"ARTICLE VI. ASSISTANCE AND REIMBURSEMENT

(a) Each party state pledges to each other party state that it will employ its best efforts to eradicate, or control within the strictest practicable limits, any and all pests. It is recognized that performance of this responsibility involves:

(1) The maintenance of pest control and eradication activities of interstate significance by a party state at a level that would be reasonable for its own protection in the absence of this Compact.

(2) The meeting of emergency outbreaks or infestations of interstate significance to no less an extent than would have been done in the absence of this Compact.

(b) Whenever a party state is threatened by a pest not present within its borders but present within another party state, or whenever a party state is undertaking or engaged in activities for the control or eradication of a pest or pests, and finds that such activities are or would be impracticable or substantially more difficult of success by reason of failure of another party state to cope with infestation or threatened infestation, that state may request the Governing Board to authorize expenditures from the Insurance Fund for eradication or control measures to be taken by one or more of such other party states at a level sufficient to prevent, or to reduce to the greatest practicable extent, infestation or reinfestation of the requesting state. Upon such authorization the responding state or states shall take or increase such eradication or control measures as may be warranted. A responding state shall use moneys available from the Insurance Fund expeditiously and efficiently to assist in affording the protection requested.

(c) In order to apply for expenditures from the Insurance Fund..."
Fund, a requesting state shall submit the following in writing:

1. A detailed statement of the circumstances which occasion the request for the invoking of the Compact.

2. Evidence that the nest on account of whose eradication or control assistance is requested constitutes a danger to an agricultural or forest crop, product, tree, shrub, grass, or other plant having a substantial value to the requesting state.

3. A statement of the extent of the present and projected program of the requesting state and its subdivisions, including full information as to the legal authority for the conduct of such program or programs and the expenditures being made or budgeted therefore, in connection with the eradication, control, or prevention of introduction of the pest concerned.

4. Proof that the expenditures being made or budgeted as detailed in item 3 do not constitute a reduction of the effort for the control or eradication of the pest concerned or, if there is a reduction, the reasons why the level of program detailed in item 3 constitutes a normal level of pest control activity.

5. A declaration as to whether, to the best of its knowledge and belief, the conditions which in its view occasion the invoking of the Compact in the particular instance can be abated by a program undertaken with the aid of moneys from the Insurance Fund in one year or less, or whether the request is for an installment in a program which is likely to continue for a longer period of time.

6. Such other information as the Governing Board may require consistent with the provisions of this Compact.

"(d) The Governing Board or Executive Committee shall give due notice of any meeting at which an application for assistance from the Insurance Fund is to be considered. Such notice shall be given to the Compact administrator of each party state and to such other officers and agencies as may be designated by the laws of the party states. The requesting state and any other party state shall be entitled to be represented and present evidence and argument at such meeting.

"(e) Upon the submission as required by paragraph (c) of this Article and such other information as it may have or acquire, and upon determining that an expenditure of funds is within the purposes of this Compact and justified thereby, the Governing Board or Executive Committee shall authorize support of the program. The Governing Board or Executive Committee may meet at any time or place
for the purpose of receiving and considering an application. Any and all determinations of the Governing Board or Executive Committee, with respect to an application, together with the reasons therefore shall be recorded and subscribed in such manner as to show and preserve the votes of the individual members thereof.

"(f) A requesting state which is dissatisfied with a determination of the Executive Committee shall upon notice in writing given within twenty days of the determination with which it is dissatisfied, be entitled to receive a review thereof at the next meeting of the Governing Board. Determinations of the Executive Committee shall be reviewable only by the Governing Board at one of its regular meetings, or at a special meeting held in such manner as the Governing Board may authorize.

"(g) Responding states required to undertake or increase measures pursuant to this Compact may receive moneys from the Insurance Fund, either at the time or times when such state incurs expenditures on account of such measures, or as reimbursement for expenses incurred and chargeable to the Insurance Fund. The Governing Board shall adopt and, from time to time, may amend or revise procedures for submission of claims upon it and for payment thereof.

"(h) Before authorizing the expenditure of moneys from the Insurance Fund pursuant to an application of a requesting state, the Insurance Fund shall ascertain the extent and nature of any timely assistance or participation which may be available from the federal government and shall request the appropriate agency or agencies of the federal government for such assistance and participation.

"(i) The Insurance Fund may negotiate and execute a memorandum of understanding or other appropriate instrument defining the extent and degree of assistance or participation between and among the Insurance Fund, cooperating federal agencies, states, and any other entities concerned.

"ARTICLE VII. ADVISORY AND TECHNICAL COMMITTEES

"The Governing Board may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any such advisory or technical committee, or any member or members thereof may meet with and participate in its deliberations upon request of the Governing Board or Executive Committee. An advisory or technical committee may furnish information and recommendations with respect to any application for assistance from
the Insurance Fund being considered by such Board or Committee and
the Board or Committee may receive and consider the same: provided
that any participant in a meeting of the Governing Board or Executive
Committee held pursuant to Article VI (d) of the Compact shall be
entitled to know the substance of any such information and
recommendations, at the time of the meeting if made prior thereto or
as a part thereof or, if made thereafter, no later than the time at
which the Governing Board or Executive Committee makes its
disposition of the application.

"ARTICLE VIII. RELATIONS WITH NONPARTY JURISDICTIONS"

"(a) A party state may make application for assistance from the
Insurance Fund in respect of a pest in a nonparty state. Such
application shall be considered and disposed of by the Governing
Board or Executive Committee in the same manner as an application
with respect to a pest within a party state, except as provided in
this Article.

"(b) At or in connection with any meeting of the Governing
Board or Executive Committee held pursuant to Article VI (d) of this
Compact a nonparty state shall be entitled to appear, participate,
and receive information only to such extent as the Governing Board or
Executive Committee may provide. A nonparty state shall not be
entitled to review of any determination made by the Executive
Committee.

"(c) The Governing Board or Executive Committee shall authorize
expenditures from the Insurance Fund to be made in a nonparty state
only after determining that the conditions in such state and the
value of such expenditures to the party states as a whole justify
them. The Governing Board or Executive Committee may set any
conditions which it deems appropriate with respect to the expenditure
of moneys from the Insurance Fund in a nonparty state and may enter
into such agreement or agreements with nonparty states and other
jurisdictions or entities as it may deem necessary or appropriate to
protect the interests of the Insurance Fund with respect to
expenditures and activities outside of party states.

"ARTICLE IX. FINANCE"

"(a) The Insurance Fund shall submit to the executive head or
designated officer or officers of each party state a budget for the
Insurance Fund for such period as may be required by the laws of that
party state for a presentation to the legislature thereof.

"(b) Each of the budgets shall contain specific recommendations
of the amount or amounts to be appropriated by each of the party states. The request for appropriations shall be apportioned among the party states as follows: one-tenth of the total budget in equal shares and the remainder in proportion to the value of agricultural and forest crops and products, excluding animals and animal products, produced in each party state. In determining the value of such crops and products the Insurance Fund may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party states. Each of the budgets and requests for appropriations shall indicate the source or sources used in obtaining information concerning value of products.

"(c) The financial assets of the Insurance Fund shall be maintained in two accounts to be designated respectively as the "Operating Account" and the "Claims Account." The Operating Account shall consist only of those assets necessary for the administration of the Insurance Fund during the next ensuing two-year period. The Claims Account shall contain all moneys not included in the Operating Account and shall not exceed the amount reasonably estimated to be sufficient to pay all legitimate claims on the Insurance Fund for a period of three years. At any time when the Claims Account has reached its maximum limit or would reach its maximum limit by the addition of moneys requested for appropriation by the party states, the Governing Board shall reduce its budget requests on a pro rata basis in such manner as to keep the Claims Account within such maximum limit. Any moneys in the Claims Account by virtue of conditional donations, grants, or gifts shall be included in calculations made pursuant to this paragraph only to the extent that such moneys are available to meet demands arising out of the claims.

"(d) The Insurance Fund shall not pledge the credit of any party state. The Insurance Fund may meet any of its obligations in whole or in part with moneys available to it under Article IV (g) of this Compact, provided that the Governing Board take specific action setting aside such moneys prior to incurring any obligation to be met in whole or in part in such manner. Except where the Insurance Fund makes use of moneys available to it under Article IV (g) hereof, the Insurance Fund shall not incur any obligation prior to the allotment of moneys by the party states adequate to meet the same.

"(e) The Insurance Fund shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Insurance Fund shall be subject to the audit and accounting
procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Insurance Fund shall be audited yearly by a certified or licensed public accountant and report of the audit shall be included in and become part of the annual report of the Insurance Fund.

"(f) The accounts of the Insurance Fund shall be open at any reasonable time for inspection by duly authorized officers of the party states and by any persons authorized by the Insurance Fund.

"ARTICLE X. ENTRY INTO FORCE AND WITHDRAWAL

"(a) This Compact shall enter into force when enacted into law by any five or more states. Thereafter, this Compact shall become effective as to any other state upon its enactment thereof.

"(b) Any party state may withdraw from this Compact by enacting a statute repealing the same, but no such withdrawal shall take effect until two years after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

"ARTICLE XI. CONSTRUCTION AND SEVERABILITY

"This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is declared to be contrary to the constitution of any state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any state participating herein the Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters."

CHAPTER 80. OFFICIAL CITRUS PRODUCERS' PEST AND DISEASE MANAGEMENT CORPORATION
Sec. 80.001. FINDINGS AND DECLARATION OF POLICY. (a) The legislature finds that:

(1) citrus pests and diseases, including the insect known as the Asian citrus psyllid and the disease known as citrus greening, are public nuisances and menaces to the citrus industry, and their control and suppression is a public necessity;

(2) because of the natural migration patterns of citrus pests and the contagious nature of citrus diseases, the control and suppression of the nuisance can best be accomplished by dividing the commercial citrus-growing areas into separate zones so that integrated pest management programs may be developed for each zone;

(3) there is a need for a quasi-governmental entity acting under the supervision and control of the commissioner whose members are actual citrus producers who would be represented on the board of the entity by directors elected by them to manage control and suppression programs and to furnish expertise in the field of disease and insect control and suppression, because such an entity would enhance the interest and participation of citrus producers in the program;

(4) citrus producers, in partnership with the state and federal governments, have made significant investments toward the suppression of these pests and disease in this state; and

(5) it is essential to the well-being of the citrus industry and the agricultural economy of this state that the investments of the citrus producers and the state and federal governments be protected.

(b) It is the intent of the legislature that the program of control and suppression of citrus pests and diseases be carried out with the best available integrated pest management techniques.

(c) The department may recover costs for administration of this chapter.

Acts 2015, 84th Leg., R.S., Ch. 29 (S.B. 1749), Sec. 1, eff. September 1, 2015.

Sec. 80.002. DESIGNATION OF ENTITY TO CARRY OUT CITRUS PEST AND
DISEASE CONTROL AND SUPPRESSION. (a) The Texas Citrus Pest and Disease Management Corporation, Inc., a Texas nonprofit corporation, shall be recognized by the department as the entity to plan, carry out, and operate suppression programs to manage and control pests and diseases, including the Asian citrus psyllid and citrus greening, in citrus plants in the state under the supervision of the department as provided by this chapter.

(b) The commissioner may terminate the corporation's designation as the entity recognized to carry out citrus pest and disease control and management by giving 45 days' written notice to the corporation and by designating a successor entity. If the commissioner designates a successor to the corporation, the successor has all the powers and duties of the corporation under this chapter. Any successor to the corporation shall assume and shall be responsible for all obligations and liabilities relating to any notes, security agreements, assignments, loan agreements, and any other contracts or other documents entered into by the corporation with or for the benefit of any financial institution or its predecessor, successor, or assignee.

The term includes a person who owns land that is primarily used to grow citrus and that is appraised based on agricultural use under Chapter 23, Tax Code, regardless of whether the person receives income from the sale of citrus, and there is an irrebuttable presumption that the person intends to receive income from the sale of citrus.

(7) "Suppression" means control of the numbers and migration of a pest to the extent that the commissioner does not consider further management of the pest necessary to prevent economic loss to citrus producers.

(8) "Pest management zone" means a geographic area designated by the commissioner in accordance with Section 80.005 in which citrus producers by referendum approve their participation in a citrus pest control program.

(9) "Corporation" means the Texas Citrus Pest and Disease Management Corporation, Inc., a Texas nonprofit corporation.

(10) "Host" means a plant or plant product in which a pest is capable of completing any portion of its life cycle.

for suppression under this chapter. The term includes the Asian citrus psyllid.

Sec. 80.004. ADVISORY COMMITTEES. (a) The commissioner may appoint an advisory committee for an existing pest management zone or an area of the state that is to be considered by the commissioner for designation as or inclusion in a pest management zone. The committee shall gather advice, input, and guidance from citrus producers from the area represented by the committee concerning the interest in and concerns about the implementation of this chapter.

(b) Each advisory committee may consider and make recommendations to the commissioner and the corporation concerning:
   (1) the geographic boundaries for a proposed pest management zone;
   (2) the amount of local interest in operating a suppression program;
   (3) the basis and amount of an assessment necessary to support a suppression program;
   (4) ongoing implementation of a suppression program approved by growers in a pest management zone; and
   (5) any other matter requested by the commissioner or the corporation.

(d) An advisory committee established under this section is subject to Chapters 551 and 552, Government Code.

Sec. 80.005. CREATION OF PEST MANAGEMENT ZONES. (a) The commissioner by rule may designate an area of this state as a proposed pest management zone.

(b) The commissioner may hold a public hearing in the proposed pest management zone to discuss the proposed geographic boundaries of the zone. The public hearing may include any other topic allowed under this chapter.

(c) After the adoption of a rule under Subsection (a), the commissioner shall conduct a referendum under Section 80.006.

Any request under this subsection must include documentation supporting the fact that pests are no longer a threat to the state's citrus industry and a plan for discontinuance of the program and assessment.

(h) The commissioner shall conduct the referendum before the 90th day after the date the petition was filed, except that a referendum may not be held before the second anniversary of any other referendum in the pest management zone pertaining to establishing or discontinuing the pest management zone.
(i) Approval of the proposition requires the same vote as required in a referendum under Section 80.016(g). If the proposition is approved, the suppression program is abolished and the pest management zone ceases to exist on payment of all debts of the pest management zone.

Sec. 80.015. ASSESSMENT REFERENDA. (a) The commissioner shall propose the assessment needed in each pest management zone to ensure the stability of the citrus industry by suppressing the public nuisance caused by pests.

(b) The commissioner shall propose in a referendum the:
   (1) maximum assessment to be paid by citrus producers in the pest management zone; and
   (2) time for which the assessment will be made.

(c) With the commissioner's approval, the corporation may make an assessment in a pest management zone at a level less than the assessment approved by the referendum.

(d) The commissioner shall conduct an assessment referendum under the procedures provided by Section 80.016.

(e) If an assessment referendum is approved, the corporation may collect the assessment.

(f) An assessment levied on citrus producers in a pest management zone may be applied only to:
   (1) pest control in that zone;
   (2) the corporation's operating costs, including payments on debt incurred for a corporation activity, except that the funds of one zone may not be used to pay another zone's bank loans or debts; and
   (3) the conducting of other programs consistent with the declaration of policy stated in Section 80.001.

(g) The assessment shall be adequate and necessary to achieve the goals of this chapter. The amount of the assessment shall be determined by criteria established by the commissioner, including:

(3) historical efforts to suppress;
(4) the growing season;
(5) epidemiology;
(6) historical weather conditions; and
(7) the costs and financing of the program.

(h) The commissioner shall give notice of and hold a public hearing in the pest management zone regarding the proposed assessment referendum. Before the referendum, the commissioner shall review and approve:

Sec. 80.016. CONDUCT OF BOARD ELECTIONS AND REFERENDA; BALLOTING. (a) The commissioner shall conduct a referendum or board
election authorized under this chapter.

(b) The corporation shall bear all expenses incurred in conducting a referendum or board election.

(c) The commissioner shall adopt rules for voting in board elections and referenda to establish pest management zones. Rules adopted under this subsection must include provisions for determining:

(1) who is a citrus producer eligible to vote in an election or referendum;
(2) whether a board member is elected by a plurality or a majority of the votes cast; and
(3) the area from which each board member is elected.

(d) A citrus producer in a proposed or established pest management zone is entitled to:

(1) vote in a referendum concerning the pest management zone; and
(2) elect board members to represent the pest management zone.

(e) An eligible citrus producer may vote only once in a referendum or board election.

(f) Ballots in a referendum or board election shall be mailed directly to a central location, as determined by the commissioner. A citrus producer eligible to vote in a referendum or board election who has not received a ballot from the commissioner, corporation, or another source shall be offered the option of requesting a ballot by mail or obtaining a ballot at the office of the Texas AgriLife Extension Service or a government office distributing ballots in a county in the proposed or established zone in which the referendum or board election is conducted.

(g) A referendum is approved if:

(1) at least two-thirds of those voting vote in favor of the referendum; or
(2) those voting in favor of the referendum cultivate more than 50 percent, as determined by the commissioner, of the citrus acreage in the relevant pest management zone.

(h) If a referendum under this chapter is not approved, the commissioner may conduct another referendum. A referendum under this subsection may not be held before the first anniversary of the date on which the previous referendum on the same issue was held.

(i) A public hearing regarding the proposed suppression
program, including information regarding regulations to be promulgated by the commissioner, may be held by the commissioner in each of several locations in each pest management zone.

(j) Individual voter information, including an individual's vote in a referendum or board election conducted under this section, is confidential and is not subject to disclosure under Chapter 552, Government Code.

Sec. 80.017. PAYMENT OF ASSESSMENTS; ASSESSMENT LIENS. (a) A citrus producer who fails to pay an assessment levied under this chapter when due may be subject, after reasonable notice and opportunity for hearing, to a penalty set by the commissioner. In determining the amount of the penalty to be assessed, the commissioner shall consider:

(1) the seriousness of the violation, including the nature, circumstances, and extent of the violation;
(2) the history of previous violations;
(3) the amount necessary to deter future violations;
(4) the economic situation of the citrus producer; and
(5) any other matter that justice may require.

(b) The corporation may develop a compliance certificate program to manage the payment and collection of an assessment levied under this chapter. Under the program the corporation, subject to department rules, may issue a compliance certificate for citrus for which an assessment has been paid.

(c) In addition to any other remedies for the collection of assessments and penalties, the commissioner may adopt rules relating to the compliance certificate program for suppression assessments. The rules may include:

(1) provisions establishing and relating to the obligations of growers, packers, and buyers in due course of citrus produced in
active pest management zones to ensure that assessments are paid within a prescribed time period;

(2) provisions allowing incentives in the form of discounted assessments for growers who pay assessments within a prescribed time period;

(3) provisions establishing penalties and interest against growers who pay assessments after a prescribed time period; and

(4) other provisions the commissioner determines are proper.

(d) In addition to any other remedies for the collection of assessments and penalties, an assessment lien in favor of the corporation attaches and is perfected 60 days after the date the corporation mails notice of the assessment on citrus produced and harvested that year from the acreage that is subject to the assessment that is due and unpaid. An assessment lien is not an agricultural lien for the purposes of Chapter 9, Business & Commerce Code, and is not subject to the provisions of that chapter. An assessment lien is subject to and preempted by the Food Security Act of 1985 (7 U.S.C. Section 1631 et seq.) and shall be treated under that Act in the same manner as a security interest created by the seller. A buyer of citrus takes free of the assessment lien if the buyer:

(1) receives a compliance certificate issued by the corporation when the buyer purchases the citrus that certifies that the assessment has been paid to the corporation;

(2) pays for the citrus by a check on which the department is named as a joint payee;

(3) does not receive notice of the assessment lien as required by the Food Security Act of 1985 (7 U.S.C. Section 1631 et seq.); or

(4) buys the citrus from a person other than the producer of the citrus.

(e) The corporation may assign, with the approval of the commissioner, assessments or liens in favor of the corporation as collateral for a loan to the corporation only if the proceeds of the loan are designated for use in the pest management zone from which the assessments or liens originated.

(f) If the department believes that a violation of this section or a rule adopted under this section has occurred, the department may investigate and, during normal business hours, audit and inspect the
records of the person who is the subject of the investigation.

Added by Acts 2009, 81st Leg., R.S., Ch. 506 (S.B. 1016), Sec. 10.01, eff. September 1, 2009.

Sec. 80.018. EXEMPTION FROM ASSESSMENT PENALTIES. (a) The commissioner by rule shall adopt criteria to exempt from payment of an assessment penalty under Section 80.017 a citrus producer for whom payment would impose an undue financial burden.

(b) A citrus producer is not eligible for an exemption under this section for a year in which the amount computed by subtracting the assessments and penalties due under this chapter from the citrus producer's net income subject to federal income taxation in the previous year is greater than $15,000.

(c) A citrus producer who applies for an exemption under this section must use a form prescribed by the commissioner. A citrus producer must file a separate application form for each year for which the citrus producer claims an exemption.

(d) The commissioner may establish a payment plan for a citrus producer applying for an exemption under this section.

(e) The commissioner shall promptly notify an applicant of the determination regarding the applicant's request for an exemption.

(f) If an exemption under this section is denied, assessments and penalties for the year for which the application is made are due on the later of:

(1) the date on which they would be due in the absence of an application for exemption; or

(2) 30 days after the date the applicant receives notice of the denial.

(g) In addition to the authority provided under Subsections (a)-(f), the commissioner may reduce or waive an assessment penalty as appropriate and necessary.

Added by Acts 2009, 81st Leg., R.S., Ch. 506 (S.B. 1016), Sec. 10.01, eff. September 1, 2009.

Sec. 80.019. ENTRY OF PREMISES; SUPPRESSION ACTIVITIES; INSPECTIONS. The department, the corporation, or a designated representative of either entity may enter citrus groves or other
premises to carry out the purposes of this chapter, which include the
treatment and monitoring of growing citrus or other host plants. The
department, the corporation, or a designated representative of either
entity may inspect groves or premises in this state for the purpose
of determining whether the property is infested with pests. An
inspection must be conducted during reasonable daylight hours. The
department shall give notice by publication of the planned schedule
of dates for entry by the department, the corporation, or a
designated representative of either entity, to the owner or occupant
of the groves or premises to carry out the purposes of this chapter,
including treatment, monitoring, or inspection functions. The
department shall publish notice of the planned schedule to enter the
groves or premises in a newspaper of general circulation in the pest
management zone not less than once a week for two weeks immediately
before the scheduled dates of entry. In addition to the notice
published by the department, the corporation shall post notice of the
planned schedule to enter groves or premises to carry out the
purposes of this chapter at the county courthouse of each county in
the pest management zone not later than the 15th day before the
planned dates of entry.

Sec. 80.020.  AUTHORITY TO PROHIBIT PLANTING OF CITRUS AND
REQUIRE PARTICIPATION IN SUPPRESSION PROGRAM.  (a)  The commissioner
may adopt reasonable rules regarding areas where citrus may not be
planted in a pest management zone if there is reason to believe
planting will jeopardize the success of the program or present a
hazard to public health or safety.
   (b)  The commissioner may adopt rules requiring all growers of
citrus in a pest management zone to participate in a pest suppression
program and growers of commercial citrus to participate in pest and
disease management programs that include cost sharing as required by
the rules.
   (c)  Notice of a prohibition or requirement shall be given by
publication for one day each week for three successive weeks in a newspaper having general circulation in the affected area.

(d) The commissioner may adopt a reasonable schedule of penalty fees to be assessed against growers in a designated pest management zone who do not meet the requirements of the rules issued by the commissioner relating to reporting of acreage and participation in cost sharing. A penalty fee may not exceed $50 per acre.

Sec. 80.021. AUTHORITY FOR DESTRUCTION OR TREATMENT OF CITRUS IN PEST MANAGEMENT ZONES; COMPENSATION PAYABLE. The department may destroy or treat, and establish procedures for the purchase and destruction of, citrus plants or hosts in pest management zones if the department determines the action is necessary to carry out the purposes of this chapter. The department is not liable to the owner or lessee for the destruction of or injury to any citrus that was planted in a pest management zone after the date notice is published as required by this chapter. The corporation is liable for the destruction of citrus if the citrus was planted in a pest management zone before the date that notice is published.

