The department may waive that requirement if the department determines that the requirement may jeopardize the provision of needed services.

(d) In allocating grant funds, the department shall consider the state facility hospitalization rate of substance abusers who are from the service area of the entity requesting the grant. An organization or other entity is not eligible for a grant of state funds for a treatment or rehabilitation program unless the program will, at a minimum, reduce state facility hospitalization of substance abusers by a percentage established by the department.

(e) As a condition to receiving contract or grant funds under this chapter, a public or private organization or entity must provide to the department information relating to:

(1) the number of persons with a chemical dependency the organization or entity served, if any, during the preceding year, the municipalities and counties of residence of those persons, and the number of persons served from each municipality and county; and

(3) include local public participation in making regional funding decisions and formal funding recommendations.

(b) The system must require that the department award each proposed chemical dependency services contract to the applicant that the department determines has made the bid that provides the best value.

(c) In determining the best value bid for a contract under this section, the department shall consider:

(1) the quality of the proposed service;
(2) cost;
(3) the applicant's ability to:
   (A) perform the contract;

(b) The department shall study the procurement of and payment for chemical dependency treatment services on a unit rate reimbursement basis.

(c) If the department determines, after consideration of the study, that procurement of and payment for chemical dependency treatment services on a unit rate reimbursement basis in appropriate areas of the state would result in obtaining the highest quality treatment services at the best price and the lowest administrative cost to the department, the department shall adopt a unit rate reimbursement system for those services. The system must:
(1) include competitive procurement;

(b) The penalty for a violation may be in an amount not to exceed $25,000. Each day a violation continues or occurs is a separate violation for purposes of imposing a penalty.

(c) The amount of the penalty shall be based on:

(e) Within 14 days after the date the report is issued, the department shall give written notice of the report to the person. The notice may be given by certified mail. The notice must include a brief summary of the alleged violation and a statement of the amount of the recommended penalty and must inform the person that the person has a right to a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(f) Within 20 days after the date the person receives the notice, the person in writing may accept the determination and recommended penalty of the department or may make a written request for a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(g) If the person accepts the determination and recommended penalty of the department, the department by order shall impose the recommended penalty.

(h) If the person requests a hearing or fails to respond timely to the notice, an administrative law judge shall set a hearing and the department shall give notice of the hearing to the person. The administrative law judge shall make findings of fact and conclusions of law and promptly issue to the department a proposal for a decision about the occurrence of the violation and the amount of a proposed penalty. Based on the findings of fact, conclusions of law, and proposal for a decision, the department by order may find that a violation has occurred and impose a penalty or may find that no violation occurred.

(i) The notice of the department's order given to the person under Chapter 2001, Government Code, must include a statement of the right of the person to judicial review of the order.

(j) Within 30 days after the date the department's order is

(2) pay the amount of the penalty and file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty; or
(3) without paying the amount of the penalty, file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(k) Within the 30-day period, a person who acts under Subsection (j)(3) may:

(1) stay enforcement of the penalty by:
   (A) paying the amount of the penalty to the court for placement in an escrow account; or
   (B) giving to the court a supersedeas bond that is approved by the court for the amount of the penalty and that is effective until all judicial review of the department's order is final; or
(2) request the court to stay enforcement of the penalty by:
   (A) filing with the court a sworn affidavit of the person stating that the person is financially unable to pay the amount of the penalty and is financially unable to give the supersedeas bond; and
   (B) giving a copy of the affidavit to the department by certified mail.

(l) The department on receipt of a copy of an affidavit under Subsection (k)(2) may file with the court within five days after the date the copy is received a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the amount of the penalty and to give a supersedeas bond.

(m) If the person does not pay the amount of the penalty and the enforcement of the penalty is not stayed, the department may refer the matter to the attorney general for collection of the amount of the penalty.
(n) Judicial review of the order of the department:
   (1) is instituted by filing a petition as provided by Subchapter G, Chapter 2001, Government Code; and
   (2) is under the substantial evidence rule.

(o) If the court sustains the occurrence of the violation, the court may uphold or reduce the amount of the penalty and order the person to pay the full or reduced amount of the penalty. If the court does not sustain the occurrence of the violation, the court shall order that no penalty is owed.

(p) When the judgment of the court becomes final, the court shall proceed under this subsection. If the person paid the amount of the penalty and if that amount is reduced or is not upheld by the court, the court shall order that the appropriate amount plus accrued interest be remitted to the person. The rate of the interest is the rate charged on loans to depository institutions by the New York Federal Reserve Bank, and the interest shall be paid for the period beginning on the date the penalty was paid and ending on the date the penalty is remitted. If the person gave a supersedeas bond and if the amount of the penalty is not upheld by the court, the court shall order the release of the bond. If the person gave a supersedeas bond and if the amount of the penalty is reduced, the court shall order the release of the bond after the person pays the amount.

(q) A penalty collected under this section shall be remitted to the comptroller for deposit in the general revenue fund.

(r) All proceedings under this section are subject to Chapter 2001, Government Code.

SUBCHAPTER B. SCHEDULES
Sec. 481.031. NOMENCLATURE. Controlled substances listed in Schedules I through V and Penalty Groups 1 through 4 are included by whatever official, common, usual, chemical, or trade name they may be designated.

Sec. 481.032. SCHEDULES. (a) The commissioner shall establish and modify the following schedules of controlled substances under this subchapter: Schedule I, Schedule II, Schedule III, Schedule IV, and Schedule V.

(b) A reference to a schedule in this chapter means the most current version of the schedule established or altered by the commissioner under this subchapter and published in the Texas Register on or after January 1, 1998.
Sec. 481.033. EXCLUSION FROM SCHEDULES AND APPLICATION OF ACT.

(a) A nonnarcotic substance is excluded from Schedules I through V if the substance may lawfully be sold over the counter without a prescription, under the Federal Food, Drug, and Cosmetic Act (21 U.S.C. Section 301 et seq.).

(b) The commissioner may not include in the schedules:

(1) a substance described by Subsection (a); or

(2) distilled spirits, wine, malt beverages, or tobacco.

(c) A compound, mixture, or preparation containing a stimulant substance listed in Schedule II and having a potential for abuse associated with a stimulant effect on the central nervous system is excepted from the application of this chapter if the compound, mixture, or preparation contains one or more active medicinal ingredients not having a stimulant effect on the central nervous system and if the admixtures are included in combinations, quantity, proportions, or concentrations that vitiate the potential for abuse of the substance having a stimulant effect on the central nervous system.

(d) A compound, mixture, or preparation containing a depressant substance listed in Schedule III or IV and having a potential for abuse associated with a depressant effect on the central nervous system is excepted from the application of this chapter if the compound, mixture, or preparation contains one or more active medicinal ingredients not having a depressant effect on the central nervous system and if the admixtures are included in combinations, quantity, proportions, or concentrations that vitiate the potential for abuse of the substance having a depressant effect on the central nervous system.

(e) A nonnarcotic prescription substance is exempted from Schedules I through V and the application of this chapter to the same extent that the substance has been exempted from the application of the Federal Controlled Substances Act, if the substance is listed as an exempt prescription product under 21 C.F.R. Section 1308.32 and its subsequent amendments.

(f) A chemical substance that is intended for laboratory, industrial, educational, or special research purposes and not for
general administration to a human being or other animal is exempted from Schedules I through V and the application of this chapter to the same extent that the substance has been exempted from the application of the Federal Controlled Substances Act, if the substance is listed as an exempt chemical preparation under 21 C.F.R. Section 1308.24 and its subsequent amendments.

(g) An anabolic steroid product, which has no significant potential for abuse due to concentration, preparation, mixture, or delivery system, is exempted from Schedules I through V and the application of this chapter to the same extent that the substance has been exempted from the application of the Federal Controlled Substances Act, if the substance is listed as an exempt anabolic steroid product under 21 C.F.R. Section 1308.34 and its subsequent amendments.

Sec. 481.034. ESTABLISHMENT AND MODIFICATION OF SCHEDULES BY COMMISSIONER. (a) The commissioner shall annually establish the schedules of controlled substances. These annual schedules shall include the complete list of all controlled substances from the previous schedules and modifications in the federal schedules of controlled substances as required by Subsection (g). Any further additions to and deletions from these schedules, any rescheduling of substances and any other modifications made by the commissioner to these schedules of controlled substances shall be made:

(1) in accordance with Section 481.035;
(2) in a manner consistent with this subchapter; and
(3) with approval of the executive commissioner.

(b) Except for alterations in schedules required by Subsection (g), the commissioner may not make an alteration in a schedule unless the commissioner holds a public hearing on the matter in Austin and obtains approval from the executive commissioner.

(c) The commissioner may not:

(1) add a substance to the schedules if the substance has been deleted from the schedules by the legislature;
(2) delete a substance from the schedules if the substance has been added to the schedules by the legislature; or
(3) reschedule a substance if the substance has been placed in a schedule by the legislature.

(d) In making a determination regarding a substance, the commissioner shall consider:
(1) the actual or relative potential for its abuse;
(2) the scientific evidence of its pharmacological effect, if known;
(3) the state of current scientific knowledge regarding the substance;
(4) the history and current pattern of its abuse;
(5) the scope, duration, and significance of its abuse;
(6) the risk to the public health;
(7) the potential of the substance to produce psychological or physiological dependence liability; and
(8) whether the substance is a controlled substance analogue, chemical precursor, or an immediate precursor of a substance controlled under this chapter.

(e) After considering the factors listed in Subsection (d), the commissioner shall make findings with respect to those factors. If the commissioner finds the substance has a potential for abuse, the executive commissioner shall adopt a rule controlling the substance.

(f) Repealed by Acts 2003, 78th Leg., ch. 1099, Sec. 17.

(g) Except as otherwise provided by this subsection, if a substance is designated, rescheduled, or deleted as a controlled substance under federal law and notice of that fact is given to the commissioner, the commissioner similarly shall control the substance under this chapter. After the expiration of a 30-day period beginning on the day after the date of publication in the Federal Register of a final order designating a substance as a controlled substance or rescheduling or deleting a substance, the commissioner similarly shall designate, reschedule, or delete the substance, unless the commissioner objects during the period. If the commissioner objects, the commissioner shall publish the reasons for the objection and give all interested parties an opportunity to be heard. At the conclusion of the hearing, the commissioner shall publish a decision, which is final unless altered by statute. On publication of an objection by the commissioner, control as to that particular substance under this chapter is stayed until the
commissioner publishes the commissioner's decision.

(h) Not later than the 10th day after the date on which the commissioner designates, deletes, or reschedules a substance under Subsection (a), the commissioner shall give written notice of that action to the director and to each state licensing agency having jurisdiction over practitioners.

Sec. 481.035. FINDINGS. (a) The commissioner shall place a substance in Schedule I if the commissioner finds that the substance:

(1) has a high potential for abuse; and
(2) has no accepted medical use in treatment in the United States or lacks accepted safety for use in treatment under medical supervision.

(b) The commissioner shall place a substance in Schedule II if the commissioner finds that:

(1) the substance has a high potential for abuse;
(2) the substance has currently accepted medical use in treatment in the United States; and
(3) abuse of the substance may lead to severe psychological or physical dependence.

(c) The commissioner shall place a substance in Schedule III if the commissioner finds that:

(1) the substance has a potential for abuse less than that of the substances listed in Schedules I and II;
(2) the substance has currently accepted medical use in treatment in the United States; and
(3) abuse of the substance may lead to moderate or low physical dependence or high psychological dependence.

(d) The commissioner shall place a substance in Schedule IV if the commissioner finds that:

(1) the substance has a lower potential for abuse than that
of the substances listed in Schedule III;
(2) the substance has currently accepted medical use in treatment in the United States; and
(3) abuse of the substance may lead to a more limited physical or psychological dependence than that of the substances listed in Schedule III.

(e) The commissioner shall place a substance in Schedule V if the commissioner finds that the substance:
(1) has a lower potential for abuse than that of the substances listed in Schedule IV;
(2) has currently accepted medical use in treatment in the United States; and

Sec. 481.0355. EMERGENCY SCHEDULING; LEGISLATIVE REPORT. (a) Except as otherwise provided by Subsection (b) and subject to Subsection (c), the commissioner may emergency schedule a substance as a controlled substance if the commissioner determines the action is necessary to avoid an imminent hazard to the public safety.

(b) The commissioner may not emergency schedule a substance as a controlled substance under this section if:
(1) the substance is already scheduled;
(2) an exemption or approval is in effect for the substance under Section 505, Federal Food, Drug, and Cosmetic Act (21 U.S.C. Section 355); or

(c) Before emergency scheduling a substance as a controlled substance under this section, the commissioner shall consult with the Department of Public Safety and may emergency schedule the substance only in accordance with any recommendations provided by the
(d) In determining whether a substance poses an imminent hazard to the public safety, the commissioner shall consider:

1. the scope, duration, symptoms, or significance of abuse;
2. the degree of detriment that abuse of the substance may cause;
3. whether the substance has been temporarily scheduled under federal law; and
4. whether the substance has been temporarily or permanently scheduled under the law of another state.

(e) If the commissioner emergency schedules a substance as a controlled substance under this section, an emergency exists for purposes of Section 481.036(c) and the action takes effect on the date the schedule is published in the Texas Register.

(f) Except as otherwise provided by Subsection (f-1), an emergency scheduling under this section expires on September 1 of each odd-numbered year for any scheduling that occurs before January 1 of that year.

(f-1) The commissioner may extend the emergency scheduling of a substance under this section not more than once and for a period not to exceed one year by publishing the extension in the Texas Register. If the commissioner extends the emergency scheduling of a substance, an emergency exists for purposes of Section 481.036(c) and the action takes effect on the date the extension is published in the Texas Register.

(g) The commissioner shall post notice about each emergency scheduling of a substance or each extension of an emergency scheduling of a substance under this section on the Internet website of the Department of State Health Services.

(h) Not later than December 1 of each even-numbered year, the commissioner shall submit a report about each emergency scheduling action taken under this section during the preceding two-year period to the governor, the lieutenant governor, the speaker of the house of representatives, and each legislative standing committee with primary jurisdiction over the department and each legislative standing committee with primary jurisdiction over criminal justice matters.

(b) Each published schedule must show changes, if any, made in the schedule since its latest publication.

(c) An action by the commissioner that establishes or modifies a schedule under this subchapter may take effect not earlier than the 21st day after the date on which the schedule or modification is published in the Texas Register unless an emergency exists that necessitates earlier action to avoid an imminent hazard to the public safety.

Sec. 481.070. ADMINISTERING OR DISPENSING SCHEDULE I CONTROLLED SUBSTANCE. Except as permitted by this chapter, a person may not administer or dispense a controlled substance listed in Schedule I.

Sec. 481.071. MEDICAL PURPOSE REQUIRED BEFORE PRESCRIBING, DISPENSING, DELIVERING, OR ADMINISTERING CONTROLLED SUBSTANCE. (a) A practitioner defined by Section 481.002(39)(A) may not prescribe, dispense, deliver, or administer a controlled substance or cause a controlled substance to be administered under the practitioner's direction and supervision except for a valid medical purpose and in the course of medical practice.

(b) An anabolic steroid or human growth hormone listed in Schedule III may only be:

(1) dispensed, prescribed, delivered, or administered by a practitioner, as defined by Section 481.002(39)(A), for a valid medical purpose and in the course of professional practice; or

(2) dispensed or delivered by a pharmacist according to a prescription issued by a practitioner, as defined by Section 481.002(39)(A) or (C), for a valid medical purpose and in the course of professional practice.

(c) For the purposes of Subsection (b), bodybuilding, muscle enhancement, or increasing muscle bulk or strength through the use of an anabolic steroid or human growth hormone listed in Schedule III by a person who is in good health is not a valid medical purpose.

Sec. 481.072. MEDICAL PURPOSE REQUIRED BEFORE DISTRIBUTING OR DISPENSING SCHEDULE V CONTROLLED SUBSTANCE. A person may not
distribute or dispense a controlled substance listed in Schedule V except for a valid medical purpose.

Sec. 481.074. PRESCRIPTIONS. (a) A pharmacist may not:
(1) dispense or deliver a controlled substance or cause a controlled substance to be dispensed or delivered under the pharmacist's direction or supervision except under a valid prescription and in the course of professional practice;
(2) dispense a controlled substance if the pharmacist knows or should have known that the prescription was issued without a valid patient-practitioner relationship;
(3) fill a prescription that is not prepared or issued as prescribed by this chapter;
(4) permit or allow a person who is not a licensed pharmacist or pharmacist intern to dispense, distribute, or in any other manner deliver a controlled substance even if under the supervision of a pharmacist, except that after the pharmacist or pharmacist intern has fulfilled his professional and legal responsibilities, a nonpharmacist may complete the actual cash or credit transaction and delivery; or
(5) permit the delivery of a controlled substance to any person not known to the pharmacist, the pharmacist intern, or the person authorized by the pharmacist to deliver the controlled substance without first requiring identification of the person taking possession of the controlled substance, except as provided by Subsection (n).

(b) Except in an emergency as defined by board rule under Subsection (b-1) or as otherwise provided by Section 481.075(j) or (m) or 481.0755, a person may not dispense or administer a controlled substance without an electronic prescription that meets the requirements of and is completed by the practitioner in accordance with Section 481.075.

(b-1) In an emergency as defined by board rule, a person may dispense or administer a controlled substance on the oral or telephonically communicated prescription of a practitioner. The person who administers or dispenses the substance shall:
(1) if the person is a prescribing practitioner or a
pharmacist, promptly comply with Subsection (c); or

(2) if the person is not a prescribing practitioner or a pharmacist, promptly write the oral or telephonically communicated prescription and include in the written record of the prescription the name, address, and Federal Drug Enforcement Administration number issued for prescribing a controlled substance in this state of the prescribing practitioner, all information required to be provided by a practitioner under Section 481.075(e)(1), and all information required to be provided by a dispensing pharmacist under Section 481.075(e)(2).

(b-2) In an emergency described by Subsection (b-1), an agent designated in writing by a practitioner defined by Section 481.002(39)(A) may communicate a prescription by telephone. A practitioner who designates a different agent shall designate that agent in writing and maintain the designation in the same manner in which the practitioner initially designated an agent under this subsection. On the request of a pharmacist, a practitioner shall furnish a copy of the written designation. This subsection does not relieve a practitioner or the practitioner's designated agent from the requirement of Subchapter A, Chapter 562, Occupations Code. A practitioner is personally responsible for the actions of the designated agent in communicating a prescription to a pharmacist.

(c) Not later than the seventh day after the date a prescribing practitioner authorizes an emergency oral or telephonically communicated prescription, the prescribing practitioner shall cause an electronic prescription, completed in the manner required by Section 481.075, to be delivered to the dispensing pharmacist at the pharmacy where the prescription was dispensed. On receipt of the electronic prescription, the pharmacist shall annotate the electronic prescription record with the original authorization and date of the emergency oral or telephonically communicated prescription.

(d) Except as specified in Subsections (e) and (f), the board, by rule and in consultation with the Texas Medical Board, shall establish the period after the date on which the prescription is issued that a person may fill a prescription for a controlled substance listed in Schedule II. A person may not refill a prescription for a substance listed in Schedule II.

(d-1) Notwithstanding Subsection (d), a prescribing practitioner may issue multiple prescriptions authorizing the patient to receive a total of up to a 90-day supply of a Schedule II
controlled substance if:

(1) each separate prescription is issued for a legitimate medical purpose by a prescribing practitioner acting in the usual course of professional practice;

(2) the prescribing practitioner provides instructions on each prescription to be filled at a later date indicating the earliest date on which a pharmacy may fill each prescription;

(3) the prescribing practitioner concludes that providing the patient with multiple prescriptions in this manner does not create an undue risk of diversion or abuse; and

(4) the issuance of multiple prescriptions complies with other applicable state and federal laws.

(e) The partial filling of a prescription for a controlled substance listed in Schedule II is permissible in accordance with applicable federal law.

(f) A prescription for a Schedule II controlled substance for a patient in a long-term care facility (LTCF) or for a hospice patient with a medical diagnosis documenting a terminal illness may be filled in partial quantities to include individual dosage units. If there is any question about whether a hospice patient may be classified as having a terminal illness, the pharmacist must contact the practitioner before partially filling the prescription. Both the pharmacist and the practitioner have a corresponding responsibility to assure that the controlled substance is for a terminally ill hospice patient. The pharmacist must record the prescription in the electronic prescription record and must indicate in the electronic prescription record whether the patient is a "terminally ill hospice patient" or an "LTCF patient." A prescription that is partially filled and does not contain the notation "terminally ill hospice patient" or "LTCF patient" is considered to have been filled in violation of this chapter. For each partial filling, the dispensing pharmacist shall record in the electronic prescription record the date of the partial filling, the quantity dispensed, the remaining quantity authorized to be dispensed, and the identification of the dispensing pharmacist. Before any subsequent partial filling, the pharmacist must determine that the additional partial filling is necessary. The total quantity of Schedule II controlled substances dispensed in all partial fillings may not exceed the total quantity prescribed. Schedule II prescriptions for patients in a long-term care facility or hospice patients with a medical diagnosis
documenting a terminal illness are valid for a period not to exceed 60 days following the issue date unless sooner terminated by discontinuance of the medication.

(g) A person may not dispense a controlled substance in Schedule III or IV that is a prescription drug under the Federal Food, Drug, and Cosmetic Act (21 U.S.C. Section 301 et seq.) without a prescription of a practitioner defined by Section 481.002(39)(A) or (D), except that the practitioner may dispense the substance directly to an ultimate user. A prescription for a controlled substance listed in Schedule III or IV may not be filled or refilled later than six months after the date on which the prescription is issued and may not be refilled more than five times, unless the prescription is renewed by the practitioner. A prescription under this subsection must comply with other applicable state and federal laws.

(h) A pharmacist may dispense a controlled substance listed in Schedule III, IV, or V under a prescription issued by a practitioner defined by Section 481.002(39)(C) only if the pharmacist determines that the prescription was issued for a valid medical purpose and in the course of professional practice. A prescription described by this subsection may not be filled or refilled later than six months after the date the prescription is issued and may not be refilled more than five times, unless the prescription is renewed by the practitioner.

(i) A person may not dispense a controlled substance listed in Schedule V and containing 200 milligrams or less of codeine, or any of its salts, per 100 milliliters or per 100 grams, or containing 100 milligrams or less of dihydrocodeine, or any of its salts, per 100 milliliters or per 100 grams, without the prescription of a practitioner defined by Section 481.002(39)(A), except that a practitioner may dispense the substance directly to an ultimate user. A prescription issued under this subsection may not be filled or refilled later than six months after the date the prescription is issued and may not be refilled more than five times, unless the prescription is renewed by the practitioner.

(j) A practitioner or institutional practitioner may not allow a patient, on the patient's release from the hospital, to possess a controlled substance prescribed by the practitioner unless:

1. the substance was dispensed under a medication order while the patient was admitted to the hospital;
2. the substance is in a properly labeled container; and
(3) the patient possesses not more than a seven-day supply of the substance.

(k) A prescription for a controlled substance must show:

(1) the quantity of the substance prescribed:
   (A) numerically, if the prescription is electronic; or
   (B) if the prescription is communicated orally or telephonically, as transcribed by the receiving pharmacist;

(2) the date of issue;

(2-a) if the prescription is issued for a Schedule II controlled substance to be filled at a later date under Subsection (d-1), the earliest date on which a pharmacy may fill the prescription;

(3) the name, address, and date of birth or age of the patient or, if the controlled substance is prescribed for an animal, the species of the animal and the name and address of its owner;

(4) the name and strength of the controlled substance prescribed;

(5) the directions for use of the controlled substance;

(6) the intended use of the substance prescribed unless the practitioner determines the furnishing of this information is not in the best interest of the patient; and

(7) the name, address, Federal Drug Enforcement Administration number, and telephone number of the practitioner at the practitioner's usual place of business.

(1) A pharmacist may exercise his professional judgment in refilling a prescription for a controlled substance in Schedule III, IV, or V without the authorization of the prescribing practitioner provided:

(1) failure to refill the prescription might result in an interruption of a therapeutic regimen or create patient suffering;

(2) either:
   (A) a natural or manmade disaster has occurred which prohibits the pharmacist from being able to contact the practitioner; or
   (B) the pharmacist is unable to contact the practitioner after reasonable effort;

(3) the quantity of prescription drug dispensed does not exceed a 72-hour supply;

(4) the pharmacist informs the patient or the patient's agent at the time of dispensing that the refill is being provided
without such authorization and that authorization of the practitioner is required for future refills; and

(5) the pharmacist informs the practitioner of the emergency refill at the earliest reasonable time.

(l-1) Notwithstanding Subsection (l), in the event of a natural or manmade disaster, a pharmacist may dispense not more than a 30-day supply of a prescription drug, other than a controlled substance listed in Schedule II, without the authorization of the prescribing practitioner if:

(1) failure to refill the prescription might result in an interruption of a therapeutic regimen or create patient suffering;
(2) the natural or manmade disaster prohibits the pharmacist from being able to contact the practitioner;
(3) the governor has declared a state of disaster under Chapter 418, Government Code; and
(4) the Texas State Board of Pharmacy, through its executive director, has notified pharmacies in this state that pharmacists may dispense up to a 30-day supply of a prescription drug.

(l-2) The prescribing practitioner is not liable for an act or omission by a pharmacist in dispensing a prescription drug under Subsection (l-1).

(m) A pharmacist may permit the delivery of a controlled substance by an authorized delivery person, by a person known to the pharmacist, a pharmacist intern, or the authorized delivery person, or by mail to the person or address of the person authorized by the prescription to receive the controlled substance. If a pharmacist permits delivery of a controlled substance under this subsection, the pharmacist shall retain in the records of the pharmacy for a period of not less than two years:

(1) the name of the authorized delivery person, if delivery is made by that person;
(2) the name of the person known to the pharmacist, a pharmacist intern, or the authorized delivery person if delivery is made by that person; or
(3) the mailing address to which delivery is made, if delivery is made by mail.

(n) A pharmacist may permit the delivery of a controlled substance to a person not known to the pharmacist, a pharmacist intern, or the authorized delivery person without first requiring the
identification of the person to whom the controlled substance is delivered if the pharmacist determines that an emergency exists and that the controlled substance is needed for the immediate well-being of the patient for whom the controlled substance is prescribed. If a pharmacist permits delivery of a controlled substance under this subsection, the pharmacist shall retain in the records of the pharmacy for a period of not less than two years all information relevant to the delivery known to the pharmacist, including the name, address, and date of birth or age of the person to whom the controlled substance is delivered.

(1) record or direct a designated agent to record in the electronic prescription each item of information required to be provided by the prescribing practitioner under Subsection (e)(1), unless the practitioner determines that:

(A) under rule adopted by the board for this purpose, it is unnecessary for the practitioner or the practitioner's agent to provide the patient identification number; or

(B) it is not in the best interest of the patient for the practitioner or practitioner's agent to provide information regarding the intended use of the controlled substance or the diagnosis for which it is prescribed; and

(2) electronically sign or validate the electronic prescription as authorized by federal law and transmit the prescription to the dispensing pharmacy.

