(c) If it is shown at trial that the defendant has been convicted once within five years before the trial date of a violation of Section 436.011(1) or (2), a violation by the defendant under Section 436.011(1) or (2) is a Class A Parks and Wildlife Code
(d) If it is shown at trial that the defendant has been convicted two or more times within five years before the trial date of a violation of Section 436.011(1) or (2), a violation by the defendant under Section 436.011(1) or (2) is a Parks and Wildlife Code felony under Section 12.407, Parks and Wildlife Code.

(g) A publisher, radiobroadcast licensee, or agency or medium for the publication or broadcast of an advertisement, except the harvester, processor, distributor, or seller of molluscan shellfish or crabmeat to which a false advertisement relates, is not liable under this section for the publication or broadcast of the false advertisement unless the person has refused to furnish, on the request of the department, the name and address of the harvester, processor, distributor, seller, or advertising agency residing in this state who caused the person to publish or broadcast the advertisement.

(h) A person is not subject to the penalties of Subsection (e) for a violation of Section 436.011 involving misbranded molluscan shellfish or crabmeat if the violation exists only because the product is misbranded because of a mistake in advertising, unless the violation is committed with intent to defraud or mislead.

(b) Molluscan shellfish or crabmeat is adulterated if:

(1) it bears or contains a poisonous or deleterious substance that may render it injurious to health unless the substance is a naturally occurring substance and the quantity of the substance in the molluscan shellfish or crabmeat does not ordinarily render the substance injurious to health;

(2) it consists in whole or in part of a diseased, contaminated, filthy, or putrid substance or if it is otherwise unfit for human consumption;

(3) it has been produced, prepared, packed, or held under unsanitary conditions whereby it may have become contaminated with filth or may have been rendered diseased, unwholesome, or injurious to health;

(4) it is in whole or in part the product of diseased aquatic life or has died otherwise than by taking;

(5) its container is made in whole or in part of a
poisonous or deleterious substance that may render the contents injurious to health;

(6) it has been intentionally exposed to radiation, unless the use of the radiation complied with a regulation or an exemption under Section 409, Federal Food, Drug, and Cosmetic Act (21 U.S.C. Section 348);

(7) a substance has been substituted in whole or in part for it;

(8) damage to or inferiority of the product has been concealed;

(11) the molluscan shellfish have been taken from a closed area;

(12) the molluscan shellfish have been taken from a restricted or conditionally restricted area and have not been purified under department rules;

(13) the molluscan shellfish have been processed by a person without a shellfish certificate;

(5) it does not have a label containing:
   (A) the name, address, and certification or license number of the processor;

(b) The label on a package of molluscan shellfish or crabmeat that represents the number of servings contained in the package shall state the net quantity in terms of weight, measure, or numerical count of each serving.

(c) A person may not distribute or cause to be distributed in commerce any molluscan shellfish or crabmeat if a qualifying word or phrase appears with the statement of the net quantity of contents required by Subsection (a). A supplemental statement at another place on the package may contain descriptions in nondeceptive terms of the net quantity of contents, except the supplemental statement of
net quantity of contents may not include a term qualifying a unit of weight, measure, or count that tends to exaggerate the amount of the shellfish or crabmeat in the package.

Added by Acts 1993, 73rd Leg., ch. 336, Sec. 1, eff. Sept. 1, 1993.

Sec. 436.082. FALSE ADVERTISEMENT. An advertisement of molluscan shellfish or crabmeat is false if it is false or misleading in any manner.

**SUBCHAPTER G. AQUATIC LIFE FROM PROHIBITED AREAS**

Sec. 436.091. DECLARATION OF PROHIBITED AREAS. (a) The department by order shall declare a body of public water to be a prohibited area if:

(1) the department finds, according to a sanitary, chemical, or bacteriological survey, that the area contains aquatic life that is unfit for human consumption; or

(2) aquatic life from a prohibited area may have been transferred to that body of public water.

(b) The department shall modify or revoke an order according to the results of a sanitary, chemical, or bacteriological survey conducted by the department. The department shall file the order in the department's office and shall furnish without charge a copy of the order describing prohibited areas on request.

(c) The department shall conspicuously outline prohibited areas on maps and shall furnish the maps without charge on request. The failure of a person to obtain that information does not relieve that person from liability under this chapter.

department by order shall designate an area that is coastal water according to the rules of the Parks and Wildlife Commission as an approved area, a conditionally approved area, a restricted area, a conditionally restricted area, or a prohibited area, according to the classification categories in the current National Shellfish Sanitation Program Guide for the Control of Molluscan Shellfish or its successor. Coastal water is a prohibited area for the taking of molluscan shellfish unless designated otherwise by the department.

(b) The department shall prohibit the taking of molluscan shellfish for a specified period from water to which molluscan shellfish may have been transferred from a restricted or conditionally restricted area.

(c) The department by order shall designate growing areas as closed areas or open areas. The department shall modify or revoke an order according to the results of sanitary and bacteriological surveys conducted by the department. The department shall file the order in the department's office and shall furnish without charge a copy of the order describing the open or closed area on request.

(d) The department shall conspicuously outline the classifications of areas for the taking of molluscan shellfish on maps and shall furnish the maps without charge on request. The failure of a person to obtain that information does not relieve that person from liability under this chapter.

Subject to veto by the governor, the following section was amended by the 88th Legislature. Pending publication of the current statutes, see H.B. 4504, 88th Legislature, Regular Session, for amendments affecting the following section.

Sec. 436.102. DEPURATION. (a) The department may allow depuration by artificial means of molluscan shellfish taken from a restricted or conditionally restricted area, subject to department rules and under the supervision the department considers necessary to protect public health.

(b) A molluscan shellfish plant operator may employ an off-duty
peace officer to monitor the gathering of shellfish for depuration from a restricted or conditionally restricted area as provided by the rules adopted under Subsection (a). In this subsection, "peace officer" includes those persons listed in Article 2.12, Code of Criminal Procedure.

Acts 2015, 84th Leg., R.S., Ch. 1 (S.B. 219), Sec. 3.1112, eff. April 2, 2015.

Sec. 436.103. FEE ON OYSTER SALES; PENALTIES. (a) The first certified shellfish dealer who harvests, purchases, handles, stores, packs, labels, unloads at dockside, or holds oysters taken from the water of this state shall pay the state a fee of $1 for each barrel of oysters harvested, purchased, handled, or processed by the certified shellfish dealer.

(b) For purposes of assessing the fee required by this section, three 100-pound containers of oysters is the equivalent of one barrel of oysters. A certified shellfish dealer may not purchase or pack oysters in containers that, when packed, exceed 110 pounds in weight. A dealer who violates this subsection is liable for a penalty of $5 for each container that exceeds 110 pounds.

(c) A certified shellfish dealer shall pay a fee or penalty imposed by Subsection (a) or (b) not later than the 20th day of the month following the month in which the barrel of oysters was handled. A dealer who fails to pay the fee or penalty in full within the prescribed period is liable for the amount of the fee or penalty and an additional penalty of 10 percent of the amount of the fee or penalty due. On certification by the comptroller that a fee is past due, the department may suspend, until the fee, penalty, or additional penalty is paid, the shellfish certificate of a certified shellfish dealer who fails to timely pay the fee, penalty, or additional penalty in full. The department, on certification from the comptroller that a certified shellfish dealer has refused to pay a fee, penalty, or additional penalty on written demand, may revoke the shellfish certificate of a certified shellfish dealer who refuses to pay a fee, penalty, or additional penalty.

(d) The comptroller shall collect fees and penalties under this
section and may adopt rules, forms, and procedures for submission of fees and penalties under this section. Each month the comptroller shall report to the department the fees and penalties that are submitted to the comptroller.

(e) Before any other disposition of the fees and penalties collected under this section is made, two percent of the amount of the fees and penalties shall be deposited in the state treasury for appropriation for the use of the comptroller in the administration and enforcement of this section. The remainder of the fees and penalties collected under this section shall be deposited to the credit of the oyster sales account in the general revenue fund to be allocated each year for oyster-related activities, including:

1. collecting bay water and shellfish meat samples;
2. contracting for sample analysis for classification and opening or closing of oyster harvesting areas;
3. marking the boundaries of areas that are designated open or closed under this subchapter;
4. studying oyster diseases and other concerns affecting the availability of oysters for harvest;
5. studying and analyzing organisms that may be associated with human illness and that can be transmitted through the consumption of oysters;
6. contributing to the support of the oyster shell recovery and replacement program created under Section 76.020, Parks and Wildlife Code; and
7. other oyster-related activities authorized or required by this chapter.

(f) After deducting the amount deposited into the state treasury for the comptroller's use under Subsection (e), the comptroller at the beginning of each state fiscal year shall allocate $100,000 of the unencumbered balance deposited to the credit of the oyster sales account in the general revenue fund to Texas A&M University at Galveston for use in performing the activities described by Subsection (e)(5). The remainder of the money in the oyster sales account may be allocated only for the purposes described by Subsection (e).

(g) Subtitles A and B, Title 2, Tax Code, apply to the comptroller's administration, collection, and enforcement of this section to the same extent as if the fee imposed under this section were a tax imposed under Title 2, Tax Code.
(h) In monitoring compliance with the payment of fees imposed under this section, the comptroller shall monthly or annually, as determined by the comptroller, compare records of fees collected under this section to data collected by the Parks and Wildlife Department relating to oyster barrel purchases. If the comptroller finds a discrepancy between the two sources of information, the comptroller may consult the dealer's log required by the National Shellfish Sanitation Program to resolve the discrepancy. The comptroller may use the process described by this subsection in place of any other administrative process used by the comptroller in determining compliance with this section.

(i) A finding by the comptroller under Subsection (h) of a discrepancy that reflects an underreporting of oysters harvested, purchased, handled, or processed by a dealer constitutes prima facie evidence of a violation of this section in any administrative proceeding under this chapter.

Acts 2013, 83rd Leg., R.S., Ch. 965 (H.B. 1903), Sec. 1, eff. September 1, 2013.

Sec. 436.104. OYSTER PROGRAM. (a) The department shall conduct sanitary surveys, bay water and shellfish meat sampling, and any other activities that are necessary to classify the bays from which oysters are harvested from private leases or public reefs as authorized by Section 436.101.

(b) The department shall conduct reasonable and prudent sampling activities at the earliest possible time following the designation as a closed area of an area from which oysters are harvested from private leases or public reefs:

(1) if a question exists about the closure, to confirm the need for the closure; or

(2) if there is reason to believe that the sampling will result in opening the area.

(c) In implementing the oyster program, the department shall follow standards that are at least as stringent as the guidelines
adopted by the National Shellfish Sanitation Program. The department's approach shall be consistent with the purpose and intent of the National Shellfish Sanitation Program and the federal Food and Drug Administration policy statements regarding the consumption of raw molluscan shellfish.

(d) Until Vibrio parahaemolyticus guidelines are formally adopted into the National Shellfish Sanitation Program, the department shall follow standards that are at least as stringent as guidelines of the Interim Control Plan for Vibrio parahaemolyticus of the Interstate Shellfish Sanitation Conference for the purpose of designating harvest areas as closed areas related to Vibrio parahaemolyticus.

(e) The department shall open harvest areas designated as closed areas due to excessive levels of Vibrio parahaemolyticus in shellfish meat samples when the levels of Vibrio parahaemolyticus in the shellfish meat samples return to baseline levels.

(f) The department shall open harvest areas designated as closed areas due to sporadic non-outbreak illnesses as specified in the Interim Control Plan when the levels in shellfish meats return to baseline levels or, if tdh+ serotypes were confirmed as the cause of the illnesses, when the virulent serotypes of Vibrio parahaemolyticus are absent in two consecutive samples of shellfish meats collected from the Vibrio parahaemolyticus sample stations in the closed area.

(g) The department shall open harvest areas designated as closed areas due to a confirmed Vibrio parahaemolyticus outbreak when the department determines that Vibrio parahaemolyticus strains of virulent serotypes are absent in those situations where 03:K6 or other tdh+ serotypes were confirmed as the cause of the outbreak. For purposes of this subsection, in Galveston Bay, Vibrio parahaemolyticus virulent strains shall be considered absent when 25 shellfish meat samples from any delineated harvest area that has been designated as a closed area do not result in reporting of the virulent strain that caused the outbreak.

(h) If a second confirmed outbreak of Vibrio parahaemolyticus illness occurs in an area, the department shall open a harvest area designated as closed when 50 shellfish samples do not result in the reporting of the virulent strain that caused the outbreak.

(i) If harvest areas designated as closed areas as a result of Vibrio parahaemolyticus cannot be opened as a result of the sampling under Subsection (f) or (g), the areas may be opened when
environmental conditions develop that are unfavorable for Vibrio parahaemolyticus growth or when environmental conditions shift to conditions that are historically unrelated to outbreaks of Vibrio parahaemolyticus.

Added by Acts 1999, 76th Leg., ch. 1298, Sec. 3, eff. June 18, 1999.

Sec. 436.105. TEMPERATURE REQUIREMENTS. Following initial refrigeration after unloading from a harvest boat, molluscan shellfish shall be refrigerated in air temperatures at or below 45 degrees Fahrenheit at all times except during transfer from one storage area or transportation vehicle to another. Except for an immediate transfer, molluscan shellfish may not remain unrefrigerated during transfer from one storage area or transportation vehicle to another.

person stating that the person is financially unable to pay the amount of the penalty and is financially unable to give the supersedeas bond; and

(B) giving a copy of the affidavit to the department by certified mail.

(1) The department on receipt of a copy of an affidavit under Subsection (k)(2) may file with the court, within five days after the date the copy is received, a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the amount of the penalty and to give a supersedeas bond.

(m) If the person does not pay the amount of the penalty and the enforcement of the penalty is not stayed, the department may refer the matter to the attorney general for collection of the amount of the penalty.

If the person gave a supersedeas bond and if the amount of the penalty is not upheld by the court, the court shall order the release of the bond. If the person gave a supersedeas bond and if the amount of the penalty is reduced, the court shall order the release of the bond after the person pays the amount.

The department may waive that requirement if the department determines that the requirement may jeopardize the provision of needed services.

(d) In allocating grant funds, the department shall consider the state facility hospitalization rate of substance abusers who are from the service area of the entity requesting the grant. An organization or other entity is not eligible for a grant of state funds for a treatment or rehabilitation program unless the program will, at a minimum, reduce state facility hospitalization of substance abusers by a percentage established by the department.

(e) As a condition to receiving contract or grant funds under this chapter, a public or private organization or entity must provide to the department information relating to:

(1) the number of persons with a chemical dependency the organization or entity served, if any, during the preceding year, the municipalities and counties of residence of those persons, and the number of persons served from each municipality and county; and

(b) The system must require that the department award each proposed chemical dependency services contract to the applicant that the department determines has made the bid that provides the best value.

(c) In determining the best value bid for a contract under this section, the department shall consider:

(1) the quality of the proposed service;

(2) cost;

(3) the applicant's ability to:
   (A) perform the contract;

(b) The department shall study the procurement of and payment for chemical dependency treatment services on a unit rate reimbursement basis.

(c) If the department determines, after consideration of the study, that procurement of and payment for chemical dependency treatment services on a unit rate reimbursement basis in appropriate areas of the state would result in obtaining the highest quality treatment services at the best price and the lowest administrative cost to the department, the department shall adopt a unit rate reimbursement system for those services. The system must:

rights; and

(3) explaining to a prospective patient the facility's services and treatment process.

(b-1) The rules governing the screening process shall establish minimum standards for determining whether a prospective patient presents sufficient signs, symptoms, or behaviors indicating a potential chemical dependency disorder to warrant a more in-depth assessment by a qualified professional. The screening must be reviewed and approved by a qualified professional.

(c) The assessment provided for by the rules may be conducted only by a professional who meets the qualifications prescribed by department rules.

(d) The rules governing the assessment process shall prescribe:

A person may not conduct intake or screenings without having completed the initial and applicable annual inservice training.

(b) If the certificates are not filed with the application, the
court may appoint the necessary physicians to examine the proposed patient and file the certificates. The court may order the proposed patient to submit to the examinations and may issue a warrant authorizing a peace officer to take the proposed patient into custody for the examinations.

(e) If the certificates required under this section are not on file at the time set for the hearing on the application, the judge shall dismiss the application and order the immediate release of the proposed patient if that person is not at liberty. If extremely hazardous weather conditions exist or a disaster occurs, the presiding judge or magistrate may by written order made each day extend the period during which the two certificates of medical examination for chemical dependency may be filed, and the person may be detained until 4 p.m. on the first succeeding business day. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

(2) the proposed patient presents a substantial risk of serious harm to the person or others if not immediately restrained pending the hearing.

(f) The determination that the proposed patient presents a substantial risk of serious harm may be demonstrated by the proposed patient's behavior or by evidence that the proposed patient cannot remain at liberty. The judge or magistrate may make a determination that the proposed patient meets the criteria prescribed by this subsection from the application and certificate alone if the judge or magistrate determines that the conclusions of the applicant and
certifying physician are adequately supported by the information provided. The judge or magistrate may take additional evidence if a fair determination of the matter cannot be made from consideration of the application and certificate only.

(g) The judge or magistrate may issue a protective custody order for a proposed patient who is charged with a criminal offense if the proposed patient meets the requirements of this section and the administrator of the facility designated to detain the proposed patient agrees to the detention.

(h) A protective custody order shall direct a peace officer or other designated person to take the proposed patient into protective custody and transport the proposed patient immediately to a treatment facility or other suitable place for detention. (a) The court shall set a hearing to determine if there is probable cause to believe that a proposed patient under a protective custody order presents a substantial risk of serious harm to himself or others if not restrained until the hearing on the application. The hearing must be held not later than 72 hours after the protective custody order is signed unless the proposed patient waives the right to a hearing. If the period ends on a Saturday, Sunday, or legal holiday, the hearing must be held on the next day that is not a Saturday, Sunday, or legal holiday. The judge or magistrate may postpone the hearing each day for an additional 24 hours if the judge or magistrate declares that an extreme emergency exists because of extremely hazardous weather conditions or on the occurrence of a disaster that threatens the safety of the proposed patient or another essential party to the hearing.

(b) The hearing shall be held before a magistrate or, at the discretion of the presiding judge, before a master appointed by the
presiding judge. The master is entitled to reasonable compensation.

(c) The proposed patient and the proposed patient's attorney are entitled to an opportunity at the hearing to appear and present evidence on any allegation or statement in the certificate of medical examination for chemical dependency. The magistrate or master may consider any evidence. The state may prove its case on the certificate.

(d) The magistrate or master shall order the release of a person under a protective custody order if the magistrate or master determines after the hearing that no probable cause exists to believe that the proposed patient presents a substantial risk of serious harm to himself or others.

(e) The magistrate shall order that a proposed patient be detained until the hearing on the court-ordered treatment or until the administrator of the facility determines that the proposed patient no longer meets the criteria for detention under this section if the magistrate or master determines that probable cause does exist to believe that the proposed patient presents a substantial risk of serious harm to himself or others to the extent that the proposed patient cannot be at liberty pending the hearing on court-ordered treatment.

(f) The magistrate or master shall arrange for a proposed patient detained under Subsection (e) to be returned to the treatment facility or other suitable place, along with a copy of the certificate of medical examination for chemical dependency, any affidavits or other material submitted as evidence in the hearing, and the notification prepared as prescribed by Subsection (g). A copy of the notification of probable cause hearing and the supporting evidence shall be filed with the court that entered the original order of protective custody.

(g) The notification of probable cause hearing shall read as follows:

The testimony must include competent medical or psychiatric testimony.

(b) The penalty for a violation may be in an amount not to exceed $25,000. Each day a violation continues or occurs is a separate violation for purposes of imposing a penalty.
(c) The amount of the penalty shall be based on:
(1) the seriousness of the violation, including the nature, circumstances, extent, and gravity of any prohibited acts, and the hazard or potential hazard created to the health, safety, or economic welfare of the public;
(2) enforcement costs relating to the violation;
(3) the history of previous violations;
(4) the amount necessary to deter future violations;
(5) efforts to correct the violation; and

(d) If the department determines that a violation has occurred, the department may issue a report that states the facts on which the determination is based and the department's recommendation on the imposition of a penalty, including a recommendation on the amount of the penalty.
(e) Within 14 days after the date the report is issued, the department shall give written notice of the report to the person. The notice may be given by certified mail. The notice must include a brief summary of the alleged violation and a statement of the amount of the recommended penalty and must inform the person that the person has a right to a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.
(f) Within 20 days after the date the person receives the notice, the person in writing may accept the determination and recommended penalty of the department or may make a written request for a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(g) If the person accepts the determination and recommended penalty of the department, the department by order shall impose the recommended penalty.

(h) If the person requests a hearing or fails to respond timely to the notice, an administrative law judge shall set a hearing and the department shall give notice of the hearing to the person. The administrative law judge shall make findings of fact and conclusions of law and promptly issue to the department a proposal for a decision about the occurrence of the violation and the amount of a proposed penalty. Based on the findings of fact, conclusions of law, and proposal for a decision, the department by order may find that a violation has occurred and impose a penalty or may find that no violation occurred.

(i) The notice of the department's order given to the person under Chapter 2001, Government Code, must include a statement of the right of the person to judicial review of the order.

(j) Within 30 days after the date the department's order is final as provided by Subchapter F, Chapter 2001, Government Code, the person shall:

1. pay the amount of the penalty;
2. pay the amount of the penalty and file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty; or
3. without paying the amount of the penalty, file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(k) Within the 30-day period, a person who acts under Subsection (j)(3) may:

1. stay enforcement of the penalty by:
   A. paying the amount of the penalty to the court for placement in an escrow account; or
   B. giving to the court a supersedeas bond that is
approved by the court for the amount of the penalty and that is effective until all judicial review of the department's order is final; or

(2) request the court to stay enforcement of the penalty by:

(A) filing with the court a sworn affidavit of the person stating that the person is financially unable to pay the amount of the penalty and is financially unable to give the supersedeas bond; and

(B) giving a copy of the affidavit to the department by certified mail.

(1) The department on receipt of a copy of an affidavit under Subsection (k)(2) may file with the court within five days after the date the copy is received a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the amount of the penalty and to give a supersedeas bond.

(m) If the person does not pay the amount of the penalty and the enforcement of the penalty is not stayed, the department may refer the matter to the attorney general for collection of the amount of the penalty.

(n) Judicial review of the order of the department:

(1) is instituted by filing a petition as provided by Subchapter G, Chapter 2001, Government Code; and

(2) is under the substantial evidence rule.

(o) If the court sustains the occurrence of the violation, the court may uphold or reduce the amount of the penalty and order the person to pay the full or reduced amount of the penalty. If the court does not sustain the occurrence of the violation, the court shall order that no penalty is owed.

(p) When the judgment of the court becomes final, the court shall proceed under this subsection. If the person paid the amount of the penalty and if that amount is reduced or is not upheld by the court, the court shall order that the appropriate amount plus accrued interest be remitted to the person. The rate of the interest is the rate charged on loans to depository institutions by the New York Federal Reserve Bank, and the interest shall be paid for the period beginning on the date the penalty was paid and ending on the date the
penalty is remitted. If the person gave a supersedeas bond and if the amount of the penalty is not upheld by the court, the court shall order the release of the bond. If the person gave a supersedeas bond and if the amount of the penalty is reduced, the court shall order the release of the bond after the person pays the amount.

(q) A penalty collected under this section shall be remitted to the comptroller for deposit in the general revenue fund.

(r) All proceedings under this section are subject to Chapter 2001, Government Code.

(s) The commission shall post on the commission's Internet website current administrative penalty schedules applicable to a person licensed or regulated under this chapter. The commission shall ensure that the administrative penalties listed in the posted schedules are accurate.

(c) A compound, mixture, or preparation containing a stimulant substance listed in Schedule II and having a potential for abuse associated with a stimulant effect on the central nervous system is excepted from the application of this chapter if the compound, mixture, or preparation contains one or more active medicinal ingredients not having a stimulant effect on the central nervous system and if the admixtures are included in combinations, quantity, proportions, or concentrations that vitiate the potential for abuse of the substance having a stimulant effect on the central nervous system.

(d) A compound, mixture, or preparation containing a depressant substance listed in Schedule III or IV and having a potential for abuse associated with a depressant effect on the central nervous system is excepted from the application of this chapter if the compound, mixture, or preparation contains one or more active medicinal ingredients not having a depressant effect on the central nervous system and if the admixtures are included in combinations, quantity, proportions, or concentrations that vitiate the potential for abuse of the substance having a depressant effect on the central nervous system.

(e) A nonnarcotic prescription substance is exempted from Schedules I through V and the application of this chapter to the same extent that the substance has been exempted from the application of the Federal Controlled Substances Act, if the substance is listed as an exempt prescription product under 21 C.F.R. Section 1308.32 and its subsequent amendments.

(f) A chemical substance that is intended for laboratory, industrial, educational, or special research purposes and not for general administration to a human being or other animal is exempted from Schedules I through V and the application of this chapter to the same extent that the substance has been exempted from the application of the Federal Controlled Substances Act, if the substance is listed as an exempt chemical preparation under 21 C.F.R. Section 1308.24 and its subsequent amendments.

(g) An anabolic steroid product, which has no significant potential for abuse due to concentration, preparation, mixture, or delivery system, is exempted from Schedules I through V and the application of this chapter to the same extent that the substance has been exempted from the application of the Federal Controlled
Substances Act, if the substance is listed as an exempt anabolic steroid product under 21 C.F.R. Section 1308.34 and its subsequent amendments.

Sec. 481.034. ESTABLISHMENT AND MODIFICATION OF SCHEDULES BY COMMISSIONER. (a) The commissioner shall annually establish the schedules of controlled substances. These annual schedules shall include the complete list of all controlled substances from the previous schedules and modifications in the federal schedules of controlled substances as required by Subsection (g). Any further additions to and deletions from these schedules, any rescheduling of substances and any other modifications made by the commissioner to these schedules of controlled substances shall be made:

1. in accordance with Section 481.035;
2. in a manner consistent with this subchapter; and
3. with approval of the executive commissioner.