Sec. 80.022. AUTHORITY TO ADOPT RULES. (a) The commissioner shall adopt rules to protect individuals, livestock, wildlife, and honeybee colonies on any premises in a pest management zone on which citrus plants are being grown that have been or are being treated to control or suppress pests.

(b) Rules adopted under this section shall establish the criteria by which the corporation develops its procedures and methods of treatment, which shall:

(1) establish a methodology for determining when pest population levels have reached economic significance or when disease
(2) establish an effective treatment regimen that seeks to provide the least possible risk to workers, the public, and the environment;

(3) minimize the effects of the use of pesticides on long-term control methods, including but not limited to the effect a particular pesticide may have on biological controls;

(4) establish methods for monitoring pests;

(5) establish methods for verifying pesticide use reduction; and

(6) consider the acute and chronic toxicity of particular pesticides and the quantity of particular pesticides needed. Pest management zone treatment plans may take into account the potential for the use of smaller quantities of more toxic substances to result in fewer health and environmental risks than larger quantities of less toxic substances.

(c) The commissioner may adopt other reasonable rules necessary to carry out the purposes of this chapter. All rules issued under this chapter must be adopted and published in accordance with the laws of this state.

(d) An advisory committee may be established to assist the commissioner in the development of rules under this section. The advisory committee may be composed of:

(1) three citrus producers from the commercial citrus growing area of the state, appointed by the commissioner;

(2) three entomologists with knowledge of the principles of integrated pest management, at least one of whom has special knowledge of nonchemical or biological pest control, appointed by the commissioner;

(3) two individuals with experience representing the general interests of the environment, appointed by the chair of the Texas Commission on Environmental Quality;

(4) an environmental engineer with expert knowledge of ground and surface water protection from contamination, appointed by the chair of the Texas Commission on Environmental Quality; and

(5) a toxicologist, appointed by the commissioner of state health services.

The corporation may provide an incentive for early and timely reporting.

different grade or quality than that referred to in the contract, the
licensee or person required to be licensed shall settle with the
producer or seller of the perishable commodities on the basis of the
grade and quality determined by the inspector.

(c) This section does not prevent parties, instead of an
inspection, from agreeing in writing that the grade or quality of the
perishable commodities were different from that referred to in the
contract.

(d) Failure of a licensee to settle with a producer or seller
on grade and quality in the manner provided by this section is a
ground for revocation of the licensee's license.

(c) The lettering on each identification sign must be at least three inches in height.

(d) An identification sign must appear on both sides of the vehicle or on both the front and the rear and must be affixed permanently or in another manner in which it may not easily be removed. If both a tractor and a trailer or two units are used in hauling the citrus fruit, both the tractor and the trailer or both units must be labeled with identification signs in the manner required by this subsection.

Sec. 102.102. CERTIFICATE. A person who operates a motor
vehicle, including a truck or tractor, or a motor vehicle and a trailer for hauling citrus fruit in bulk or in open containers for commercial purposes on the highways of this state shall, when operating the vehicle, have on his or her person a certificate or other document showing:

(1) the approximate amount of citrus fruit being hauled;

Sec. 102.104. PENALTY. (a) A person commits an offense if the person:

(1) operates a motor vehicle or a motor vehicle and trailer not identified in accordance with Section 102.101 of this code; or

Venue is in the county in which the alleged violation is threatened or is occurring.

**SUBCHAPTER C. CITRUS MARKETING AGREEMENTS AND LICENSES**

Sec. 102.151. POLICY. The unreasonable waste and inefficient use of the citrus resources, caused by the marketing within this state of greater quantities of fresh citrus fruit than are reasonably necessary to supply the demands of the market, are not in the public interest. The difficulty inherent in an attempt of individuals to correlate within a reasonable degree the citrus production to current demand creates chaotic economic conditions in the citrus areas of the state of such severity as to imperil the ability of citrus producers to contribute in appropriate amounts to the support of ordinary governmental and educational functions, thus tending to increase the tax burden of other taxpayers for the same purposes, and renders it impossible for producers to be reasonably assured of an adequate standard of living for themselves and their families. In the interest of the public welfare and general prosperity of the state, the unreasonable waste and inefficient use of citrus resources involved in the marketing of citrus fruit in this state should be eliminated, while at the same time preserving to citrus producers in
the area covered by this subchapter an equality of opportunity.

Sec. 102.152. DEFINITIONS. In this subchapter:
(1) "Citrus fruit" means grapefruit, oranges, and tangerines.
(2) "Handler" means a person who packs or ships citrus fruit or causes citrus fruit to be packed or shipped in intrastate commerce.
(3) "Intrastate commerce" means all commerce other than that which is in interstate commerce or foreign commerce or which directly burdens, obstructs, or affects interstate or foreign commerce.
(4) "Person" means an individual, corporation, or association.
(5) "Producer" means a person who is engaged in the production of citrus fruit in this state for commercial purposes or who is a substantial stockholder in a corporation engaged in the production of citrus fruit in this state for commercial purposes.
(6) "Ship" means convey or cause to be conveyed in intrastate commerce by rail, boat, truck, or other means, not including parcel post or express, whether as owner, agent, or otherwise.
(7) "Shipment" means the loading into a car or other conveyance for transportation in intrastate commerce.
(8) "Variety" means the following classifications or groups of citrus fruit:
   (A) oranges:
      (i) early season oranges; and
      (ii) valencias, including Lou Gim Gongs;
   (B) grapefruit:
      (i) Marsh and other seedless grapefruits, except pinks;
      (ii) Duncan and other seeded grapefruits, except pinks;
      (iii) seeded pinks; and
      (iv) seedless pinks; and
   (C) tangerines and temple oranges grouped as one
variety.

Sec. 102.153. LIMITED APPLICATION OF SUBCHAPTER. This subchapter applies only to areas of three citrus fruit producing counties whose boundaries are contiguous and whose aggregate population according to the last preceding federal census is not less than 165,043. This subchapter does not apply to citrus fruit grown in other areas of this state.

Sec. 102.154. MARKETING AGREEMENTS AND LICENSES. In accordance with this subchapter, the department may execute marketing agreements and issue licenses to persons engaged in intrastate commerce transactions in the marketing, processing, packing, shipping, handling, or distributing of citrus fruit.

Sec. 102.155. HEARING. (a) On its own motion or on application of a producer or handler of citrus fruit, the department may conduct a hearing on the execution of a marketing agreement or on the issuance of a license if the department has reason to believe that the marketing agreement or license will tend to effectuate the policy of this subchapter.

(b) The department shall conduct a hearing under this section in the area subject to this subchapter and shall within a reasonable time make the evidence and exhibits offered at the hearing available at a central point to any interested party. The department shall produce a transcript of the hearing and make it available to any interested party.

Sec. 102.156. FINDINGS. (a) Following a hearing, the
department may execute a marketing agreement or issue a license only if it finds that:

(1) the supply of a citrus fruit available for marketing exceeds or is likely to exceed the demand for the fruit at prices that will provide a reasonable return to representative producers of that fruit;

(2) the return to producers of the citrus fruit will tend to be increased through the operation of the marketing plan;

(3) the marketing plan may be operated without permitting unreasonable profits to producers of the citrus fruit and without unreasonably enhancing prices of the citrus fruit to consumers; and

(4) the marketing plan will tend to advance public welfare and conserve the agricultural wealth of the state by preventing threatened economic or agricultural waste and will tend to prevent chaotic marketing of the citrus fruit.

(b) The findings of the department, and the administration of any marketing agreement or license, shall be based on relevant considerations, including:

(1) the quantity of the several grades, varieties, and qualities of the citrus fruit under consideration and available for distribution to consumers in the marketing season during which the program is to be effective;

(2) the quantity of the several grades, varieties, and qualities of the citrus fruit required by consumers during the marketing season during which the program is to be effective;

(3) the cost of production of the citrus fruit;

(4) the general purchasing power of consumers of the citrus fruits;

(5) the general level of prices of commodities that farmers buy; and

(6) the general level of prices of other commodities that compete with or are used as substitutes for the citrus fruit.

Sec. 102.157. TERMS OF AGREEMENT OR LICENSE. (a) Any marketing agreement executed or license issued may:

(1) limit or provide a method for limiting the total quantity of any grade, variety, size, or quality of citrus fruit that
may be produced during one or more specified periods and marketed in or transported to a market in intrastate commerce;

(2) allot or provide a method for allotting the amount of citrus fruit or any grade, variety, size, or quality of citrus fruit that each handler may market in intrastate commerce;

(3) determine or provide a method for determining the existence and extent of a surplus of a citrus fruit or of any grade, variety, size, or quality of a citrus fruit, provide for the control and disposition of that surplus in a manner that does not burden or obstruct interstate or foreign commerce, and equalize the burden of a surplus elimination or control among the producers and handlers of the citrus fruit;

(4) provide for administrative committees under Section 102.158 of this code; and

(5) provide other terms or conditions incidental to and consistent with this section.

(b) If the marketing agreement or license allots or provides a method for allotting the amount of a citrus fruit that a handler may handle, the marketing agreement or license must:

(1) be under a uniform rule based on one or both of the following:

(A) the amount of the citrus fruit or grade, variety, size, or quality of the citrus fruit that each handler has available for current shipment; and

(B) the amount shipped by each handler in a prior representative period, as determined by the department; and

(2) equitably apportion among all the handlers the total quantity of the citrus fruit or any grade, variety, size, or quality of the citrus fruit to be marketed in or transported to markets in intrastate commerce.

(c) A marketing agreement or license may include one or more of the terms and conditions under Subsection (a) of this section, but may not include others.

Sec. 102.158. ADMINISTRATIVE COMMITTEE. (a) A marketing agreement or license may authorize the department to select and define the powers and duties of one or more administrative committees
to administer the program.

(b) The department may authorize an administrative committee to:

1. administer the license in accordance with its terms and provisions;
2. adopt rules to effectuate the terms and provisions of the license;
3. receive, investigate, and report to the department complaints of violations of the license;
4. recommend to the department amendments to the license; and
5. collect assessments in accordance with Section 102.159 of this code.

(c) The department may require an administrative committee to file reports of the activities and proceedings of the committee.

Sec. 102.159. ASSESSMENT. (a) If an administrative committee is authorized to collect an assessment, for each marketing season or year in which the marketing agreement or license is effective the committee shall collect from each handler an assessment representing the handler's pro rata share of the estimated expenses incurred by the department in conducting hearings and incurred by the administrative committee in administering the agreement or license during the marketing season or year. The department shall estimate those expenses after each administrative committee submits to the department a proposed budget.

(b) An assessment levied under this section is a personal debt of each person assessed and is immediately due and payable to the administrative committee charged with collection. With the approval of the department, an administrative committee may sue in its own name in a court of competent jurisdiction for the collection of an assessment.

(c) In accordance with the rules of the department, each administrative committee charged with the collection of assessments shall collect, report, and pay monthly to the department the amount of the assessments that the department determines will be necessary to defray the department's cost of administering the marketing
agreement or license during the subsequent month.

(d) The department shall submit to each administrative committee charged with collecting assessments quarterly statements reporting the receipts and expenditures during the quarter in connection with the administration of the appropriate marketing agreement or license.

(e) An administrative committee may expend assessments for the purposes set forth in the marketing agreement or license under which the assessment is collected. The committee shall keep a full and complete record of those expenditures and the department is entitled to access to that record at any time.

(f) An administrative committee shall retain custody of assessments that are not paid to the department or expended under Subsection (e) of this section. At the close of the marketing season or year for which an assessment is collected, the committee shall return to each handler a pro rata share of assessments that are not paid to the department or expended by the committee.

Sec. 102.160. APPROVAL BY PRODUCERS AND HANDLERS. (a) A license may not be issued until:

(1) assented to in writing by:

(A) 51 percent of the total number of handlers of the citrus fruit; or

(B) the handlers of at least 51 percent of the total volume of the citrus fruit covered by the license; and

(2) the department determines that the issuance of the license is approved by:

(A) 66-2/3 percent of the producers who, during a representative period determined by the department, have been engaged in the production of the citrus fruit in commercial quantities in the area covered by the license; or

(B) the producers who, during the representative period, produced for market at least 66-2/3 percent of the volume of the citrus fruit produced for market in the area covered by the license.

(b) In determining the representative period under Subsection (a)(2) of this section, the department may select the crop season

Statute text rendered on: 7/8/2021
prior to the holding of a hearing on the issuance of the license or any other period that the department determines to be representative.

(c) In determining the approval of producers under Subsection (a)(2) of this section, the department shall determine the approval or disapproval of the producers in respect to the issuance of any license or order or any term or condition of a license or order. The department shall consider the approval or disapproval of any cooperative association of producers that is engaged in marketing the citrus fruit for producers or is rendering service to or advancing the interest of those producers as the approval or disapproval of the producers who are members of, stockholders in, or under contract with the association. Approval by an association may be executed in the name of the association and is not required to set forth the names of the producers represented by the association.

Sec. 102.161. UNIFORM LICENSES. If a license is issued under this subchapter, the department shall issue an identical license to each handler, processor, or distributor of the same class.

Sec. 102.162. FEES. Each person applying for a marketing agreement or license shall submit to the department a filing fee, as provided by department rule, and a deposit in an amount that the department considers sufficient and necessary to defray the expenses of preparing and making effective the marketing agreement or license.

Sec. 102.163. AMENDMENT OF MARKETING AGREEMENT OR LICENSE. (a) If the department has reason to believe that an amendment of a marketing agreement or license is necessary or desirable to achieve the policy of this subchapter, the department shall conduct a hearing on the proposed amendment in the manner provided for the original
hearing on execution of the agreement or issuance of the license.

(b) Notice of a hearing under this section must refer to the marketing agreement to be amended by name and date of execution and must refer to the license to be amended by name and date of adoption.

(c) The department may adopt an amendment under this section if it finds that the proposed amendment:

(1) will not prevent the marketing agreement or license from meeting the requirements of Section 102.156 of this code; and

(2) will tend to facilitate the administration of the marketing agreement or license or will enable the marketing agreement or license to better meet the requirements of Section 102.156 of this code.

(d) A marketing agreement or license is not affected by a negative department finding under Subsection (c) of this section.

(e) In considering an amendment under this section, the department shall consider the evidence presented at the original hearing or a hearing on a previously proposed amendment.

(f) An amendment under this section is not effective until approved by the handlers and producers in the manner provided by Section 102.160 of this code.

Sec. 102.164. SUSPENSION OR TERMINATION OF MARKETING AGREEMENT OR LICENSE. (a) The department shall suspend for a specified period or terminate the operation of a marketing agreement, a license, or a provision of a marketing agreement or license if the department finds:

(1) following investigation, that the agreement, license, or provision obstructs or does not tend to effectuate the policy of this subchapter; or

(2) that termination of the agreement, license, or provision is favored by a majority of the producers who, during a representative period determined by the department:

(A) have been engaged in the production of the citrus fruit in the area covered by the agreement or license; and

(B) produced more than 66-2/3 percent of the volume of the citrus fruit that was produced for market within the area of the state covered by this subchapter or was produced within the area of
this state covered by this subchapter for market elsewhere.

(b) Termination of a marketing agreement, a license, or a provision of a marketing agreement or license is effective only if announced on or before the end of the current marketing period specified in the agreement or license.

Sec. 102.165. SUSPENSION OR REVOCATION OF INDIVIDUAL LICENSE. After notice and opportunity for a hearing, the department may suspend or revoke the license of any person who violates a provision of the license.

Sec. 102.166. RECORDS. (a) Each person subject to a marketing agreement or license shall:

(1) maintain records reflecting the person's operation under the agreement or license;

(2) permit the department to inspect those records; and

(3) furnish to the department information requested by the department relating to the person's operations under the agreement or license.

(b) Except as otherwise provided by this subsection, information obtained under this section is confidential and may not be disclosed to any person. The information may be disclosed to a person with a similar right to obtain the information or to an attorney employed by an administrative committee to give legal advice on the information. In addition, the information may be disclosed in response to a court order.

The following section was amended by the 87th Legislature. Pending publication of the current statutes, see S.B. 703, 87th Legislature, Regular Session, for amendments affecting the following section.

Sec. 102.167. POWERS AND DUTIES OF THE DEPARTMENT. (a) The department may adopt rules and issue orders as necessary or desirable
to carry out this subchapter.

(b) The department may hold hearings, take testimony, administer oaths, subpoena witnesses, and issue subpoenas for the production of relevant books, records, or documents. A person may not be excused from attending and testifying or from producing documentary evidence before the department in obedience to a subpoena on the ground that the testimony or evidence required may tend to incriminate the person or subject the person to a penalty or forfeiture. An individual may not be prosecuted or subjected to any penalty or forfeiture because of any transaction, matter, or thing concerning which the person is required to testify or produce evidence before the department in obedience to a subpoena. An individual so testifying is not exempt from prosecution and punishment for perjury committed in that testimony.

(c) The department may permit an administrative committee to use the various employees or officers of the department in carrying out this subchapter or a marketing agreement or license under this subchapter.

(d) The department may confer and cooperate with the authority of another state or the United States in order to secure uniformity in the administration of federal and state marketing agreements, standards, licenses, orders, or rules. The department may conduct hearings jointly with the United States Department of Agriculture.

Without reference to the amendment of this subsection, this subsection was repealed by Acts 2013, 83rd Leg., R.S., Ch. 446 (S.B. 772), Sec. 4(2), eff. June 14, 2013.

(e) Not later than December 1 before the first day of each regular session of the legislature, the department shall submit to the governor a full report of transactions under this subchapter during the preceding biennium. The report must include a complete statement of receipts and expenditures under this subchapter during the biennium.

(f) Repealed by Acts 2013, 83rd Leg., R.S., Ch. 446, Sec. 4(2), eff. June 14, 2013.
Sec. 102.168.  ENFORCEMENT BY CIVIL SUIT.  (a)  The state or, with the approval of the department, an administrative committee may sue a person who:
  (1)  wilfully exceeds any quota, allotment, or salable percentage fixed for the person under a license issued or rule adopted by the department;
  (2)  makes a shipment without first obtaining a required allotment or quota or qualifying to ship the person's salable percentage;  or
  (3)  knowingly participates or aids in activities under Subdivision (1) or (2) of this subsection.
  
  (b)  If successful in a suit under Subsection (a) of this section, the state or administrative committee is entitled to recover an amount equal to three times the current market value of the citrus fruit excess or the citrus fruit shipment, as applicable.  Funds recovered in a suit under this section shall be used in the administration of the license involved in the suit.

Sec. 102.169.  INJUNCTION.  The attorney general or a district or county attorney on the attorney's own initiative may, or in response to a complaint shall, investigate violations of this subchapter.  If the attorney believes that a violation has occurred, the attorney may sue in the name of the state for an injunction against a person who:
  (1)  is violating a provision of a marketing agreement, a license, or an order or rule of the department to which the person is subject;  or
  (2)  engages in transactions mentioned in and regulated by a license during suspension or after revocation of the person's license.

(a) In an action brought under Section 102.168 or 102.169 of this code, the judgment, if in favor of the plaintiff, shall provide that the defendant pay to the plaintiff a reasonable attorney's fee and all costs of suit. An action under those sections may be brought in the county where the defendant resides or where the act, omission, or part of the act or omission occurred.

(b) The remedies and penalties of this subchapter are cumulative and action or prosecution under a section of this subchapter does not prohibit action or prosecution under another section of this subchapter or any other civil or criminal law.

Sec. 102.171. PENALTY. (a) A person commits an offense if the person:

(1) violates a provision of a marketing agreement or license to which the person is subject; or

(b) An offense under this section is a Class B misdemeanor.

(c) A person commits a separate offense for each day during which the person acts under Subsection (a) of this section.

Sec. 122.153. PREHARVEST TESTING REQUIRED.  
(a) A license holder may not harvest a hemp plant or plant intended or believed to be hemp unless a representative sample of plants from the plot where the plant is grown is collected before harvest and subsequently tested using post-decarboxylation, high-performance liquid chromatography, or another similarly reliable method to determine the delta-9 tetrahydrocannabinol concentration of the sample in the manner required by this subchapter.  
(b) For purposes of Subsection (a), a representative sample of plants from a plot consists of cuttings taken from at least five plants throughout the plot. The department by rule shall prescribe the minimum distance between plants from which cuttings may be taken based on the size of the plot.  
(c) A laboratory performing preharvest testing under this section shall homogenize all the cuttings in the sample and test the delta-9 tetrahydrocannabinol concentration of a random sample of the homogenized material.  
(d) This section does not prohibit a license holder from harvesting plants immediately after a preharvest sample is collected.  

Added by Acts 2019, 86th Leg., R.S., Ch. 764 (H.B. 1325), Sec. 2, eff. 
Sec. 122.154. PREHARVEST SAMPLE COLLECTION. (a) A license holder shall notify the department at least 20 days before the date the license holder expects to harvest plants from a plot in the manner prescribed by department rule.

(b) A sample must be collected by the department or another entity described by Section 122.151(a) for purposes of preharvest testing under Section 122.153.

(c) The department by rule may prescribe reasonable procedures for submitting a preharvest sample collected under this section to a testing laboratory selected by the license holder.

Added by Acts 2019, 86th Leg., R.S., Ch. 764 (H.B. 1325), Sec. 2, eff. June 10, 2019.

Sec. 122.155. OPTIONAL POSTHARVEST TESTING. (a) The department by rule shall allow a license holder to have a single postharvest test performed on a representative sample of plants from a plot if the results of the preharvest test representing the plot show a delta-9 tetrahydrocannabinol concentration of more than 0.3 percent on a dry weight basis.

(b) The department by rule shall prescribe the requirements for a representative sample and for sample collection under this section.

(c) If a license holder fails to request postharvest testing on or before the 15th day after the date the license holder is notified of the results of the preharvest test, the results of the preharvest test are final.

Added by Acts 2019, 86th Leg., R.S., Ch. 764 (H.B. 1325), Sec. 2, eff. June 10, 2019.

Sec. 122.156. SHIPPING DOCUMENTATION FOR TEST SAMPLES. The department shall issue documentation to an entity authorized to collect samples of plants for testing that authorizes the transportation of those samples from the place of collection to a testing laboratory described by Section 122.151(a).
Sec. 122.157. FALSE LABORATORY REPORT; CRIMINAL OFFENSE. (a) A person commits an offense if the person, with the intent to deceive, forges, falsifies, or alters the results of a laboratory test required or authorized under this chapter.

(b) An offense under Subsection (a) is a third degree felony.

SUBCHAPTER E. HARVEST AND USE OR DISPOSAL OF PLANTS

The following section was amended by the 87th Legislature. Pending publication of the current statutes, see S.B. 703, 87th Legislature, Regular Session, for amendments affecting the following section.

Sec. 122.201. HARVEST. (a) A license holder shall harvest the plants from a plot not later than the 20th day after the date a preharvest sample is collected under Section 122.154 unless field conditions delay harvesting or the department authorizes the license holder to delay harvesting. This subsection does not prohibit the license holder from harvesting the plants immediately after the preharvest sample is collected.

(b) A license holder may not sell or use harvested plants before the results of a preharvest and, if applicable, postharvest test performed on a sample representing the plants are received. If the test results are not received before the plants are harvested, the license holder shall dry and store the harvested plants until the results are received.

(c) A license holder may not commingle harvested plants represented by one sample with plants represented by another sample until the results of the tests are received.

Added by Acts 2019, 86th Leg., R.S., Ch. 764 (H.B. 1325), Sec. 2, eff. June 10, 2019.
results of a preharvest or postharvest test performed on a sample show a delta-9 tetrahydrocannabinol concentration of not more than 0.3 percent on a dry weight basis, the license holder may sell or use the plants represented by the sample for any purpose allowed by law.

(b) If the results of a preharvest and, if applicable, postharvest test performed on a sample show a delta-9 tetrahydrocannabinol concentration of more than 0.3 percent on a dry weight basis:

(1) the license holder shall dispose of or destroy all plants represented by the sample:

(A) in the manner prescribed by federal law; or

(B) in a manner approved by the department that does not conflict with federal law; or

(2) if the department determines the plants represented by the sample reached that concentration solely as a result of negligence, the license holder is subject to Section 122.403(c) and may:

(A) trim the plants until the delta-9 tetrahydrocannabinol concentration of the plants is not more than 0.3 percent on a dry weight basis and dispose of the noncompliant parts of the plants in a manner approved by the department;

(B) process the plants into fiber with a delta-9 tetrahydrocannabinol concentration of not more than 0.3 percent on a dry weight basis and dispose of any remaining parts of the plants in a manner approved by the department; or

(C) take any other corrective action consistent with federal regulations adopted under 7 U.S.C. Chapter 38, Subchapter VII.

