with this section on a person regulated under a law listed under Subsection (a) who violates that law or a rule or order adopted under that law. In the rules adopted under this subsection, the commissioner shall:

The department shall provide the administrative penalty schedule to the public on request. The amount of an administrative penalty imposed under this section must be based on:

(1) the seriousness of the violation, including:
   (A) the nature, circumstances, extent, and gravity of the violation; and
   (B) the hazard or potential hazard created to the health, safety, or economic welfare of the public;

(2) the economic harm to the public interest or public confidence caused by the violation;

(5) efforts to correct the violation;

(6) whether the violation was intentional; and

(7) any other matter that justice may require.

(d) In the enforcement of a law that is enforced by or through the state fire marshal, the state fire marshal may, in lieu of cancelling, revoking, or suspending a license or certificate of registration, impose on the holder of the license or certificate of registration an order directing the holder to do one or more of the following:

(1) cease and desist from a specified activity;

(2) pay an administrative penalty imposed under this section; or

(3) make restitution to a person harmed by the holder's violation of an applicable law or rule.

(e) The state fire marshal shall impose an administrative
penalty under this section in the manner prescribed for imposition of an administrative penalty under Subchapter B, Chapter 84, Insurance Code. The state fire marshal may impose an administrative penalty under this section without referring the violation to the department for commissioner action.

(f) An affected person may dispute the imposition of the penalty or the amount of the penalty imposed in the manner prescribed by Subchapter C, Chapter 84, Insurance Code. Failure to pay an administrative penalty imposed under this section is subject to enforcement by the department.

(a) On the governor's determination that a local government of the state has suffered or will suffer a substantial loss of tax and other revenue from a major disaster and has demonstrated a need for financial assistance to perform its governmental functions, the governor may apply to the federal government on behalf of the local government for a loan and may receive and disburse the proceeds of an approved loan to the local government.
(b) The governor may determine the amount needed by a local
government to restore or resume its governmental functions and
certify that amount to the federal government. The amount sought for
the local government may not exceed 25 percent of the annual
operating budget of the local government for the fiscal year in which
the major disaster occurs.

(c) The governor may recommend to the federal government, based
on the governor's review, the cancellation of all or part of

expenses of a municipal operation character.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 418.022. AID FOR INDIVIDUALS. (a) On the governor's
determination that financial assistance is essential to meet
disaster-related necessary expenses or serious needs of individuals
or families adversely affected by a major disaster that cannot be
otherwise adequately met from other means of assistance, the governor
may accept a grant by the federal government to fund the financial
assistance, subject to the terms and conditions imposed on the grant.
The governor may agree with the federal government or any officer or
agency of the United States pledging the state to participate in
funding not more than 25 percent of the financial assistance.

(b) The governor may make financial grants to meet disaster-
related necessary expenses or serious needs of individuals or
families adversely affected by a major disaster that cannot otherwise
adequately be met from other means of assistance. The grants may not
exceed an aggregate amount in excess of that established by federal
statute for an individual or family in any single major disaster
declared by the president of the United States.

(c) The governor may designate in the state emergency
management plan the Department of Human Services or another state
agency to carry out the functions of providing financial aid to
individuals or families qualified for disaster relief. The
designated agency may employ temporary personnel for those functions
to be paid from funds appropriated to the agency, from federal funds,

(b) The governor may accept funds from the federal government and use the funds to make grants to a local government for the purpose of removing debris or wreckage from public or private land or water.

(c) Debris or wreckage may not be removed from public or private property until the affected local government, corporation, organization, or individual presents to the governor or member of the Emergency Management Council an unconditional authorization for removal. Debris or wreckage may not be removed from private property until the state is indemnified against any claim arising from removal. In instances where it is not practical and further delay would create a greater risk to public health or safety, the governor, acting through the Emergency Management Council, may remove debris or wreckage from public or private property without an unconditional authorization or indemnification.

(d) If the governor provides for clearance of debris or wreckage under this chapter, state employees or other individuals acting by authority of the governor may enter on private land or water to perform tasks necessary to the removal or clearance operation. Except in cases of wilful misconduct, gross negligence, or bad faith, a state employee or agent performing his duties while complying with orders of the governor issued under this chapter is not liable for the death of or injury to a person or for damage to property.

(b) A declaration made under this section is subject to Section 418.014.

The commission shall define the components by rule.

(b) A federal fire fighter who would be fire protection personnel under Section 419.021 if the person were employed by a local government may apply to the commission for regulation under this section. The fact that a federal fire fighter becomes regulated by the commission under this section does not make the employing agency subject to commission regulation under this section.

Sec. 419.085. VOLUNTARY REGULATION OF CERTAIN NONGOVERNMENTAL DEPARTMENTS. (a) A nongovernmental entity may apply to the commission for regulation under Subchapter B if:

(c) The commission shall determine whether an entity that has applied for regulation under this section is eligible for regulation under Subsection (a). The commission shall approve a request for
regulation if the entity meets the requirements of Subsection (a), and the commission shall notify the applying entity and the affected fire protection employees of its decision.

(e) A person, department, or other entity that is subject to regulation under this section is entitled to a reasonable period in which to comply with the requirements of Subchapter B and applicable commission rules. Sec. 419.086. ELIGIBILITY FOR CERTAIN TRAINING ASSISTANCE. If an entity or the employees of an entity are regulated under this subchapter so that as a consequence of the regulation a certification fee is paid to the commission on behalf of each employee of the entity who would be fire protection personnel under Section 419.021 if the employee were employed by a local government, the commission shall use the special account in the general revenue fund created under Section 419.026(d) to provide training assistance to the entity to the same extent that the commission provides training assistance to a fire department under Section 419.031.

Sec. 419.087. MANDATORY REGULATION OF CERTAIN NONGOVERNMENTAL ORGANIZATIONS AND PERSONNEL. (a) In this section, "fire department," "fire protection personnel," and "local government" have the meanings assigned by Section 419.021.

(b) An organization that is not a local government, a department of a local government, or a state or federal agency is subject to regulation by the commission under Subchapter B if the organization:

(a) The attorney general shall develop and distribute to law enforcement agencies and proper medical personnel an evidence collection protocol that shall include collection procedures and a list of requirements for the contents of an evidence collection kit for use in the collection and preservation of evidence of a sexual assault or other sex offense. Medical or law enforcement personnel collecting evidence of a sexual assault or other sex offense shall use an attorney general-approved evidence collection kit and protocol.

(b) An evidence collection kit must contain items to collect and preserve evidence of a sexual assault or other sex offense and other items determined necessary for the kit by the attorney general.

(c) In developing the evidence collection kit and protocol, the attorney general shall consult with the individuals and organizations listed in Section 420.012.

(d) Repealed by Acts 2019, 86th Leg., R.S., Ch. 1037 (H.B. 616), Sec. 8(3), eff. September 1, 2019.

(e) Evidence collected under this section may not be released unless a signed, written consent to release the evidence is obtained as provided by Section 420.0735.

(f) Failure to comply with evidence collection procedures or requirements adopted under this section does not affect the admissibility of the evidence in a trial of the offense.

Sec. 420.032. PHOTO DOCUMENTATION REQUIRED FOR CHILD VICTIMS IN CERTAIN COUNTIES. (a) In this section:

(1) "Child" has the meaning assigned by Section 101.003, Family Code.

(2) "Medical professional" has the meaning assigned by Section 91.001, Family Code.

(3) "Photo documentation" means video or photographs of a child alleged to be the victim of a sexual assault that are taken with a colposcope or other magnifying camera during the forensic portion of a medical examination of the child.

(b) In a county with a population of three million or more, the forensic portion of a medical examination of a child alleged to be the victim of a sexual assault must include the production of photo documentation unless the medical professional examining the child determines that good cause for refraining from producing photo documentation exists.

(c) The photo documentation must include images of the child's anogenital area and any signs of injury apparent on the body of the child.

(d) If photo documentation is not produced, the medical professional conducting the forensic portion of the medical examination shall document in the child's medical records the reason photo documentation was not produced.

(e) The fact that the medical professional examining the child did not produce photo documentation in the forensic portion of a medical examination of a child alleged to be the victim of a sexual assault and the reasons behind the lack of photo documentation are admissible at the trial of the alleged sexual assault, but the lack of photo documentation will not affect the admissibility of other evidence in the case.
Sec. 420.033.  CHAIN OF CUSTODY.  Medical, law enforcement, department, and laboratory personnel who handle evidence of a sexual assault or other sex offense under this chapter or other law shall maintain the chain of custody of the evidence from the time the evidence is collected until the time the evidence is destroyed.

  (1) evidence from an evidence collection kit used to collect and preserve evidence of a sexual assault or other sex offense; and
  (2) other biological evidence of a sexual assault or other sex offense.

(b) The department shall develop and implement a statewide electronic tracking system for evidence collected in relation to a sexual assault or other sex offense.

(c) The tracking system must:
  (1) include the evidence collection kit and any other items collected during the forensic medical examination in relation to a sexual assault or other sex offense and submitted for a laboratory analysis that is necessary to identify the offender or offenders, regardless of whether the evidence is collected in relation to an individual who is alive or deceased;
  (2) track the location and status of each item of evidence through the criminal justice process, including the initial collection of the item of evidence in a forensic medical examination, receipt and storage of the item of evidence at a law enforcement
agency, receipt and analysis of the item of evidence at an accredited
crime laboratory, and storage and destruction of the item of evidence
after the item is analyzed;

(3) allow a facility or entity performing a forensic
medical examination of a survivor, law enforcement agency, accredited
crime laboratory, prosecutor, or other entity providing a chain of
custody for an item of evidence to update and track the status and
location of the item; and

(4) allow a survivor to anonymously track or receive
updates regarding the status and location of each item of evidence
collected in relation to the offense.

(d) The department shall require participation in the tracking
system by any facility or entity that collects evidence of a sexual
assault or other sex offense or investigates or prosecutes a sexual
assault or other sex offense for which evidence has been collected.