(b) Except for alterations in schedules required by Subsection (g), the commissioner may not make an alteration in a schedule unless the commissioner holds a public hearing on the matter in Austin and obtains approval from the executive commissioner.

(c) The commissioner may not:
1. add a substance to the schedules if the substance has been deleted from the schedules by the legislature;
2. delete a substance from the schedules if the substance has been added to the schedules by the legislature; or
3. reschedule a substance if the substance has been placed in a schedule by the legislature.

(d) In making a determination regarding a substance, the commissioner shall consider:
1. the actual or relative potential for its abuse;
2. the scientific evidence of its pharmacological effect, if known;
3. the state of current scientific knowledge regarding the substance;
(4) the history and current pattern of its abuse;
(5) the scope, duration, and significance of its abuse;
(6) the risk to the public health;
(7) the potential of the substance to produce psychological or physiological dependence liability; and
(8) whether the substance is a controlled substance analogue, chemical precursor, or an immediate precursor of a substance controlled under this chapter.
(e) After considering the factors listed in Subsection (d), the commissioner shall make findings with respect to those factors. If the commissioner finds the substance has a potential for abuse, the executive commissioner shall adopt a rule controlling the substance.
(f) Repealed by Acts 2003, 78th Leg., ch. 1099, Sec. 17.
(g) Except as otherwise provided by this subsection, if a substance is designated, rescheduled, or deleted as a controlled substance under federal law and notice of that fact is given to the commissioner, the commissioner similarly shall control the substance under this chapter. After the expiration of a 30-day period beginning on the day after the date of publication in the Federal Register of a final order designating a substance as a controlled substance or rescheduling or deleting a substance, the commissioner similarly shall designate, reschedule, or delete the substance, unless the commissioner objects during the period. If the commissioner objects, the commissioner shall publish the reasons for the objection and give all interested parties an opportunity to be heard. At the conclusion of the hearing, the commissioner shall publish a decision, which is final unless altered by statute. On publication of an objection by the commissioner, control as to that particular substance under this chapter is stayed until the commissioner publishes the commissioner's decision.
(h) Not later than the 10th day after the date on which the commissioner designates, deletes, or reschedules a substance under Subsection (a), the commissioner shall give written notice of that action to the director and to each state licensing agency having jurisdiction over practitioners.

Sec. 481.035. FINDINGS. (a) The commissioner shall place a substance in Schedule I if the commissioner finds that the substance:

(1) has a high potential for abuse; and

(2) has no accepted medical use in treatment in the United States or lacks accepted safety for use in treatment under medical supervision.

(b) The commissioner shall place a substance in Schedule II if the commissioner finds that:

(1) the substance has a high potential for abuse;

(2) the substance has currently accepted medical use in treatment in the United States; and

(3) abuse of the substance may lead to severe psychological or physical dependence.

(c) The commissioner shall place a substance in Schedule III if the commissioner finds that:

(1) the substance has a potential for abuse less than that of the substances listed in Schedules I and II;

(2) the substance has currently accepted medical use in treatment in the United States; and

(3) abuse of the substance may lead to moderate or low physical dependence or high psychological dependence.

(d) The commissioner shall place a substance in Schedule IV if the commissioner finds that:

(1) the substance has a lower potential for abuse than that of the substances listed in Schedule III;

(2) the substance has currently accepted medical use in treatment in the United States; and

(3) abuse of the substance may lead to a more limited physical or psychological dependence than that of the substances listed in Schedule III.

(e) The commissioner shall place a substance in Schedule V if the commissioner finds that the substance:

(1) has a lower potential for abuse than that of the substances listed in Schedule IV;

(2) has currently accepted medical use in treatment in the
United States; and

(3) may lead to a more limited physical or psychological dependence liability than that of the substances listed in Schedule IV.
(e) If the commissioner emergency schedules a substance as a controlled substance under this section, an emergency exists for purposes of Section 481.036(c) and the action takes effect on the date the schedule is published in the Texas Register.

(f) Except as otherwise provided by Subsection (f-1), an emergency scheduling under this section expires on September 1 of each odd-numbered year for any scheduling that occurs before January 1 of that year.

(f-1) The commissioner may extend the emergency scheduling of a substance under this section not more than once and for a period not to exceed one year by publishing the extension in the Texas Register. If the commissioner extends the emergency scheduling of a substance, an emergency exists for purposes of Section 481.036(c) and the action takes effect on the date the extension is published in the Texas Register.

(g) The commissioner shall post notice about each emergency scheduling of a substance or each extension of an emergency scheduling of a substance under this section on the Internet website of the Department of State Health Services.

(h) Not later than December 1 of each even-numbered year, the commissioner shall submit a report about each emergency scheduling action taken under this section during the preceding two-year period to the governor, the lieutenant governor, the speaker of the house of representatives, and each legislative standing committee with primary jurisdiction over the department and each legislative standing committee with primary jurisdiction over criminal justice matters.

(c) The department and the Texas Education Agency shall adopt a memorandum of understanding that establishes the responsibilities of the agency, the department, and school districts in implementing and maintaining a program for reporting information concerning controlled substances, controlled substance analogues, chemical precursors, and chemical laboratory apparatus used in educational or research activities of institutions of higher education.
substances, controlled substance analogues, chemical precursors, and chemical laboratory apparatus used in educational or research activities of those schools and school districts.

Sec. 481.065. AUTHORIZATION FOR CERTAIN ACTIVITIES. (a) The director may authorize the possession, distribution, planting, and cultivation of controlled substances by a person engaged in research, training animals to detect controlled substances, or designing or calibrating devices to detect controlled substances. A person who obtains an authorization under this subsection does not commit an offense involving the possession or distribution of controlled substances to the extent that the possession or distribution is authorized.

(b) A person may conduct research with or analyze substances listed in Schedule I in this state only if the person is a practitioner registered under federal law to conduct research with or analyze those substances and the person provides the director with evidence of federal registration.

Sec. 481.067. RECORDS. (a) A person who is registered with the Federal Drug Enforcement Administration to manufacture, distribute, analyze, or dispense a controlled substance shall keep records and maintain inventories in compliance with recordkeeping and inventory requirements of federal law and with additional rules the board or director adopts.

(b) The pharmacist-in-charge of a pharmacy shall maintain the records and inventories required by this section.

(c) A record required by this section must be made at the time of the transaction that is the basis of the record. A record or inventory required by this section must be kept or maintained for at least two years after the date the record or inventory is made.
Sec. 481.068. CONFIDENTIALITY. (a) The director may authorize a person engaged in research on the use and effects of a controlled substance to withhold the names and other identifying characteristics of individuals who are the subjects of the research. A person who obtains the authorization may not be compelled in a civil, criminal, administrative, legislative, or other proceeding to identify the individuals who are the subjects of the research for which the authorization is obtained.

(b) Except as provided by Sections 481.074 and 481.075, a practitioner engaged in authorized medical practice or research may not be required to furnish the name or identity of a patient or research subject to the department, the Department of State Health Services, or any other agency, public official, or law enforcement officer. A practitioner may not be compelled in a state or local civil, criminal, administrative, legislative, or other proceeding to furnish the name or identity of an individual that the practitioner is obligated to keep confidential.

(c) The director may not provide to a federal, state, or local law enforcement agency the name or identity of a patient or research subject whose identity could not be obtained under Subsection (b).

Sec. 481.070. ADMINISTERING OR DISPENSING SCHEDULE I CONTROLLED SUBSTANCE. Except as permitted by this chapter, a person may not administer or dispense a controlled substance listed in Schedule I.
Sec. 481.071. MEDICAL PURPOSE REQUIRED BEFORE PRESCRIBING, DISPENSING, DELIVERING, OR ADMINISTERING CONTROLLED SUBSTANCE. (a) A practitioner defined by Section 481.002(39)(A) may not prescribe, dispense, deliver, or administer a controlled substance or cause a controlled substance to be administered under the practitioner's direction and supervision except for a valid medical purpose and in the course of medical practice.

(b) An anabolic steroid or human growth hormone listed in Schedule III may only be:

(1) dispensed, prescribed, delivered, or administered by a practitioner, as defined by Section 481.002(39)(A), for a valid medical purpose and in the course of professional practice; or

(2) dispensed or delivered by a pharmacist according to a prescription issued by a practitioner, as defined by Section 481.002(39)(A) or (C), for a valid medical purpose and in the course of professional practice.

(c) For the purposes of Subsection (b), bodybuilding, muscle enhancement, or increasing muscle bulk or strength through the use of an anabolic steroid or human growth hormone listed in Schedule III by a person who is in good health is not a valid medical purpose.

Sec. 481.072. MEDICAL PURPOSE REQUIRED BEFORE DISTRIBUTING OR DISPENSING SCHEDULE V CONTROLLED SUBSTANCE. A person may not distribute or dispense a controlled substance listed in Schedule V except for a valid medical purpose.

Sec. 481.074. PRESCRIPTIONS. (a) A pharmacist may not:

(1) dispense or deliver a controlled substance or cause a controlled substance to be dispensed or delivered under the pharmacist's direction or supervision except under a valid prescription and in the course of professional practice;

(2) dispense a controlled substance if the pharmacist knows or should have known that the prescription was issued without a valid

patient–practitioner relationship;
(3) fill a prescription that is not prepared or issued as prescribed by this chapter;
(4) permit or allow a person who is not a licensed pharmacist or pharmacist intern to dispense, distribute, or in any other manner deliver a controlled substance even if under the supervision of a pharmacist, except that after the pharmacist or pharmacist intern has fulfilled his professional and legal responsibilities, a nonpharmacist may complete the actual cash or credit transaction and delivery; or
(5) permit the delivery of a controlled substance to any person not known to the pharmacist, the pharmacist intern, or the person authorized by the pharmacist to deliver the controlled substance without first requiring identification of the person taking possession of the controlled substance, except as provided by Subsection (n).

(b) Except in an emergency as defined by board rule under Subsection (b-1) or as otherwise provided by Section 481.075(j) or (m) or 481.0755, a person may not dispense or administer a controlled substance without an electronic prescription that meets the requirements of and is completed by the practitioner in accordance with Section 481.075.

(b-1) In an emergency as defined by board rule, a person may dispense or administer a controlled substance on the oral or telephonically communicated prescription of a practitioner. The person who administers or dispenses the substance shall:
(1) if the person is a prescribing practitioner or a pharmacist, promptly comply with Subsection (c); or
(2) if the person is not a prescribing practitioner or a pharmacist, promptly write the oral or telephonically communicated prescription and include in the written record of the prescription the name, address, and Federal Drug Enforcement Administration number issued for prescribing a controlled substance in this state of the prescribing practitioner, all information required to be provided by a practitioner under Section 481.075(e)(1), and all information required to be provided by a dispensing pharmacist under Section 481.075(e)(2).

(b-2) In an emergency described by Subsection (b-1), an agent designated in writing by a practitioner defined by Section 481.002(39)(A) may communicate a prescription by telephone. A
practitioner who designates a different agent shall designate that agent in writing and maintain the designation in the same manner in which the practitioner initially designated an agent under this subsection. On the request of a pharmacist, a practitioner shall furnish a copy of the written designation. This subsection does not relieve a practitioner or the practitioner's designated agent from the requirement of Subchapter A, Chapter 562, Occupations Code. A practitioner is personally responsible for the actions of the designated agent in communicating a prescription to a pharmacist.

(c) Not later than the seventh day after the date a prescribing practitioner authorizes an emergency oral or telephonically communicated prescription, the prescribing practitioner shall cause an electronic prescription, completed in the manner required by Section 481.075, to be delivered to the dispensing pharmacist at the pharmacy where the prescription was dispensed. On receipt of the electronic prescription, the pharmacist shall annotate the electronic prescription record with the original authorization and date of the emergency oral or telephonically communicated prescription.

(d) Except as specified in Subsections (e) and (f), the board, by rule and in consultation with the Texas Medical Board, shall establish the period after the date on which the prescription is issued that a person may fill a prescription for a controlled substance listed in Schedule II. A person may not refill a prescription for a substance listed in Schedule II.

(d-1) Notwithstanding Subsection (d), a prescribing practitioner may issue multiple prescriptions authorizing the patient to receive a total of up to a 90-day supply of a Schedule II controlled substance if:

1. each separate prescription is issued for a legitimate medical purpose by a prescribing practitioner acting in the usual course of professional practice;
2. the prescribing practitioner provides instructions on each prescription to be filled at a later date indicating the earliest date on which a pharmacy may fill each prescription;
3. the prescribing practitioner concludes that providing the patient with multiple prescriptions in this manner does not create an undue risk of diversion or abuse; and
4. the issuance of multiple prescriptions complies with other applicable state and federal laws.

(e) The partial filling of a prescription for a controlled substance...
substance listed in Schedule II is permissible in accordance with applicable federal law.

(f) A prescription for a Schedule II controlled substance for a patient in a long-term care facility (LTCF) or for a hospice patient with a medical diagnosis documenting a terminal illness may be filled in partial quantities to include individual dosage units. If there is any question about whether a hospice patient may be classified as having a terminal illness, the pharmacist must contact the practitioner before partially filling the prescription. Both the pharmacist and the practitioner have a corresponding responsibility to assure that the controlled substance is for a terminally ill hospice patient. The pharmacist must record the prescription in the electronic prescription record and must indicate in the electronic prescription record whether the patient is a "terminally ill hospice patient" or an "LTCF patient." A prescription that is partially filled and does not contain the notation "terminally ill hospice patient" or "LTCF patient" is considered to have been filled in violation of this chapter. For each partial filling, the dispensing pharmacist shall record in the electronic prescription record the date of the partial filling, the quantity dispensed, the remaining quantity authorized to be dispensed, and the identification of the dispensing pharmacist. Before any subsequent partial filling, the pharmacist must determine that the additional partial filling is necessary. The total quantity of Schedule II controlled substances dispensed in all partial fillings may not exceed the total quantity prescribed. Schedule II prescriptions for patients in a long-term care facility or hospice patients with a medical diagnosis documenting a terminal illness are valid for a period not to exceed 60 days following the issue date unless sooner terminated by discontinuance of the medication.

(g) A person may not dispense a controlled substance in Schedule III or IV that is a prescription drug under the Federal Food, Drug, and Cosmetic Act (21 U.S.C. Section 301 et seq.) without a prescription of a practitioner defined by Section 481.002(39)(A) or (D), except that the practitioner may dispense the substance directly to an ultimate user. A prescription for a controlled substance listed in Schedule III or IV may not be filled or refilled later than six months after the date on which the prescription is issued and may not be refilled more than five times, unless the prescription is renewed by the practitioner. A prescription under this subsection
must comply with other applicable state and federal laws.

(h) A pharmacist may dispense a controlled substance listed in Schedule III, IV, or V under a prescription issued by a practitioner defined by Section 481.002(39)(C) only if the pharmacist determines that the prescription was issued for a valid medical purpose and in the course of professional practice. A prescription described by this subsection may not be filled or refilled later than six months after the date the prescription is issued and may not be refilled more than five times, unless the prescription is renewed by the practitioner.

(i) A person may not dispense a controlled substance listed in Schedule V and containing 200 milligrams or less of codeine, or any of its salts, per 100 milliliters or per 100 grams, or containing 100 milligrams or less of dihydrocodeine, or any of its salts, per 100 milliliters or per 100 grams, without the prescription of a practitioner defined by Section 481.002(39)(A), except that a practitioner may dispense the substance directly to an ultimate user. A prescription issued under this subsection may not be filled or refilled later than six months after the date the prescription is issued and may not be refilled more than five times, unless the prescription is renewed by the practitioner.

(j) A practitioner or institutional practitioner may not allow a patient, on the patient's release from the hospital, to possess a controlled substance prescribed by the practitioner unless:

(1) the substance was dispensed under a medication order while the patient was admitted to the hospital;
(2) the substance is in a properly labeled container; and
(3) the patient possesses not more than a seven-day supply of the substance.

(k) A prescription for a controlled substance must show:

(1) the quantity of the substance prescribed:

(A) numerically, if the prescription is electronic; or
(B) if the prescription is communicated orally or telephonically, as transcribed by the receiving pharmacist;
(2) the date of issue;
(2-a) if the prescription is issued for a Schedule II controlled substance to be filled at a later date under Subsection (d-1), the earliest date on which a pharmacy may fill the prescription;
(3) the name, address, and date of birth or age of the

Statute text rendered on: 5/30/2023 - 3605 -
patient or, if the controlled substance is prescribed for an animal, the species of the animal and the name and address of its owner;

(4) the name and strength of the controlled substance prescribed;

(5) the directions for use of the controlled substance;

(6) the intended use of the substance prescribed unless the practitioner determines the furnishing of this information is not in the best interest of the patient; and

(7) the name, address, Federal Drug Enforcement Administration number, and telephone number of the practitioner at the practitioner's usual place of business.

(1) A pharmacist may exercise his professional judgment in refilling a prescription for a controlled substance in Schedule III, IV, or V without the authorization of the prescribing practitioner provided:

(1) failure to refill the prescription might result in an interruption of a therapeutic regimen or create patient suffering;

(2) either:

(A) a natural or manmade disaster has occurred which prohibits the pharmacist from being able to contact the practitioner; or

(B) the pharmacist is unable to contact the practitioner after reasonable effort;

(3) the quantity of prescription drug dispensed does not exceed a 72-hour supply;

(4) the pharmacist informs the patient or the patient's agent at the time of dispensing that the refill is being provided without such authorization and that authorization of the practitioner is required for future refills; and

(5) the pharmacist informs the practitioner of the emergency refill at the earliest reasonable time.

(1-1) Notwithstanding Subsection (1), in the event of a natural or manmade disaster, a pharmacist may dispense not more than a 30-day supply of a prescription drug, other than a controlled substance listed in Schedule II, without the authorization of the prescribing practitioner if:

(1) failure to refill the prescription might result in an interruption of a therapeutic regimen or create patient suffering;

(2) the natural or manmade disaster prohibits the pharmacist from being able to contact the practitioner;
(3) the governor has declared a state of disaster under Chapter 418, Government Code; and

(4) the Texas State Board of Pharmacy, through its executive director, has notified pharmacies in this state that pharmacists may dispense up to a 30-day supply of a prescription drug.

(1-2) The prescribing practitioner is not liable for an act or omission by a pharmacist in dispensing a prescription drug under Subsection (1-1).

(m) A pharmacist may permit the delivery of a controlled substance by an authorized delivery person, by a person known to the pharmacist, a pharmacist intern, or the authorized delivery person, or by mail to the person or address of the person authorized by the prescription to receive the controlled substance. If a pharmacist permits delivery of a controlled substance under this subsection, the pharmacist shall retain in the records of the pharmacy for a period of not less than two years:

(1) the name of the authorized delivery person, if delivery is made by that person;
(2) the name of the person known to the pharmacist, a pharmacist intern, or the authorized delivery person if delivery is made by that person; or
(3) the mailing address to which delivery is made, if delivery is made by mail.

(n) A pharmacist may permit the delivery of a controlled substance to a person not known to the pharmacist, a pharmacist intern, or the authorized delivery person without first requiring the identification of the person to whom the controlled substance is delivered if the pharmacist determines that an emergency exists and that the controlled substance is needed for the immediate well-being of the patient for whom the controlled substance is prescribed. If a pharmacist permits delivery of a controlled substance under this subsection, the pharmacist shall retain in the records of the pharmacy for a period of not less than two years all information relevant to the delivery known to the pharmacist, including the name, address, and date of birth or age of the person to whom the controlled substance is delivered.

(1) record or direct a designated agent to record in the electronic prescription each item of information required to be provided by the prescribing practitioner under Subsection (e)(1), unless the practitioner determines that:

(A) under rule adopted by the board for this purpose, it is unnecessary for the practitioner or the practitioner's agent to provide the patient identification number; or

(B) it is not in the best interest of the patient for the practitioner or practitioner's agent to provide information regarding the intended use of the controlled substance or the diagnosis for which it is prescribed; and

(2) electronically sign or validate the electronic prescription as authorized by federal law and transmit the prescription to the dispensing pharmacy.

board not later than the next business day after the date the prescription is completely filled; and

(4) if the pharmacy does not dispense any controlled substance prescriptions during a period of seven consecutive days, send a report to the board indicating that the pharmacy did not dispense any controlled substance prescriptions during that period, unless the pharmacy has obtained a waiver or permission to delay reporting to the board.

(j) A medication order written for a patient who is admitted to a hospital at the time the medication order is written and filled is not required to be recorded in an electronic prescription record that meets the requirements of this section.

(m) A pharmacy in this state may fill a prescription for a controlled substance listed in Schedule II issued by a practitioner in another state if:

(1) a share of the pharmacy's business involves the dispensing and delivery or mailing of controlled substances;

(2) the prescription is issued by a prescribing practitioner in the other state in the ordinary course of practice; and

(3) the prescription is filled in compliance with a written plan providing the manner in which the pharmacy may fill a Schedule II prescription issued by a practitioner in another state that:

(A) is submitted by the pharmacy to the board; and

(B) is approved by the board.

(n) A person dispensing a Schedule II controlled substance under a prescription shall provide written notice, as defined by board rule adopted under Subsection (o), on the safe disposal of controlled substance prescription drugs, unless:

(1) the Schedule II controlled substance prescription drug is dispensed at a pharmacy or other location that:

(A) is authorized to take back those drugs for safe disposal; and

(B) regularly accepts those drugs for safe disposal; or

(2) the dispenser provides to the person to whom the Schedule II controlled substance prescription drug is dispensed, at
the time of dispensation and at no cost to the person:

(A) a mail-in pouch for surrendering unused controlled substance prescription drugs; or

(B) chemicals to render any unused drugs unusable or non-retrievable.

(o) The board shall adopt rules to prescribe the form of the written notice on the safe disposal of controlled substance prescription drugs required under Subsection (n). The notice must include information on locations at which Schedule II controlled substance prescription drugs are accepted for safe disposal. The notice, in lieu of listing those locations, may provide the address of an Internet website specified by the board that provides a searchable database of locations at which Schedule II controlled substance prescription drugs are accepted for safe disposal.

(p) The board may take disciplinary action against a person who fails to comply with Subsection (n).

Sec. 481.0755. WRITTEN, ORAL, AND TELEPHONICALLY COMMUNICATED PRESCRIPTIONS. (a) Notwithstanding Sections 481.074 and 481.075, a prescription for a controlled substance is not required to be issued electronically and may be issued in writing if the prescription is issued:

(1) by a veterinarian;
(2) in circumstances in which electronic prescribing is not available due to temporary technological or electronic failure, as prescribed by board rule;
(3) by a practitioner to be dispensed by a pharmacy located outside this state, as prescribed by board rule;
(4) when the prescriber and dispenser are in the same location or under the same license;
(5) in circumstances in which necessary elements are not supported by the most recently implemented national data standard that facilitates electronic prescribing;
(6) for a drug for which the United States Food and Drug Administration requires additional information in the prescription that is not possible with electronic prescribing;
(7) for a non-patient-specific prescription pursuant to a standing order, approved protocol for drug therapy, collaborative drug management, or comprehensive medication management, in response to a public health emergency or in other circumstances in which the practitioner may issue a non-patient-specific prescription;
(8) for a drug under a research protocol;
(9) by a practitioner who has received a waiver under Section 481.0756 from the requirement to use electronic prescribing;
(10) under circumstances in which the practitioner has the present ability to submit an electronic prescription but reasonably determines that it would be impractical for the patient to obtain the drugs prescribed under the electronic prescription in a timely manner and that a delay would adversely impact the patient's medical
(11) before January 1, 2021.

(b) A dispensing pharmacist who receives a controlled substance prescription in a manner other than electronically is not required to verify that the prescription is exempt from the requirement that it be submitted electronically. The pharmacist may dispense a controlled substance pursuant to an otherwise valid written, oral, or telephonically communicated prescription consistent with the requirements of this subchapter.

(c) Except in an emergency, a practitioner must use a written prescription to submit a prescription described by Subsection (a). In an emergency, the practitioner may submit an oral or telephonically communicated prescription as authorized under Section 481.074(b-1).

(d) A written prescription for a controlled substance other than a Schedule II controlled substance must include the information required under Section 481.074(k) and the signature of the prescribing practitioner.

(e) A written prescription for a Schedule II controlled substance must be on an official prescription form and include the information required for an electronic prescription under Section 481.075(e), the signature of the practitioner, and the signature of the dispensing pharmacist after the prescription is filled.

(f) The board by rule shall authorize a practitioner to determine whether it is necessary to obtain a particular patient identification number and to provide that number on the official prescription form.

(g) On request of a practitioner, the board shall issue official prescription forms to the practitioner for a fee covering the actual cost of printing, processing, and mailing the forms. Before mailing or otherwise delivering prescription forms to a practitioner, the board shall print on each form the number of the form and any other information the board determines is necessary.

(h) Each official prescription form must be sequentially numbered.

(i) A person may not obtain an official prescription form unless the person is a practitioner as defined by Section 481.002(39)(A) or an institutional practitioner.

(j) Not more than one Schedule II prescription may be recorded on an official prescription form.
(k) Not later than the 30th day after the date a practitioner's Federal Drug Enforcement Administration number or license to practice has been denied, suspended, canceled, surrendered, or revoked, the practitioner shall return to the board all official prescription forms in the practitioner's possession that have not been used for prescriptions.

(1) Each prescribing practitioner:
   (1) may use an official prescription form only to submit a prescription described by Subsection (a);
   (2) shall date or sign an official prescription form only on the date the prescription is issued; and
   (3) shall take reasonable precautionary measures to ensure that an official prescription form issued to the practitioner is not used by another person to violate this subchapter or a rule adopted under this subchapter.

(m) In the case of an emergency oral or telephonically communicated prescription described by Section 481.074(b-1), the prescribing practitioner shall give the dispensing pharmacy the information needed to complete the official prescription form if the pharmacy is not required to use the electronic prescription record.