(m) A pharmacy in this state may fill a prescription for a controlled substance listed in Schedule II issued by a practitioner in another state if:
   (1) a share of the pharmacy's business involves the dispensing and delivery or mailing of controlled substances;
   (2) the prescription is issued by a prescribing practitioner in the other state in the ordinary course of practice; and
   (3) the prescription is filled in compliance with a written plan providing the manner in which the pharmacy may fill a Schedule II prescription issued by a practitioner in another state that:
(A) is submitted by the pharmacy to the board; and
(B) is approved by the board.

(n) A person dispensing a Schedule II controlled substance under a prescription shall provide written notice, as defined by board rule adopted under Subsection (o), on the safe disposal of controlled substance prescription drugs, unless:

(1) the Schedule II controlled substance prescription drug is dispensed at a pharmacy or other location that:
   (A) is authorized to take back those drugs for safe disposal; and
   (B) regularly accepts those drugs for safe disposal; or
(2) the dispenser provides to the person to whom the Schedule II controlled substance prescription drug is dispensed, at the time of dispensation and at no cost to the person:
   (A) a mail-in pouch for surrendering unused controlled substance prescription drugs; or
   (B) chemicals to render any unused drugs unusable or non-retrievable.

(o) The board shall adopt rules to prescribe the form of the written notice on the safe disposal of controlled substance prescription drugs required under Subsection (n). The notice must include information on locations at which Schedule II controlled substance prescription drugs are accepted for safe disposal. The notice, in lieu of listing those locations, may provide the address of an Internet website specified by the board that provides a searchable database of locations at which Schedule II controlled substance prescription drugs are accepted for safe disposal.

(p) The board may take disciplinary action against a person who fails to comply with Subsection (n).

Sec. 481.0755. WRITTEN, ORAL, AND TELEPHONICALLY COMMUNICATED PRESCRIPTIONS. (a) Notwithstanding Sections 481.074 and 481.075, a prescription for a controlled substance is not required to be issued electronically and may be issued in writing if the prescription is issued:

(1) by a veterinarian;

(2) in circumstances in which electronic prescribing is not available due to temporary technological or electronic failure, as prescribed by board rule;

(3) by a practitioner to be dispensed by a pharmacy located outside this state, as prescribed by board rule;

(4) when the prescriber and dispenser are in the same location or under the same license;

(5) in circumstances in which necessary elements are not supported by the most recently implemented national data standard that facilitates electronic prescribing;

(6) for a drug for which the United States Food and Drug Administration requires additional information in the prescription that is not possible with electronic prescribing;
(7) for a non-patient-specific prescription pursuant to a standing order, approved protocol for drug therapy, collaborative drug management, or comprehensive medication management, in response to a public health emergency or in other circumstances in which the practitioner may issue a non-patient-specific prescription;

(8) for a drug under a research protocol;

(9) by a practitioner who has received a waiver under Section 481.0756 from the requirement to use electronic prescribing;

(10) under circumstances in which the practitioner has the present ability to submit an electronic prescription but reasonably determines that it would be impractical for the patient to obtain the drugs prescribed under the electronic prescription in a timely manner and that a delay would adversely impact the patient's medical condition; or

(11) before January 1, 2021.

(b) A dispensing pharmacist who receives a controlled substance prescription in a manner other than electronically is not required to verify that the prescription is exempt from the requirement that it be submitted electronically. The pharmacist may dispense a controlled substance pursuant to an otherwise valid written, oral, or telephonically communicated prescription consistent with the requirements of this subchapter.

(c) Except in an emergency, a practitioner must use a written prescription to submit a prescription described by Subsection (a). In an emergency, the practitioner may submit an oral or telephonically communicated prescription as authorized under Section 481.074(b-1).

(d) A written prescription for a controlled substance other than a Schedule II controlled substance must include the information required under Section 481.074(k) and the signature of the prescribing practitioner.

(e) A written prescription for a Schedule II controlled substance must be on an official prescription form and include the information required for an electronic prescription under Section 481.075(e), the signature of the practitioner, and the signature of the dispensing pharmacist after the prescription is filled.

(f) The board by rule shall authorize a practitioner to determine whether it is necessary to obtain a particular patient identification number and to provide that number on the official prescription form.
(g) On request of a practitioner, the board shall issue official prescription forms to the practitioner for a fee covering the actual cost of printing, processing, and mailing the forms. Before mailing or otherwise delivering prescription forms to a practitioner, the board shall print on each form the number of the form and any other information the board determines is necessary.

(h) Each official prescription form must be sequentially numbered.

(i) A person may not obtain an official prescription form unless the person is a practitioner as defined by Section 481.002(39)(A) or an institutional practitioner.

(j) Not more than one Schedule II prescription may be recorded on an official prescription form.

(k) Not later than the 30th day after the date a practitioner's Federal Drug Enforcement Administration number or license to practice has been denied, suspended, canceled, surrendered, or revoked, the practitioner shall return to the board all official prescription forms in the practitioner's possession that have not been used for prescriptions.

(l) Each prescribing practitioner:
   (1) may use an official prescription form only to submit a prescription described by Subsection (a);
   (2) shall date or sign an official prescription form only on the date the prescription is issued; and
   (3) shall take reasonable precautionary measures to ensure that an official prescription form issued to the practitioner is not used by another person to violate this subchapter or a rule adopted under this subchapter.

(m) In the case of an emergency oral or telephonically communicated prescription described by Section 481.074(b-1), the prescribing practitioner shall give the dispensing pharmacy the information needed to complete the official prescription form if the pharmacy is not required to use the electronic prescription record.

(n) Each dispensing pharmacist receiving an oral or telephonically communicated prescription under Subsection (m) shall:
   (1) fill in on the official prescription form each item of information given orally to the dispensing pharmacy under Subsection (m) and the date the prescription is filled and fill in the dispensing pharmacist's signature;
   (2) retain with the records of the pharmacy for at least
two years:

(A) the official prescription form; and

(B) the name or other patient identification required by Section 481.074(m) or (n); and

(3) send all required information, including any information required to complete an official prescription form, to the board by electronic transfer or another form approved by the board not later than the next business day after the date the prescription is completely filled.

Sec. 481.0756. WAIVERS FROM ELECTRONIC PRESCRIBING. (a) The appropriate regulatory agency that issued the license, certification, or registration to a prescriber is authorized to grant a prescriber a waiver from the electronic prescribing requirement under the provisions of this section.

(b) The board shall convene an interagency workgroup that includes representatives of each regulatory agency that issues a license, certification, or registration to a prescriber.

(c) The work group described by Subsection (b) shall establish recommendations and standards for circumstances in which a waiver from the electronic prescribing requirement is appropriate and a process under which a prescriber may request and receive a waiver.

(d) The board shall adopt rules establishing the eligibility for a waiver, including:

(1) economic hardship;

(2) technological limitations not reasonably within the control of the prescriber; or

(3) other exceptional circumstances demonstrated by the prescriber.

(e) Each regulatory agency that issues a license, certification, or registration to a prescriber shall adopt rules for the granting of waivers consistent with the board rules adopted under Subsection (d).

(f) A waiver may be issued to a prescriber for a period of one year. A prescriber may reapply for a subsequent waiver not earlier than the 30th day before the date the waiver expires if the
circumstances that necessitated the waiver continue.

(a-1) A person authorized to receive information under Subsection (a)(4), (5), or (6) may access that information through a health information exchange, subject to proper security measures to ensure against disclosure to unauthorized persons.

(a-2) A person authorized to receive information under Subsection (a)(5) may include that information in any form in the medical or pharmacy record of the patient who is the subject of the information. The board shall adopt rules to implement this subsection, including rules prescribing the patient data request form, listing the documentation required for receiving a copy of the prescription record, and setting the fee.

(b) This section does not prohibit the board from creating, using, or disclosing statistical data about information submitted to the board under this section if the board removes any information reasonably likely to reveal the identity of each patient, practitioner, or other person who is a subject of the information.

(c) The board by rule shall design and implement a system for submission of information to the board by electronic or other means and for retrieval of information submitted to the board under this section and Sections 481.074 and 481.075. The board shall use automated information security techniques and devices to preclude improper access to the information. The board shall submit the system design to the director and the Texas Medical Board for review and comment a reasonable time before implementation of the system and shall comply with the comments of those agencies unless it is unreasonable to do so.

(d) Information submitted to the board under this section may be used only for:

However, the board may retain a
patient identity that is necessary for use in a specific ongoing investigation conducted in accordance with this section until the 30th day after the end of the month in which the necessity for retention of the identity ends.

(f) If the board accesses information under Subsection (a)(2) relating to a person licensed or regulated by an agency listed in Subsection (a)(1), the board shall notify and cooperate with that agency regarding the disposition of the matter before taking action against the person, unless the board determines that notification is reasonably likely to interfere with an administrative or criminal investigation or prosecution.

(g) If the board provides access to information under Subsection (a)(3) relating to a person licensed or regulated by an agency listed in Subsection (a)(1), the board shall notify that agency of the disclosure of the information not later than the 10th working day after the date the information is disclosed.

(h) If the board withholds notification to an agency under Subsection (f), the board shall notify the agency of the disclosure of the information and the reason for withholding notification when the board determines that notification is no longer likely to interfere with an administrative or criminal investigation or prosecution.

(i) Information submitted to the board under Section 481.074(q) or 481.075 is confidential and remains confidential regardless of whether the board permits access to the information under this section.

Sec. 481.0761. RULES; AUTHORITY TO CONTRACT. (a) The board shall by rule establish and revise as necessary a standardized database format that may be used by a pharmacy to transmit the information required by Sections 481.074(q) and 481.075(i) to the board electronically or to deliver the information on storage media, including disks, tapes, and cassettes.

(b) The director shall consult with the Department of State Health Services, the Texas State Board of Pharmacy, and the Texas
Medical Board and by rule may:

(1) remove a controlled substance listed in Schedules II through V from the official prescription program, if the director determines that the burden imposed by the program substantially outweighs the risk of diversion of the particular controlled substance; or

(2) return a substance previously removed from Schedules II through V to the official prescription program, if the director determines that the risk of diversion substantially outweighs the burden imposed by the program on the particular controlled substance.

(c) The board by rule may:

(1) establish a procedure for the issuance of multiple prescriptions of a Schedule II controlled substance under Section 481.074(d-1);

(2) remove from or return to the official prescription program any aspect of a practitioner's or pharmacist's hospital practice, including administering or dispensing;

(3) waive or delay any requirement relating to the time or manner of reporting;

(4) establish compatibility protocols for electronic data transfer hardware, software, or format, including any necessary modifications for participation in a database described by Section 481.076(j);

(5) establish a procedure to control the release of information under Sections 481.074, 481.075, and 481.076; and

(6) establish a minimum level of prescription activity below which a reporting activity may be modified or deleted.

(d) The board by rule shall authorize a practitioner to determine whether it is necessary to obtain a particular patient identification number and to provide that number in the electronic prescription record.

(e) In adopting a rule relating to the electronic transfer of information under this subchapter, the board shall consider the economic impact of the rule on practitioners and pharmacists and, to the extent permitted by law, act to minimize any negative economic impact, including the imposition of costs related to computer hardware or software or to the transfer of information.

(f) The board may authorize a contract between the board and another agency of this state or a private vendor as necessary to ensure the effective operation of the official prescription program.
(g) The board may adopt rules providing for a person authorized to access information under Section 481.076(a)(5) to be enrolled in electronic access to the information described by Section 481.076(a) at the time the person obtains or renews the person's applicable professional or occupational license or registration.

(h) The board, in consultation with the department and the regulatory agencies listed in Section 481.076(a)(1), shall identify prescribing practices that may be potentially harmful and patient prescription patterns that may suggest drug diversion or drug abuse. The board shall determine the conduct that constitutes a potentially harmful prescribing pattern or practice and develop indicators for levels of prescriber or patient activity that suggest a potentially harmful prescribing pattern or practice may be occurring or drug diversion or drug abuse may be occurring.

(i) The board, based on the indicators developed under Subsection (h), may send an electronic notification to a dispenser or prescriber if the information submitted under Section 481.074(q) or 481.075 indicates a potentially harmful prescribing pattern or practice may be occurring or drug diversion or drug abuse may be occurring.

(j) The board by rule may develop guidelines identifying behavior suggesting a patient is obtaining controlled substances that indicate drug diversion or drug abuse is occurring. A pharmacist who observes behavior described by this subsection by a person who is to receive a controlled substance shall access the information under Section 481.076(a)(5) regarding the patient for whom the substance is to be dispensed.

(k) The board by rule may develop guidelines identifying patterns that may indicate that a particular patient to whom a controlled substance is prescribed or dispensed is engaging in drug abuse or drug diversion. These guidelines may be based on the frequency of prescriptions issued to and filled by the patient, the types of controlled substances prescribed, and the number of prescribers who prescribe controlled substances to the patient. The board may, based on the guidelines developed under this subsection, send a prescriber or dispenser an electronic notification if there is reason to believe that a particular patient is engaging in drug abuse or drug diversion.

(i) An article is a thermal hazard if, in normal use or when subject to reasonably foreseeable damage or abuse, it presents, because of its design or manufacture, an unreasonable risk of personal injury or illness because of heat, including heat from heated parts, substances, or surfaces.
(j) A substance is toxic if it is capable of producing personal injury or illness to any person through ingestion, inhalation, or absorption through any body surface and it is not radioactive.

(a) If an authorized agent of the department has good reason to believe that a hazardous substance is a banned or misbranded hazardous substance, the agent shall affix to the article a tag or other appropriate marking giving notice that the article is or is suspected to be a banned or misbranded hazardous substance and that the article has been detained, and warning all persons not to remove the article from the premises or dispose of the article by sale or in any other manner until permission to do so is given by the agent or a court.

(b) The department shall petition a district court of Travis County or of the county in which the article is located to authorize the destruction of the article.  If the court determines that the article is a banned or misbranded hazardous substance, the department shall destroy the article, and the court shall impose all court costs and fees and storage and other proper expenses against the claimant of the article.  However, if the court finds that misbranding occurred in good faith and can be corrected by proper labeling, the

Section 801 et seq.) is applicable if that employer is covered by the OSHA standard or the other two federal laws.

(11-a) "Executive commissioner" means the executive commissioner of the Health and Human Services Commission.

(12) "Expose" or "exposure" means that an employee is subjected to a hazardous chemical in the course of employment through any route of entry, including inhalation, ingestion, skin contact, or absorption. The term includes potential, possible, or accidental exposure under normal conditions of use or in a reasonably foreseeable emergency.

(13) "Hazardous chemical" or "chemical" means an element, compound, or mixture of elements or compounds that is a physical hazard or health hazard as defined by the OSHA standard in 29 CFR Section 1910.1200(c), or a hazardous substance as classified under the OSHA standard in 29 CFR Section 1910.1200(d)(3), or by OSHA's written interpretations. (d) This chapter, except Section 502.009, does not apply to a hazardous chemical in a sealed and labeled package that is received and subsequently sold or transferred in that package if:

(1) the seal and label remain intact while the chemical is in the workplace; and

(2) the chemical does not remain in the workplace longer than five working days.

(e) This chapter does not require labeling of the following chemicals:

(1) any pesticide, as that term is defined in the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. Section 136 et seq.), when subject to the labeling requirements of that Act and labeling regulations issued under that Act by the Environmental Protection Agency;

(2) any food, food additive, color additive, drug,

any consumer product or hazardous substance, as those terms are defined in the Consumer Product Safety Act (15 U.S.C. Section 2051 et seq.) and Federal Hazardous Substances Act (15 U.S.C. Section 1261 et seq.), respectively, if the employer can demonstrate it is used in the workplace in the same manner as normal consumer use and if the use results in a duration and frequency of exposure that is not greater than exposures experienced by consumers;

(9) any drug, as that term is defined in the Federal Food, Drug, and Cosmetic Act (21 U.S.C. Section 301 et seq.); and

(10) radioactive waste.

Sec. 502.005. WORKPLACE CHEMICAL LIST. (a) For the purpose of worker right-to-know, an employer shall compile and maintain a workplace chemical list that contains the following information for each hazardous chemical normally present in the workplace or temporary workplace in excess of 55 gallons or 500 pounds or in excess of an amount that the executive commissioner determines by rule for certain highly toxic or dangerous hazardous chemicals:

(1) the identity used on the SDS and container label; and

(2) the work area in which the hazardous chemical is normally present.

(b) The employer shall update the workplace chemical list as necessary but at least by December 31 of each year. Each workplace chemical list shall be dated and signed by the person responsible for compiling the information.

(c) The workplace chemical list may be prepared for the workplace as a whole or for each work area or temporary workplace and must be readily available to employees and their representatives. All employees shall be made aware of the workplace chemical list before working with or in a work area containing hazardous chemicals.

(d) An employer shall maintain a workplace chemical list for at least 30 years. The employer shall send complete records to the department if the employer ceases to operate.
Sec. 502.006. SAFETY DATA SHEET. (a) A chemical manufacturer or distributor shall provide appropriate safety data sheets to employers who acquire hazardous chemicals in this state with each initial shipment and with the first shipment after an SDS is updated. The SDSs must conform to the most current requirements of the OSHA standard.

(b) An employer shall maintain a legible copy of a current SDS for each hazardous chemical purchased. If the employer does not have a current SDS for a hazardous chemical when the chemical is received at the workplace, the employer shall request an SDS in writing from the manufacturer or distributor in a timely manner or shall otherwise obtain a current SDS. The manufacturer or distributor shall respond with an appropriate SDS in a timely manner.

(c) Safety data sheets shall be readily available, on request, for review by employees or designated representatives at each workplace.

(d) A copy of an SDS maintained by an employer under this section shall be provided to the department on request.

Sec. 502.007. LABEL. (a) A label on an existing container of a hazardous chemical may not be removed or defaced unless it is illegible, inaccurate, or does not conform to the OSHA standard or other applicable labeling requirement. Primary containers must be relabeled with at least the identity appearing on the SDS, the pertinent physical and health hazards, including the organs that would be affected, and the manufacturer's name and address. Except
as provided by Subsection (b), secondary containers must be relabeled with at least the identity appearing on the SDS and appropriate hazard warnings.

(b) An employee may not be required to work with a hazardous chemical from an unlabeled container except for a portable container intended for the immediate use of the employee who performs the transfer.

Acts 2015, 84th Leg., R.S., Ch. 1 (S.B. 219), Sec. 3.1280, eff. April 2, 2015.

Sec. 502.008. OUTREACH PROGRAM. (a) The department shall develop an outreach program that:

(1) consists of an education and training program in the form of instructional materials to assist employers in fulfilling the requirements of Section 502.009; and

(2) includes the development and distribution of a supply of informational leaflets concerning employer's duties, employee rights, the outreach program, and the effects of hazardous chemicals.

(b) The department may contract with a public institution of higher education or other public or private organization to develop and implement the outreach program.

(c) The department shall develop and provide to each employer a suitable form of notice providing employees with information relating to employee rights under this chapter.

(d) The department shall publicize the availability of information to answer inquiries from employees, employers, or the public in this state concerning the effects of hazardous chemicals.

(e) In cooperation with the department, an employer may provide an outreach program in the community.

Acts 2015, 84th Leg., R.S., Ch. 1 (S.B. 219), Sec. 3.1281, eff. April 2, 2015.
Sec. 502.009. EMPLOYEE EDUCATION PROGRAM. (a) An employer shall provide an education and training program for employees who use or handle hazardous chemicals.

(b) An employer shall develop, implement, and maintain at the workplace a written hazard communication program for the workplace that describes how the criteria specified in this chapter will be met.

(c) An education and training program must include, as appropriate:

(1) information on interpreting labels and SDSs and the relationship between those two methods of hazard communication;

(2) the location by work area, acute and chronic effects, and safe handling of hazardous chemicals known to be present in the employees' work area and to which the employees may be exposed;

(3) the proper use of protective equipment and first aid treatment to be used with respect to the hazardous chemicals to which the employees may be exposed; and

(4) general safety instructions on the handling, cleanup procedures, and disposal of hazardous chemicals.

(d) Training may be conducted by categories of chemicals. An employer must advise employees that information is available on the specific hazards of individual chemicals through the MSDSs. Protective equipment and first aid treatment may be by categories of hazardous chemicals.

(e) An employer shall provide additional instruction to an employee when the potential for exposure to hazardous chemicals in the employee's work area increases significantly or when the employer receives new and significant information concerning the hazards of a chemical in the employee's work area. The addition of new chemicals alone does not necessarily require additional training.

(f) An employer shall provide training to a new or newly assigned employee before the employee works with or in a work area containing a hazardous chemical.

(g) An employer shall keep the written hazard communication program and a record of each training session given to employees, including the date, a roster of the employees who attended, the subjects covered in the training session, and the names of the instructors. Those records shall be maintained for at least five
years by the employer. The department shall have access to those records and may interview employees during inspections.

(h) Emergency service organizations shall provide, to their members or employees who may encounter hazardous chemicals during an emergency, information on recognizing, evaluating, and controlling exposure to the chemicals.

(i) As part of an outreach program created in accordance with Section 502.008, the department shall develop an education and training assistance program to assist employers who are unable to develop the programs because of size or other practical considerations. The program shall be made available to those employers on request.

   Acts 2015, 84th Leg., R.S., Ch. 1 (S.B. 219), Sec. 3.1282, eff. April 2, 2015.

Sec. 502.010. LIABILITY UNDER OTHER LAW. Providing information to an employee does not affect:

(1) the liability of an employer with regard to the health and safety of an employee or other person exposed to hazardous chemicals;

(2) the employer's responsibility to take any action to prevent occupational disease as required under other law; or

(3) any other duty or responsibility of a manufacturer, producer, or formulator to warn ultimate users of a hazardous chemical under other law.

Sec. 502.011. COMPLAINTS AND INVESTIGATIONS. (a) The department or the department's representative shall investigate in a timely manner a complaint received in writing from an employee or an employee's designated representative relating to an alleged violation
of this chapter by an employer.

(b) A complaint received from a person relating to an alleged violation shall be referred to the federal Occupational Safety and Health Administration (OSHA) or to the federal Mine Safety and Health Administration (MSHA) if the complaint is related to an applicable OSHA or MSHA requirement and the applicable OSHA or MSHA standard is in effect. The department or the department's representative shall investigate the complaint if:

   (1) the applicable OSHA or MSHA standard is not in effect; or
   (2) the complaint is based on a requirement of this chapter.

(c) On presentation of appropriate credentials, a department representative may enter a workplace at reasonable times to inspect and investigate complaints.

(d) The department may find multiple violations by an employer based on distinct requirements of this chapter.

   Acts 2015, 84th Leg., R.S., Ch. 1 (S.B. 219), Sec. 3.1283, eff. April 2, 2015.

Sec. 502.012. REPORTING FATALITIES AND INJURIES. (a) Within 48 hours after the occurrence of an employee accident that directly or indirectly involves chemical exposure or that involves asphyxiation, and that is fatal to one or more employees or results in the hospitalization of five or more employees, the employer of any of the employees so injured or killed shall report the accident either orally or in writing to the department.

(b) The report to the department shall relate the circumstances of the accident, the number of fatalities, and the extent of any injuries. If it is necessary to complete the investigation of an incident, the department may require additional reports in writing as necessary.

Added by Acts 1993, 73rd Leg., ch. 528, Sec. 1, eff. Sept. 1, 1993.
Sec. 502.014. ADMINISTRATIVE PENALTY. (a) The department may assess an administrative penalty against an employer who violates this chapter, department rules adopted under this chapter, or an order issued under this chapter.

(b) If the department finds one or more violations of this chapter, the department may issue a notice of violation to the employer. The notice of violation shall specifically describe the violation, refer to the applicable section or subsection of the chapter, and state the amount of the penalty, if any, to be assessed by the department.

(c) An employer who receives a notice of violation may respond to the department in writing within 15 days after the date of receipt of the notice of violation in one of the ways provided by Subsection (d), (e), or (f).

(d) If the employer disputes the validity of the violation and has reason to believe that the findings of the department were based on inaccurate or incomplete information, the employer may request an informal conference with representatives of the department. The purpose of an informal conference is to permit the employer to meet with department representatives to discuss the basis of the violation and to provide information to the department. The department shall schedule the informal conference. A request for an informal conference made in bad faith is a violation of this chapter.

(e) The employer may correct the violation and certify to the department that the corrections have been made.

(f) The employer may request a hearing.

(g) Following an informal conference, the department shall respond in writing to the employer, stating whether the department intends to withdraw the notice of violation or pursue it. If the department intends to pursue the notice of violation, the employer may respond as provided by either Subsection (h) or (i) within 10 days after the date of receipt of the department's correspondence.

(h) The employer may correct the violation and certify to the department that the corrections have been made.

(i) The employer may request a hearing.

(j) A request for an informal conference or a statement by an employer that the employer is in compliance with the provision of this chapter does not waive the employer's right to a hearing.

(k) The department may not assess an administrative penalty for any violation that has been corrected within 15 days after the date.
of receipt of the notice of violation, the date of receipt of the department's response by the employer, or 10 days after the date of receipt by the employer of the department's response to the informal conference provided for in Subsection (g), whichever is later.

(l) In determining the amount of the penalty, the department shall consider:

(1) the employer's previous violations;
(2) the seriousness of the violation;
(3) any hazard to the health and safety of the employee;
(4) the employer's demonstrated good faith;
(5) the duration of the violation; and
(6) other matters as justice may require.

(m) Each day a violation continues may be considered a separate violation.

(n) The penalty may not exceed $500 for each violation.

Added by Acts 1993, 73rd Leg., ch. 528, Sec. 1, eff. Sept. 1, 1993. Amended by: Acts 2015, 84th Leg., R.S., Ch. 1 (S.B. 219), Sec. 3.1284, eff. April 2, 2015.
Sec. 502.0142.  PAYMENT OF ADMINISTRATIVE PENALTY;  JUDICIAL REVIEW.  (a) Not later than the 30th day after the date an order finding that a violation has occurred is issued, the department shall inform the employer against whom the order is issued of the amount of the penalty for the violation.

(b) Within 30 days after the date the department's order is final as provided by Subchapter F, Chapter 2001, Government Code, the employer shall:

(1) pay the amount of the penalty;
(2) pay the amount of the penalty and file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty; or
(3) without paying the amount of the penalty, file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(c) Within the 30-day period, an employer who acts under Subsection (b)(3) may:

(1) stay enforcement of the penalty by:
   (A) paying the amount of the penalty to the court for placement in an escrow account; or
   (B) giving to the court a supersedeas bond that is approved by the court for the amount of the penalty and that is effective until all judicial review of the department's order is final; or
(2) request the court to stay enforcement of the penalty by:
   (A) filing with the court a sworn affidavit of the employer stating that the employer is financially unable to pay the amount of the penalty and is financially unable to give the supersedeas bond; and
(B) giving a copy of the affidavit to the department by certified mail.

(d) Subsection (c)(1) does not apply to the state or a political subdivision. The penalty may not be enforced against the state or a political subdivision until all judicial review has been exhausted.