(e) Records entered into the tracking system are confidential
and are not subject to disclosure under Chapter 552. Records
relating to evidence tracked under the system may be accessed only by:

(1) the survivor from whom the evidence was collected; or
(2) an employee of a facility or entity described by
Subsection (d), for purposes of updating or tracking the status or
location of an item of evidence.

(f) An employee of the department or a facility or entity
described by Subsection (d) may not disclose to a parent or legal
guardian of a survivor information that would aid the parent or legal
guardian in accessing records relating to evidence tracked under the
system if the employee knows or has reason to believe that the parent
or legal guardian is a suspect or a suspected accomplice in the
commission of the offense with respect to which evidence was
collected.

(g) To assist in establishing and maintaining the statewide
electronic tracking system under this section, the department may
accept gifts, grants, or donations from any person or entity.

(h) Not later than December 1 of each year, the department
shall submit a report to the governor, lieutenant governor, speaker
of the house of representatives, and members of the legislature
identifying the number of evidence collection kits that have not yet
been submitted for laboratory analysis or for which the laboratory
analysis has not yet been completed, as applicable. The annual report
must be titled "Statewide Electronic Tracking System Report" and must be posted on the department's publicly accessible Internet website.

(1) promptly notify any law enforcement agency investigating the offense; and

(2) not later than two business days after the date the examination is performed, enter the identification number of the evidence collection kit into the statewide electronic tracking system under Section 420.034.

(b) Except as provided by Subsection (c), a law enforcement agency that receives notice from a health care facility or other entity under Subsection (a) shall take possession of the evidence not later than the seventh day after the date the law enforcement agency receives notice.

(c) A law enforcement agency that receives notice from a health care facility or other entity that is located more than 100 miles from the law enforcement agency shall take possession of the evidence not later than the 14th day after the date the law enforcement agency receives notice.

(d) To ensure the expeditious completion of analyses, the department and other applicable public accredited crime laboratories may contract with private accredited crime laboratories as appropriate to perform those analyses, subject to the necessary quality assurance reviews by the public accredited crime laboratories.

(e) The failure of a law enforcement agency to take possession of evidence of a sexual assault or other sex offense within the period required by Section 420.035 or to submit that evidence within the period required by this section does not affect the authority of:

sexual assault or other sex offense to a public accredited crime
laboratory within the period required by this section shall provide
to the department written documentation of the failure, including a

Sec. 420.051. ADVOCATES FOR SURVIVORS OF SEXUAL ASSAULT. An individual may act as an advocate for survivors of sexual assault for the purposes of Subchapter H, Chapter 56A, Code of Criminal Procedure, if the individual has completed a sexual assault training program certified by the attorney general and is an employee or volunteer of a sexual assault program.
SUBCHAPTER D.  CONFIDENTIAL COMMUNICATIONS AND RECORDS

Sec. 420.071.  CONFIDENTIAL COMMUNICATIONS AND RECORDS; PRIVILEGE.  (a) Any communication, including an oral or written communication, between an advocate and a survivor that is made in the course of advising, counseling, or assisting the survivor is confidential.

(b) Any record created by, provided to, or maintained by an advocate is confidential if the record relates to the services provided to a survivor or contains the identity, personal history, or background information of the survivor or information concerning the victimization of the survivor.

(c) In any civil, criminal, administrative, or legislative proceeding, subject to Section 420.072, a survivor has a privilege to refuse to disclose and to prevent another from disclosing, for any purpose, a communication or record that is confidential under this section.

(c-1) Except as provided by this subsection, the unauthorized disclosure of a portion of a confidential communication or record does not constitute a waiver of the privilege provided by Subsection (c). If a portion of a confidential communication or record is disclosed, a party to the relevant court or administrative proceeding may make a motion requesting that the privilege be waived with respect to the disclosed portion. The court or administrative hearing officer, as applicable, may determine that the privilege has been waived only if:

(1) the disclosed portion is relevant to a disputed matter at the proceeding; and

(2) waiver is necessary for a witness to be able to respond to questioning concerning the disclosed portion.
(d) This subchapter governs a confidential communication or record concerning a survivor regardless of when the survivor received the services of an advocate or sexual assault program.

Sec. 420.072. DISCLOSURE OF CONFIDENTIAL COMMUNICATION OR RECORD. (a) A communication or record that is confidential under Section 420.071 may only be disclosed if:

(1) the communication or record is relevant to the claims or defense of an advocate or sexual assault program in a proceeding brought by the survivor against the advocate or program;

(2) the survivor has waived the privilege established under Section 420.071(c) with respect to the communication or record;

(3) the survivor or other appropriate person consents in writing to the disclosure as provided by Section 420.073;

(4) an advocate determines that, unless the disclosure is made, there is a probability of:

(5) the disclosure is necessary:

(A) to comply with:

(i) Chapter 261, Family Code; or

(6) the disclosure is made to an employee or volunteer of the sexual assault program after an advocate or a person under the
supervision of a counseling supervisor who is participating in the
evaluation or counseling of or the provision of services to the
survivor determines that the disclosure is necessary to facilitate
the provision of services to the survivor; or

(7) the communication or record is in the possession,
custody, or control of the state and a court, after conducting an in
camera review of the communication or record, determines the
communication or record is exculpatory, provided that the disclosure
is limited to the specific portion of the communication or record
that was determined to be exculpatory in relation to a defendant in a
criminal case.

(b) Regardless of whether written consent has been given by a
parent or legal guardian under Section 420.073(a), a person may not
disclose a communication or record that is confidential under Section
420.071 to a parent or legal guardian of a survivor who is a minor or
to a guardian appointed under Title 3, Estates Code, of an adult
survivor, if applicable, if the person knows or has reason to believe
that the parent or guardian of the survivor is a suspect or
accomplice in the sexual assault of the survivor.

(c) Notwithstanding Subsections (a) and (b), the Texas Rules of
Evidence govern the disclosure of a communication or record that is
confidential under Section 420.071 in a criminal or civil proceeding
by an expert witness who relies on facts or data from the

Sec. 432.015. COMMANDING OFFICER'S NONJUDICIAL PUNISHMENT. (a) Under regulations as may be prescribed, any commanding officer may impose disciplinary punishments for minor offenses without the intervention of a court-martial in accordance with this subchapter. There is no right to trial by court-martial in lieu of nonjudicial punishment imposed under this section. Only the governor, the adjutant general, or an officer of a general or flag rank in command may delegate the powers under this section to a principal assistant who is a member of the state military forces.

(b) Any accused person who is facing discipline under this section shall be afforded the opportunity to be represented by defense counsel having the qualifications prescribed under Section 432.046(b), if such a counsel is reasonably available. Otherwise, the accused shall be afforded the opportunity to be represented by any available commissioned officer of the accused's choice. The accused may also be represented by civilian counsel at no expense to
the state. In all proceedings, the accused is allowed three duty 
days, or longer on written justification, to reply to the 
notification of intent to impose punishment under this section. 
(c) Any commanding officer may impose on enlisted members in 
the officer's command: 
(1) a reprimand; 
(2) a fine equal to an amount that is not more than seven 
days' pay; and 
(3) a reduction to the next inferior pay grade. 
(d) Any commanding officer of the grade of O-4 or above may 
impose on enlisted members in the officer's command: 
(1) a reprimand; 
(2) a fine equal to an amount that is not more than one 
month's pay; and 
(3) a reduction to the lowest or any intermediate pay 
grade, but an enlisted member in a pay grade above E-4 may not be 
reduced more than two pay grades. 
(e) The governor, the adjutant general, an officer exercising 
general court-martial convening authority, or an officer of a general 
or flag rank in command may impose: 
(1) on officers in the officer's command: 
(A) a reprimand; and 
(B) a fine equal to an amount that is not more than one 
month's pay; and 
(2) on enlisted members in the officer's command, any 
punishment authorized under Subsection (d). 
(f) The officer who imposes the punishment authorized in this 
section or the officer's successor in command may at any time 
suspend, set aside, reduce, or remit any part or amount of the 
punishment and restore all rights, privileges, and property affected. 
The mitigated punishment may not be for a greater amount than the 
punishment mitigated. When mitigating reduction in grade to a fine, 
the amount of the fine may not be greater than the amount that could 
have been imposed initially under this section by the officer who 
imposed the punishment mitigated. 
(g) A person punished under this section who considers the 
punishment unjust or disproportionate to the offense may, through the 
proper channel, appeal to the next superior authority not later than 
the 15th day after the date the punishment is either announced or 
sent to the accused, as the commanding officer determines. The
appeal shall be promptly forwarded and decided, but the person punished may in the meantime be required to undergo the punishment adjudged. The superior authority may exercise the same powers with respect to the punishment imposed as may be exercised under Subsection (f) by the officer who imposed the punishment. Before acting on an appeal from a punishment, the authority who is to act on the appeal may refer the case to a judge advocate for consideration and advice.

(h) The imposition and enforcement of disciplinary punishment under this section for any act or omission is not a bar to trial by court-martial or a civilian court of competent jurisdiction for a serious crime or offense growing out of the same act or omission and not properly punishable under this section, but the fact that a disciplinary punishment has been enforced may be shown by the accused on trial and, when shown, shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilty.

(i) Regulations may prescribe the form of records to be kept of proceedings under this section and that certain categories of those proceedings shall be in writing.

(b) A dismissal or dishonorable discharge may not be adjudged
unless a complete record of the proceedings and testimony is made, counsel having the qualifications prescribed under Section 432.046(b) is detailed to represent the accused; and a military judge is detailed to the trial.

(a) Subject to Section 432.032, a special court-martial has jurisdiction to try a person subject to this chapter, except a commissioned officer, for any offense under this chapter. A special court-martial has the same powers of punishment as a general court-martial, except that a special court-martial may not impose more than a $4,000 fine and confinement of not more than one year for a single offense.

(b) A dismissal or bad conduct discharge may not be adjudged unless a complete record of the proceedings and testimony is made, counsel having the qualifications prescribed under Section 432.046(b) is detailed to represent the accused, and a military judge is detailed to the trial, except in a case in which a military judge cannot be detailed to the trial because of physical conditions or military exigencies. In a case in which a military judge is not detailed to the trial, the convening authority shall make a detailed written statement, to be appended to the record, stating the reason a military judge could not be detailed.