(n) Each dispensing pharmacist receiving an oral or telephonically communicated prescription under Subsection (m) shall:
   (1) fill in on the official prescription form each item of information given orally to the dispensing pharmacy under Subsection (m) and the date the prescription is filled and fill in the dispensing pharmacist's signature;
   (2) retain with the records of the pharmacy for at least two years:
       (A) the official prescription form; and
       (B) the name or other patient identification required by Section 481.074(m) or (n); and
   (3) send all required information, including any information required to complete an official prescription form, to the board by electronic transfer or another form approved by the board not later than the next business day after the date the prescription is completely filled.

Sec. 481.0756. WAIVERS FROM ELECTRONIC PRESCRIBING. (a) The appropriate regulatory agency that issued the license, certification, or registration to a prescriber is authorized to grant a prescriber a waiver from the electronic prescribing requirement under the provisions of this section.

(b) The board shall convene an interagency workgroup that includes representatives of each regulatory agency that issues a license, certification, or registration to a prescriber.

(c) The work group described by Subsection (b) shall establish recommendations and standards for circumstances in which a waiver from the electronic prescribing requirement is appropriate and a process under which a prescriber may request and receive a waiver.

(d) The board shall adopt rules establishing the eligibility for a waiver, including:

(1) economic hardship;

(2) technological limitations not reasonably within the control of the prescriber; or

(3) other exceptional circumstances demonstrated by the prescriber.

(e) Each regulatory agency that issues a license, certification, or registration to a prescriber shall adopt rules for the granting of waivers consistent with the board rules adopted under Subsection (d).

(f) A waiver may be issued to a prescriber for a period of one year. A prescriber may reapply for a subsequent waiver not earlier than the 30th day before the date the waiver expires if the circumstances that necessitated the waiver continue.

(a-1) A person authorized to receive information under Subsection (a)(4), (5), or (6) may access that information through a health information exchange, subject to proper security measures to ensure against disclosure to unauthorized persons.

(a-2) A person authorized to receive information under Subsection (a)(5) may include that information in any form in the medical or pharmacy record of the patient who is the subject of the information. (a-6) A patient, the patient's parent or legal guardian, if the patient is a minor, or the patient's legal guardian, if the patient is an incapacitated person, as defined by Section 1002.017(2), Estates Code, is entitled to a copy of the patient's prescription record as provided by Subsection (a)(9), including a list of persons who have accessed that record, if a completed patient data request form and any supporting documentation required by the board is submitted to the board. The board may charge a reasonable fee for providing the copy. The board shall adopt rules to implement this subsection, including rules prescribing the patient data request form, listing the documentation required for receiving a copy of the prescription record, and setting the fee.

(b) This section does not prohibit the board from creating, using, or disclosing statistical data about information submitted to the board under this section if the board removes any information reasonably likely to reveal the identity of each patient, practitioner, or other person who is a subject of the information.

(c) The board by rule shall design and implement a system for submission of information to the board by electronic or other means and for retrieval of information submitted to the board under this
section and Sections 481.074 and 481.075. The board shall use automated information security techniques and devices to preclude improper access to the information. The board shall submit the system design to the director and the Texas Medical Board for review and comment a reasonable time before implementation of the system and shall comply with the comments of those agencies unless it is unreasonable to do so.

(d) Information submitted to the board under this section may be used only for:

(1) the administration, investigation, or enforcement of this chapter or another law governing illicit drugs in this state or another state;

(2) investigatory, evidentiary, or monitoring purposes in connection with the functions of an agency listed in Subsection (a)(1);

(3) the prescribing and dispensing of controlled substances by a person listed in Subsection (a)(5); or

(e) The board shall remove from the information retrieval system, destroy, and make irretrievable the record of the identity of a patient submitted under this section to the board not later than the end of the 36th calendar month after the month in which the identity is entered into the system. However, the board may retain a patient identity that is necessary for use in a specific ongoing investigation conducted in accordance with this section until the 30th day after the end of the month in which the necessity for retention of the identity ends.

(f) If the board accesses information under Subsection (a)(2) relating to a person licensed or regulated by an agency listed in Subsection (a)(1), the board shall notify and cooperate with that agency regarding the disposition of the matter before taking action against the person, unless the board determines that notification is reasonably likely to interfere with an administrative or criminal investigation or prosecution.

(g) If the board provides access to information under Subsection (a)(3) relating to a person licensed or regulated by an agency listed in Subsection (a)(1), the board shall notify that
agency of the disclosure of the information not later than the 10th working day after the date the information is disclosed.

(h) If the board withholds notification to an agency under Subsection (f), the board shall notify the agency of the disclosure of the information and the reason for withholding notification when the board determines that notification is no longer likely to interfere with an administrative or criminal investigation or prosecution.

(i) Information submitted to the board under Section 481.074(q) or 481.075 is confidential and remains confidential regardless of whether the board permits access to the information under this section.

(j) The board may enter into an interoperability agreement with one or more states or an association of states authorizing the board to access prescription monitoring information maintained or collected by the other state or states or the association, including information maintained on a central database such as the National Association of Boards of Pharmacy Prescription Monitoring Program InterConnect. Pursuant to an interoperability agreement, the board may authorize the prescription monitoring program of one or more states or an association of states to access information submitted to the board under Sections 481.074(q) and 481.075, including by submitting or sharing information through a central database such as the National Association of Boards of Pharmacy Prescription Monitoring Program InterConnect.

(k) A person authorized to access information under Subsection (a)(4) or (5) who is registered with the board for electronic access to the information is entitled to directly access the information available from other states pursuant to an interoperability agreement described by Subsection (j).

Sec. 481.0761. RULES; AUTHORITY TO CONTRACT. (a) The board shall by rule establish and revise as necessary a standardized database format that may be used by a pharmacy to transmit the information required by Sections 481.074(q) and 481.075(i) to the board electronically or to deliver the information on storage media, including disks, tapes, and cassettes.

(b) The director shall consult with the Department of State Health Services, the Texas State Board of Pharmacy, and the Texas Medical Board and by rule may:

(1) remove a controlled substance listed in Schedules II through V from the official prescription program, if the director determines that the burden imposed by the program substantially outweighs the risk of diversion of the particular controlled substance; or

(2) return a substance previously removed from Schedules II through V to the official prescription program, if the director determines that the risk of diversion substantially outweighs the burden imposed by the program on the particular controlled substance.

(c) The board by rule may:

(1) establish a procedure for the issuance of multiple prescriptions of a Schedule II controlled substance under Section 481.074(d-1);
(2) remove from or return to the official prescription program any aspect of a practitioner's or pharmacist's hospital practice, including administering or dispensing;
(3) waive or delay any requirement relating to the time or manner of reporting;
(4) establish compatibility protocols for electronic data transfer hardware, software, or format, including any necessary modifications for participation in a database described by Section 481.076(j);
(5) establish a procedure to control the release of information under Sections 481.074, 481.075, and 481.076; and
(6) establish a minimum level of prescription activity below which a reporting activity may be modified or deleted.
(d) The board by rule shall authorize a practitioner to determine whether it is necessary to obtain a particular patient identification number and to provide that number in the electronic prescription record.
(e) In adopting a rule relating to the electronic transfer of information under this subchapter, the board shall consider the economic impact of the rule on practitioners and pharmacists and, to the extent permitted by law, act to minimize any negative economic impact, including the imposition of costs related to computer hardware or software or to the transfer of information.
(f) The board may authorize a contract between the board and another agency of this state or a private vendor as necessary to ensure the effective operation of the official prescription program.
(g) The board may adopt rules providing for a person authorized to access information under Section 481.076(a)(5) to be enrolled in electronic access to the information described by Section 481.076(a) at the time the person obtains or renews the person's applicable professional or occupational license or registration.
(h) The board, in consultation with the department and the regulatory agencies listed in Section 481.076(a)(1), shall identify prescribing practices that may be potentially harmful and patient prescription patterns that may suggest drug diversion or drug abuse. The board shall determine the conduct that constitutes a potentially harmful prescribing pattern or practice and develop indicators for levels of prescriber or patient activity that suggest a potentially harmful prescribing pattern or practice may be occurring or drug diversion or drug abuse may be occurring.
(i) The board, based on the indicators developed under Subsection (h), may send an electronic notification to a dispenser or prescriber if the information submitted under Section 481.074(q) or 481.075 indicates a potentially harmful prescribing pattern or practice may be occurring or drug diversion or drug abuse may be occurring.

(j) The board by rule may develop guidelines identifying behavior suggesting a patient is obtaining controlled substances that indicate drug diversion or drug abuse is occurring. A pharmacist who observes behavior described by this subsection by a person who is to receive a controlled substance shall access the information under Section 481.076(a)(5) regarding the patient for whom the substance is to be dispensed.

(k) The board by rule may develop guidelines identifying patterns that may indicate that a particular patient to whom a controlled substance is prescribed or dispensed is engaging in drug abuse or drug diversion. These guidelines may be based on the frequency of prescriptions issued to and filled by the patient, the types of controlled substances prescribed, and the number of prescribers who prescribe controlled substances to the patient. The board may, based on the guidelines developed under this subsection, send a prescriber or dispenser an electronic notification if there is reason to believe that a particular patient is engaging in drug abuse or drug diversion.

(a) Each regulatory agency that issues a license, certification, or registration to a prescriber shall promulgate specific guidelines for prescribers regulated by that agency for the responsible prescribing of opioids, benzodiazepines, barbiturates, or carisoprodol.

(b) A regulatory agency that issues a license, certification, or registration to a prescriber shall periodically access the information submitted to the board under Sections 481.074(q) and 481.075 to determine whether a prescriber is engaging in potentially harmful prescribing patterns or practices.

(c) If the board sends a prescriber an electronic notification authorized under Section 481.0761(i), the board shall immediately send an electronic notification to the appropriate regulatory agency.

(d) In determining whether a potentially harmful prescribing pattern or practice is occurring, the appropriate regulatory agency, at a minimum, shall consider:

(2) for prescriptions described by Subdivision (1), patterns of prescribing combinations of those drugs and other dangerous combinations of drugs identified by the board.

(e) If, during a periodic check under this section, the regulatory agency finds evidence that a prescriber may be engaging in potentially harmful prescribing patterns or practices, the regulatory agency may notify that prescriber.

(1) employ a qualified individual to conduct qualitative and quantitative analyses of the property or plant before and after their use in an investigation;
(2) maintain the property or plant in a secure storage area accessible only to the law enforcement agency head and the individual responsible for analyzing, preserving, and maintaining security over the property or plant; and

(c) A representative sample, photograph, or record made under this section is admissible in civil or criminal proceedings in the same manner and to the same extent as if the total quantity of the suspected controlled substance property or plant was offered in evidence, regardless of whether the remainder of the property or plant has been destroyed or otherwise disposed of. An inference or presumption of spoliation does not apply to a property or plant destroyed or otherwise disposed of under this section.

a case arising out of the forfeiture if current environmental protection standards are followed.

(A) a hazardous substance; or

(B) a toy or other article intended for use by children that bears or contains a hazardous substance in a manner that is accessible by a child to whom the toy or other article is entrusted, intended, or packaged in a form suitable for use in a household or by children.

Sec. 501.002. HAZARDOUS SUBSTANCE DESCRIBED. (a) A hazardous substance is:

(1) a substance or mixture of substances that is toxic, corrosive, extremely flammable, flammable, combustible, an irritant, or a strong sensitizer, or that generates pressure through decomposition, heat, or other means, if the substance or mixture of substances may cause substantial personal injury or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion by children;

(2) a toy or other article, other than clothing, that is intended for use by a child and that presents an electrical, mechanical, or thermal hazard; or

(3) a radioactive substance designated as a hazardous substance under Section 501.003.

(b) A substance is corrosive if, when in contact with living tissue, it causes destruction of that tissue by chemical action. A chemical action on an inanimate surface is not corrosive for the purpose of this section.

(c) An article is an electrical hazard if, in normal use or when subjected to reasonably foreseeable damage or abuse, it may cause, because of its design or manufacture, personal injury or illness by electric shock.

(d) A substance or article is extremely flammable, flammable, or combustible if it is defined as extremely flammable, flammable, or combustible by rule adopted by the executive commissioner. The executive commissioner shall define the terms as they are defined by the Federal Hazardous Substances Act (15 U.S.C. Section 1261 et seq.), as amended, and by federal regulations adopted under that Act. The terms each have the meaning assigned by the Federal Hazardous Substances Act (15 U.S.C. Section 1261 et seq.) and by federal regulations adopted under that Act, as of September 1, 2001.

(e) A substance is an irritant if it is noncorrosive and if, on immediate, prolonged, or repeated contact with normal living tissue,
it induces a local inflammatory reaction.

(f) An article is a mechanical hazard if, in normal use or when subjected to reasonably foreseeable damage or abuse, it presents, because of its design or manufacture, an unreasonable risk of personal injury or illness:

(1) from fracture, fragmentation, or disassembly of the article;
(2) from propulsion of the article or a part or accessory of the article;
(3) from points or other protrusions, surfaces, edges, openings, or closures;
(4) from moving parts;
(5) from lack or insufficiency of controls to reduce or stop motion;
(6) as a result of self-adhering characteristics of the article;
(7) because the article or a part or accessory of the article may be aspirated or ingested;
(8) because of instability; or
(9) because of any other aspect of the article's design or manufacture.

(g) A substance is radioactive if it emits ionizing radiation.

(h) A substance is a strong sensitizer if, when on normal living tissue, it causes, through an allergic or photodynamic process, a hypersensitivity that becomes evident on reapplication of the same substance.

(i) An article is a thermal hazard if, in normal use or when subject to reasonably foreseeable damage or abuse, it presents, because of its design or manufacture, an unreasonable risk of personal injury or illness because of heat, including heat from heated parts, substances, or surfaces.

(j) A substance is toxic if it is capable of producing personal injury or illness to any person through ingestion, inhalation, or absorption through any body surface and it is not radioactive.

(k) The following are not hazardous substances:

(1) a pesticide subject to Chapter 76, Agriculture Code, or to the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. Section 136 et seq.);

Sec. 501.003. DESIGNATION OF RADIOACTIVE SUBSTANCE AS HAZARDOUS. The executive commissioner by rule shall designate a radioactive substance to be a hazardous substance if, with respect to the substance as used in a particular class of article or as packaged, the executive commissioner finds that the substance is sufficiently hazardous as to require labeling as a hazardous substance under this chapter in order to protect the public health.

Acts 1989, 71st Leg., ch. 678, Sec. 1, eff. Sept. 1, 1989. Amended by:

Acts 2015, 84th Leg., R.S., Ch. 1 (S.B. 219), Sec. 3.1261, eff. April 2, 2015.

Sec. 501.004. DESIGNATION OF STRONG SENSITIZER. Before designating a substance as a strong sensitizer, the department must determine that the substance has a significant potential for causing hypersensitivity considering the frequency of occurrence and the severity of the reaction.

Sec. 501.005. EXCLUSION. This chapter does not apply to the manufacture, distribution, sale, or use of diapers.

SUBCHAPTER B. REGULATION OF SUBSTANCES

Sec. 501.021. FLAMMABILITY STANDARDS; DETERMINATION OF FLAMMABILITY. The executive commissioner's determination that articles of clothing of a specified range of sizes are intended for the use of a child 14 years of age or younger is conclusive.

(b) The executive commissioner by rule shall designate as a banned hazardous substance any toy or other article, other than clothing, intended for the use of children that is a hazardous substance or bears or contains a hazardous substance in a manner accessible by a child to whom the toy or other article is entrusted.

(c) The executive commissioner by rule shall designate as a banned hazardous substance any hazardous substance intended or packaged in a form suitable for use in a household that, notwithstanding cautionary labeling required by this chapter, is potentially so dangerous or hazardous when present or used in a household that the protection of the public health and safety may be adequately served only by keeping the substance out of commerce.

(d) The executive commissioner by rule shall designate as a banned hazardous substance any article subject to this chapter that cannot be labeled adequately to protect the public health and safety or that presents an imminent danger to the public health and safety.

(e) This section does not apply to a toy or article such as a chemical set that because of its functional purpose requires the inclusion of a hazardous substance or necessarily presents an electrical, mechanical, or thermal hazard if the toy or article:

1. bears labeling that in the judgment of the department gives adequate directions and warnings for safe use; and
2. is intended for use by children who have attained sufficient maturity and may reasonably be expected to read and heed those directions and warnings.

(f) This section does not apply to the manufacture, sale, distribution, or use of fireworks of any class.

The department shall develop labeling instructions consistent with and in conformity with federal requirements.

(b) A statement required by Subsection (a) must be located prominently and written in English in conspicuous and legible type that contrasts in typography, layout, or color with other printed matter on the label. The department may also require the statement to be written in Spanish.

(c) The statement must also appear:
(1) on the outside container or wrapper of a substance and on a container sold separately and intended for the storage of a hazardous substance unless the statement required by Subsection (a) is easily legible through the outside container or wrapper; and
(2) on all accompanying literature containing directions for use, whether written or in other form.

Sec. 501.0231. LABELING OF CERTAIN TOYS AND GAMES. (a) Toys or games intended for use by children, including the parts of those toys or games, shall be labeled in the manner required by department rule. (b) The officer, employee, or agent of the department may obtain samples of any materials, packaging, labeling, or finished product.

Sec. 501.032. RECORDS OF HAZARDOUS SUBSTANCE IN COMMERCE. (a) For the enforcement of this chapter, a carrier engaged in commerce, a person receiving a hazardous substance in commerce, or a person holding a hazardous substance received in commerce, on request of the department shall permit a representative of the department at reasonable times to have access to and to copy all records showing
the movement in commerce or the holding after movement in commerce of any hazardous substance and the quantity, consignees, and shipper of the hazardous substance.

(b) Evidence obtained under this section may not be used in the criminal prosecution of the person from whom the evidence is obtained.

(c) A carrier is not subject to the other provisions of this chapter because of the carrier's receipt, carriage, holding, or delivery of a hazardous substance in the usual course of the carrier's business.

Sec. 501.033. SEIZURE AND DISPOSITION OF BANNED OR MISBRANDED HAZARDOUS SUBSTANCE. (a) If an authorized agent of the department has good reason to believe that a hazardous substance is a banned or misbranded hazardous substance, the agent shall affix to the article a tag or other appropriate marking giving notice that the article is or is suspected to be a banned or misbranded hazardous substance and that the article has been detained, and warning all persons not to remove the article from the premises or dispose of the article by sale or in any other manner until permission to do so is given by the agent or a court.

(b) The department shall petition a district court of Travis County or of the county in which the article is located to authorize the destruction of the article. If the court determines that the article is a banned or misbranded hazardous substance, the department shall destroy the article, and the court shall impose all court costs and fees and storage and other proper expenses against the claimant of the article. However, if the court finds that misbranding occurred in good faith and can be corrected by proper labeling, the court may direct that the article be delivered to the claimant for proper labeling with the approval of the department.

(c) If the court finds that the article is not a banned or misbranded hazardous substance, the court shall order the department to remove the tags or other markings.

Sec. 501.034. PROHIBITED ACTS. (a) A person may not hold or offer for sale, sell, or introduce or deliver for introduction into commerce a misbranded hazardous substance or banned hazardous substance.

(b) A person may not alter, mutilate, destroy, or remove all or part of the label of a hazardous substance, or do any other act relating to a hazardous substance, when the substance is in commerce or is held for sale, whether or not the first sale, after shipment in commerce, if the act results in the hazardous substance being a banned or misbranded hazardous substance.

(c) A person may not receive a banned or misbranded hazardous substance in commerce or deliver or offer to deliver a banned or misbranded hazardous substance for pay or otherwise.

(d) A person may not fail to permit entry or inspection as authorized by this chapter or to provide records as required by this chapter.

(f) A person may not remove or dispose of a detained article or substance in violation of Section 501.035.

Sec. 501.035. OFFENSES; EXCEPTIONS. (a) A person commits an offense if the person intentionally, knowingly, or recklessly violates this chapter or a rule adopted under this chapter.

(b) An offense under this section is a Class A misdemeanor.
(c) This section does not apply to a person who delivers or receives a banned or misbranded hazardous substance if the delivery or receipt is made in good faith and if the person subsequently delivers on request:

(1) the name and address of the person from whom the substance was purchased or received; and

(2) copies of all documents, if any, relating to the original delivery of the substance to the person.

Sec. 501.036. INJUNCTION. (a) If it appears that a person has violated, is violating, or is threatening to violate this chapter or a rule adopted or order issued under this chapter, the commissioner may request the attorney general or a district, county, or city attorney of the county or municipality in which the violation has occurred, is occurring, or may occur to institute a civil suit for:

(1) an order enjoining the violation or an order directing compliance; or

(2) a permanent or temporary injunction, restraining order, or other appropriate order if the department shows that the person has engaged in, is engaging in, or is about to engage in a violation of this chapter or a rule adopted or order issued under this chapter.

(b) Venue for a suit brought under this section is in the county or municipality in which the violation occurred or in Travis County.

(c) The commissioner and either the attorney general or the district, county, or city attorney, as appropriate, may each recover from the violator reasonable expenses incurred in obtaining injunctive relief under this section, including investigative costs, court costs, reasonable attorney's fees, witness fees, and deposition expenses. Expenses recovered by the commissioner may be appropriated only to the department to administer and enforce this chapter. Expenses recovered by the attorney general may be appropriated only to the attorney general.

Sec. 501.037. RECALL ORDERS. (a) In conjunction with the
detention of an article under Section 501.033, the commissioner may
order that a hazardous substance be recalled from commerce.

(b) The commissioner's recall order may require the articles to
be removed to one or more secure areas approved by the commissioner
or an authorized agent of the commissioner.

(c) The recall order must be in writing and signed by the
commissioner.

(d) The recall order may be issued before or in conjunction
with the affixing of the tag or other appropriate marking as provided
by Section 501.033.

(e) The recall order is effective until the order:
   (1) expires on its own terms;
   (2) is withdrawn by the commissioner; or
   (3) is reversed by a court in an order denying destruction
under Section 501.033.

(f) The claimant of the articles or the claimant's agent shall
pay the costs of the removal and storage of the articles removed.

(g) If the claimant or the claimant's agent does not implement
the recall order in a timely manner, the commissioner may provide for
the recall of the articles. The costs of the recall shall be
assessed against the claimant of the articles or the claimant's
agent.

(h) The commissioner may request the attorney general to bring
an action in a district court of Travis County to recover costs of the
recall. In a judgment in favor of the state, the court may award
costs, attorney's fees, and court costs related to the recall
together with interest on those costs from the time an expense was
incurred through the date the department is reimbursed.

CHAPTER 502. HAZARD COMMUNICATION ACT
Sec. 502.001. SHORT TITLE. This chapter may be cited as the
Hazard Communication Act.

Sec. 502.002. FINDINGS; PURPOSE. (a) The legislature finds that:

(1) the health and safety of persons working in this state may be improved by providing access to information regarding hazardous chemicals to which those persons may be exposed during normal employment activities, during emergency situations, or as a result of proximity to the manufacture or use of those chemicals; and

(2) many employers in this state have established suitable information programs for their employees and that access to the information is required of most employers under the federal Occupational Safety and Health Administration's (OSHA) Hazard Communication Standard.

(b) It is the intent and purpose of this chapter to assure that employers provide information regarding hazardous chemicals in the workplace to employees who may be exposed to those chemicals in their workplace.

Sec. 502.0021. FEDERAL LAWS AND REGULATIONS. In this chapter, a reference to a federal law or regulation means a reference to the most current version of that law or regulation.

Added by Acts 1993, 73rd Leg., ch. 528, Sec. 1, eff. Sept. 1, 1993.

Sec. 502.003. DEFINITIONS. In this chapter:

(1) "Article" means a manufactured item:

(A) that is formed to a specific shape or design during manufacture;

(B) that has end-use functions dependent in whole or in part on its shape or design during end use; and
(C) that does not release, or otherwise result in exposure to, a hazardous chemical under normal conditions of use.

(2) Repealed by Acts 2015, 84th Leg., R.S., Ch. 1, Sec. 3.1639(97), eff. April 2, 2015.

(3) "Chemical manufacturer" means an employer in North American Industry Classification System (NAICS) Codes 31-33 with a workplace where chemicals are produced for use or distribution.

(4) "Chemical name" means:
   (A) the scientific designation of a chemical in accordance with the nomenclature system developed by the International Union of Pure and Applied Chemistry (IUPAC) or the Chemical Abstracts Service (CAS) rules of nomenclature; or
   (B) a name that clearly identifies the chemical for the purpose of conducting a hazard classification.

(5) "Common name" means a designation of identification, such as a code name, code number, trade name, brand name, or generic name, used to identify a chemical other than by its chemical name.

(6) "Department" means the Department of State Health Services.

Temporary workplaces may include pumping stations, emergency response sites, and similar workplaces.

(22) "Work area" means a room, a defined space, a utility structure, or an emergency response site in a workplace where hazardous chemicals are present, produced, or used and where employees are present.

(23) "Workplace" means an establishment, job site, or project, at one geographical location containing one or more work areas, with or without buildings, that is staffed 20 or more hours a week.

(d) This chapter, except Section 502.009, does not apply to a hazardous chemical in a sealed and labeled package that is received and subsequently sold or transferred in that package if:

(1) the seal and label remain intact while the chemical is in the workplace; and

(2) the chemical does not remain in the workplace longer than five working days.

(e) This chapter does not require labeling of the following chemicals:

If the employer does not have a current SDS for a hazardous chemical when the chemical is received at the workplace, the employer shall request an SDS in writing from the manufacturer or distributor in a timely manner or shall otherwise obtain a current SDS. The manufacturer or distributor shall respond with an appropriate SDS in a timely manner.

Primary containers must be relabeled with at least the identity appearing on the SDS, the pertinent physical and health hazards, including the organs that would be affected, and the manufacturer's name and address. Except as provided by Subsection (b), secondary containers must be relabeled with at least the identity appearing on the SDS and appropriate hazard warnings.

Sec. 502.009. EMPLOYEE EDUCATION PROGRAM. (a) An employer shall provide an education and training program for employees who use or handle hazardous chemicals.