(e) If the department receives a copy of an affidavit under Subsection (c)(2), the department may file with the court, within five days after the date the copy is received, a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The employer who files an affidavit has the burden of proving that the employer is financially unable to pay the amount of the penalty and to give a supersedeas bond.

(f) If the employer does not pay the amount of the penalty and the enforcement of the penalty is not stayed, the department may refer the matter to the attorney general for collection of the amount of the penalty.

(g) Judicial review of the order of the department:

(1) is instituted by filing a petition as provided by Subchapter G, Chapter 2001, Government Code; and

(2) is under the substantial evidence rule.

(h) If the court sustains the occurrence of the violation, the court may uphold or reduce the amount of the penalty and order the employer to pay the full or reduced amount of the penalty. If the court does not sustain the occurrence of the violation, the court shall order that no penalty is owed.

(i) When the judgment of the court becomes final, the court shall proceed under this subsection. If the employer paid the amount of the penalty and if that amount is reduced or is not upheld by the court, the court shall order that the appropriate amount plus accrued interest be remitted to the employer. The rate of the interest is the rate charged on loans to depository institutions by the New York Federal Reserve Bank, and the interest shall be paid for the period beginning on the date the penalty was paid and ending on the date the penalty is remitted. If the employer gave a supersedeas bond and if the amount of the penalty is not upheld by the court, the court shall order the release of the bond. If the employer gave a supersedeas bond and if the amount of the penalty is reduced, the court shall
order the release of the bond after the employer pays the amount.

(j) All proceedings under this section are subject to Chapter 2001, Government Code.

Sec. 502.015. CIVIL PENALTY; INJUNCTION. (a) If it appears that an employer has violated, is violating, or is threatening to violate this chapter or any rule adopted or order issued under this chapter, the department may request the attorney general or the district, county, or city attorney of the municipality or county in which the violation has occurred, is occurring, or may occur to institute a civil suit for:

(1) injunctive relief to restrain the employer from continuing the violation or threat of violation;

(2) the assessment and recovery of a civil penalty for a violation; or

(3) both the injunctive relief and the civil penalty.

(b) The penalty may be in an amount not to exceed $2,000 a day for each violation, with a total not to exceed $20,000 for that violation.

(c) In determining the amount of the penalty, the court shall consider the employer’s history of previous violations, the seriousness of the violation, any hazard to health and safety of the public, the demonstrated good faith of the employer charged, and other matters as justice may require.

(d) Any civil penalty recovered in a suit instituted by the attorney general under this chapter shall be deposited in the state treasury to the credit of the general revenue fund. Any civil penalty recovered in a suit instituted by a local government under this chapter shall be paid to the local government.

(e) This section does not affect any other right of an employee or any other employer to receive compensation for damages under other law.
Sec. 502.016. CRIMINAL PENALTY. An employer who is required to disclose hazard information under this chapter and who proximately causes an occupational disease or injury to an individual by knowingly disclosing false hazard information or knowingly failing to disclose hazard information provided on an MSDS commits an offense that is punishable by a fine of not more than $10,000 for each violation. Each day of violation constitutes a separate offense, except that the fine may not exceed $100,000 for that violation. This section does not affect any other right of an employee or any other employer to receive compensation for damages under other law.

Sec. 502.017. EMPLOYEE NOTICE; RIGHTS OF EMPLOYEES. (a) An employer shall post and maintain adequate notice, at locations where notices are normally posted, informing employees of their rights under this chapter. If the department does not prepare the notice under Section 502.008, the employer shall prepare the notice.

(b) Employees who may be exposed to hazardous chemicals shall be informed of the exposure and shall have access to the workplace chemical list and MSDSs for the hazardous chemicals. Employees, on request, shall be provided a copy of a specific MSDS with any trade secret information deleted. In addition, employees shall receive training concerning the hazards of the chemicals and measures they can take to protect themselves from those hazards. Employees shall be provided with appropriate personal protective equipment. These rights are guaranteed.

(c) An employer may not discharge, cause to be discharged, otherwise discipline, or in any manner discriminate against an employee because the employee has:

(1) filed a complaint;

(2) assisted an inspector of the department who may make or is making an inspection under Section 502.011;
(3) instituted or caused to be instituted any proceeding under or related to this chapter;

(4) testified or is about to testify in a proceeding under this chapter; or

(5) exercised any rights afforded under this chapter on behalf of the employee or on behalf of others.

(d) Pay, position, seniority, or other benefits may not be lost as the result of the exercise of any right provided by this chapter.

(e) A waiver by an employee of the benefits or requirements of this chapter is void. An employer's request or requirement that an employee waive any rights under this chapter as a condition of employment is a violation of this chapter.

The state fire marshal
marshal shall furnish a copy of the form to the chief of the fire department having jurisdiction over the facility. The Texas Division of Emergency Management shall furnish a copy of the form to the appropriate local emergency planning committee.

(b) Except as otherwise provided by this section, any facility covered by this chapter shall furnish or mail, within 10 working days of the date of receipt of a request under Subsection (a), either a copy of the facility's existing workplace chemical list or a modified version of the most recent tier two form using a 500-pound threshold.

(c) Any facility that has received five requests under Subsection (a) in a calendar month, four requests in a calendar month for two or more months in a row, or more than 10 requests in a year may elect to furnish the material to the commission.

(d) Any facility electing to furnish the material to the commission under Subsection (c) may during that same filing period inform persons making requests under Subsection (a) of the availability of the information at the commission and refer the request to the commission for that filing period. The notice to persons making requests shall state the address of the commission and shall be mailed within seven days of the date of receipt of the request, if by mail, and at the time of the request if in person.

(b) The commission by rule may authorize the collection of annual fees from facility operators for the filing of tier two forms required by this chapter. The fee may not exceed:

1. $50 for each required submission having no more than 75 hazardous chemicals or hazardous chemical categories; or
2. $100 for each required submission having more than 75

TITLE 7. MENTAL HEALTH AND INTELLECTUAL DISABILITY

SUBTITLE A. SERVICES FOR PERSONS WITH MENTAL ILLNESS OR AN INTELLECTUAL DISABILITY

CHAPTER 531. PROVISIONS GENERALLY APPLICABLE TO MENTAL HEALTH AND INTELLECTUAL DISABILITY SERVICES

Sec. 531.001. PURPOSE; POLICY. (a) It is the purpose of this subtitle to provide for the effective administration and coordination of mental health and intellectual disability services at the state and local levels.

(b) Recognizing that a variety of alternatives for serving persons with mental illness or an intellectual disability exists, it is the purpose of this subtitle to ensure that a continuum of services is provided. The continuum of services includes:

(1) mental health facilities operated by the Department of State Health Services and community services for persons with mental illness provided by the department and other entities through contracts with the department; or

(2) state supported living centers operated by the Department of Aging and Disability Services and community services for persons with an intellectual disability provided by the department and other entities through contracts with the department.

(c) It is the goal of this state to provide a comprehensive range of services for persons with mental illness or an intellectual disability who need publicly supported care, treatment, or habilitation. In providing those services, efforts will be made to coordinate services and programs with services and programs provided by other governmental entities to minimize duplication and to share with other governmental entities in financing those services and programs.

(d) It is the policy of this state that, when appropriate and feasible, persons with mental illness or an intellectual disability shall be afforded treatment in their own communities.

(e) It is the public policy of this state that mental health and intellectual disability services be the responsibility of local agencies and organizations to the greatest extent possible. The Department of State Health Services shall assist the local agencies and organizations by coordinating the implementation of a statewide system of mental health services. The Department of Aging and Disability Services shall assist the local agencies and organizations by coordinating the implementation of a statewide system of
intellectual disability services. Each department shall ensure that mental health and intellectual disability services, as applicable, are provided. Each department shall provide technical assistance for and regulation of the programs that receive funding through contracts with that department.

(f) It is the public policy of this state to offer services first to those persons who are most in need. Therefore, funds appropriated by the legislature for mental health and intellectual disability services may be spent only to provide services to the priority populations identified in the applicable department's long-range plan.

(g) It is the goal of this state to establish at least one special officer for mental health assignment in each county. To achieve this goal, the Department of State Health Services shall assist a local law enforcement agency that desires to have an officer certified under Section 1701.404, Occupations Code.

(h) It is the policy of this state that the Department of State Health Services serves as the state's mental health authority and the Department of Aging and Disability Services serves as the state's intellectual disability authority. The executive commissioner is responsible for the planning, policy development, and resource development and allocation for and oversight of mental health and intellectual disability services in this state. It is the policy of this state that, when appropriate and feasible, the executive commissioner may delegate the executive commissioner's authority to a single entity in each region of the state that may function as the local mental health or intellectual and developmental disability authority for one or more service areas in the region.

(b) The amount of the reimbursement sought may not exceed:

(1) the amount the department is authorized to charge under Subchapter D, Chapter 593, if the client received the services in a department facility; or

(2) the amount the community center is authorized to charge under Section 534.017 if the client received the services in a community center.

(c) The lien attaches to:

(1) all nonexempt real and personal property owned or later acquired by the client or by a person legally responsible for the client's support;

(2) a judgment of a court in this state or a decision of a public agency in a proceeding brought by or on behalf of the client to recover damages for an injury for which the client was admitted to a department facility or community center; and

(3) the proceeds of a settlement of a cause of action or a claim by the client for an injury for which the client was admitted to a department facility or community center.
(d) To secure the lien, the department or community center must file written notice of the lien with the county clerk of the county in which:

(D) goals to divert consumers of services from the criminal justice system; and

(E) opportunities for innovation in services and service delivery.

(e) The department and the local intellectual and developmental disability authority by contract shall enter into a performance agreement that specifies required standard outcomes for the programs administered by the local authority. Performance related to the specified outcomes must be verifiable by the department. The performance agreement must include measures related to the outputs, costs, and units of service delivered. (d) In establishing a local intellectual and developmental disability authority's role as a qualified service provider of ICF-IID and related waiver programs under Section 533A.035(e), the executive commissioner shall require the local intellectual and developmental disability authority to:

(1) base the local authority's provider capacity on the local authority's August 2004 enrollment levels for the waiver programs the local authority operates and, if the local authority's enrollment levels exceed those levels, to reduce the levels by attrition; and
(2) base any increase in the local authority's provider capacity on:

(A) the local authority's state-mandated conversion from an ICF-IID program to a Section 1915(c) waiver program allowing for a permanent increase in the local authority's provider capacity in accordance with the number of persons who choose the local authority as their provider;

(C) the local authority's refinancing from services funded solely by state general revenue to a Medicaid program allowing for a temporary increase in the local authority's provider capacity, to be reduced by attrition, in accordance with the number of persons who choose the local authority as their provider; or

(D) other extenuating circumstances that:

(i) are monitored and approved by the department;
(ii) do not include increases that unnecessarily promote the local authority's provider role over its role as a local intellectual and developmental disability authority; and
(iii) may include increases necessary to accommodate a family-specific or consumer-specific circumstance and choice.

(e) Any increase based on extenuating circumstances under Subsection (d)(2)(D) is considered a temporary increase in the local intellectual and developmental disability authority's provider capacity, to be reduced by attrition.

(f) At least biennially, the department shall review and determine the local intellectual and developmental disability authority's status as a qualified service provider in accordance with criteria that includes the consideration of the local authority's ability to assure the availability of services in its area, including:

(1) program stability and viability;
(2) the number of other qualified service providers in the area; and
(3) the geographical area in which the local authority is located.

(g) The department shall ensure that local services delivered further the following goals:

(1) to provide individuals with the information, opportunities, and support to make informed decisions regarding the services for which the individual is eligible;
(2) to respect the rights, needs, and preferences of an individual receiving services; and
(3) to integrate individuals with intellectual and developmental disabilities into the community in accordance with relevant independence initiatives and permanency planning laws.

(2) provider-owned and non-provider-owned residential settings;

(4) rental properties with on-site supports.

(b) The department, in cooperation with the Texas Department of Housing and Community Affairs, the Department of Agriculture, the Texas State Affordable Housing Corporation, and the Intellectual and Developmental Disability System Redesign Advisory Committee established under Section 534.053, Government Code, shall coordinate with federal, state, and local public housing entities as necessary to expand opportunities for accessible, affordable, and integrated housing to meet the complex needs of individuals with disabilities, including individuals with intellectual and developmental disabilities.

Each appropriate commissioner, on request, may waive the 30-day requirement on a case-by-case basis.

(c) The executive commissioner shall adopt rules relating to the approval and notification process.

Sec. 534.022. FINANCING OF PROPERTY AND IMPROVEMENTS. (e) A county or municipality acting alone or two or more counties or municipalities acting jointly pursuant to interlocal contract may create a public facility corporation to act on behalf of one or more community centers pursuant to Chapter 303, Local Government Code. Such counties or municipalities may exercise the powers of a sponsor under that chapter, and any such corporation may exercise the powers of a corporation under that chapter (including but not limited to the power to issue bonds). The corporation may exercise its powers on behalf of community centers in such manner as may be prescribed by the articles and bylaws of the corporation, provided that in no event shall one community center ever be liable to pay the debts or obligation or be liable for the acts, actions, or undertakings of another community center.

(f) The board of trustees of a community center may authorize the issuance of an anticipation note in the same manner, using the same procedure, and with the same rights under which an eligible school district may authorize issuance under Chapter 1431, Government Code, except that anticipation notes issued for the purposes described by Section 1431.004(a)(2), Government Code, may not, in the fiscal year in which the attorney general approves the notes for a community center, exceed 50 percent of the revenue anticipated to be collected in that year.

(b) A community center that acquires real property by gift or grant shall, on the date the center acquires the gift or grant, notify the private entity providing the gift or grant that:

(1) the center may subsequently sell the real property; and
(2) the sale is subject to the provisions of this section.

(c) Except as provided by Subsection (d), real property sold under Subsection (a) must be sold for the property's fair market value.

(d) Real property sold under Subsection (a) may be sold for less than fair market value only if the board of trustees adopts a resolution stating:

(2) the conditions and circumstances for the sale, including conditions to accomplish and maintain the public purpose.

(e) A community center must notify each appropriate department and each local agency that appoints members to the board of trustees

If the 72-hour period ends on a Saturday, Sunday, or legal holiday, the filing period is extended until 4 p.m. on the first succeeding business day. If extremely hazardous weather conditions exist or a disaster occurs, the presiding judge or magistrate may by written order made each day extend the filing period until 4 p.m. on the first succeeding business day. (k) Within the 30-day period, a person who acts under Subsection (j)(3) may:

(1) stay enforcement of the penalty by:

(A) paying the amount of the penalty to the court for placement in an escrow account; or

(B) giving to the court a supersedeas bond that is approved by the court for the amount of the penalty and that is effective until all judicial review of the department's order is final; or
(2) request the court to stay enforcement of the penalty by:

(A) filing with the court a sworn affidavit of the person stating that the person is financially unable to pay the amount of the penalty and is financially unable to give the supersedeas bond; and

(B) giving a copy of the affidavit to the department by certified mail.

(1) The department on receipt of a copy of an affidavit under Subsection (k)(2) may file with the court within five days after the date the copy is received a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the amount of the penalty and to give a supersedeas bond.

(m) If the person does not pay the amount of the penalty and the enforcement of the penalty is not stayed, the department may refer the matter to the attorney general for collection of the amount of the penalty.

(n) Judicial review of the order of the department:

(1) is instituted by filing a petition as provided by Subchapter G, Chapter 2001, Government Code; and

(2) is under the substantial evidence rule.

(o) If the court sustains the occurrence of the violation, the court may uphold or reduce the amount of the penalty and order the person to pay the full or reduced amount of the penalty. If the court does not sustain the occurrence of the violation, the court shall order that no penalty is owed.

(p) When the judgment of the court becomes final, the court shall proceed under this subsection. If the person paid the amount of the penalty and if that amount is reduced or is not upheld by the court, the court shall order that the appropriate amount plus accrued interest be remitted to the person. The rate of the interest is the rate charged on loans to depository institutions by the New York Federal Reserve Bank, and the interest shall be paid for the period beginning on the date the penalty was paid and ending on the date the penalty is remitted. If the person gave a supersedeas bond and if the amount of the penalty is not upheld by the court, the court shall order the release of the bond. If the person gave a supersedeas bond
and if the amount of the penalty is reduced, the court shall order the release of the bond after the person pays the amount.

(q) A penalty collected under this section shall be remitted to the comptroller for deposit in the general revenue fund.

(r) All proceedings under this section are subject to Chapter 2001, Government Code.

      (2) explaining to a prospective patient the patient's rights; and
      (3) explaining to a prospective patient the facility's services and treatment process.

  (c) The assessment provided for by the rules may be conducted only by a professional who meets the qualifications prescribed by department rules.

  (d) The rules governing the assessment process shall prescribe:

      (1) the facility has a physician's order admitting the
prospective patient, which order may be issued orally, electronically, or in writing, signed by the physician, provided that, in the case of an oral order or an electronically transmitted unsigned order, a signed original is presented to the mental health facility within 24 hours of the initial order; the order must be from:

(f-2) A facility that discharges a patient under the circumstances described by Subsection (f-1) may not bill the patient or the patient's third-party payor for the temporary admission of the patient to the inpatient mental health facility.

Sec. 572.003. RIGHTS OF PATIENTS. (a) A person's voluntary admission to an inpatient mental health facility under this chapter does not affect the person's civil rights or legal capacity or affect the person's right to obtain a writ of habeas corpus.

   (b) In addition to the rights provided by this subtitle, a person voluntarily admitted to an inpatient mental health facility under this chapter has the right:

   (1) to be reviewed periodically to determine the person's need for continued inpatient treatment; and

   (2) to have an application for court-ordered mental health services filed only as provided by Section 572.005.

   (c) A person admitted to an inpatient mental health facility under this chapter shall be informed of the rights provided under this section and Section 572.004:

   (1) orally in simple, nontechnical terms, within 24 hours after the time the person is admitted, and in writing in the person's primary language, if possible; or

   (2) through the use of a means reasonably calculated to communicate with a hearing impaired or visually impaired person, if
applicable.

(d) The patient's parent, managing conservator, or guardian shall also be informed of the patient's rights as required by this section if the patient is a minor.

(e) In addition to the rights provided by this subtitle, a person voluntarily admitted to an inpatient mental health facility under Section 572.002(3)(B) has the right to be evaluated by a physician at regular intervals to determine the person's need for continued inpatient treatment. The executive commissioner by rule shall establish the intervals at which a physician shall evaluate a person under this subsection.

Sec. 572.004. DISCHARGE. (a) A voluntary patient is entitled to leave an inpatient mental health facility in accordance with this section after a written request for discharge is filed with the facility administrator or the administrator's designee. The request must be signed, timed, and dated by the patient or a person legally responsible for the patient and must be made a part of the patient's clinical record. If a patient informs an employee of or person associated with the facility of the patient's desire to leave the facility, the employee or person shall, as soon as possible, assist the patient in creating the written request and present it to the patient for the patient's signature.

(b) The facility shall, within four hours after a request for discharge is filed, notify the physician responsible for the patient's treatment. If that physician is not available during that period, the facility shall notify any available physician of the request.

(c) The notified physician shall discharge the patient before the end of the four-hour period unless the physician has reasonable cause to believe that the patient might meet the criteria for court-ordered mental health services or emergency detention.
(d) A physician who has reasonable cause to believe that a patient might meet the criteria for court-ordered mental health services or emergency detention shall examine the patient as soon as possible within 24 hours after the time the request for discharge is filed. The physician shall discharge the patient on completion of the examination unless the physician determines that the person meets the criteria for court-ordered mental health services or emergency detention. If the physician makes a determination that the patient meets the criteria for court-ordered mental health services or emergency detention, the physician shall, not later than 4 p.m. on the next succeeding business day after the date on which the examination occurs, either discharge the patient or file an application for court-ordered mental health services or emergency detention and obtain a written order for further detention. The physician shall notify the patient if the physician intends to detain the patient under this subsection or intends to file an application for court-ordered mental health services or emergency detention. A decision to detain a patient under this subsection and the reasons for the decision shall be made a part of the patient's clinical record.

(e) If extremely hazardous weather conditions exist or a disaster occurs, the physician may request the judge of a court that has jurisdiction over proceedings brought under Chapter 574 to extend the period during which the patient may be detained. The judge or a magistrate appointed by the judge may by written order made each day extend the period during which the patient may be detained until 4 p.m. on the first succeeding business day. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

(f) The patient is not entitled to leave the facility if before the end of the period prescribed by this section:

(1) a written withdrawal of the request for discharge is filed; or

(2) an application for court-ordered mental health services or emergency detention is filed and the patient is detained in accordance with this subtitle.

(g) A plan for continuing care shall be prepared in accordance with Section 574.081 for each patient discharged. If sufficient time to prepare a continuing care plan before discharge is not available, the plan may be prepared and mailed to the appropriate person within
24 hours after the patient is discharged.

(h) The patient or other person who files a request for discharge of a patient shall be notified that the person filing the request assumes all responsibility for the patient on discharge.

(i) On receipt of a written request for discharge from a patient admitted under Section 572.002(3)(B) who is younger than 18 years of age, a facility shall consult with the patient's parent, managing conservator, or guardian regarding the discharge. If the parent, managing conservator, or guardian objects in writing to the patient's discharge, the facility shall continue treatment of the patient as a voluntary patient.

(1) a request for release of the patient has been filed with the facility administrator; or

(2) in the opinion of the physician responsible for the patient's treatment, the patient meets the criteria for court-ordered mental health services and:

(A) is absent from the facility without authorization;

(B) is unable to consent to appropriate and necessary psychiatric treatment; or

Sec. 574.001. APPLICATION FOR COURT-ORDERED MENTAL HEALTH SERVICES. (a) A county or district attorney or other adult may file a sworn written application for court-ordered mental health services. Only the district or county attorney may file an application that is not accompanied by a certificate of medical examination.

(b) Except as provided by Subsection (f), the application must be filed with the county clerk in the county in which the proposed patient:

(1) resides;
(2) is found; or
(3) is receiving mental health services by court order or under Subchapter A, Chapter 573.

(c) If the application is not filed in the county in which the proposed patient resides, the court may, on request of the proposed patient or the proposed patient's attorney and if good cause is shown, transfer the application to that county.

(d) An application may be transferred to the county in which the person is being detained under Subchapter B if the county to which the application is to be transferred approves such transfer. A transfer under this subsection does not preclude the proposed patient from filing a motion to transfer under Subsection (c).

(e) An order transferring a criminal defendant against whom all charges have been dismissed to the appropriate court for a hearing on court-ordered mental health services in accordance with Subchapter F, Chapter 46B, Code of Criminal Procedure, serves as an application under this section. The order must state that all charges have been dismissed.
(f) An application in which the proposed patient is a child in the custody of the Texas Juvenile Justice Department may be filed in the county in which the child's commitment to the Texas Juvenile Justice Department was ordered.

Sec. 574.002. FORM OF APPLICATION. (a) An application for court-ordered mental health services must be styled using the proposed patient's initials and not the proposed patient's full name.

(b) The application must state whether the application is for temporary or extended mental health services. An application for extended inpatient mental health services must state that the person has received court-ordered inpatient mental health services under this subtitle or under Subchapter D or E, Chapter 46B, Code of Criminal Procedure, for at least 60 consecutive days during the preceding 12 months. Sec. 574.003. APPOINTMENT OF ATTORNEY. (a) The judge shall appoint an attorney to represent a proposed patient within 24 hours after the time an application for court-ordered mental health services is filed if the proposed patient does not have an attorney. At that time, the judge shall also appoint a language or sign interpreter if necessary to ensure effective communication with the attorney in the proposed patient's primary language.

(b) The court shall inform the attorney in writing of the attorney's duties under Section 574.004.

(c) The proposed patient's attorney shall be furnished with all records and papers in the case and is entitled to have access to all hospital and physicians' records.

Sec. 574.004. DUTIES OF ATTORNEY. (a) An attorney representing a proposed patient shall interview the proposed patient within a reasonable time before the date of the hearing on the application.

(b) The attorney shall thoroughly discuss with the proposed patient the law and facts of the case, the proposed patient's options, and the grounds on which the court-ordered mental health services are being sought. A court-appointed attorney shall also inform the proposed patient that the proposed patient may obtain personal legal counsel at the proposed patient's expense instead of accepting the court-appointed counsel.
(c) The attorney may advise the proposed patient of the wisdom of agreeing to or resisting efforts to provide mental health services, but the proposed patient shall make the decision to agree to or resist the efforts. Regardless of an attorney's personal opinion, the attorney shall use all reasonable efforts within the bounds of law to advocate the proposed patient's right to avoid court-ordered mental health services if the proposed patient expresses a desire to avoid the services. If the proposed patient desires, the attorney shall advocate for the least restrictive treatment alternatives to court-ordered inpatient mental health services.

(d) Before a hearing, the attorney shall:

(1) review the application, the certificates of medical examination for mental illness, and the proposed patient's relevant medical records;

(2) interview supporting witnesses and other witnesses who will testify at the hearing; and

(3) explore the least restrictive treatment alternatives to court-ordered inpatient mental health services.

(e) The attorney shall advise the proposed patient of the proposed patient's right to attend a hearing or to waive the right to attend a hearing and shall inform the court why a proposed patient is absent from a hearing.

(f) The attorney shall discuss with the proposed patient:

(1) the procedures for appeal, release, and discharge if the court orders participation in mental health services; and

(2) other rights the proposed patient may have during the period of the court's order.

(g) To withdraw from a case after interviewing a proposed patient, an attorney must file a motion to withdraw with the court. The court shall act on the motion as soon as possible. An attorney may not withdraw from a case unless the withdrawal is authorized by court order.

(h) The attorney is responsible for a person's legal representation until:

(1) the application is dismissed;

(2) an appeal from an order directing treatment is taken;

(3) the time for giving notice of appeal expires by operation of law; or

(4) another attorney assumes responsibility for the case.
Sec. 574.005. SETTING ON APPLICATION. (a) The judge or a magistrate designated under Section 574.021(e) shall set a date for a hearing to be held within 14 days after the date on which the application is filed.

(b) The hearing may not be held during the first three days after the application is filed if the proposed patient or the proposed patient's attorney objects.

(c) The court may grant one or more continuances of the hearing on the motion by a party and for good cause shown or on agreement of the parties. However, the hearing shall be held not later than the 30th day after the date on which the original application is filed. If extremely hazardous weather conditions exist or a disaster occurs that threatens the safety of the proposed patient or other essential parties to the hearing, the judge or magistrate may, by written order made each day, postpone the hearing for 24 hours. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

Sec. 574.006. NOTICE. (a) The proposed patient and his attorney are entitled to receive a copy of the application and written notice of the time and place of the hearing immediately after the date for the hearing is set.

(b) A copy of the application and the written notice shall be delivered in person or sent by certified mail to the proposed patient's:

   (1) parent, if the proposed patient is a minor;
   (2) appointed guardian, if the proposed patient is the subject of a guardianship; or
   (3) each managing and possessory conservator that has been appointed for the proposed patient.

(c) Notice may be given to the proposed patient's next of kin if the relative is the applicant and the parent cannot be located and a guardian or conservator has not been appointed.