(b) The department or entity may not certify or approve a variety of hemp seed if the seed is tested and confirmed to produce a plant that has delta-9 tetrahydrocannabinol concentration of more than 0.3 percent on a dry weight basis. For purposes of this subsection, the department may partner with a private entity or an institution of higher education to test seed for the purpose of certification or approval under this section.

(c) The department may authorize the importation of hemp seed certified in accordance with the law of another state or jurisdiction that requires as a condition of certification that hemp be produced in compliance with:

(1) that state or jurisdiction's plan approved by the United States Department of Agriculture under 7 U.S.C. Section 1639p; or

(2) a plan established under 7 U.S.C. Section 1639q if that plan applies in the state or jurisdiction.

(d) The department shall maintain and make available to license holders a list of hemp seeds certified or approved under this section.

Added by Acts 2019, 86th Leg., R.S., Ch. 764 (H.B. 1325), Sec. 2, eff. June 10, 2019.

SUBTITLE G. WORKPLACE CHEMICALS

CHAPTER 125. AGRICULTURAL HAZARD COMMUNICATION ACT

Sec. 125.001. DECLARATION OF PURPOSE. The legislature finds that the health and safety of persons living and working in agricultural areas in the state may be improved by providing access to information regarding certain hazardous chemicals to which they may be exposed either during their normal employment activities, during emergency situations, or as a result of proximity to the use of those chemicals. The legislature also finds that, because of the conditions of agricultural employment, there is a unique situation regarding certain agricultural laborers that makes it necessary to establish formal procedures to provide access to information regarding certain hazardous chemicals and to assure those laborers that there will be no retaliation by the employer for the exercise of rights under this chapter. This chapter is intended to assure that accessibility to information regarding chemicals covered by this chapter be provided to agricultural laborers who may be exposed to those chemicals in agricultural workplaces, to certain emergency service organizations responsible for dealing with chemical hazards during emergency situations when those chemicals are in close proximity to residential areas, and to the department to make the information available to the general public through specific procedures.

Added by Acts 1987, 70th Leg., ch. 903, Sec. 1, eff. Jan. 1, 1988.

Sec. 125.002. DEFINITIONS. In this chapter:

(1) "Agricultural laborer" means a person who plants, cultivates, harvests, or handles an agricultural or horticultural commodity in its unmanufactured state as determined by rule of the department, and includes an agricultural laborer who handles a chemical covered by this chapter. Office workers, cooks, maintenance workers, security personnel, and nonresident management are not agricultural laborers, except for purposes of a gross annual payroll determination, unless their job performance routinely involves
potential exposure to chemicals covered under this chapter. Farm and ranch laborers working solely with livestock and persons working solely in the retail sales component of a business are not agricultural laborers for purposes of this chapter.

(2) "Chemical name" means the scientific designation of a chemical in accordance with the nomenclature system developed by the International Union of Pure and Applied Chemistry (IUPAC) or the Chemical Abstracts Service (CAS) rules of nomenclature, or a name that will clearly identify the chemical for the purpose of conducting a hazard evaluation.

(3) "Common name" means any designation of identification such as code name, code number, trade name, brand name, or generic name used to identify a chemical other than by its chemical name.

(4) "Chemical manufacturer" means an employer in Standard Industrial Classification (SIC) Codes 20 through 39.

(5) "Designated representative" means the individual or organization to whom an agricultural laborer gives written authorization to exercise the laborer's rights under this chapter. A designated representative is not required to reveal the name of the agricultural laborer he represents if the department has reviewed the laborer's written authorization, certifies that the representative has that authorization, and determines that the agricultural laborer would be entitled to the information the designated representative is seeking to obtain. A recognized or certified collective bargaining agent shall be treated automatically as a designated representative without regard to written authorization from a laborer.

(6) "Distributor" means any business, other than a chemical manufacturer or importer, that supplies chemicals covered by this chapter to other distributors or to purchasers.

(7) "Exposure" or "exposure" means that an agricultural laborer is subjected to a chemical covered by this chapter in the course of employment through any route of entry, including inhalation, ingestion, skin contact, or absorption, and includes potential, possible, or accidental exposure.

(8) "Fire chief" means the elected or paid administrative head of a fire department as defined in Chapter 125, Acts of the 45th Legislature, Regular Session, 1937 (Article 6243e, Vernon's Texas Civil Statutes).

(9) "Label" means any written, printed, or graphic material displayed on or affixed to containers of chemicals covered by this
(10) "Material safety data sheet" ("MSDS") means a document containing chemical hazard and safe handling information that is prepared in accordance with the requirements of the Occupational Safety and Health Administration (OSHA) standard for that document or, in the case of a chemical labeled under the federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. Section 136 et seq.) for which an MSDS is both unavailable and not required under the federal OSHA's hazard communication standard, a product label or other equivalent document with precautionary statements, such as hazards to humans and domestic animals, and environmental, physical, or chemical hazards, including warning statements.

(11) "Work area" means a room, defined space, or field where chemicals covered by this chapter are stored or used and where agricultural laborers may be present.

(12) "Workplace" means a geographical location containing one or more work areas.

Added by Acts 1987, 70th Leg., ch. 903, Sec. 1, eff. Jan. 1, 1988.

Sec. 125.003. APPLICATION. (a) This chapter applies only to the following employers who annually use or store any one of the chemicals covered by this chapter in excess of 55 gallons or 500 pounds or an amount that the department determines by rule for certain highly toxic or dangerous chemicals covered by this chapter:

(1) employers who themselves or through labor agents hire agricultural laborers to perform seasonal or migrant work and whose gross annual payroll for those laborers is $15,000 or more; and

(2) employers who themselves or through labor agents hire agricultural laborers for purposes other than seasonal or migrant work and whose gross annual payroll for those laborers is $50,000 or more.

(b) This chapter applies only to the following chemicals:

(1) chemicals labeled under the federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. Section 136 et seq.); and

(2) fertilizers with chemicals that are listed or defined as hazardous chemicals in 29 CFR Section 1910.1200(c) or 1910.1200(d)(3), including those listed or defined in subsequent comparable regulations.
Sec. 125.004. WORKPLACE CHEMICAL LIST. (a) An employer covered by this chapter shall compile and maintain a workplace chemical list on a form prescribed by the department that contains the following information by crop for each chemical covered by this chapter that is actually used or stored annually in the workplace in excess of 55 gallons or 500 pounds or an amount that the department determines by rule for certain highly toxic or dangerous chemicals covered by this chapter:

(1) the product name used on the MSDS and container label and the Environmental Protection Agency registration number, if applicable;

(2) the date and crop on which the chemical was applied or used; and

(3) the work area in which the chemical is actually stored or used.

(b) The employer shall update the workplace chemical list as necessary but not less frequently than annually.

(c) The workplace chemical list may be prepared for the workplace as a whole or for each work area and must be readily available to agricultural laborers and their designated representatives. New or newly assigned agricultural laborers shall be made aware of the workplace chemical list before working with chemicals covered by this chapter or in a work area containing those chemicals.

Added by Acts 1987, 70th Leg., ch. 903, Sec. 1, eff. Jan. 1, 1988.

Sec. 125.005. WORKPLACE CHEMICAL LIST FORM, MAINTENANCE, AND ACCESS. (a) The department shall prescribe forms for workplace chemical lists required by this chapter with places to indicate the crop, the product name of the chemical that is applied to the crop or that is stored, and the location and date of its application, use, or storage, as appropriate.

(b) An employer covered by this chapter shall maintain one form for each crop, work area, or workplace as a whole, as appropriate, and shall add information to the form as different chemicals are
applied, used, or stored.

(c) The employer shall attach relevant information to the form, including MSDSs.

(d) The employer shall keep the forms and attachments accessible and available for copying and shall store them in a location suitable to preserve their physical integrity.

(e) The employer shall keep the forms and attachments under this chapter for 30 years. However, the department shall provide by rule that an employer may file with the department annually the forms and attachments, including an estimate of the total amount of each chemical listed on the form that was used. The department shall categorize and cross-reference the data on the forms in a manner to preserve the data for future medical use. An employer who files the forms and attachments with the department under rules adopted under this section is not required to preserve the forms.

(f) If it is determined after a hearing conducted under Section 12.032 that an employer has repeatedly failed to maintain the forms and attachments as required, the department may require the employer to file the documents with the department. In addition, the person may be subject to any applicable penalties provided by this chapter.

(g) If agricultural activities for which forms and attachments are maintained cease at a workplace, the forms and attachments shall be filed with the department, and the department shall retain the information for 30 years. If an employer covered by this chapter is succeeded or replaced in that function by another person, the person who succeeds or replaces the employer shall retain the forms as provided by Subsection (e) of this section but is not liable for violations committed by the former employer under this chapter or rules adopted under this chapter, including violations relating to the retention and preservation of forms and attachments.

(h) Except as otherwise provided by this section, the employer shall show the forms and attachments, on request, to an employee, designated representative, treating medical personnel, or a member of the community. The designated representative or treating medical personnel are not required to identify the employee represented or treated. If the employer has filed the forms and attachments with the department, the employer shall inform the requestor of that fact.

(i) If a designated representative or member of the community desires a copy of a form and attachments and the employer refuses to provide a copy, that person shall notify the department of the
request and the employer's refusal. Within two working days, the
department shall request that the employer provide the department
with all pertinent copies. The employer shall provide copies of the
form and attachments to the department within 24 hours after the
department's request if a designated representative desires the
copies, and within 14 days after the department's request if a member
of the community desires the copies.

(j) The employer may not refuse to provide the forms and
attachments to an employee or treating medical personnel.

Added by Acts 1987, 70th Leg., ch. 903, Sec. 1, eff. Jan. 1, 1988.
Amended by Acts 1995, 74th Leg., ch. 419, Sec. 3.25, eff. Sept. 1,
1995.

Sec. 125.006. MATERIAL SAFETY DATA SHEETS. (a) Chemical
manufacturers and distributors shall provide appropriate MSDSs to
purchasers in this state of chemicals covered by this chapter.

(b) Employers covered by this chapter shall maintain the most
current MSDS received from manufacturers or distributors for each
purchased chemical covered by this chapter. If an MSDS has not been
provided by the manufacturer or distributor for chemicals on the
workplace chemical list at the time the chemicals are received at the
workplace, the employer shall request one in writing from the
manufacturer or distributor in a timely manner. This chapter does
not require an employer who is not a chemical manufacturer to create
an MSDS.

(c) The department may require any person who has or obtains a
registration for a pesticide under Sections 76.041-76.048 of this
code to provide with the registration a copy of the most current and
complete MSDS for that pesticide.

(d) The department by rule may require chemical manufacturers
to submit MSDSs for chemicals covered by this chapter, excluding
chemicals covered by Subsection (c) of this section.

(e) All MSDSs in the files of the department are public
records.

Added by Acts 1987, 70th Leg., ch. 903, Sec. 1.

Sec. 125.007. LABELS. (a) Existing labels on incoming
containers of chemicals covered by this chapter may not be removed or
defaced.

(b) Agricultural laborers may not be required to work with a
chemical covered by this chapter from an unlabeled container except
for a portable container intended for the immediate use of the
laborer who performs the transfer.

Added by Acts 1987, 70th Leg., ch. 903, Sec. 1, eff. Jan. 1, 1988.

Sec. 125.008. EMERGENCY INFORMATION. (a) Employers covered by
this chapter and other entities who normally store products labeled
under the federal Insecticide, Fungicide, and Rodenticide Act (7
U.S.C. Section 136 et seq.) in an amount in excess of 55 gallons or
500 pounds or an amount the department determines by rule for certain
highly toxic or dangerous chemicals covered by this chapter within

the storage place. The employer shall notify the fire chief of any
significant changes that occur in the workplace chemical list.

(c) The fire chief having jurisdiction over the storage place

In all other counties, the county office of the Texas Agricultural Extension Service shall provide the training program.

(c) The department or the county office of the Texas Agricultural Extension Service, as appropriate, shall notify agricultural laborers on a regular basis of the training program by public service announcements given by the media and shall contact in writing charitable, public, religious, and health care provider organizations to announce the training program to agricultural laborers in the county served by the organization.

(d) In addition to the Texas Agricultural Extension Service, the department may develop the training program in conjunction with the Texas Department of Health, other appropriate state agencies, clinics, hospitals, and other health care providers in counties in which the training program will be conducted, and organizations representing employers, organizations representing employees, and
organizations representing manufacturers of chemicals covered by this chapter.

(e) The department shall prepare and make available to employers appropriate training materials for employers covered by this chapter and their managers and labor contractors.

(f) To help cover production costs, the department may charge not more than $10 plus the cost of a blank videotape from a person desiring to purchase the videotaped training program.

(g) The department or the county office of the Texas Agricultural Extension Service, as appropriate, shall provide to each agricultural laborer who completes the training program a card evidencing participation in the program. An employer may not refuse to hire an agricultural laborer solely because the laborer does not have a card issued under this subsection. An employer who refuses to hire an agricultural laborer for that reason is not entitled to the 14 days' written notice provided by Section 125.016(d) of this code.

Added by Acts 1987, 70th Leg., ch. 903, Sec. 1, eff. Jan. 1, 1988.

(b) The information on the crop sheet must be printed in English and Spanish, except that the information required by Subsections (a)(1) and (a)(2) of this section is required to be printed only in English. The department may provide crop sheets printed in other languages commonly used by agricultural laborers who work with a particular crop.

(c) The department shall develop the crop sheets in conjunction with the Texas Department of Health, the Texas Agricultural Extension Service, other appropriate state agencies, and clinics, hospitals, and other health care providers in counties in which training programs are provided by the department under Section 125.009 of this code.

(d) Annually, the department shall:
   (1) provide appropriate crop sheets to clinics, hospitals, and other health care providers that serve agricultural laborers and that are located in counties in which the training program is provided; and
   (2) provide to an employer covered by this chapter one crop sheet for each crop grown by that employer.

(e) The director of the Texas Feed and Fertilizer Control Service under Section 63.003 of this code shall provide to the department the information that is needed by the department under Subsection (a) of this section for the fertilizers that are covered by this chapter.

When the crop sheet is read, the employer or the employer's agent shall inform the laborer of the date on which chemicals covered by this chapter were last applied or are scheduled to be applied to the field or to other areas in which the laborer will be working and shall inform the laborer of the time on which the reentry period, if any, expired for chemicals covered by this chapter that have been applied.

(c) If an employer is required under Subsection (b) of this section to read a crop sheet to an agricultural laborer, the employer or a person designated by the employer shall read the appropriate crop sheets on the first day of each work season or on the day the laborer begins employment with that employer, whichever is later.

(d) In addition to the crop sheet, the department shall require an employer to offer to the agricultural laborer, on the day on which the laborer is given his first pay for that work season, basic safety and health-related information approved by the department. That information shall be available to the employers free of charge.

(e) An employer who does not provide or read the crop sheets as required by this section is not entitled to the 14 days' written notice provided by Section 125.016(d) of this code.

Laborers, on request, shall be provided a copy of a specific MSDS. In addition, laborers shall receive training on the hazards of the chemicals and on measures they can take to protect themselves from those hazards and shall be provided with appropriate personal protective equipment as required by this chapter. These rights are guaranteed on January 1, 1988.

(b) An employer covered by this chapter may not discharge, cause to be discharged, otherwise discipline, or in any manner discriminate against an agricultural laborer because the laborer has made an inquiry, filed a complaint, assisted an inspector of the department who may make or is making an inspection under Section 125.016 of this code, instituted or caused to be instituted any proceeding under or related to this chapter, testified or is about to testify in such a proceeding, or exercised any rights afforded under this chapter on behalf of the laborer or on behalf of others. Pay, position, seniority, or other benefits may not be lost as the result of the exercise of any right provided by this chapter.

(c) Any waiver by an agricultural laborer of the benefits or requirements of this chapter is against public policy and is void. Any employer's request or requirement that a laborer waive any rights under this chapter as a condition of employment is a violation of this chapter.

(f) In cooperation with the department, an employer covered by this chapter may provide an outreach program in the community.

Added by Acts 1987, 70th Leg., ch. 903, Sec. 1, eff. Jan. 1, 1988.

Sec. 125.015. LIABILITY UNDER OTHER LAWS. (a) The provision of information to an agricultural laborer does not in any way affect the liability of an employer with regard to the health and safety of a laborer or other person exposed to chemicals, nor does it affect the employer's responsibility to take any action to prevent the occurrence of occupational disease as required under any other provision of law.

(b) The provision of information to an agricultural laborer does not affect any other duty or responsibility of a manufacturer, producer, or formulator to warn ultimate users of a chemical under any other provision of law.

Added by Acts 1987, 70th Leg., ch. 903, Sec. 1, eff. Jan. 1, 1988.

(c) The department shall complete an investigation of a complaint not later than 90 days after the date on which the complaint is filed. A hearing shall be conducted under Section...
12.032 and an enforcement order issued, if appropriate, not later than 90 days after the date on which the investigation is completed. If it is necessary to commence an action relating to an alleged violation, the action must be commenced not later than 60 days after the date on which the investigation is completed.

(d) After providing at least 14 days' written notice and an opportunity for a public hearing, the department may issue an enforcement order requiring any employer or chemical manufacturer covered by this chapter to comply with this chapter or rules adopted under this chapter. A public hearing held under this subsection is a contested case under Chapter 2001, Government Code, and may be appealed under that chapter. In the case of a medical emergency, the department may issue an enforcement order immediately and shall provide the opportunity for a hearing on the order within 10 days after the date on which the order is issued.

(e) In the case of a medical emergency, the department may sue in the name of the State of Texas to enjoin any violation of this chapter or a rule adopted or enforcement order issued by the department under this chapter.

(f) If required under this chapter, employers who knowingly disclose false information or negligently fail to disclose a hazard are subject to a civil penalty of not more than $5,000 per violation. This section does not affect any other right of an agricultural laborer or any other person to receive compensation for damages under other law.

(g) If required under this chapter, employers who proximately cause an injury to an individual by knowingly disclosing false hazard information or knowingly failing to disclose hazard information are subject to a criminal fine of not more than $25,000. This section does not affect any other right of an agricultural laborer or any other person to receive compensation for damages under other law.

(h) The department may request the attorney general to represent the department in any legal proceeding authorized under this chapter. An action for civil or criminal penalties or injunctive relief shall be brought in the county in which the alleged violation occurred or is occurring.

(a) If an employer is required to comply with Chapter 502, Health and Safety Code and with this chapter, the employer is required to comply with only the Hazard Communication Act. However, if an agricultural laborer is not covered under the Hazard Communication Act, the employer shall comply with this chapter for those laborers not covered by the Hazard Communication Act.

(b) If an employer is covered by both the Hazard Communication Act and this chapter, the employer is required to furnish a workplace chemical list under only one of those laws.

A potential lien claimant may satisfy the requirements of this subsection:

(1) by printing or stamping the notice on credit applications filled out by purchasers; and

(2) for future purchases by purchasers who are not notified on the credit application, by printing or stamping the notice on an invoice or on a statement sent by separate cover.

(b) Before a person may claim a lien under this chapter, the person must send to the debtor by certified mail written notice that states:

(2) the amount that is overdue;

(3) that the debtor has the following three alternatives:

**SUBCHAPTER B. LICENSE**

Sec. 141.021. LICENSE REQUIRED. (a) A person may not manufacture or distribute commercial feed in this state without a valid current license issued by the service for each feed facility that manufactures or distributes commercial feed. A person making only retail sales of commercial feed bearing the label of a licensed manufacturer, guarantor, or distributor is not required to obtain a
license.

(c) A licensee or license applicant shall provide the service copies of labels and labeling and other information that the service by rule requires.

(d) A person applying for a license after the 30th day following receipt of notice to obtain a license and a licensee applying late for a license renewal shall pay a $75 late fee in addition to the license fee.

Sec. 141.023. TERM OF LICENSE. A license issued under this chapter is permanent unless:

(1) the service revokes, suspends, annuls, or amends the license;

(2) the licensee withdraws or cancels the license;

(3) the licensee's report to the service indicates no activity for one year; or

(4) the service requires a new license.

Sec. 141.025. REFUSAL OR REVOCATION OF LICENSE. Following notice and a hearing, the service may revoke, suspend, annul, or amend an existing license or may refuse to issue a license if it finds that the licensee or applicant has:

(1) been convicted of a crime for which a license may be revoked, suspended, annulled, amended, or refused under Chapter 53, Occupations Code;
(2) refused or after notice failed to comply with this chapter and rules adopted under this chapter; or

(3) used fraudulent or deceptive practices in attempting evasion of this chapter or a rule adopted under this chapter.

SUBCHAPTER C. LABELING

Sec. 141.051. LABELING OF COMMERCIAL FEED. (a) Except as provided by Subsection (d) of this section, each container of commercial feed distributed in this state, other than customer-formula feed, must have a label with the following information:

(1) the name and principal address of the person responsible for manufacture and distribution;

(2) the brand or name under which the feed is to be distributed;

(3) the quantity of the feed in the container, in either net weight, net volume contents, or net fluid content according to rules adopted by the service;

(4) the guaranteed analysis of nutrients in the feed, listing a maximum or minimum quantity determinable by laboratory methods of protein, fat, fiber, and other components of commercial feed;

(5) the common or usual name of each ingredient used in the feed;

(6) the name and percentage of any hulls, shells, screenings, straw, stalks, corncobs, or other low grade feeding materials or fillers in the feed, if any;

(7) an appropriate warning statement and directions for use relating to each medicine, drug, mineral, vitamin, antibiotic, or antioxidant in the feed; and

(8) other information that the service may by rule require.

(b) The manufacturer or other person distributing the feed shall affix the label required by this section to the outside of the container or cause it to be printed on the side of the container in the manner prescribed by the service. The information must be
grouped together and plainly printed in English in the size of type prescribed by the service.

(c) If the labeling information is shown on the container rather than printed on the label, the information must be plainly printed in a conspicuous place in the size of type prescribed by the service.

(d) A person distributing in this state commercial feed in a container that holds an amount exceeding 110 pounds dry weight or 55 gallons liquid need not label the container in accordance with this section, but shall furnish the purchaser with a statement of the information in accordance with Section 141.052 of this chapter.

Sec. 141.052. LABELING OF BULK COMMERCIAL FEED. At the time of delivery of bulk commercial feed distributed in this state, other than customer-formula feed, the manufacturer or other person distributing the feed shall furnish the purchaser with a written or printed statement showing the information required by Section 141.051(a) of this code.

Sec. 141.053. LABELING OF CUSTOMER-FORMULA FEED. (a) Except as provided by Subsection (b) of this section, a person distributing customer-formula feed in this state shall furnish to the purchaser at the time of delivery a label showing:

(1) the name and address of the mixer, miller, or processor;

(2) the name and address of the purchaser;

(3) the date of sale;

(4) the name or brand and the number of pounds of each registered commercial feed used in the mixture; and

(5) the name and number of pounds of each other ingredient
added to the mixture, including any ingredient supplied by the purchaser.

(b) If all ingredients for a customer-formula feed are furnished by the mixer, miller, or processor, the service may permit a customer-formula feed to be identified by means of an identifying name, number, or similar designation rather than by listing the ingredients under Subsections (a)(4) and (a)(5) of this section. The service may adopt rules and prescribe forms for identification of a customer-formula feed under this subsection.

Sec. 141.054. GENERAL Label RESTRICTIONS. Except as authorized by this chapter or a rule of the service, the label of a commercial feed may not:

(1) advertise, name, promote or otherwise draw attention to one or more components or ingredients in the product unless the percentage and common name of the component or ingredient is clearly and prominently declared;

(2) contain the name of another manufacturer or person or a product of another manufacturer or person; or

(3) contain a false, deceptive, or misleading statement.