(b) An employer shall develop, implement, and maintain at the workplace a written hazard communication program for the workplace that describes how the criteria specified in this chapter will be
(c) An education and training program must include, as appropriate:

(1) information on interpreting labels and SDSs and the relationship between those two methods of hazard communication;
(2) the location by work area, acute and chronic effects, and safe handling of hazardous chemicals known to be present in the employees' work area and to which the employees may be exposed;
(3) the proper use of protective equipment and first aid treatment to be used with respect to the hazardous chemicals to which the employees may be exposed; and
(4) general safety instructions on the handling, cleanup procedures, and disposal of hazardous chemicals.

(d) Training may be conducted by categories of chemicals. An employer must advise employees that information is available on the specific hazards of individual chemicals through the MSDSs. Protective equipment and first aid treatment may be by categories of hazardous chemicals.

(e) An employer shall provide additional instruction to an employee when the potential for exposure to hazardous chemicals in the employee's work area increases significantly or when the employer receives new and significant information concerning the hazards of a chemical in the employee's work area. The addition of new chemicals alone does not necessarily require additional training.

(f) An employer shall provide training to a new or newly assigned employee before the employee works with or in a work area containing a hazardous chemical.

(g) An employer shall keep the written hazard communication program and a record of each training session given to employees, including the date, a roster of the employees who attended, the subjects covered in the training session, and the names of the instructors. Those records shall be maintained for at least five years by the employer. The department shall have access to those records and may interview employees during inspections.

(h) Emergency service organizations shall provide, to their members or employees who may encounter hazardous chemicals during an emergency, information on recognizing, evaluating, and controlling exposure to the chemicals.

(i) As part of an outreach program created in accordance with Section 502.008, the department shall develop an education and

(2) the employer's responsibility to take any action to prevent occupational disease as required under other law; or
(3) any other duty or responsibility of a manufacturer, producer, or formulator to warn ultimate users of a hazardous chemical under other law.

Sec. 502.011. COMPLAINTS AND INVESTIGATIONS. (a) The department or the department's representative shall investigate in a timely manner a complaint received in writing from an employee or an employee's designated representative relating to an alleged violation of this chapter by an employer.

(b) A complaint received from a person relating to an alleged violation shall be referred to the federal Occupational Safety and Health Administration (OSHA) or to the federal Mine Safety and Health Administration (MSHA) if the complaint is related to an applicable OSHA or MSHA requirement and the applicable OSHA or MSHA standard is in effect. The department or the department's representative shall investigate the complaint if:
(1) the applicable OSHA or MSHA standard is not in effect; or

(2) the complaint is based on a requirement of this chapter.

(c) On presentation of appropriate credentials, a department representative may enter a workplace at reasonable times to inspect and investigate complaints.

(d) The department may find multiple violations by an employer based on distinct requirements of this chapter.

Sec. 502.012. REPORTING FATALITIES AND INJURIES. (a) Within 48 hours after the occurrence of an employee accident that directly or indirectly involves chemical exposure or that involves asphyxiation, and that is fatal to one or more employees or results in the hospitalization of five or more employees, the employer of any of the employees so injured or killed shall report the accident either orally or in writing to the department.

(b) The report to the department shall relate the circumstances of the accident, the number of fatalities, and the extent of any injuries. If it is necessary to complete the investigation of an incident, the department may require additional reports in writing as necessary.

Added by Acts 1993, 73rd Leg., ch. 528, Sec. 1, eff. Sept. 1, 1993.

Sec. 502.014. ADMINISTRATIVE PENALTY. (a) The department may assess an administrative penalty against an employer who violates this chapter, department rules adopted under this chapter, or an order issued under this chapter.

(b) If the department finds one or more violations of this chapter, the department may issue a notice of violation to the employer. The notice of violation shall specifically describe the
violation, refer to the applicable section or subsection of the chapter, and state the amount of the penalty, if any, to be assessed by the department.

(c) An employer who receives a notice of violation may respond to the department in writing within 15 days after the date of receipt of the notice of violation in one of the ways provided by Subsection (d), (e), or (f).

(d) If the employer disputes the validity of the violation and has reason to believe that the findings of the department were based on inaccurate or incomplete information, the employer may request an informal conference with representatives of the department. The purpose of an informal conference is to permit the employer to meet with department representatives to discuss the basis of the violation and to provide information to the department. The department shall schedule the informal conference. A request for an informal conference made in bad faith is a violation of this chapter.

(e) The employer may correct the violation and certify to the department that the corrections have been made.

(f) The employer may request a hearing.

(g) Following an informal conference, the department shall respond in writing to the employer, stating whether the department intends to withdraw the notice of violation or pursue it. If the department intends to pursue the notice of violation, the employer may respond as provided by either Subsection (h) or (i) within 10 days after the date of receipt of the department's correspondence.

(h) The employer may correct the violation and certify to the department that the corrections have been made.

(i) The employer may request a hearing.

(j) A request for an informal conference or a statement by an employer that the employer is in compliance with the provision of this chapter does not waive the employer's right to a hearing.

(k) The department may not assess an administrative penalty for any violation that has been corrected within 15 days after the date of receipt of the notice of violation, the date of receipt of the department's response by the employer, or 10 days after the date of receipt by the employer of the department's response to the informal conference provided for in Subsection (g), whichever is later.

(l) In determining the amount of the penalty, the department shall consider:

1. the employer's previous violations;
(2) the seriousness of the violation;
(3) any hazard to the health and safety of the employee;
(4) the employer's demonstrated good faith;
(5) the duration of the violation; and
(6) other matters as justice may require.

(m) Each day a violation continues may be considered a separate violation.

(n) The penalty may not exceed $500 for each violation.

Sec. 502.0141. ADMINISTRATIVE PENALTY ASSESSMENT PROCEDURE.
(a) An administrative penalty may be assessed only after an employer charged with a violation is given an opportunity for a hearing.

(b) If a hearing is to be held, the department shall refer the matter to the State Office of Administrative Hearings and an administrative law judge of that office shall make findings of fact and shall issue to the department a written proposal for decision regarding the occurrence of the violation and the amount of the penalty that may be warranted.

(c) If the employer charged with the violation does not request a hearing in a timely manner, the department may assess a penalty after determining that a violation has occurred and the amount of the penalty that may be warranted.

(d) After making a determination under this section that a penalty is to be assessed against an employer, the department shall issue an order requiring that the employer pay the penalty.

(e) Repealed by Acts 2015, 84th Leg., R.S., Ch. 1, Sec. 3.1639(98), eff. April 2, 2015.

Sec. 502.0142. PAYMENT OF ADMINISTRATIVE PENALTY; JUDICIAL REVIEW. (a) Not later than the 30th day after the date an order finding that a violation has occurred is issued, the department shall inform the employer against whom the order is issued of the amount of the penalty for the violation.

(b) Within 30 days after the date the department's order is final as provided by Subchapter F, Chapter 2001, Government Code, the employer shall:

1. pay the amount of the penalty;
2. pay the amount of the penalty and file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty; or
3. without paying the amount of the penalty, file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(c) Within the 30-day period, an employer who acts under Subsection (b)(3) may:

1. stay enforcement of the penalty by:
   A. paying the amount of the penalty to the court for placement in an escrow account; or
   B. giving to the court a supersedeas bond that is approved by the court for the amount of the penalty and that is effective until all judicial review of the department's order is final; or
2. request the court to stay enforcement of the penalty by:
   A. filing with the court a sworn affidavit of the employer stating that the employer is financially unable to pay the amount of the penalty and is financially unable to give the supersedeas bond; and
   B. giving a copy of the affidavit to the department by certified mail.

(d) Subsection (c)(1) does not apply to the state or a political subdivision. The penalty may not be enforced against the state or a political subdivision until all judicial review has been exhausted.

(e) If the department receives a copy of an affidavit under Subsection (c)(2), the department may file with the court, within
five days after the date the copy is received, a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The employer who files an affidavit has the burden of proving that the employer is financially unable to pay the amount of the penalty and to give a supersedeas bond.

(f) If the employer does not pay the amount of the penalty and the enforcement of the penalty is not stayed, the department may refer the matter to the attorney general for collection of the amount of the penalty.

(g) Judicial review of the order of the department:
   (1) is instituted by filing a petition as provided by Subchapter G, Chapter 2001, Government Code; and
   (2) is under the substantial evidence rule.

(h) If the court sustains the occurrence of the violation, the court may uphold or reduce the amount of the penalty and order the employer to pay the full or reduced amount of the penalty. If the court does not sustain the occurrence of the violation, the court shall order that no penalty is owed.

(i) When the judgment of the court becomes final, the court shall proceed under this subsection. If the employer paid the amount of the penalty and if that amount is reduced or is not upheld by the court, the court shall order that the appropriate amount plus accrued interest be remitted to the employer. The rate of the interest is the rate charged on loans to depository institutions by the New York Federal Reserve Bank, and the interest shall be paid for the period beginning on the date the penalty was paid and ending on the date the penalty is remitted. If the employer gave a supersedeas bond and if the amount of the penalty is not upheld by the court, the court shall order the release of the bond. If the employer gave a supersedeas bond and if the amount of the penalty is reduced, the court shall order the release of the bond after the employer pays the amount.

(j) All proceedings under this section are subject to Chapter 2001, Government Code.

Sec. 502.015. CIVIL PENALTY; INJUNCTION. (a) If it appears that an employer has violated, is violating, or is threatening to violate this chapter or any rule adopted or order issued under this chapter, the department may request the attorney general or the district, county, or city attorney of the municipality or county in which the violation has occurred, is occurring, or may occur to institute a civil suit for:

(1) injunctive relief to restrain the employer from continuing the violation or threat of violation;
(2) the assessment and recovery of a civil penalty for a violation; or
(3) both the injunctive relief and the civil penalty.

(b) The penalty may be in an amount not to exceed $2,000 a day for each violation, with a total not to exceed $20,000 for that violation.

(c) In determining the amount of the penalty, the court shall consider the employer's history of previous violations, the seriousness of the violation, any hazard to health and safety of the public, the demonstrated good faith of the employer charged, and other matters as justice may require.

(d) Any civil penalty recovered in a suit instituted by the attorney general under this chapter shall be deposited in the state treasury to the credit of the general revenue fund. Any civil penalty recovered in a suit instituted by a local government under this chapter shall be paid to the local government.

suitable information programs for their communities and that access to the information is required of most facility operators under the federal Emergency Planning and Community Right-to-Know Act (EPCRA).

(b) It is the intent and purpose of this chapter to ensure that accessibility to information regarding hazardous chemicals is provided to:

(1) fire departments responsible for dealing with chemical hazards during an emergency;

(2) local emergency planning committees and other emergency planning organizations; and

(3) the commission to make the information available to the public through specific procedures.

TITLE 7. MENTAL HEALTH AND INTELLECTUAL DISABILITY
SUBTITLE A. SERVICES FOR PERSONS WITH MENTAL ILLNESS OR AN INTELLECTUAL DISABILITY
CHAPTER 531. PROVISIONS GENERALLY APPLICABLE TO MENTAL HEALTH AND INTELLECTUAL DISABILITY SERVICES
Sec. 531.001. PURPOSE; POLICY. (a) It is the purpose of this subtitle to provide for the effective administration and coordination
of mental health and intellectual disability services at the state and local levels.

(b) Recognizing that a variety of alternatives for serving persons with mental illness or an intellectual disability exists, it is the purpose of this subtitle to ensure that a continuum of services is provided. The continuum of services includes:

(1) mental health facilities operated by the Department of State Health Services and community services for persons with mental illness provided by the department and other entities through contracts with the department; or

(2) state supported living centers operated by the Department of Aging and Disability Services and community services for persons with an intellectual disability provided by the department and other entities through contracts with the department.

(c) It is the goal of this state to provide a comprehensive range of services for persons with mental illness or an intellectual disability who need publicly supported care, treatment, or habilitation. In providing those services, efforts will be made to coordinate services and programs with services and programs provided by other governmental entities to minimize duplication and to share with other governmental entities in financing those services and programs.

(d) It is the policy of this state that, when appropriate and feasible, persons with mental illness or an intellectual disability shall be afforded treatment in their own communities.

(e) It is the public policy of this state that mental health and intellectual disability services be the responsibility of local agencies and organizations to the greatest extent possible. The Department of State Health Services shall assist the local agencies and organizations by coordinating the implementation of a statewide system of mental health services. The Department of Aging and Disability Services shall assist the local agencies and organizations by coordinating the implementation of a statewide system of intellectual disability services. Each department shall ensure that mental health and intellectual disability services, as applicable, are provided. Each department shall provide technical assistance for and regulation of the programs that receive funding through contracts with that department.

(f) It is the public policy of this state to offer services first to those persons who are most in need. Therefore, funds
appropriated by the legislature for mental health and intellectual
disability services may be spent only to provide services to the
priority populations identified in the applicable department's long-
range plan.

(g) It is the goal of this state to establish at least one
special officer for mental health assignment in each county. To
achieve this goal, the Department of State Health Services shall
assist a local law enforcement agency that desires to have an officer
certified under Section 1701.404, Occupations Code.

(h) It is the policy of this state that the Department of State
Health Services serves as the state's mental health authority and the
Department of Aging and Disability Services serves as the state's
intellectual disability authority. The executive commissioner is
responsible for the planning, policy development, and resource
development and allocation for and oversight of mental health and
intellectual disability services in this state. It is the policy of
this state that, when appropriate and feasible, the executive
commissioner may delegate the executive commissioner's authority to a

(D) goals to divert consumers of services from the criminal justice system; and

(E) opportunities for innovation in services and service delivery.

(2) base any increase in the local authority's provider capacity on:

(A) the local authority's state-mandated conversion from an ICF-IID program to a Section 1915(c) waiver program allowing for a permanent increase in the local authority's provider capacity in accordance with the number of persons who choose the local authority as their provider;

(e) Any increase based on extenuating circumstances under Subsection (d)(2)(D) is considered a temporary increase in the local intellectual and developmental disability authority's provider capacity, to be reduced by attrition.

   (1) program stability and viability;
   (2) the number of other qualified service providers in the area; and
   (3) the geographical area in which the local authority is located.

   (3) to integrate individuals with intellectual and developmental disabilities into the community in accordance with relevant independence initiatives and permanency planning laws.

(h) The department shall ensure that local intellectual and developmental disability authorities are informing and counseling
individuals and their legally authorized representatives, if applicable, about all program and service options for which the individuals are eligible in accordance with Section 533A.038(d), including options such as the availability and types of ICF-IID placements for which an individual may be eligible while the individual is on a department interest list or other waiting list for other services.

parent based on ability to pay.

(d) The department may file a motion to modify a court order that establishes a child support obligation for a patient to require payment of the child support directly to the state hospital or facility in which the patient resides for the patient's support, maintenance, and treatment if:

(1) the patient's parent fails to pay child support as required by the order; or

(2) the patient's parent who receives child support fails to pay charges based on the amount of child support payments received.

If the aggregate principal of the trust exceeds $250,000, only the portion of the corpus of the trust that exceeds that amount and the income attributable to that portion are considered to be the property of the patient or the patient's estate and are liable for the patient's support.

(b) To qualify for the exemption provided by Subsection (a), the trust must be created by a written instrument, and a copy of the trust instrument must be provided to the department.

SUBCHAPTER F. RIGHT TO ESSENTIAL CAREGIVER VISITS

Sec. 555.201. DEFINITION. In this chapter, "essential caregiver" means a family member, friend, guardian, or other individual selected by a resident, resident's guardian, or resident's legally authorized representative for in-person visits.

Added by Acts 2021, 87th Leg., R.S., Ch. 531 (S.B. 25), Sec. 3, eff. September 1, 2021.

Sec. 555.202. RESIDENT'S RIGHT TO ESSENTIAL CAREGIVER VISITS. (a) A resident of a state supported living center, the resident's guardian, or the resident's legally authorized representative has the right to designate an essential caregiver with whom the center may
not prohibit in-person visitation.

(b) Notwithstanding Subsection (a), the executive commissioner by rule shall develop guidelines to assist state supported living centers in establishing essential caregiver visitation policies and procedures. The guidelines must require the centers to:

(1) allow a resident, resident's guardian, or resident's legally authorized representative to designate for in-person visitation an essential caregiver;

(2) establish a visitation schedule allowing the essential caregiver to visit the resident for at least two hours each day;

(3) establish procedures to enable physical contact between the resident and essential caregiver; and

(4) obtain the signature of the essential caregiver certifying that the caregiver will follow the center's safety protocols and any other rules adopted under this section.

(c) A state supported living center may revoke an individual's designation as an essential caregiver if the essential caregiver violates the center's safety protocols or rules adopted under this section. If a state supported living center revokes an individual's designation as an essential caregiver under this subsection, the resident, resident's guardian, or resident's legally authorized representative has the right to immediately designate another individual as the resident's essential caregiver. The commission by rule shall establish an appeals process to evaluate the revocation of an individual's designation as an essential caregiver under this subsection.

(d) Safety protocols adopted by a state supported living center for an essential caregiver under this section may not be more stringent than safety protocols for center staff.

(e) A state supported living center may petition the commission to suspend in-person essential caregiver visits for not more than seven days if in-person visitation poses a serious community health risk. The commission may deny the state supported living center's request to suspend in-person essential caregiver visitation if the commission determines that in-person visitation does not pose a serious community health risk. A state supported living center may request an extension from the commission to suspend in-person essential caregiver visitation for more than seven days. The commission may not approve an extension under this subsection for a period that exceeds seven days, and a state supported living center
must separately request each extension. A state supported living center may not suspend in-person essential caregiver visitation in any year for a number of days that exceeds 14 consecutive days or a total of 45 days.

(f) This section may not be construed as requiring an essential caregiver to provide necessary care to a resident, and a state supported living center may not require an essential caregiver to provide necessary care.

(4) the demonstrated good faith of the person or facility; and
(5) the amount necessary to deter future violations.

(b) The department or party bringing the suit may:

(1) combine a suit to assess and recover civil penalties with a suit for injunctive relief brought under Section 571.022 or 577.019; or

Not later than the seventh day before the date on which the attorney general intends to bring suit on his own initiative, the attorney general shall provide to the department notice of the suit. The attorney general is not required to provide notice of a suit if the attorney general determines that waiting to bring suit until the notice is provided will create an immediate threat to the health and safety of a patient. Sec. 571.025. ADMINISTRATIVE PENALTY. (a) The department may impose an administrative penalty against a person licensed or regulated under this subtitle who violates this subtitle or a rule or order adopted under this subtitle.

(b) The penalty for a violation may be in an amount not to exceed $25,000. Each day a violation continues or occurs is a separate violation for purposes of imposing a penalty.

(c) The amount of the penalty shall be based on:

(1) the seriousness of the violation, including the nature, circumstances, extent, and gravity of any prohibited acts, and the hazard or potential hazard created to the health, safety, or economic welfare of the public;

the penalty.

(e) Within 14 days after the date the report is issued, the department shall give written notice of the report to the person. The notice may be given by certified mail. The notice must include a brief summary of the alleged violation and a statement of the amount of the recommended penalty and must inform the person that the person has a right to a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(f) Within 20 days after the date the person receives the notice, the person in writing may accept the determination and recommended penalty of the department or may make a written request for a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(g) If the person accepts the determination and recommended penalty of the department, the department by order shall impose the recommended penalty.

(h) If the person requests a hearing or fails to respond timely to the notice, the department shall set a hearing and give notice of the hearing to the person. The administrative law judge shall make findings of fact and conclusions of law and promptly issue to the department a proposal for a decision about the occurrence of the violation and the amount of a proposed penalty. Based on the findings of fact, conclusions of law, and proposal for a decision, the department by order may find that a violation has occurred and impose a penalty or may find that no violation occurred.

(i) The notice of the department's order given to the person under Chapter 2001, Government Code, must include a statement of the right of the person to judicial review of the order.

1. pay the amount of the penalty;
2. pay the amount of the penalty and file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty; or
3. without paying the amount of the penalty, file a petition for judicial review contesting the occurrence of the
violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(k) Within the 30-day period, a person who acts under Subsection (j)(3) may:

(1) stay enforcement of the penalty by:

(A) paying the amount of the penalty to the court for placement in an escrow account; or

(B) giving to the court a supersedeas bond that is approved by the court for the amount of the penalty and that is effective until all judicial review of the department's order is final; or

(2) request the court to stay enforcement of the penalty by:

(A) filing with the court a sworn affidavit of the person stating that the person is financially unable to pay the amount of the penalty and is financially unable to give the supersedeas bond; and

(B) giving a copy of the affidavit to the department by certified mail.

(l) The department on receipt of a copy of an affidavit under Subsection (k)(2) may file with the court within five days after the date the copy is received a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the amount of the penalty and to give a supersedeas bond.

(m) If the person does not pay the amount of the penalty and the enforcement of the penalty is not stayed, the department may refer the matter to the attorney general for collection of the amount of the penalty.

(n) Judicial review of the order of the department:

(1) is instituted by filing a petition as provided by Subchapter G, Chapter 2001, Government Code; and

(2) is under the substantial evidence rule.

(o) If the court sustains the occurrence of the violation, the court may uphold or reduce the amount of the penalty and order the person to pay the full or reduced amount of the penalty. If the court does not sustain the occurrence of the violation, the court shall order that no penalty is owed.
(p) When the judgment of the court becomes final, the court shall proceed under this subsection. If the person paid the amount of the penalty and if that amount is reduced or is not upheld by the court, the court shall order that the appropriate amount plus accrued interest be remitted to the person. The rate of the interest is the rate charged on loans to depository institutions by the New York Federal Reserve Bank, and the interest shall be paid for the period beginning on the date the penalty was paid and ending on the date the penalty is remitted. If the person gave a supersedeas bond and if the amount of the penalty is not upheld by the court, the court shall order the release of the bond. If the person gave a supersedeas bond and if the amount of the penalty is reduced, the court shall order the release of the bond after the person pays the amount.

(q) A penalty collected under this section shall be remitted to the comptroller for deposit in the general revenue fund.

(r) All proceedings under this section are subject to Chapter 2001, Government Code.

Sec. 572.0025. INTAKE, ASSESSMENT, AND ADMISSION. (a) The executive commissioner shall adopt rules governing the voluntary admission of a patient to an inpatient mental health facility, including rules governing the intake and assessment procedures of the admission process.

(b) The rules governing the intake process shall establish minimum standards for:

(1) reviewing a prospective patient's finances and insurance benefits;
(2) explaining to a prospective patient the patient's rights; and
(3) explaining to a prospective patient the facility's services and treatment process.

(c) The assessment provided for by the rules may be conducted only by a professional who meets the qualifications prescribed by department rules.

(d) The rules governing the assessment process shall prescribe:

(1) the types of professionals who may conduct an assessment;
(2) the minimum credentials each type of professional must have to conduct an assessment; and
(3) the type of assessment that professional may conduct.

(e) In accordance with department rule, a facility shall provide annually a minimum of eight hours of inservice training regarding intake and assessment for persons who will be conducting an intake or assessment for the facility. A person may not conduct intake or assessments without having completed the initial and applicable annual inservice training.

(f) A prospective voluntary patient may not be formally accepted for treatment in a facility unless:

(1) the facility has a physician's order admitting the prospective patient, which order may be issued orally, electronically, or in writing, signed by the physician, provided that, in the case of an oral order or an electronically transmitted unsigned order, a signed original is presented to the mental health facility within 24 hours of the initial order; the order must be from:

(A) an admitting physician who has, either in person or through the use of audiovisual or other telecommunications technology, conducted a physical and psychiatric examination within:
   (i) 72 hours before admission; or
   (ii) 24 hours after admission; or

(B) an admitting physician who has consulted with a physician who has, either in person or through the use of audiovisual or other telecommunications technology, conducted an examination within:
   (i) 72 hours before admission; or
   (ii) 24 hours after admission; and

(2) the facility administrator or a person designated by the administrator has agreed to accept the prospective patient and has signed a statement to that effect.

(f-1) A person who is admitted to a facility before the performance of the physical and psychiatric examination required by Subsection (f) must be discharged by the physician immediately if the physician conducting the physical and psychiatric examination determines the person does not meet the clinical standards to receive inpatient mental health services.

(f-2) A facility that discharges a patient under the circumstances described by Subsection (f-1) may not bill the patient or the patient's third-party payor for the temporary admission of the patient to the inpatient mental health facility.
Section 572.001(c-2) applies to the admission of a minor in the managing conservatorship of the Department of Family and Protective Services to an inpatient mental health facility.

An assessment conducted as required by rules adopted under this section does not satisfy a statutory or regulatory requirement for a personal evaluation of a patient or a prospective patient by a physician.

In this section:

(1) "Admission" means the formal acceptance of a prospective patient to a facility.

(2) "Assessment" means the administrative process a facility uses to gather information from a prospective patient, including a medical history and the problem for which the patient is seeking treatment, to determine whether a prospective patient should be examined by a physician to determine if admission is clinically justified.

(3) "Intake" means the administrative process for gathering information about a prospective patient and giving a prospective patient information about the facility and the facility's treatment and services.

Sec. 572.003. RIGHTS OF PATIENTS. (a) A person's voluntary admission to an inpatient mental health facility under this chapter does not affect the person's civil rights or legal capacity or affect the person's right to obtain a writ of habeas corpus.

(b) In addition to the rights provided by this subtitle, a person voluntarily admitted to an inpatient mental health facility under this chapter has the right:

(1) to be reviewed periodically to determine the person's need for continued inpatient treatment; and
(2) to have an application for court-ordered mental health services filed only as provided by Section 572.005.

(c) A person admitted to an inpatient mental health facility under this chapter shall be informed of the rights provided under this section and Section 572.004:
   (1) orally in simple, nontechnical terms, within 24 hours after the time the person is admitted, and in writing in the person's primary language, if possible; or

Sec. 572.004. DISCHARGE. (a) A voluntary patient is entitled to leave an inpatient mental health facility in accordance with this section after a written request for discharge is filed with the facility administrator or the administrator's designee. The request must be signed, timed, and dated by the patient or a person legally responsible for the patient and must be made a part of the patient's clinical record. If a patient informs an employee of or person associated with the facility of the patient's desire to leave the facility, the employee or person shall, as soon as possible, assist the patient in creating the written request and present it to the
patient for the patient's signature.