(d) Notice of the time and place of any hearing and of the
name, telephone number, and address of any attorneys known or believed to represent the state or the proposed patient shall be furnished to any person stating that that person has evidence to present upon any material issue, without regard to whether such evidence is on behalf of the state or of the proposed patient. The notice shall not include the application, medical records, names or addresses of other potential witnesses, or any other information whatsoever. Any clerk, judge, magistrate, court coordinator, or other officer of the court shall provide such information and shall be entitled to judicial immunity in any civil suit seeking damages as a result of providing such notice. Should such evidence be offered at trial and the adverse party claim surprise, the hearing may be continued under the provisions of Section 574.005, and the person producing such evidence shall be entitled to timely notice of the date and time of such continuance.

Any officer, employee, or agent of the department shall refer any inquiring person to the court authorized to provide the notice if such information is in the possession of the department. The notice shall be provided in the form that is most understandable to the person making such inquiry.

Sec. 574.007. DISCLOSURE OF INFORMATION. (a) The proposed patient's attorney may request information from the county or district attorney in accordance with this section if the attorney cannot otherwise obtain the information.

(b) If the proposed patient's attorney requests the information at least 48 hours before the time set for the hearing, the county or district attorney shall, within a reasonable time before the hearing, provide the attorney with a statement that includes:

(1) the provisions of this subtitle that will be relied on at the hearing to establish that the proposed patient requires court-ordered temporary or extended inpatient mental health services;

(2) the reasons voluntary outpatient services are not considered appropriate for the proposed patient;

(3) the name, address, and telephone number of each witness who may testify at the hearing;
(4) a brief description of the reasons court-ordered temporary or extended inpatient or outpatient, as appropriate, mental health services are required; and

(5) a list of any acts committed by the proposed patient that the applicant will attempt to prove at the hearing.

(c) At the hearing, the judge may admit evidence or testimony that relates to matters not disclosed under Subsection (b) if the admission would not deprive the proposed patient of a fair opportunity to contest the evidence or testimony.

(d) Except as provided by this subsection, not later than 48 hours before the time set for the hearing on the petition for commitment, the county or district attorney shall inform the proposed patient through the proposed patient's attorney whether the county or district attorney will request that the proposed patient be committed to inpatient services or outpatient services. The proposed patient, the proposed patient's attorney, and the county or district attorney may agree to waive the requirement of this subsection. The waiver must be made by the proposed patient:

(1) orally and in the presence of the court; or

(2) in writing and signed and sworn to under oath by the proposed patient and the proposed patient's attorney.

Sec. 574.008. COURT JURISDICTION AND TRANSFER. (a) A proceeding under Subchapter C or E must be held in the statutory or constitutional county court that has the jurisdiction of a probate court in mental illness matters.

(b) If the hearing is to be held in a county court in which the judge is not a licensed attorney, the proposed patient or the proposed patient's attorney may request that the proceeding be transferred to a court with a judge who is licensed to practice law in this state. The county judge shall transfer the case after receiving the request and the receiving court shall hear the case as if it had been originally filed in that court.

(c) If a patient is receiving temporary inpatient mental health services in a county other than the county that initiated the court-ordered inpatient mental health services and the patient requires
extended inpatient mental health services, the county in which the proceedings originated shall pay the expenses of transporting the patient back to the county for the hearing unless the court that entered the temporary order arranges with the appropriate court in the county in which the patient is receiving services to hold the hearing on court-ordered extended inpatient mental health services before the original order expires.

(d) If an order for outpatient services designates that such services be provided in a county other than the county in which the order was initiated, the court shall transfer the case to the appropriate court in the county in which the services are being provided. That court shall thereafter have exclusive, continuing jurisdiction of the case, including the receipt of the general treatment program required by Section 574.037(b).

Sec. 574.0085. ASSOCIATE JUDGES. (a) The county judge may appoint a full-time or a part-time associate judge to preside over the proceedings for court-ordered mental health services if the commissioners court of a county in which the court has jurisdiction authorizes the employment of an associate judge.

(b) To be eligible for appointment as an associate judge, a person must be a resident of this state and have been licensed to practice law in this state for at least four years or be a retired county judge, statutory or constitutional, with at least 10 years of service.

(c) An associate judge shall be paid as determined by the commissioners court of the county in which the associate judge serves. If an associate judge serves in more than one county, the associate judge shall be paid as determined by agreement of the commissioners courts of the counties in which the associate judge serves. The associate judge may be paid from county funds available for payment of officers' salaries.

(d) An associate judge who serves a single court serves at the will of the judge of that court. The services of an associate judge who serves more than two courts may be terminated by a majority vote of all the judges of the courts the associate judge serves. The
services of an associate judge who serves two courts may be terminated by either of the judges of the courts the associate judge serves.

(e) To refer cases to an associate judge, the referring court must issue an order of referral. The order of referral may limit the power or duties of an associate judge.

(f) Except as limited by an order of referral, an associate judge appointed under this section has all the powers and duties set forth in Section 201.007, Family Code.

(g) A bailiff may attend a hearing held by an associate judge if directed by the referring court.

(h) A witness appearing before an associate judge is subject to the penalties for perjury provided by law. A referring court may issue attachment against and may fine or imprison a witness whose failure to appear before an associate judge after being summoned or whose refusal to answer questions has been certified to the court.

(i) At the conclusion of any hearing conducted by an associate judge and on the preparation of an associate judge's report, the associate judge shall transmit to the referring court all papers relating to the case, with the associate judge's signed and dated report. After the associate judge's report has been signed, the associate judge shall give to the parties participating in the hearing notice of the substance of the report. The associate judge's report may contain the associate judge's findings, conclusions, or recommendations. The associate judge's report must be in writing in a form as the referring court may direct. The form may be a notation on the referring court's docket sheet. After the associate judge's report is filed, the referring court may adopt, approve, or reject the associate judge's report, hear further evidence, or recommit the matter for further proceedings as the referring court considers proper and necessary in the particular circumstances of the case.

(j) If a jury trial is demanded or required, the associate judge shall refer the entire matter back to the referring court for trial.

(k) An associate judge appointed under this section has the judicial immunity of a county judge.

(l) An associate judge appointed in accordance with this section shall comply with the Code of Judicial Conduct in the same manner as the county judge.
Sec. 574.009. REQUIREMENT OF MEDICAL EXAMINATION. (a) A hearing on an application for court-ordered mental health services may not be held unless there are on file with the court at least two certificates of medical examination for mental illness completed by different physicians each of whom has examined the proposed patient during the preceding 30 days. At least one of the physicians must be a psychiatrist if a psychiatrist is available in the county.

(b) If the certificates are not filed with the application, the judge or magistrate designated under Section 574.021(e) may appoint the necessary physicians to examine the proposed patient and file the certificates.

(c) The judge or designated magistrate may order the proposed patient to submit to the examination and may issue a warrant authorizing a peace officer to take the proposed patient into custody for the examination.

(d) If the certificates required under this section are not on file at the time set for the hearing on the application, the judge shall dismiss the application and order the immediate release of the proposed patient if that person is not at liberty. If extremely hazardous weather conditions exist or a disaster occurs, the presiding judge or magistrate may by written order made each day extend the period during which the two certificates of medical examination for mental illness may be filed, and the person may be detained until 4 p.m. on the first succeeding business day. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.
Sec. 574.010. INDEPENDENT PSYCHIATRIC EVALUATION AND EXPERT TESTIMONY. (a) The court may order an independent evaluation of the proposed patient by a psychiatrist chosen by the proposed patient if the court determines that the evaluation will assist the finder of fact. The psychiatrist may testify on behalf of the proposed patient.

(b) If the court determines that the proposed patient is indigent, the court may authorize reimbursement to the attorney ad litem for court-approved expenses incurred in obtaining expert testimony and may order the proposed patient's county of residence to pay the expenses.

proposed patient's basic needs, including food, clothing, health, or safety; and

(iii) not able to make a rational and informed decision as to whether to submit to treatment.

(b) The examining physician must specify in the certificate which criterion listed in Subsection (a)(7)(B) forms the basis for the physician's opinion.

(c) If the certificate is offered in support of an application for extended mental health services, the certificate must also include the examining physician's opinion that the examined person's condition is expected to continue for more than 90 days.

(d) If the certificate is offered in support of a motion for a protective custody order, the certificate must also include the examining physician's opinion that the examined person presents a substantial risk of serious harm to himself or others if not immediately restrained. The harm may be demonstrated by the examined person's behavior or by evidence of severe emotional distress and deterioration in the examined person's mental condition to the extent that the examined person cannot remain at liberty.

(e) The certificate must include the detailed reason for each of the examining physician's opinions under this section.

(c) If outpatient treatment is recommended, the local mental health authority will also file a statement as to whether the proposed mental health services are available.

(d) The hearing on an application may not be held before the
recommendation for treatment is filed unless the court determines that an emergency exists.

(e) This section does not relieve a county of its responsibility under other provisions of this subtitle to diagnose, care for, or treat persons with mental illness.

(f) This section does not apply to a person for whom treatment in a private mental health facility is proposed.

Sec. 574.0125. IDENTIFICATION OF PERSON RESPONSIBLE FOR COURT-ORDERED OUTPATIENT MENTAL HEALTH SERVICES. (b) The motion may be filed by the county or district attorney or on the court's own motion.

(c) The motion must state that:

1. the judge or county or district attorney has reason to believe and does believe that the proposed patient meets the criteria authorizing the court to order protective custody; and

2. the belief is derived from:

A magistrate's duty under this section is in addition to the magistrate's duties prescribed by other law.

Sec. 574.022. ISSUANCE OF ORDER. (a) The judge or designated magistrate may issue a protective custody order if the judge or magistrate determines:

(1) that a physician has stated the physician's opinion and the detailed reasons for the physician's opinion that the proposed patient is a person with mental illness; and

(2) the proposed patient presents a substantial risk of serious harm to the proposed patient or others if not immediately restrained pending the hearing.

(b) The determination that the proposed patient presents a substantial risk of serious harm may be demonstrated by the proposed patient's behavior or by evidence of severe emotional distress and deterioration in the proposed patient's mental condition to the extent that the proposed patient cannot remain at liberty.

(c) The judge or magistrate may make a determination that the proposed patient meets the criteria prescribed by Subsection (a) from the application and certificate alone if the judge or magistrate determines that the conclusions of the applicant and certifying physician are adequately supported by the information provided.

(d) The judge or magistrate may take additional evidence if a fair determination of the matter cannot be made from consideration of the application and certificate only.

(2) the grounds for the order; and

(3) the time and place of the hearing to determine probable cause.

Sec. 574.025. PROBABLE CAUSE HEARING. (a) A hearing must be held to determine if:

patient under a protective custody order presents a substantial risk of serious harm to the proposed patient or others to the extent that the proposed patient cannot be at liberty pending the hearing on court-ordered mental health services; and

(2) a physician has stated the physician's opinion and the detailed reasons for the physician's opinion that the proposed patient is a person with mental illness.

(b) The hearing must be held not later than 72 hours after the time that the proposed patient was detained under a protective custody order. If the period ends on a Saturday, Sunday, or legal holiday, the hearing must be held on the next day that is not a Saturday, Sunday, or legal holiday. The judge or magistrate may postpone the hearing each day for an additional 24 hours if the judge or magistrate declares that an extreme emergency exists because of extremely hazardous weather conditions or the occurrence of a disaster that threatens the safety of the proposed patient or another essential party to the hearing.

(c) The hearing shall be held before a magistrate or, at the discretion of the presiding judge, before an associate judge appointed by the presiding judge. Notwithstanding any other law or requirement, an associate judge appointed to conduct a hearing under this section may practice law in the court the associate judge serves. (e) The magistrate or associate judge may consider evidence, including letters, affidavits, and other material, that may not be admissible or sufficient in a subsequent commitment hearing.

(f) The state may prove its case on the physician's certificate of medical examination filed in support of the initial motion.

(a) The magistrate or associate judge shall order that a proposed patient remain in protective custody if the magistrate or associate judge determines after the hearing that an adequate factual basis exists for probable cause to believe that the proposed patient presents a substantial risk of serious harm to himself or others to the extent that he cannot remain at liberty pending the hearing on court-ordered mental health services.

(b) The magistrate or associate judge shall arrange for the proposed patient to be returned to the mental health facility or other suitable place, along with copies of the certificate of medical examination, any affidavits or other material submitted as evidence in the hearing, and the notification prepared as prescribed by Subsection (d).

(c) A copy of the notification of probable cause hearing and the supporting evidence shall be filed with the court that entered the original order of protective custody.

SUBCHAPTER C. PROCEEDINGS FOR COURT-ORDERED MENTAL HEALTH SERVICES

Sec. 574.031. GENERAL PROVISIONS RELATING TO HEARING. (a) Except as provided by Subsection (b), the judge may hold a hearing on an application for court-ordered mental health services at any
suitable location in the county. The hearing should be held in a
physical setting that is not likely to have a harmful effect on the
proposed patient.

(b) On the request of the proposed patient or the proposed
patient's attorney the hearing on the application shall be held in
the county courthouse.

(c) The proposed patient is entitled to be present at the
hearing. The proposed patient or the proposed patient's attorney may
waive this right.

(d) The hearing must be open to the public unless the proposed
patient or the proposed patient's attorney requests that the hearing
be closed and the judge determines that there is good cause to close
the hearing.

(d-1) In a hearing for temporary inpatient or outpatient mental
health services under Section 574.034 or 574.0345, the proposed
patient or the proposed patient's attorney, by a written document
filed with the court, may waive the right to cross-examine witnesses,
and, if that right is waived, the court may admit, as evidence, the
certificates of medical examination for mental illness. The
certificates admitted under this subsection constitute competent
medical or psychiatric testimony, and the court may make its findings
solely from the certificates. If the proposed patient or the
proposed patient's attorney does not waive in writing the right to
cross-examine witnesses, the court shall proceed to hear testimony.
The testimony must include competent medical or psychiatric
testimony.

(d-2) In a hearing for extended inpatient or outpatient mental
health services under Section 574.035 or 574.0355, the court may not
make its findings solely from the certificates of medical examination
for mental illness but shall hear testimony. The court may not enter
an order for extended mental health services unless appropriate
findings are made and are supported by testimony taken at the
hearing. The testimony must include competent medical or psychiatric
testimony.

(e) The Texas Rules of Evidence apply to the hearing unless the
rules are inconsistent with this subtitle.

(f) The court may consider the testimony of a nonphysician
mental health professional in addition to medical or psychiatric
testimony.

(g) The hearing is on the record, and the state must prove each
element of the applicable criteria by clear and convincing evidence.

(h) A judge who holds a hearing under this section in hospitals or locations other than the county courthouse is entitled to be reimbursed for the judge's reasonable and necessary expenses related to holding a hearing at that location. The judge shall furnish the presiding judge of the statutory probate courts or the presiding judge of the administrative region, as appropriate, an accounting of the expenses for certification. The presiding judge shall provide a certification of expenses approved to the county judge responsible for payment of costs under Section 571.018.

(i) A judge who holds hearings at locations other than the county courthouse also may receive a reasonable salary supplement in an amount set by the commissioners court.

(j) Notwithstanding other law, a judge who holds a hearing under this section may assess for the judge's services a fee in an amount not to exceed $50 as a court cost against the county responsible for the payment of the costs of the hearing under Section 571.018.

(k) Notwithstanding other law, a judge who holds a hearing under this section may assess for the services of a prosecuting attorney a fee in an amount not to exceed $50 as a court cost against the county responsible for the payment of the costs of the hearing under Section 571.018. For a mental health proceeding, the fee assessed under this subsection includes costs incurred for the preparation of documents related to the proceeding. The court may award as court costs fees for other costs of a mental health proceeding against the county responsible for the payment of the costs of the hearing under Section 571.018.

Sec. 574.032. RIGHT TO JURY. (a) A hearing for temporary mental health services must be before the court unless the proposed
patient or the proposed patient's attorney requests a jury.  

(b) A hearing for extended mental health services must be before a jury unless the proposed patient or the proposed patient's attorney waives the right to a jury.  

(c) A waiver of the right to a jury must be in writing, under oath, and signed and sworn to by the proposed patient and the proposed patient's attorney unless the proposed patient or the attorney orally waives the right to a jury in the court's presence.  

(d) The court may permit an oral or written waiver of the right to a jury to be withdrawn for good cause shown. The withdrawal must be made not later than the eighth day before the date on which the hearing is scheduled.  

(e) A court may not require a jury fee.  

(f) In a hearing before a jury, the jury shall determine if the proposed patient is a person with mental illness and meets the criteria for court-ordered mental health services. The jury may not make a finding about the type of services to be provided to the proposed patient.

(a) The court shall enter an order denying an application for court-ordered temporary or extended mental health services if after a hearing the court or jury fails to find, from clear and convincing evidence, that the proposed patient is a person with mental illness and meets the applicable criteria for court-ordered mental health services.  

(b) If the court denies the application, the court shall order the immediate release of a proposed patient who is not at liberty.

(a) The facility administrator of a facility to which a patient is committed for inpatient mental health services, not later than the 30th day after the date the patient is committed to the facility, shall assess the appropriateness of transferring the patient to outpatient mental health services. The facility administrator may recommend that the court that entered the commitment order modify the order to require the patient to participate in outpatient mental health services.

(b) A facility administrator's recommendation under Subsection (a) must explain in detail the reason for the recommendation. The recommendation must be accompanied by a supporting certificate of medical examination for mental illness signed by a physician who examined the patient during the seven days preceding the recommendation.

Sec. 574.062. MOTION FOR MODIFICATION OF ORDER FOR OUTPATIENT TREATMENT. (a) The court that entered an order directing a patient to participate in outpatient mental health services may set a hearing to determine if the order should be modified in a way that is a substantial deviation from the original program of treatment incorporated in the court's order. The court may set the hearing on its own motion, at the request of the person responsible for the treatment, or at the request of any other interested person.

(b) The court shall appoint an attorney to represent the patient if a hearing is scheduled. The patient shall be given notice of the matters to be considered at the hearing. The notice must comply with the requirements of Section 574.006 for notice before a hearing on court-ordered mental health services.

(c) The hearing shall be held before the court, without a jury, and as prescribed by Section 574.031. The patient shall be represented by an attorney and receive proper notice.

(d) The court shall set a date for a hearing on the motion to be held not later than the seventh day after the date the motion is filed. The court may grant one or more continuances of the hearing on the motion by a party and for good cause shown or on agreement of the parties. Except as provided by Subsection (e), the court shall hold the hearing not later than the 14th day after the date the motion is filed.

(e) If extremely hazardous weather conditions exist or a disaster occurs that threatens the safety of the proposed patient or other essential parties to the hearing, the court, by written order made each day, may postpone the hearing for not more than 24 hours.
Sec. 574.063. ORDER FOR TEMPORARY DETENTION. (a) The person responsible for a patient's court-ordered outpatient treatment or the facility administrator of the outpatient facility in which a patient receives treatment may file a sworn application for the patient's temporary detention pending the modification hearing under Section 574.062.

(1) the patient meets the criteria described by Section 574.064(a-1); and

(2) detention in an inpatient mental health facility is necessary to evaluate the appropriate setting for continued court-ordered services.

(c) The court may issue an order for temporary detention if a modification hearing is set and the court finds from the information in the application that there is probable cause to believe that the opinions stated in the application are valid.

(d) At the time the temporary detention order is signed, the judge shall appoint an attorney to represent a patient who does not have an attorney.

(e) Within 24 hours after the time detention begins, the court that issued the temporary detention order shall provide to the patient and the patient's attorney a written notice that states:

(1) that the patient has been placed under a temporary detention order;

(2) the grounds for the order; and

(3) the time and place of the modification hearing.

(1) the nearest appropriate inpatient mental health facility; or

(2) a mental health facility deemed suitable by the local mental health authority for the area, if an appropriate inpatient mental health facility is not available.

(a-1) A physician shall evaluate the patient as soon as possible within 24 hours after the time detention begins to determine whether the patient, due to mental illness, presents a substantial risk of serious harm to the patient or others so that the patient cannot be at liberty pending the probable cause hearing under Subsection (b). The determination that the patient presents a substantial risk of serious harm to the patient or others may be demonstrated by:

(1) the patient's behavior; or

(2) evidence of severe emotional distress and deterioration in the patient's mental condition to the extent that the patient cannot live safely in the community.

(a-2) If the physician who conducted the evaluation determines that the patient does not present a substantial risk of serious harm to the patient or others, the facility shall:

(1) notify:

(A) the person designated under Section 574.037 as responsible for providing outpatient mental health services or the facility administrator of the outpatient facility treating the patient; and

(B) the court that entered the order directing the patient to receive court-ordered outpatient mental health services; and

(2) release the patient.

(b) A patient who is not released under Subsection (a-2) may be detained under a temporary detention order for more than 72 hours, excluding Saturdays, Sundays, legal holidays, and the period prescribed by Section 574.025(b) for an extreme emergency only if, after a hearing held before the expiration of that period, the court, a magistrate, or a designated associate judge finds that there is probable cause to believe that:
(1) the patient, due to mental illness, presents a substantial risk of serious harm to the patient or others, using the criteria prescribed by Subsection (a-1), to the extent that the patient cannot be at liberty pending the final hearing under Section 574.062; and

(2) detention in an inpatient mental health facility is necessary to evaluate the appropriate setting for continued court-ordered services.

(c) If probable cause is found under Subsection (b), the patient may be detained under the temporary detention until the hearing set under Section 574.062 is completed.

(d) A facility administrator shall immediately release a patient held under a temporary detention order if the facility administrator does not receive notice that the patient's continued detention is authorized:

(1) after a probable cause hearing held within 72 hours after the patient's detention begins; or

(2) after a modification hearing held within the period prescribed by Section 574.062.

(e) A patient released from an inpatient mental health facility under Subsection (a-2) or (d) continues to be subject to the order for court-ordered outpatient services, if the order has not expired.

(f) A person detained under this section may not be detained in a nonmedical facility used to detain persons charged with or convicted of a crime.

Sec. 574.065. ORDER OF MODIFICATION OF ORDER FOR OUTPATIENT SERVICES. (a) The court may modify an order for outpatient services at the modification hearing if the court determines that the patient meets the applicable criteria for court-ordered inpatient mental
health services prescribed by Section 574.034(a) or 574.035(a).

(b) The court may refuse to modify the order and may direct the patient to continue to participate in outpatient mental health services in accordance with the original order even if the criteria prescribed by Subsection (a) have been met.

(c) The court's decision to modify an order must be supported by at least one certificate of medical examination for mental illness signed by a physician who examined the patient not earlier than the seventh day before the date on which the hearing is held.

(d) A modification may include:

   (1) incorporating in the order a revised treatment program and providing for continued outpatient mental health services under the modified order, if a revised general program of treatment was submitted to and accepted by the court; or
   
   (2) providing for commitment to an inpatient mental health facility.

(e) A court may not extend the provision of mental health services beyond the period prescribed in the original order.

Sec. 574.066. RENEWAL OF ORDER FOR EXTENDED MENTAL HEALTH SERVICES. (a) A county or district attorney or other adult may file an application to renew an order for extended mental health services.

(b) The application must explain in detail why the person requests renewal. An application to renew an order committing the patient to extended inpatient mental health services must also explain in detail why a less restrictive setting is not appropriate.

(c) The application must be accompanied by two certificates of medical examination for mental illness signed by physicians who examined the patient during the 30 days preceding the date on which the application is filed.

(d) The court shall appoint an attorney to represent the patient when an application is filed.

(e) The patient, the patient's attorney, or other individual
may request a hearing on the application. The court may set a hearing on its own motion. An application for which a hearing is requested or set is considered an original application for court-ordered extended mental health services.

(f) A court may not renew an order unless the court finds that the patient meets the criteria for extended mental health services prescribed by Sections 574.035(a)(1), (2), and (3). The court must make the findings prescribed by this subsection to renew an order, regardless of whether a hearing is requested or set. A renewed order authorizes treatment for not more than 12 months.

(g) If a hearing is not requested or set, the court may admit into evidence the certificates of medical examination for mental illness. The certificates constitute competent medical or psychiatric testimony and the court may make its findings solely from the certificates and the detailed request for renewal.

(h) The court, after renewing an order for extended inpatient mental health services, may modify the order to provide for outpatient mental health services in accordance with Section 574.037.

Sec. 574.0665. STATUS CONFERENCE. A court on its own motion may set a status conference with the patient, the patient's attorney, and the person designated to be responsible for the patient's court-ordered outpatient services under Section 574.037.

(b) Pending the hearing, the court may:

(1) stay the court-ordered mental health services and release the proposed patient from custody before the hearing if the court is satisfied that the proposed patient does not meet the criteria for protective custody under Section 574.022; and

(2) if the proposed patient is at liberty, require an appearance bond in an amount set by the court.
Sec. 574.068. REQUEST FOR REEXAMINATION. (a) A patient receiving court-ordered extended mental health services, or any interested person on the patient's behalf and with the patient's consent, may file a request with a court for a reexamination and a hearing to determine if the patient continues to meet the criteria for the services.

(b) The request must be filed in the county in which the patient is receiving the services.

(c) The court may, for good cause shown:
   (1) require that the patient be reexamined;
   (2) schedule a hearing on the request; and
   (3) notify the facility administrator of the facility providing mental health services to the patient.

(d) A court is not required to order a reexamination or hearing if the request is filed within six months after an order for extended mental health services is entered or after a similar request is filed.

(e) After receiving the court's notice, the facility administrator shall arrange for the patient to be reexamined.

(f) The facility administrator or the administrator's qualified authorized designee shall immediately discharge the patient if the facility administrator or designee determines that the patient no longer meets the criteria for court-ordered extended mental health services.

(g) If the facility administrator or the administrator's designee determines that the patient continues to meet the criteria for court-ordered extended mental health services, the facility administrator or designee shall file a certificate of medical examination for mental illness with the court within 10 days after the date on which the request for reexamination and hearing is filed.

Sec. 574.069. HEARING ON REQUEST FOR REEXAMINATION. (a) A court that required a patient's reexamination under Section 574.068 may set a date and place for a hearing on the request if, not later
than the 10th day after the date on which the request is filed:

(1) a certificate of medical examination for mental illness stating that the patient continues to meet the criteria for court-ordered extended mental health services has been filed; or

(2) a certificate has not been filed and the patient has not been discharged.

(b) At the time the hearing is set, the judge shall:

(1) appoint an attorney to represent a patient who does not have an attorney; and

(2) give notice of the hearing to the patient, the patient's attorney, and the facility administrator.

(c) The judge shall appoint a physician to examine the patient and file a certificate of medical examination for mental illness with the court. The judge shall appoint a physician who is not on the staff of the mental health facility in which the patient is receiving services and who is a psychiatrist if a psychiatrist is available in the county. The court shall ensure that the patient may be examined by a physician of the patient's choice and at the patient's own expense if requested by the patient.

(d) The hearing is held before the court and without a jury. The hearing must be held in accordance with the requirements for a hearing on an application for court-ordered mental health services.

(e) The court shall dismiss the request if the court finds from clear and convincing evidence that the patient continues to meet the criteria for court-ordered extended mental health services prescribed by Section 574.035 or 574.0355.