Sec. 141.055. REQUEST FOR LABEL REVIEW. (a) The service shall:

(1) by rule adopt procedures that allow a licensee to submit a product label to the service for review;

(2) review each product label submitted by a licensee to determine compliance with the labeling requirements of this subchapter;

(3) make a detailed report to the licensee regarding changes to the label required for compliance with the service's rules; and
(4) provide the licensee with the advice that the service considers necessary to enable the licensee to comply with the service's labeling rules.

(b) The service may not charge a fee for a review, a report, or advice under this section.

Added by Acts 1995, 74th Leg., ch. 314, Sec. 8, eff. Jan. 1, 1996.

SUBCHAPTER D. INSPECTION FEE

Sec. 141.071. INSPECTION FEE. (a) For each state fiscal year, a person who manufactures or distributes commercial feed or a component of commercial feed in this state, including a person who mixes, mills, or processes customer-formula feed, shall pay to the service an inspection fee prescribed by this section.

(b) Except as otherwise provided by this section, the inspection fee is 15 cents per ton of commercial feed. With the approval of the board, the director may reduce or increase the inspection in increments of 1 cent up to a maximum of 2 cents per fiscal year, except that the board and director shall reduce the inspection fee by 1 cent increments when the balance of the Texas feed control fund exceeds one-half the projected operating expenses of the service for the next fiscal year.

(c) A person distributing in this state a commercial feed product packaged in individual containers of five pounds or less shall pay, for each distinct commercial feed product so distributed, a flat rate inspection fee of $50 for each fiscal year or part of a fiscal year in which the distribution is made.

(d) A licensee paying an inspection fee under Subsection (b) of this section shall pay in advance a minimum annual inspection fee of $100 per fiscal year. All advance inspection fees collected under this section shall be credited towards the first tonnage inspection fee owed by the licensee accruing in that fiscal year.

(e) A person is not required to pay an inspection fee on a portion of a customer-formula feed that is produced by the purchaser or acquired by the purchaser from a source other than the person who mixes, mills, or processes the mixture.

(f) The service by rule may provide that a person is not required to pay an inspection fee on commercial feed that the person manufactures or distributes solely for investigational, experimental,
or laboratory use by qualified persons, if the investigation or experiment is conducted in the public interest.

Sec. 141.072. QUARTERLY TONNAGE REPORTING AND INSPECTION FEE PAYMENT. (a) The person responsible for paying the inspection fee for a feed facility generating $100 or more during a license year in tonnage fees shall file with the service a quarterly sworn report either stating that no tonnage of commercial feed was distributed during the preceding quarter or setting forth the tonnage of all commercial feed that the feed facility manufactured or distributed in this state during the preceding quarter. Each quarterly tonnage report must be accompanied by payment of the inspection fee due based on the tonnage reported for that quarter.

(b) The person responsible for paying the inspection fee for a feed facility producing less than $100 a license year in tonnage fees shall file with the service an annual sworn report either stating that no tonnage of commercial feed was distributed during the preceding license year or stating the tonnage of all commercial feed the facility manufactured and distributed in this state during the preceding license year. Each annual tonnage report must be accompanied by payment of the inspection fee due based on the tonnage reported for that year.

(c) A quarterly tonnage report and inspection fee payment is due on or before the 31st day following the last day of November, February, May, and August for persons reporting quarterly. An annual tonnage report and inspection fee payment is due on or before the 31st day following the last day of August for persons reporting annually.

(d) The service may prescribe and furnish forms as necessary under this section.

Sec. 141.073. PENALTY FOR LATE FILING OR PAYMENT. (a) If a person paying the inspection fee on the basis of tonnage reporting does not file a quarterly report or pay the fee before the 31st day following the last day of a quarter, the person shall pay a penalty equal to 15 percent of the inspection fee due or $50, whichever is greater.

(b) The penalty together with any delinquent inspection fee is due before the 61st day following the last day of the quarter. The service shall cancel the license of a licensee who fails to pay the penalty and delinquent inspection fee within that time period after notice.

Sec. 141.074. RECORDS; ADDITIONAL REPORTS; AUDITS. (a) For the purpose of determining the accurate tonnage of commercial feed distributed in this state or identify or verify tonnage reports, the service may require each licensee to maintain records or file additional reports.

(b) The service is entitled to examine at reasonable times the records maintained under this section.

(c) Unless otherwise authorized by the service, a licensee shall preserve and maintain the records under this section in usable condition for at least two years. The service may require a licensee to retain the records for a period longer than two years if the service determines it to be in the public interest.

(d) If a licensee is located outside this state, the licensee shall maintain records required under this section in this state or pay all costs incurred in the auditing of the records at another location. The service shall promptly furnish to the licensee an itemized statement of any costs incurred in an out-of-state audit and the licensee shall pay the costs before the 31st day following the date of the statement.

(e) A record or report maintained or filed under this section
Sec. 141.075. DISPOSITION AND USE OF FEES. (a) The service shall deposit fees collected under this subchapter in the same manner that other local institutional fees of The Texas A&M University System are collected. The fees shall be set apart as a special fund known as the Texas feed control fund.

(b) The Texas feed control fund shall be used, with the approval and consent of the board, for administering this chapter, including paying the cost of:

1. equipment and facilities;
2. inspection, sampling, and analysis;
3. licensing;
4. salaries; and
5. publication of bulletins and reports.

(c) Fees collected under this subchapter that, in the judgment of the board, are not needed for the administration of this chapter may be used for research relative to the value of commercial feed.

SUBCHAPTER E. INSPECTION, SAMPLING, AND ANALYSIS

Sec. 141.101. INSPECTION AND SAMPLING; ENTRY POWER. In order to determine if feed is in compliance with this chapter, the service is entitled to:

1. enter during regular business hours and inspect any place of business, mill, plant building, or vehicle and to open any
container, bin, vat or parcel that is used in the manufacture, transportation, importation, sale, or storage of commercial feed or is suspected of containing a commercial feed; and

(2) take samples from feed found during that inspection.

Sec. 141.102. PROCEDURE FOR SAMPLING AND ANALYSIS. The service by rule shall prescribe the procedures for sampling and analysis of commercial feed. The procedures must, to the extent practicable, be in accordance with the official methods of the Association of Official Analytical Chemists or other methods that the service determines authentic by research and investigation.

Sec. 141.103. IDENTIFICATION OF SAMPLE. (a) Each sample taken shall be sealed with a label placed on the container of the sample showing:

(1) the serial number of the sample;
(2) the date on which the sample was taken; and
(3) the signature of the person who took the sample.

(b) Each sample shall be sent to the service. In addition, a report shall be sent to the service stating:

(1) the name or brand of the commercial feed or material sampled;
(2) the serial number of the sample;
(3) the manufacturer or guarantor of the lot sampled, if known;
(4) the name of the person in possession of the lot sampled;
(5) the date and place of taking the sample; and
(6) the name of the person who took the sample.

(c) For the purpose of properly identifying a sample with the lot sampled, the service is entitled to examine and copy any invoice,
transportation record, or other record pertaining to the lot.

Sec. 141.104. INDEPENDENT ANALYSIS OF SAMPLE. (a) If the service finds through chemical analysis or another method that a commercial feed is in violation of a provision of this chapter, the service shall notify the manufacturer or other person who caused the feed to be distributed. The notice must be in writing and give full details of the service's findings.

(b) A person who receives a notice under this section may request that the service submit portions of the sample analyzed to other chemists for independent analysis. After receiving a request, the service shall submit two portions of the sample analyzed to two qualified chemists selected by the service. If requested, the service shall also submit one portion of the sample to the person requesting independent analysis. A request under this subsection must be filed with the service before the 16th day following the day on which the notice is given under Subsection (a) of this section.

(c) Each of the chemists selected by the service shall analyze the portion of the sample and certify findings to the service under oath. The findings shall be prepared in duplicate and the service shall forward one copy of each chemist's findings to the person who requested the independent analysis.

(d) The three chemical analyses obtained under this section may be considered in determining whether a violation of this chapter has occurred.

(e) Except as provided by this subsection, the person requesting independent analysis shall pay the cost of the analysis. If, as a result of the independent analysis, the service determines that a violation has not occurred, the service shall pay the cost of the analysis.

SUBCHAPTER F. ENFORCEMENT; REMEDIES

Sec. 141.121. STOP-SALE ORDER. (a) If the service has reasonable cause to believe that a commercial feed is being distributed in violation of a provision of this chapter, the service shall affix to the container of the feed a written notice containing:

(1) an order to stop the sale of the feed; and
(2) a warning to all persons not to dispose of the feed in any manner until the service or a court gives permission or until the stop-sale order expires.

(b) If the service finds that the commercial feed is in compliance with this chapter, the service shall immediately remove the stop-sale order.

(c) A stop-sale order expires at the end of the 30th day following the day on which it was affixed unless, prior to that time, the service has instituted proceedings under Section 141.122 of this code to condemn the feed.

Sec. 141.122. CONDEMNATION OF FEED. (a) If, after examination and analysis, the service finds that a commercial feed subject to a stop-sale order is in violation of a provision of this chapter, the service shall petition the district or county court in whose jurisdiction the feed is located for an order for the condemnation and confiscation of the feed. If the court determines that the feed is in violation of this chapter, the feed shall be disposed of by sale or destruction in accordance with the order of the court.

(b) If a condemned commercial feed is sold under Subsection (a) of this section, the proceeds of the sale, less court costs and charges, shall be paid into the state treasury.

(c) If the court finds that a violation of this chapter may be corrected by proper processing or labeling, the court may order that the feed be delivered to the licensee of the feed for processing or labeling under the supervision of the service. Before entering that order, the court shall:

(1) enter the decree;
(2) require that all costs, fees, and expenses be paid; and

(3) require the licensee of the feed to post good and sufficient bond conditioned on the proper labeling and processing of the feed.

(d) The licensee of the feed shall pay all costs incurred by the service in the supervision of labeling or processing under Subsection (c) of this section. The court shall return the bond to the licensee when the service notifies the court that the commercial feed is no longer in violation of this chapter and that the licensee has paid the expenses of supervision.

Sec. 141.123. WARNINGS. If the service determines that a violation of this chapter is of a minor nature and that the public interest will be served and protected by the issuance of a written warning, the service may issue the warning instead of proceeding to condemn the feed, reporting the violation for prosecution, or taking other administrative action.

Sec. 141.124. INJUNCTION. (a) The service may sue in the name of the director to enjoin a violation of this chapter.

(b) The service may request a prosecuting attorney or the attorney general to sue to enjoin a violation or threatened violation of this chapter.

Added by Acts 1983, 68th Leg., p. 1876, ch. 349, art. 2, Sec. 8, eff. Sept. 1, 1983.

Sec. 141.125. SUIT TO RECOVER FEES. The service may sue to
recover an inspection fee or a penalty due under Subchapter D of this chapter. Venue for a suit under this section is in Brazos County.

Sec. 141.126. PROSECUTIONS. Each district attorney, criminal district attorney, or county attorney to whom the service reports a violation of this chapter shall cause appropriate proceedings to be instituted and prosecuted in the proper court without delay in the manner provided by law.

Sec. 141.127. VENUE FOR CIVIL AND CRIMINAL ACTIONS. Except as provided by Section 141.125 of this code, venue for a civil action or criminal prosecution under this chapter is in the county in which the commercial feed is located at the time the alleged violation is discovered by or made known to the service.

Sec. 141.128. APPEAL OF ADMINISTRATIVE ORDER OR RULING. (a) A person at interest who is aggrieved by an order or ruling of the service may appeal the order or ruling in the manner provided for contested cases by Chapter 2001, Government Code.

(b) An appeal under this section is by trial de novo.

Renumbered from Sec. 141.127 and amended by Acts 1983, 68th Leg., p. 1876, ch. 349, art. 2, Sec. 8, eff. Sept. 1, 1983. Amended by Acts 1995, 74th Leg., ch. 76, Sec. 5.95(49), eff. Sept. 1, 1995.
SUBCHAPTER G. PENALTIES

Sec. 141.141. GENERAL PENALTY. (a) A person commits an offense if the person violates a provision of this chapter.

(b) An offense under this section is a Class C misdemeanor unless it is shown that the person has previously been convicted of an offense under this subchapter, in which event it is a Class B misdemeanor.

Sec. 143.025. SUBSEQUENT ELECTIONS TO ADOPT SUBCHAPTER. (a) Except as provided by Subsection (b) of this section, if this subchapter is not adopted at an election, another election for that purpose may not be held in the county or area in which the election was held earlier than one year after the date of the election.

(b) Defeat of adoption of this subchapter at a countywide election does not prevent another election for that purpose from being held immediately thereafter for an area within the county. Defeat of adoption of this subchapter at an election held in an area
within a county does not prevent a countywide election for that purpose from being held immediately thereafter.

Sec. 143.026. REPEAL. (a) The freeholders of a county or an area in which this subchapter has been adopted may petition the commissioners court to conduct an election for repeal of that adoption. The petition must be signed by a majority of the freeholders who are qualified voters in the county or area subject to this subchapter.

(b) An election under this section shall be ordered and conducted, the returns shall be made, and the results shall be declared in the same manner provided by this subchapter for an election to adopt this subchapter.

(c) An election under this section may not be held earlier than two years after the date of the last election under this subchapter in the applicable county or area.

(d) If at an election under this section a majority of the votes are cast for allowing the named animals to run at large, after the expiration of 180 days after the date of the proclamation of results a person may permit an animal of the class mentioned in the proclamation to run at large in the county or area in which the election was held. If a majority of the votes are cast against letting the named animals run at large, the operation of this subchapter in the county or area is not affected.

Sec. 143.027. EXTENSION OF SUBCHAPTER TO ADJOINING AREA BY ORDER. A commissioners court by order shall extend application of this subchapter to territory that is between two areas of the county that have adopted this subchapter or is adjacent to an area, in that county or in another county, that has adopted this subchapter if:

(1) there are fewer than 20 freeholders in the territory and a majority of the owners of the land in the territory petition the court to extend application of this subchapter to that area;

(2) there are no freeholders in the territory and the owners of the land petition the commissioners court to extend
application of this subchapter to that territory; or

(3) a person who owns land that is adjacent to land to which this subchapter has been extended petitions the court to extend application of this subchapter to that person's land.

Sec. 143.028. FENCES. (a) A person is not required to fence against animals that are not permitted to run at large. Except as otherwise provided by this section, a fence is sufficient for purposes of this chapter if it is sufficient to keep out ordinary livestock permitted to run at large.

(b) In order to be sufficient, a fence must be at least four feet high and comply with the following requirements:

(1) a barbed wire fence must consist of three wires on posts no more than 30 feet apart, with one or more stays between every two posts;

(2) a picket fence must consist of pickets that are not more than six inches apart;

(3) a board fence must consist of three boards not less than five inches wide and one inch thick; and

(4) a rail fence must consist of four rails.

(c) The freeholders of the county or area may petition the commissioners court for an election to determine whether three barbed wires without a board are to constitute a sufficient fence in the county or area. The election shall be conducted in the same manner and is governed by the same provisions of this subchapter provided for elections on the adoption of this subchapter.

Sec. 143.033. INJURY TO TRESPASSING ANIMAL. If a person whose fence is insufficient under this subchapter maims, wounds, or kills a head of cattle or a horse, mule, jack, jennet, sheep, or goat, or procures the maiming, wounding, or killing of one of those animals, by any means, including a gun or a dog, the person is liable to the owner of the animal for damages. This section does not authorize a person to maim, wound, or kill any horse, mule, jack, jennet, sheep, goat, or head of cattle of another person.
Sec. 143.034. PENALTY. (a) A person commits an offense if the person knowingly:

(1) turns out or causes to be turned out on land that does not belong to or is not under the control of the person an animal that is prohibited from running at large under this subchapter;

(2) fails or refuses to keep up an animal that is prohibited from running at large under this subchapter;

(3) allows an animal to trespass on the land of another in an area or county in which the animal is prohibited from running at large under this subchapter; or

(4) as owner, agent, or person in control of the animal, permits an animal to run at large in an area or county in which the animal is prohibited from running at large under this subchapter.

(b) An offense under this section is a Class C misdemeanor.

SUBCHAPTER C. LOCAL OPTION LIMITED FREE RANGE FOR HOGS

Sec. 143.051. PETITION FOR ELECTION. (a) The freeholders of a county or an area that has adopted Subchapter B of this chapter or the freeholders of an area that is between two areas of a county that have adopted Subchapter B of this chapter may petition the commissioners court to conduct an election for the purpose of determining whether hogs are to be permitted to run at large in the county or area for a period beginning on November 15 of each year and ending on February 15 of the following year.

(b) A petition for a countywide election must be signed by at least 50 freeholders. A petition for an election in an area of a county that has adopted Subchapter B of this chapter must be signed by at least 20 freeholders. A petition for an election in an area that is between two areas that have adopted Subchapter B of this chapter and in which there are fewer than 50 freeholders must be...
signed by a majority of the freeholders in the area.

(c) If the election is to be less than countywide, the petition must describe the boundaries of the area in which the election is to be held in the same manner as the description provided for the election on adoption of Subchapter B of this chapter.

Sec. 143.052. ELECTION ORDERS. (a) After receiving a petition under this subchapter, the commissioners court shall order an election to be held throughout the county or in the petitioning area, as determined by the petition. The order may be entered at a regular or special meeting of the court and shall designate a date for the election that is not less than 30 days after the date of the order.

(b) Immediately after passage of a commissioners court order for an election, the county judge shall issue an order for the election that specifies:

(1) the petition and action of the commissioners court;
(2) the classes of animals that are to be allowed a limited period of free range;
(3) the period in which the animals are to have free range;
(4) the territorial limits of the area to be affected;
(5) the day of the election; and
(6) the location of the polls.

(c) The county judge shall give public notice of the election in the manner provided by Section 143.022 of this code for an election on the adoption of Subchapter B of this chapter.

Sec. 143.053. ELECTION. (a) Except as provided by this section, the election shall be conducted, the returns made, and the results declared in accordance with Section 143.023 of this code and the laws regulating general elections.

(b) The ballots for the election shall be printed to provide for voting for or against the proposition, "The limited period of free range for hogs."

Sec. 143.054. EFFECT OF ELECTION. If a majority of the votes cast are for the limited period of free range for hogs, after the 10th day following the date on which the proclamation is issued a person may permit hogs to run at large in the county or area in which the election was held during the period beginning on November 15 of each year and ending on February 15 of the following year.

Sec. 143.055. SUBSEQUENT ELECTIONS TO ADOPT OR REPEAL FREE RANGE. (a) Except as provided by Subsection (b) of this section, if an election is held under this subchapter another election for the purpose of adopting or repealing the limited period of free range may not be held in that county or area within two years after the date of the election.

(b) If the limited period of free range is defeated at a countywide election, this section does not prohibit another election on the proposition from being held immediately thereafter for an area within the county. If the limited period of free range is defeated at an election in an area within a county, no other election covering that area may be held except an election in the same area, which must be held at least one year after the prior election.

(c) If at a subsequent election in a county or area that has adopted the limited period of free range the majority of votes are cast against the proposition, the limited period of free range is repealed and a person may not permit hogs to run at large in that county or area effective on the 11th day following the day on which the proclamation is issued. If the majority of the votes are cast for the proposition, the operation of the limited period of free range is not affected.

Sec. 143.056. COMBINED ELECTIONS. An election under this subchapter may be held at the same time as an election under Subchapter B of this chapter, but the propositions must be submitted and voted on as separate issues and the returns and proclamations of
results must be separate for each proposition.

SUBCHAPTER D. LOCAL OPTION TO PREVENT CATTLE OR DOMESTIC TURKEYS FROM RUNNING AT LARGE

Sec. 143.071. PETITION FOR ELECTION. (a) In accordance with this section, the freeholders of a county or an area within a county may petition commissioners court to conduct an election for the purpose of determining if cattle are to be permitted to run at large in the county or area.

(b) The freeholders of any political subdivision of Bastrop, Blanco, Clay, Collin, DeWitt, Gonzales, Gillespie, Guadalupe, Parker, or Wise County may petition the commissioners court to conduct an election in the subdivision for the purpose of determining if domestic turkeys are to be permitted to run at large in the subdivision.

(c) A petition for a countywide election on the running at large of cattle must be signed by at least 35 freeholders. Except as provided by Subsection (d) of this section, a petition for an election on the running at large of cattle in an area within a county must be signed by at least 15 freeholders. A petition for an election on the running at large of domestic turkeys must be signed by at least 25 freeholders.

(d) A petition for an election in an area may be signed by a majority of the freeholders in the area if the area has fewer than 50 freeholders and is between two areas of the county that have previously adopted this subchapter.

(e) A petition must:

(1) clearly state each class of animal that the petitioners seek to prohibit from running at large; and

(2) describe the boundaries of the area in which the election is to be held, if the election is to be less than countywide.

Sec. 143.072. EXCEPTIONS; COUNTYWIDE ELECTIONS. The following counties may not conduct a countywide election on the running at large.

Sec. 143.073. ELECTION. (a) Except as provided by this section, the election is governed by Sections 143.022 and 143.023 of this code.

(b) The ballot shall be printed to provide for voting for or against the proposition: "Adoption of the stock law."

(c) The county judge shall open, tabulate, and count the returns in the presence of the county clerk and at least one justice of the peace of the county or in the presence of at least two respectable freeholders of the county. Following that, an order showing the results of the election shall be recorded in the minutes of the commissioners court. The order is prima facie evidence that the requirements of this chapter have been complied with in relation to presenting the petition, ordering the election by the commissioners court, giving notice, holding the election, counting and returning votes, and declaring the results. If the result is in favor of the proposition, after the expiration of 30 days after the date of the order, the order is prima facie evidence that the proclamation required by law has been made and published.

Sec. 143.074. EFFECT OF ELECTION; ADOPTION OF SUBCHAPTER. (a) If a majority of the votes cast in an election are for the proposition, this subchapter is adopted and, after the 30th day following the date on which the proclamation of results is issued, a person may not permit any animal of the class mentioned in the proclamation to run at large in the county or area in which the election was held.

(b) Sections 143.077-143.082 of this code apply only in a county or area in which this subchapter has been adopted.

Sec. 143.075. SUBSEQUENT ELECTIONS TO ADOPT SUBCHAPTER. (a) Except as provided by Subsection (b) of this section, if this subchapter is not adopted at an election, no other election for that purpose may be held in the county or area in which the election was held within one year after the date of the election.

(b) If adoption of this subchapter is defeated at a countywide election, this section does not prohibit another election on the proposition from being held immediately thereafter for an area within the county. If adoption of this subchapter is defeated at an election in an area within a county, no other election covering that area may be held except an election in the same area, which must be held at least one year after the prior election.

Sec. 143.076. REPEAL. (a) In accordance with this section, the freeholders of a county or an area in which this subchapter has been adopted may petition the commissioners court to conduct an election for repeal of that adoption.

(b) A petition for a countywide election must be signed by at least 200 freeholders of the county, including 24 freeholders from each justice precinct. A petition for an election in an area within a county must be signed by at least 50 freeholders of the area.

(c) Except as provided by this section, the election is governed by the provisions of this subchapter relating to the original election.

(d) If this subchapter has been adopted for the entire county, it may not be repealed for an area within the county unless two-thirds of the votes cast at a countywide election favor repeal for that area.

Sec. 143.077. FENCES. A fence is sufficient for purposes of this chapter if it is sufficient to keep out the classes of animals not affected by this subchapter.
Sec. 143.082. PENALTY. (a) A person commits an offense if the person knowingly permits a head of cattle or a domestic turkey to run at large in a county or area that has adopted this subchapter.

(b) An offense under this section is a Class C misdemeanor.

Amended by Acts 1987, 70th Leg., ch. 51, Sec. 3, eff. Sept. 1, 1987.

Sec. 143.122. REMOVAL OF FENCE BY OWNER. A person who owns an interest in a fence attached to a fence owned in whole or in part by another person is entitled to withdraw his or her fence from the other fence after giving six months' notice of the intended separation. Sec. 143.123. REQUIRING REMOVAL OF FENCE BY ANOTHER PERSON. A person who is the owner of a fence that is wholly on that person's land may require the owner of an attached fence to disconnect and withdraw the attached fence by giving six months' notice of the required disconnection. The notice must be in writing and given to the owner of the attached fence or that person's agent, attorney, or lessee.