(b) The facility shall, within four hours after a request for discharge is filed, notify the physician responsible for the patient's treatment. If that physician is not available during that period, the facility shall notify any available physician of the request.

(c) The notified physician shall discharge the patient before the end of the four-hour period unless the physician has reasonable cause to believe that the patient might meet the criteria for court-ordered mental health services or emergency detention.

(d) A physician who has reasonable cause to believe that a patient might meet the criteria for court-ordered mental health services or emergency detention shall examine the patient as soon as possible within 24 hours after the time the request for discharge is filed. The physician shall discharge the patient on completion of the examination unless the physician determines that the person meets the criteria for court-ordered mental health services or emergency detention. If the physician makes a determination that the patient meets the criteria for court-ordered mental health services or emergency detention, the physician shall, not later than 4 p.m. on the next succeeding business day after the date on which the examination occurs, either discharge the patient or file an application for court-ordered mental health services or emergency detention and obtain a written order for further detention. The physician shall notify the patient if the physician intends to detain the patient under this subsection or intends to file an application for court-ordered mental health services or emergency detention. A decision to detain a patient under this subsection and the reasons for the decision shall be made a part of the patient's clinical record.

(e) If extremely hazardous weather conditions exist or a disaster occurs, the physician may request the judge of a court that has jurisdiction over proceedings brought under Chapter 574 to extend the period during which the patient may be detained. The judge or a magistrate appointed by the judge may by written order made each day extend the period during which the patient may be detained until 4 p.m. on the first succeeding business day. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

(f) The patient is not entitled to leave the facility if before
the end of the period prescribed by this section:

(1) a written withdrawal of the request for discharge is filed; or

(2) an application for court-ordered mental health services or emergency detention is filed and the patient is detained in accordance with this subtitle.

(g) A plan for continuing care shall be prepared in accordance with Section 574.081 for each patient discharged. If sufficient time to prepare a continuing care plan before discharge is not available, the plan may be prepared and mailed to the appropriate person within 24 hours after the patient is discharged.

(h) The patient or other person who files a request for discharge of a patient shall be notified that the person filing the request assumes all responsibility for the patient on discharge.

(i) On receipt of a written request for discharge from a patient admitted under Section 572.002(3)(B) who is younger than 18 years of age, a facility shall consult with the patient's parent, managing conservator, or guardian regarding the discharge. (1) a request for release of the patient has been filed with the facility administrator; or

(A) is absent from the facility without authorization;
(B) is unable to consent to appropriate and necessary psychiatric treatment; or

Only the district or county attorney may file an application that is not accompanied by a certificate of medical examination.

(b) Except as provided by Subsection (f), the application must be filed with the county clerk in the county in which the proposed patient:

(1) resides;

(2) is found; or

(3) is receiving mental health services by court order or under Subchapter A, Chapter 573.

(c) If the application is not filed in the county in which the proposed patient resides, the court may, on request of the proposed patient or the proposed patient's attorney and if good cause is
shown, transfer the application to that county.

(d) An application may be transferred to the county in which the person is being detained under Subchapter B if the county to which the application is to be transferred approves such transfer. A transfer under this subsection does not preclude the proposed patient from filing a motion to transfer under Subsection (c).

(e) An order transferring a criminal defendant against whom all charges have been dismissed to the appropriate court for a hearing on court-ordered mental health services in accordance with Subchapter F, Chapter 46B, Code of Criminal Procedure, serves as an application under this section. The order must state that all charges have been dismissed.

(f) An application in which the proposed patient is a child in the custody of the Texas Juvenile Justice Department may be filed in the county in which the child's commitment to the Texas Juvenile Justice Department was ordered.

Acts 2015, 84th Leg., R.S., Ch. 1 (S.B. 219), Sec. 3.1371, eff. April 2, 2015.

Sec. 574.002. FORM OF APPLICATION. (a) An application for court-ordered mental health services must be styled using the proposed patient's initials and not the proposed patient's full name. (b) The application must state whether the application is for temporary or extended mental health services. An application for extended inpatient mental health services must state that the person has received court-ordered inpatient mental health services under this subtitle or under Subchapter D or E, Chapter 46B, Code of Criminal Procedure, for at least 60 consecutive days during the preceding 12 months. Sec. 574.003. APPOINTMENT OF ATTORNEY. (a) The judge shall appoint an attorney to represent a proposed patient within 24 hours after the time an application for court-ordered mental health services is filed if the proposed patient does not have an attorney. At that time, the judge shall also appoint a language or sign interpreter if necessary to ensure effective communication with the attorney in the proposed patient's primary language.

(b) The court shall inform the attorney in writing of the attorney's duties under Section 574.004.

(c) The proposed patient's attorney shall be furnished with all records and papers in the case and is entitled to have access to all hospital and physicians' records.

Sec. 574.004. DUTIES OF ATTORNEY. (a) An attorney representing a proposed patient shall interview the proposed patient within a reasonable time before the date of the hearing on the application.

(b) The attorney shall thoroughly discuss with the proposed patient the law and facts of the case, the proposed patient's options, and the grounds on which the court-ordered mental health services are being sought. A court-appointed attorney shall also inform the proposed patient that the proposed patient may obtain personal legal counsel at the proposed patient's expense instead of accepting the court-appointed counsel.

(c) The attorney may advise the proposed patient of the wisdom of agreeing to or resisting efforts to provide mental health services, but the proposed patient shall make the decision to agree to or resist the efforts. Regardless of an attorney's personal opinion, the attorney shall use all reasonable efforts within the bounds of law to advocate the proposed patient's right to avoid court-ordered mental health services if the proposed patient expresses a desire to avoid the services. If the proposed patient desires, the attorney shall advocate for the least restrictive treatment alternatives to court-ordered inpatient mental health services.

(d) Before a hearing, the attorney shall:

1. review the application, the certificates of medical examination for mental illness, and the proposed patient's relevant medical records;
2. interview supporting witnesses and other witnesses who will testify at the hearing; and
3. explore the least restrictive treatment alternatives to court-ordered inpatient mental health services.

(e) The attorney shall advise the proposed patient of the proposed patient's right to attend a hearing or to waive the right to attend a hearing and shall inform the court why a proposed patient is absent from a hearing.

(f) The attorney shall discuss with the proposed patient:
1. the procedures for appeal, release, and discharge if the court orders participation in mental health services; and
2. other rights the proposed patient may have during the period of the court's order.

(g) To withdraw from a case after interviewing a proposed
patient, an attorney must file a motion to withdraw with the court. The court shall act on the motion as soon as possible. An attorney may not withdraw from a case unless the withdrawal is authorized by court order.

(h) The attorney is responsible for a person's legal representation until:

(1) the application is dismissed;
(2) an appeal from an order directing treatment is taken;
(3) the time for giving notice of appeal expires by operation of law; or
(4) another attorney assumes responsibility for the case.

Sec. 574.005. SETTING ON APPLICATION. (a) The judge or a magistrate designated under Section 574.021(e) shall set a date for a hearing to be held within 14 days after the date on which the application is filed.

(b) The hearing may not be held during the first three days after the application is filed if the proposed patient or the proposed patient's attorney objects.

(c) The court may grant one or more continuances of the hearing on the motion by a party and for good cause shown or on agreement of the parties. However, the hearing shall be held not later than the 30th day after the date on which the original application is filed. If extremely hazardous weather conditions exist or a disaster occurs that threatens the safety of the proposed patient or other essential parties to the hearing, the judge or magistrate may, by written order made each day, postpone the hearing for 24 hours. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

Sec. 574.006. NOTICE. (a) The proposed patient and his attorney are entitled to receive a copy of the application and written notice of the time and place of the hearing immediately after the date for the hearing is set.

(b) A copy of the application and the written notice shall be
delivered in person or sent by certified mail to the proposed patient's:

(1) parent, if the proposed patient is a minor;
(2) appointed guardian, if the proposed patient is the subject of a guardianship; or
(3) each managing and possessory conservator that has been appointed for the proposed patient.

(c) Notice may be given to the proposed patient's next of kin if the relative is the applicant and the parent cannot be located and a guardian or conservator has not been appointed.

(d) Notice of the time and place of any hearing and of the name, telephone number, and address of any attorneys known or believed to represent the state or the proposed patient shall be furnished to any person stating that that person has evidence to present upon any material issue, without regard to whether such evidence is on behalf of the state or of the proposed patient. The notice shall not include the application, medical records, names or addresses of other potential witnesses, or any other information whatsoever. Any clerk, judge, magistrate, court coordinator, or other officer of the court shall provide such information and shall be entitled to judicial immunity in any civil suit seeking damages as a result of providing such notice. Should such evidence be offered at trial and the adverse party claim surprise, the hearing may be continued under the provisions of Section 574.005, and the person producing such evidence shall be entitled to timely notice of the date and time of such continuance.

Any officer, employee, or agent of the department shall refer any inquiring person to the court authorized to provide the notice if such information is in the possession of the department. The notice shall be provided in the form that is most understandable to the person making such inquiry.

Sec. 574.007. DISCLOSURE OF INFORMATION. (a) The proposed patient's attorney may request information from the county or district attorney in accordance with this section if the attorney cannot otherwise obtain the information.
(b) If the proposed patient's attorney requests the information at least 48 hours before the time set for the hearing, the county or district attorney shall, within a reasonable time before the hearing, provide the attorney with a statement that includes:

1. the provisions of this subtitle that will be relied on at the hearing to establish that the proposed patient requires court-ordered temporary or extended inpatient mental health services;
2. the reasons voluntary outpatient services are not considered appropriate for the proposed patient;
3. the name, address, and telephone number of each witness who may testify at the hearing;
4. a brief description of the reasons court-ordered temporary or extended inpatient or outpatient, as appropriate, mental health services are required; and
5. a list of any acts committed by the proposed patient that the applicant will attempt to prove at the hearing.

(c) At the hearing, the judge may admit evidence or testimony that relates to matters not disclosed under Subsection (b) if the admission would not deprive the proposed patient of a fair opportunity to contest the evidence or testimony.

(d) Except as provided by this subsection, not later than 48 hours before the time set for the hearing on the petition for commitment, the county or district attorney shall inform the proposed patient through the proposed patient's attorney whether the county or district attorney will request that the proposed patient be committed to inpatient services or outpatient services. The proposed patient, the proposed patient's attorney, and the county or district attorney may agree to waive the requirement of this subsection. The waiver must be made by the proposed patient:

1. orally and in the presence of the court; or
2. in writing and signed and sworn to under oath by the proposed patient and the proposed patient's attorney.

Sec. 574.008. COURT JURISDICTION AND TRANSFER. (a) A proceeding under Subchapter C or E must be held in the statutory or constitutional county court that has the jurisdiction of a probate
court in mental illness matters.

(b) If the hearing is to be held in a county court in which the judge is not a licensed attorney, the proposed patient or the proposed patient's attorney may request that the proceeding be transferred to a court with a judge who is licensed to practice law in this state. The county judge shall transfer the case after receiving the request and the receiving court shall hear the case as if it had been originally filed in that court.

(c) If a patient is receiving temporary inpatient mental health services in a county other than the county that initiated the court-ordered inpatient mental health services and the patient requires extended inpatient mental health services, the county in which the proceedings originated shall pay the expenses of transporting the patient back to the county for the hearing unless the court that entered the temporary order arranges with the appropriate court in the county in which the patient is receiving services to hold the hearing on court-ordered extended inpatient mental health services before the original order expires.

(d) If an order for outpatient services designates that such services be provided in a county other than the county in which the order was initiated, the court shall transfer the case to the appropriate court in the county in which the services are being provided. That court shall thereafter have exclusive, continuing jurisdiction of the case, including the receipt of the general treatment program required by Section 574.037(b).

Sec. 574.0085. ASSOCIATE JUDGES. (a) The county judge may appoint a full-time or a part-time associate judge to preside over the proceedings for court-ordered mental health services if the commissioners court of a county in which the court has jurisdiction authorizes the employment of an associate judge.

(b) To be eligible for appointment as an associate judge, a person must be a resident of this state and have been licensed to practice law in this state for at least four years or be a retired county judge, statutory or constitutional, with at least 10 years of service.
(c) An associate judge shall be paid as determined by the commissioners court of the county in which the associate judge serves. If an associate judge serves in more than one county, the associate judge shall be paid as determined by agreement of the commissioners courts of the counties in which the associate judge serves. The associate judge may be paid from county funds available for payment of officers' salaries.

(d) An associate judge who serves a single court serves at the will of the judge of that court. The services of an associate judge who serves more than two courts may be terminated by a majority vote of all the judges of the courts the associate judge serves. The services of an associate judge who serves two courts may be terminated by either of the judges of the courts the associate judge serves.

(e) To refer cases to an associate judge, the referring court must issue an order of referral. The order of referral may limit the power or duties of an associate judge.

(f) Except as limited by an order of referral, an associate judge appointed under this section has all the powers and duties set forth in Section 201.007, Family Code.

(g) A bailiff may attend a hearing held by an associate judge if directed by the referring court.

(h) A witness appearing before an associate judge is subject to the penalties for perjury provided by law. A referring court may issue attachment against and may fine or imprison a witness whose failure to appear before an associate judge after being summoned or whose refusal to answer questions has been certified to the court.

(i) At the conclusion of any hearing conducted by an associate judge and on the preparation of an associate judge's report, the associate judge shall transmit to the referring court all papers relating to the case, with the associate judge's signed and dated report. After the associate judge's report has been signed, the associate judge shall give to the parties participating in the hearing notice of the substance of the report. The associate judge's report may contain the associate judge's findings, conclusions, or recommendations. The associate judge's report must be in writing in a form as the referring court may direct. The form may be a notation on the referring court's docket sheet. After the associate judge's report is filed, the referring court may adopt, approve, or reject the associate judge's report, hear further evidence, or recommit the
matter for further proceedings as the referring court considers proper and necessary in the particular circumstances of the case.

(j) If a jury trial is demanded or required, the associate judge shall refer the entire matter back to the referring court for trial.

(k) An associate judge appointed under this section has the judicial immunity of a county judge.

(l) An associate judge appointed in accordance with this section shall comply with the Code of Judicial Conduct in the same manner as the county judge.

At least one of the physicians must be a psychiatrist if a psychiatrist is available in the county.

(b) If the certificates are not filed with the application, the judge or magistrate designated under Section 574.021(e) may appoint the necessary physicians to examine the proposed patient and file the certificates.

(c) The judge or designated magistrate may order the proposed patient to submit to the examination and may issue a warrant authorizing a peace officer to take the proposed patient into custody for the examination.

(d) If the certificates required under this section are not on file at the time set for the hearing on the application, the judge shall dismiss the application and order the immediate release of the proposed patient if that person is not at liberty. If extremely hazardous weather conditions exist or a disaster occurs, the
presiding judge or magistrate may by written order made each day extend the period during which the two certificates of medical examination for mental illness may be filed, and the person may be detained until 4 p.m. on the first succeeding business day. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

(b) The examining physician must specify in the certificate which criterion listed in Subsection (a)(7)(B) forms the basis for the physician's opinion.

(c) If the certificate is offered in support of an application for extended mental health services, the certificate must also include the examining physician's opinion that the examined person's condition is expected to continue for more than 90 days.

The magistrate or associate judge may consider evidence, including letters, affidavits, and other material, that may not be admissible or sufficient in a subsequent commitment hearing.

The state may prove its case on the physician's certificate of medical examination filed in support of the initial motion.

Sec. 574.026. ORDER FOR CONTINUED DETENTION. (a) The magistrate or associate judge shall order that a proposed patient remain in protective custody if the magistrate or associate judge determines after the hearing that an adequate factual basis exists for probable cause to believe that the proposed patient presents a substantial risk of serious harm to himself or others to the extent that he cannot remain at liberty pending the hearing on court-ordered mental health services.

(b) The magistrate or associate judge shall arrange for the proposed patient to be returned to the mental health facility or other suitable place, along with copies of the certificate of medical examination, any affidavits or other material submitted as evidence in the hearing, and the notification prepared as prescribed by Subsection (d).

(b) On the request of the proposed patient or the proposed patient's attorney the hearing on the application shall be held in the county courthouse.

(c) The proposed patient is entitled to be present at the hearing. The proposed patient or the proposed patient's attorney may waive this right.

(d) The hearing must be open to the public unless the proposed patient or the proposed patient's attorney requests that the hearing be closed and the judge determines that there is good cause to close the hearing.

(d-1) In a hearing for temporary inpatient or outpatient mental health services under Section 574.034 or 574.0345, the proposed patient or the proposed patient's attorney, by a written document filed with the court, may waive the right to cross-examine witnesses, and, if that right is waived, the court may admit, as evidence, the certificates of medical examination for mental illness. The certificates admitted under this subsection constitute competent medical or psychiatric testimony, and the court may make its findings solely from the certificates. If the proposed patient or the proposed patient's attorney does not waive in writing the right to cross-examine witnesses, the court shall proceed to hear testimony. The testimony must include competent medical or psychiatric testimony.

(d-2) In a hearing for extended inpatient or outpatient mental
health services under Section 574.035 or 574.0355, the court may not make its findings solely from the certificates of medical examination for mental illness but shall hear testimony. The court may not enter an order for extended mental health services unless appropriate findings are made and are supported by testimony taken at the hearing. The testimony must include competent medical or psychiatric testimony.

(e) The Texas Rules of Evidence apply to the hearing unless the rules are inconsistent with this subtitle.

(f) The court may consider the testimony of a nonphysician mental health professional in addition to medical or psychiatric testimony.

The judge shall furnish the presiding judge of the statutory probate courts or the presiding judge of the administrative region, as appropriate, an accounting of the expenses for certification. The presiding judge shall provide a certification of expenses approved to the county judge responsible for payment of costs under Section 571.018.

(i) A judge who holds hearings at locations other than the county courthouse also may receive a reasonable salary supplement in an amount set by the commissioners court.

(c) A waiver of the right to a jury must be in writing, under oath, and signed and sworn to by the proposed patient and the proposed patient's attorney unless the proposed patient or the attorney orally waives the right to a jury in the court's presence.

(d) The court may permit an oral or written waiver of the right to a jury to be withdrawn for good cause shown. The withdrawal must be made not later than the eighth day before the date on which the hearing is scheduled.

(e) A court may not require a jury fee.

(f) In a hearing before a jury, the jury shall determine if the proposed patient is a person with mental illness and meets the criteria for court-ordered mental health services. The jury may not make a finding about the type of services to be provided to the proposed patient.

patient's family on request, but only to the extent not otherwise prohibited by state or federal confidentiality laws.

Sec. 574.042. COMMITMENT TO PRIVATE FACILITY. The court may order a patient committed to a private mental hospital at no expense to the state if the court receives:

(1) an application signed by the patient or the patient's guardian or next friend requesting that the patient be placed in a designated private mental hospital at the patient's or applicant's expense; and

(b) The court shall require appropriate medical personnel to accompany the person transporting the patient if there is reasonable cause to believe that the patient will require medical assistance or the administration of medication during the transportation. The payment of an expense incurred under this subsection is governed by Section 571.018.

(c) The patient's friends and relatives may accompany the patient at their own expense.

(d) A female patient must be accompanied by a female attendant unless the patient is accompanied by her father, husband, or adult brother or son.

(g) The patient may not be physically restrained unless necessary to protect the health and safety of the patient or of a person traveling with the patient. If the treating physician or the person transporting a patient determines that physical restraint of the patient is necessary, that person shall document the reasons for that determination and the duration for which the restraints are needed. The person transporting the patient shall deliver the document to the facility at the time the patient is delivered. The facility shall include the document in the patient's clinical record.

(h) The patient must be transported directly to the facility within a reasonable amount of time and without undue delay.

SUBCHAPTER E. POST-COMMITMENT PROCEEDINGS

Sec. 574.061. MODIFICATION OF ORDER FOR INPATIENT TREATMENT.

(a) The facility administrator of a facility to which a patient is committed for inpatient mental health services, not later than the 30th day after the date the patient is committed to the facility, shall assess the appropriateness of transferring the patient to outpatient mental health services. The facility administrator may recommend that the court that entered the commitment order modify the order to require the patient to participate in outpatient mental health services.

(b) A facility administrator's recommendation under Subsection (a) must explain in detail the reason for the recommendation. The recommendation must be accompanied by a supporting certificate of medical examination for mental illness signed by a physician who examined the patient during the seven days preceding the recommendation.

(c) The patient shall be given notice of a facility administrator's recommendation under Subsection (a).

(d) On request of the patient or any other interested person, the court shall hold a hearing on a facility administrator's recommendation that the court modify the commitment order. The court shall appoint an attorney to represent the patient at the hearing and shall consult with the local mental health authority before issuing a
decision. The hearing shall be held before the court without a jury
and as prescribed by Section 574.031. The patient shall be
represented by an attorney and receive proper notice.

(e) If a hearing is not requested, the court may make a
decision regarding a facility administrator's recommendation based on:

(1) the recommendation;
(2) the supporting certificate; and
(3) consultation with the local mental health authority
concerning available resources to treat the patient.

(f) If the court modifies the order, the court shall designate
a person to be responsible for the outpatient services as prescribed
by Section 574.037.

(g) The person responsible for the services must comply with
Section 574.037(b).

Sec. 574.062. MOTION FOR MODIFICATION OF ORDER FOR OUTPATIENT
TREATMENT. (a) The court that entered an order directing a patient
to participate in outpatient mental health services may set a hearing
to determine if the order should be modified in a way that is a
substantial deviation from the original program of treatment
incorporated in the court's order. The court may set the hearing on
its own motion, at the request of the person responsible for the
treatment, or at the request of any other interested person.

(b) The court shall appoint an attorney to represent the
patient if a hearing is scheduled. The patient shall be given notice
of the matters to be considered at the hearing. The notice must
comply with the requirements of Section 574.006 for notice before a
hearing on court-ordered mental health services.
(c) The hearing shall be held before the court, without a jury, and as prescribed by Section 574.031. The patient shall be represented by an attorney and receive proper notice.

(d) The court shall set a date for a hearing on the motion to be held not later than the seventh day after the date the motion is filed. The court may grant one or more continuances of the hearing on the motion by a party and for good cause shown or on agreement of the parties. Except as provided by Subsection (e), the court shall hold the hearing not later than the 14th day after the date the motion is filed.

(e) If extremely hazardous weather conditions exist or a disaster occurs that threatens the safety of the proposed patient or other essential parties to the hearing, the court, by written order made each day, may postpone the hearing for not more than 24 hours. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

Sec. 574.063. ORDER FOR TEMPORARY DETENTION. (a) The person responsible for a patient's court-ordered outpatient treatment or the facility administrator of the outpatient facility in which a patient receives treatment may file a sworn application for the patient's temporary detention pending the modification hearing under Section 574.062.

(b) The application must state the applicant's opinion and detail the reasons for the applicant's opinion that:

(1) the patient meets the criteria described by Section 574.064(a-1); and

(2) detention in an inpatient mental health facility is necessary to evaluate the appropriate setting for continued court-ordered services.

(c) The court may issue an order for temporary detention if a modification hearing is set and the court finds from the information in the application that there is probable cause to believe that the opinions stated in the application are valid.

(d) At the time the temporary detention order is signed, the judge shall appoint an attorney to represent a patient who does not
have an attorney.

(e) Within 24 hours after the time detention begins, the court that issued the temporary detention order shall provide to the patient and the patient's attorney a written notice that states:

1. that the patient has been placed under a temporary detention order;
2. the grounds for the order; and
3. the time and place of the modification hearing.

Acts 2013, 83rd Leg., R.S., Ch. 1170 (S.B. 646), Sec. 4, eff. September 1, 2013.

Sec. 574.064. APPREHENSION AND RELEASE UNDER TEMPORARY DETENTION ORDER. (a) A temporary detention order shall direct a peace officer or other designated person to take the patient into custody and transport the patient immediately to:

1. the nearest appropriate inpatient mental health facility; or
2. a mental health facility deemed suitable by the local mental health authority for the area, if an appropriate inpatient mental health facility is not available.

(a-1) A physician shall evaluate the patient as soon as possible within 24 hours after the time detention begins to determine whether the patient, due to mental illness, presents a substantial risk of serious harm to the patient or others so that the patient cannot be at liberty pending the probable cause hearing under Subsection (b). The determination that the patient presents a substantial risk of serious harm to the patient or others may be demonstrated by:

1. the patient's behavior; or
2. evidence of severe emotional distress and deterioration in the patient's mental condition to the extent that the patient cannot live safely in the community.

(a-2) If the physician who conducted the evaluation determines that the patient does not present a substantial risk of serious harm to the patient or others, the facility shall:

1. notify:
(A) the person designated under Section 574.037 as responsible for providing outpatient mental health services or the facility administrator of the outpatient facility treating the patient; and

(B) the court that entered the order directing the patient to receive court-ordered outpatient mental health services; and

(2) release the patient.

(b) A patient who is not released under Subsection (a-2) may be detained under a temporary detention order for more than 72 hours, excluding Saturdays, Sundays, legal holidays, and the period prescribed by Section 574.025(b) for an extreme emergency only if, after a hearing held before the expiration of that period, the court, a magistrate, or a designated associate judge finds that there is probable cause to believe that:

(1) the patient, due to mental illness, presents a substantial risk of serious harm to the patient or others, using the criteria prescribed by Subsection (a-1), to the extent that the patient cannot be at liberty pending the final hearing under Section 574.062; and

(2) detention in an inpatient mental health facility is necessary to evaluate the appropriate setting for continued court-ordered services.

(c) If probable cause is found under Subsection (b), the patient may be detained under the temporary detention until the hearing set under Section 574.062 is completed.

(d) A facility administrator shall immediately release a patient held under a temporary detention order if the facility administrator does not receive notice that the patient's continued detention is authorized:

(1) after a probable cause hearing held within 72 hours after the patient's detention begins; or

(2) after a modification hearing held within the period prescribed by Section 574.062.