(f) The judge shall order the facility administrator to discharge the patient if the court fails to find from clear and convincing evidence that the patient continues to meet the criteria.

(b) Notice of appeal must be filed not later than the 10th day after the date on which the order is signed.
(c) When an appeal is filed, the clerk shall immediately send a certified transcript of the proceedings to the court of appeals.
(d) Pending the appeal, the trial judge in whose court the cause is pending may:
    (1) stay the order and release the patient from custody before the appeal if the judge is satisfied that the patient does not meet the criteria for protective custody under Section 574.022; and
    (2) if the proposed patient is at liberty, require an appearance bond in an amount set by the court.
(e) The court of appeals and supreme court shall give an appeal under this section preference over all other cases and shall advance the appeal on the docket. The courts may suspend all rules relating to the time for filing briefs and docketing cases.

SUBCHAPTER F. FURLOUGH, DISCHARGE, AND TERMINATION OF COURT-ORDERED MENTAL HEALTH SERVICES

Sec. 574.081. CONTINUING CARE PLAN BEFORE FURLOUGH OR DISCHARGE. (a) The physician responsible for the patient's treatment shall prepare a continuing care plan for a patient who is scheduled to be furloughed or discharged unless the patient does not require continuing care.

(a-1) Subject to available resources, Subsections (a), (b), (c), (c-1), and (c-2) apply to a patient scheduled to be furloughed or discharged from:
    (1) a state hospital; or
    (2) any psychiatric inpatient bed funded under a contract with the Health and Human Services Commission or operated by or funded under a contract with a local mental health authority or a behavioral mental health authority.

(b) The physician shall prepare the plan as prescribed by Health and Human Services Commission rules and shall consult the patient and the local mental health authority in the area in which the patient will reside before preparing the plan. The local mental health authority shall be informed of and must participate in planning the discharge of a patient.
The plan must address the patient's mental health and physical needs, including, if appropriate:

(1) the need for outpatient mental health services following furlough or discharge; and

(2) the need for sufficient psychoactive medication on furlough or discharge to last until the patient can see a physician.

(c-1) Except as otherwise specified in the plan and subject to available funding provided to the Health and Human Services Commission and paid to a private mental health facility for this purpose, a private mental health facility is responsible for providing or paying for psychoactive medication and any other medication prescribed to the patient to counteract adverse side effects of psychoactive medication on furlough or discharge sufficient to last until the patient can see a physician.

(c-2) The Health and Human Services Commission shall adopt rules to determine the quantity and manner of providing psychoactive medication, as required by this section. The executive commissioner may not adopt rules requiring a mental health facility to provide or pay for psychoactive medication for more than seven days after furlough or discharge.

(d) The physician shall deliver the plan and other appropriate information to the community center or other provider that will deliver the services if:

(1) the services are provided by:

(A) a community center or other provider that serves the county in which the patient will reside and that has been designated by the commissioner to perform continuing care services; or

(B) any other provider that agrees to accept the referral; and

(2) the provision of care by the center or provider is appropriate.

(e) The facility administrator or the administrator's designee shall have the right of access to discharged patients and records of patients who request continuing care services.

(f) A patient who is to be discharged may refuse the continuing care services.

(g) A physician who believes that a patient does not require continuing care and who does not prepare a continuing care plan under this section shall document in the patient's treatment record the
reasons for that belief.

(h) Subsection (c) does not create a mandate that a facility described by Section 571.003(9)(B) or (E) provide or pay for a medication for a patient.

Sec. 574.082. PASS OR FURLough FROM INPATIENT CARE. (a) The facility administrator may permit a patient admitted to the facility under an order for temporary or extended inpatient mental health services to leave the facility under a pass or furlough.

(b) A pass authorizes the patient to leave the facility for not more than 72 hours. A furlough authorizes the patient to leave for a longer period.

(c) The pass or furlough may be subject to specified conditions.

(d) When a patient is furloughed, the facility administrator shall notify the court that issued the commitment order.

Sec. 574.083. RETURN TO FACILITY UNDER CERTIFICATE OF FACILITY ADMINISTRATOR OR COURT ORDER. (a) The facility administrator of a facility to which a patient was admitted for court-ordered inpatient health care services may authorize a peace officer of the municipality or county in which the facility is located to take an absent patient into custody, detain the patient, and return the patient to the facility by issuing a certificate as prescribed by Subsection (c) to a law enforcement agency of the municipality or county.

(b) If there is reason to believe that an absent patient may be
outside the municipality or county in which the facility is located, the facility administrator may file an affidavit as prescribed by Subsection (c) with a magistrate requesting the magistrate to issue an order for the patient's return. The magistrate with whom the affidavit is filed may issue an order directing a peace or health officer to take an absent patient into custody and return the patient to the facility. An order issued under this subsection extends to any part of this state and authorizes any peace officer to whom the order is directed or transferred to execute the order, take the patient into custody, detain the patient, and return the patient to the facility.

(c) The certificate issued or affidavit filed under Subsection (a) or (b) must set out facts establishing that the patient is receiving court-ordered inpatient mental health services at the facility and show that the facility administrator reasonably believes that:

(1) the patient is absent without authority from the facility;
(2) the patient has violated the conditions of a pass or furlough; or
(3) the patient's condition has deteriorated to the extent that the patient's continued absence from the facility under a pass or furlough is inappropriate.

(d) A peace or health officer shall take the patient into custody and return the patient to the facility as soon as possible if the patient's return is authorized by a certificate issued or court order issued under this section.

(e) A peace or health officer may take the patient into custody without having the certificate or court order in the officer's possession.

(f) A peace or health officer who cannot immediately return a patient to the facility named in the order may transport the patient to a local facility for detention. The patient may not be detained in a nonmedical facility that is used to detain persons who are charged with or convicted of a crime unless detention in the facility is warranted by an extreme emergency. If the patient is detained at a nonmedical facility:

(1) the patient:
  (A) may not be detained in the facility for more than 24 hours; and
must be isolated from all persons charged with or convicted of a crime; and

(2) the facility must notify the county health authority of the detention.

(g) The local mental health authority shall ensure that a patient detained in a nonmedical facility under Subsection (f) receives proper care and medical attention.

(h) Notwithstanding other law regarding confidentiality of patient information, the facility administrator may release to a law enforcement official information about the patient if the administrator determines the information is needed to facilitate the return of the patient to the facility.

Sec. 574.084. REVOCATION OF FURLOUGH. (a) A furlough may be revoked only after an administrative hearing held in accordance with department rules. The hearing must be held within 72 hours after the patient is returned to the facility.

(b) A hearing officer shall conduct the hearing. The hearing officer may be a mental health professional if the person is not directly involved in treating the patient.

(c) The hearing is informal and the patient is entitled to present information and argument.

(d) The hearing officer may revoke the furlough if the officer determines that the revocation is justified under Section 574.083(c).

(e) A hearing officer who revokes a furlough shall place in the patient's file:

(1) a written notation of the decision; and

(2) a written explanation of the reasons for the decision and the information on which the hearing officer relied.

(f) The patient shall be permitted to leave the facility under the furlough if the hearing officer determines that the furlough should not be revoked.

Sec. 574.085. DISCHARGE ON EXPIRATION OF COURT ORDER. The facility administrator of a facility to which a patient was committed or from which a patient was required to receive temporary or extended inpatient or outpatient mental health services shall discharge the patient when the court order expires.

Sec. 574.086. DISCHARGE BEFORE EXPIRATION OF COURT ORDER. (a) The facility administrator of a facility to which a patient was committed for inpatient mental health services or the person responsible for providing outpatient mental health services may discharge the patient at any time before the court order expires if the facility administrator or person determines that the patient no longer meets the criteria for court-ordered mental health services.

(b) The facility administrator of a facility to which the patient was committed for inpatient mental health services shall consider before discharging the patient whether the patient should receive outpatient court-ordered mental health services in accordance with:

(1) a furlough under Section 574.082; or
(2) a modified order under Section 574.061 that directs the patient to participate in outpatient mental health services.

(c) A discharge under Subsection (a) terminates the court order, and the person discharged may not be required to submit to involuntary mental health services unless a new court order is entered in accordance with this subtitle.

Sec. 574.087. CERTIFICATE OF DISCHARGE. The facility administrator or the person responsible for outpatient care who discharges a patient under Section 574.085 or 574.086 shall prepare a discharge certificate and file it with the court that entered the order requiring mental health services.

Sec. 574.088. RELIEF FROM DISABILITIES IN MENTAL HEALTH CASES.
(a) A person who is furloughed or discharged from court-ordered mental health services may petition the court that entered the commitment order for an order stating that the person qualifies for relief from a firearms disability.
(b) In determining whether to grant relief, the court must hear and consider evidence about:
   (1) the circumstances that led to imposition of the firearms disability under 18 U.S.C. Section 922(g)(4);
   (2) the person's mental history;
   (3) the person's criminal history; and
   (4) the person's reputation.
(c) A court may not grant relief unless it makes and enters in the record the following affirmative findings:
   (1) the person is no longer likely to act in a manner dangerous to public safety; and
   (2) removing the person's disability to purchase a firearm is in the public interest.

Added by Acts 2009, 81st Leg., R.S., Ch. 950 (H.B. 3352), Sec. 2, eff. September 1, 2009.

Sec. 574.089. TRANSPORTATION PLAN FOR FURLOUGH OR DISCHARGE.
(a) The facility administrator of a mental health facility, in conjunction with the local mental health authority, shall create a transportation plan for a person scheduled to be furloughed or discharged from the facility.
(b) The transportation plan must account for the capacity of the person, must be in writing, and must specify:
   (1) who is responsible for transporting the person;
   (2) when the person will be transported; and
   (3) where the person will arrive.
(c) If the person consents, the facility administrator shall forward the transportation plan to a family member of the person before the person is transported.

(b) A person may not administer a psychoactive medication to a patient under court-ordered inpatient mental health services who refuses to take the medication voluntarily unless:
  (1) the patient is having a medication-related emergency;

Sec. 574.104. PHYSICIAN'S APPLICATION FOR ORDER TO AUTHORIZE PSYCHOACTIVE MEDICATION; DATE OF HEARING. (a) A physician who is treating a patient may, on behalf of the state, file an application in a probate court or a court with probate jurisdiction for an order to authorize the administration of a psychoactive medication regardless of the patient's refusal if:

(1) the physician believes that the patient lacks the capacity to make a decision regarding the administration of the psychoactive medication;

(2) the physician determines that the medication is the proper course of treatment for the patient;

(3) the patient is under an order for inpatient mental health services under this chapter or other law or an application for court-ordered mental health services under Section 574.034, 574.0345, 574.035, or 574.0355 has been filed for the patient; and

(4) the patient, verbally or by other indication, refuses to take the medication voluntarily.

(b) An application filed under this section must state:

(1) that the physician believes that the patient lacks the capacity to make a decision regarding administration of the psychoactive medication and the reasons for that belief;

(2) each medication the physician wants the court to compel the patient to take;

(3) whether an application for court-ordered mental health services under Section 574.034, 574.0345, 574.035, or 574.0355 has been filed;

(4) whether a court order for inpatient mental health services for the patient has been issued and, if so, under what authority it was issued;

(5) the physician's diagnosis of the patient; and

(6) the proposed method for administering the medication and, if the method is not customary, an explanation justifying the departure from the customary methods.

(c) An application filed under this section is separate from an application for court-ordered mental health services.

(d) The hearing on the application may be held on the date of a hearing on an application for court-ordered mental health services.
under Section 574.034, 574.0345, 574.035, or 574.0355 but shall be held not later than 30 days after the filing of the application for the order to authorize psychoactive medication. If the hearing is not held on the same day as the application for court-ordered mental health services under those sections and the patient is transferred to a mental health facility in another county, the court may transfer the application for an order to authorize psychoactive medication to the county where the patient has been transferred.

(e) Subject to the requirement in Subsection (d) that the hearing shall be held not later than 30 days after the filing of the application, the court may grant one continuance on a party's motion and for good cause shown. The court may grant more than one continuance only with the agreement of the parties.

(3) receive, immediately after the time of the hearing is set, a copy of the application and written notice of the time, place, and date of the hearing;

(4) be told, at the time personal notice of the hearing is given, of the patient's right to a hearing and right to the assistance of an attorney to prepare for the hearing and to answer any questions or concerns;
(5) be present at the hearing;
(6) request from the court an independent expert; and
(7) oral notification, at the conclusion of the hearing, of

Sec. 574.106. HEARING AND ORDER AUTHORIZING PSYCHOACTIVE
MEDICATION. (a) The court may issue an order authorizing the
administration of one or more classes of psychoactive medication to a
patient who:

(1) is under a court order to receive inpatient mental
health services; or

(2) is in custody awaiting trial in a criminal proceeding
and was ordered to receive inpatient mental health services in the
six months preceding a hearing under this section.

(a-1) The court may issue an order under this section only if
the court finds by clear and convincing evidence after the hearing:

(1) that the patient lacks the capacity to make a decision
regarding the administration of the proposed medication and treatment
with the proposed medication is in the best interest of the patient;
or

(2) if the patient was ordered to receive inpatient mental
health services by a criminal court with jurisdiction over the
patient, that treatment with the proposed medication is in the best
interest of the patient and either:

(A) the patient presents a danger to the patient or
others in the inpatient mental health facility in which the patient
is being treated as a result of a mental disorder or mental defect as
determined under Section 574.1065; or

(B) the patient:

(i) has remained confined in a correctional
facility, as defined by Section 1.07, Penal Code, for a period
exceeding 72 hours while awaiting transfer for competency restoration
treatment; and

(ii) presents a danger to the patient or others in
the correctional facility as a result of a mental disorder or mental defect as determined under Section 574.1065.

(b) In making the finding that treatment with the proposed medication is in the best interest of the patient, the court shall consider:

(1) the patient's expressed preferences regarding treatment with psychoactive medication;
(2) the patient's religious beliefs;
(3) the risks and benefits, from the perspective of the patient, of taking psychoactive medication;
(4) the consequences to the patient if the psychoactive medication is not administered;
(5) the prognosis for the patient if the patient is treated with psychoactive medication;
(6) alternative, less intrusive treatments that are likely to produce the same results as treatment with psychoactive medication; and
(7) less intrusive treatments likely to secure the patient's agreement to take the psychoactive medication.

(c) A hearing under this subchapter shall be conducted on the record by the probate judge or judge with probate jurisdiction, except as provided by Subsection (d).

(d) A judge may refer a hearing to a magistrate or court-appointed associate judge who has training regarding psychoactive medications. The magistrate or associate judge may effectuate the notice, set hearing dates, and appoint attorneys as required in this subchapter. A record is not required if the hearing is held by a magistrate or court-appointed associate judge.

(e) A party is entitled to a hearing de novo by the judge if an appeal of the magistrate's or associate judge's report is filed with the court within three days after the report is issued. The hearing de novo shall be held within 30 days of the filing of the application for an order to authorize psychoactive medication.

(f) If a hearing or an appeal of an associate judge's or magistrate's report is to be held in a county court in which the judge is not a licensed attorney, the proposed patient or the proposed patient's attorney may request that the proceeding be transferred to a court with a judge who is licensed to practice law in this state. The county judge shall transfer the case after receiving the request, and the receiving court shall hear the case as
if it had been originally filed in that court.

(g) As soon as practicable after the conclusion of the hearing, the patient is entitled to have provided to the patient and the patient's attorney written notification of the court's determinations under this section. The notification shall include a statement of the evidence on which the court relied and the reasons for the court's determinations.

(h) An order entered under this section shall authorize the administration to a patient, regardless of the patient's refusal, of one or more classes of psychoactive medications specified in the application and consistent with the patient's diagnosis. The order shall permit an increase or decrease in a medication's dosage, restitution of medication authorized but discontinued during the period the order is valid, or the substitution of a medication within the same class.

(i) The classes of psychoactive medications in the order must conform to classes determined by the department.

(j) An order issued under this section may be reauthorized or modified on the petition of a party. The order remains in effect pending action on a petition for reauthorization or modification. For the purpose of this subsection, "modification" means a change of a class of medication authorized in the order.

(k) This section does not apply to a patient who receives services under an order of protective custody under Section 574.021.

(l) For a patient described by Subsection (a-1)(2)(B), an order issued under this section:

(1) authorizes the initiation of any appropriate mental health treatment for the patient awaiting transfer; and

(2) does not constitute authorization to retain the patient in a correctional facility for competency restoration treatment.

Sec. 574.1065. FINDING THAT PATIENT PRESENTS A DANGER. In making a finding under Section 574.106(a-1)(2) that, as a result of a mental disorder or mental defect, the patient presents a danger to the patient or others in the inpatient mental health facility in which the patient is being treated or in the correctional facility, as applicable, the court shall consider:

(1) an assessment of the patient's present mental condition;
(2) whether the patient has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to the patient's self or to another while in the facility; and
(3) whether the patient, in the six months preceding the date the patient was placed in the facility, has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to another that resulted in the patient being placed in the facility.

(b) The county in which the applicable criminal charges are pending or were adjudicated shall pay as provided by Subsection (a) the costs of a hearing that is held under Section 574.106 to evaluate the court-ordered administration of psychoactive medication to:

(1) a patient ordered to receive mental health services as described by Section 574.106(a)(1) after having been determined to be incompetent to stand trial or having been acquitted of an offense by reason of insanity; or
(2) a patient who:
(A) is awaiting trial after having been determined to be competent to stand trial; and

(b) An order authorizing the administration of medication regardless of the refusal of the patient is effective pending an appeal of the order.

Sec. 574.109. EFFECT OF ORDER. (a) A person's consent to take a psychoactive medication is not valid and may not be relied on if the person is subject to an order issued under Section 574.106.
(b) The issuance of an order under Section 574.106 is not a determination or adjudication of mental incompetency and does not limit in any other respect that person's rights as a citizen or the person's property rights or legal capacity.

Sec. 574.110. EXPIRATION OF ORDER. (a) Except as provided by Subsection (b), an order issued under Section 574.106 expires on the
expiration or termination date of the order for temporary or extended mental health services in effect when the order for psychoactive medication is issued.

(b) An order issued under Section 574.106 for a patient who is returned to a correctional facility, as defined by Section 1.07, Penal Code, to await trial in a criminal proceeding continues to be in effect until the earlier of the following dates, as applicable:

The department shall provide notice to the hospital or facility of the probation and of the items of noncompliance not later than the 10th day before the date the probation period begins. CHAPTER 578. ELECTROCONVULSIVE AND OTHER THERAPIES

Sec. 578.001. APPLICATION. This chapter applies to the use of electroconvulsive therapy by any person, including a private physician who uses the therapy on an outpatient basis.

Added by Acts 1993, 73rd Leg., ch. 705, Sec. 5.01, eff. Sept. 1, 1993.

Sec. 578.002. USE OF ELECTROCONVULSIVE THERAPY. (a) Electroconvulsive therapy may not be used on a person who is younger than 16 years of age.

(b) Unless the person consents to the use of the therapy in accordance with Section 578.003, electroconvulsive therapy may not be used on:

(1) a person who is 16 years of age or older and who is voluntarily receiving mental health services; or

(2) an involuntary patient who is 16 years of age or older and who has not been adjudicated by an appropriate court of law as incompetent to manage the patient's personal affairs.

(c) Electroconvulsive therapy may not be used on an involuntary patient who is 16 years of age or older and who has been adjudicated incompetent to manage the patient's personal affairs unless the patient's guardian of the person consents to the treatment in accordance with Section 578.003. The decision of the guardian must
be based on knowledge of what the patient would desire, if known.

Added by Acts 1993, 73rd Leg., ch. 705, Sec. 5.01.

Sec. 578.003. CONSENT TO THERAPY. (a) The executive commissioner by rule shall adopt a standard written consent form to be used when electroconvulsive therapy is considered. The executive commissioner by rule shall also prescribe the information that must be contained in the written supplement required under Subsection (c). In addition to the information required under this section, the form must include the information required by the Texas Medical Disclosure Panel for electroconvulsive therapy. In developing the form, the executive commissioner shall consider recommendations of the panel. Use of the consent form prescribed by the executive commissioner in the manner prescribed by this section creates a rebuttable presumption that the disclosure requirements of Sections 74.104 and 74.105, Civil Practice and Remedies Code, have been met.

(b) The written consent form must clearly and explicitly state:
(1) the nature and purpose of the procedure;
(2) the nature, degree, duration, and probability of the side effects and significant risks of the treatment commonly known by the medical profession, especially noting the possible degree and duration of memory loss, the possibility of permanent irrevocable memory loss, and the possibility of death;
(3) that there is a division of opinion as to the efficacy of the procedure; and
(4) the probable degree and duration of improvement or remission expected with or without the procedure.

(c) Before a patient receives each electroconvulsive treatment, the hospital, facility, or physician administering the therapy shall ensure that:
(1) the patient and the patient's guardian of the person, if any, receives a written copy of the consent form that is in the person's primary language, if possible;
(2) the patient and the patient's guardian of the person, if any, receives a written supplement that contains related information that pertains to the particular patient being treated;
(3) the contents of the consent form and the written supplement are explained to the patient and the patient's guardian of
the person, if any:

(A) orally, in simple, nontechnical terms in the
person's primary language, if possible; or

(B) through the use of a means reasonably calculated to
communicate with a hearing impaired or visually impaired person, if
applicable;

(4) the patient or the patient's guardian of the person, as
appropriate, signs a copy of the consent form stating that the person
has read the consent form and the written supplement and understands
the information included in the documents; and

(5) the signed copy of the consent form is made a part of
the patient's clinical record.

(d) Consent given under this section is not valid unless the
person giving the consent understands the information presented and
consents voluntarily and without coercion or undue influence.

(e) For a patient 65 years of age or older, before each
treatment series begins, the hospital, facility, or physician
administering the procedure shall:

(1) ensure that two physicians have signed an appropriate
form that states the procedure is medically necessary;

(2) make the form described by Subdivision (1) available to
the patient or the patient's guardian of the person; and

(3) inform the patient or the patient's guardian of the
person of any known current medical condition that may increase the
possibility of injury or death as a result of the treatment.

guardian who consents to the administration of electroconvulsive
therapy may revoke the consent for any reason and at any time.

(b) Revocation of consent is effective immediately.
Sec. 578.005. PHYSICIAN REQUIREMENT. (a) Only a physician may administer electroconvulsive therapy.

(b) A physician may not delegate the act of administering the therapy. A nonphysician who administers electroconvulsive therapy is considered to be practicing medicine in violation of Subtitle B, Title 3, Occupations Code.

Sec. 578.006. REGISTRATION OF EQUIPMENT. (a) A person may not administer electroconvulsive therapy unless the equipment used to administer the therapy is registered with the department.

(b) A mental hospital or facility administering electroconvulsive therapy or a private physician administering the therapy on an outpatient basis must file an application for registration under this section. The applicant must submit the application to the department on a form prescribed by department rule.

(c) The application must be accompanied by a nonrefundable application fee. The executive commissioner by rule shall set the fee in a reasonable amount not to exceed the cost to the department to administer this section.

(d) The application must contain:

(1) the model, manufacturer, and age of each piece of equipment used to administer the therapy; and

(2) any other information required by department rule.

(e) The department may conduct an investigation as considered necessary after receiving the proper application and the required fee.

(f) The executive commissioner by rule may prohibit the registration and use of equipment of a type, model, or age the executive commissioner determines is dangerous.

(g) The department may deny, suspend, or revoke a registration
if the department determines that the equipment is dangerous. The denial, suspension, or revocation of a registration is a contested case under Chapter 2001, Government Code.

(a) A mental hospital or facility administering electroconvulsive therapy, psychosurgery, pre-frontal sonic sound treatment, or any other convulsive or coma-producing therapy administered to treat mental illness or a physician administering the therapy on an outpatient basis shall submit to the department quarterly reports relating to the administration of the therapy in the hospital or facility or by the physician.

(b) A report must state for each quarter:
(1) the number of patients who received the therapy, including:
   (A) the number of persons voluntarily receiving mental health services who consented to the therapy;

(b) The department shall file annually with the governor and the presiding officer of each house of the legislature a written report summarizing by facility the information received under Sections 578.006 and 578.007. SUBTITLE D. PERSONS WITH AN INTELLECTUAL DISABILITY ACT
CHAPTER 591. GENERAL PROVISIONS
SUBCHAPTER A. GENERAL PROVISIONS

Sec. 591.001. SHORT TITLE. This subtitle may be cited as the Persons with an Intellectual Disability Act.

Amended by:
Acts 2015, 84th Leg., R.S., Ch. 1 (S.B. 219), Sec. 3.1401, eff. April 2, 2015.
Sec. 591.002. PURPOSE. (a) It is the public policy of this state that persons with an intellectual disability have the opportunity to develop to the fullest extent possible their potential for becoming productive members of society.

(b) It is the purpose of this subtitle to provide and assure a continuum of quality services to meet the needs of all persons with an intellectual disability in this state.

(c) The state's responsibility to persons with an intellectual disability does not replace or impede parental rights and responsibilities or terminate the activities of persons, groups, or associations that advocate for and assist persons with an intellectual disability.

(d) It is desirable to preserve and promote living at home if feasible. If living at home is not possible and placement in a residential care facility is necessary, a person must be admitted in accordance with basic due process requirements, giving appropriate consideration to parental desires if possible. The person must be admitted to a facility that provides habilitative training for the person's condition, that fosters the personal development of the person, and that enhances the person's ability to cope with the environment.

(e) Because persons with an intellectual disability have been denied rights solely because they are persons with an intellectual disability, the general public should be educated to the fact that persons with an intellectual disability who have not been adjudicated incompetent and for whom a guardian has not been appointed by a due process proceeding in a court have the same rights and responsibilities enjoyed by all citizens of this state. All citizens are urged to assist persons with an intellectual disability in acquiring and maintaining rights and in participating in community life as fully as possible.

Sec. 592.156. HEARING AND ORDER AUTHORIZING PSYCHOACTIVE MEDICATION. (a) The court may issue an order authorizing the administration of one or more classes of psychoactive medication to a client who:

(1) has been committed to a residential care facility; or

(2) is in custody awaiting trial in a criminal proceeding.
and was committed to a residential care facility in the six months preceding a hearing under this section.

(b) The court may issue an order under this section only if the court finds by clear and convincing evidence after the hearing:

(1) that the client lacks the capacity to make a decision regarding the administration of the proposed medication and that treatment with the proposed medication is in the best interest of the client; or

(2) if the client was committed to a residential care facility by a criminal court with jurisdiction over the client, that treatment with the proposed medication is in the best interest of the client, and either:

   (A) the client presents a danger to the client or others in the residential care facility in which the client is being treated as a result of a mental disorder or mental defect as determined under Section 592.157; or

   (B) the client:

      (i) has remained confined in a correctional facility, as defined by Section 1.07, Penal Code, for a period exceeding 72 hours while awaiting transfer for competency restoration treatment; and

      (ii) presents a danger to the client or others in the correctional facility as a result of a mental disorder or mental defect as determined under Section 592.157.