Sec. 147.005. DEPOSIT OF PROCEEDS IN DISPUTE. **SUBCHAPTER B. BOND**

Sec. 147.021. BOND REQUIRED. Before engaging in business as a commission merchant, a person shall file a bond with the county judge of the county of the commission merchant's principal place of business.

Sec. 147.022. TERMS AND CONDITIONS OF BOND. (a) Each bond filed under this chapter must be:

(1) signed by a solvent surety company authorized to do business in this state and having a paid-up capital of at least $500,000;

(2) payable to the county judge of the county of the commission merchant's principal office or place of business as trustee for all persons who may be entitled to recover under the bond; and

(3) conditioned that the commission merchant will comply with the requirements of this chapter and will well and truly perform all agreements entered into with a consignor or owner of livestock, or with a person holding a lien on livestock, in relation to receiving, handling, and selling the livestock and remitting the net proceeds of a sale.

(b) Each bond must contain a provision requiring that, in order to terminate a bond, the terminating party must give at least 10 days' written notice to the county judge prior to the termination.

Sec. 147.023. AMOUNT OF BOND. (a) Except as otherwise
provided by this section, the amount of each commission merchant's bond must be equal to the nearest multiple of $1,000 that is more than twice the average amount of the commission merchant's sales and purchases of livestock on a business day during the preceding year or portion of a year in which the person engaged in business as a commission merchant. The average amount of sales and purchases for one day is determined by dividing the total sales and purchases for the preceding year by 308, regardless of the actual number of business days.

(b) A bond may not be in an amount less than $2,000.
(c) If the amount equal to twice the average sales and purchases of a commission merchant on a business day exceeds $50,000, the bond must be in an amount equal to $50,000 plus 10 percent of the amount of sales and purchases in excess of $50,000.
(d) If prior to filing bond a person has no previous sales and purchases on which to determine the amount of the bond, the bond must be in an amount adequate to cover the probable volume of business to be done by that person, as determined by the county judge of the county of the commission merchant's principal place of business. After that person has engaged in business as a commission merchant for one year, the amount of the bond shall be determined as otherwise provided by this section.
(e) If in the judgment of the county judge the condition of the business of a livestock commission merchant renders the bond inadequate, the county judge shall notify the livestock commission merchant and the commission merchant shall increase the bond to an amount determined adequate by the county judge.

Sec. 147.024. MORE THAN ONE PERSON UNDER SINGLE BOND. (a) If two or more commission merchants are employees or agents solely for one person, they may be covered by a single bond in an amount determined under Section 147.023 of this code on the basis of combined purchases and sales.
(b) Two or more commission merchants not subject to Subsection (a) of this section may be covered under a single bond in an amount not less than the aggregate amount of individual bonds required under Section 147.023 of this code.
Sec. 147.025. APPROVAL OF BOND BY COUNTY JUDGE. (a) The county judge shall carefully examine each commission merchant's bond and shall approve a bond if satisfied that it conforms to the requirements of this subchapter.

(b) Before approving the bond of a livestock commission merchant, the county judge shall obtain certified data relating to the surety company from the commissioner of insurance.

Sec. 147.026. RECORDING OF BOND AND STATEMENT OF SALES. (a) The county judge shall file each commission merchant's bond with the county clerk, who shall record the bond at length in records maintained for that purpose labeled "Bonds of Livestock Commission Merchants" or "Bonds of Livestock Auction Commission Merchants," as applicable. The records must be properly indexed.

(b) If the person filing the bond is a livestock commission merchant, the person shall also file a sworn statement with the county judge setting forth the average daily sales of the person for the preceding year. The county clerk shall record the statement in the same manner as the bond.

(c) The county clerk shall file the original bond and sworn statement of a livestock commission merchant in the clerk's office.

Sec. 147.027. COMMISSION MERCHANT'S COPY OF BOND. As soon as practicable after the recording of a bond, a commission merchant shall request, and the county clerk shall provide, a certified copy of the bond. The commission merchant shall post that copy in a conspicuous place in the main office of the commission merchant's principal place of business.
Sec. 147.028.  SUIT ON BOND.  (a) Any person damaged by breach of a condition of a bond may bring suit and recover under the bond. The suit shall be brought in the county in which the bond is filed.  
(b) A bond is not void on first recovery and may be sued on until the total amount is exhausted. If a bond is reduced by one-half, the commission merchant shall file a new bond, conditioned as provided by this subchapter for the original bond, in an amount necessary to restore the bond to the amount required by Section 147.023 of this code.

Sec. 147.029.  INSOLVENCY OF SURETY.  If the county judge discovers that the surety on a bond is insolvent or determines that the surety is financially unable to make the bond sufficient, the county judge shall notify the commission merchant and the commission merchant shall execute a new bond in accordance with the requirements for the original bond.

The driver shall keep that record in the driver's possession while transporting the livestock and shall exhibit the record on demand of any peace officer.

(b) If transfer of possession of the livestock is accomplished
after normal banking hours, the purchaser shall make payment no later than the close of the first business day following the transfer of possession.

Sec. 148.023. AGREEMENT ON TIME AND METHOD OF PAYMENT. (a) The purchaser and seller of cattle, sheep, goats, or hogs, or other expressly authorized agents, may agree in writing on a method of payment other than that provided by Section 148.022 of this code.

(a) If an animal, its carcass, or its products is under a lien and is commingled with other livestock, carcasses, or products so that the identity is lost, the lien extends to all of the commingled animals, carcasses, or products as if the lien had been perfected originally in all of them.

(b) Each lien extended under this section is on a parity with any other lien extended under this section.

(c) A lien extended under this section is not enforceable against a person without actual knowledge of the lien who purchases one or more of the carcasses or products in the ordinary course of trade or business from the party who commingled the carcasses or products, nor against a subsequent transferee from that purchaser, but is enforceable against the proceeds of that sale.

Sec. 148.028. PRIORITY OF LIEN. A lien under this subchapter has priority over any other lien or perfected security interest in
the animal, its carcass, its products, or proceeds from the sale of the animal, its carcass, or its products.

(d) If the quarantine regulates or prohibits the movement of a carrier or potential carrier of a disease, the commission may prescribe any exceptions, terms, conditions, or provisions that the commission considers necessary or desirable to promote the objectives of this chapter or to minimize the economic impact of the quarantine without endangering those objectives or the health and safety of the public. Any exceptions, terms, conditions, or provisions prescribed under this subsection must be stated in the quarantine notice.

Sec. 161.064. EFFECT OF QUARANTINE. Sec. 161.148. ADMINISTRATIVE PENALTY. (a) The commission may impose an administrative penalty against a person who violates a rule or order adopted under this subtitle.

(b) The penalty for a violation may be in an amount not to exceed $1,000. Each day a violation continues or occurs is a separate violation for purposes of imposing a penalty. The amount of the penalty shall not be based on a per head basis.

(c) The amount of the penalty shall be based on:

(1) the seriousness of the violation, including the nature,
circumstances, extent, and gravity of any prohibited acts, and the
hazard or potential hazard created to the health, safety, or economic
welfare of the public;

(2) the economic harm to property or the environment caused
by the violation;

(3) the history of previous violations;
(4) the amount necessary to deter future violations;
(5) efforts to correct the violation; and
(6) any other matter that justice may require.

(d) An executive director who determines that a violation has
occurred may issue to the commission a report that states the facts
on which the determination is based and the director's recommendation
on the imposition of a penalty, including a recommendation on the
amount of the penalty.

(e) Within 14 days after the date the report is issued, the
executive director shall give written notice of the report to the
person. The notice may be given by certified mail. The notice must
include a brief summary of the alleged violation and a statement of
the amount of the recommended penalty and must inform the person that
the person has a right to a hearing on the occurrence of the
violation, the amount of the penalty, or both the occurrence of the
violation and the amount of the penalty.

(f) Within 20 days after the date the person receives the
notice, the person in writing may accept the determination and
recommended penalty of the executive director or may make a written
request for a hearing on the occurrence of the violation, the amount
of the penalty, or both the occurrence of the violation and the
amount of the penalty.

(g) If the person accepts the determination and recommended
penalty of the executive director, the commission by order shall
approve the determination and impose the recommended penalty.

(h) If the person requests a hearing or fails to respond timely
to the notice, the executive director shall set a hearing and give
notice of the hearing to the person. The hearing shall be held by an
administrative law judge of the State Office of Administrative
Hearings. The administrative law judge shall make findings of fact
and conclusions of law and promptly issue to the commission a
proposal for a decision about the occurrence of the violation and the
amount of a proposed penalty. Based on the findings of fact,
conclusions of law, and proposal for a decision, the commission by
order may find that a violation has occurred and impose a penalty or may find that no violation occurred.

(i) The notice of the commission's order given to the person under Chapter 2001, Government Code, must include a statement of the right of the person to judicial review of the order.

(j) Within 30 days after the date the commission's order becomes final as provided by Section 2001.144, Government Code, the person shall:

1. pay the amount of the penalty;
2. pay the amount of the penalty and file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty; or
3. without paying the amount of the penalty, file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(k) Within the 30-day period, a person who acts under Subsection (j)(3) of this section may:

1. stay enforcement of the penalty by:
   A. paying the amount of the penalty to the court for placement in an escrow account; or
   B. giving to the court a supersedeas bond that is approved by the court for the amount of the penalty and that is effective until all judicial review of the board's order is final; or
2. request the court to stay enforcement of the penalty by:
   A. filing with the court a sworn affidavit of the person stating that the person is financially unable to pay the amount of the penalty and is financially unable to give the supersedeas bond; and
   B. giving a copy of the affidavit to the executive director by certified mail.

1. An executive director who receives a copy of an affidavit under Subsection (k)(2) of this section may file with the court, within five days after the date the copy is received, a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are
true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the amount of the penalty and to give a supersedeas bond.

(m) If the person does not pay the amount of the penalty and the enforcement of the penalty is not stayed, the executive director may refer the matter to the attorney general for collection of the amount of the penalty.

(n) Judicial review of the order of the commission:
   (1) is instituted by filing a petition as provided by Subchapter G, Chapter 2001, Government Code; and
   (2) is under the substantial evidence rule.

(o) If the court sustains the occurrence of the violation, the court may uphold or reduce the amount of the penalty and order the person to pay the full or reduced amount of the penalty. If the court does not sustain the occurrence of the violation, the court shall order that no penalty is owed.

(p) When the judgment of the court becomes final, the court shall proceed under this subsection. If the person paid the amount of the penalty and if that amount is reduced or is not upheld by the court, the court shall order that the appropriate amount plus accrued interest be remitted to the person. The rate of the interest is the rate charged on loans to depository institutions by the New York Federal Reserve Bank, and the interest shall be paid for the period beginning on the date the penalty was paid and ending on the date the penalty is remitted. If the person gave a supersedeas bond and if the amount of the penalty is not upheld by the court, the court shall order the release of the bond. If the person gave a supersedeas bond and if the amount of the penalty is reduced, the court shall order the release of the bond after the person pays the amount.

(q) A penalty collected under this section shall be remitted to the comptroller for deposit in the general revenue fund.

(r) All proceedings under this section are subject to Chapter 2001, Government Code.

Added by Acts 1995, 74th Leg., ch. 554, Sec. 28, eff. Sept. 1, 1995.

CHAPTER 163. BRUCELLOSIS CONTROL

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 163.001. DEFINITIONS. (a) In this chapter:

(1) "Caretaker" has the meaning assigned by Section 161.002 of this code.

(2) "Commission" means the Texas Animal Health Commission.

(b) References to cattle in this chapter shall be construed to include all or part of the carcasses of cattle.

Sec. 163.002. COOPERATIVE PROGRAM. In order to bring about effective control of bovine brucellosis, to allow Texas cattle to move in interstate and international commerce with the fewest possible restrictions, and to accomplish those purposes in the most effective, practical, and expeditious manner, the commission may enforce this chapter and enter into cooperative agreements with the United States Department of Agriculture.

Sec. 163.003. FEES. The commission may establish fees in amounts necessary to cover the cost of administering this chapter when combined with funds received from other sources.

SUBCHAPTER B. BRUCELLOSIS CONTROL AREAS

Sec. 163.021. CLASSIFICATION OF AREAS. (a) The commission by rule may prescribe criteria for classifying areas in the state for purposes of brucellosis control. The commission may prescribe
differing control measures and procedures according to the classification of the areas. The classifications shall be based on criteria that use sound epidemiological principles and are similar to the criteria provided by federal brucellosis control regulations.

(b) The commission by rule may designate as a particular classification any area consisting of one county or two or more contiguous counties. The designation of an area for state purposes need not be the same as the designation of the area for federal purposes.

SUBCHAPTER D. ENFORCEMENT

Sec. 163.061. RULES; REPORTS. Following notice and a hearing, the commission may adopt rules and require reports and records as necessary to carry out Subchapters A-D of this chapter, including rules, reports, and records that relate to the testing or vaccination of cattle or to the movement of cattle into and within an area.

Sec. 163.062. EMPLOYEES. The commission may employ personnel, including veterinarians, inspectors, stenographers, and clerks, as necessary to the enforcement of Subchapters A-D of this chapter or the performance of duties under those subchapters. The commission may assign to those employees any duty under those subchapters.

Sec. 163.063. ENTRY POWER. (a) A representative of the commission, including a member of the commission, is entitled to enter any public or private property for the exercise of authority or performance of a duty under Subchapters A-D of this chapter.

(b) A representative of the commission under Subsection (a) of
Sec. 163.064. TESTING AND VACCINATION. (a) Only a person approved by the commission may perform testing and vaccinating for brucellosis, regardless of whether the person is a veterinarian.

(b) The commission by rule shall prescribe criteria for classifying cattle as negative, infected with brucellosis, or suspected of being infected with brucellosis. Each classification must be based on the testing of cattle. The testing may include serological testing, microbiological culturing of blood, tissue, secretions, or excretions, or both.

(c) The commission may by rule regulate and require the vaccination of female cattle within all or any of the area classifications. Among other rules, the commission may adopt rules providing for:

(1) the identification of cattle to be vaccinated;
(2) approval of the vaccine used; and
(3) the method of administering the vaccine.

(d) The commission by rule may regulate the sale and use of brucellosis antigens and vaccines. A person may not sell a brucellosis antigen or vaccine unless the antigen or vaccine is approved by the commission. A person may not administer a brucellosis antigen or vaccine unless the antigen or vaccine is approved by the commission and the person is authorized by the commission to administer the antigen or vaccine.

animal is located. Among other requirements, the commission may require the person performing the test to:

(1) furnish the owner of the animal with written data showing that the animal is infected;
(2) fire brand the animal on the left jaw with the letter "B";
(3) place an approved, numbered identification on the animal; and
(4) report the identification number in writing to the commission.

(b) If an animal shows evidence of infection, the herd of which it is a part shall also be handled in accordance with the rules of the commission, which may provide for:

(1) quarantines;
(2) the manner, method, and system of disposing of reactor cattle;
(3) the testing and retesting of the herd; or
(4) other measures, such as quarantine only, where the animals from the herd are sold exclusively for slaughter and where the commission's rules are in compliance with the current requirements of the Brucellosis Eradication Uniform Methods and Rules of the cooperative state-federal brucellosis eradication program.

Sec. 163.066. REGULATION OF MOVEMENT OF CATTLE; EXCEPTION.
(a) As a control measure, the commission by rule may regulate the movement of cattle. The commission may restrict the intrastate movement of cattle even though the movement of the cattle is unrestricted in interstate or international commerce. The commission may require testing, vaccination, or another procedure that is epidemiologically sound before or following the movement of cattle.

(b) The commission may not adopt a rule that prohibits a person from moving cattle owned by that person within unquarantined contiguous lands owned or controlled by that person.

(c) Any restriction on the movement of cattle imposed under provisions of this chapter may be modified or set aside by the
commission upon application by the cattle owner, provided that the owner can show impending unusual hardship resulting from such restriction. Contributory factors may include but are not limited to prolonged drought, inadequacy of pasturage or usual feed supply resulting from disaster or other unforeseeable circumstance, or economic hardship of the cattle owner; provided that individual animals under restriction shall be handled in a manner to be prescribed by the commission.

Sec. 163.069. INDIVIDUAL HERD PLANS. (a) The commission by rule may provide for the handling and treatment of individual herds in which testing or epidemiology has produced evidence of infection or which was adjacent to a herd in which infection is found. Each plan shall be designed to aid the caretaker of the herd in preventing or reducing spread of the infection and in eliminating the infection.

(b) Each herd plan must be based on sound epidemiological principles and the classification of the area in which the herd is located. In prescribing a herd plan, the commission may consider, among other items:

(1) the risk of the infection spreading to other herds;
(2) the cost to other herd owners resulting from spread of the infection;
(3) the extent of infection and of possible exposure within the herd;
(4) the type of cattle operation conducted by the herd's caretaker; and
(5) the conditions affecting the economics and management of the herd.

Added by Acts 1983, 68th Leg., 1st C.S., p. 21, ch. 3, Sec. 9, eff. June 27, 1983.

Sec. 163.070. REQUIRED ASSISTANCE. If ordered by the commission or its representative, the owner or caretaker of cattle shall submit the cattle and furnish labor and facilities used in
normal operation in order that the cattle may be tested, vaccinated, or otherwise handled in accordance with the rules of the commission.

(1) actually infected with scabies; or

(2) in a herd in which scabies infection is present.

(b) Except as provided by Subsection (c) of this section, cattle or sheep are exposed to scabies for purposes of this chapter if:

(c) Cattle or sheep are not exposed to scabies under Subsection (b) of this section if the place or plant has been disinfected since the infected cattle or sheep were removed. This subsection does not exempt the cattle or sheep from dipping required by this chapter.

(d) If an inspector determines that a scabies infection exists among cattle, sheep, or goats or that cattle, sheep, or goats have been exposed to scabies, the infection or exposure is considered to continue until the commission determines that the infection or exposure has been eradicated through methods prescribed by rule of the commission.

LIVESTOCK. (a) The commission may designate a stockyard that is in
the tick eradication area or in the free area and is open to the public for yarding, marketing, and selling livestock as a facility to handle intrastate movements of livestock certified by an inspector to be free from ticks or exposure to ticks. A stockyard so designated shall provide tick-free facilities for the handling of that livestock in accordance with this subchapter.

(b) A designation under this section is effective for 24 months following the day on which notice is served, and the commission may redesignate a facility for the purpose of this section.

(b) A person to whom a notice is directed may request a hearing for the purpose of protesting the designation in the manner provided by Section 167.053 for requesting a hearing on an order to treat. The commission shall grant the hearing and give notice of its decision in the manner provided by that section.

(c) A person whose protest is overruled shall complete the work required to provide tick-free facilities not later than the 60th day following the day on which the person receives notice of the commission's decision.

without being subject to exposure to ticks.

(b) In accordance with Subsection (a) of this section, the owner or operator shall maintain tick-free scales, entrances, exits, pens, and territory immediately surrounding the pens.

(c) The stockyard company, owner or operator, or other person in control of a stockyard may not discriminate between interstate and intrastate handling of livestock.

SUBCHAPTER E. ENFORCEMENT

Sec. 167.101. INSPECTORS. (a) The commissioners court of a county in which the commission conducts tick eradication may nominate the number of local inspectors found by the commission to be necessary for tick eradication in that county. The commission shall appoint those persons nominated unless, following appointment of local inspectors, the commission finds that the county is trying to retard tick eradication or is nominating persons who are incompetent or negligent in the performance of duty. In that case, the commission may ignore the nominations of the county.

(b) If a commissioners court fails or refuses to nominate persons as local inspectors, the commission shall appoint local inspectors without nomination.

(c) Local inspectors work under the direction and orders of the commission and are subject to discharge by the commission. The commission shall fix and the state shall pay the salaries of local inspectors, but a county may pay the salary and traveling expenses of a local inspector.

(d) The commission may employ county and district supervising inspectors without nomination by the commissioners courts.

(e) Only an inspector appointed for the purpose may conduct tick eradication or issue permits and certificates certifying animals to be free from ticks or exposure to ticks. An inspector shall issue those permits and certificates in accordance with the rules of the commission.

(b) If an inspector or commissioner desires to be accompanied by a peace officer, the inspector or commissioner shall apply for a search warrant to a magistrate of the county in which the property is located. The magistrate shall issue the search warrant on a showing of probable cause by oath or affirmation.

(c) The search warrant shall describe the place to be entered in a reasonable manner that will enable the person in charge of the property to identify the property described, but the warrant is not required to describe the property by field notes or by metes and bounds. If the applicant for the warrant seeks to enter the property to determine whether animals are on the property, the application for the warrant shall state that. If the warrant is obtained for the purpose of seizing or treating animals, the application and the warrant shall describe the animals and give the approximate number of animals. If any of that information is unknown to the applicant, the application and warrant shall state that the information is unknown.

(d) A search warrant issued under this section authorizes the person to whom it is issued to enter the property for the exercise of an authority or performance of a duty under this chapter and to be accompanied by a peace officer and assistants. In addition, the warrant authorizes the peace officer and the assistants to perform any duty authorized by this chapter.

(e) A search warrant issued under this section permits entry and reentry for the purposes of this section for a period of 60 days beginning on the day on which it is issued. After that period, additional search warrants may be issued as often as necessary.

(a) If a person responsible for treating animals fails to treat the animals at the time and place directed in the order or, prior to a treatment date in the order, states that he or she does not intend to treat the animals, the inspector in charge of tick eradication in that county shall notify a peace officer.

(b) The peace officer shall deputize a sufficient number of assistants, to be designated by the supervising inspector of the county, shall enter the property on which the animals are located, and shall gather and treat the animals under the supervision of an inspector and in accordance with the directions of the commission.

Sec. 167.104. SEIZURE AND DISPOSAL OF ANIMALS RUNNING AT LARGE. (a) An inspector may request a peace officer to seize animals if:

(1) the inspector determines the animals to be running at large or on the open range of a county or part of a county in which the commission is conducting tick eradication under this chapter; and

(2) the inspector is unable to locate the owner or caretaker of the animals.

(b) The peace officer may deputize assistants, shall seize the animals, and shall treat the animals under the supervision of an inspector. The officer shall impound the animals at a place designated by the inspector or otherwise dispose of the animals as necessary for the purpose of tick eradication.

Sec. 167.105. SEIZURE AND DISPOSAL OF ANIMALS MOVED IN VIOLATION OF QUARANTINE. (a) An inspector who discovers animals that are being or have been moved in violation of a quarantine may request a peace officer to seize the animals and:
(1) impound the animals at the expense of the owner; or
(2) if practicable, return the animals at the expense of the owner to the point of origin.

(b) In addition to other expenses, the owner of the seized animals shall pay the officer a fee of $2 and the cost of feeding, watering, and holding the animals.

Sec. 167.106. INJUNCTION; MANDAMUS. (a) The commission or a resident of this state may sue for an injunction to compel compliance with a provision of this chapter or to restrain a threatened violation of a provision of this chapter.

(b) A resident of this state may sue for mandamus against a commissioners court to compel the compliance of that court with the duty of the commissioners court under this chapter.

(c) The commission or a resident of a county or part of a county in which tick eradication is being conducted may sue for permanent or temporary relief to compel a person who is an owner, part owner, or caretaker of animals to treat the animals in accordance with this chapter if the person has failed or refused to treat the animals or has threatened to fail or refuse to treat the animals. If the court finds that the defendant has been served with
an order of the commission to treat the animals, that the animals are subject to treatment, and that the material allegations of the plaintiff's petition are true, the court shall enter an order commanding the defendant to treat the animals in accordance with the directions of the commission at the time and place designated in the order of the commission or in the order of the court. If the defendant fails to comply with the order of the court, the court may hold the defendant in contempt and punish the defendant accordingly and shall order a peace officer to deputize assistants and treat the animals in accordance with the order of the court. The expense of treating the animals and employing the peace officer and assistants shall be taxed against the defendant as a cost of suit.

(d) A court may hear and determine a suit under this section in term or in vacation. Notice of the suit shall be given to the defendant as the court determines justice requires.

Sec. 167.107. SALE OF ANIMALS TREATED OR SEIZED BY PEACE OFFICER. (a) A peace officer who gathers and treats or who seizes and impounds or disposes of animals under Section 167.103, 167.104, or 167.105 is entitled to retain and sell the animals for the purpose of securing payment for the expenses of handling, including the expenses of holding, feeding, and watering the animals.