Sec. 432.035. JURISDICTION OF SUMMARY COURT-MARTIAL. (a) Subject to Section 432.032, a summary court-martial has jurisdiction
to try persons subject to this chapter, except officers, for any offense under this chapter.

(b) A person of whom a summary court-martial has jurisdiction may not be brought to trial before a summary court-martial if the person objects. If an accused objects to trial by summary court-martial, trial may be ordered by special or general court-martial, as appropriate.

(c) A summary court-martial may sentence a person to pay a fine of not more than $1,000 and confinement for not more than 90 days for a single offense, to forfeit pay and allowances, and to reduction of a noncommissioned officer to any lower rank.

Sec. 432.036. JURISDICTION OF COURT-MARTIAL NOT EXCLUSIVE. The provisions of this chapter conferring jurisdiction on courts-martial do not deprive military commissions, provost courts, or other military tribunals of concurrent jurisdiction with respect to offenders or offenses that by statute or by the law of war may be tried by military commissions, provost courts, or other military tribunals.

SUBCHAPTER E. COMPOSITION OF COURTS-MARTIAL

Sec. 432.041. WHO MAY CONVENE GENERAL COURT-MARTIAL. In the militia or state military forces not in federal service a general court-martial may be convened by:

(1) the governor; or
(2) the adjutant general or any other general officer under regulations the governor may adopt.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.
Sec. 432.042. WHO MAY CONVENE SPECIAL COURT-MARTIAL. In the state military forces not in federal service, any commander in the grade of O-5 or higher may convene a special court-martial.

Sec. 432.043. WHO MAY CONVENE SUMMARY COURT-MARTIAL. In the state military forces not in federal service, any commander in the grade of O-4 or higher may convene a summary court-martial.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1999, 76th Leg., ch. 309, Sec. 4, eff. Sept. 1, 1999. Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 807 (H.B. 2417), Sec. 10, eff. September 1, 2011.

Sec. 432.044. WHO MAY SERVE ON COURT-MARTIAL. (a) Any state commissioned officer in a duty status is eligible to serve on a court-martial.

(b) A warrant officer in a duty status is eligible to serve on general and special courts-martial for the trial of a person, other than a commissioned officer, who may lawfully be brought before the courts for trial.

(c) An enlisted member of the state military forces in a duty status who is not a member of the same unit as the accused is eligible to serve on general and special courts-martial for the trial of an enlisted member of the state military forces who may lawfully be brought before the court for trial if, before the conclusion of a session called by the military judge under Section 432.064(a) before trial or, in the absence of such a session, before the court is assembled for the trial of the accused, the accused personally has requested in writing that enlisted members serve on it. After such a request, the accused may not be tried by a general or special court-martial the membership of which does not include enlisted members in a number comprising at least one-third of the total membership of the
court, unless eligible members cannot be obtained because of physical conditions or military exigencies. If a sufficient number of enlisted members cannot be obtained, the court may be convened and the trial held without them, but the convening authority shall make a detailed written statement, to be appended to the record, stating why they could not be obtained. In this subsection, "unit" means a regularly organized body of the state military forces not larger than a company, squadron, division of the naval militia, or body corresponding to a company, squadron, or division.

(d) When it can be avoided, a person subject to this chapter may not be tried by a court-martial of which any member is junior to the accused in rank or grade. On convening a court-martial, the convening authority shall detail as members of the court-martial members of the state military forces that, in the convening authority's opinion, are best qualified for the duty because of age, education, training, experience, length of service, and judicial temperament. A member of the state military forces is not eligible to serve as a member of a general or special court-martial if the member is the accuser, is a witness, or has acted as investigating officer or counsel in the same case.

Sec. 432.045. MILITARY JUDGE OF COURT-MARTIAL. (a) The authority convening a general court-martial shall, and, subject to regulations issued by the governor, the authority convening a special or summary court-martial may, detail a military judge to the court-martial. A military judge shall preside over open sessions of the court-martial to which the judge has been detailed.

(b) A military judge must be a commissioned officer of the state military forces, a member of the State Bar of Texas, and certified to be qualified for duty as a military judge by the state judge advocate general of the state military forces.

(c) The military judge of a general court-martial shall be designated by the state judge advocate general or his designee for
detail by the convening authority, and unless the court-martial was
convened by the governor or the adjutant general, neither the
convening authority nor a member of his staff shall prepare or review
any report concerning the effectiveness, fitness, or efficiency of
the military judge's performance of duty as a military judge.

(d) A person who is the accuser, is a witness, or has acted as
investigating officer or counsel in a case is not eligible to act as
military judge in the same case.

(e) The military judge of a court-martial may not consult with
the members of the court except in the presence of the accused, trial
counsel, and defense counsel, nor may he vote with the members of the
court.

(f) A military judge detailed to preside over a court-martial
is not subject to any report by the convening authority concerning
the effectiveness, fitness, or efficiency of that military judge that
relates to performance of duty as a military judge, nor any member of
his staff.

(g) A trial counsel, defense counsel, military judge, legal
officer, summary court officer, or any other person certified by the
state judge advocate general to perform legal functions under this
chapter shall be used interchangeably, as needed, among all of the
state military forces.

Sec. 432.046. DETAIL OF TRIAL COUNSEL AND DEFENSE COUNSEL. (a)
The authority convening each general, special, or summary court-
martial shall detail trial counsel, defense counsel, and assistants
that the authority considers appropriate. A person who has acted as
investigating officer, military judge, or court member in a case may
not act later as trial counsel or assistant trial counsel, or, unless
expressly requested by the accused, as defense counsel or assistant
defense counsel in the same case. A person who has acted for the
prosecution may not act later in the same case for the defense, nor
may a person who has acted for the defense act later in the same case
for the prosecution.

(b) Trial counsel or defense counsel detailed for a general court-martial must be:

(1) a member of the State Bar of Texas; and

(2) certified as competent to perform those duties by the state judge advocate general.

(b-1) Trial counsel or defense counsel detailed for a general court-martial may not be under the supervision or command of the other counsel unless the accused and the prosecution expressly waive this restriction.

(c) In the case of a special or summary court-martial the accused shall be afforded the opportunity to be represented at the trial by counsel having the qualifications prescribed under Subsection (b) unless counsel having those qualifications cannot be obtained because of physical conditions or military exigencies. If counsel having those qualifications cannot be obtained, the court may be convened and the trial held, but the convening authority shall make a detailed written statement, to be appended to the record, stating why counsel with those qualifications could not be obtained. If the trial counsel is qualified to act as counsel before a general court-martial, the defense counsel detailed by the convening authority must be a person similarly qualified. If the trial counsel is a judge advocate or a member of the State Bar of Texas, the defense counsel detailed by the convening authority must be a judge advocate or a member of the State Bar of Texas.

Sec. 432.047. DETAIL OR EMPLOYMENT OF REPORTERS AND INTERPRETERS. Under regulations that the governor prescribes, the convening authority of a general or special court-martial, military commission, court of inquiry, or a military tribunal:

(1) shall detail or employ qualified court reporters who shall record the proceedings of and testimony taken before that court, commission, or tribunal; and
(2) may detail or employ interpreters who shall interpret for the court, commission, or tribunal.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.048. ABSENT AND ADDITIONAL MEMBERS. (a) A member of a general or special court-martial may not be absent or excused after the court has been assembled for the trial of the accused except for physical disability or as the result of a challenge or by order of the convening authority for good cause.

(b) If a general court-martial, other than a general court-martial composed of a military judge only, is reduced below five members, the trial may not proceed unless the convening authority details new members sufficient in number to provide not fewer than five members. The trial may proceed with the new members present after the recorded evidence previously introduced has been read to the court in the presence of the military judge, the accused, and counsel for both sides.

(c) If a special court-martial, other than a special court-martial composed of a military judge only, is reduced below three members, the trial may not proceed unless the convening authority details new members sufficient in number to provide not fewer than three members. The trial shall proceed with the new members present as if no evidence had previously been introduced at the trial, unless a verbatim record of the evidence previously introduced before the members of the court or a stipulation of that evidence is read to the court in the presence of the military judge, if any, the accused, and counsel for both sides.

(d) If the military judge of a court-martial composed of a military judge only is unable to proceed with the trial because of physical disability, as a result of a challenge, or for other good cause, the trial shall proceed, subject to any applicable conditions of Section 432.031(1)(B) or (2)(C), after the detail of a new military judge as if no evidence had previously been introduced, unless a verbatim record of the evidence previously introduced or stipulation of that evidence is read in court in the presence of the new military judge, the accused, and counsel for both sides.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.
SUBCHAPTER F. PRETRIAL PROCEDURE

Sec. 432.051. CHARGES AND SPECIFICATIONS. (a) Charges and specifications must be signed by a person subject to this chapter, under oath, and before a commissioned officer of the state military force authorized to administer oaths, and must state that:

(1) the signer has personal knowledge of, or has investigated, the matters set forth; and

(2) the matters set forth are true in fact to the best of the signer's knowledge and belief.

(b) On the preferring of charges, the proper authority shall take immediate steps to determine the disposition that should be made in the interest of justice and discipline, and the person accused shall be informed of the charges as soon as practicable.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.052. COMPULSORY SELF-INCRIMINATION PROHIBITED. (a) A person subject to this chapter may not compel any person to incriminate himself or to answer a question the answer to which may tend to incriminate him.

(b) A person subject to this chapter may not interrogate or request any statement from an accused or a person suspected of an offense without first informing him of the nature of the accusation and advising him that he does not have to make any statement regarding the offense of which he is accused or suspected and that any statement made by him may be used as evidence against him in a trial by court-martial.

(c) A person subject to this chapter may not compel any person to make a statement or produce evidence before a military tribunal if the statement or evidence is not material to the issue and may tend to degrade him.

(d) A statement obtained from a person in violation of this section, or through the use of coercion, unlawful influence, or unlawful inducement, may not be received in evidence against the person in a trial by court-martial.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.053. INVESTIGATION. (a) A charge or specification
may not be referred to a general court-martial for trial until a thorough and impartial investigation of all the matters set forth has been made. This investigation must include inquiry as to the truth of the matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition that should be made of the case in the interest of justice and discipline.