(e) A patient released from an inpatient mental health facility under Subsection (a-2) or (d) continues to be subject to the order for court-ordered outpatient services, if the order has not expired.

(f) A person detained under this section may not be detained in a nonmedical facility used to detain persons charged with or convicted of a crime.
Sec. 574.065. ORDER OF MODIFICATION OF ORDER FOR OUTPATIENT SERVICES. (a) The court may modify an order for outpatient services at the modification hearing if the court determines that the patient meets the applicable criteria for court-ordered inpatient mental health services prescribed by Section 574.034(a) or 574.035(a).

(b) The court may refuse to modify the order and may direct the patient to continue to participate in outpatient mental health services in accordance with the original order even if the criteria prescribed by Subsection (a) have been met.

(c) The court's decision to modify an order must be supported by at least one certificate of medical examination for mental illness signed by a physician who examined the patient not earlier than the seventh day before the date on which the hearing is held.

(d) A modification may include:

(1) incorporating in the order a revised treatment program and providing for continued outpatient mental health services under the modified order, if a revised general program of treatment was submitted to and accepted by the court; or

(2) providing for commitment to an inpatient mental health facility.

(e) A court may not extend the provision of mental health services beyond the period prescribed in the original order.
Sec. 574.066. RENEWAL OF ORDER FOR EXTENDED MENTAL HEALTH SERVICES. (a) A county or district attorney or other adult may file an application to renew an order for extended mental health services.

(b) The application must explain in detail why the person requests renewal. An application to renew an order committing the patient to extended inpatient mental health services must also explain in detail why a less restrictive setting is not appropriate.

(c) The application must be accompanied by two certificates of medical examination for mental illness signed by physicians who examined the patient during the 30 days preceding the date on which the application is filed.

(d) The court shall appoint an attorney to represent the patient when an application is filed.

(e) The patient, the patient's attorney, or other individual may request a hearing on the application. The court may set a hearing on its own motion. An application for which a hearing is requested or set is considered an original application for court-ordered extended mental health services.

(f) A court may not renew an order unless the court finds that the patient meets the criteria for extended mental health services prescribed by Sections 574.035(a)(1), (2), and (3). The court must make the findings prescribed by this subsection to renew an order, regardless of whether a hearing is requested or set. A renewed order authorizes treatment for not more than 12 months.

(g) If a hearing is not requested or set, the court may admit into evidence the certificates of medical examination for mental illness. The certificates constitute competent medical or psychiatric testimony and the court may make its findings solely from the certificates and the detailed request for renewal.

(h) The court, after renewing an order for extended inpatient mental health services, may modify the order to provide for outpatient mental health services in accordance with Section 574.037.

Sec. 574.0665. STATUS CONFERENCE. A court on its own motion may set a status conference with the patient, the patient's attorney, and the person designated to be responsible for the patient's court-ordered outpatient services under Section 574.037.
Sec. 574.067. MOTION FOR REHEARING. (a) The court may set aside an order requiring court-ordered mental health services and grant a motion for rehearing for good cause shown.

(b) Pending the hearing, the court may:

(1) stay the court-ordered mental health services and release the proposed patient from custody before the hearing if the court is satisfied that the proposed patient does not meet the criteria for protective custody under Section 574.022; and

(2) if the proposed patient is at liberty, require an appearance bond in an amount set by the court.

Sec. 574.068. REQUEST FOR REEXAMINATION. (a) A patient receiving court-ordered extended mental health services, or any interested person on the patient's behalf and with the patient's consent, may file a request with a court for a reexamination and a hearing to determine if the patient continues to meet the criteria for the services.

(b) The request must be filed in the county in which the patient is receiving the services.

(c) The court may, for good cause shown:

(1) require that the patient be reexamined;

(2) schedule a hearing on the request; and

(3) notify the facility administrator of the facility providing mental health services to the patient.

(d) A court is not required to order a reexamination or hearing if the request is filed within six months after an order for extended mental health services is entered or after a similar request is filed.

(e) After receiving the court's notice, the facility administrator shall arrange for the patient to be reexamined.

(f) The facility administrator or the administrator's qualified authorized designee shall immediately discharge the patient if the facility administrator or designee determines that the patient no
longer meets the criteria for court-ordered extended mental health services.

(g) If the facility administrator or the administrator's designee determines that the patient continues to meet the criteria for court-ordered extended mental health services, the facility administrator or designee shall file a certificate of medical examination for mental illness with the court within 10 days after the date on which the request for reexamination and hearing is filed.

Sec. 574.069. HEARING ON REQUEST FOR REEXAMINATION. (a) A court that required a patient's reexamination under Section 574.068 may set a date and place for a hearing on the request if, not later than the 10th day after the date on which the request is filed:

(1) a certificate of medical examination for mental illness stating that the patient continues to meet the criteria for court-ordered extended mental health services has been filed; or

(2) a certificate has not been filed and the patient has not been discharged.

(b) At the time the hearing is set, the judge shall:

(1) appoint an attorney to represent a patient who does not have an attorney; and

(2) give notice of the hearing to the patient, the patient's attorney, and the facility administrator.

(c) The judge shall appoint a physician to examine the patient and file a certificate of medical examination for mental illness with the court. The judge shall appoint a physician who is not on the staff of the mental health facility in which the patient is receiving services and who is a psychiatrist if a psychiatrist is available in the county. The court shall ensure that the patient may be examined by a physician of the patient's choice and at the patient's own expense if requested by the patient.

(d) The hearing is held before the court and without a jury. The hearing must be held in accordance with the requirements for a hearing on an application for court-ordered mental health services.

(e) The court shall dismiss the request if the court finds from clear and convincing evidence that the patient continues to meet the criteria for court-ordered extended mental health services prescribed
by Section 574.035 or 574.0355.

(f) The judge shall order the facility administrator to discharge the patient if the court fails to find from clear and convincing evidence that the patient continues to meet the criteria.

Added by Acts 1991, 72nd Leg., ch. 76, Sec. 1, eff. Sept. 1, 1991. Amended by:

Acts 2019, 86th Leg., R.S., Ch. 582 (S.B. 362), Sec. 20, eff. September 1, 2019.

Sec. 574.070. APPEAL. (a) An appeal from an order requiring court-ordered mental health services, or from a renewal or modification of an order, must be filed in the court of appeals for the county in which the order is entered.

(b) Notice of appeal must be filed not later than the 10th day after the date on which the order is signed.

(c) When an appeal is filed, the clerk shall immediately send a certified transcript of the proceedings to the court of appeals.

(d) Pending the appeal, the trial judge in whose court the cause is pending may:

(1) stay the order and release the patient from custody before the appeal if the judge is satisfied that the patient does not meet the criteria for protective custody under Section 574.022; and

(2) if the proposed patient is at liberty, require an appearance bond in an amount set by the court.

(e) The court of appeals and supreme court shall give an appeal under this section preference over all other cases and shall advance the appeal on the docket. The courts may suspend all rules relating to the time for filing briefs and docketing cases.

SUBCHAPTER F. FURLOUGH, DISCHARGE, AND TERMINATION OF COURT-ORDERED MENTAL HEALTH SERVICES

Sec. 574.081. CONTINUING CARE PLAN BEFORE FURLOUGH OR DISCHARGE. (a) The physician responsible for the patient's treatment shall prepare a continuing care plan for a patient who is scheduled to be furloughed or discharged unless the patient does not require continuing care.
Subject to available resources, Subsections (a), (b), (c), (c-1), and (c-2) apply to a patient scheduled to be furloughed or discharged from:

1. a state hospital; or
2. any psychiatric inpatient bed funded under a contract with the Health and Human Services Commission or operated by or funded under a contract with a local mental health authority or a behavioral mental health authority.

(b) The physician shall prepare the plan as prescribed by Health and Human Services Commission rules and shall consult the patient and the local mental health authority in the area in which the patient will reside before preparing the plan. The local mental health authority shall be informed of and must participate in planning the discharge of a patient.

(c) The plan must address the patient's mental health and physical needs, including, if appropriate:
1. the need for outpatient mental health services following furlough or discharge; and
2. the need for sufficient psychoactive medication on furlough or discharge to last until the patient can see a physician.

(c-1) Except as otherwise specified in the plan and subject to available funding provided to the Health and Human Services Commission and paid to a private mental health facility for this purpose, a private mental health facility is responsible for providing or paying for psychoactive medication and any other medication prescribed to the patient to counteract adverse side effects of psychoactive medication on furlough or discharge sufficient to last until the patient can see a physician.

(c-2) The Health and Human Services Commission shall adopt rules to determine the quantity and manner of providing psychoactive medication, as required by this section. The executive commissioner may not adopt rules requiring a mental health facility to provide or pay for psychoactive medication for more than seven days after furlough or discharge.

(d) The physician shall deliver the plan and other appropriate information to the community center or other provider that will deliver the services if:
1. the services are provided by:
   A. a community center or other provider that serves the county in which the patient will reside and that has been
designated by the commissioner to perform continuing care services; or

(B) any other provider that agrees to accept the referral; and

(2) the provision of care by the center or provider is appropriate.

(e) The facility administrator or the administrator's designee shall have the right of access to discharged patients and records of patients who request continuing care services.

(f) A patient who is to be discharged may refuse the continuing care services.

(g) A physician who believes that a patient does not require continuing care and who does not prepare a continuing care plan under this section shall document in the patient's treatment record the reasons for that belief.

(h) Subsection (c) does not create a mandate that a facility described by Section 571.003(9)(B) or (E) provide or pay for a medication for a patient.

Acts 2019, 86th Leg., R.S., Ch. 582 (S.B. 362), Sec. 21, eff. September 1, 2019.

Sec. 574.082. PASS OR FURLOUGH FROM INPATIENT CARE. (a) The facility administrator may permit a patient admitted to the facility under an order for temporary or extended inpatient mental health services to leave the facility under a pass or furlough.

(b) A pass authorizes the patient to leave the facility for not more than 72 hours. A furlough authorizes the patient to leave for a longer period.

(c) The pass or furlough may be subject to specified conditions.

(d) When a patient is furloughed, the facility administrator
shall notify the court that issued the commitment order.

Sec. 574.083. RETURN TO FACILITY UNDER CERTIFICATE OF FACILITY ADMINISTRATOR OR COURT ORDER. (a) The facility administrator of a facility to which a patient was admitted for court-ordered inpatient health care services may authorize a peace officer of the municipality or county in which the facility is located to take an absent patient into custody, detain the patient, and return the patient to the facility by issuing a certificate as prescribed by Subsection (c) to a law enforcement agency of the municipality or county.

(b) If there is reason to believe that an absent patient may be outside the municipality or county in which the facility is located, the facility administrator may file an affidavit as prescribed by Subsection (c) with a magistrate requesting the magistrate to issue an order for the patient's return. The magistrate with whom the affidavit is filed may issue an order directing a peace or health officer to take an absent patient into custody and return the patient to the facility. An order issued under this subsection extends to any part of this state and authorizes any peace officer to whom the order is directed or transferred to execute the order, take the patient into custody, detain the patient, and return the patient to the facility.

(c) The certificate issued or affidavit filed under Subsection (a) or (b) must set out facts establishing that the patient is receiving court-ordered inpatient mental health services at the facility and show that the facility administrator reasonably believes that:

(1) the patient is absent without authority from the facility;

(2) the patient has violated the conditions of a pass or furlough; or

(3) the patient's condition has deteriorated to the extent that the patient's continued absence from the facility under a pass or furlough is inappropriate.

(d) A peace or health officer shall take the patient into custody and return the patient to the facility as soon as possible if
the patient's return is authorized by a certificate issued or court order issued under this section.

(e) A peace or health officer may take the patient into custody without having the certificate or court order in the officer's possession.

(f) A peace or health officer who cannot immediately return a patient to the facility named in the order may transport the patient to a local facility for detention. The patient may not be detained in a nonmedical facility that is used to detain persons who are charged with or convicted of a crime unless detention in the facility is warranted by an extreme emergency. If the patient is detained at a nonmedical facility:

1. the patient:
   A) may not be detained in the facility for more than 24 hours; and
   B) must be isolated from all persons charged with or convicted of a crime; and

2. the facility must notify the county health authority of the detention.

(g) The local mental health authority shall ensure that a patient detained in a nonmedical facility under Subsection (f) receives proper care and medical attention.

(h) Notwithstanding other law regarding confidentiality of patient information, the facility administrator may release to a law enforcement official information about the patient if the administrator determines the information is needed to facilitate the return of the patient to the facility.

Sec. 574.084. REVOCATION OF FURLOUGH. (a) A furlough may be revoked only after an administrative hearing held in accordance with department rules. The hearing must be held within 72 hours after the patient is returned to the facility.

(b) A hearing officer shall conduct the hearing. The hearing
officer may be a mental health professional if the person is not directly involved in treating the patient.

(c) The hearing is informal and the patient is entitled to present information and argument.

(d) The hearing officer may revoke the furlough if the officer determines that the revocation is justified under Section 574.083(c).

(e) A hearing officer who revokes a furlough shall place in the patient's file:
   (1) a written notation of the decision; and
   (2) a written explanation of the reasons for the decision and the information on which the hearing officer relied.

(f) The patient shall be permitted to leave the facility under the furlough if the hearing officer determines that the furlough should not be revoked.

Sec. 574.085. DISCHARGE ON EXPIRATION OF COURT ORDER. The facility administrator of a facility to which a patient was committed or from which a patient was required to receive temporary or extended inpatient or outpatient mental health services shall discharge the patient when the court order expires.

Sec. 574.086. DISCHARGE BEFORE EXPIRATION OF COURT ORDER. (a) The facility administrator of a facility to which a patient was committed for inpatient mental health services or the person responsible for providing outpatient mental health services may discharge the patient at any time before the court order expires if the facility administrator or person determines that the patient no longer meets the criteria for court-ordered mental health services.

(b) The facility administrator of a facility to which the patient was committed for inpatient mental health services shall consider before discharging the patient whether the patient should receive outpatient court-ordered mental health services in accordance with:
   (1) a furlough under Section 574.082; or
   (2) a modified order under Section 574.061 that directs the
patient to participate in outpatient mental health services.

(c) A discharge under Subsection (a) terminates the court order, and the person discharged may not be required to submit to involuntary mental health services unless a new court order is entered in accordance with this subtitle.

Sec. 574.087. CERTIFICATE OF DISCHARGE. The facility administrator or the person responsible for outpatient care who discharges a patient under Section 574.085 or 574.086 shall prepare a discharge certificate and file it with the court that entered the order requiring mental health services.

Sec. 574.088. RELIEF FROM DISABILITIES IN MENTAL HEALTH CASES. (a) A person who is furloughed or discharged from court-ordered mental health services may petition the court that entered the commitment order for an order stating that the person qualifies for relief from a firearms disability.

(b) In determining whether to grant relief, the court must hear and consider evidence about:

(1) the circumstances that led to imposition of the firearms disability under 18 U.S.C. Section 922(g)(4);
(2) the person's mental history;
(3) the person's criminal history; and
(4) the person's reputation.

(c) A court may not grant relief unless it makes and enters in the record the following affirmative findings:

(1) the person is no longer likely to act in a manner dangerous to public safety; and

(2) removing the person's disability to purchase a firearm is in the public interest.

Added by Acts 2009, 81st Leg., R.S., Ch. 950 (H.B. 3352), Sec. 2, eff. September 1, 2009.
Sec. 574.089. TRANSPORTATION PLAN FOR FURLOUGH OR DISCHARGE.
(a) The facility administrator of a mental health facility, in conjunction with the local mental health authority, shall create a transportation plan for a person scheduled to be furloughed or discharged from the facility.

(b) The transportation plan must account for the capacity of the person, must be in writing, and must specify:

(1) who is responsible for transporting the person;
(2) when the person will be transported; and
(3) where the person will arrive.

(c) If the person consents, the facility administrator shall forward the transportation plan to a family member of the person before the person is transported.

(a) A physician who is treating a patient may, on behalf of the state, file an application in a probate court or a court with probate jurisdiction for an order to authorize the administration of a psychoactive medication regardless of the patient's refusal if:

(1) the physician believes that the patient lacks the capacity to make a decision regarding the administration of the psychoactive medication;

(2) the physician determines that the medication is the proper course of treatment for the patient;

(3) the patient is under an order for inpatient mental health services under this chapter or other law or an application for court-ordered mental health services under Section 574.034, 574.0345, 574.035, or 574.0355 has been filed for the patient; and

(4) the patient, verbally or by other indication, refuses to take the medication voluntarily.

(b) An application filed under this section must state:

(1) that the physician believes that the patient lacks the capacity to make a decision regarding administration of the psychoactive medication and the reasons for that belief;
(2) each medication the physician wants the court to compel the patient to take;

(3) whether an application for court-ordered mental health services under Section 574.034, 574.0345, 574.035, or 574.0355 has been filed;

(4) whether a court order for inpatient mental health services for the patient has been issued and, if so, under what authority it was issued;

(5) the physician's diagnosis of the patient; and

(6) the proposed method for administering the medication and, if the method is not customary, an explanation justifying the departure from the customary methods.

(c) An application filed under this section is separate from an application for court-ordered mental health services.

(d) The hearing on the application may be held on the date of a hearing on an application for court-ordered mental health services under Section 574.034, 574.0345, 574.035, or 574.0355 but shall be held not later than 30 days after the filing of the application for the order to authorize psychoactive medication. If the hearing is not held on the same day as the application for court-ordered mental health services under those sections and the patient is transferred to a mental health facility in another county, the court may transfer the application for an order to authorize psychoactive medication to the county where the patient has been transferred.

(e) Subject to the requirement in Subsection (d) that the hearing shall be held not later than 30 days after the filing of the application, the court may grant one continuance on a party's motion and for good cause shown. The court may grant more than one continuance only with the agreement of the parties.

(1) representation by a court-appointed attorney who is knowledgeable about issues to be adjudicated at the hearing;

(2) meet with that attorney as soon as is practicable to prepare for the hearing and to discuss any of the patient's questions or concerns;

(3) receive, immediately after the time of the hearing is set, a copy of the application and written notice of the time, place, and date of the hearing;

(4) be told, at the time personal notice of the hearing is given, of the patient's right to a hearing and right to the assistance of an attorney to prepare for the hearing and to answer any questions or concerns;

(5) be present at the hearing;

(6) request from the court an independent expert; and

(7) oral notification, at the conclusion of the hearing, of the court's determinations of the patient's capacity and best interests.

Subject to veto by the governor, the following section was amended by the 88th Legislature. Pending publication of the current statutes, see S.B. 2479, 88th Legislature, Regular Session, for amendments affecting the following section.

Sec. 574.106. HEARING AND ORDER AUTHORIZING PSYCHOACTIVE MEDICATION. (a) The court may issue an order authorizing the administration of one or more classes of psychoactive medication to a patient who:

(1) is under a court order to receive inpatient mental health services; or

(2) is in custody awaiting trial in a criminal proceeding and was ordered to receive inpatient mental health services in the six months preceding a hearing under this section.

(a-1) The court may issue an order under this section only if
the court finds by clear and convincing evidence after the hearing:

(1) that the patient lacks the capacity to make a decision regarding the administration of the proposed medication and treatment with the proposed medication is in the best interest of the patient; or

(2) if the patient was ordered to receive inpatient mental health services by a criminal court with jurisdiction over the patient, that treatment with the proposed medication is in the best interest of the patient and either:

(A) the patient presents a danger to the patient or others in the inpatient mental health facility in which the patient is being treated as a result of a mental disorder or mental defect as determined under Section 574.1065; or

(B) the patient:

(i) has remained confined in a correctional facility, as defined by Section 1.07, Penal Code, for a period exceeding 72 hours while awaiting transfer for competency restoration treatment; and

(ii) presents a danger to the patient or others in the correctional facility as a result of a mental disorder or mental defect as determined under Section 574.1065.

(b) In making the finding that treatment with the proposed medication is in the best interest of the patient, the court shall consider:

(1) the patient's expressed preferences regarding treatment with psychoactive medication;

(2) the patient's religious beliefs;

(3) the risks and benefits, from the perspective of the patient, of taking psychoactive medication;

(4) the consequences to the patient if the psychoactive medication is not administered;

(5) the prognosis for the patient if the patient is treated with psychoactive medication;

(6) alternative, less intrusive treatments that are likely to produce the same results as treatment with psychoactive medication; and

(7) less intrusive treatments likely to secure the patient's agreement to take the psychoactive medication.

(c) A hearing under this subchapter shall be conducted on the record by the probate judge or judge with probate jurisdiction,
(d) A judge may refer a hearing to a magistrate or court-appointed associate judge who has training regarding psychoactive medications. The magistrate or associate judge may effectuate the notice, set hearing dates, and appoint attorneys as required in this subchapter. A record is not required if the hearing is held by a magistrate or court-appointed associate judge.

(e) A party is entitled to a hearing de novo by the judge if an appeal of the magistrate's or associate judge's report is filed with the court within three days after the report is issued. The hearing de novo shall be held within 30 days of the filing of the application for an order to authorize psychoactive medication.

(f) If a hearing or an appeal of an associate judge's or magistrate's report is to be held in a county court in which the judge is not a licensed attorney, the proposed patient or the proposed patient's attorney may request that the proceeding be transferred to a court with a judge who is licensed to practice law in this state. The county judge shall transfer the case after receiving the request, and the receiving court shall hear the case as if it had been originally filed in that court.

(g) As soon as practicable after the conclusion of the hearing, the patient is entitled to have provided to the patient and the patient's attorney written notification of the court's determinations under this section. The notification shall include a statement of the evidence on which the court relied and the reasons for the court's determinations.

(h) An order entered under this section shall authorize the administration to a patient, regardless of the patient's refusal, of one or more classes of psychoactive medications specified in the application and consistent with the patient's diagnosis. The order shall permit an increase or decrease in a medication's dosage, restitution of medication authorized but discontinued during the period the order is valid, or the substitution of a medication within the same class.

(i) The classes of psychoactive medications in the order must conform to classes determined by the department.

(j) An order issued under this section may be reauthorized or modified on the petition of a party. The order remains in effect pending action on a petition for reauthorization or modification. For the purpose of this subsection, "modification" means a change of
a class of medication authorized in the order.

(k) This section does not apply to a patient who receives services under an order of protective custody under Section 574.021.

(1) For a patient described by Subsection (a-1)(2)(B), an order issued under this section:

(1) authorizes the initiation of any appropriate mental health treatment for the patient awaiting transfer; and

(2) does not constitute authorization to retain the patient in a correctional facility for competency restoration treatment.

Sec. 574.1065. FINDING THAT PATIENT PRESENTS A DANGER. In making a finding under Section 574.106(a-1)(2) that, as a result of a mental disorder or mental defect, the patient presents a danger to the patient or others in the inpatient mental health facility in which the patient is being treated or in the correctional facility, as applicable, the court shall consider:

(1) an assessment of the patient's present mental condition;

(2) whether the patient has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to the patient's self or to another while in the facility; and

(3) whether the patient, in the six months preceding the date the patient was placed in the facility, has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to another that resulted in the patient being placed in the facility.
Sec. 574.107. COSTS. (a) The costs for a hearing under this subchapter shall be paid in accordance with Sections 571.017 and 571.018.

(b) The county in which the applicable criminal charges are pending or were adjudicated shall pay as provided by Subsection (a) the costs of a hearing that is held under Section 574.106 to evaluate the court-ordered administration of psychoactive medication to:

(1) a patient ordered to receive mental health services as described by Section 574.106(a)(1) after having been determined to be incompetent to stand trial or having been acquitted of an offense by reason of insanity; or

(b) An order authorizing the administration of medication regardless of the refusal of the patient is effective pending an appeal of the order.
Sec. 574.109. EFFECT OF ORDER. (a) A person's consent to take a psychoactive medication is not valid and may not be relied on if the person is subject to an order issued under Section 574.106.

(b) The issuance of an order under Section 574.106 is not a determination or adjudication of mental incompetency and does not limit in any other respect that person's rights as a citizen or the person's property rights or legal capacity.

Sec. 574.110. EXPIRATION OF ORDER. (a) Except as provided by Subsection (b), an order issued under Section 574.106 expires on the expiration or termination date of the order for temporary or extended mental health services in effect when the order for psychoactive medication is issued.

(b) An order issued under Section 574.106 for a patient who is returned to a correctional facility, as defined by Section 1.07, Penal Code, to await trial in a criminal proceeding continues to be in effect until the earlier of the following dates, as applicable:

(1) the 180th day after the date the defendant was returned to the correctional facility;

(2) the date the defendant is acquitted, is convicted, or enters a plea of guilty; or

(3) the date on which charges in the case are dismissed.

(d) A patient's refusal or attempt to refuse to receive psychoactive medication, whether given verbally or by other indications or means, shall be documented in the patient's clinical record.

(e) In prescribing psychoactive medication, a treating physician shall:

(1) prescribe, consistent with clinically appropriate medical care, the medication that has the fewest side effects or the least potential for adverse side effects, unless the class of medication has been demonstrated or justified not to be effective
clinically; and

(2) administer the smallest therapeutically acceptable dosages of medication for the patient's condition.

(f) If a physician issues an order to administer psychoactive medication to a patient without the patient's consent because the patient is having a medication-related emergency:

(1) the physician shall document in the patient's clinical record in specific medical or behavioral terms the necessity of the order and that the physician has evaluated but rejected other generally accepted, less intrusive forms of treatment, if any; and

(2) treatment of the patient with the psychoactive medication shall be provided in the manner, consistent with clinically appropriate medical care, least restrictive of the patient's personal liberty.

CHAPTER 578. ELECTROCONVULSIVE AND OTHER THERAPIES

Sec. 578.001. APPLICATION. This chapter applies to the use of electroconvulsive therapy by any person, including a private physician who uses the therapy on an outpatient basis.

Added by Acts 1993, 73rd Leg., ch. 705, Sec. 5.01, eff. Sept. 1, 1993.