(b) Not later than the 60th day after the day on which animals are treated or seized, the peace officer may sell at public sale to the highest bidder a number of the animals sufficient to cover the secured expenses. The officer shall conduct the sale at the courthouse door of the county in which the animals are located and shall post notice of the sale at that courthouse door at least five days before the day of the sale.

(c) If any proceeds of the sale remain after deducting the amount to which the peace officer is entitled, the peace officer shall pay those proceeds to the county treasurer subject to the order
of the owner of the animals.

(d) A peace officer who treats animals under Section 167.103 is entitled to act under this section to secure the expenses of each day on which the animals are treated.

Sec. 167.108. LIENS. (a) A peace officer who gathers and treats or who seizes and impounds or disposes of animals under Section 167.103, 167.104, or 167.105 has a lien on the animals for the purpose of securing payment of the officer's fees and the expenses of handling the animals, including the expenses of holding, feeding, and watering the animals and the expenses of paying assistants. Instead of retaining and selling the animals under Section 167.107, the officer may perfect and foreclose a lien granted by this section.

(b) A peace officer who treats animals in accordance with an order of a court under Section 167.106(c), and the peace officer's assistants, have a lien on the animals to secure payment of the expenses and costs of the treatment.

(c) A peace officer may perfect a lien under Subsection (a) by filing a sworn statement of indebtedness with the county clerk of the county in which the animals are located. The statement must describe the animals and must be filed within six months after the treatment or other action of the peace officer giving rise to the lien. The statement may cover a single action or actions over a period of time. If the statement covers actions over a period of time, the statement must be filed within six months after the last treatment or other action giving rise to the lien.

(d) A peace officer may perfect a lien under Subsection (b) by filing a sworn statement covering a single treatment or a number of treatments with the clerk of the district court. The statement must show the number of animals treated and must describe the animals. The statement must be filed within 12 months after each treatment.
(e) A peace officer may foreclose a lien under Subsection (a) by filing suit against the owner of the animals in a court of competent jurisdiction for collection of the account and foreclosure of the lien. The suit must be filed within 24 months after the statement is filed with the county clerk. In the suit, the court may not require a cost bond of the peace officer or any person to whom the peace officer has assigned the account. The court shall enter judgment for the debt, with interest and costs of suit, and for foreclosure of the lien on the number of animals that the court determines necessary to defray the expenses and fees secured.

(f) The court shall foreclose a lien under Subsection (b) of this section after the filing of the statement and shall do so against the number of animals necessary for the payment of the expenses and costs. The court shall order those animals sold as under execution.

(g) If a lien is foreclosed under this section, the remainder of the proceeds of the sale following deduction of expenses and costs shall be paid to the clerk of the court in which the suit is pending and are subject to the order of the owner of the animals.

Sec. 167.109. ADMISSION OF COMMISSION INSTRUMENTS; IDENTIFICATION IN COMPLAINT. (a) A copy of a written instrument issued by the commission is admissible as evidence in any court of this state if the copy is certified by the presiding officer of the commission.

(b) In a prosecution for a violation of this chapter, the state is not required to include in the complaint, information, or indictment a verbatim copy of a written instrument or proclamation, but may allege the issuance and identify it by date of issuance.

(c) In the trial of a civil or criminal case under this chapter, in which a certified copy of a commission written instrument or a proclamation is to be introduced in evidence, the instrument or
proclamation is not required to be filed with the papers of the cause and the party introducing it is not required to give notice of it to the other party.

Sec. 167.110. PRESUMPTION OF EXISTENCE OR SUFFICIENCY OF TREATMENT. (a) In the trial of any case under this chapter in connection with the treatment of animals or the failure to treat animals, it is presumed that:

(1) the treatment contained a sufficient amount of treatment chemical and the treatment chemical had been properly tested; or

(2) the treatment chemical could have and would have been put into the treatment facility and tested if the owner or caretaker had brought the animals to the treatment facility for the purpose of treatment.

(b) In a criminal prosecution for failure to treat animals under this chapter, the state is not required to allege and prove that the treatment facility contained treatment chemical.

(c) If it is necessary in a court proceeding to prove the test of a treatment chemical, it is only necessary to prove that:

(1) the treatment chemical used was one of the official treatment chemicals prescribed by the commission; and

(2) the inspector tested the treatment chemical in accordance with the rules of the commission.

Sec. 167.111. PRESUMPTION OF OWNERSHIP OR CARE. (a) If an inspector determines that a person is the owner, part owner, or caretaker of animals subject to treatment and an order to treat is
issued and served, it is presumed that, at the time of a failure to treat, the person was still the owner, part owner, or caretaker of animals subject to treatment located on the premises described in the order. In that case, the state is required to prove only that the person was the owner, part owner, or caretaker of animals subject to treatment located on the premises at the time the order was served.

(b) After the service of an order to treat, if there are no longer any animals subject to treatment located on the premises and if no animals subject to treatment have been illegally removed, the defendant may file a sworn statement of that fact at the beginning of the trial. If the defendant does not file that statement, it is presumed that the defendant's status as owner, part owner, or caretaker remained unchanged since the service of the order.

Sec. 167.112. VENUE OF CRIMINAL PROSECUTION. The owner, part owner, or caretaker of animals is subject to prosecution under this chapter in the county in which the animals and the premises are located, regardless of whether the defendant was in the county at the time of issuance and service of the order to treat, at the time of the failure to treat, or at the time of violation of the quarantine.

Sec. 167.113. CIVIL SUIT AGAINST CORPORATE OFFENDER. If a corporation or an agent of the corporation acting within the agent's scope of authority commits an offense under this chapter, the county attorney of the county in which the violation occurs shall institute
a civil suit on behalf of the state in a court of competent jurisdiction for collection of the fine.

Sec. 168.002. CONTROL AND ERADICATION PROGRAM. The laboratory shall promulgate and administer a program to control and eradicate pullorum disease and fowl typhoid, with standards at least as stringent as those specified in the National Poultry Improvement Plan (7 U.S.C. Section 429).
Sec. 168.003. ADMINISTRATION OF PROGRAM; SEARCH WARRANT. (a) In administering the program, the laboratory may:

1. require the registration of hatcheries and hatchery supply flocks;
2. examine, test, monitor, and collect samples from any flock, whether a hatchery supply flock or not, if the flock is suspected of being infected or a potential source of infection;
3. examine, test, monitor, and collect samples from any hatchery supply flock;
4. enter premises where flocks are kept or eggs are hatched as necessary to administer this chapter; and
5. promulgate rules necessary to the control and eradication of pullorum disease and fowl typhoid.

(b) If a person conducting an inspection of premises under Subsection (a)(4) of this section desires to be accompanied by a peace officer, the person may apply to any magistrate in the county where the property is located for the issuance of a search warrant. The application for the warrant and the warrant itself need only describe the property or premises in terms sufficient to enable the owner or caretaker to know what property is referred to in the documents. (c) The owner of a quarantined flock is entitled to a retesting of the flock before its disposal.

Sec. 168.005. PUBLIC EXHIBITION. A person may not enter poultry in public exhibition unless the stock originates from a flock or hatchery free of pullorum disease and fowl typhoid or has a negative pullorum-typhoid test after the 90th day before the day of the exhibition. CHAPTER 181. PAYMENT FOR RAW MILK

Sec. 181.001. DEFINITIONS. In this chapter:

(2) "Dairy farmer" means a farmer engaged in the business of producing milk for sale to milk processors directly or through a cooperative association of which the dairy farmer is a member.

(3) "Milk processor" means a person who operates a milk, milk products, or frozen desserts processing plant that is located in Texas.

(4) "Purchase price" means an amount of money, based on estimated butterfat content at the time of delivery, that a milk processor agrees to pay a dairy farmer for a purchase of raw milk.

Sec. 181.0015. APPLICABILITY OF CHAPTER. When a dairy farmer sells or markets milk through a cooperative association of which the dairy farmer is a member, the cooperative association is considered a dairy farmer for purposes of this chapter.

Sec. 181.002. PAYMENTS HELD IN TRUST. (a) Except as provided by Subsections (b) and (g) of this section, a milk processor shall hold in trust all payments received from the sale of milk for the benefit of the dairy farmer from whom the milk was purchased until the dairy farmer has received full payment of the purchase price for the milk. For the purposes of this subsection, funds placed in escrow in compliance with Subsections (b) through (e) of this section are held in trust.

(b) Except as provided by Subsection (g) of this section, a dairy farmer who sells milk to a milk processor may require the milk processor to establish an escrow account for the benefit of the dairy farmer. If a dairy farmer requires a milk processor to establish an escrow account under this subsection, the milk processor shall deposit in the escrow account, in the manner provided by Subsections (c) through (e) of this section, all payments received from the sale of any milk or dairy product until the dairy farmer has received full payment of the purchase price for the milk.

(c) A milk processor required to establish an escrow account under this section shall, on receipt of a payment from the sale of
milk or dairy products, deposit into the account a sum of money determined by multiplying the total amount of all payments received by the milk processor from the sale of milk or dairy products by the fraction determined by dividing the total quantity of milk purchased by the milk processor for sale as milk or dairy products into the quantity of milk sold by the dairy farmer to the milk processor. The milk processor shall continue to make payments into the escrow account until the dairy farmer has received full payment of the purchase price for the milk.

(d) An escrow account required under this section shall be established for the benefit of the dairy farmer as a segregated, interest-bearing account with a financial institution located in this state the deposits of which are insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation. If a milk processor is required to establish more than one escrow account under this section, the milk processor may combine the accounts into a single account. If the funds accumulated in a combined escrow account are insufficient to pay all the dairy farmers who have not received full payment and for whose benefit the account was established, the agent of the institution with whom the escrow account is established shall distribute the funds in proportion to the amount then due to each dairy farmer.

(e) On presentation of proof of identity satisfactory to an agent of the institution with which the escrow account is established, the agent shall promptly distribute any funds accumulated for the benefit of the dairy farmer to the dairy farmer or, if required by an applicable federal milk marketing order, to the federal milk administration.

(f) Funds held in trust by a milk processor or in an escrow account are the property of the dairy farmer.

(g) A milk processor is not required to establish an escrow account or maintain payments in trust under Subsection (a) or (b) of this section for a payment if:

(1) full payment of the purchase price is not received, and the dairy farmer does not give written notice to the milk processor, by the end of the 30th day after the final date for payment of the purchase price as specified by Section 181.003 of this code; or

(2) a payment instrument received by the dairy farmer is dishonored, and the dairy farmer does not give written notice to the milk processor, by the end of the 15th business day after the day
that the notice of dishonor was received.

Sec. 181.003. TIME AND METHOD OF PAYMENT FOR PURCHASE. (a) A milk processor may not purchase raw milk from a dairy farmer unless:

(1) payment of the purchase price is made according to the provisions prescribed by an applicable federal milk marketing order;

(2) any additional provisions are agreed on by both the dairy farmer or his agent and the milk processor; and

(3) the medium of exchange used is cash, a check for the full amount of the purchase price, or a wire transfer of money in the full amount.

(b) For purposes of this chapter, a payment delivered by a milk processor to the applicable federal milk market administrator on behalf of a dairy farmer in compliance with the terms of an applicable federal milk marketing order is considered to be delivery of payment to the dairy farmer.

Sec. 181.004. COOPERATIVE TRANSACTIONS. This chapter does not apply to transactions between a cooperative association, while acting as a marketing agent, and its members.

Added by Acts 1987, 70th Leg., ch. 1083, Sec. 1, eff. Sept. 1, 1987.

Sec. 181.005. DAMAGES. A milk processor who fails to pay for raw milk as provided by this chapter is liable to the dairy farmer for:

(1) the purchase price of the raw milk;

(2) interest on the purchase price at the highest legal rate, from the date possession is transferred until the date the payment is made in accordance with this chapter; and

(3) a reasonable attorney's fee for the collection of the payment.

TITLE 7. SOIL AND WATER CONSERVATION
CHAPTER 201. SOIL AND WATER CONSERVATION
SUBCHAPTER A. GENERAL PROVISIONS

Sec. 201.001. FINDINGS, PURPOSE, AND POLICY. (a) The legislature finds that the farm and grazing lands of the State of Texas are among the basic assets of the state and that the preservation of these lands is necessary to protect and promote the health, safety, and general welfare of its people; that improper land-use practices have caused and have contributed to, and are now causing and contributing to, progressively more serious erosion of the farm and grazing lands of this state by wind and water; that the breaking of natural grass, plant, and forest cover has interfered with the natural factors of soil stabilization, causing loosening of soil and exhaustion of humus, and developing a soil condition that favors erosion; that the topsoil is being blown and washed out of
fields and pastures; that there has been an accelerated washing of sloping fields; that these processes of erosion by wind and water speed up with removal of absorptive topsoil, causing exposure of less absorptive and less protective but more erosive subsoil; that failure by an occupier of land to conserve the soil and control erosion upon the land causes a washing and blowing of soil and water onto other lands and makes the conservation of soil and control of erosion on those other lands difficult or impossible.

(b) The consequences of soil erosion in the form of soil-blowing and soil-washing are the silting and sedimentation of stream channels, reservoirs, dams, ditches, and harbors; the loss of fertile soil material in dust storms; the piling up of soil on lower slopes, and its deposit over alluvial plains; the reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills; deterioration of soil and its fertility, deterioration of crops, and declining acre yields despite development of scientific processes for increasing such yields; loss of soil and water that causes destruction of food and cover for wildlife; a blowing and washing of soil into streams that silt over spawning beds and destroy waterplants, diminishing the food supply of fish; a diminishing of the underground water reserve that causes water shortages, intensifies periods of drought, and causes crop failures; an increase in the speed and volume of rainfall runoff, causing severe and increasing floods that bring suffering, disease, and death; impoverishment of families attempting to farm eroding and eroded lands; damage to roads, highways, railways, farm buildings, and other property from floods and from dust storms; and losses in navigation, hydroelectric power, municipal water supply, irrigation developments, farming, and grazing.

(c) In order to conserve soil resources and control and prevent soil erosion, it is necessary that land-use practices contributing to soil waste and soil erosion may be discouraged and discontinued, and appropriate soil-conserving land-use practices be adopted and carried out. Among the procedures necessary for widespread adoption are engineering operations such as the construction of terraces, terrace outlets, check dams, dikes, ponds, ditches, and the like; the utilization of strip-cropping, lister furrowing, contour cultivating, and contour furrowing; land irrigation; seeding and planting of waste, sloping, abandoned, or eroded lands to water-conserving and
erosion-preventing plants, trees, and grasses; forestation and reforestation; rotation of crops, soil stabilization with trees, grasses, legumes, and other thick-growing, soil-holding crops, retardation of runoff by increasing absorption of rainfall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded.

(d) It is the policy of the legislature to provide for the conservation of soil and related resources of this state and for the control and prevention of soil erosion, and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, protect public lands, and protect and promote the health, safety, and general welfare of the people of this state, and thus to carry out the mandate expressed in Article XVI, Section 59a, of the Texas Constitution. It is further declared as a matter of legislative intent and determination of policy that the State Soil and Water Conservation Board is the state agency responsible for implementing the constitutional provisions and state laws relating to the conservation and protection of soil resources.

(c) Except as required by Subchapter L, Chapter 26, Water Code, a permit or other authorization is not required under that chapter as a prerequisite for the land application of animal waste for beneficial use at agronomic rates to property that is not owned or controlled by the owner or operator of a facility that Chapter 26, Water Code, requires to hold a permit or other authorization. This section does not affect the authority of the Texas Commission on Environmental Quality to investigate or take enforcement action against a point source discharge under Section 26.121, Water Code.

(d) On the request of the owner of land on which animal waste is applied for agricultural purposes, the state board may create and certify a water quality management plan for the land.

(e) Other state agencies with responsibility for abating agricultural and silvicultural nonpoint source pollution shall coordinate any abatement programs and activities with the state board.

(f) The state board shall represent the state before the
federal Environmental Protection Agency or other federal agencies on
a matter relating to agricultural or silvicultural nonpoint source
pollution. Nothing herein shall impair the ability of:

1. the General Land Office to represent the state before
   any federal agency in matters relating to the state's participation
   in the federal coastal zone management program;
2. the Texas Commission on Environmental Quality to
   represent the state before any federal agency in matters relating to
   the state's overall participation in the Federal Water Pollution
   Control Act (33 U.S.C. Section 1251 et seq.); or
3. the Texas Department of Agriculture to represent the
   state before any federal agency in matters relating to the state's
   overall participation in the Federal Insecticide, Fungicide, and
   Rodenticide Act (7 U.S.C. Section 136 et seq.).

In an area that the state board identifies as having or
having the potential to develop agricultural or silvicultural
nonpoint source water quality problems or an area within the "coastal
zone" designated by the commissioner of the General Land Office, the
state board shall establish a water quality management plan
certification program that provides, through local soil and water
conservation districts, for the development, supervision, and
monitoring of individual water quality management plans for
agricultural and silvicultural lands. Each plan must be developed,
maintained, and implemented under rules and criteria adopted by the
state board and comply with state water quality standards established
by the Texas Commission on Environmental Quality. The state board
shall certify a plan that satisfies the state board's rules and
criteria and complies with state water quality standards established
by the Texas Commission on Environmental Quality under the
commission's exclusive authority to set water quality standards for
all water in the state.

At the request of the landowner, the state board may
develop and certify a water quality management plan for any
agricultural or silvicultural land in the state. Section 26.302(b-1),
Water Code, applies to a water quality management plan developed
or certified for use by a poultry facility under this section.

A water quality management plan developed under this
section that covers land on which animal carcasses will be buried
must include:

1. disposal management practices for the carcasses,
including a requirement that poultry carcasses may be buried on site only in the event of a major die-off that exceeds the capacity of a poultry facility to handle and dispose of poultry carcasses by the normal means used by the facility; and

(2) burial site requirements that identify suitable locations for burial based on site-specific factors including:
   (A) land use;
   (B) soil conditions; and
   (C) proximity to groundwater or surface water supplies.

(j) The Texas Commission on Environmental Quality may not require a landowner who requests and complies with a water quality management plan under Subsection (i) to record the burial of animal carcasses in the county deed records or report the burial to the commission.

(k) The state board shall notify the Texas Commission on Environmental Quality not later than the 10th business day after the date the state board decertifies a water quality management plan for an animal feeding operation.

(l) The state board shall update the state board's identification of priority areas for the control of nonpoint source pollution at least every four years. The state board, in considering changes to the identified priority areas, shall consider:
   (1) bodies of water the Texas Commission on Environmental Quality has identified as impaired through the state water quality assessment process;
   (2) threatened areas in which action is necessary to prevent nonpoint source pollution; and
   (3) other areas of concern, including groundwater concerns.

(m) Complaints concerning a violation of a water quality management plan or a violation of a law or rule relating to agricultural or silvicultural nonpoint source pollution under the jurisdiction of the state board shall be referred to the state board. The state board, in cooperation with the local soil and water conservation district, shall investigate the complaint. On completion of the investigation, the state board, in consultation with the soil and water conservation district, either shall determine that further action is not warranted or shall develop and implement a corrective action plan to address the complaint. If the person about whom the complaint has been made fails or refuses to take corrective action, the state board shall refer the complaint to the Texas
Sec. 201.027. ENFORCEMENT REFERRAL RECORDS. (a) The state board shall maintain detailed records about each state board referral of an agricultural or silvicultural operation to the Texas Natural Resource Conservation Commission for enforcement. (b) Records maintained under Subsection (a) must include information regarding the final disposition of the referral by the Texas Natural Resource Conservation Commission, including any enforcement action taken against the agricultural or silvicultural operation.

Added by Acts 2001, 77th Leg., ch. 1095, Sec. 12, eff. Sept. 1, 2001.

Sec. 201.028. ANNUAL REPORT. Not later than January 1 of each year, the state board shall prepare and deliver to the governor, the lieutenant governor, and the speaker of the house of representatives a report relating to the status of the budget areas of responsibility assigned to the board, including outreach programs, grants made and
received, federal funding applied for and received, special projects, and oversight of water conservation district activities.

Sec. 201.029. GRANT PROGRAM ADMINISTRATION. (a) In this section, "grant program" means a competitive grant program administered by the state board under this title and funded primarily by state funds. The term includes a program for water quality management, water supply enhancement, or flood control.

(b) The state board shall:

(1) develop goals for each grant program, including desired program results and descriptions of program beneficiaries;

(2) establish statewide evaluation criteria to document grantee compliance with grant conditions;

(3) monitor compliance with the evaluation criteria described by Subdivision (2) by gathering, maintaining, and analyzing comprehensive data on grant program activities;

(4) analyze the extent to which grant programs achieve the goals developed under Subdivision (1), using either empirical or nonempirical evidence; and

(5) publish the analysis required by Subdivision (4) on the state board's Internet website or in any annual publication the state board is required by statute to publish.

Added by Acts 2011, 82nd Leg., R.S., Ch. 61 (H.B. 1808), Sec. 6, eff. September 1, 2011.

Sec. 201.030. NEGOTIATED RULEMAKING; ALTERNATIVE DISPUTE RESOLUTION. (a) The state board shall develop and implement a policy to encourage the use of:

(1) negotiated rulemaking procedures under Chapter 2008, Government Code, for the adoption of state board rules; and

(2) appropriate alternative dispute resolution procedures under Chapter 2009, Government Code, to assist in the resolution of
internal and external disputes under the state board's jurisdiction.

(b) The state board's procedures relating to alternative dispute resolution must conform, to the extent possible, to any model guidelines issued by the State Office of Administrative Hearings for the use of alternative dispute resolution by state agencies.

(c) The state board shall:
(1) coordinate the implementation of the policy adopted under Subsection (a);
(2) provide training as needed to implement the procedures for negotiated rulemaking or alternative dispute resolution; and
(3) collect data concerning the effectiveness of those procedures.

Added by Acts 2011, 82nd Leg., R.S., Ch. 61 (H.B. 1808), Sec. 6, eff. September 1, 2011.

SUBCHAPTER C. CREATION, BOUNDARY CHANGES, AND DISSOLUTION OF SOIL AND WATER CONSERVATION DISTRICTS

Sec. 201.041. PETITION. (a) The eligible voters of any territory may petition the state board for the organization of a soil and water conservation district. The petition must be signed by at least 50 persons eligible to vote in an election to create the conservation district unless the territory contains fewer than 100 eligible voters, in which case the petition must be signed by a majority of the eligible voters in the territory.

(b) The petition must contain:
(1) a proposed name for the conservation district;
(2) a description of the territory proposed to be organized as a conservation district;
(3) a statement that there is need for a conservation district to function in the described territory in the interest of the public health, safety, and welfare; and
(4) a request that:
(A) the state board define the boundaries of the conservation district;
(B) an election be held within the defined territory on the question of creation of a conservation district in that territory; and
(C) the state board determine that the conservation
district be created.

(c) The petition is not required to describe the territory by metes and bounds or by legal subdivisions, but must be generally accurate in order to be sufficient.

(d) If more than one petition is filed covering parts of the same territory, the state board may consolidate any or all of the petitions.

Sec. 201.042. HEARING. (a) Not later than the 30th day after the day on which a petition is filed with the state board, the state board shall give notice of a hearing on:

(1) the question of the desirability and necessity of the creation of a conservation district in the interest of the public health, safety, and welfare;

(2) the question of the appropriate boundaries to be assigned to the conservation district;

(3) the propriety of the petitions and other proceedings taken under this chapter; and

(4) all questions relevant to those matters.

(b) Following notice, the state board shall conduct a hearing on the petition. Any interested person, including a person who is an eligible voter in the territory described in the petition or in the territory that is considered for addition to the described territory, is entitled to attend the hearing and be heard.

(c) If it appears at the hearing that it may be desirable to include within the conservation district territory that is outside the area within which notice has been given, the state board shall adjourn the hearing and give notice of further hearings throughout the entire area considered for inclusion in the conservation district. Following that notice, the board shall reconvene the hearing.

(d) After the hearing, if the state board, on the basis of the facts presented at the hearing and other available information, determines that there is need, in the interest of the public health, safety, and welfare, for a conservation district to function in the territory considered at the hearing, the board shall record that determination, define the boundaries of the conservation district by
metes and bounds or by legal subdivisions, and conduct an election in accordance with Section 201.043 of this code. The board may not include within the defined boundaries any territory that is within the boundaries of another conservation district.