(b) The accused is entitled to be advised of the charges against him and of his right to be represented at that investigation by counsel. On the accused's own request, he is entitled to be represented by civilian counsel if provided by him, or by military counsel of his own selection if that counsel is reasonably available, or by counsel detailed by the officer exercising general court-martial jurisdiction over the command. At that investigation full opportunity shall be given to the accused to cross-examine witnesses against him if they are available and to present anything he may desire in his own behalf, either in defense or mitigation, and the investigating officer shall examine available witnesses requested by the accused. If the charges are forwarded after the investigation, they shall be accompanied by a statement of the substance of the testimony taken on both sides, and a copy shall be given to the accused.

(c) If an investigation of the subject matter of an offense has been conducted before the accused is charged with the offense, and if the accused was present at the investigation and afforded the opportunities for representation, cross-examination, and presentation prescribed in Subsection (b), further investigation of that charge is not necessary under this section unless it is demanded by the accused after he is informed of the charge. A demand for further investigation entitles the accused to recall witnesses for further cross-examination and to offer any new evidence in his own behalf.

(d) The requirements of this section are binding on all persons administering this chapter but failure to follow them does not constitute jurisdictional error.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.054. FORWARDING OF CHARGES. (a) If a person is held for trial by general court-martial, the commanding officer shall, not later than the eighth day after the date the accused is ordered into
arrest or confinement, forward the charges, together with the investigation and allied papers, to the officer exercising general court-martial jurisdiction.

(b) If compliance with Subsection (a) is not practicable, the commanding officer shall instead report in writing to that officer the reasons for delay.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.055. ADVICE OF STAFF JUDGE ADVOCATE AND REFERENCE FOR TRIAL. (a) Before directing the trial of a charge by general court-martial, the convening authority shall refer it to the authority's staff judge advocate or legal officer for consideration and advice. The convening authority may not refer a charge to a general court-martial for trial unless the authority has found that the charge alleges an offense under this chapter and is warranted by evidence indicated in the report of investigation.

(b) If the charges or specifications are not formally correct or do not conform to the substance of the evidence contained in the report of the investigating officer, formal corrections and changes in the charges and specifications that are needed to make them conform to the evidence may be made.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.056. SERVICE OF CHARGES. (a) The trial counsel to whom court-martial charges are referred for trial shall cause to be served on the accused a copy of the charges on which trial is to be had.

(b) In time of peace a person may not be brought to trial against his objections or be required to participate by himself or counsel in a session called by the military judge under Section 432.064(a) in a general court-martial case within five days after the date of service of charges on him, or in a special court-martial case within three days after the date of service of charges on him.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.
SUBCHAPTER G. TRIAL PROCEDURE

Sec. 432.061. PROCEDURE. The procedure, including modes of proof, in cases before military courts and other military tribunals may by regulations be prescribed by the governor. The regulations, so far as the governor considers practicable, must conform to the principles of law and the rules of evidence generally recognized in the trial of criminal cases in the courts of the state but may not be contrary to or inconsistent with this chapter.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.062. UNLAWFULLY INFLUENCING ACTION OF COURT. (a) An authority convening a general, special, or summary court-martial, another commanding officer, or officer serving one of their staffs may not censure, reprimand, or admonish the court, a court member, military judge, or counsel of the court with respect to the findings or sentence adjudged by the court or with respect to another exercise of its or his functions in the conduct of the proceeding.

(b) A person subject to this chapter may not attempt to coerce or by unauthorized means influence the action of the court-martial or another military tribunal or a member of the tribunal in reaching the findings or sentence in a case or the action of a convening, approving, or reviewing authority with respect to his judicial acts.

(c) Subsections (a) and (b) do not apply to:

1. general instructional or informational courses in military justice if the courses are designed solely for the purpose of instructing members of a command in the substantive and procedural aspects of court-martial; or

2. statements and instructions given in open court by the military judge, president of a special court-martial, or counsel.

(d) In the preparation of an effectiveness, fitness, or efficiency report, or another report or document used in whole or part for determining whether a member of the state military forces is qualified to be advanced in grade, in determining the assignment or transfer of a member of the state military forces, or in determining whether a member of the state military forces should be retained on duty, a person subject to this chapter may not:

1. consider or evaluate the performance of duty of the member as a member of a court-martial or a witness in a court-
martial; or

(2) give a less favorable rating or evaluation of a member of the state military forces because of the zeal with which the member, as counsel, represented an accused before a court-martial.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.
Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 807 (H.B. 2417), Sec. 14, eff. September 1, 2011.

Sec. 432.063. DUTIES OF TRIAL COUNSEL AND DEFENSE COUNSEL. (a) The trial counsel of a general or special court-martial shall prosecute in the name of the state and shall, under the direction of the court, prepare the record of the proceedings.

(b) The accused has the right to be represented in his defense before a general, special, or summary court-martial by civilian counsel if provided by him, or by military counsel of his own selection if reasonably available, or by the defense counsel detailed under Section 432.046. If the accused has counsel of his own selection, the defense counsel, and assistant defense counsel, if any, who were detailed, shall, if the accused so desires, act as his associate counsel; otherwise they shall be excused by the military judge or by the president of a court-martial without a military judge.

(c) In every court-martial proceeding, the defense counsel, in the event of conviction, may forward for attachment to the record of proceedings, a brief of the matters the counsel feels should be considered in behalf of the accused on review, including any objection to the contents of the record that the counsel considers appropriate.

(d) An assistant trial counsel of a general court-martial, under the direction of the trial counsel or if he is qualified to be a trial counsel as required by Section 432.046, may perform any duty imposed on the trial counsel of the court by law, regulation, or the custom of the service. An assistant trial counsel of a special court-martial may perform any duty of the trial counsel.

(e) An assistant defense counsel of a general or special court-martial, under the direction of the defense counsel or when he is qualified to be the defense counsel as required by Section 432.046,
may perform any duty imposed on counsel for the accused by law, regulation, or the custom of the service.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.064. SESSIONS. (a) At any time after the service of charges that have been referred for trial to a court-martial composed of a military judge and members, the military judge, subject to Section 432.056, may call the court into session without the presence of the members for the purpose of:

(1) hearing and determining motions raising defenses or objections that are capable of determination without trial of the issues raised by a plea of not guilty;

(2) hearing and ruling on matters that may be ruled on by the military judge under this chapter, whether or not the matter is appropriate for later consideration or decision by the members of the court;

(3) holding the arraignment and receiving the pleas of the accused if permitted by regulations of the governor; and

(4) performing any other procedural function that may be performed by the military judge under this chapter or under rules prescribed pursuant to Section 432.061 and that does not require the presence of the members of the court.

(b) Proceedings under this section shall be conducted in the presence of the accused, the defense counsel, and the trial counsel and shall be made a part of the record.

(c) When the members of a court-martial deliberate or vote, only the members may be present. All other proceedings, including any other consultation of the members of the court with counsel or the military judge, shall be made a part of the record and shall be in the presence of the accused, the defense counsel, the trial counsel, and in cases in which a military judge has been detailed to the court, the military judge.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.065. CONTINUANCES. The military judge or a court-martial without a military judge may, for reasonable cause, grant a continuance to a party for the period, and as often, as may appear to
be just.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.066. CHALLENGES. (a) The military judge and members of a general or special court-martial may be challenged by the accused or the trial counsel for cause stated to the court. The military judge, or, if none, the court, shall determine the relevancy and validity of challenges for cause and may not receive a challenge to more than one person at a time. Challenges by trial counsel shall ordinarily be presented and decided before those by the accused are offered.

(b) Each accused and the trial counsel are entitled to one preemptory challenge, but the military judge may not be challenged except for cause.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.067. OATHS. Before performing their respective duties, military judges, members of general and special courts-martial, trial counsel, assistant trial counsel, defense counsel, assistant defense counsel, reporters, and interpreters shall take an oath to perform their duties faithfully. The oath or affirmation shall be taken in the presence of the accused, and shall read as follows:

(1) for court members: "You, ________________, do swear (or affirm) that you will faithfully perform all the duties incumbent upon you as a member of this court; that you will faithfully and impartially try, according to the evidence, your conscience, and the laws and regulations provided for trials by courts-martial, the case of (the) (each) accused now before this court; and that if any doubt should arise not explained by the laws and regulations, then according to the best of your understanding and the customs of the service in like cases; that you will not divulge the findings and sentence in any case until they shall have been duly announced by the court; and that you will not disclose or discover the vote or opinion of any particular member of the court upon a challenge or upon the findings or sentence unless required to do so before a court of justice in due course of law. So help you God."
(2) for a military judge: "You, ________________, do swear (or affirm) that you will faithfully and impartially perform, according to your conscience and the laws and regulations provided for trials by courts-martial, all the duties incumbent upon you as military judge of this court; that if any doubt should arise not explained by the laws and regulations, then according to the best of your understanding and the customs of the service in like cases; and that you will not divulge the findings or sentence in any case until they shall have been duly announced by the court. So help you God."

(3) for a trial counsel and assistant trial counsel: "You, ________________ (and) ________________, do swear (or affirm) that you will faithfully perform the duties of trial counsel and will not divulge the findings or sentence of the court to any but the proper authority until they shall be duly disclosed. So help you God."

(4) for defense counsel and assistant defense counsel: "You, ________________ (and) ________________, do swear (or affirm) that you will faithfully perform the duties of defense (and individual) counsel and will not divulge the findings or sentence of the court to any but the proper authority until they shall be duly disclosed. So help you God."

(5) for a court of inquiry:

(A) the recorder of a court of inquiry shall administer to the members the following oath: "You shall well and truly examine and inquire, according to the evidence, into the matter now before you without partiality, favor, affection, prejudice, or hope of reward. So help you God."

(B) then the president of the court shall administer to the recorder the following oath: "You do swear that you will according to your best abilities accurately and impartially record the proceedings of the court and the evidence to be given in the case in hearing. So help you God."