Sec. 578.002. USE OF ELECTROCONVULSIVE THERAPY. (a) Electroconvulsive therapy may not be used on a person who is younger than 16 years of age.

(b) Unless the person consents to the use of the therapy in accordance with Section 578.003, electroconvulsive therapy may not be used on:

(1) a person who is 16 years of age or older and who is voluntarily receiving mental health services; or

Sec. 578.003. CONSENT TO THERAPY. (a) The executive commissioner by rule shall adopt a standard written consent form to be used when electroconvulsive therapy is considered. The executive commissioner by rule shall also prescribe the information that must be contained in the written supplement required under Subsection (c). In addition to the information required under this section, the form must include the information required by the Texas Medical Disclosure Panel for electroconvulsive therapy. In developing the form, the executive commissioner shall consider recommendations of the panel.
Use of the consent form prescribed by the executive commissioner in the manner prescribed by this section creates a rebuttable presumption that the disclosure requirements of Sections 74.104 and 74.105, Civil Practice and Remedies Code, have been met.

(b) The written consent form must clearly and explicitly state:

(1) the nature and purpose of the procedure;
(2) the nature, degree, duration, and probability of the side effects and significant risks of the treatment commonly known by the medical profession, especially noting the possible degree and duration of memory loss, the possibility of permanent irrevocable memory loss, and the possibility of death;
(3) that there is a division of opinion as to the efficacy of the procedure; and
(4) the probable degree and duration of improvement or remission expected with or without the procedure.

(c) Before a patient receives each electroconvulsive treatment, the hospital, facility, or physician administering the therapy shall ensure that:

(1) the patient and the patient's guardian of the person, if any, receives a written copy of the consent form that is in the person's primary language, if possible;
(2) the patient and the patient's guardian of the person, if any, receives a written supplement that contains related information that pertains to the particular patient being treated;
(3) the contents of the consent form and the written supplement are explained to the patient and the patient's guardian of the person, if any:
   (A) orally, in simple, nontechnical terms in the person's primary language, if possible; or
   (B) through the use of a means reasonably calculated to communicate with a hearing impaired or visually impaired person, if applicable;
(4) the patient or the patient's guardian of the person, as appropriate, signs a copy of the consent form stating that the person has read the consent form and the written supplement and understands the information included in the documents; and
(5) the signed copy of the consent form is made a part of the patient's clinical record.

(d) Consent given under this section is not valid unless the person giving the consent understands the information presented and
consents voluntarily and without coercion or undue influence.

(e) For a patient 65 years of age or older, before each treatment series begins, the hospital, facility, or physician administering the procedure shall:

(1) ensure that two physicians have signed an appropriate form that states the procedure is medically necessary;

(2) make the form described by Subdivision (1) available to the patient or the patient's guardian of the person; and

(3) inform the patient or the patient's guardian of the person of any known current medical condition that may increase the possibility of injury or death as a result of the treatment.

Amended by:
- Acts 2005, 79th Leg., Ch. 137 (H.B. 740), Sec. 1, eff. September 1, 2005.

Sec. 578.005. PHYSICIAN REQUIREMENT. (a) Only a physician may administer electroconvulsive therapy.

(b) A physician may not delegate the act of administering the therapy. A nonphysician who administers electroconvulsive therapy is considered to be practicing medicine in violation of Subtitle B, Title 3, Occupations Code.

Sec. 578.006. REGISTRATION OF EQUIPMENT. (a) A person may not administer electroconvulsive therapy unless the equipment used to administer the therapy is registered with the department.

(b) A mental hospital or facility administering electroconvulsive therapy or a private physician administering the therapy on an outpatient basis must file an application for registration under this section. The applicant must submit the application to the department on a form prescribed by department rule.

(c) The application must be accompanied by a nonrefundable application fee. The executive commissioner by rule shall set the fee in a reasonable amount not to exceed the cost to the department to administer this section.

(d) The application must contain:
   (1) the model, manufacturer, and age of each piece of equipment used to administer the therapy; and
   (2) any other information required by department rule.

(e) The department may conduct an investigation as considered necessary after receiving the proper application and the required fee.

(f) The executive commissioner by rule may prohibit the registration and use of equipment of a type, model, or age the executive commissioner determines is dangerous.

(g) The department may deny, suspend, or revoke a registration if the department determines that the equipment is dangerous. The denial, suspension, or revocation of a registration is a contested case under Chapter 2001, Government Code.

sonic sound treatment, or any other convulsive or coma-producing therapy administered to treat mental illness or a physician administering the therapy on an outpatient basis shall submit to the department quarterly reports relating to the administration of the therapy in the hospital or facility or by the physician.

(b) A report must state for each quarter:

SUBTITLE D.  PERSONS WITH AN INTELLECTUAL DISABILITY ACT
CHAPTER 591.  GENERAL PROVISIONS
SUBCHAPTER A.  GENERAL PROVISIONS

Sec. 591.001.  SHORT TITLE.  This subtitle may be cited as the Persons with an Intellectual Disability Act.

Amended by:
Acts 2015, 84th Leg., R.S., Ch. 1 (S.B. 219), Sec. 3.1401, eff. April 2, 2015.

Sec. 591.002.  PURPOSE.  (a)  It is the public policy of this state that persons with an intellectual disability have the opportunity to develop to the fullest extent possible their potential for becoming productive members of society.

(b)  It is the purpose of this subtitle to provide and assure a continuum of quality services to meet the needs of all persons with an intellectual disability in this state.

(c)  The state's responsibility to persons with an intellectual disability does not replace or impede parental rights and responsibilities or terminate the activities of persons, groups, or associations that advocate for and assist persons with an intellectual disability.

(d)  It is desirable to preserve and promote living at home if feasible.  If living at home is not possible and placement in a residential care facility is necessary, a person must be admitted in accordance with basic due process requirements, giving appropriate consideration to parental desires if possible.  The person must be admitted to a facility that provides habilitative training for the person's condition, that fosters the personal development of the
person, and that enhances the person's ability to cope with the environment.

(e) Because persons with an intellectual disability have been denied rights solely because they are persons with an intellectual disability, the general public should be educated to the fact that persons with an intellectual disability who have not been adjudicated incompetent and for whom a guardian has not been appointed by a due process proceeding in a court have the same rights and responsibilities enjoyed by all citizens of this state. All citizens are urged to assist persons with an intellectual disability in acquiring and maintaining rights and in participating in community life as fully as possible.

Added by Acts 1991, 72nd Leg., ch. 76, Sec. 1, eff. Sept. 1, 1991. Amended by:

Acts 2015, 84th Leg., R.S., Ch. 1 (S.B. 219), Sec. 3.1402, eff. April 2, 2015.

(6) to request from the court an independent expert; and

(7) to be notified orally, at the conclusion of the hearing, of the court's determinations of the client's capacity and best interest.

(1) has been committed to a residential care facility; or

(2) is in custody awaiting trial in a criminal proceeding and was committed to a residential care facility in the six months preceding a hearing under this section.

(b) The court may issue an order under this section only if the court finds by clear and convincing evidence after the hearing:

(1) that the client lacks the capacity to make a decision regarding the administration of the proposed medication and that treatment with the proposed medication is in the best interest of the client; or

(2) if the client was committed to a residential care facility.
facility by a criminal court with jurisdiction over the client, that

treatment with the proposed medication is in the best interest of the

client, and either:

(A) the client presents a danger to the client or

others in the residential care facility in which the client is being
treated as a result of a mental disorder or mental defect as
determined under Section 592.157; or

(B) the client:

(i) has remained confined in a correctional

facility, as defined by Section 1.07, Penal Code, for a period
exceeding 72 hours while awaiting transfer for competency restoration
treatment; and

the correctional facility as a result of a mental disorder or mental
defect as determined under Section 592.157.

(c) In making the finding that treatment with the proposed

edication is in the best interest of the client, the court shall

consider:

(1) the client's expressed preferences regarding treatment

with psychoactive medication;

(2) the client's religious beliefs;

(3) the risks and benefits, from the perspective of the

client, of taking psychoactive medication;

(4) the consequences to the client if the psychoactive

medication is not administered;

(5) the prognosis for the client if the client is treated

with psychoactive medication;

(6) alternative, less intrusive treatments that are likely
to produce the same results as treatment with psychoactive

medication; and

(7) less intrusive treatments likely to secure the client's

consent to take the psychoactive medication.

(d) A hearing under this subchapter shall be conducted on the

record by the probate judge or judge with probate jurisdiction,
except as provided by Subsection (e).

(e) A judge may refer a hearing to a magistrate or court-

The hearing de novo shall be held not later than the 30th day after the date the application for an order to authorize psychoactive medication was filed.

(g) If a hearing or an appeal of an associate judge's or magistrate's report is to be held in a county court in which the judge is not a licensed attorney, the proposed client or the proposed client's attorney may request that the proceeding be transferred to a court with a judge who is licensed to practice law in this state. The county judge shall transfer the case after receiving the request, and the receiving court shall hear the case as if it had been originally filed in that court.

(h) As soon as practicable after the conclusion of the hearing, the client is entitled to have provided to the client and the client's attorney written notification of the court's determinations under this section. The notification shall include a statement of the evidence on which the court relied and the reasons for the court's determinations.

(i) An order entered under this section shall authorize the administration to a client, regardless of the client's refusal, of one or more classes of psychoactive medications specified in the application and consistent with the client's diagnosis. The order shall permit an increase or decrease in a medication's dosage, restitution of medication authorized but discontinued during the period the order is valid, or the substitution of a medication within the same class.

(j) The classes of psychoactive medications in the order must conform to classes determined by the department.

(k) An order issued under this section may be reauthorized or modified on the petition of a party. The order remains in effect pending action on a petition for reauthorization or modification. For the purpose of this subsection, "modification" means a change of a class of medication authorized in the order.

(l) For a client described by Subsection (b)(2)(B), an order issued under this section:

(1) authorizes the initiation of any appropriate mental health treatment for the patient awaiting transfer; and

(1) an assessment of the client's present mental condition; and

(2) whether the client has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to the client's self or to another while in the facility.

Added by Acts 2013, 83rd Leg., R.S., Ch. 504 (S.B. 34), Sec. 3, eff. September 1, 2013.

(b) The issuance of an order under Section 592.156 is not a determination or adjudication of mental incompetency and does not limit in any other respect that person's rights as a citizen or the
person's property rights or legal capacity.

Added by Acts 2013, 83rd Leg., R.S., Ch. 504 (S.B. 34), Sec. 3, eff. September 1, 2013.

(1) a statewide per capita;
(2) an individual facility per capita; or
(3) the type of service provided.

(c) The parents may elect to have their net taxable income determined by their most current financial statement or federal income tax return.

(d) In determining the portion of the costs of the resident's support, maintenance, and treatment that the parents are required to pay, the department, in accordance with rules adopted by the executive commissioner, shall adjust, when appropriate, the payment required under the fee schedule to allow for consideration of other factors affecting the ability of the parents to pay.

(e) The executive commissioner shall evaluate and, if necessary, revise the fee schedule at least once every five years.

Sec. 593.076. FEE SCHEDULE FOR DIVORCED PARENTS. (a) If the parents of a resident younger than 18 years of age are divorced, the fee charged each parent for the cost of the resident's support, maintenance, and treatment is determined by that parent's own income.

(b) If the divorced parents' combined fees exceed the maximum fee authorized under the fee schedule, the department shall equitably allocate the maximum fee between the parents in accordance with department rules, but a parent's fee may not exceed the individual fee determined for that parent under Subsection (a).

Sec. 593.077. CHILD SUPPORT PAYMENTS FOR BENEFIT OF RESIDENT. (a) Child support payments for the benefit of a resident paid or owed by a parent under court order are considered the property and estate of the resident and the:

(c) A parent who receives child support payments for a resident is liable for the monthly charges based on the amount of child support payments actually received in addition to the liability of that parent based on ability to pay.

(d) The department may file a motion to modify a court order that establishes a child support obligation for a resident to require payment of the child support directly to the residential care facility in which the resident resides for the resident's support, maintenance, and treatment if:
(1) the resident's parent fails to pay child support as required by the order; or

(2) the resident's parent who receives child support fails to pay charges based on the amount of child support payments received.

(e) In addition to modification of an order under Subsection (d), the court may order all past due child support for the benefit of a resident paid directly to the resident's residential care facility to the extent that the department is entitled to reimbursement of the resident's charges from the child support obligation.

(a) Unpaid charges accruing after January 1, 1978, and owed by a parent for the support, maintenance, and treatment of a resident are a claim in favor of the state for the cost of support, maintenance, and treatment of the resident and constitute a lien against the parent's property and estate as provided by Section 533.004, but do not constitute a lien against any other estate or property of the resident.

(b) Except as provided by Section 593.081, costs determined under Section 593.073 constitute a claim by the state against the entire estate or property of the resident, including any share the resident may have by gift, descent, or devise in the estate of the resident's parent or any other person.
Sec. 593.081. TRUST EXEMPTION. (a) If the resident is the beneficiary of a trust that has an aggregate principal of $250,000 or less, the corpus or income of the trust for the purposes of this subchapter is not considered to be the property of the resident or the resident's estate, and is not liable for the resident's support, maintenance, and treatment regardless of the resident's age.

(b) To qualify for the exemption provided by Subsection (a), the trust must be created by a written instrument, and a copy of the trust instrument must be provided to the department.

(c) A trustee of the trust shall, on the department's request, provide to the department a current financial statement that shows the value of the trust estate.

(d) The professional who denies access to a portion of a record under this section shall redetermine the necessity for the denial at each time a request for the denied portion is made. If the professional again denies access, the professional shall notify the patient of the denial and document the denial as prescribed by Subsection (c).

(e) If a professional denies access to a portion of a confidential record, the professional shall allow examination and copying of the record by another professional if the patient selects the professional to treat the patient for the same or a related condition as the professional denying access.

(f) The content of a confidential record shall be made available to a person listed by Section 611.004(a)(4) or (5) who is acting on the patient's behalf.

(g) A professional shall delete confidential information about another person who has not consented to the release, but may not delete information relating to the patient that another person has provided, the identity of the person responsible for that information, or the identity of any person who provided information that resulted in the patient's commitment.

(h) If a summary or narrative of a confidential record is requested by the patient or other person requesting release under this section, the professional shall prepare the summary or narrative.

(i) The professional or other entity that has possession or control of the record shall grant access to any portion of the record to which access is not specifically denied under this section within a reasonable time and may charge a reasonable fee.

(j) Notwithstanding Section 159.002, Occupations Code, this section applies to the release of a confidential record created or maintained by a professional, including a physician, that relates to
the diagnosis, evaluation, or treatment of a mental or emotional condition or disorder, including alcoholism or drug addiction.

(k) The denial of a patient's access to any portion of a record by the professional or other entity that has possession or control of the record suspends, until the release of that portion of the record, the running of an applicable statute of limitations on a cause of action in which evidence relevant to the cause of action is in that portion of the record.

Sec. 611.005. LEGAL REMEDIES FOR IMPROPER DISCLOSURE OR FAILURE TO DISCLOSE. (a) A person aggrieved by the improper disclosure of or failure to disclose confidential communications or records in violation of this chapter may petition the district court of the county in which the person resides for appropriate relief, including injunctive relief. The person may petition a district court of Travis County if the person is not a resident of this state.

(b) In a suit contesting the denial of access under Section 611.0045, the burden of proving that the denial was proper is on the professional who denied the access.

(c) The aggrieved person also has a civil cause of action for damages.

Sec. 611.006. AUTHORIZED DISCLOSURE OF CONFIDENTIAL INFORMATION IN JUDICIAL OR ADMINISTRATIVE PROCEEDING. (a) A professional may disclose confidential information in:

(1) a judicial or administrative proceeding brought by the patient or the patient's legally authorized representative against a professional, including malpractice proceedings;

(2) a license revocation proceeding in which the patient is a complaining witness and in which disclosure is relevant to the claim or defense of a professional;
(3) a judicial or administrative proceeding in which the patient waives the patient’s right in writing to the privilege of confidentiality of information or when a representative of the patient acting on the patient's behalf submits a written waiver to the confidentiality privilege;

(4) a judicial or administrative proceeding to substantiate and collect on a claim for mental or emotional health services rendered to the patient;

(5) a judicial proceeding if the judge finds that the patient, after having been informed that communications would not be privileged, has made communications to a professional in the course of a court-ordered examination relating to the patient's mental or emotional condition or disorder, except that those communications may be disclosed only with respect to issues involving the patient's mental or emotional health;

(6) a judicial proceeding affecting the parent-child relationship;

(7) any criminal proceeding, as otherwise provided by law;

(8) a judicial or administrative proceeding regarding the abuse or neglect, or the cause of abuse or neglect, of a resident of an institution, as that term is defined by Chapter 242;

(9) a judicial proceeding relating to a will if the patient's physical or mental condition is relevant to the execution of the will;

(10) an involuntary commitment proceeding for court-ordered treatment or for a probable cause hearing under:
    (A) Chapter 462;
    (B) Chapter 574; or
    (C) Chapter 593; or

(11) a judicial or administrative proceeding where the court or agency has issued an order or subpoena.

(b) On granting an order under Subsection (a)(5), the court, in determining the extent to which disclosure of all or any part of a communication is necessary, shall impose appropriate safeguards against unauthorized disclosure.

Added by Acts 1995, 74th Leg., ch. 856, Sec. 9, eff. Sept. 1, 1995.

Sec. 611.007. REVOCATION OF CONSENT. (a) Except as provided
by Subsection (b), a patient or a patient's legally authorized representative may revoke a disclosure consent to a professional at any time. A revocation is valid only if it is written, dated, and signed by the patient or legally authorized representative.

(b) A patient may not revoke a disclosure that is required for purposes of making payment to the professional for mental health care services provided to the patient.

(c) A patient may not maintain an action against a professional for a disclosure made by the professional in good faith reliance on an authorization if the professional did not have notice of the revocation of the consent.

Added by Acts 1995, 74th Leg., ch. 856, Sec. 9, eff. Sept. 1, 1995.

Sec. 611.008. REQUEST BY PATIENT. (a) On receipt of a written request from a patient to examine or copy all or part of the patient's recorded mental health care information, a professional, as promptly as required under the circumstances but not later than the 15th day after the date of receiving the request, shall:

(1) make the information available for examination during regular business hours and provide a copy to the patient, if requested; or

(2) inform the patient if the information does not exist or cannot be found.

(b) Unless provided for by other state law, the professional may charge a reasonable fee for retrieving or copying mental health care information and is not required to permit examination or copying until the fee is paid unless there is a medical emergency.

(c) A professional may not charge a fee for copying mental health care information under Subsection (b) to the extent the fee is prohibited under Subchapter M, Chapter 161.

Added by Acts 1995, 74th Leg., ch. 856, Sec. 9, eff. Sept. 1, 1995.

CHAPTER 612. INTERSTATE COMPACT ON MENTAL HEALTH

Sec. 612.001. EXECUTION OF INTERSTATE COMPACT. This state enters into a compact with all other states legally joining in the compact in substantially the following form:

"INTERSTATE COMPACT ON MENTAL HEALTH
"The contracting states solemnly agree that:

"ARTICLE I

"The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them.

Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

"ARTICLE II

"As used in this compact:

"(a) 'Sending state' shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

"(b) 'Receiving state' shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

"(c) 'Institution' shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

"(d) 'Patient' shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

"(e) 'After-care' shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

"(f) 'Mental illness' shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

"(g) 'Mental deficiency' shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a
person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

"(h) 'State' shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

"ARTICLE III

"(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

"(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

"(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

"(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

"(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

"ARTICLE IV
"(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

"(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

"(c) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

"ARTICLE V

"Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

"ARTICLE VI

"The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity
of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

"ARTICLE VII

"(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

"(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

"(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

"(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

"(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a non-party state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

"ARTICLE VIII

"(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting
and other acts as such court may by law require, relieve the previous
guardian of power and responsibility to whatever extent shall be
appropriate in the circumstances; provided, however, that in the
case of any patient having settlement in the sending state, the court
of competent jurisdiction in the sending state shall have the sole
discretion to relieve a guardian appointed by it or continue his
power and responsibility, whichever it shall deem advisable. The
court in the receiving state may, in its discretion, confirm or
reappoint the person or persons previously serving as guardian in the
sending state in lieu of making a supplemental or substitute
appointment.

"(b) The term guardian as used in paragraph (a) of this article
shall include any guardian, trustee, legal committee, conservator, or
other person or agency however denominated who is charged by law with
power to act for or responsibility for the person or property of a
patient.

"ARTICLE IX

"(a) No provision of this compact except Article V shall apply
to any person institutionalized while under sentence in a penal or
correctional institution or while subject to trial on a criminal
charge, or whose institutionalization is due to the commission of an
offense for which, in the absence of mental illness or mental
deficiency, said person would be subject to the incarceration in a
penal or correctional institution.

"(b) To every extent possible, it shall be the policy of states
party to this compact that no patient shall be placed or detained in
any prison, jail or lockup, but such patient shall, with all
expedition, be taken to a suitable institutional facility for mental
illness or mental deficiency.

"ARTICLE X

"(a) Each party state shall appoint a compact administrator
who, on behalf of his state, shall act as general coordinator of
activities under the compact in his state and who shall receive
copies of all reports, correspondence, and other documents relating
to any patient processed under the compact by his state either in the
capacity of sending or receiving state. The compact administrator or
his duly designated representative shall be the official with whom
other party states shall deal in any matter relating to the compact
or any patient processed thereunder.

"(b) The compact administrators of the respective party states
shall have power to promulgate reasonable rules and regulations to
carry out more effectively the terms and provisions of this compact.

"ARTICLE XI

"The duly constituted administrative authorities of any two or
more party states may enter into supplementary agreements for the
provision of any service or facility or for the maintenance of any
institution on a joint or cooperative basis whenever the states
concerned shall find that such agreements will improve services,
facilities, or institutional care and treatment in the fields of
mental illness or mental deficiency. No such supplementary agreement
shall be construed so as to relieve any party state of any obligation
which it otherwise would have under other provisions of this compact.

"ARTICLE XII

"This compact shall enter into full force and effect as to any
state when enacted by it into law and such state shall thereafter be
a party thereto with any and all states legally joining therein.

"ARTICLE XIII

"(a) A state party to this compact may withdraw therefrom by
enacting a statute repealing the same. Such withdrawal shall take
effect one year after notice thereof has been communicated officially
and in writing to the governors and compact administrators of all
other party states. However, the withdrawal of any state shall not
change the status of any patient who has been sent to said state or
sent out of said state pursuant to the provisions of the compact.

"(b) Withdrawal from any agreement permitted by Article VII(b)
as to costs or from any supplementary agreement made pursuant to
Article XI shall be in accordance with the terms of such agreement.

"ARTICLE XIV

"This compact shall be liberally construed so as to effectuate
the purposes thereof. The provisions of this compact shall be
severable and if any phrase, clause, sentence or provision of this
compact is declared to be contrary to the constitution of any party
state or of the United States or the applicability thereof to any
government, agency, person or circumstance is held invalid, the
validity of the remainder of this compact and the applicability
thereof to any government, agency, person or circumstance shall not
be affected thereby. If this compact shall be held contrary to the
constitution of any state party thereto, the compact shall remain in
full force and effect as to the remaining states and in full force
and effect as to the state affected as to all severable matters."
Sec. 612.002. COMPACT ADMINISTRATOR. (a) Under the compact, the governor shall appoint the executive commissioner of the Health and Human Services Commission as the compact administrator.

(b) The compact administrator may appoint a designee to perform the administrator's duties.

(b) The compact administrator shall cooperate with all departments, agencies, and officers of this state and its subdivisions in facilitating the proper administration of the compact or of a supplementary agreement entered into by this state under the compact.

(c) For informational purposes, the compact administrator shall file with the secretary of state notice of compact meetings for publication in the Texas Register.

Sec. 612.005. SUPPLEMENTARY AGREEMENTS. (a) The compact administrator may enter into supplementary agreements with appropriate officials of other states under Articles VII and XI of the compact.

(b) If a supplementary agreement requires or contemplates the use of an institution or facility of this state or requires or contemplates the provision of a service by this state, the supplementary agreement does not take effect until approved by the executive commissioner and the head of the department or agency:

(1) under whose jurisdiction the institution or facility is
operated; or

(2) that will perform the service.

Amended by:

Acts 2015, 84th Leg., R.S., Ch. 1 (S.B. 219), Sec. 3.1488, eff. April 2, 2015.

Sec. 612.006. FINANCIAL AGREEMENTS. The compact administrator may make or arrange for the payments necessary to discharge the financial obligations imposed on this state by the compact or by a supplementary agreement entered into under the compact, subject to the approval of the comptroller.

Sec. 612.007. REQUIREMENTS AFFECTING TRANSFERS OF CERTAIN PATIENTS. (a) The compact administrator shall consult with the immediate family of any person proposed to be transferred.

(b) If a person is proposed to be transferred from an institution in this state to an institution in another state that is a party to the compact, the compact administrator may not take final action without the approval of the district court of the district in which the person resides.

(d) Except as otherwise provided in Section 692A.008(h), in the absence of an express, contrary indication by the individual set forth in the refusal, an individual's unrevoked refusal to make an anatomical gift of the individual's body or part bars all other persons from making an anatomical gift of the individual's body or part.

Added by Acts 2009, 81st Leg., R.S., Ch. 186 (H.B. 2027), Sec. 1, eff. September 1, 2009.

(a) Except as otherwise provided in Subsection (g) and subject to Subsection (f), in the absence of an express, contrary indication by the donor, a person other than the donor is barred from making, amending, or revoking an anatomical gift of a donor's body or part if the donor made an anatomical gift of the donor's body or part under Section 692A.005 or an amendment to an anatomical gift of the donor's body or part under Section 692A.006.

(b) A donor's revocation of an anatomical gift of the donor's body or part under Section 692A.006 is not a refusal and does not bar another person specified in Section 692A.004 or Section 692A.009 from making an anatomical gift of the donor's body or part under Section 692A.005 or Section 692A.010.