(e) In making the determination of need and defining the boundaries of the conservation district, the state board shall give due weight and consideration to:

(1) the topography of the area considered and of the state;
(2) the soil composition of the area considered and of the state;
(3) the distribution of erosion, the prevailing land-use practices, and the desirability and necessity of including within the conservation district the area under consideration;
(4) the benefits the area under consideration may receive from being included within the boundaries of the conservation district;
(5) the relation of the area considered to existing watersheds and agricultural regions and to other conservation districts in existence or proposed to be created; and
(6) other relevant physical, geographical, and economic factors, having due regard to the legislative determinations made in Section 201.001 of this code.

(f) After the hearing and consideration of the relevant facts, if the state board determines that there is no need for a conservation district to function in the territory considered at the hearing, it shall record that determination and deny the petition.

(g) The state board shall pay all expenses for the issuance of notices of the public hearings. The board shall supervise the conduct of those hearings and may adopt rules governing the conduct of the hearings.

Sec. 201.043. ELECTION. (a) Within a reasonable time after determining the need for a conservation district and defining the boundaries of the proposed conservation district, the state board shall conduct an election within the proposed conservation district on the proposition of the creation of the conservation district.

(b) The state board shall give notice of the election and the
notice must state the boundaries of the proposed conservation
district.

(c) The ballot for the election shall be printed to provide for
voting for or against the proposition: "The creation of a soil and
water conservation district from the land below described in general
terms and lying in the county (or counties) of _____________."

(d) Each eligible voter in the proposed conservation district,
as determined by the state board, is entitled to vote in the
election. If part of a county is included within a proposed
conservation district and the polling place of an eligible voter
within the county is not included within the conservation district,
the voter is entitled to vote at the polling place for the voter's
land in the conservation district.

(e) Except as otherwise provided by this chapter, the election
shall be conducted in conformity with the general laws relating to
elections.

(f) The state board shall adopt rules for the conducting of
elections, including rules providing for the registration of all
eligible voters prior to the date of the election or prescribing
another appropriate procedure for the determination of eligibility to
vote.

Sec. 201.044. STATE BOARD DETERMINATION OF ADMINISTRATIVE
PRACTICABILITY AND FEASIBILITY. (a) After announcing the results of
an election, the state board shall consider, determine, and record
its determination of whether the operation of the conservation
district within the defined boundaries is administratively
practicable and feasible. In making that determination, the state
board shall give due regard and consideration to:

(1) the attitude of eligible voters in the defined
boundaries;

(2) the number of persons eligible to vote in the election
who voted;

(3) the number of votes cast in the election favoring
creation of the conservation district in proportion to the total
number of votes cast;

(4) the approximate wealth and income of the eligible

voters of the proposed conservation district;

(5) the probable expense of carrying on erosion control operations within the proposed conservation district; and

(6) other relevant social and economic factors, having due regard for the legislative determinations made in Section 201.001 of this code.

(b) The state board may proceed with the organization of the conservation district only if:

(1) the board determines that the operation of the conservation district is administratively practicable and feasible; and

(2) at least two-thirds of the votes cast in the election were in favor of creation of the conservation district.

(c) If the state board determines that the operation of the conservation district is not administratively practicable and feasible, the state board shall deny the petition.

Sec. 201.045. SUBSEQUENT PETITIONS. If the state board denies a petition under this subchapter, a subsequent petition covering the same or substantially the same territory may not be filed with the board until six months have expired following the date of denial.

Sec. 201.046. ESTABLISHMENT OF DISTRICT SUBDIVISIONS; APPOINTMENT OF INITIAL DIRECTORS. After determining that the operation of the conservation district is administratively practicable and feasible, the state board shall divide the conservation district into five numbered subdivisions that are as nearly equal in area as practicable. The board shall appoint one director each from the subdivisions numbered two and four. Those directors shall perform the duties required by this subchapter and shall serve on the initial governing board of the conservation district until the regular election for those subdivisions.

Sec. 201.047. APPLICATION FOR CERTIFICATE OF ORGANIZATION. (a) The two appointed directors shall present to the secretary of state an application for a certificate of organization for the conservation district containing the information prescribed by Subsection (b) of this section and a statement from the state board containing the information prescribed by Subsection (c) of this section. The application and the statement are not required to contain any detail other than a recital of the information required by this section.

(b) The application for the certificate must contain:

1. a statement that:
   A. a petition for the creation of the conservation district was filed with the state board in accordance with this chapter;
   B. the proceedings specified in this chapter were taken relative to that petition;
   C. the application is being filed in order to complete the organization of the conservation district as a governmental subdivision and a public body corporate and politic under this chapter; and
   D. the state board has appointed the applicants as directors;

2. the name and official residence of each of the appointed directors;

3. a certified copy of the appointment of the directors evidencing their right to office;

4. the term of office of each of the appointed directors;

5. the name that is proposed for the conservation district; and

6. the location of the principal office of the appointed directors.

(c) The statement of the state board must set forth the boundaries of the conservation district and certify that:

1. a petition was filed, notice issued, and a hearing held as required by this chapter;

2. the board did determine that there is need, in the interest of the public health, safety, and welfare, for a conservation district to function in the proposed territory;

3. the board did define the boundaries of the conservation district;

4. notice was given and an election held on the question
of the creation of the conservation district;

(5) the result of the election showed a two-thirds majority of the votes cast in the election to be in favor of the creation of the conservation district; and

(6) the board did determine that the operation of the conservation district is administratively practicable and feasible.

(d) The directors shall subscribe and swear to the application before an officer authorized by law to take and certify oaths. That officer shall certify on the application that the officer personally knows the directors, that the officer knows them to be the directors as affirmed in the application, and that each director has subscribed to the application in the officer's presence.

Sec. 201.048. ISSUANCE OF CERTIFICATE. (a) The secretary of state shall examine the application for a certificate of organization and the statement of the state board. If the secretary of state finds that the name proposed for the conservation district is not identical to that of another conservation district or so nearly similar as to lead to confusion or uncertainty, the secretary shall receive the application and statement, file them, and record them in an appropriate book of record in the secretary's office.

(b) If the secretary of state finds that the name proposed for the conservation district is identical to that of another conservation district or so nearly similar as to lead to confusion or uncertainty, the secretary shall certify that fact to the state board and the state board shall submit to the secretary a new name for the conservation district that is free of that defect. After receipt of a name that is free of that defect, the secretary shall record the application and statement, with the modified name, in an appropriate book of record in the secretary's office.

(c) When the application and statement are filed and recorded as provided by this section, the conservation district constitutes a governmental subdivision and a public body corporate and politic.

(d) The secretary of state shall make and issue to the directors a certificate, under the state seal, of the due organization of the conservation district. The secretary shall record the certificate with the application and statement.
Sec. 201.049. EFFECT OF CERTIFICATE; ADMISSIBILITY. In a suit, action, or proceeding involving the validity or enforcement of, or relating to, a contract, proceeding, or action of a conservation district, the conservation district is considered to have been established in accordance with this chapter on proof of the issuance of a certificate of organization by the secretary of state. A copy of the certificate certified by the secretary of state is admissible in evidence in the suit, action, or proceeding and is proof of the filing of the certificate and the contents of the certificate.

Sec. 201.050. CHANGE IN CONSERVATION DISTRICT OR SUBDIVISION BOUNDARIES. (a) A group of eligible voters may petition the state board for the inclusion of additional territory in an existing conservation district. Except as provided by Subsection (b) of this section, the petition is governed by, and the state board shall conduct proceedings on the petition in accordance with, the provisions of this subchapter relating to petitions for the creation of a conservation district. The state board shall prescribe the form for the petition, which must be as similar as practicable to the form provided for petitions for the creation of a conservation district.

(b) If there are fewer than 100 eligible voters in the area proposed for inclusion in the conservation district, and the petition is signed by two-thirds of those persons, the area may be included in the conservation district without an election. A person is eligible to vote at an election for including territory in an existing conservation district only if the person owns land in the territory to be included.

(c) The board of directors of one or more conservation districts may submit a petition to the state board requesting a division of the conservation district, a combination of two or more conservation districts, or a transfer of land from one conservation district to another. The petition must be signed by a majority of
the directors of each conservation district affected. The state board shall determine the practicability and feasibility of the proposed change. If the state board determines that the change is not administratively practicable and feasible, it shall record that determination and deny the petition. If the board determines that the change is administratively practicable and feasible, it shall record that determination and reorganize the conservation districts in the manner set out in the petition.

(d) The state board, in cooperation with the landowners of a conservation district, may change the boundaries of the subdivisions of the conservation district as may be necessary or desirable because of additions of territory to the conservation district.

Sec. 201.051. DISSOLUTION OF CONSERVATION DISTRICT. (a) A conservation district may be dissolved by majority vote of the eligible voters in an election conducted in the manner provided by this subchapter for its creation. The board of directors of the conservation district shall notify the state board of the outcome of an election under this section.

(b) On receiving notice of a vote to dissolve a conservation district, the state board shall determine whether the conservation district should continue to operate. If the state board determines that continuing the operation of the conservation district is not administratively practicable and feasible, the state board shall deliver to the secretary of state certification of the district's dissolution.

(c) Certification by the state board to the secretary of state is sufficient notice of the dissolution of a conservation district. The secretary of state shall issue to the directors of the dissolved district a certificate of dissolution and shall record the fact of dissolution in the appropriate records of the secretary's office.

(d) On receiving a certificate of dissolution, the board of directors of the dissolved district shall terminate the affairs of the conservation district. The board shall transfer to the state board all property owned by the conservation district. The state board may:

(1) sell the property at a public auction and deposit the
net proceeds of the sale in the State Treasury; or

(2) make the property available for use by other conservation districts.

(e) If the dissolution of a conservation district is for the purpose of adjusting the boundaries and the conservation district is immediately reorganized, the funds and equipment of the dissolved conservation district pass to the reorganized conservation district. If more than one conservation district is created under the reorganization, the funds and equipment of the dissolved conservation district shall be divided under terms satisfactory to the directors of the reorganized conservation districts.

(f) The state board may not conduct an election under this section for a conservation district before the end of the fifth year after the date of the last election under this section for that district.

Sec. 201.0511. EFFECT OF DISSOLUTION. (a) On issuance of a certificate of dissolution under Section 201.051 of this code, the ordinances and regulations adopted by the dissolved district cease to be in effect.

(b) A contract to which a dissolved district was a party remains in effect according to the terms of the contract. The state board is substituted for the dissolved district for purposes of performance of a contract. Under a contract of the dissolved district, the state board has all the rights and liabilities under the contract that the board of directors of the dissolved district had under the contract, including the right to sue and the liability to be sued.

(c) The dissolution of a conservation district does not affect a lien on a judgment obtained or an action pending under Section 201.128 of this code. The state board has all the rights and obligations with respect to a lien or an action under Section 201.128 as the board of directors of the dissolved district had under that section.

SUBCHAPTER D. SOIL AND WATER CONSERVATION DISTRICT ADMINISTRATION

Sec. 201.071. COMPOSITION OF BOARD OF DIRECTORS. (a) Except as provided for the initial board, the board of directors of a conservation district is composed of five persons, with one director elected from each of the five numbered subdivisions created by the state board under Section 201.046 of this code.

(b) The initial board of directors is composed of the two directors appointed by the state board and three elected directors.

Sec. 201.072. QUALIFICATIONS OF DIRECTORS. In order to serve as a director, a person must be an eligible voter who owns land within the numbered subdivision from which the person is appointed or elected and must be actively engaged in the business of farming or animal husbandry.

Sec. 201.073. ELECTION OF DIRECTORS. (a) Except as provided for the initial election of directors, the persons who are eligible voters and own land in a conservation district are entitled to elect the directors for the district. For that purpose, the eligible voters shall meet each year on a date and at a time and place designated by the existing board of directors. The directors shall designate for the election a date that is after September 30 and before October 16. Before July 15 of each year, the directors shall designate a date, time, and place for that year's election of directors.

(b) To be eligible for election under this section, an individual must file a written notice of the individual's candidacy. The individual must file the notice:

(1) during established business hours in the month of August at a location designated by the district; and

(2) in accordance with district rules.

(c) The district shall post a notice stating the requirements of Subsection (b) in a prominent public place.

(d) If only one individual files a notice of candidacy for a director's office during the period specified by Subsection (b)(1):
an election to fill that position is not required; and

(2) on the established election date, the directors shall:
   (A) declare the single candidate as the director for that office; and
   (B) certify the selection of the individual as director in the manner provided by Subsection (f) for an elected director.

(e) If more than one individual files a notice of candidacy for a director's office during the period specified by Subsection (b)(1), the election shall be held at a meeting of eligible voters scheduled under Subsection (a). The district shall print ballots with the names of the candidates for each director's office to be filled. The district by rule shall provide for allowing eligible voters by personal appearance to cast votes on printed ballots at a location designated by the district instead of at the meeting. The rules must provide for votes to be accepted at the designated location during established business hours for a period beginning on the 17th day before the date of the meeting and continuing through the fourth day before the date of the meeting, including at least one Saturday during that period. If, because of the date scheduled for the meeting, it is not possible to begin early voting by personal appearance on the prescribed date, the early voting period shall begin on the earliest practicable date as set by the district. Each eligible voter present at the scheduled meeting shall cast a vote by ballots printed under this subsection. If after tabulation by the district of the votes cast before the meeting at the designated location and the votes cast at the meeting no nominee has received a majority of the votes, the two candidates receiving the largest number of votes shall be voted on in a second ballot, and the candidate receiving the largest number of votes among those cast before the meeting at the designated location and those cast at the meeting in the second ballot is elected. The district by rule shall provide for certifying eligible voters voting at the designated location and at the meeting.

(f) The directors shall:
   (1) record the proceedings of the meeting; and
   (2) not later than the fifth day after the date of the election, certify to the state board the name and the proper address of the person elected.

(g) The Election Code does not apply to elections under this section.
Sec. 201.074. ELECTION OF INITIAL DIRECTORS. (a) Not later than the 30th day after the date of issuance of a certificate of organization by the secretary of state, the state board shall designate a time and place for an election of directors in the subdivisions of the conservation districts numbered one, three, and five and shall give notice of that election.

(b) The persons who are eligible voters and own land in a conservation district are entitled to elect the directors for the district. The eligible voters shall meet and elect the directors in the manner provided by Section 201.073 of this code, except that the state board shall designate the date, time, and place for the election.

(c) The Election Code does not apply to elections under this section.

Sec. 201.075. TERMS OF DIRECTORS. (a) Except as provided for the initial directors, directors serve for staggered terms of four years with the term of one or two members expiring each year.

(b) The term of office of a director begins on the day after the director's election.

Sec. 201.076. VACANCY; REMOVAL. (a) If a vacancy occurs in the office of director, the remaining directors by majority vote shall appoint a director for the unexpired term. The appointee must be approved by the state board before taking office.
(b) If a vacancy occurs in the office of director and the vacancy is not filled by appointment by the remaining directors as required by this section within six months after the vacancy occurs, the state board may call for an election to be held for the purpose of electing a director to complete the term.

(c) If the number of qualified directors is less than the number required to conduct business as required by Section 201.078 of this code, the state board may call for an election to be held for the purpose of electing directors for each vacant subdivision to complete the unexpired term.

(d) An election under this section must be conducted in the manner provided by Section 201.073 of this code, except that the state board shall designate the date, time, and place of the election.

(e) Following notice and a hearing, the state board may remove a director, but only if the director:
   (1) neglects the duty of the office;
   (2) is guilty of malfeasance in office; or
   (3) is disqualified as a voter in the conservation district.

Sec. 201.077. COMPENSATION AND MILEAGE ALLOWANCE. (a) A director may receive compensation in an amount not to exceed $30 for each day the director attends meetings of the board of directors, plus the state mileage reimbursement rate specified in the General Appropriations Act for travel each way between the residence of the director and a designated meeting place within the boundaries of the conservation district.

(b) A director is entitled to be paid quarterly, but may not receive the compensation and mileage allowance for more than five days in any three-month period except as provided for attending an annual meeting or a state district convention.

(c) Two directors are entitled to receive $30 a day for not more than two days, and one director is entitled to receive the state mileage reimbursement rate specified in the General Appropriations Act for travel, while attending the annual statewide meeting of
Sec. 201.078. MAJORITY VOTE REQUIREMENT. The concurrence of a majority of the directors is required for the determination of any matter within their duties.

Sec. 201.079. OFFICERS AND EMPLOYEES; SURETY BONDS. (a) The directors shall designate from among themselves a chairman, vice-chairman, and secretary and may change those designations from time to time.

(b) The directors may employ officers, agents, and employees, temporary or permanent, as the board of directors may require and shall determine their qualifications, duties, and compensation.

(c) The directors may delegate any power or duty under this chapter to the chairman, one or more of the directors, or one or more of their agents or employees.

(d) The directors shall provide that all officers and employees who are entrusted with funds or property of the conservation district be bonded in accordance with Chapter 653, Government Code.

Sec. 201.080. RECORDS, REPORTS, ACCOUNTS, AND AUDITS. (a) The directors shall provide for keeping full and accurate accounts and for keeping records of proceedings conducted and resolutions, regulations, and orders issued or adopted.

(b) The directors shall furnish to the state board on request copies of ordinances, rules, regulations, orders, contracts, forms, other documents that the directors adopt or employ, and other
information concerning the directors' activities that the state board requires in the performance of its duties under this chapter. The state board may demand at any time and pay the costs of an audit of a conservation district's accounts.

(c) The directors shall deposit all funds with state or national banks or in savings and loan associations. The directors shall either deposit the funds in demand or time accounts, including interest-bearing accounts, or purchase certificates of deposit. The funds may be withdrawn only on approval of the directors and only by check or order signed by the chairman and the secretary.

(d) The directors shall provide for an audit of the conservation district's accounts. The audit must be performed subject to rules adopted by the state board.

(e) The conservation district may pay the cost for keeping accounts and making audits out of any available funds of the conservation district.

(4) adopt rules consistent with this chapter to carry into effect its purposes and powers.

(b) A conservation district may execute notes on the faith and credit of the conservation district for the purpose of making repairs, additions, or improvements to any property or equipment owned by the conservation district. The notes may be issued payable from current funds or reasonably contemplated revenues, but the conservation district may not issue notes payable from funds derived from the state.

(c) Any note issued by a conservation district may be secured by a lien on the property or equipment to which the repairs, additions, or improvements are to be made if the property or equipment was not acquired from the state or with funds derived from the state. A note executed in connection with the purchase of real property may be secured only by the purchased real property.

(d) A conservation district may not levy taxes.

(e) Debts incurred by a conservation district may not create a lien on the land of owners or occupiers of land in the district.

(f) As a condition to extending benefits to, or performing any work on, land in the conservation district not owned or controlled by
the state or a state agency, a conservation district may:

(1) require contributions to the operation in services, materials, or another form; and

(2) require owners or occupiers of land to enter into and perform an agreement or covenant as to the permanent use of land that will tend to prevent or control soil erosion on that land.

Sec. 201.102. PREVENTIVE AND CONTROL MEASURES. A conservation district may carry out preventive and control measures within its boundaries, including engineering operations, methods of cultivation, growing of vegetation, changes in the use of land, and measures listed in Section 201.001(c) of this code. The conservation district may carry out the measures on any land that is owned by the state or a state agency with the cooperation of the agency administering and having jurisdiction of the land. If the land is owned by another person, the conservation district may carry out the measures on obtaining the consent of the owner or occupier or the necessary rights or interests in the land.

Sec. 201.103. COOPERATION AND AGREEMENTS WITH OTHER ENTITIES. (a) A conservation district may cooperate or enter into an agreement with any other entity, including a state or federal agency or an owner or occupier of land within the conservation district, in the carrying on of erosion control and prevention operations in the conservation district as the directors consider necessary to advance the purposes of this chapter. Within the limits of appropriations made available to the conservation district by law, the conservation district may furnish financial or other aid in accordance with the cooperative program or agreement.

(b) The directors of two or more conservation districts may cooperate with one another in the exercise of any power conferred by this chapter.

(c) The directors of a conservation district may invite the legislative body of a municipality or county located within or near
the conservation district to designate a representative to advise and consult with the directors on all questions of program and policy that may affect the property, water supply, or other interests of the municipality or county.

(d) A state agency that has jurisdiction over or administers state-owned land in a conservation district, or a county or other subdivision of this state that has jurisdiction over or administers other publicly owned land in a conservation district, shall cooperate to the fullest extent with the directors of the conservation district in the effectuation of programs and operations undertaken by the conservation district under this chapter. The state agency, county, or subdivision shall provide the directors free access to enter and perform work on that land, and a land-use regulation adopted under Subchapter F of this chapter has the force and effect of law over that land and shall be observed by the entity administering the land.

Sec. 201.104. ACQUISITION, ADMINISTRATION, AND SALE OF REAL OR PERSONAL PROPERTY. A conservation district may obtain options on or acquire in any manner, including purchase, exchange, lease, gift, grant, bequest, or devise, any real or personal property or rights or interests in real or personal property. In addition, the conservation district may:

(1) maintain, administer, or improve the property;

(3) sell, lease, or otherwise dispose of the property or interests in the property in furtherance of this chapter.

Sec. 201.105. ACQUISITION, ADMINISTRATION, AND SALE OF MATERIALS AND EQUIPMENT. (a) A conservation district may purchase machinery, equipment, seed, seedlings, fertilizer, fish for stocking farm ponds, or other supplies or conservation materials essential for the purposes of a conservation district program and make them available to owners and occupiers of land in the conservation district. The conservation district shall provide for maintaining,
insuring, storing, and repairing the machinery and equipment.

(b) The district may charge a fee for the use of machinery and equipment owned by the district that is calculated to pay the costs of deterioration and replacement of the machinery and equipment.

(c) A conservation district may make any purchase of machinery or equipment through the comptroller under the terms and rules provided by law for purchases by the state or political subdivisions.

(d) A conservation district may charge persons who own or occupy small amounts of land nominal amounts for projects benefiting them if the directors determine it to be in the interest of the general welfare.

(e) A conservation district may sell on open bids any machinery or equipment considered obsolete or having served its purpose. The funds earned or acquired by a conservation district from a source other than the state or earned or acquired from the operation or sale of machinery or equipment acquired from a source other than the state shall be deposited in a trust fund account of the conservation district and used for purposes considered by the directors to be in the best interest of the conservation district.

(f) A conservation district shall use proceeds from the sale of any fertilizer, seed, seedlings, fish for stocking farm ponds, or other supplies or conservation materials to reimburse the conservation district for the costs of the materials and administration of the program and may fix the sale prices accordingly.

Sec. 201.107. CONSERVATION PLANS AND INFORMATION. (a) A conservation district may develop comprehensive plans for the conservation of soil resources and for the control and prevention of soil erosion within the conservation district. In as much detail as possible, the plans shall specify the acts, procedures, performances, and avoidances that are necessary or desirable for the effectuation of the plans, including the specification of engineering operations, methods of cultivation, growing of vegetation, cropping programs, tillage practices, and changes in the use of land.

(b) A conservation district may publish the comprehensive plans and bring them to the attention of owners and occupiers of land in the conservation district and may demonstrate, publish, or otherwise make available to those owners and occupiers any pertinent information relating to legumes, cover crops, seeding, tillage, land preparation, and management of grasses, seed, legumes, and cover crops, and the eradication of noxious growth under good conservation practices.

Sec. 201.108. ASSUMPTION OF GOVERNMENT PROJECTS; ACCEPTANCE OF GOVERNMENT GRANTS. (a) A conservation district may take over, by purchase, lease, or other method, and administer any soil conservation, erosion control, or erosion prevention project located within its boundaries and undertaken by the federal government, the state, or a state or federal agency.

(b) A conservation district may act as agent for the federal government, the state, or a state or federal agency in:

(1) managing a soil conservation, erosion control, or erosion prevention project within the boundaries of the conservation district; or

(2) acquiring, constructing, operating, or administering a soil conservation, erosion control, or erosion prevention project within the boundaries of the conservation district.