(6) all persons who give evidence before a court-martial or court of inquiry shall be examined on oath administered by the presiding officer in the following form: "You swear (or affirm) that the evidence you shall give in the case now in hearing shall be the truth, the whole truth, and nothing but the truth. So help you God."

(7) for a reporter or interpreter: "You swear (or affirm) that you will faithfully perform the duties of reporter (or interpreter) to this court. So help you God."
Sec. 432.068. LIMITATIONS. (a) A person charged with desertion or absence without leave in time of war, aiding the enemy, or mutiny may be tried and punished at any time without limitation.

(b) A person charged with desertion in time of peace or with an offense punishable under Sections 432.157, 432.158, or 432.159 is not liable to be tried by court-martial if the offense was committed more than three years before the date of receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command.

(c) A person charged with any offense is not liable to be tried by court-martial or punished under Section 432.015 if the offense was committed more than two years before the date of receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command, or before the imposition of punishment under Section 432.015.

(d) A period in which the accused is absent from territory in which the state has the authority to apprehend him, is in the custody of civil authorities, or is in the hands of the enemy is excluded in computing the period of limitation prescribed by this section.

Sec. 432.069. FORMER JEOPARDY. (a) A person may not be tried a second time in a military court of the state for the same offense.

(b) A proceeding in which an accused has been found guilty by a court-martial on a charge or specification is not a trial for the purposes of this section until the finding of guilty has become final after review of the case has been fully completed.

(c) A proceeding that, after the introduction of evidence but before a finding, is dismissed or terminated by the convening authority or on motion of the prosecution for failure of available evidence or witnesses without fault of the accused is a trial for the purposes of this section.
Sec. 432.070. PLEAS OF ACCUSED. (a) If an accused after arraignment makes an irregular pleading or after a plea of guilty sets up matter inconsistent with the plea, if it appears that the accused has entered the plea of guilty improvidently or through lack of understanding of its meaning and effect, or if the accused fails or refuses to plead, a plea of not guilty shall be entered in the record, and the court shall proceed as though the accused had pleaded not guilty.

(b) With respect to a charge or specification to which a plea of guilty has been made by the accused and accepted by the military judge, or by a court-martial without a military judge, a finding of guilty on the charge or specification may, if permitted by regulations of the governor, be entered immediately without vote. This finding constitutes the finding of the court unless the plea of guilty is withdrawn before the announcement of the sentence, in which event the proceedings shall continue as though the accused had pleaded not guilty.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.071. OPPORTUNITY TO OBTAIN WITNESSES AND OTHER EVIDENCE. (a) The trial counsel, defense counsel, accused, and court-martial have equal opportunity to obtain witnesses and other evidence. Each has the right of compulsory process for obtaining witnesses.

(b) The presiding officer of a court-martial may:

(1) issue a warrant for the arrest of an accused person who, having been served with a warrant and a copy of the charges, disobeys a written order by the convening authority to appear before the court;

(2) issue subpoenas duces tecum and other subpoenas;

(3) enforce by attachment the attendance of witnesses and the production of books and papers; and

(4) sentence for refusal to be sworn or to answer as provided in actions before civil courts of the state.

(c) Process issued in court-martial cases to compel witnesses
to appear and testify and to compel the production of other evidence
runs to any part of the state and shall be executed by civil officers
or peace officers as described by the laws of the state.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.072. REFUSAL TO APPEAR OR TESTIFY. (a) A person not
subject to this chapter commits an offense if the person:

(1) has been duly subpoenaed to appear as a witness or to
produce books and records before a military court or before a
military or civil officer or peace officer designated to take a
deposition to be read in evidence before a court;

(2) has been duly paid or tendered by the Texas military
forces the fees and mileage of a witness at the rates allowed to
witnesses under Section 432.192; and

(3) wilfully neglects or refuses to appear, qualify as a
witness, testify, or produce evidence that the person may have been
legally subpoenaed to produce.

(b) An offense under this section is punishable by fine not to
exceed $1,000 or confinement not to exceed 60 days in jail, or by
both. The witness may be prosecuted in the appropriate county court.

(c) The appropriate prosecuting official for the state in a
county court having jurisdiction where the military proceeding was
convened, on submission of a complaint to the official by the
presiding officer of a military court, commission, court of inquiry,
or board, shall file an information against and prosecute a person
violating this section.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 1217 (S.B. 1536), Sec. 2.04, eff.

Sec. 432.073. CONTEMPT. A military court may punish for
contempt a person who uses a menacing word, sign, or gesture in its
presence, or who disturbs its proceedings by riot or disorder.
Punishment may not exceed confinement for 30 days and a fine of $100.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.
Sec. 432.074. DEPOSITIONS. (a) At any time after charges have been signed, as provided in Section 432.051, a party may take oral or written depositions unless the military judge, a court-martial without a military judge hearing the case, or, if the case is not being heard, an authority competent to convene a court-martial for the trial of those charges forbids it for good cause. If a deposition is to be taken before charges are referred for trial, the authority may designate commissioned officers to represent the prosecution and the defense and may authorize those officers to take the deposition of any witness.

(b) The party at whose instance a deposition is to be taken shall give to every other party reasonable written notice of the time and place for taking the deposition.

(c) Depositions may be taken before and authenticated by any military or civil officer authorized to administer oaths by laws of the state or by the laws of the place where the deposition is taken.

(d) A duly authenticated deposition taken on reasonable notice to the other parties, to the extent otherwise admissible under the rules of evidence, may be read in evidence before a military court or commission, or in a proceeding before a court of inquiry or military board, if it appears that:

1. the witness resides or is beyond the state in which the court-martial or court of inquiry is ordered to sit, or more than 100 miles from the place of trial or hearing;

2. the witness because of death, age, sickness, bodily infirmity, imprisonment, military necessity, nonamenability to process, or other reasonable cause, is unable or refuses to appear and testify in person at the place of trial or hearing; or

3. the present location of the witness is unknown.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.075. ADMISSIBILITY OF RECORDS OF COURTS OF INQUIRY. (a) In a case not extending to the dismissal of a commissioned officer, the sworn testimony contained in the duly authenticated record of proceedings of a court of inquiry of a person whose oral testimony cannot be obtained, may, if otherwise admissible under the
rules of evidence, be read in evidence by a party before a court-martial if the accused was a party before the court of inquiry and the same issue was involved or if the accused consents to the introduction of the evidence.

(b) The testimony may be read in evidence only by the defense in cases extending to the dismissal of a commissioned officer.

(c) The testimony may also be read in evidence before a court of inquiry or a military board.

(d) In all courts of inquiry both enlisted men and officers have the right to counsel and the right to cross examination of all witnesses.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.076. VOTING AND RULINGS. (a) Voting by members of a
general or special court-martial on the findings or sentence, and by members of a court-martial without a military judge upon questions of challenge, must be by secret written ballot. The junior member of the court shall count the votes. The count shall be checked by the president, who shall immediately announce the result of the ballot to the members of the court.

(b) The military judge and, except for questions of challenge, the president of a court-martial without a military judge shall rule on all questions of law and interlocutory questions arising during the proceedings. A ruling made by the military judge on a question of law or interlocutory question other than the factual issue of mental responsibility of the accused, or by the president of a court-martial without a military judge on a question of law other than a motion for a finding of not guilty, is final and constitutes the ruling of the court. However, the military judge or the president of a court-martial without a military judge may change the ruling at any time during the trial. Unless the ruling is final, if a member objects to it the court shall be cleared and closed and the question decided by a voice vote as provided by Section 432.077 beginning with the junior in rank.

(c) Before a vote is taken on the findings, the military judge or the president of a court-martial without a military judge, in the presence of the accused and counsel, shall instruct the members of the court as to the elements of the offense and charge them that:
(1) the accused must be presumed to be innocent until his guilt is established by legal and competent evidence beyond reasonable doubt;

(2) in the case being considered, if there is a reasonable doubt as to the guilt of the accused, the doubt must be resolved in favor of the accused and he must be acquitted;

(3) if there is a reasonable doubt as to the degree of guilt, the finding must be in a lower degree as to which there is not a reasonable doubt; and

(4) the burden of proof of establishing the guilt of the accused beyond reasonable doubt is on the state.

(d) Subsections (a), (b), and (c) do not apply to a court-martial composed of a military judge only. The military judge of such a court-martial shall determine all questions of law and fact arising during the proceedings and, if the accused is convicted, adjudge an appropriate sentence. The military judge of such a court-martial shall make a general finding and shall on request find the facts specially. If an opinion or memorandum of decision is filed, it is sufficient if the findings of fact appear in that document.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.077. NUMBER OF VOTES REQUIRED. (a) A person may be convicted of an offense only by the concurrence of two-thirds of the members present when the vote is taken.

(b) All sentences shall be determined by the concurrence of two-thirds of the members present at the time the vote is taken.

(c) All other questions to be decided by the members of a general or special court-martial shall be determined by a majority vote. A tie vote on a challenge disqualifies the member challenged, but a determination to reconsider a finding of guilty or to reconsider a sentence for the purpose of reducing it may be made by a lesser vote that indicates that the reconsideration is not opposed by the number of votes required for that finding or sentence. A tie vote on a motion for a finding of not guilty or on a motion relating to the question of the accused's sanity is a determination against the accused. A tie vote on any other question is a determination in favor of the accused.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.
Sec. 432.078. COURT-MARTIAL TO ANNOUNCE ACTION. A court-
martial shall announce its findings and sentence to the parties as
soon as determined.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.079. RECORD OF TRIAL. (a) Each general court-martial
shall keep a separate record of the proceedings of the trial of each
case brought before it. The record must be authenticated by the
signature of the military judge. If the record cannot be
authenticated by the military judge because of the judge's death,
disability, or absence, it must be authenticated by the signature of
the trial counsel or by that of a member if the trial counsel is
unable to authenticate it because of the counsel's death, disability,
or absence. In a court-martial consisting of only a military judge,
the record must be authenticated by the court reporter under the same
conditions that would impose that duty on a member under this
subsection. If the proceedings have resulted in an acquittal of all
charges and specifications or, if not affecting a general or flag
officer, in a sentence not including discharge and not in excess of
that which may otherwise be adjudged by a special court-martial, the
record must contain the matters prescribed by regulations of the
governor.