(c) In making the finding that treatment with the proposed medication is in the best interest of the client, the court shall consider:

(1) the client's expressed preferences regarding treatment with psychoactive medication;
(2) the client’s religious beliefs;
(3) the risks and benefits, from the perspective of the client, of taking psychoactive medication;
(4) the consequences to the client if the psychoactive medication is not administered;
(5) the prognosis for the client if the client is treated with psychoactive medication;
(6) alternative, less intrusive treatments that are likely to produce the same results as treatment with psychoactive medication; and
(7) less intrusive treatments likely to secure the client's
consent to take the psychoactive medication.

(d) A hearing under this subchapter shall be conducted on the record by the probate judge or judge with probate jurisdiction, except as provided by Subsection (e).

(e) A judge may refer a hearing to a magistrate or court-appointed associate judge who has training regarding psychoactive medications. The magistrate or associate judge may effectuate the notice, set hearing dates, and appoint attorneys as required by this subchapter. A record is not required if the hearing is held by a magistrate or court-appointed associate judge.

(f) A party is entitled to a hearing de novo by the judge if an appeal of the magistrate's or associate judge's report is filed with the court before the fourth day after the date the report is issued. The hearing de novo shall be held not later than the 30th day after the date the application for an order to authorize psychoactive medication was filed.

(g) If a hearing or an appeal of an associate judge's or magistrate's report is to be held in a county court in which the judge is not a licensed attorney, the proposed client or the proposed client's attorney may request that the proceeding be transferred to a court with a judge who is licensed to practice law in this state. The county judge shall transfer the case after receiving the request, and the receiving court shall hear the case as if it had been originally filed in that court.

(h) As soon as practicable after the conclusion of the hearing, the client is entitled to have provided to the client and the client's attorney written notification of the court's determinations under this section. The notification shall include a statement of the evidence on which the court relied and the reasons for the court's determinations.

(i) An order entered under this section shall authorize the administration to a client, regardless of the client's refusal, of one or more classes of psychoactive medications specified in the application and consistent with the client's diagnosis. The order shall permit an increase or decrease in a medication's dosage, restitution of medication authorized but discontinued during the period the order is valid, or the substitution of a medication within the same class.

(j) The classes of psychoactive medications in the order must conform to classes determined by the department.
(k) An order issued under this section may be reauthorized or modified on the petition of a party. The order remains in effect pending action on a petition for reauthorization or modification. For the purpose of this subsection, "modification" means a change of a class of medication authorized in the order.

(1) For a client described by Subsection (b)(2)(B), an order issued under this section:

(1) authorizes the initiation of any appropriate mental health treatment for the patient awaiting transfer; and

(2) does not constitute authorization to retain the client in a correctional facility for competency restoration treatment.

Sec. 592.157. FINDING THAT CLIENT PRESENTS A DANGER. In making a finding under Section 592.156(b)(2) that, as a result of a mental disorder or mental defect, the client presents a danger to the client or others in the residential care facility in which the client is being treated or in the correctional facility, as applicable, the court shall consider:

(1) an assessment of the client's present mental condition; and

(2) whether the client has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to the client's self or to another while in the facility.

Added by Acts 2013, 83rd Leg., R.S., Ch. 504 (S.B. 34), Sec. 3, eff. September 1, 2013.

Sec. 592.159. EFFECT OF ORDER. (a) A person's consent to take a psychoactive medication is not valid and may not be relied on if the person is subject to an order issued under Section 592.156.

(b) The issuance of an order under Section 592.156 is not a determination or adjudication of mental incompetency and does not limit in any other respect that person's rights as a citizen or the person's property rights or legal capacity.

Added by Acts 2013, 83rd Leg., R.S., Ch. 504 (S.B. 34), Sec. 3, eff. September 1, 2013.

(f) The content of a confidential record shall be made
available to a person listed by Section 611.004(a)(4) or (5) who is
acting on the patient's behalf.
(g) A professional shall delete confidential information about another person who has not consented to the release, but may not delete information relating to the patient that another person has provided, the identity of the person responsible for that information, or the identity of any person who provided information that resulted in the patient's commitment.

(h) If a summary or narrative of a confidential record is requested by the patient or other person requesting release under this section, the professional shall prepare the summary or narrative.

(i) The professional or other entity that has possession or control of the record shall grant access to any portion of the record to which access is not specifically denied under this section within a reasonable time and may charge a reasonable fee.

(j) Notwithstanding Section 159.002, Occupations Code, this section applies to the release of a confidential record created or maintained by a professional, including a physician, that relates to the diagnosis, evaluation, or treatment of a mental or emotional condition or disorder, including alcoholism or drug addiction.

(k) The denial of a patient's access to any portion of a record by the professional or other entity that has possession or control of the record suspends, until the release of that portion of the record, the running of an applicable statute of limitations on a cause of action in which evidence relevant to the cause of action is in that portion of the record.

Sec. 611.005. LEGAL REMEDIES FOR IMPROPER DISCLOSURE OR FAILURE TO DISCLOSE. The person may petition a district court of Travis County if the person is not a resident of this state.

(b) In a suit contesting the denial of access under Section 611.0045, the burden of proving that the denial was proper is on the
professional who denied the access.

(c) The aggrieved person also has a civil cause of action for damages.

Sec. 611.006. AUTHORIZED DISCLOSURE OF CONFIDENTIAL INFORMATION IN JUDICIAL OR ADMINISTRATIVE PROCEEDING. (a) A professional may disclose confidential information in:

(1) a judicial or administrative proceeding brought by the patient or the patient's legally authorized representative against a professional, including malpractice proceedings;

(2) a license revocation proceeding in which the patient is a complaining witness and in which disclosure is relevant to the claim or defense of a professional;

(3) a judicial or administrative proceeding in which the patient waives the patient's right in writing to the privilege of confidentiality of information or when a representative of the patient acting on the patient's behalf submits a written waiver to the confidentiality privilege;

(4) a judicial or administrative proceeding to substantiate and collect on a claim for mental or emotional health services rendered to the patient;

(5) a judicial proceeding if the judge finds that the patient, after having been informed that communications would not be privileged, has made communications to a professional in the course of a court-ordered examination relating to the patient's mental or emotional condition or disorder, except that those communications may be disclosed only with respect to issues involving the patient's mental or emotional health;

(6) a judicial proceeding affecting the parent-child relationship;

(7) any criminal proceeding, as otherwise provided by law;

(8) a judicial or administrative proceeding regarding the abuse or neglect, or the cause of abuse or neglect, of a resident of an institution, as that term is defined by Chapter 242;

(9) a judicial proceeding relating to a will if the
patient's physical or mental condition is relevant to the execution of the will;

(10) an involuntary commitment proceeding for court-ordered treatment or for a probable cause hearing under:
   (A) Chapter 462;
   (B) Chapter 574; or
   (C) Chapter 593; or

(11) a judicial or administrative proceeding where the court or agency has issued an order or subpoena.

(b) On granting an order under Subsection (a)(5), the court, in determining the extent to which disclosure of all or any part of a communication is necessary, shall impose appropriate safeguards against unauthorized disclosure.

Added by Acts 1995, 74th Leg., ch. 856, Sec. 9, eff. Sept. 1, 1995.

Sec. 611.007. REVOCATION OF CONSENT. (a) Except as provided by Subsection (b), a patient or a patient's legally authorized representative may revoke a disclosure consent to a professional at any time. A revocation is valid only if it is written, dated, and signed by the patient or legally authorized representative.

(b) A patient may not revoke a disclosure that is required for purposes of making payment to the professional for mental health care services provided to the patient.

(c) A patient may not maintain an action against a professional for a disclosure made by the professional in good faith reliance on an authorization if the professional did not have notice of the revocation of the consent.

Added by Acts 1995, 74th Leg., ch. 856, Sec. 9, eff. Sept. 1, 1995.

Sec. 611.008. REQUEST BY PATIENT. (a) On receipt of a written request from a patient to examine or copy all or part of the patient's recorded mental health care information, a professional, as promptly as required under the circumstances but not later than the 15th day after the date of receiving the request, shall:

(1) make the information available for examination during regular business hours and provide a copy to the patient, if requested; or
CH 612 - INTERSTATE COMPACT ON MENTAL HEALTH

Sec. 612.001. EXECUTION OF INTERSTATE COMPACT. This state enters into a compact with all other states legally joining in the compact in substantially the following form:

"INTERSTATE COMPACT ON MENTAL HEALTH

"The contracting states solemnly agree that:

"ARTICLE I

"The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

"ARTICLE II

"As used in this compact:

"(a) "Sending state" shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

(2) inform the patient if the information does not exist or cannot be found.

(b) Unless provided for by other state law, the professional may charge a reasonable fee for retrieving or copying mental health care information and is not required to permit examination or copying until the fee is paid unless there is a medical emergency.

(c) A professional may not charge a fee for copying mental health care information under Subsection (b) to the extent the fee is prohibited under Subchapter M, Chapter 161.

Added by Acts 1995, 74th Leg., ch. 856, Sec. 9, eff. Sept. 1, 1995.
"(b) 'Receiving state' shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

"(c) 'Institution' shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

"(d) 'Patient' shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

"(e) 'After-care' shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

"(f) 'Mental illness' shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

"(g) 'Mental deficiency' shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

"(h) 'State' shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

"ARTICLE III

"(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

"(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.
"(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

"(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

"(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

"ARTICLE IV

"(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

"(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby,
the patient may receive after-care or supervision in the receiving state.

"(c) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

"ARTICLE V

"Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

"ARTICLE VI

"The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

"ARTICLE VII

"(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

"(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

"(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

"(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such
party state or subdivision thereof may be responsible pursuant to any provision of this compact.

"(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a non-party state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

"ARTICLE VIII

"(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances; provided, however, that in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

"(b) The term guardian as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

"ARTICLE IX

"(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental
deficiency, said person would be subject to the incarceration in a penal or correctional institution.

"(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

"ARTICLE X

"(a) Each party state shall appoint a compact administrator who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

"(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

"ARTICLE XI

"The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

"ARTICLE XII

"This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

"ARTICLE XIII

"(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not
change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

"(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

"ARTICLE XIV

"This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters."

or of a supplementary agreement entered into by this state under the compact.

Sec. 612.005. SUPPLEMENTARY AGREEMENTS. (a) The compact administrator may enter into supplementary agreements with appropriate officials of other states under Articles VII and XI of the compact.

(b) If a supplementary agreement requires or contemplates the use of an institution or facility of this state or requires or contemplates the provision of a service by this state, the supplementary agreement does not take effect until approved by the executive commissioner and the head of the department or agency:

(1) under whose jurisdiction the institution or facility is operated; or

Sec. 692A.004. PERSONS AUTHORIZED TO MAKE ANATOMICAL GIFT BEFORE DONOR'S DEATH. Subject to Section 692A.008, an anatomical gift of a donor's body or part may be made during the life of the donor for the purpose of transplantation, therapy, research, or education in the manner provided in Section 692A.005 by:

(1) the donor, if the donor is an adult or if the donor is a minor and is:
   (A) emancipated; or
   (B) authorized under state law to apply for a driver's license because the donor is at least 16 years of age and:
      (i) circumstances allow the donation to be actualized prior to 18 years of age; and
      (ii) an organ procurement organization obtains signed written consent from the minor's parent, guardian, or custodian as in Subdivision (3);

(2) an agent of the donor, unless the medical power of attorney or other record prohibits the agent from making an anatomical gift;

(3) a parent of the donor, if the donor is an unemancipated minor; or

(4) the donor's guardian.

If the donor or other person is physically unable to sign a record, the record may be signed by another individual at the direction of the donor or other person and must:

(1) be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the donor or the other person; and

(2) state that the record has been signed and witnessed as provided in Subdivision (1).

(c) Revocation, suspension, expiration, or cancellation of a driver's license or identification card on which an anatomical gift is indicated does not invalidate the gift.

(d) An anatomical gift made by will takes effect on the donor's death whether or not the will is probated. Invalidation of the will after the donor's death does not invalidate the gift.

Added by Acts 2009, 81st Leg., R.S., Ch. 186 (H.B. 2027), Sec. 1, eff. September 1, 2009.

Sec. 692A.006. AMENDING OR REVOKING ANATOMICAL GIFT BEFORE DONOR'S DEATH. (a) Subject to Section 692A.008, a donor or other person authorized to make an anatomical gift under Section 692A.004 may amend or revoke an anatomical gift by:

(1) a record signed by:

(A) the donor;

(B) the other person; or

(C) subject to Subsection (b), another individual acting at the direction of the donor or the other person if the donor or other person is physically unable to sign; or

(2) a later-executed document of gift that amends or revokes a previous anatomical gift or portion of an anatomical gift, either expressly or by inconsistency.
(b) A record signed pursuant to Subsection (a)(1)(C) must:
(1) be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the donor or the other person; and
(2) state that the record has been signed and witnessed as provided in Subdivision (1).

(c) Subject to Section 692A.008, a donor or other person authorized to make an anatomical gift under Section 692A.004 may revoke an anatomical gift by the destruction or cancellation of the document of gift, or the portion of the document of gift used to make the gift, with the intent to revoke the gift.

(d) A donor may amend or revoke an anatomical gift that was not made in a will by any form of communication during a terminal illness or injury addressed to at least two adults, at least one of whom is a disinterested witness.

(e) A donor who makes an anatomical gift in a will may amend or revoke the gift in the manner provided for amendment or revocation of wills or as provided in Subsection (a).

Sec. 692A.007. REFUSAL TO MAKE ANATOMICAL GIFT; EFFECT OF REFUSAL.  (a) An individual may refuse to make an anatomical gift of the individual's body or part by:
(1) a record signed by:
(A) the individual; or
(B) subject to Subsection (b), another individual acting at the direction of the individual if the individual is physically unable to sign;
(2) the individual's will, whether or not the will is admitted to probate or invalidated after the individual's death; or
(3) any form of communication made by the individual during the individual's terminal illness or injury addressed to at least two adults, at least one of whom is a disinterested witness.

(b) A record signed pursuant to Subsection (a)(1)(B) must:
(1) be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the individual; and
(2) state that the record has been signed and witnessed as provided in Subdivision (1).

(c) An individual who has made a refusal may amend or revoke the refusal:

(1) in the manner provided in Subsection (a) for making a refusal;

(2) by subsequently making an anatomical gift pursuant to Section 692A.005 that is inconsistent with the refusal; or

(3) by destroying or canceling the record evidencing the refusal, or the portion of the record used to make the refusal, with the intent to revoke the refusal.

(d) Except as otherwise provided in Section 692A.008(h), in the absence of an express, contrary indication by the individual set forth in the refusal, an individual's unrevoked refusal to make an anatomical gift of the individual's body or part bars all other persons from making an anatomical gift of the individual's body or part.

Added by Acts 2009, 81st Leg., R.S., Ch. 186 (H.B. 2027), Sec. 1, eff. September 1, 2009.

Sec. 692A.008. PRECLUSIVE EFFECT OF ANATOMICAL GIFT, AMENDMENT, OR REVOCATION. (a) Except as otherwise provided in Subsection (g) and subject to Subsection (f), in the absence of an express, contrary indication by the donor, a person other than the donor is barred from making, amending, or revoking an anatomical gift of a donor's body or part if the donor made an anatomical gift of the donor's body or part under Section 692A.005 or an amendment to an anatomical gift of the donor's body or part under Section 692A.006.

(b) A donor's revocation of an anatomical gift of the donor's body or part under Section 692A.006 is not a refusal and does not bar another person specified in Section 692A.004 or Section 692A.009 from making an anatomical gift of the donor's body or part under Section 692A.005 or Section 692A.010.

(c) If a person other than the donor makes an unrevoked anatomical gift of the donor's body or part under Section 692A.005 or an amendment to an anatomical gift of the donor's body or part under Section 692A.006, another person may not make, amend, or revoke the gift of the donor's body or part under Section 692A.010.
(d) A revocation of an anatomical gift of a donor's body or part under Section 692A.006 by a person other than the donor does not bar another person from making an anatomical gift of the body or part under Section 692A.005 or Section 692A.010.

(e) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under Section 692A.004, an anatomical gift of a part is neither a refusal to give another part nor a limitation on the making of an anatomical gift of another part at a later time by the donor or another person.

(f) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under Section 692A.004, an anatomical gift of a part for one or more of the purposes set forth in Section 692A.004 is not a limitation on the making of an anatomical gift of the part for any of the other purposes by the donor or any other person under Section 692A.005 or Section 692A.010.

(g) If a donor who is an unemancipated minor dies, a parent of the donor who is reasonably available may revoke or amend an anatomical gift of the donor's body or part.

(h) If an unemancipated minor who signed a refusal dies, a parent of the minor who is reasonably available may revoke the minor's refusal.

Added by Acts 2009, 81st Leg., R.S., Ch. 186 (H.B. 2027), Sec. 1, eff. September 1, 2009.

Sec. 692A.009. WHO MAY MAKE ANATOMICAL GIFT OF DECEDENT'S BODY OR PART. (a) Subject to Subsections (b) and (c) and unless barred by Section 692A.007 or Section 692A.008, an anatomical gift of a decedent's body or part for the purpose of transplantation, therapy, research, or education may be made by any member of the following classes of persons who is reasonably available, in the order of priority listed:

1. an agent of the decedent at the time of death who could have made an anatomical gift under Section 692A.004(2) immediately before the decedent's death;
2. the spouse of the decedent;
3. adult children of the decedent;
4. parents of the decedent;
adult siblings of the decedent;
(6) adult grandchildren of the decedent;
(7) grandparents of the decedent;
(8) an adult who exhibited special care and concern for the decedent;
(9) the persons who were acting as the guardians of the person of the decedent at the time of death;
(10) the hospital administrator; and
(11) any other person having the authority to dispose of the decedent's body.

(b) If there is more than one member of a class listed in Subsection (a)(1), (3), (4), (5), (6), (7), or (9) entitled to make an anatomical gift, an anatomical gift may be made by a member of the class unless that member or a person to which the gift may pass under Section 692A.011 knows of an objection by another member of the class. If an objection is known, the gift may be made only by a majority of the members of the class who are reasonably available.

(c) A person may not make an anatomical gift if, at the time of the decedent's death, a person in a prior class under Subsection (a) is reasonably available to make or to object to the making of an anatomical gift.

Sec. 692A.010. MANNER OF MAKING, AMENDING, OR REVOKING ANATOMICAL GIFT OF DECEDEDENT'S BODY OR PART. (a) A person authorized to make an anatomical gift under Section 692A.009 may make an anatomical gift by a document of gift signed by the person making the gift or by that person's oral communication that is electronically recorded or is contemporaneously reduced to a record and signed by the individual receiving the oral communication.

(b) Subject to Subsection (c), an anatomical gift by a person authorized under Section 692A.009 may be amended or revoked orally or in a record by any member of a prior class who is reasonably available. If more than one member of the prior class is reasonably available, the gift made by a person authorized under Section 692A.009 may be:

(1) amended only if a majority of the reasonably available
members agree to the amending of the gift; or

(2) revoked only if a majority of the reasonably available members agree to the revoking of the gift or if they are equally divided as to whether to revoke the gift.

(c) A revocation under Subsection (b) is effective only if, before an incision has been made to remove a part from the donor's body or before the initiation of invasive procedures to prepare the recipient, the procurement organization, transplant hospital, or physician or technician knows of the revocation.

Added by Acts 2009, 81st Leg., R.S., Ch. 186 (H.B. 2027), Sec. 1, eff. September 1, 2009.

Sec. 692A.011. PERSONS THAT MAY RECEIVE ANATOMICAL GIFT; PURPOSE OF ANATOMICAL GIFT. (a) An anatomical gift may be made to the following persons named in the document of gift:

(1) an organ procurement organization to be used for transplantation, therapy, research, or education;

(2) a hospital to be used for research;

(3) subject to Subsection (d), an individual designated by the person making the anatomical gift if the individual is the recipient of the part;

(4) an eye bank or tissue bank, except that use of a gift of a whole body must be coordinated through the Anatomical Board of the State of Texas;

(5) a forensic science program at:

(A) a general academic teaching institution as defined by Section 61.003, Education Code; or

(B) a private or independent institution of higher education as defined by Section 61.003, Education Code;

(6) a search and rescue organization or recovery team that is recognized by the Anatomical Board of the State of Texas, is exempt from federal taxation under Section 501(c)(3), Internal Revenue Code of 1986, and uses human remains detection canines with the authorization of a local or county law enforcement agency; or

(7) the Anatomical Board of the State of Texas.

(b) Except for donations described by Subsections (a)(1) through (6), the Anatomical Board of the State of Texas shall be the donee of gifts of bodies or parts of bodies made for the purpose of...
education or research that are subject to distribution by the board under Chapter 691.

(c) A forensic science program that receives a donation under Subsection (a)(5) must submit a report to the Anatomical Board of the State of Texas on a quarterly basis that lists:

(1) the number of bodies or parts of bodies that the program received; and

(2) the method in which the program used the bodies or parts of bodies for education or research.

(d) If an anatomical gift to an individual under Subsection (a)(3) cannot be transplanted into the individual, the part passes in accordance with Subsection (i) in the absence of an express, contrary indication by the person making the anatomical gift.

(e) If an anatomical gift of one or more specific parts or of all parts is made in a document of gift that does not name a person described in Subsection (a) but identifies the purpose for which an anatomical gift may be used, the following rules apply:

(1) if the part is an eye and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate eye bank;

(2) if the part is tissue and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate tissue bank;

(3) if the part is an organ and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate organ procurement organization as custodian of the organ; and

(4) if the part is an organ, an eye, or tissue and the gift is for the purpose of research or education, the gift passes to the appropriate procurement organization.

(f) For the purpose of Subsection (e), if there is more than one purpose of an anatomical gift set forth in the document of gift but the purposes are not set forth in any priority, the gift must be used for transplantation or therapy, if suitable. If the gift cannot be used for transplantation or therapy, the gift may be used for research or education.

(g) If an anatomical gift of one or more specific parts is made in a document of gift that does not name a person described in Subsection (a) and does not identify the purpose of the gift, the gift may be used only for transplantation or therapy, and the gift passes in accordance with Subsection (i).
If a document of gift specifies only a general intent to make an anatomical gift by words such as "donor," "organ donor," or "body donor," or by a symbol or statement of similar import, the gift may be used only for transplantation or therapy, and the gift passes in accordance with Subsection (i).

(i) For purposes of Subsections (d), (g), and (h), the following rules apply:

1. if the part is an eye, the gift passes to the appropriate eye bank;
2. if the part is tissue, the gift passes to the appropriate tissue bank; and
3. if the part is an organ, the gift passes to the appropriate organ procurement organization as custodian of the organ.

(j) An anatomical gift of an organ for transplantation or therapy, other than an anatomical gift under Subsection (a)(3), passes to the organ procurement organization as custodian of the organ.

(k) If an anatomical gift does not pass pursuant to Subsections (a) through (j) or the decedent's body or part is not used for transplantation, therapy, research, or education, custody of the body or part passes to the person under obligation to dispose of the body or part.

1. A person may not accept an anatomical gift if the person knows that the gift was not effectively made under Section 692A.005 or Section 692A.010 or if the person knows that the decedent made a refusal under Section 692A.007 that was not revoked. For purposes of this subsection, if a person knows that an anatomical gift was made on a document of gift, the person is deemed to know of any amendment or revocation of the gift or any refusal to make an anatomical gift on the same document of gift.

(m) Except as otherwise provided in Subsection (a)(3), nothing in this chapter affects the allocation of organs for transplantation or therapy.

(n) A donee may accept or reject a gift.

Sec. 692A.012. SEARCH AND NOTIFICATION. The donor card of a person who is involved in an accident or other trauma shall accompany the person to the hospital or other health care facility. The driver's license or personal identification certificate indicating an affirmative statement of gift of a person who is involved in an accident or other trauma shall accompany the person to the hospital or health care facility if the person does not have a donor card.

Added by Acts 2009, 81st Leg., R.S., Ch. 186 (H.B. 2027), Sec. 1, eff. September 1, 2009.

Sec. 692A.013. DELIVERY OF DOCUMENT OF GIFT NOT REQUIRED; RIGHT TO EXAMINE. (a) A document of gift need not be delivered during the donor's lifetime to be effective.

(b) On or after an individual's death, a person in possession of a document of gift or a refusal to make an anatomical gift with respect to the individual shall allow examination and copying of the document of gift or refusal by a person authorized to make or object to the making of an anatomical gift with respect to the individual or by a person to which the gift could pass under Section 692A.011.

Added by Acts 2009, 81st Leg., R.S., Ch. 186 (H.B. 2027), Sec. 1, eff. September 1, 2009.

Sec. 692A.014. RIGHTS AND DUTIES OF PROCUREMENT ORGANIZATION AND OTHERS. (a) When a hospital refers an individual at or near death to a procurement organization, the organization shall make a reasonable search of the records of the Department of Public Safety and any donor registry that it knows exists for the geographical area in which the individual resides to ascertain whether the individual has made an anatomical gift.

(b) A procurement organization must be allowed reasonable access to information in the records of the Department of Public Safety to ascertain whether an individual at or near death is a donor.

(c) When a hospital refers an individual at or near death to a procurement organization, the organization may conduct any reasonable
examination necessary to ensure the medical suitability of a part that is or could be the subject of an anatomical gift for transplantation, therapy, research, or education from a donor or a prospective donor. During the examination period, measures necessary to ensure the medical suitability of the part may not be withdrawn unless the hospital or procurement organization knows that the individual expressed a contrary intent.

(d) Unless prohibited by law other than this chapter, at any time after a donor's death, the person to which a part passes under Section 692A.011 may conduct any reasonable examination necessary to ensure the medical suitability of the body or part for its intended purpose.

(e) Unless prohibited by law other than this chapter, an examination under Subsection (c) or (d) may include an examination of all medical and dental records of the donor or prospective donor.

(f) On the death of a minor who was a donor or had signed a refusal, unless a procurement organization knows the minor is emancipated, the procurement organization shall conduct a reasonable search for the parents of the minor and provide the parents with an opportunity to revoke or amend the anatomical gift or revoke the refusal.

(g) On referral by a hospital under Subsection (a), a procurement organization shall make a reasonable search for any person listed in Section 692A.009 having priority to make an anatomical gift on behalf of a prospective donor. If a procurement organization receives information that an anatomical gift to any other person was made, amended, or revoked, it shall promptly advise the other person of all relevant information.

(h) Subject to Sections 692A.011(k) and 693.002, the rights of the person to which a part passes under Section 692A.011 are superior to the rights of all others with respect to the part. The person may accept or reject an anatomical gift wholly or partly. Subject to the terms of the document of gift and this chapter, a person that accepts an anatomical gift of an entire body may allow embalming, burial, or cremation, and use of remains in a funeral service. If the gift is of a part, the person to which the part passes under Section 692A.011, on the death of the donor and before embalming, burial, or cremation, shall cause the part to be removed without unnecessary mutilation.

(i) The physician who attends the decedent at death or the
physician who determines the time of the decedent's death may not participate in the procedures for removing or transplanting a part from the decedent.

(j) A physician or technician may remove a donated part from the body of a donor that the physician or technician is qualified to remove.

Added by Acts 2009, 81st Leg., R.S., Ch. 186 (H.B. 2027), Sec. 1, eff. September 1, 2009.