(c) If a person other than the donor makes an unrevoked anatomical gift of the donor's body or part under Section 692A.005 or an amendment to an anatomical gift of the donor's body or part under Section 692A.006, another person may not make, amend, or revoke the gift of the donor's body or part under Section 692A.010.

(d) A revocation of an anatomical gift of a donor's body or part under Section 692A.006 by a person other than the donor does not bar another person from making an anatomical gift of the body or part under Section 692A.005 or Section 692A.010.

(e) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under Section 692A.004, an anatomical gift of a part is neither a refusal to give another part nor a limitation on the making of an anatomical gift of another part at a later time by the donor or another person.
(f) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under Section 692A.004, an anatomical gift of a part for one or more of the purposes set forth in Section 692A.004 is not a limitation on the making of an anatomical gift of the part for any of the other purposes by the donor or any other person under Section 692A.005 or Section 692A.010.

(g) If a donor who is an unemancipated minor dies, a parent of the donor who is reasonably available may revoke or amend an anatomical gift of the donor's body or part.

(h) If an unemancipated minor who signed a refusal dies, a parent of the minor who is reasonably available may revoke the minor's refusal.

Added by Acts 2009, 81st Leg., R.S., Ch. 186 (H.B. 2027), Sec. 1, eff. September 1, 2009.

(b) If there is more than one member of a class listed in Subsection (a)(1), (3), (4), (5), (6), (7), or (9) entitled to make an anatomical gift, an anatomical gift may be made by a member of the class unless that member or a person to which the gift may pass under Section 692A.011 knows of an objection by another member of the class. If an objection is known, the gift may be made only by a majority of the members of the class who are reasonably available.

(c) A person may not make an anatomical gift if, at the time of the decedent's death, a person in a prior class under Subsection (a) is reasonably available to make or to object to the making of an anatomical gift.

(b) Subject to Subsection (c), an anatomical gift by a person authorized under Section 692A.009 may be amended or revoked orally or in a record by any member of a prior class who is reasonably available. If more than one member of the prior class is reasonably available, the gift made by a person authorized under Section 692A.009 may be:

(2) revoked only if a majority of the reasonably available members agree to the revoking of the gift or if they are equally divided as to whether to revoke the gift.

(c) A revocation under Subsection (b) is effective only if, before an incision has been made to remove a part from the donor's body or before the initiation of invasive procedures to prepare the recipient, the procurement organization, transplant hospital, or physician or technician knows of the revocation.
Sec. 692A.011. PERSONS THAT MAY RECEIVE ANATOMICAL GIFT; PURPOSE OF ANATOMICAL GIFT. (a) An anatomical gift may be made to the following persons named in the document of gift:

program received; and

(2) the method in which the program used the bodies or parts of bodies for education or research.

(d) If an anatomical gift to an individual under Subsection (a)(3) cannot be transplanted into the individual, the part passes in accordance with Subsection (i) in the absence of an express, contrary indication by the person making the anatomical gift.

(e) If an anatomical gift of one or more specific parts or of all parts is made in a document of gift that does not name a person described in Subsection (a) but identifies the purpose for which an anatomical gift may be used, the following rules apply:

(g) If an anatomical gift of one or more specific parts is made in a document of gift that does not name a person described in Subsection (a) and does not identify the purpose of the gift, the gift may be used only for transplantation or therapy, and the gift passes in accordance with Subsection (i).

(h) If a document of gift specifies only a general intent to make an anatomical gift by words such as "donor," "organ donor," or "body donor," or by a symbol or statement of similar import, the gift may be used only for transplantation or therapy, and the gift passes in accordance with Subsection (i).

(i) For purposes of Subsections (d), (g), and (h), the
following rules apply:

(1) if the part is an eye, the gift passes to the appropriate eye bank;

(2) if the part is tissue, the gift passes to the appropriate tissue bank; and

(3) if the part is an organ, the gift passes to the appropriate organ procurement organization as custodian of the organ.

(j) An anatomical gift of an organ for transplantation or therapy, other than an anatomical gift under Subsection (a)(3), passes to the organ procurement organization as custodian of the organ.

(k) If an anatomical gift does not pass pursuant to Subsections (a) through (j) or the decedent's body or part is not used for transplantation, therapy, research, or education, custody of the body or part passes to the person under obligation to dispose of the body or part.

(l) A person may not accept an anatomical gift if the person knows that the gift was not effectively made under Section 692A.005 or Section 692A.010 or if the person knows that the decedent made a refusal under Section 692A.007 that was not revoked. For purposes of this subsection, if a person knows that an anatomical gift was made on a document of gift, the person is deemed to know of any amendment or revocation of the gift or any refusal to make an anatomical gift on the same document of gift.

(m) Except as otherwise provided in Subsection (a)(3), nothing in this chapter affects the allocation of organs for transplantation or therapy.

(n) A donee may accept or reject a gift.

Sec. 692A.013. DELIVERY OF DOCUMENT OF GIFT NOT REQUIRED; RIGHT TO EXAMINE. (a) A document of gift need not be delivered during the donor's lifetime to be effective.

(b) On or after an individual's death, a person in possession of a document of gift or a refusal to make an anatomical gift with respect to the individual shall allow examination and copying of the document of gift or refusal by a person authorized to make or object to the making of an anatomical gift with respect to the individual or by a person to which the gift could pass under Section 692A.011.

Added by Acts 2009, 81st Leg., R.S., Ch. 186 (H.B. 2027), Sec. 1, eff. September 1, 2009.

Sec. 692A.014. RIGHTS AND DUTIES OF PROCUREMENT ORGANIZATION AND OTHERS. (a) When a hospital refers an individual at or near death to a procurement organization, the organization shall make a reasonable search of the records of the Department of Public Safety and any donor registry that it knows exists for the geographical area in which the individual resides to ascertain whether the individual has made an anatomical gift.

(b) A procurement organization must be allowed reasonable access to information in the records of the Department of Public Safety to ascertain whether an individual at or near death is a donor.

(c) When a hospital refers an individual at or near death to a procurement organization, the organization may conduct any reasonable examination necessary to ensure the medical suitability of a part that is or could be the subject of an anatomical gift for transplantation, therapy, research, or education from a donor or a prospective donor. During the examination period, measures necessary to ensure the medical suitability of the part may not be withdrawn unless the hospital or procurement organization knows that the
individual expressed a contrary intent.

(d) Unless prohibited by law other than this chapter, at any time after a donor's death, the person to which a part passes under Section 692A.011 may conduct any reasonable examination necessary to ensure the medical suitability of the body or part for its intended purpose.

(e) Unless prohibited by law other than this chapter, an examination under Subsection (c) or (d) may include an examination of all medical and dental records of the donor or prospective donor.

(f) On the death of a minor who was a donor or had signed a refusal, unless a procurement organization knows the minor is emancipated, the procurement organization shall conduct a reasonable search for the parents of the minor and provide the parents with an opportunity to revoke or amend the anatomical gift or revoke the refusal.

(g) On referral by a hospital under Subsection (a), a procurement organization shall make a reasonable search for any person listed in Section 692A.009 having priority to make an anatomical gift on behalf of a prospective donor. If a procurement organization receives information that an anatomical gift to any other person was made, amended, or revoked, it shall promptly advise the other person of all relevant information.

(h) Subject to Sections 692A.011(k) and 693.002, the rights of the person to which a part passes under Section 692A.011 are superior to the rights of all others with respect to the part. The person may accept or reject an anatomical gift wholly or partly. Subject to the terms of the document of gift and this chapter, a person that accepts an anatomical gift of an entire body may allow embalming, burial, or cremation, and use of remains in a funeral service. If the gift is of a part, the person to which the part passes under Section 692A.011, on the death of the donor and before embalming, burial, or cremation, shall cause the part to be removed without unnecessary mutilation.

(i) The physician who attends the decedent at death or the physician who determines the time of the decedent's death may not participate in the procedures for removing or transplanting a part from the decedent.

Each hospital must have a protocol that ensures its maintenance of an effective donation system in order to maximize organ, tissue, and eye donation. The protocol must:

1. be available to the public during the hospital's normal business hours;
2. establish a procedure for the timely notification to an organ procurement organization of individuals whose death is imminent or who have died in the hospital;
3. establish procedures to ensure potential donors are declared dead by an appropriate practitioner in an acceptable time frame;
4. establish procedures to ensure that hospital staff and organ procurement organization staff maintain appropriate medical treatment of potential donors while necessary testing and placement of potential donated organs, tissues, and eyes take place;
5. ensure that all families are provided the opportunity to donate organs, tissues, and eyes, including vascular organs procured from asystolic donors;
6. provide that the hospital use appropriately trained persons from an organ procurement organization, tissue bank, or eye bank to make inquiries relating to donations;
7. provide for documentation of the inquiry and of its disposition in the decedent's medical records;
8. require an organ procurement organization, tissue bank, or eye bank that makes inquiries relating to donations to develop a protocol for making those inquiries;
9. encourage sensitivity to families' beliefs and circumstances in all discussions relating to the donations;
10. provide that the organ procurement organization determines medical suitability for organ donation and, in the absence of alternative arrangements by the hospital, the organ procurement organization determines medical suitability for tissue and eye
donation, using the definition of potential tissue and eye donor and the notification protocol developed in consultation with the tissue and eye banks identified by the hospital for this purpose;

(11) ensure that the hospital works cooperatively with the designated organ procurement organization, tissue bank, and eye bank in educating staff on donation issues;

(12) ensure that the hospital works with the designated organ procurement organization, tissue bank, and eye bank in reviewing death records; and

(13) provide for monitoring of donation system effectiveness, including rates of donation, protocols, and policies, as part of the hospital's quality improvement program.

An offense under this subsection is a Class A misdemeanor.

(b) A person may charge a reasonable amount for the removal, processing, preservation, quality control, storage, transportation, implantation, or disposal of a part.

ensure the medical suitability of a part for transplantation or therapy, the prospective donor's attending physician and prospective donor shall confer to resolve the conflict. If the prospective donor is incapable of resolving the conflict, an agent acting under the prospective donor's declaration or directive, or, if the agent is not reasonably available, another person authorized by law other than this chapter to make health-care decisions on behalf of the prospective donor, shall act on the prospective donor's behalf to resolve the conflict. The conflict must be resolved as expeditiously as possible. Information relevant to the resolution of the conflict may be obtained from the appropriate procurement organization and any other person authorized to make an anatomical gift for the prospective donor under Section 692A.009. Before resolution of the conflict, measures necessary to ensure the medical suitability of the part may not be withheld or withdrawn from the prospective donor.

CHAPTER 693. REMOVAL OF BODY PARTS, BODY TISSUE, AND CORNEAL TISSUE

SUBCHAPTER A. REMOVAL OF BODY PARTS OR TISSUE

Sec. 693.001. DEFINITION. In this subchapter, "visceral organ" means the heart, kidney, liver, or other organ or tissue that requires a patient support system to maintain the viability of the organ or tissue.

Sec. 693.002. REMOVAL OF BODY PART OR TISSUE FROM DECEDENT WHO DIED UNDER CIRCUMSTANCES REQUIRING AN INQUEST. (a) (1) On a request from an organ procurement organization, as defined by Section 692A.002, the medical examiner, justice of the peace, county judge, or physician designated by the justice of the peace or county judge may permit the removal of organs from a decedent who died under circumstances requiring an inquest by the medical examiner, justice of the peace, or county judge if consent is obtained pursuant to Sections 692A.005 through 692A.010 or Section 693.003.

(2) If no autopsy is required, the organs to be transplanted shall be released in a timely manner to the organ procurement organization, as defined by Section 692A.002, for removal and transplantation.

(3) If an autopsy is required and the medical examiner, justice of the peace, county judge, or designated physician determines that the removal of the organs will not interfere with the subsequent course of an investigation or autopsy, the organs shall be released in a timely manner for removal and transplantation. The autopsy will be performed in a timely manner following the removal of the organs.

(4) If the medical examiner is considering withholding one or more organs of a potential donor for any reason, the medical examiner shall be present during the removal of the organs. In such case, the medical examiner may request a biopsy of those organs or deny removal of the anatomical gift. If the medical examiner denies removal of the anatomical gift, the medical examiner shall explain in
writing the reasons for the denial. The medical examiner shall provide the explanation to:

(A) the organ procurement organization; and
(B) any person listed in Section 692A.009 who consented to the removal.

(5) If the autopsy is not being performed by a medical examiner and one or more organs may be withheld, the justice of the peace, county judge, or designated physician shall be present during the removal of the organs and may request the biopsy or deny removal of the anatomical gift. If removal of the anatomical gift is denied, the justice of the peace, county judge, or physician shall provide the written explanation required by Subdivisions (4)(A) and (B).

(6) If, in performing the duties required by this subsection, the medical examiner or, in those cases in which an autopsy is not performed by a medical examiner, the justice of the peace, county judge, or designated physician is required to be present at the hospital to examine the decedent prior to removal of the organs or during the procedure to remove the organs, the qualified organ procurement organization shall on request reimburse the county or the entity designated by the county for the actual costs incurred in performing such duties, not to exceed $1,000. Such reimbursements shall be deposited in the general fund of the county. The payment shall be applied to the additional costs incurred by the office of the medical examiner, justice of the peace, or county judge in performing such duties, including the cost of providing coverage beyond regular business hours. The payment shall be used to facilitate the timely procurement of organs in a manner consistent with the preservation of the organs for the purposes of transplantation.

(7) At the request of the medical examiner or, in those cases in which an autopsy is not performed by a medical examiner, the justice of the peace, county judge, or designated physician, the health care professional removing organs from a decedent who died under circumstances requiring an inquest shall file with the medical examiner, justice of the peace, or county judge a report detailing the condition of the organs removed and their relationship, if any, to the cause of death.

(b) On a request from a tissue bank, as defined by Section 692A.002, the medical examiner may permit the removal of tissue believed to be clinically usable for transplants or other therapy or
treatment from a decedent who died under circumstances requiring an
inquest if consent is obtained pursuant to Sections 692A.005 through
692A.010 or Section 693.003 or, if consent is not required by those
sections, no objection by a person listed in Section 692A.009 is
known by the medical examiner. If the medical examiner denies
removal of the tissue, the medical examiner shall explain in writing
the reasons for the denial. The medical examiner shall provide the
explanation to:

(1) the tissue bank; and

(2) the person listed in Section 692A.009 who consented to
the removal.

(c) If the autopsy is not being performed by a medical
examiner, the justice of the peace, county judge, or designated
physician may permit the removal of tissue in the same manner as a
medical examiner under Subsection (b). If removal of the anatomical
gift is denied, the justice of the peace, county judge, or physician
shall provide the written explanation required by Subsections (b)(1)
and (2).

Sec. 711.002. DISPOSITION OF REMAINS; DUTY TO INTER. (a) Except as provided by Subsection (l), unless a decedent has left directions in writing for the disposition of the decedent's remains as provided in Subsection (g), the following persons, in the priority listed, have the right to control the disposition, including cremation, of the decedent's remains, shall inter the remains, and in accordance with Subsection (a-1) are liable for the reasonable cost of interment:

(1) the person designated in a written instrument signed by the decedent;
(2) the decedent's surviving spouse;
(3) any one of the decedent's surviving adult children;
(4) either one of the decedent's surviving parents;
(5) any one of the decedent's surviving adult siblings;
(6) any one or more of the duly qualified executors or administrators of the decedent's estate; or
(7) any adult person in the next degree of kinship in the order named by law to inherit the estate of the decedent.

(a-1) If the person with the right to control the disposition of the decedent's remains fails to make final arrangements or appoint another person to make final arrangements for the disposition before the earlier of the 6th day after the date the person received notice of the decedent's death or the 10th day after the date the decedent died, the person is presumed to be unable or unwilling to control the disposition, and:

(1) the person's right to control the disposition is terminated; and
(2) the right to control the disposition is passed to the following persons in the following priority:

(A) any other person in the same priority class under...
Subsection (a) as the person whose right was terminated; or
(B) a person in a different priority class, in the priority listed in Subsection (a).

(a-2) If a United States Department of Defense Record of Emergency Data, DD Form 93, or a successor form, was in effect at the time of death for a decedent who died in a manner described by 10 U.S.C. Sections 1481(a)(1) through (8), the DD Form 93 controls over any other written instrument described by Subsection (a)(1) or (g) with respect to designating a person to control the disposition of the decedent's remains. Notwithstanding Subsections (b) and (c), the form is legally sufficient if it is properly completed, signed by the decedent, and witnessed in the manner required by the form.

(a-3) A person exercising the right to control the disposition of remains under Subsection (a), other than a duly qualified executor or administrator of the decedent's estate, is liable for the reasonable cost of interment and may seek reimbursement for that cost from the decedent's estate. When an executor or administrator exercises the right to control the disposition of remains under Subsection (a)(6), the decedent's estate is liable for the reasonable cost of interment, and the executor or administrator is not individually liable for that cost.

(b) The written instrument referred to in Subsection (a)(1) may be in substantially the following form:

(c) A written instrument is legally sufficient under Subsection
(a)(1) if the instrument designates a person to control the
disposition of the decedent's remains, the instrument is signed by
the decedent, the signature of the decedent is acknowledged, and the
agent or successor agent signs the instrument before acting as the
decedent's agent. Unless the instrument provides otherwise, the
designation of the decedent's spouse as an agent or successor agent
in the instrument is revoked when the marriage of the decedent and
the spouse appointed as an agent or successor agent is dissolved by
divorce, annulled, or declared void before the decedent's death.
Such written instrument may be modified or revoked only by a
subsequent written instrument that complies with this subsection.

(d) A person listed in Subsection (a) has the right, duty, and
liability provided by that subsection only if there is no person in a
priority listed before the person.

(e) If there is no person with the duty to inter under
Subsection (a) and:

(1) an inquest is held, the person conducting the inquest
shall inter the remains; and

(2) an inquest is not held, the county in which the death
occurred shall inter the remains.

(f) A person who represents that the person knows the identity
of a decedent and, in order to procure the disposition, including
cremation, of the decedent's remains, signs an order or statement,
other than a death certificate, warrants the identity of the decedent
and is liable for all damages that result, directly or indirectly,
from that warrant.

(g) A person may provide written directions for the
disposition, including cremation, of the person's remains in a will,
a prepaid funeral contract, or a written instrument signed and
acknowledged by such person. A party to the prepaid funeral contract
or a written contract providing for all or some of a decedent's
funeral arrangements who fails to honor the contract is liable for
the additional expenses incurred in the disposition of the decedent's
remains as a result of the breach of contract. The directions may
govern the inscription to be placed on a grave marker attached to any
plot in which the decedent had the right of sepulture at the time of
death and in which plot the decedent is subsequently interred. The
directions may be modified or revoked only by a subsequent writing
signed and acknowledged by such person. The person otherwise
entitled to control the disposition of a decedent's remains under
this section shall faithfully carry out the directions of the
decedent to the extent that the decedent's estate or the person
controlling the disposition are financially able to do so.

(h) If the directions are in a will, they shall be carried out
immediately without the necessity of probate. If the will is not
probated or is declared invalid for testamentary purposes, the
directions are valid to the extent to which they have been acted on
in good faith.

(i) A cemetery organization, a business operating a crematory
or columbarium or both, a funeral director or an embalmer, or a
funeral establishment shall not be liable for carrying out the
written directions of a decedent or the directions of any person who
represents that the person is entitled to control the disposition of
the decedent's remains.

(j) Repealed by Acts 2011, 82nd Leg., R.S., Ch. 707, Sec. 3,
eff. June 17, 2011.

(k) Any dispute among any of the persons listed in Subsection
(a) concerning their right to control the disposition, including
cremation, of a decedent's remains shall be resolved by a court with
jurisdiction over probate proceedings for the decedent, regardless of
whether a probate proceeding has been initiated. A cemetery
organization or funeral establishment shall not be liable for
refusing to accept the decedent's remains, or to inter or otherwise
dispose of the decedent's remains, until it receives a court order or
other suitable confirmation that the dispute has been resolved or
settled.

(l) A person listed in Subsection (a) may not control the
disposition of the decedent's remains if, in connection with the
decedent's death, an indictment has been filed charging the person
with a crime under Chapter 19, Penal Code, that involves family
violence against the decedent. A person regulated under Chapter 651,
Occupations Code, who knowingly allows the person charged with a
crime to control the disposition of the decedent's remains in
violation of this subsection commits a prohibited practice under
Section 651.460, Occupations Code, and the Texas Funeral Service
Commission may take disciplinary action or assess an administrative
penalty against the regulated person under that chapter.

Acts 1989, 71st Leg., ch. 678, Sec. 1, eff. Sept. 1, 1989. Amended
by Acts 1991, 72nd Leg., ch. 14, Sec. 213, eff. Sept. 1, 1991; Acts

1. the date the remains are received;
2. the date the remains are interred;
3. the name and age of the person interred if those facts can be conveniently obtained; and
4. the identity of the plot in which the remains are interred.

Sec. 711.004. REMOVAL OF REMAINS. (a) Remains interred in a
cemetery may be removed from a plot in the cemetery with the written
consent of the cemetery organization operating the cemetery and the
written consent of the current plot owner or owners and the following
persons, in the priority listed:
(1) the decedent's surviving spouse;
(2) the decedent's surviving adult children;
(3) the decedent's surviving parents;
(4) the decedent's adult siblings; or
(5) the adult person in the next degree of kinship in the
order named by law to inherit the estate of the decedent.
(b) A person listed in Subsection (a) may consent to the
removal only if there is no person in a priority listed before that
person.
(c) If the consent required by Subsection (a) cannot be
obtained, the remains may be removed by permission of a county court
of the county in which the cemetery is located. Before the date of
application to the court for permission to remove remains under this
subsection, notice must be given to:
(1) the cemetery organization operating the cemetery in
which the remains are interred or if the cemetery organization cannot
be located or does not exist, the Texas Historical Commission;
(2) each person whose consent is required for removal of
the remains under Subsection (a); and
(3) any other person or entity that the court subsequently
requires to be served.
(d) For the purposes of Subsection (c) and except as provided
by this subsection or Subsection (d-1) or (k), personal notice must
be given not later than the 11th day before the date of application
to the court for permission to remove the remains, or notice by
certified or registered mail must be given not later than the 16th
day before the date of application. In an emergency circumstance
described by Subsection (l) that necessitates immediate removal of
remains from a plot, the court shall hear an application for
permission to remove remains under Subsection (c) not later than the
first business day after the application is made. In an emergency
circumstance described by this subsection, personal notice may be
given on the date the application is made.
(d-1) If the court subsequently requires an additional person
or entity to be served under Subsection (c)(3), that additional service must be performed not later than the 11th day after the date of the judge's order. Service may not be required for any court appointed representative or other court appointed official.

(e) Subsections (a)-(d) and (k) do not apply to the removal of remains:

(1) from one plot to another plot in the same cemetery, if the cemetery:
   (A) is a family, fraternal, or community cemetery that is not larger than 10 acres;
   (B) is owned or operated by an unincorporated association of plot owners not operated for profit;
   (C) is owned or operated by a church, a religious society or denomination, or an entity solely administering the temporalities of a church or religious society or denomination; or
   (D) is a public cemetery owned by this state, a county, or a municipality;

(2) by the cemetery organization from a plot for which the purchase price is past due and unpaid, to another suitable place;

(3) on the order of a court or person who conducts inquests; or

(4) from a plot in a cemetery owned and operated by the Veterans' Land Board.

(f) Except as is authorized for a justice of the peace acting as coroner or medical examiner under Chapter 49, Code of Criminal Procedure, remains may not be removed from a cemetery except on the written order of the state registrar or the state registrar's designee. The cemetery organization shall keep a duplicate copy of the order as part of its records. The Texas Funeral Service Commission may adopt rules to implement this subsection.

(f-1) For unmarked graves contained within an abandoned, unknown, or unverified cemetery, a justice of the peace acting as coroner or medical examiner under Chapter 49, Code of Criminal Procedure, or a person described by Section 711.0105(a) may investigate or remove remains without written order of the state registrar or the state registrar's designee.

(g) A person who removes remains from a cemetery shall keep a record of the removal that includes:

(1) the date the remains are removed;

(2) the name and age at death of the decedent if those
facts can be conveniently obtained;

(3) the place to which the remains are removed; and

(4) the cemetery and plot from which the remains are removed.

(h) If the remains are not reinterred, the person who removes the remains shall:

(1) make and keep a record of the disposition of the remains; and

(2) not later than the 30th day after the date the remains are removed, provide notice by certified mail to the Texas Funeral Service Commission and the Department of State Health Services of the person's intent not to reinter the remains and the reason the remains will not be reinterred.

(i) A person who removes remains from a cemetery shall give the cemetery organization operating the cemetery a copy of the record made as required by Subsections (g) and (h).

(j) A cemetery organization may remove remains from a plot in the cemetery and transfer the remains to another plot in the same cemetery without the written consent required under Subsection (a) if the cemetery seeks consent by sending written notice by certified mail, return receipt requested, to the last known address of the current owner of the plot from which the remains are to be removed or to the person designated under Subsection (a). The notice must indicate that the remains will be removed, the reason for the removal of the remains, and the proposed location of the reinterment of the remains. The cemetery may transfer the remains to another plot in accordance with this subsection if an objection is not received in response to the notice before the 31st day after the date the notice is sent. A cemetery may not remove remains under this subsection for a fraudulent purpose or to allow the sale of the plot in which the remains are located to another person.

(k) In an emergency circumstance described by Subsection (l) that necessitates immediate removal of remains before the date on which the court is required to hear an application for permission to remove remains under Subsection (d), a cemetery organization may remove remains from a plot in the cemetery and transfer the remains to another plot in the same cemetery without the court hearing. A cemetery association that removes remains under this subsection shall send written notice of the removal by certified mail, return receipt requested, to the last known address of the person designated under
Subsection (a) not later than the fifth day after the date the remains are removed. The notice must indicate that the remains were removed, the reason for the removal of the remains, and the location of the reinterment of the remains.

(1) For purposes of Subsections (d) and (k), "emergency circumstance" means:
   (1) a natural disaster; or
   (2) an error in the interment of remains.