(b) Each special and summary court-martial shall keep a
separate record of the proceedings in each case, and the record must
contain the matter and be authenticated in the manner prescribed by
regulations of the governor.

(c) A copy of the record of the proceedings of each general and
special court-martial shall be given to the accused as soon as it is
authenticated.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

SUBCHAPTER H. SENTENCES

Sec. 432.091. CRUEL AND UNUSUAL PUNISHMENTS PROHIBITED.
Punishment by flogging, branding, marking, or tattooing on the body,
or any other cruel or unusual punishment, may not be adjudged by any
court-martial or inflicted on any person subject to this chapter. The use of irons, single or double, except for the purpose of safe custody, is prohibited.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.092. LIMITS. The punishment that a court-martial may direct for an offense may not exceed the limits prescribed by this chapter nor limits prescribed by the governor.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.093. EFFECTIVE DATE OF SENTENCES. (a) If a sentence of a court-martial as lawfully adjudged and approved includes a forfeiture of pay or allowances in addition to confinement not suspended or deferred, the forfeiture may apply to pay or allowances becoming due on or after the date the sentence is approved by the convening authority. A forfeiture may not extend to pay or allowances accrued before that date.

(b) A period of confinement included in a sentence of a court-martial begins to run from the date the sentence is adjudged by the court-martial, but periods during which the sentence to confinement is suspended or deferred are excluded in computing the service of the term of confinement.

(c) On application by an accused who is under sentence to confinement that has not been ordered executed, the convening authority or, if the accused is no longer under the convening authority's jurisdiction, the officer exercising general court-martial jurisdiction over the command to which the accused is currently assigned, may in his sole discretion defer service of the sentence. The deferment shall terminate when the sentence is ordered executed. The deferment may be rescinded at any time by the officer who granted it or, if the accused is no longer under that officer's jurisdiction, by the officer exercising general court-martial jurisdiction over the command to which the accused is currently assigned.

(d) In the militia or state military forces not in federal service, a sentence of dismissal or dishonorable discharge may not be executed until it is approved by the governor.
(e) All other sentences of courts-martial are effective on the date ordered executed.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.094. EXECUTION OF CONFINEMENT. (a) A sentence of confinement adjudged by a military court, whether or not the sentence includes discharge or dismissal, and whether or not the discharge or dismissal has been executed, may be executed by confinement in any place of confinement under the control of any of the forces of the state military forces or in any jail, penitentiary, or prison designated for that purpose. Persons confined in a jail, penitentiary, or prison are subject to the same discipline and treatment as persons confined or committed to the jail, penitentiary, or prison by the courts of the state or of a political subdivision of the state.

(b) The omission of the words "hard labor" from a sentence or punishment of a court-martial adjudging confinement does not deprive the authority executing that sentence or punishment of the power to require hard labor as a part of the punishment.

(c) The keepers, officers, and wardens of city or county jails and other jails, penitentiaries, or prisons designated by the governor or by a person authorized by the governor to act under Section 432.011, shall receive persons ordered into confinement before trial and persons committed to confinement by a military court and shall confine them according to law. The keeper, officer, or warden may not require payment of a fee or charge for receiving or confining a person.

SUBCHAPTER I. REVIEW OF COURTS-MARTIAL
Sec. 432.101. ERROR OF LAW; LESSER INCLUDED OFFENSE. (a) A finding or sentence of a court-martial may not be held incorrect on the ground of an error of law unless the error materially prejudices the substantial rights of the accused.
(b) A reviewing authority with the power to approve or affirm a finding of guilty may approve or affirm instead as much of the finding as includes a lesser included offense.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.102. INITIAL ACTION ON RECORD. After trial by court-martial the record shall be forwarded to the convening authority, and action on the record may be taken by the person who convened the court, a commissioned officer then commanding, a successor in command, or any officer exercising general court-martial jurisdiction.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.103. SAME GENERAL COURT-MARTIAL RECORDS. The convening authority shall refer the record of each general court-martial to the authority's judge advocate who shall submit the judge advocate's written opinion on the record to the convening authority. If the final action of the court resulted in an acquittal of all charges and specifications, the opinion is limited to questions of jurisdiction.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.104. RECONSIDERATION AND REVISION. (a) If a specification before a court-martial has been dismissed on motion and the ruling does not amount to a finding of not guilty, the convening authority may return the record to the court for reconsideration of the ruling and any further appropriate action.

(b) If an apparent error or omission is in the record or the record shows improper or inconsistent action by a court-martial with respect to a finding or sentence that can be corrected without material prejudice to the substantial rights of the accused, the convening authority may return the record to the court for appropriate action. However, a record may not be returned for:

(1) reconsideration of a finding of not guilty, or a ruling that amounts to a finding of not guilty;
(2) consideration of a finding of not guilty of any charge, unless the record shows a finding of guilty under a specification laid under that charge that sufficiently alleges a violation of this chapter; or
(3) increasing the severity of the sentence unless the sentence prescribed for the offense is mandatory.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.105. REHEARINGS. (a) If the convening authority disapproves the finding and sentence of a court-martial, the authority, unless there is lack of sufficient evidence in the record to support the findings, may order a rehearing. The authority shall state the reasons for a disapproval. If the authority disapproves the findings and sentence and does not order a rehearing, the authority shall dismiss the charges.

(b) Each rehearing must take place before a court-martial composed of members who were not members of the court-martial that first heard the case. On a rehearing the accused may not be tried for any offense of which the accused was found not guilty by the first court-martial, and sentence in excess of or more severe than the original sentence may not be imposed, unless the sentence is based on a finding of guilty of an offense not considered on the merits in the original proceedings, or unless the sentence prescribed for the offense is mandatory.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.106. APPROVAL BY CONVENING AUTHORITY. In acting on the findings and sentence of a court-martial, the convening authority may approve only findings of guilty and the sentence or part or amount of the sentence that the authority finds correct in law and fact and that the authority in his discretion determines should be approved. Unless the authority indicates otherwise, approval of the sentence is approval of the findings and sentence.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.
Sec. 432.107. DISPOSITION OF RECORDS AFTER REVIEW BY CONVENING AUTHORITY. (a) If the convening authority is the governor, the governor's action on the review of any record of trial is final.

(b) If the convening authority is not the governor, and if the sentence of a special court-martial as approved by the convening authority includes a dishonorable discharge, whether or not suspended, the entire record shall be sent to the appropriate judge advocate or legal officer of the state military forces concerned to be reviewed in the same manner as a record of trial by general court-martial. The record and the opinion of the judge advocate or legal officer shall then be sent to the state judge advocate general for review.

(c) All other special and summary court-martial records shall be sent to the judge advocate or legal officer of the appropriate force of the state military forces and shall be acted on, transmitted, and disposed of as prescribed by regulations of the governor.

(d) The state judge advocate general shall review the record of trial in each case sent to him for review under Subsection (b). If the final action of the court-martial has resulted in an acquittal of all charges and specifications, the opinion of the state judge advocate general is limited to questions of jurisdiction.

(e) The state judge advocate general shall take final action in any case reviewable by him.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.108. REVIEW BY STATE JUDGE ADVOCATE GENERAL. (a) In a case reviewable by the state judge advocate general, the state judge advocate general may act only with respect to the findings and sentence as approved by the convening authority. He may affirm only findings of guilty and the sentence or part of the sentence that he finds correct in law and fact and determines, on the basis of the entire record, should be approved. In considering the record, the state judge advocate general may weigh the evidence, judge the credibility of witnesses, and determine controverted questions of fact, recognizing that the trial court saw and heard the witnesses. If the state judge advocate general sets aside the findings and sentence, he may order a rehearing, unless the setting aside is based
on lack of sufficient evidence in the record to support the findings. If the state judge advocate general sets aside the findings and sentence and does not order a rehearing, he shall order that the charges be dismissed.

(b) In a case reviewable by the state judge advocate general, the state judge advocate general shall instruct the convening authority to act in accordance with his decision on the review. If he has ordered a rehearing but the convening authority finds a rehearing impracticable, he may dismiss the charges.

Sec. 432.109. REVIEW BY TEXAS COURT OF MILITARY APPEALS. (a) The Texas Court of Military Appeals consists of five judges appointed by the adjutant general on the advice and recommendation of the state judge advocate general for staggered six-year terms. A judge appointed to fill a vacancy occurring before the expiration of the term for which the judge's predecessor was appointed shall be appointed only for the unexpired term of his predecessor. The adjutant general, on the advice and recommendation of the state judge advocate general, shall appoint the chief judge of the court. A person is eligible for appointment to the court if the person:

(1) is a member of the State Bar of Texas;

(2) is a commissioned officer of the Texas military forces, active or retired, or a retired commissioned officer in the reserves of the armed forces of the United States; and

(3) has been engaged in the active practice of law for at least five years and has at least five years' experience as a staff judge advocate, judge advocate, or legal officer with the Texas military forces, except that the requirements of this subdivision are satisfied by equivalent experience or practice in the armed forces of the United States.

(b) The court may promulgate rules of procedure, except that a majority constitutes a quorum and the concurrence of three judges is necessary for a decision of the court.

(c) Judges of the Texas Court of Military Appeals may be removed by the adjutant general, on notice and hearing, for neglect of duty or malfeasance in office or mental or physical disability.
(d) If a judge of the Texas Court of Military Appeals is temporarily unable to perform his duties, the adjutant general, on the advice and recommendation of the state judge advocate general, may designate a military judge to fill the office for the period of disability.

(e) The judges of the Texas Court of Military Appeals, while sitting in review of a matter placed under their jurisdiction by this chapter and while travelling to and from such a session, shall be paid compensation equal to the compensation appropriated by the legislature for judges of the Texas Courts of Appeals, plus the actual cost of their meals and lodging and actual travel expense or the amount set by legislative appropriation if private transportation is used.