(c) A conservation district may accept a donation, gift, or contribution in money, materials, services, or other form from the federal government, the state, or a state or federal agency and use and expend the donation, gift, or contribution in carrying out its operations.
SUBCHAPTER F. LAND-USE REGULATION

Sec. 201.121. REGULATORY POWERS; PETITION FOR ADOPTION. (a) If petitioned by 50 or more eligible voters in the conservation district, the directors of a conservation district may propose an ordinance governing the use of land within the conservation district in the interest of conserving soil and soil resources and preventing and controlling soil erosion.

(b) An ordinance adopted under this subchapter may:

1. require the carrying out of necessary engineering operations, including the construction of terraces, terrace outlets, check dams, dikes, ponds, ditches, and other necessary structures;

2. require observance of particular methods of cultivation, including:
   - (A) contour cultivating, contour furrowing, lister furrowing, or strip cropping;
   - (B) planting, sowing, or seeding land with water-conserving and erosion-preventing plants, trees, or grasses; and
   - (C) forestations and reforestations;

3. specify cropping programs and tillage practices to be observed;

4. require the retirement from cultivation of highly erosive areas or of areas on which erosion may not be adequately controlled if cultivation is carried on; or

5. provide other means, measures, operations, or programs that may assist conservation of soil resources or prevent or control soil erosion in the conservation district, having due regard for the legislative determinations made in Section 201.001 of this code.

(c) Land-use regulations must be uniform throughout the conservation district, except that the directors may classify land in the conservation district according to relevant factors, including soil type, degree of slope, degree of erosion threatened or existing, or cropping or tillage practices in use. The land-use regulations may vary with the type or class of land affected, but must be uniform as to all land within the type or class.

Sec. 201.122. HEARING. The directors of a conservation district may conduct public hearings and public meetings on proposed land-use regulations as necessary to assist the directors in the adoption of an ordinance.

Sec. 201.123. ELECTION. (a) The directors may not adopt an ordinance prescribing land-use regulations unless adoption of the ordinance is approved by at least 90 percent of the eligible voters voting in an election under this section. If the voters approve the ordinance by that percentage, the directors shall adopt the ordinance.

(b) The directors shall give notice of the election that either recites the contents of the proposed ordinance or states where copies of the proposed ordinance may be examined. The directors shall make copies of the proposed ordinance available for public inspection during the period between publication of notice and the election.

(c) The ballot for the election shall be printed to provide for voting for or against the proposition: "Approval of the proposed Ordinance No. _______, prescribing land-use regulations for conservation of soil and prevention of erosion."

(d) The directors shall adopt rules governing the conduct of the election, supervise the election, and announce the result.

Sec. 201.124. EFFECT OF ORDINANCE. An ordinance adopted under this subchapter has the force and effect of law in the conservation district and is binding on all owners or occupiers of land in the conservation district.

Sec. 201.125. DISTRIBUTION OF COPIES OF ORDINANCE. The directors shall print copies of each ordinance prescribing land-use regulations and make those copies available to owners and occupiers of land in the conservation district.
Sec. 201.126. AMENDMENT OR REPEAL OF ORDINANCE. (a) An owner or occupier of land in a conservation district may at any time file a petition with the directors requesting the amendment, supplementation, or repeal of land-use regulations prescribed by ordinance.

(b) Land-use regulations prescribed by ordinance may be amended, supplemented, or repealed in accordance with the procedure prescribed by this subchapter for adoption of an ordinance, except that an ordinance may be suspended or repealed on majority vote of the eligible voters voting in the election.
conformity with the land-use regulations; and

(3) order that the directors recover their costs and expenses, with interest, from the defendant.

(c) The petition to the court must be verified and must:

(1) set forth the adoption of the ordinance prescribing the land-use regulations;

(2) set forth the failure of the defendant to observe the regulations and to perform the particular work, operations, or avoidances required by the regulations; and

(3) state that the nonobservance tends to increase erosion on that land and is interfering with the prevention or control of erosion on other land in the conservation district.

(d) On presentation of the petition, the court shall cause process to be issued against the defendant and shall hear the case. If it appears to the court that testimony is necessary for the proper disposition of the matter, the court may take evidence or appoint a referee to take evidence as the court directs and to report the evidence to the court with findings of fact and conclusions of law. The findings and conclusions of a referee constitute part of the proceedings on which the court may make its determination. The court may dismiss the petition or may:

(1) require the defendant to perform the work, operations, or avoidances;

(2) order that, on the failure of the defendant to initiate performance within a time specified in the order of the court and to perform to completion with reasonable diligence, the directors may enter on the land involved and perform the work or operation or otherwise bring the condition of the land into conformity with the regulations; and

(3) order that the directors recover their costs and expenses, with interest.

(e) The court shall retain jurisdiction of the case until after the work has been completed. If the work is performed by the directors under the order of the court, the directors, after completion of the work, may file a petition with the court stating the costs and expenses sustained by them in the performance of the work and seeking judgment for those costs and expenses, with interest. The court may enter judgment for the amount of the costs and expenses, with interest, and for the costs of suit, including a reasonable attorney's fee fixed by the court, but the total charge to
a defendant for work done by the directors or anyone under the directors may not exceed in any one year an amount equal to 10 percent of the assessed valuation of the land for state and county purposes.

(f) A judgment under Subsection (e) of this section shall be collected in the same manner provided by Chapter 202 of this code for the collection of assessments in wind erosion conservation districts.

Sec. 201.129. BOARD OF ADJUSTMENT. (a) If the directors of a conservation district adopt an ordinance prescribing land-use regulations, the directors by ordinance shall provide for the establishment of a board of adjustment organized in accordance with this section.

(b) A board of adjustment is composed of three members appointed by the state board with the advice and approval of the directors of the conservation district for which they are appointed.

(c) Except as provided for the initial board, members of a board of adjustment serve for staggered terms of two years with the terms of one or two members expiring every other year. In making initial appointments to a board of adjustment, the state board shall designate one or two members to serve a term of one year with the remaining member or members serving for a term of two years.

(d) Following notice and a hearing, a member of a board of adjustment may be removed, but only for neglect of duty or malfeasance in office. The state board and the directors of the conservation district for which the board is appointed shall conduct removal hearings jointly.

(e) A vacancy on a board of adjustment is filled for the unexpired term in the manner provided for the original appointment.

(f) A member of the state board or a director of the conservation district for which a board of adjustment is appointed is ineligible for appointment to the board of adjustment for that conservation district during the member's or director's tenure in office.

(g) Members of a board of adjustment are entitled to compensation for services of $3 a day for time spent on work of the board. The state board shall pay that compensation from
appropriations made for that purpose for not more than 10 days each year.

(h) The directors of the conservation district for which the board of adjustment is appointed shall pay the necessary administrative and other expenses of operation incurred by the board on presentation of a certificate of the chairman of the board of adjustment.

Sec. 201.130. PROCEDURES OF BOARD OF ADJUSTMENT. (a) A board of adjustment shall adopt rules to govern its proceedings that are consistent with this chapter and the land-use regulations adopted for the conservation district.

(b) A board of adjustment shall designate a chairman from among its members and may change that designation from time to time.

(c) A board of adjustment shall meet at the call of the chairman and at other times determined by the board.

(d) The chairman of the board of adjustment, or the chairman's designee as acting chairman from among the board's members, may administer oaths and compel the attendance of witnesses.

(e) All meetings of a board of adjustment are open to the public.

(f) A board of adjustment shall keep a full and accurate record of all proceedings, of all documents filed with the board, and of all orders entered. The record is public information and shall be filed in the office of the board of adjustment.

Sec. 201.131. PETITION FOR VARIANCE. (a) An owner or occupier of land within a conservation district may petition the board of adjustment of that conservation district to authorize a variance from the terms of land-use regulations in the application of those regulations to land owned or occupied by the petitioner.

(b) A petition for a variance must allege that there are great practical difficulties or unnecessary hardships in the manner in which the land-use regulations require the petitioner to carry out the strict letter of those regulations.
(c) A petitioner for a variance shall serve copies of the petition on the chairman of the directors of the conservation district in which the petitioner's land is located and on the chairman of the state board.

Sec. 201.132. HEARING ON VARIANCE PETITION. (a) After receiving a petition for a variance, a board of adjustment shall schedule a hearing on the petition and give notice of that hearing.

(b) The directors of the conservation district and the members of the state board are entitled to appear and be heard at a hearing on a petition for a variance.

(c) Any owner or occupier of land within the conservation district who objects to the granting of the variance sought may intervene and become a party to the proceedings.

(d) A party to a hearing on a petition for a variance may appear in person or by agent or attorney.

Sec. 201.133. GRANTING OF VARIANCE. (a) If, on the basis of the facts presented at a hearing on a petition for a variance, the board of adjustment determines that there are great practical difficulties or unnecessary hardships in the manner of applying the strict letter of any land-use regulation on the land of the petitioner, the board shall record that determination and make and record findings of fact as to the specific conditions that establish the difficulties or hardships.

(b) On the basis of the board's determinations and findings under Subsection (a) of this section, the board of adjustment by order may authorize a variance from the land-use regulations that will:

(1) relieve the great practical difficulties or unnecessary hardships;
(2) not be contrary to the public interest;
(3) observe the spirit of the land-use regulations;
(4) secure the public health, safety, and welfare; and
(5) do substantial justice.
SUBCHAPTER G. POWERS AND DUTIES OF OTHER GOVERNMENTAL SUBDIVISIONS

Sec. 201.151. USE OF COUNTY MACHINERY AND EQUIPMENT. (a) A county may employ or permit to be employed in soil conservation and the prevention of soil waste through erosion, any county machinery, including road machinery or county road equipment. Before employing the machinery or equipment or permitting it to be employed, the commissioners court must determine that the machinery or equipment is not demanded for building or maintaining the roads of the county and must enter that determination in the minutes of the court. The commissioners court shall provide for compensation to be paid for employment of the machinery or equipment and for that compensation to be paid into the county road fund or the road fund of a defined conservation district or authorized subdivision in the county.

(b) In the public service of conserving the soil fertility of the land of the county, the commissioners court may cooperate with the landowners and taxpayers of the county in all judicious efforts for the preservation of the productiveness of the soil from avoidable waste and loss of productiveness of agricultural crops necessary to the public welfare. In doing that, the county may permit the use of available machinery and equipment for those purposes by written contract, under which the county is to receive compensation from the landowner or taxpayer.

(c) The compensation under a contract under Subsection (b) of this section must be paid on a uniform basis considered equitable and proper by the commissioners court. The compensation shall be paid into the road and bridge fund of the county. The commissioners court may provide for the payments from landowners or taxpayers to be paid in equitable amounts and intervals when county taxes are collected.

(d) The commissioners court or a representative of the commissioners court may not go on the land of any landowner to improve, terrace, protect, or ditch the land until requested to do so in writing by the owner of the land. The commissioners court may not be required to do that work unless the court determines that the work is of public benefit and elects to do the work.

(e) In any county with a population of not less than 22,000 or more than 23,000, not less than 60,000 nor more than 80,000, or not less than 290,000 nor more than 360,000, the commissioners court by
order entered in its minutes may rent or let directly to a landowner in the county any machinery or equipment, including a tractor or a grader, for use on land situated in the county in the construction of terraces, dikes, and ditches for the purpose of soil conservation or soil erosion prevention or for the purpose of constructing water tanks and reservoirs. The landowner and the commissioners court shall agree on the amount to be paid by the landowner to the county for the use of the machinery or equipment and that amount shall be specified in the order renting or letting the machinery or equipment.

Sec. 201.152. CONTRACTS FOR FLOOD CONTROL AND DRAINAGE. (a) A county, city, water control and improvement district, drainage district, or other political subdivision may contract with a conservation district for the joint acquisition of rights-of-way or for joint construction or maintenance of dams, flood retention structures, canals, drains, levees, or other improvements for flood control and drainage related to flood control or for making the necessary outlets and maintaining them. The contracts and agreements may contain terms, provisions, and details that the governing bodies of the respective political subdivisions determine to be necessary under the facts and circumstances.

(b) A county, city, water control and improvement district, drainage district, or other political subdivision may contribute funds to a conservation district for the construction or maintenance of canals, dams, flood retention structures, drains, levees, and other improvements for flood control and drainage related to flood control or for making the necessary outlets and maintaining them. The political subdivision may contribute the funds regardless of whether title to the property is vested in the State of Texas or a conservation district if the work to be accomplished is for the mutual benefit of the donor and the agency or political subdivision having title to the property on which the improvements are located.

(c) A county, city, water control and improvement district, drainage district, or other political subdivision may contribute funds to a conservation district for a specific purpose authorized by this chapter or for use in the exercise of any power or duty conferred on a conservation district by this chapter that will
benefit the contributing district or political subdivision. All or part of any funds contributed by a county, city, water control and improvement district, drainage district, or other political subdivision to a conservation district may be used by the conservation district to match funds received from the state.

(d) For the purposes of this section, a county may expend permanent improvement funds or flood control funds levied in accordance with Article VIII, Section 1-a, of the Texas Constitution and Chapter 464, Acts of the 51st Legislature, Regular Session, 1949 (Article 7048a, Vernon's Texas Civil Statutes). A political subdivision other than a county may expend the appropriate funds of the subdivision for the purposes of this section.

(b) A person is not eligible to participate in or to receive money from the state water supply enhancement program if the person is simultaneously receiving any cost-share money for brush control on the same acreage from a federal government program.

(c) The board may grant an exception to Subsection (b) if the board finds that joint participation of the state water supply enhancement program and any federal brush control program will:

1. enhance the efficiency and effectiveness of the water supply enhancement program;
2. lessen the state's financial commitment to the person receiving money from the water supply enhancement program through a cost-sharing contract; and
3. not exceed 80 percent of the total cost of the cost-sharing contract.

(d) A political subdivision of this state is eligible for cost sharing under the water supply enhancement program, provided that the state's share may not exceed 50 percent of the total cost of a single cost-sharing contract.

(e) Notwithstanding any other provision of this section, 100 percent of the total cost of a single cost-sharing contract on public lands may be made available as the state's share in cost sharing.

Sec. 203.156. APPLICATION FOR COST SHARING. A person, including a political subdivision of this state, that desires to participate with the state in the water supply enhancement program and to obtain cost-sharing participation by the state shall file an application for a cost-sharing contract with the district board in the district in which the land on which the contract is to be performed is located. The application must be in the form provided by board rules.

Sec. 203.157. CONSIDERATIONS IN PASSING ON APPLICATION. In passing on an application for cost sharing, the board shall consider:

1. the location of the land that is subject to the cost-sharing contract;
2. the method of control the applicant will use;
3. the plans for revegetation;
4. the total cost of the contract;
5. the amount of land to be included in the contract;
6. whether the applicant is financially able to provide the applicant's share of the money for the project;
7. the cost-share percentage, if an applicant agrees to a higher degree of financial commitment;
8. any comments and recommendations submitted by a local district, the department, the Texas Water Development Board, or the Parks and Wildlife Department; and
(9) any other pertinent information considered necessary by the board.

Amended by:
Acts 2011, 82nd Leg., R.S., Ch. 61 (H.B. 1808), Sec. 25, eff. September 1, 2011.

Sec. 203.158. APPROVAL OF APPLICATION. The board may approve an application for cost sharing if, after considering the factors listed in Section 203.157 and any other relevant factors, the board finds:

(1) the owner of the land fully agrees to cooperate in the cost-sharing contract; and
(2) the method of eradication is a method approved by the board under Section 203.055.

Amended by:
Acts 2011, 82nd Leg., R.S., Ch. 61 (H.B. 1808), Sec. 26, eff. September 1, 2011.

(b) The board or designated district board shall negotiate a contract with the successful applicant subject to:

(1) the conditions established by the board in approving the application;
(2) any specified instructions provided by the board; and
(3) board rules.

(c) On completion of the negotiations by the district board, it shall submit the proposed contract to the board for approval.
(d) The board shall examine the contract and if the board finds that the contract meets all the conditions of the board's resolution, instructions, and rules, it shall approve the contract and provide to the individual on faithful performance of the terms of the contract the money that constitutes the state's share of the project.

(e) The board may develop guidelines to allow partial payment of the state's share of a cost-sharing contract as certain portions or percentages of contracted work are completed, but state money may not be provided in advance for work remaining to be done.

Added by Acts 1985, 69th Leg., ch. 655, Sec. 1, eff. Aug. 26, 1985. Amended by:
   Acts 2011, 82nd Leg., R.S., Ch. 61 (H.B. 1808), Sec. 27, eff. September 1, 2011.

Sec. 203.161. ADMINISTRATION OF EXPENDITURES. The district board may administer expenditure of the state's share of the money required by a cost-sharing contract and shall report periodically to the board on the expenditure of those funds in the manner required by the board.

Sec. 203.162. WATER SUPPLY ENHANCEMENT PLANS. (a) The board shall consult with each successful applicant for a cost-sharing contract to create a 10-year plan for the land that is subject to the contract to enhance the water supply in the area.

(b) A plan created under this section must include:
   (1) provisions for brush control or other water supply enhancement activities;
   (2) a provision for follow-up brush control;
   (3) a provision requiring the landowner to limit the average brush coverage on the land that is subject to the contract to not more than five percent throughout the course of the 10-year plan; and
   (4) periodic dates throughout the course of the 10-year plan on which the board will inspect the status of brush control on the land that is subject to the contract.

(c) A plan created under this section may not condition
implementation of the provision for follow-up brush control on receipt of additional funding for the follow-up brush control from a state source other than the original cost-sharing contract.

TITLE 8. PROTECTION AND PRESERVATION OF AGRICULTURAL OPERATIONS
CHAPTER 251. EFFECT OF NUISANCE ACTIONS AND GOVERNMENTAL REQUIREMENTS ON PREEXISTING AGRICULTURAL OPERATIONS

Sec. 251.001. POLICY. It is the policy of this state to conserve, protect, and encourage the development and improvement of its agricultural land for the production of food and other agricultural products. It is the purpose of this chapter to reduce the loss to the state of its agricultural resources by limiting the circumstances under which agricultural operations may be regulated or considered to be a nuisance.

Added by Acts 1981, 67th Leg., p. 2595, ch. 693, Sec. 21, eff. Aug. 31, 1981.

Sec. 251.002. DEFINITIONS. In this chapter:
(1) "Agricultural operation" includes the following activities:
(A) cultivating the soil;
(B) producing crops for human food, animal feed, planting seed, or fiber;
(C) floriculture;
(D) viticulture;
(E) horticulture;
(F) silviculture;
(G) wildlife management;
(H) raising or keeping livestock or poultry; and
(I) planting cover crops or leaving land idle for the purpose of participating in any governmental program or normal crop or livestock rotation procedure.
(2) "Governmental requirement" includes any rule, regulation, ordinance, zoning, or other requirement or restriction enacted or promulgated by a county, city, or other municipal
corporation that has the power to enact or promulgate the requirement or restriction.

Added by Acts 1981, 67th Leg., p. 2595, ch. 693, Sec. 21, eff. Aug. 31, 1981.
Amended by:
  Acts 2005, 79th Leg., Ch. 18 (S.B. 734), Sec. 1, eff. May 3, 2005.

Sec. 251.003. ESTABLISHED DATE OF OPERATION. For purposes of this chapter, the established date of operation is the date on which an agricultural operation commenced operation. If the physical facilities of the agricultural operation are subsequently expanded, the established date of operation for each expansion is a separate and independent established date of operation established as of the date of commencement of the expanded operation, and the commencement of expanded operation does not divest the agricultural operation of a previously established date of operation.

Added by Acts 1981, 67th Leg., p. 2595, ch. 693, Sec. 21, eff. Aug. 31, 1981.

Sec. 251.004. NUISANCE ACTIONS. (a) No nuisance action may be brought against an agricultural operation that has lawfully been in operation for one year or more prior to the date on which the action is brought, if the conditions or circumstances complained of as constituting the basis for the nuisance action have existed substantially unchanged since the established date of operation. This subsection does not restrict or impede the authority of this state to protect the public health, safety, and welfare or the authority of a municipality to enforce state law.

(b) A person who brings a nuisance action for damages or injunctive relief against an agricultural operation that has existed for one year or more prior to the date that the action is instituted or who violates the provisions of Subsection (a) of this section is liable to the agricultural operator for all costs and expenses incurred in defense of the action, including but not limited to attorney's fees, court costs, travel, and other related incidental expenses incurred in the defense.
(c) This section does not affect or defeat the right of any person to recover for injuries or damages sustained because of an agricultural operation or portion of an agricultural operation that is conducted in violation of a federal, state, or local statute or governmental requirement that applies to the agricultural operation or portion of an agricultural operation.

Added by Acts 1981, 67th Leg., p. 2595, ch. 693, Sec. 21, eff. Aug. 31, 1981.

Sec. 251.005. EFFECT OF GOVERNMENTAL REQUIREMENTS. (a) For purposes of this section, the effective date of a governmental requirement is the date on which the requirement requires or attempts to require compliance as to the geographic area encompassed by the agricultural operation. The recodification of a municipal ordinance does not change the original effective date to the extent of the original requirements.

(b) A governmental requirement of a political subdivision of the state other than a city:

(1) applies to an agricultural operation with an established date of operation subsequent to the effective date of the requirement;

(2) does not apply to an agricultural operation with an established date of operation prior to the effective date of the requirement; and

(3) applies to an agricultural operation if the governmental requirement was in effect and was applicable to the operation prior to the effective date of this chapter.

(c) A governmental requirement of a city does not apply to any agricultural operation situated outside the corporate boundaries of the city on the effective date of this chapter. If an agricultural operation so situated is subsequently annexed or otherwise brought within the corporate boundaries of the city, the governmental requirements of the city do not apply to the agricultural operation unless the requirement is reasonably necessary to protect persons who reside in the immediate vicinity or persons on public property in the immediate vicinity of the agricultural operation from the danger of:

(1) explosion, flooding, vermin, insects, physical injury, contagious disease, removal of lateral or subjacent support,
contamination of water supplies, radiation, storage of toxic materials, or traffic hazards; or

(2) discharge of firearms or other weapons, subject to the restrictions in Section 229.002, Local Government Code.

(c-1) A governmental requirement may be imposed under Subsection (c) only after the governing body of the city makes findings by resolution that the requirement is necessary to protect public health. Before making findings as to the necessity of the requirement, the governing body of the city must use the services of the city health officer or employ a consultant to prepare a report to identify the health hazards related to agricultural operations and determine the necessity of regulation and manner in which agricultural operations should be regulated.

(c-2) A governmental requirement of a city relating to the restraint of a dog that would apply to an agricultural operation under Subsection (c) does not apply to a dog used to protect livestock on property controlled by the property owner while the dog is being used on such property for that purpose.

(d) This section shall be construed to maintain, to the limited degree set forth in this section, the authority of a political subdivision under prior law over nonconforming uses but may not be construed to expand that authority.

(e) A governmental requirement of a political subdivision of the state does not apply to conduct described by Section 42.09(f), Penal Code, on an agricultural operation.

Amended by:

Acts 2005, 79th Leg., Ch. 18 (S.B. 734), Sec. 2, eff. May 3, 2005.

Acts 2009, 81st Leg., R.S., Ch. 506 (S.B. 1016), Sec. 9.22, eff. September 1, 2009.

Sec. 251.006. AGRICULTURAL IMPROVEMENTS. (a) An owner, lessee, or occupant of agricultural land is not liable to the state,
a governmental unit, or the owner, lessee, or occupant of other agricultural land for the construction or maintenance on the land of an agricultural improvement if the construction is not expressly prohibited by statute or a governmental requirement in effect at the time the improvement is constructed. Such an improvement does not constitute a nuisance.

(b) This section does not apply to an improvement that obstructs the flow of water, light, or air to other land. This section does not prevent the enforcement of a statute or governmental requirement to protect public health or safety.

(c) In this section:

(1) "Agricultural land" includes any land the use of which qualifies the land for appraisal based on agricultural use as defined under Subchapter D, Chapter 23, Tax Code.

(2) "Agricultural improvement" includes pens, barns, fences, and other improvements designed for the sheltering, restriction, or feeding of animal or aquatic life, for storage of produce or feed, or for storage or maintenance of implements.

Added by Acts 1997, 75th Leg., ch. 332, Sec. 1, eff. Sept. 1, 1997.