Sec. 692A.015. COORDINATION OF PROCUREMENT AND USE; HOSPITAL PROCEDURES. Each hospital in this state shall enter into agreements or affiliations with procurement organizations for coordination of procurement and use of anatomical gifts. Each hospital must have a protocol that ensures its maintenance of an effective donation system in order to maximize organ, tissue, and eye donation. The protocol must:

(1) be available to the public during the hospital's normal business hours;
(2) establish a procedure for the timely notification to an organ procurement organization of individuals whose death is imminent or who have died in the hospital;
(3) establish procedures to ensure potential donors are declared dead by an appropriate practitioner in an acceptable time frame;
(4) establish procedures to ensure that hospital staff and organ procurement organization staff maintain appropriate medical treatment of potential donors while necessary testing and placement of potential donated organs, tissues, and eyes take place;
(5) ensure that all families are provided the opportunity to donate organs, tissues, and eyes, including vascular organs procured from asystolic donors;
(6) provide that the hospital use appropriately trained persons from an organ procurement organization, tissue bank, or eye bank to make inquiries relating to donations;
(7) provide for documentation of the inquiry and of its disposition in the decedent's medical records;
(8) require an organ procurement organization, tissue bank, or eye bank that makes inquiries relating to donations to develop a
protocol for making those inquiries;
  (9) encourage sensitivity to families' beliefs and circumstances in all discussions relating to the donations;
  (10) provide that the organ procurement organization determines medical suitability for organ donation and, in the absence of alternative arrangements by the hospital, the organ procurement organization determines medical suitability for tissue and eye donation, using the definition of potential tissue and eye donor and the notification protocol developed in consultation with the tissue and eye banks identified by the hospital for this purpose;
  (11) ensure that the hospital works cooperatively with the designated organ procurement organization, tissue bank, and eye bank in educating staff on donation issues;
  (12) ensure that the hospital works with the designated organ procurement organization, tissue bank, and eye bank in reviewing death records; and
  (13) provide for monitoring of donation system effectiveness, including rates of donation, protocols, and policies, as part of the hospital's quality improvement program.

Sec. 692A.016. SALE OR PURCHASE OF PARTS PROHIBITED. (a) Except as otherwise provided in Subsection (b), a person commits an offense if the person for valuable consideration knowingly purchases or sells a part for transplantation or therapy if removal of a part from an individual is intended to occur after the individual's death. An offense under this subsection is a Class A misdemeanor.

(b) A person may charge a reasonable amount for the removal, processing, preservation, quality control, storage, transportation, implantation, or disposal of a part.

(c) If conduct that constitutes an offense under this section also constitutes an offense under other law, the actor may be prosecuted under this section, the other law, or both this section and the other law.

Added by Acts 2009, 81st Leg., R.S., Ch. 186 (H.B. 2027), Sec. 1, eff. September 1, 2009.
Sec. 692A.017. OTHER PROHIBITED ACTS. (a) A person commits an offense if the person, in order to obtain a financial gain, intentionally falsifies, forges, conceals, defaces, or obliterates a document of gift, an amendment or revocation of a document of gift, or a refusal. An offense under this section is a Class A misdemeanor.

(b) If conduct that constitutes an offense under this section also constitutes an offense under other law, the actor may be prosecuted under this section, the other law, or both this section and the other law.

Sec. 692A.018. IMMUNITY. (a) A person who acts in good faith in accordance with this chapter is not liable for civil damages or subject to criminal prosecution for the person's action if the prerequisites for an anatomical gift are met under the laws applicable at the time and place the gift is made.

(b) A person that acts in accordance with this chapter or with the applicable anatomical gift law of another state, or attempts in good faith to do so, is not liable for the act in a civil action, criminal prosecution, or administrative proceeding.

(c) A person who acts in good faith in accordance with this chapter is not liable as a result of the action except in the case of an act or omission of the person that is intentional, wilfully or wantonly negligent, or done with conscious indifference or reckless disregard. For purposes of this subsection, "good faith" in determining the appropriate person authorized to make a donation under Section 692A.009 means making a reasonable effort to locate and contact the member or members of the highest priority class who are reasonably available at or near the time of death.

(d) Neither a person making an anatomical gift nor the donor's estate is liable for any injury or damage that results from the making or use of the gift.

(e) In determining whether an anatomical gift has been made, amended, or revoked under this chapter, a person may rely on representations of an individual listed in Section 692A.009(a)(2), (3), (4), (5), (6), (7), or (8) relating to the individual's
relationship to the donor or prospective donor unless the person knows that the representation is untrue.

Sec. 692A.019. LAW GOVERNING VALIDITY; CHOICE OF LAW AS TO EXECUTION OF DOCUMENT OF GIFT; PREASSUMPTION OF VALIDITY. (a) A document of gift is valid if executed in accordance with:

(1) this chapter;
(2) the laws of the state or country where it was executed; or
(3) the laws of the state or country where the person making the anatomical gift was domiciled, had a place of residence, or was a national at the time the document of gift was executed.

(b) If a document of gift is valid under this section, the law of this state governs the interpretation of the document of gift.

(c) A person may presume that a document of gift or amendment of an anatomical gift is valid unless that person knows that it was not validly executed or was revoked.

Added by Acts 2009, 81st Leg., R.S., Ch. 186 (H.B. 2027), Sec. 1, eff. September 1, 2009.

Sec. 692A.020. GLENDA DAWSON DONATE LIFE-TEXAS REGISTRY; EDUCATION PROGRAM. (a) A nonprofit organization designated by the Department of Public Safety shall maintain and administer a statewide donor registry, to be known as the Glenda Dawson Donate Life-Texas Registry.

(b) The nonprofit organization administering the registry must include representatives from each organ procurement organization in this state.

(c) The nonprofit organization shall establish and maintain a statewide Internet-based registry of organ, tissue, and eye donors.

(d) The Department of Public Safety at least monthly shall electronically transfer to the nonprofit organization administering the registry the name, date of birth, driver's license number, most recent address, and any other relevant information in the possession of the Department of Public Safety for any person who indicates on
the person's driver's license application under Section 521.401, Transportation Code, that the person would like to make an anatomical gift.

(e) The nonprofit organization administering the registry shall:

1. make information obtained from the Department of Public Safety under Subsection (d) available to procurement organizations;
2. allow potential donors to submit information in writing directly to the organization for inclusion in the Internet-based registry;
3. maintain the Internet-based registry in a manner that allows procurement organizations to immediately access organ, tissue, and eye donation information 24 hours a day, seven days a week through electronic and telephonic methods; and
4. protect the confidentiality and privacy of the individuals providing information to the Internet-based registry, regardless of the manner in which the information is provided.

(f) Except as otherwise provided by Subsection (e)(3) or this subsection, the Department of Public Safety, the nonprofit organization administering the registry, or a procurement organization may not sell, rent, or otherwise share any information provided to the Internet-based registry. A procurement organization may share any information provided to the registry with an organ procurement organization or a health care provider or facility providing medical care to a potential donor as necessary to properly identify an individual at the time of donation.

(g) The Department of Public Safety, the nonprofit organization administering the registry, or the procurement organizations may not use any demographic or specific data provided to the Internet-based registry for any fund-raising activities. Sec. 693.001. DEFINITION. In this subchapter, "visceral organ" means the heart, kidney, liver, or other organ or tissue that requires a patient support system to maintain the viability of the organ or tissue.

Sec. 693.002. REMOVAL OF BODY PART OR TISSUE FROM DECEDEDENT WHO DIED UNDER CIRCUMSTANCES REQUIRING AN INQUEST. (a) (1) On a request from an organ procurement organization, as defined by Section 692A.002, the medical examiner, justice of the peace, county judge, or physician designated by the justice of the peace or county judge may permit the removal of organs from a decedent who died under circumstances requiring an inquest by the medical examiner, justice of the peace, or county judge if consent is obtained pursuant to Sections 692A.005 through 692A.010 or Section 693.003.

(2) If no autopsy is required, the organs to be transplanted shall be released in a timely manner to the organ procurement organization, as defined by Section 692A.002, for removal and transplantation.

(3) If an autopsy is required and the medical examiner, justice of the peace, county judge, or designated physician determines that the removal of the organs will not interfere with the subsequent course of an investigation or autopsy, the organs shall be released in a timely manner for removal and transplantation. The autopsy will be performed in a timely manner following the removal of the organs.

(4) If the medical examiner is considering withholding one or more organs of a potential donor for any reason, the medical examiner shall be present during the removal of the organs. In such case, the medical examiner may request a biopsy of those organs or deny removal of the anatomical gift. If the medical examiner denies
removal of the anatomical gift, the medical examiner shall explain in writing the reasons for the denial. The medical examiner shall provide the explanation to:

(A) the organ procurement organization; and
(B) any person listed in Section 692A.009 who consented to the removal.

(5) If the autopsy is not being performed by a medical examiner and one or more organs may be withheld, the justice of the peace, county judge, or designated physician shall be present during the removal of the organs and may request the biopsy or deny removal of the anatomical gift. If removal of the anatomical gift is denied, the justice of the peace, county judge, or physician shall provide the written explanation required by Subdivisions (4)(A) and (B).

(6) If, in performing the duties required by this subsection, the medical examiner or, in those cases in which an autopsy is not performed by a medical examiner, the justice of the peace, county judge, or designated physician is required to be present at the hospital to examine the decedent prior to removal of the organs or during the procedure to remove the organs, the qualified organ procurement organization shall on request reimburse the county or the entity designated by the county for the actual costs incurred in performing such duties, not to exceed $1,000. Such reimbursements shall be deposited in the general fund of the county. The payment shall be applied to the additional costs incurred by the office of the medical examiner, justice of the peace, or county judge in performing such duties, including the cost of providing coverage beyond regular business hours. The payment shall be used to facilitate the timely procurement of organs in a manner consistent with the preservation of the organs for the purposes of transplantation.

(7) At the request of the medical examiner or, in those cases in which an autopsy is not performed by a medical examiner, the justice of the peace, county judge, or designated physician, the health care professional removing organs from a decedent who died under circumstances requiring an inquest shall file with the medical examiner, justice of the peace, or county judge a report detailing the condition of the organs removed and their relationship, if any, to the cause of death.

(b) On a request from a tissue bank, as defined by Section 692A.002, the medical examiner may permit the removal of tissue
believed to be clinically usable for transplants or other therapy or treatment from a decedent who died under circumstances requiring an inquest if consent is obtained pursuant to Sections 692A.005 through 692A.010 or Section 693.003 or, if consent is not required by those sections, no objection by a person listed in Section 692A.009 is known by the medical examiner. If the medical examiner denies removal of the tissue, the medical examiner shall explain in writing the reasons for the denial. The medical examiner shall provide the explanation to:

   (1) the tissue bank; and
   (2) the person listed in Section 692A.009 who consented to the removal.

(c) If the autopsy is not being performed by a medical examiner, the justice of the peace, county judge, or designated physician may permit the removal of tissue in the same manner as a medical examiner under Subsection (b). If removal of the anatomical gift is denied, the justice of the peace, county judge, or physician shall provide the written explanation required by Subsections (b)(1) and (2).

Sec. 711.002. DISPOSITION OF REMAINS; DUTY TO INTER. (a) Except as provided by Subsection (l), unless a decedent has left directions in writing for the disposition of the decedent's remains as provided in Subsection (g), the following persons, in the priority listed, have the right to control the disposition, including cremation, of the decedent's remains, shall inter the remains, and in accordance with Subsection (a-1) are liable for the reasonable cost of interment:

(1) the person designated in a written instrument signed by the decedent;
(2) the decedent's surviving spouse;
(3) any one of the decedent's surviving adult children;
(4) either one of the decedent's surviving parents;
(5) any one of the decedent's surviving adult siblings;

(a-1) If the person with the right to control the disposition of the decedent's remains fails to make final arrangements or appoint another person to make final arrangements for the disposition before the earlier of the 6th day after the date the person received notice of the decedent's death or the 10th day after the date the decedent died, the person is presumed to be unable or unwilling to control the disposition, and:

Notwithstanding Subsections (b) and (c), the form is legally sufficient if it is properly completed, signed by the decedent, and witnessed in the manner required by the form.

(c) A written instrument is legally sufficient under Subsection (a)(1) if the instrument designates a person to control the disposition of the decedent's remains, the instrument is signed by the decedent, the signature of the decedent is acknowledged, and the agent or successor agent signs the instrument before acting as the decedent's agent. Unless the instrument provides otherwise, the designation of the decedent's spouse as an agent or successor agent in the instrument is revoked when the marriage of the decedent and the spouse appointed as an agent or successor agent is dissolved by divorce, annulled, or declared void before the decedent's death. Such written instrument may be modified or revoked only by a subsequent written instrument that complies with this subsection.

(d) A person listed in Subsection (a) has the right, duty, and liability provided by that subsection only if there is no person in a priority listed before the person.

(e) If there is no person with the duty to inter under Subsection (a) and:

(1) an inquest is held, the person conducting the inquest shall inter the remains; and

(2) an inquest is not held, the county in which the death occurred shall inter the remains.

(f) A person who represents that the person knows the identity of a decedent and, in order to procure the disposition, including cremation, of the decedent's remains, signs an order or statement, other than a death certificate, warrants the identity of the decedent and is liable for all damages that result, directly or indirectly, from that warrant.

(g) A person may provide written directions for the disposition, including cremation, of the person's remains in a will, a prepaid funeral contract, or a written instrument signed and acknowledged by such person. A party to the prepaid funeral contract or a written contract providing for all or some of a decedent's funeral arrangements who fails to honor the contract is liable for the additional expenses incurred in the disposition of the decedent's remains as a result of the breach of contract. The directions may govern the inscription to be placed on a grave marker attached to any plot in which the decedent had the right of sepulture at the time of death and in which plot the decedent is subsequently interred. The directions may be modified or revoked only by a subsequent writing signed and acknowledged by such person. The person otherwise
entitled to control the disposition of a decedent's remains under this section shall faithfully carry out the directions of the decedent to the extent that the decedent's estate or the person controlling the disposition are financially able to do so.

(h) If the directions are in a will, they shall be carried out immediately without the necessity of probate. If the will is not probated or is declared invalid for testamentary purposes, the directions are valid to the extent to which they have been acted on in good faith.

(i) A cemetery organization, a business operating a crematory or columbarium or both, a funeral director or an embalmer, or a funeral establishment shall not be liable for carrying out the written directions of a decedent or the directions of any person who represents that the person is entitled to control the disposition of the decedent's remains.

(j) Repealed by Acts 2011, 82nd Leg., R.S., Ch. 707, Sec. 3, eff. June 17, 2011.

(k) Any dispute among any of the persons listed in Subsection (a) concerning their right to control the disposition, including cremation, of a decedent's remains shall be resolved by a court with jurisdiction over probate proceedings for the decedent, regardless of whether a probate proceeding has been initiated. A cemetery organization or funeral establishment shall not be liable for refusing to accept the decedent's remains, or to inter or otherwise dispose of the decedent's remains, until it receives a court order or other suitable confirmation that the dispute has been resolved or settled.

(l) A person listed in Subsection (a) may not control the disposition of the decedent's remains if, in connection with the decedent's death, an indictment has been filed charging the person with a crime under Chapter 19, Penal Code, that involves family violence against the decedent. A person regulated under Chapter 651, Occupations Code, who knowingly allows the person charged with a crime to control the disposition of the decedent's remains in violation of this subsection commits a prohibited practice under Section 651.460, Occupations Code, and the Texas Funeral Service Commission may take disciplinary action or assess an administrative penalty against the regulated person under that chapter.

Acts 1989, 71st Leg., ch. 678, Sec. 1, eff. Sept. 1, 1989. Amended

In an emergency circumstance described by Subsection (1) that necessitates immediate removal of remains from a plot, the court shall hear an application for permission to remove remains under Subsection (c) not later than the first business day after the application is made. In an emergency circumstance described by this subsection, personal notice may be given on the date the application is made.

(d-1) If the court subsequently requires an additional person or entity to be served under Subsection (c)(3), that additional service must be performed not later than the 11th day after the date of the judge's order. Service may not be required for any court

(3) on the order of a court or person who conducts inquests; or

(4) from a plot in a cemetery owned and operated by the Veterans' Land Board.

(f) Except as is authorized for a justice of the peace acting as coroner or medical examiner under Chapter 49, Code of Criminal Procedure, remains may not be removed from a cemetery except on the written order of the state registrar or the state registrar's designee. The cemetery organization shall keep a duplicate copy of the order as part of its records. The Texas Funeral Service Commission may adopt rules to implement this subsection.

(i) A person who removes remains from a cemetery shall give the cemetery organization operating the cemetery a copy of the record made as required by Subsections (g) and (h).

(j) A cemetery organization may remove remains from a plot in the cemetery and transfer the remains to another plot in the same cemetery without the written consent required under Subsection (a) if the cemetery seeks consent by sending written notice by certified mail, return receipt requested, to the last known address of the current owner of the plot from which the remains are to be removed or to the person designated under Subsection (a). The notice must indicate that the remains will be removed, the reason for the removal of the remains, and the proposed location of the reinterment of the remains. The cemetery may transfer the remains to another plot in accordance with this subsection if an objection is not received in response to the notice before the 31st day after the date the notice is sent. A cemetery may not remove remains under this subsection for a fraudulent purpose or to allow the sale of the plot in which the remains are located to another person.

(k) In an emergency circumstance described by Subsection (l) that necessitates immediate removal of remains before the date on which the court is required to hear an application for permission to remove remains under Subsection (d), a cemetery organization may remove remains from a plot in the cemetery and transfer the remains to another plot in the same cemetery without the court hearing. (e) The certificate or declaration may contain a provision permitting the directors by order to resurvey and change the shape and size of the property for which the associated map or plat is filed if that change does not disturb any interred remains. Except as provided by Subsection (e-1), if a change is made, the cemetery organization shall:
(1) file an amended map or plat not later than the last day of the next calendar quarter; and

(2) indicate any change in a specific unique number assigned to a plot, crypt, lawn crypt, or columbarium niche.

subject to an enforcement action under this chapter. The order approving the surrender must:

(1) require the perpetual care fund to remain in an irrevocable trust, with the permissible distributions to be used for perpetual care of the cemetery in general and for those plots that were purchased before the certificate was surrendered;

(2) require that the cemetery remove any signage or other announcement stating that the cemetery is a perpetual care cemetery;

(3) require each contract and other evidence of ownership entered into after the date of the order to clearly state that the cemetery is not regulated by the Texas Department of Banking and may not use the term "perpetual care cemetery"; and

(c) In establishing a fund, the corporation may adopt plans for the general care, maintenance, and embellishment of its perpetual care cemetery.

(d) The fund and the trustee are governed by the Texas Trust Code (Section 111.001 et seq., Property Code).

(e) A corporation that establishes a fund may receive and hold for the fund and as a part of the fund or as an incident to the fund any property contributed to the fund.

(f) The fund and contributions to the fund are for charitable purposes. The perpetual care financed by the fund is:

1. the discharge of a duty due from the corporation to persons interred and to be interred in its perpetual care cemetery; and

2. for the benefit and protection of the public by preserving and keeping the perpetual care cemetery from becoming a place of disorder, reproach, and desolation in the community in which the perpetual care cemetery is located.

(g) In this subsection, "master trust account" means an account containing the perpetual care trust funds of two or more certificate holders for the purpose of collective investment and administration. The trustors of two or more perpetual care trust funds may establish a master trust account in which deposits required by this chapter are made, provided that separate records of principal and income are maintained for each perpetual care cemetery for the benefit of which the master trust account is established, and further provided that the income attributable to each perpetual care cemetery is used only for the perpetual care of that cemetery.

(h) A corporation may apply to the commissioner for temporary relief and placement of a perpetual care trust fund in a segregated interest bearing account at a Texas financial institution, as defined by Section 201.101, Finance Code, if the corporation:
(1) has been operating a perpetual care cemetery in this state for at least two years; and
(2) has a perpetual care trust fund with a balance of less than $100,000, the income of which is insufficient to pay trustee fees.

Sec. 712.022. OPERATION OF PERPETUAL CARE CEMETERY. A corporation authorized by law to operate a perpetual care cemetery but not doing so may do so if the corporation:
   (1) complies with the requirements of this chapter for obtaining a certificate of authority; and
   (2) establishes a fund as provided by Section 712.021 in an amount equal to the larger of:
       (A) the amount that would have been paid into the fund if the cemetery operated as a perpetual care cemetery from the date of the cemetery's first sale of plots; or
       (B) the minimum amount provided by Section 712.004.

   Acts 2011, 82nd Leg., R.S., Ch. 1336 (S.B. 1167), Sec. 9, eff. September 1, 2011.

Sec. 712.023. VALIDITY OF CONTRIBUTIONS. A contribution to a
fund for perpetual care is not invalid because of:

(1) indefiniteness or uncertainty of the person designated as beneficiary in the instrument establishing the fund; or

(2) a violation of the law against perpetuities or the law against the suspension of the power of alienation of title to or use of property.

Sec. 712.024. AMENDMENT OF TRUST INSTRUMENT. A corporation and the trustee of a fund may, by agreement, amend the instrument that established the fund to include any provision that is consistent with this chapter.

Sec. 712.025. USE OF FUND DISTRIBUTIONS. Fund distributions may be used only to provide the perpetual care described by the instrument that established the fund, including the general care and maintenance of the property entitled to perpetual care in the perpetual care cemetery.

Acts 2017, 85th Leg., R.S., Ch. 1051 (H.B. 1948), Sec. 4, eff. September 1, 2017.

Sec. 712.0255. JUDICIAL MODIFICATION OR TERMINATION OF FUND. (a) The commissioner may petition a court to modify or terminate a fund under Section 112.054, Property Code. In addition to the grounds described by that section, the commissioner may petition a court under that section if the permissible distributions from the fund are inadequate to maintain, repair, and care for the perpetual care cemetery and another source for providing additional
contributions to the fund is unavailable.

(b) If feasible, the corporation for the perpetual care cemetery and the trustee of the fund are necessary parties to an action described by this section. A court may not modify or terminate the fund without the consent of the commissioner.

(c) At the request or with the consent of the commissioner, the court may order the distribution and transfer of all or a portion of the assets in the fund to a nonprofit corporation, municipality, county, or other appropriate person who is willing to accept, continue to care for, and maintain the perpetual care cemetery. A transfer under this subsection does not limit the court's ability to modify or terminate the fund under an action described by this section.

Sec. 712.026. SUIT BY PLOT OWNERS TO MAINTAIN PERPETUAL CARE.
(a) If the directors of a corporation do not generally care for and maintain the corporation's perpetual care cemetery, the district court of the county in which the perpetual care cemetery is located may:

(1) by injunction compel the directors to expend the permissible distributions from the corporation's fund as required by this chapter; or

(2) appoint a receiver to take charge of the fund and expend the permissible distributions from the fund as required by this chapter.

(b) The suit for relief under this section must be brought by at least five owners of plots located in the perpetual care cemetery.

(c) In a suit for relief under this section, court costs and attorney's fees shall be awarded:

(1) to the directors of the corporation, if it is found that the directors are substantially expending the permissible distributions from the fund as required by this subchapter; or

(2) to the plot owners initiating the suit, if it is found
that the directors are not substantially expending the permissible distributions from the fund as required by this subchapter.

(d) Fund assets may not be used to pay court costs and attorney's fees awarded under Subsection (c).

Amended by:
Acts 2017, 85th Leg., R.S., Ch. 1051 (H.B. 1948), Sec. 6, eff. September 1, 2017.

Sec. 712.027. INVESTMENT OF FUND. (a) A trustee shall invest and manage the investment of the principal of a fund in accordance with the Texas Trust Code (Section 111.001 et seq., Property Code).

(b) An investment must be made at not more than the prevailing market value of the securities at the time of acquisition.

Sec. 712.028. AMOUNT OF FUND DEPOSITS FROM SALES. (a) A corporation shall deposit in its fund an amount that is at least:

(1) the greater of:
    (A) $1.75 a square foot of ground area conveyed as perpetual care property; or
    (B) 15 percent of the total purchase price of that ground area;

(2) the greater of:
    (A) $105 for each crypt interment right for mausoleum interment or lawn crypt interment conveyed as perpetual care property, or $60 for each crypt interment right if that crypt is accessible only through another crypt; or
    (B) seven percent of the total purchase price of that crypt interment right; and

(3) the greater of:
    (A) $35 for each niche interment right for columbarium interment conveyed; or
    (B) 15 percent of the total purchase price of that
niche interment right.

(b) Subsection (a) does not apply to deposits from sales required to be made by a corporation in its fund before September 1, 1993, under a corresponding statute in effect before that date.

(c) If a plot owner exchanges a plot for another plot in a corporation's perpetual care cemetery, the amount to be deposited in the corporation's fund in respect of the plot received by the plot owner in the exchange may be reduced by the amount deposited in the fund in respect of the plot contributed by the plot owner in the exchange. The amount required to be deposited with respect to an exchanged plot is the amount required at the time the plot owner originally contracted to purchase the plot.

Sec. 712.029. ACCOUNTING FOR AND DEPOSITING AMOUNTS. (a) The part of the purchase price of a plot in a perpetual care cemetery that is to be deposited in a fund must be shown separately on the original purchase agreement from the total purchase price. A copy of the agreement shall be delivered to the purchaser of the plot.

(b) On the sale of a plot, a commission may not be paid to a broker or salesman on the amount to be deposited in the fund.

(c) A corporation shall deposit in its fund the amount required under Section 712.028 not later than the 20th day after the end of the month in which the original purchase agreement has been paid in full. A corporation may prepay funds into its fund at any time and, if a surplus exists in the fund from the prepayments, may credit against the surplus the amounts otherwise required to be deposited in the fund under Section 712.028 until the surplus has been depleted. In determining whether a surplus exists from prepayments, no part of the fund resulting from gifts to the fund under Section 712.030 may be considered.

Sec. 712.030. USE OF GIFT FOR SPECIAL CARE OF PLOT IN PERPETUAL CARE CEMETERY. (a) A trustee may take and hold property transferred to the trustee in trust in order to apply the principal, proceeds, or income of the property for any purpose consistent with the terms of the trust and the purpose of a corporation's perpetual care cemetery, including:

(1) the improvement or embellishment of any part of the perpetual care cemetery;

(2) the erection, renewal, repair, or preservation of a monument, fence, building, or other structure in the perpetual care cemetery;

(3) planting or cultivating plants in or around the perpetual care cemetery; or

(4) taking special care of or embellishing a plot, section, or building in the perpetual care cemetery.

(b) Except as provided by this subsection, the assets of a trust established under this section are not considered assets of the fund. If a gift in trust is specifically intended to serve the same general purpose as the fund, the trust may be merged with the fund.

Acts 2017, 85th Leg., R.S., Ch. 1051 (H.B. 1948), Sec. 7, eff. September 1, 2017.

SUBCHAPTER B-1. DISTRIBUTIONS FROM FUND

Sec. 712.0351. DEFINITIONS. In this subchapter:

(1) "Net income fund" means a fund from which permissible distributions are calculated based on the net income method.