(f) The Texas Court of Military Appeals has appellate jurisdiction, on petition of an accused, to hear and review the record in:

(1) all general and special court-martial cases; and

(2) a summary court-martial case in which a judge of this court has made a determination that there may be a constitutional issue involved.

(g) An accused may petition the Texas Court of Military Appeals for review of a court-martial conviction not later than the 60th day after the date the accused or the accused's counsel is notified of the final action on the accused's case, whichever date is earlier. If the court fails or refuses to grant the petition for review, the final action of the convening authority is considered approved. If the court grants a petition for review, the court may grant a stay or defer service of the sentence of confinement or any other punishment under this chapter until the court's final decision on the case.

(h) In a case reviewable under Subsection (f)(1), the Texas Court of Military Appeals may act only with respect to the findings and sentence as finally approved and ordered executed by the convening authority. In a case reviewable under Subsection (f)(2), the court need take action only with respect to issues specified in the grant of review. The court shall take action only with respect to matters of law, and the action of the court is final.

(i) If the Texas Court of Military Appeals sets aside the findings and sentence, it may order a rehearing, unless the setting aside is based on lack of sufficient evidence in the record to support the findings. If it sets aside the findings and sentence and
does not order a rehearing, it shall order that the charges be dismissed. After the Texas Court of Military Appeals has acted on the case, the record shall be returned to the state judge advocate general, who shall notify the convening authority of the court's decision. If further action is required, the state judge advocate general shall instruct the convening authority to take action in accordance with that decision. If the court has ordered a rehearing, but the convening authority finds a rehearing impracticable, the convening authority may dismiss the charges.

Amended by:
Acts 2013, 83rd Leg., R.S., Ch. 1217 (S.B. 1536), Sec. 2.05, eff. September 1, 2013.

Sec. 432.110. APPELLATE COUNSEL. The trial counsel and defense counsel of a court-martial shall serve in the capacity of appellate counsel on an appeal authorized under this chapter. The accused has the additional right to be represented by civilian counsel at his own expense. If the defense or trial counsel becomes unable to perform these duties because of illness or other disability, the convening authority shall appoint a qualified trial or defense counsel to continue the proceedings.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.111. VACATION OF SUSPENSION. (a) Before the vacation of the suspension of a special court-martial sentence that as approved includes a dismissal or dishonorable discharge, or of a general court-martial sentence, the officer having special court-martial jurisdiction over the probationer shall hold a hearing on the alleged violation of probation. The probationer has the right to be represented at the hearing by military counsel.

(b) The record of the hearing and the recommendation of the officer having special court-martial jurisdiction shall be sent for action to the governor in cases involving a general court-martial sentence and to the commanding officer of the force of the state
military forces of which the probationer is a member in all other
cases under Subsection (a). If the governor or commanding officer
vacates the suspension, any unexecuted part of the sentence except a
dismissal shall be executed.

(c) The suspension of any other sentence may be vacated by any
authority competent to convene, for the command in which the accused
is serving or assigned, a court of the kind that imposed the
sentence.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.112. PETITION FOR NEW TRIAL. At any time within two
years after approval by the convening authority of a court-martial
sentence, the accused may petition the state judge advocate general
for a new trial on ground of newly discovered evidence or fraud on
the court-martial. If the accused's case is pending before the Texas
Court of Military Appeals when the petition is filed, the appeal does
not proceed until the state judge advocate general has made a
decision on the request. If the petition is granted, the appeal
shall be dismissed. If the petition is denied, the court of military
appeals shall continue its proceedings on the case.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.113. REMISSION OR SUSPENSION. (a) A convening
authority may remit or suspend any part or amount of the unexecuted
part of a sentence, including all uncollected forfeitures.

(b) The governor may, for good cause, substitute an
administrative form of discharge for a discharge or dismissal
executed in accordance with the sentence of a court-martial.

Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

Sec. 432.114. RESTORATION. (a) Under regulations the governor
prescribes, all rights, privileges, and property affected by an
executed part of a court-martial sentence that has been set aside or
disapproved, except an executed dismissal or discharge, shall be
restored unless a new trial or rehearing is ordered and the executed
part is included in a sentence imposed on a new trial or hearing.

(b) If a previously executed sentence of dishonorable discharge is not imposed on a new trial, the governor shall substitute a form of discharge authorized for administrative issuance unless the accused is to serve out the remainder of the accused's enlistment.

(e) If a lawful process, issued by the proper officer of a court-martial, comes to the hands of a sheriff or constable, the sheriff or constable shall perform the usual duties of that officer and perform all acts and duties imposed by this chapter or authorized to be performed by a sheriff or constable. Sec. 437.351. TEXAS LEGISLATIVE MEDAL OF HONOR. (a) The Texas Legislative Medal of Honor shall be awarded to a member of the state or federal military forces designated by concurrent resolution of the legislature who voluntarily performs a deed of personal bravery or self-sacrifice involving risk of life that is so conspicuous as to clearly distinguish the service member for gallantry and intrepidity above the service member's comrades. Awarding of the medal shall be considered on the standard of extraordinary merit. The medal may be awarded only on incontestable proof of performance of the deed. To be eligible for the Texas Legislative Medal of Honor, a service member must:

(1) have been born in this state;
(2) reside in this state or have been a resident of this state on the service member's death; or
(3) have been a resident of this state when the service member entered military service.

(b) A service member is not ineligible for the Texas Legislative Medal of Honor because the service member has received any other medal or award for military service, including a medal or award made by the United States.

(c) To receive the Texas Legislative Medal of Honor, a service member must be nominated during a regular session of the legislature by majority vote of all the members of a nominating committee consisting of:

(1) the adjutant general or the adjutant general's designated representative;
(2) the lieutenant governor or the lieutenant governor's designated representative;
(3) the speaker of the house of representatives or the speaker's designated representative; and
(4) the chair of the standing committee of each house of the legislature with primary jurisdiction over military and veterans
affairs.

(d) The legislature by concurrent resolution may direct the governor to award the Texas Legislative Medal of Honor to a service member nominated by the nominating committee. The committee chairs serving on the nominating committee shall jointly prepare a concurrent resolution directing the governor to award the medal to a service member nominated. The legislature may direct the medal to be awarded only during a regular session and may not, during a regular session, direct the medal to be awarded to more than:

(1) one service member for service in the state or federal military forces during the period beginning after 1835 but before 1956; and

Awarding of the medal requires a lesser degree of gallantry than awarding of the Texas Legislative Medal of Honor, but requires that the acts be performed with marked distinction.
Sec. 437.353. RECOMMENDATIONS. (a) A recommendation for award of the Texas Legislative Medal of Honor or Lone Star Medal of Valor shall be forwarded through military channels to the adjutant general. The presiding officer shall then notify the governor and the attorney general that a potential ground for removal exists. (2) the improvement or fixture is expected to derive most of its value in subsequent uses of the site for future events.

Subject to veto by the governor, the following section was amended by the 88th Legislature. Pending publication of the current statutes, see S.B. 1238, 88th Legislature, Regular Session, for amendments affecting the following section.

Sec. 490I.0105. BROADBAND DEVELOPMENT MAP. (a) The broadband development office shall create, update annually, and publish on the comptroller's Internet website a map classifying each designated area in this state as:

(1) an eligible area, if:
   (A) fewer than 80 percent of the addresses in the designated area have access to broadband service; and
   (B) the federal government has not awarded funding under a competitive process to support the deployment of broadband service to addresses in the designated area; or

(2) an ineligible area, if:
   (A) 80 percent or more of the addresses in the designated area have access to broadband service; or
   (B) the federal government has awarded funding under a competitive process to support the deployment of broadband service to addresses in the designated area.

(b) The comptroller by rule may determine the scope of a designated area under Subsection (a).

(c) After creation of the initial map described in Subsection (a), the office may evaluate the usefulness of the standards for eligible and ineligible areas outlined in Subsection (a) and, if appropriate, make a recommendation to the legislature to revise the standards.

(d) The map required by Subsection (a) must display:
   (1) the number of broadband service providers that serve each designated area;
   (2) for each eligible area, an indication of whether the
area has access to Internet service that is not broadband service, regardless of the technology used to provide the service; and

(3) each public school campus in this state with an
indication of whether the public school campus has access to
broadband service.

(e) The office must create, update, and publish the map in a
manner consistent with the most current mapping methodology adopted
by the Federal Communications Commission.

(f) Except as provided by Subsection (g), the office shall use
information available from the Federal Communications Commission to
create or update the map.

(g) If information from the Federal Communications Commission
is not available or not sufficient for the office to create or update
the map, the office may request the necessary information from a
political subdivision or broadband service provider, and the
subdivision or provider may report the information to the office.
The office may not require a subdivision or provider to report
information in a format different from the format required by the
most current mapping methodology adopted by the Federal
Communications Commission.

(h) Information a broadband service provider reports to the
office under Subsection (g) and information provided by the Federal
Communications Commission, if not publicly available, is confidential
and not subject to disclosure under Chapter 552.

(i) The office may contract with a private consultant or other
appropriate person who is not associated or affiliated with a
commercial broadband provider, including a local governmental entity,
to provide technical or administrative assistance to the office for
the purpose of creating or updating the map.

(j) The office may release information reported under
Subsection (g) to a contractor providing services under Subsection
(i). The contractor shall:

(1) keep the information confidential; and

(2) return the information to the office on the earliest of
the following dates:

(A) the date the contract expires;

(B) the date the contract is terminated; or

(C) the date the mapping project for which the
contractor is providing services is complete.

(k) A person who contracts under Subsection (i) may not provide
services for a broadband provider in this state before the second anniversary of the last day the contract is in effect.

(1) The office shall establish criteria for determining whether a designated area should be reclassified as an eligible area or an ineligible area. The criteria must include an evaluation of Internet speed test data and information on end user addresses. The criteria may also include community surveys regarding the reliability of Internet service, where available.

(m) A designated area that is classified as an ineligible area on account of the existence of federal funding to support broadband service deployment in the area may be reclassified as an eligible area if:

(1) funding from the federal government is forfeited or the recipient of the funding is disqualified from receiving the funding; and

(2) the designated area otherwise meets the qualifications of an eligible area.

(n) A broadband service provider or political subdivision may petition the office to reclassify a designated area on the map as an eligible area or ineligible area. The office shall provide notice of the petition to each broadband service provider that provides broadband service to the designated area and post notice of the petition on the comptroller's Internet website.

(o) Not later than the 45th day after the date that a broadband provider receives notice under Subsection (n), the provider shall provide information to the office showing whether the designated area should or should not be reclassified.

(p) Not later than the 75th day after the date that a broadband provider receives notice under Subsection (n), the office shall determine whether to reclassify the designated area on the map and update the map as necessary. A determination made by the office under this subsection is not a contested case for purposes of Chapter 2001.

(q) The office is not required to create, update, or publish a map under this section if the Federal Communications Commission produces a map that:

(1) enables the office to identify eligible and ineligible areas, as described by Subsection (a); and

(2) meets the requirements of Subsection (d).
Sec. 490I.0106.  BROADBAND DEVELOPMENT PROGRAM.  (a) The broadband development office shall establish a program to award grants, low-interest loans, and other financial incentives to applicants for the purpose of expanding access to and adoption of broadband service in designated areas determined to be eligible areas by the office under Section 490I.0105.

(b) The office shall establish and publish criteria for making awards under Subsection (a). The office shall:

(1) take into consideration grants and other financial incentives awarded by the federal government for the deployment of broadband service in a designated area;

(2) prioritize the applications of applicants that will expand access to and adoption of broadband service in eligible areas in which the lowest percentage of addresses have access to broadband service; and

(3) prioritize the applications of applicants that will expand access to broadband service in public and private primary and secondary schools and institutions of higher education.

(c) Notwithstanding Subsection (b)(2), the office may establish criteria that take into account a cost benefit analysis for awarding money to the eligible areas described by that subdivision.

(d) The office may not:

(1) favor a particular broadband technology in awarding grants, loans, or other financial incentives;

(2) award grants, loans, or other financial incentives to a broadband provider that does not report information requested by the office under Section 490I.0105;

(3) award a grant, loan, or other financial incentive to a noncommercial provider of broadband service for an eligible area if a commercial provider of broadband service has submitted an application for the eligible area; or

(4) take into consideration distributions from the state
universal service fund established under Section 56.021, Utilities Code, when deciding to award grants, loans, or other financial incentives.

(e) The office shall:

(1) post on the comptroller's Internet website information about the application process and the receipt of awards and shall update that information as necessary; and

(2) post on the comptroller's Internet website information from each application, including the applicant's name, the area targeted for expanded broadband service access or adoption by the application, and any other information the office considers relevant or necessary, for a period of at least 30 days before the office makes a decision on the application.

(f) During the 30-day posting period described by Subsection (e) for an application, the office shall accept from any interested party a written protest of the application relating to whether the applicant or project is eligible for an award or should not receive an award based on the criteria prescribed by the office.

(g) Notwithstanding any deadline for submitting an application, if the office upholds a protest submitted under Subsection (f) on the grounds that one or more of the addresses in an eligible area subject to the application have access to broadband service, the applicant may resubmit the application without the challenged addresses not later than 30 days after the date that the office upheld the protest.

(h) The office shall establish and publish criteria for award recipients. The criteria must include requirements that grants, loans, and other financial incentives awarded through the program be used only for capital expenses, purchase or lease of property, and other expenses, including backhaul and transport, that will facilitate the provision or adoption of broadband service.

(i) An award granted under this section does not affect the eligibility of a telecommunications provider to receive support from the state universal service fund under Section 56.021, Utilities Code.

Added by Acts 2021, 87th Leg., R.S., Ch. 625 (H.B. 5), Sec. 5, eff. June 15, 2021.

Sec. 493.009. SUBSTANCE ABUSE FELONY PUNISHMENT FACILITIES.

(a) The department shall establish a program to confine and treat:

(1) defendants required to participate in the program under Article 42A.303, Code of Criminal Procedure; and

(2) individuals referred for treatment as part of a drug court program established under Chapter 123 or a similar program created under other law.

(a-1) The board by rule may modify requirements imposed by this section and Chapter 42A, Code of Criminal Procedure, as necessary to properly treat individuals who are not participating in the program as a condition of community supervision.

(b) The board shall adopt criteria to determine the suitability of candidates for participation in the program. The department and the Department of State Health Services shall jointly develop methods of screening and assessing defendants required to participate in the program under Article 42A.303, Code of Criminal Procedure, to determine their need for specific types of treatment for alcohol or drug abuse problems.

(c) The program for persons required to participate in the program under Article 42A.303, Code of Criminal Procedure, must consist of treatment programs that may vary in time from 90 days to 12 months.

(d) The program for persons required to participate in the program under Article 42A.303, Code of Criminal Procedure, provided under this section must contain highly structured work, education, and treatment schedules, a clearly delineated authority structure, and well-defined goals and guidelines. The department shall establish a graded system of rewards and sanctions for defendants who participate in the program, but a defendant required to participate in the program under Article 42A.303, Code of Criminal Procedure, is not entitled to earn awards of time for good conduct. A qualified professional, at least every 60 days, must perform an evaluation on a defendant that determines the defendant's treatment progress and institutional behavior. Not later than three days after the date on which a four-month evaluation is performed, the qualified professional shall establish a tentative release date for the defendant, notify the sentencing court of that fact, and include with the notice a copy of the four-month evaluation. The qualified
professional immediately shall notify the court if the professional determines the defendant's conduct requires a revision of the tentative release date.

(e) The department shall employ or contract with qualified professionals to implement the program for persons required to participate in the program under Article 42A.303, Code of Criminal Procedure. For purposes of this subsection, a "qualified professional" is a person who:

(1) is a licensed chemical dependency counselor;
(2) is a licensed social worker who has at least two years of experience in chemical dependency counseling; or
(3) is a licensed professional counselor, physician, or psychologist and who has at least two years of experience in chemical dependency counseling.

(f)

(1) The department shall adopt rules of conduct for persons required to participate in the program under Article 42A.303, Code of Criminal Procedure, or required to participate in the program following modification of community supervision or parole.

(2) If the qualified professional with primary responsibility for treating a defendant and the individual in charge of security in the facility in which the defendant is housed jointly determine that the defendant is not complying with the rules or is medically or psychologically unsuitable for the program, they shall notify the department of that fact.

(3) The department, immediately on receiving notice, shall request the sentencing court to reassume custody of the defendant if the defendant was required to participate in the program under Article 42A.303, Code of Criminal Procedure, or required to participate in the program following modification of community supervision. The court shall reassume custody before the 12th day after the date on which the department notifies the court. If the court revokes the defendant's community supervision, the admission of the defendant to the institutional division is an admission for which the department must account in the scheduled admissions policy established under Section 499.071.

(4) The department, immediately on receiving notice, shall request the pardons and paroles division to reassume custody of the defendant if the defendant was required to participate in the program following modification of parole. The pardons and paroles division
shall immediately take action in accordance with established policies and procedures of the Board of Pardons and Paroles to remove the defendant from the program. If a parole panel revokes the defendant's parole, the admission of the defendant to the institutional division is an admission for which the department must account in the scheduled admissions policy established under Section 499.071.

(5) If the defendant was transferred to the facility from a county jail under Subsection (l), the department shall return the defendant to the county jail.

(6) A court's recommendation that a defendant be placed in a program created under this section does not give the court the power to hold the department or any officer or employee of the department in contempt of court for failure to adhere to that recommendation.

(g) The department shall provide beds for the purpose of operating the program for persons required to participate in the program under Article 42A.303, Code of Criminal Procedure, except that the beds may also be used to house the following categories of persons:

(1) persons transferred under Subchapter A, Chapter 499, and Section 508.118;
(2) persons whose community supervision or parole has been modified;
(3) defendants confined in county jails awaiting transfer to the institutional division; and
(4) inmates participating in the program described by Section 501.0931.

(h) On and after the date persons are required under Article 42A.303, Code of Criminal Procedure, to participate in the program established under this section, the department shall give priority to housing those persons over the categories of persons described by Subsections (g)(1)-(4).

(i) Repealed by Acts 2013, 83rd Leg., R.S., Ch. 1154, Sec. 29(1), eff. September 1, 2013.

(j) The department shall recover from a program participant the cost to the department of providing treatment, to the extent the participant has insurance that covers the treatment or is otherwise able to pay for the treatment.

(k) It is the intent of the legislature that facilities
established under this section be used primarily to house persons required to participate in the program under Article 42A.303, Code of Criminal Procedure, except that if treatment beds are empty, this subsection does not prohibit the department from using those empty beds to treat the categories of persons listed in Subsection (g).

(l) The department shall identify defendants confined in county jails who are awaiting transfer to the institutional division and who because of their need for treatment of drug or alcohol problems require transfer to a substance abuse felony punishment facility. The department shall provide for the transportation of the defendant to such a facility. If the board finds that a county has failed to fully cooperate with the department in evaluating defendants under this section, the board shall notify the Commission on Jail Standards of that fact. On notice from the board, the commission may reduce or suspend payments under Subchapter F, Chapter 499, or may suspend the certification of the county jail as provided by Section 511.012.

(m) Notwithstanding any other provision of this section, the department is authorized to provide substance abuse felony punishment facilities, not to exceed 500 beds, for newly provided alcohol and drug abuse beds exclusively for persons whose community supervision or parole has been modified.

(n) Except as otherwise provided by this subsection, the department shall separate participants in the program created under this section from inmates of the institutional division, except at times determined necessary by the department for the purpose of transportation or staging or for medical or security reasons. The department may commingle participants in the program created under this section with inmates in the program described by Section 501.0931.

(p) To the extent funds are available, the Criminal Justice Policy Council, with the assistance of the Texas Commission on Alcohol and Drug Abuse and the department, shall develop methods to evaluate the processes used by the department in providing the program and the level of success achieved by the program.

(q) The department not less often than every two years shall determine whether the department should increase the number of beds provided by the department for the operation of the program for persons required to participate in the program under Article 42A.303,