(2) "Net income method" means calculation of permissible annual distributions by the trustee as equal to the annual net income of the fund.

(3) "Total return fund" means a fund from which permissible distributions are calculated based on the total return method.

(4) "Total return method" means the calculation of permissible annual distributions by the trustee as equal to the average fair market value of the assets in the fund, determined under Section 712.0353, multiplied by the total return percentage.
"Total return percentage" means the annual percentage selected by the trustee in accordance with Section 712.0354.

Added by Acts 2017, 85th Leg., R.S., Ch. 1051 (H.B. 1948), Sec. 1, eff. September 1, 2017.

Sec. 712.0352. MODIFICATION OF DISTRIBUTION METHOD. (a) Except as otherwise provided by this subchapter, the trustee of a fund shall use the net income method to determine permissible distributions from the fund to the corporation.

(b) A corporation on concurrence of the corporation's trustee may modify the terms of the trust instrument governing the fund to require the trustee to use the total return method in determining permissible distributions to the corporation. To convert a net income fund to a total return fund, at least 60 days before the effective date of the conversion, which must be the first day of the fund's next fiscal year, the corporation shall submit written documentation to the commissioner in support of the conversion that includes:

(1) a copy of the trust instrument governing the fund and any proposed amendments to the instrument necessary to authorize the conversion;

(2) the trustee's estimates of the current fair market value and the average fair market value of the fund as of the effective date of the conversion, as determined under Section 712.0353, and actions by the trustee to finalize the trustee's determination of both current and average fair market value of the fund and to advise the corporation and the commissioner as soon as reasonably possible after the effective date;

(3) a description of the method the trustee used or will use to determine the fair market value of any unique and hard-to-value asset in the fund, and identification and explanation of any asset the trustee excluded or will exclude from the average fair market value calculation;

(4) the total return percentage selected by the trustee under Section 712.0354, and the reasons for the selection;

(5) a copy of the written investment policy for the fund as modified to support use of the total return method; and

(6) any additional information required by rules adopted...
under this chapter.

(c) A corporation that converts the corporation's fund to a total return fund under this section may elect to reconvert the fund to a net income fund and modify the terms of the trust instrument governing the fund to require the trustee to calculate permissible distributions under the net income method. To reconvert a total return fund to a net income fund, the corporation must submit written documentation to the commissioner in support of the reconversion before the proposed effective date of the reconversion, that includes:

(1) a copy of the trust instrument governing the fund and any proposed amendments to the instrument necessary to authorize the reconversion;

(2) the proposed effective date of the reconversion, provided that the effective date must be the first day of the fund's next fiscal year unless the total distributions received or to be received from the fund in the current fiscal year would not exceed the distributions permissible for a net income fund at the beginning of the current fiscal year; and

(3) any additional information required by rules adopted under this chapter.

(d) The trustee of a net income fund or a total return fund shall make distributions to the corporation, annually or in more frequent installments agreed to by the trustee and the corporation, to be used by the corporation in the manner required by Section 712.025.

Added by Acts 2017, 85th Leg., R.S., Ch. 1051 (H.B. 1948), Sec. 1, eff. September 1, 2017.

Sec. 712.0353. DETERMINATION OF FAIR MARKET VALUE. (a) The trustee of a total return fund, or of a net income fund seeking to convert to a total return fund, shall determine for the corporation, in the trustee's sole discretion and in accordance with this section, the average fair market value of the fund at the beginning of each fiscal year.

(b) The trustee shall derive the average fair market value of the fund at least annually by averaging the fair market value of fund assets, determined on an asset-by-asset basis, as of the beginning of
the current fiscal year and in each of the two previous years, or for the entire term of the trust with less than two previous years, using the valuation date or averages of valuation dates as the trustee considers appropriate. The trustee shall exclude from the fair market value calculation any asset described in Section 712.030(b) and any asset for which the trustee is not able to reasonably ascertain a fair market value. In determining the average fair market value, the trustee shall adjust the fair market value for each year used in the calculation as follows:

(1) for assets added to the fund during the years used to determine the average, the trustee shall add the amount of each addition to all years in which the addition is not included; and

(2) for assets withdrawn from the fund during the years used to determine the average, other than in satisfaction of permissible distributions, the trustee shall subtract the amount of each withdrawal from all years in which the withdrawal is not included.

(c) Before the 31st day after the beginning of each fiscal year, the trustee of a total return fund shall send written notice to the commissioner and to the corporation of the trustee's determination of the current fair market value of the fund as of the beginning of the current fiscal year and the average fair market value of the fund for determining permissible distributions for the fiscal year, with identification and explanation of any asset excluded from the determination. If the trustee alters the methodology of determining fair market value in a manner that changes the fair market value of the fund during a fiscal year, the trustee shall send written notice to the commissioner and to the corporation of the revised current and average fair market value of the fund and the reason for the revision before the first distribution is made based on the revised average fair market value.

(d) This section does not alter or otherwise affect a fiduciary duty under other law to evaluate and monitor the fair market value of assets held in trust.

Added by Acts 2017, 85th Leg., R.S., Ch. 1051 (H.B. 1948), Sec. 1, eff. September 1, 2017.
Consistent with the prudent investor rule, the trustee in the exercise of the trustee's sole discretion shall select the total return percentage to be used in determining permissible distributions from a total return trust at least annually, in an amount that represents a reasonable current return from the fund in light of the investment policy currently applicable to the fund, provided that the total return percentage does not exceed five percent.

(b) Before the 31st day after the beginning of each fiscal year, the trustee of a total return fund shall send written notice to the commissioner and to the corporation of the trustee's determination of the total return percentage to be applied in the fiscal year. If the trustee alters the total return percentage during a fiscal year, the trustee shall send written notice to the commissioner and to the corporation of the revised total return percentage and the reason for the revision before the first distribution is made based on the new total return percentage.

Added by Acts 2017, 85th Leg., R.S., Ch. 1051 (H.B. 1948), Sec. 1, eff. September 1, 2017.

Sec. 712.0355. REGULATORY LIMITS ON DISTRIBUTIONS. (a) After notice and an opportunity for hearing, the commissioner by order may convert a total return fund to a net income fund, limit or prohibit distributions from the fund, or both, if:

(1) the current fair market value of the fund at the beginning of a fiscal year is less than the original principal of the fund, consisting of the sum of all required deposits into the fund under this chapter, including deposits required by Sections 712.004 and 712.028;

(2) the average fair market value of the fund declines by 10 percent or more over a two-year period; or

(3) the trustee or other fiduciary of the fund responsible for investment policy has demonstrated a lack of sufficient knowledge and expertise or has failed to ensure that an investment policy is in place to support the use of the total return method of calculating distributions in a manner consistent with achieving the purposes of the fund as provided by Section 712.021(f).

(b) The commissioner may decline to impose corrective measures under Subsection (a) if the commissioner finds that:
(1) the cause of the adverse trend in the fair market value of the fund is due to one or more unusual or temporary factors not within the control of the corporation or trustee of the corporation's fund and could not have been reasonably anticipated;

(2) the current, written investment policy of the fund, in light of anticipated distributions from the fund, is reasonably designed to protect the fund from further declines in fair market value; and

(3) the exception appears to be both necessary and appropriate for the continued protection and perpetual existence of the fund.

Added by Acts 2017, 85th Leg., R.S., Ch. 1051 (H.B. 1948), Sec. 1, eff. September 1, 2017.

Sec. 712.0356. RULES. The Finance Commission of Texas may adopt rules to implement and clarify this subchapter.

Added by Acts 2017, 85th Leg., R.S., Ch. 1051 (H.B. 1948), Sec. 1, eff. September 1, 2017.

Sec. 712.0357. NATURE OF TOTAL RETURN DISTRIBUTIONS. (a) A distribution from a total return fund is considered a distribution of all income of the fund that reasonably apportions the total return of the fund, and may not be considered a fundamental departure from applicable state law.

(b) Unless the trust instrument provides otherwise, the trustee of a total return fund shall treat a distribution as first being made from the following sources in order of priority:

(1) from net accounting income;

(2) from ordinary accounting income not allocable to net accounting income;

(3) from net realized short-term capital gains;

(4) from net realized long-term capital gains; and

(5) from the principal of the fund.

Added by Acts 2017, 85th Leg., R.S., Ch. 1051 (H.B. 1948), Sec. 1, eff. September 1, 2017.
Sec. 712.041.  ANNUAL STATEMENT OF FUNDS.  (a) A corporation shall file in its office and with the commissioner a statement for each perpetual care cemetery operated in this state in duplicate that shows:

(1) the principal amount of its fund;
(2) the amount of the fund invested in bonds and other securities;
(3) the amount of cash on hand in the fund;
(4) any other item that shows the financial condition of the fund;
(5) the number of crypts, niches, and square feet of ground area conveyed under perpetual care before and after March 15, 1934, listed separately; and
(6) the number of crypts, niches, and square feet of ground area conveyed under perpetual care after March 15, 1934, for which the minimum deposits required for perpetual care have not been paid to the fund.

(b) The corporation's president and secretary, or two principal officers, shall verify the information on the statement.
(c) The corporation shall revise and post and file the statement on or before March 1 of each year.
(d) A copy of the statement shall be available to the public upon request.

Sec. 712.042.  FEES.  On filing a statement of funds under Section 712.041, a corporation shall pay the commissioner a reasonable and necessary fee set by rule adopted by the Finance Commission of Texas under Section 712.008 to defray the cost of administering this chapter.

Sec. 712.043. ADDITIONAL FUND REPORT. The commissioner may require, as often as the commissioner determines necessary, the trustee of a corporation's fund to make under oath a detailed report of the condition of the fund. The report must include:

(1) a detailed description of the assets of the fund;
(2) a description of securities held by the fund;
(3) if a security held by the fund is a lien, a description of the property against which the lien is taken;
(4) each security's acquisition cost;
(5) each security's market value at the time of acquisition;
(6) each security's current market value;
(7) each security's status with reference to default;
(8) a statement that a security is not encumbered by debt; and
(9) any other information the commissioner determines is pertinent.

Sec. 712.0435. INVESTIGATIONS. The commissioner may:

(1) conduct an investigation to administer and enforce this chapter; and
(2) recover reasonable costs incurred by the commissioner in the investigation from the subject of the investigation if the commissioner determines a violation occurred.

Added by Acts 2019, 86th Leg., R.S., Ch. 274 (S.B. 1821), Sec. 2, eff. September 1, 2019.

Sec. 712.044. EXAMINATION OF RECORDS; EXAMINATION FEES AND EXPENSES. (a) The commissioner may examine on a periodic basis as the commissioner reasonably considers necessary or appropriate to protect the interest of plot owners and efficiently administer and enforce this chapter:

(1) the books and records of a corporation relating to its
fund, including deposits to or withdrawals from the fund, income of the fund, and uses and expenditures of distributions from the fund;

(2) the books and records of a corporation relating to sales of undeveloped mausoleum spaces and any preconstruction trust established by the corporation as provided by Section 712.063, including deposits to or withdrawals from the preconstruction trust, income of the preconstruction trust, and uses and expenditures of principal and income of the preconstruction trust; and

(3) the consumer complaint files of a corporation relating to the fund, sales of undeveloped mausoleum spaces, a preconstruction trust, or to discharge of the corporation's perpetual care responsibilities, minutes of the corporation's board of directors, cemetery dedication statements and plat maps, and mausoleum and lawn crypt construction contracts and specifications.

(b) A corporation that is examined under this section shall make the specified books and records available for examination by the banking department upon reasonable notice to the corporation and shall pay to the commissioner for the examination a reasonable and necessary fee set by rules adopted by the Finance Commission of Texas under Section 712.008 to defray:

(1) the cost of examination;

(2) the equitable or proportionate cost of maintenance and operation of the department; and

(3) the cost of administering and enforcing this chapter.

Sec. 712.0441. ENFORCEMENT. (a) After notice and opportunity for hearing, the commissioner may impose an administrative penalty on a person who:

(1) violates this chapter or a final order of the commissioner or rule of the Finance Commission of Texas and does not correct the violation before the 31st day after the date the person receives written notice of the violation from the banking department; or

(2) engages in a pattern of violations, as determined by the commissioner.

(b) The amount of the penalty for each violation may not exceed $1,000 for each day the violation occurs.

(c) In determining the amount of the penalty, the commissioner shall consider the seriousness of the violation, the person's history of violations, and the person's good faith in attempting to comply with this chapter. The imposition of a penalty under this section is subject to judicial review as a contested case under Chapter 2001, Government Code. The commissioner may collect the penalty in the same manner that a money judgment is enforced in district court.

(d) In addition to any penalty that may be imposed under Subsection (a), the commissioner may bring a civil action against a person to enjoin a violation described in Subsection (a) that has not been corrected within 30 days after the receipt by the person of written notice from the commissioner of the violation. Any such civil action may be brought in a district court of Travis County or a county in which the perpetual care cemetery is operated.

(e) Repealed by Acts 2011, 82nd Leg., R.S., Ch. 1336, Sec. 15, eff. September 1, 2011.

(f) The commissioner may issue an order requiring restitution by a person to the cemetery's fund or to a preconstruction trust if, after notice and opportunity for hearing held in accordance with the procedures for a contested case hearing under Chapter 2001, Government Code, the commissioner finds that the corporation has not made a deposit in the fund as required by Section 712.028 or in the preconstruction trust as required by Section 712.063.

(f-1) The commissioner may issue an order requiring restitution by a person if, after notice and opportunity for a hearing held in accordance with the procedures for a contested case hearing under Chapter 2001, Government Code, the commissioner finds that the corporation has not ordered memorials, as defined by Section 711.001,
in compliance with the deadlines established by rules adopted under this chapter.

(g) If a violation described in Subsection (a) has not been corrected before the 31st day after the date the corporation receives written notice from the commissioner of the violation, the commissioner may report the violation to the attorney general, who shall bring suit or quo warranto proceedings for the forfeiture of the corporation's charter and dissolution of the corporation in a district court of Travis County or of any county in which the corporation's perpetual care cemetery is operated.

(h) If a fund is misappropriated by its trustee or is not otherwise handled as required by this chapter, the commissioner may take action against the trustee as provided in Chapter 185, Finance Code.

Sec. 712.0442. PATTERN OF WILFUL DISREGARD. (a) If, after a hearing conducted as provided by Chapter 2001, Government Code, the trier of fact finds that a violation of this chapter or a rule of the Finance Commission of Texas establishes a pattern of wilful disregard for the requirements of this chapter or rules of the finance commission, the trier of fact may recommend to the commissioner that the maximum administrative penalty permitted under Section 712.0441 be imposed on the person committing the violation or that the commissioner cancel or not renew the corporation's certificate of authority under this chapter if the person holds such a certificate.

(b) For the purposes of this section, violations corrected as provided by Section 712.0441 may be included in determining whether a pattern of wilful disregard for the requirements of this chapter or rules of the finance commission exists.

Sec. 712.0443. CEASE AND DESIST ORDER. (a) The commissioner may issue an order to cease and desist to a person if:

(1) the commissioner finds by examination or other credible evidence that the person has violated a law of this state relating to perpetual care cemeteries, including a violation of this chapter, the commissioner's final order, or a Finance Commission of Texas rule; and

(2) the violation was not corrected by the 31st day after the date the person receives written notice of the violation from the department.

The order becomes effective on the proposed date unless the person requests a hearing not later than the 19th day after the date the order is mailed or delivered. If the person requests a
hearing, the hearing shall be conducted in accordance with the procedures for a contested case hearing under Chapter 2001, Government Code.

(a) The commissioner may issue an emergency order that takes effect immediately if the commissioner finds that immediate and irreparable harm is threatened to the public or a plot owner, marker purchaser, or other person whose interests are protected by this chapter.

(a-1) An emergency order must:

(1) state the grounds on which the order is granted;
(2) advise the person against whom the order is directed that the order takes effect immediately;
(3) to the extent applicable, require the person to:
   (A) immediately cease and desist from the conduct or violation that is the basis of the order; or
   (B) take the affirmative action stated in the order as necessary to correct a condition resulting from the conduct or violation that is the basis of the order or as otherwise appropriate;
(4) be delivered by personal delivery or sent by certified mail, return receipt requested, to the person at the person's last known address; and
(5) notify the person against whom the order is directed that the person may request a hearing on the order by filing a written request for a hearing with the commissioner not later than the 18th day after the date the order is delivered or mailed, whichever is earlier.
(b) The emergency order takes effect as soon as the person against whom the order is directed has actual or constructive knowledge of the issuance of the order. An emergency order remains in effect unless stayed by the commissioner.

(c) The person named in the emergency order may request in writing, not later than the 18th day after the date the order is delivered or mailed, whichever is earlier, a hearing to show that the emergency order should be stayed. On receipt of the request, the commissioner shall set a time for the hearing not later than the 21st day after the date the commissioner received the request, unless extended at the request of the person named in the order.

(d) The hearing is an administrative hearing relating to the validity of findings that support immediate effect of the order.

Sec. 712.0445. RECEIVERSHIP PROCEEDINGS. (a) In conjunction with a proceeding to forfeit the right to do business in this state brought by the attorney general, the attorney general may seek the appointment of a receiver. This remedy is in addition to other grounds for the appointment of a receiver.

(b) If the receiver is a private party, the receiver shall be compensated from the corporation or, if the corporation has no assets available to pay the receiver, from the income only of the perpetual care fund. The receiver may not invade the principal of the fund.

(c) The court may appoint a department employee as receiver. If the receiver is a department employee, the employee may not
receive compensation for serving as receiver in addition to the employee's regular salary. The department may receive reimbursement from the corporation for the travel expenses and the fully allocated personnel costs associated with the employee's service as receiver.

(d) A department employee serving as receiver is not personally liable for damages arising from the employee's official act or omission unless the act or omission is corrupt or malicious. The attorney general shall defend an action brought against an employee serving as receiver because of an official act or omission as receiver regardless of whether the employee has terminated service with the department before the action commences.

Sec. 712.045. REVOCATION OR SUSPENSION OF CERTIFICATE OF AUTHORITY. (a) The commissioner by order may revoke or suspend a certificate of authority issued under this chapter if the commissioner determines through an investigation or other credible evidence that the certificate holder:

(1) violated this chapter, a rule adopted or order issued under this chapter, or another law of this state relating to cemeteries;

(2) misrepresented or concealed a material fact in the certificate application; or

(3) obtained or attempted to obtain the certificate by misrepresentation, concealment, or fraud.

(b) An order issued under Subsection (a) must state:

(1) with reasonable certainty, the grounds for the order; and

(2) the effective date of the order, which may not be earlier than the 16th day after the date the order is mailed.

(c) The commissioner shall provide an order described by Subsection (a) to the person named in the order by certified mail, return receipt requested, at the person's last known address.

(d) A person may request a hearing on an order described by Subsection (a) not later than the 15th day after the date the order
is mailed. If the person requests a hearing, the order is stayed until the hearing is resolved. A hearing is a contested case under Chapter 2001, Government Code.

(a) A person who is an individual, firm, association, corporation, or municipality, or an officer, agent, or employee of an individual, firm, association, corporation, or municipality, commits an offense if the person sells, offers to sell, or advertises for sale an interment right in a plot and, before a fund is established for the cemetery in which the plot is located as provided by this chapter, represents that the plot is under perpetual care. An offense under this subsection is a Class A misdemeanor. This subsection does not prevent an aggrieved party or the attorney general from maintaining a civil action for the recovery of damages caused by an injury resulting from an offense under this subsection.

(b) A person who is an individual, firm, association, corporation, or municipality, or an officer, agent, or employee of an individual, firm, association, corporation, or municipality, commits an offense if the person knowingly defalcates or misappropriates assets of a fund. An offense under this subsection is punishable as if it were an offense under Section 32.45, Penal Code.

(c) A person commits an offense if the person collects money for the purchase of a memorial, as defined by Section 711.001, and knowingly defalcates or misappropriates the funds. An offense under this subsection is punishable as if it were an offense under Section 32.45, Penal Code. This subsection does not prevent an aggrieved party or the attorney general from maintaining a civil action for the recovery of damages, or the commissioner from maintaining an administrative action for restitution, caused by an injury resulting from an offense under this subsection.

SUBCHAPTER D. SALE OF UNDEVELOPED MAUSOLEUM SPACE

Sec. 712.061. OFFER AND SALE OF UNDEVELOPED MAUSOLEUM SPACE.
(a) A corporation may not directly or indirectly sell or offer for sale an undeveloped mausoleum space unless before the sale or offer the corporation:

(1) establishes a preconstruction trust as provided by Section 712.063 or executes and submits a performance bond payable to the commissioner as provided by Section 712.067; and

(2) submits a written notice to the commissioner as required by Subsection (b).

(b) The written notice to the commissioner must set forth:

(1) the date the corporation anticipates that sales of undeveloped mausoleum spaces will begin;

(2) a copy of the sales contract proposed for use that complies with Section 712.066;

(3) if the corporation establishes a preconstruction trust as provided by Section 712.063, a copy of the executed preconstruction trust agreement that complies with this subchapter and identifies the preconstruction trustee;

(4) if the corporation submits a performance bond payable to the commissioner as provided by Section 712.067, the executed, original performance bond in the amount required by Section 712.067 and documentation supporting the corporation's computation of that amount; and

(5) other information the commissioner reasonably requires to properly administer and enforce this subchapter.

(c) At any time before beginning construction of the mausoleum or mausoleum section in which undeveloped mausoleum spaces are being sold, a corporation that has established a preconstruction trust may substitute a performance bond that meets the requirements of Section 712.067. On acceptance of the performance bond by the commissioner, the corporation may terminate and withdraw all proceeds deposited in the preconstruction trust.

Added by Acts 2005, 79th Leg., Ch. 345 (S.B. 1173), Sec. 4, eff. September 1, 2005.
Sec. 712.062. DEPOSITS TO FUND. This subchapter does not affect the corporation's obligation to make deposits to its fund as provided in Subchapter B.

Sec. 712.063. PRECONSTRUCTION TRUST. (a) Except as provided by Section 712.067, a corporation that intends to directly or indirectly sell or offer for sale undeveloped mausoleum spaces shall establish a preconstruction trust by written declaration and agreement appointing as preconstruction trustee a financial institution with trust powers that is located in this state.

(b) The corporation shall deposit in the preconstruction trust an amount equal to at least 40 percent of all proceeds received directly or indirectly from the sale of undeveloped mausoleum spaces, not including interest, finance charges, sales taxes, credit life insurance premiums, or deposits to the corporation's fund required by Section 712.029(c).

(c) On application, the commissioner may authorize a corporation to deposit less than the amount required by Subsection (b) if the corporation demonstrates to the reasonable satisfaction of the commissioner that:

1. the sales projections of the corporation are prudent and based on reasonable assumptions;
2. the projected cost of construction is objectively determined based on documentation similar to that required by Section 712.067(b); and
3. the amount of money projected to be deposited in the preconstruction trust under the proposed lesser amount will equal or exceed 120 percent of the cost of constructing the mausoleum or mausoleum section.

(d) The corporation shall deposit the required amount into the
preconstruction trust on or before the 30th day after the end of the month in which payment is received. At the time of making a deposit, the corporation shall furnish to the preconstruction trustee the name of each payor and the amount of payment on each account for which the deposit is being made. A contract between the corporation and an agent or third party developer may not restrict or waive the corporation's primary liability for making the deposits required by this section.

(e) The preconstruction trustee may commingle deposits received if the accounting records accurately establish a separate account for each contract and reflect the amounts deposited and the income and loss allocable to each contract.

(f) Money in a preconstruction trust may be invested only in:

(1) demand deposits, savings accounts, certificates of deposit, or other accounts in financial institutions if the amounts deposited in those accounts are fully covered by federal deposit insurance or otherwise fully secured by a separate fund of securities in the manner provided by Section 184.301, Finance Code;

(2) marketable notes, bonds, evidences of indebtedness, or obligations with a term to maturity of five years or less and:

(A) issued by the United States or an instrumentality of the United States; or

(B) the principal and interest of which are guaranteed by the full faith and credit of the United States; and

(3) a mutual fund the portfolio of which consists wholly of investments permitted by Subdivisions (1) and (2).

(g) The preconstruction trustee may withdraw money from earnings on a preconstruction trust for the purpose of paying reasonable and necessary costs of operation of the preconstruction trust, including trustee or depository fees and expenses, and any special examination fees due to the department related to an examination of the preconstruction trust that is not incidental to examination of the corporation's fund. With the department's prior approval, the corporation may withdraw money from earnings on a preconstruction trust to pay any tax incurred because of the existence of the preconstruction trust.

(h) The preconstruction trust and the preconstruction trustee are governed by Subtitle B, Title 9, Property Code.

Added by Acts 2005, 79th Leg., Ch. 345 (S.B. 1173), Sec. 4, eff.
Sec. 712.064. CONSTRUCTION; DEFAULT. (a) The corporation shall start construction of the mausoleum or mausoleum section in which sales or reservations for sale of undeveloped mausoleum spaces are being made on or before a date that is 48 months after the date of the first of those sales or reservations and shall complete construction on or before a date that is 60 months after the date of the first of those sales or reservations. The commissioner may grant extensions for good cause shown.

(b) If construction of a mausoleum or mausoleum section related to an undeveloped mausoleum space has not begun or been completely constructed by the applicable time specified by Subsection (a), on the written request of the buyer, the corporation and the preconstruction trustee shall, on or before the 30th day after the date of the buyer's request, refund the entire amount paid for the undeveloped mausoleum space plus, if the corporation established a preconstruction trust, net income earned on that portion of the money deposited in the preconstruction trust. The corporation is liable to a buyer for any portion of the purchase price paid for undeveloped mausoleum spaces that was not deposited in the preconstruction trust.

Added by Acts 2005, 79th Leg., Ch. 345 (S.B. 1173), Sec. 4, eff. September 1, 2005.

Sec. 712.065. RELEASE OF TRUST FUNDS TO CORPORATION. (a) On completion of construction of a mausoleum or mausoleum section subject to this subchapter, the corporation may withdraw all money deposited in the preconstruction trust and the net income earned on the money after submitting to the preconstruction trustee a sworn affidavit of completion executed by an officer or agent of the corporation on a form prescribed by the department.

(b) During construction of the mausoleum or mausoleum section containing the undeveloped mausoleum spaces, the corporation may
periodically withdraw from the preconstruction trust an amount equal to the previously unreimbursed cost of performed labor or delivered materials after submitting to the preconstruction trustee a sworn affidavit of expenditures for construction cost executed by an officer or agent of the corporation on a form prescribed by the department.

(c) If the corporation delivers a completed mausoleum space acceptable to the buyer in lieu of the undeveloped mausoleum space purchased, the corporation may withdraw all money deposited to the preconstruction trust for that buyer and related income earned on the money after submitting to the preconstruction trustee a sworn affidavit of performance executed by an officer or agent of the corporation on a form prescribed by the department.

(d) The corporation shall maintain copies of the affidavits required by this section for examination by the department.

Sec. 712.066. CONTRACT DISCLOSURES. (a) A sales contract for an undeveloped mausoleum space, whether in English or Spanish, must inform the buyer:

(1) that the buyer by written notice may cancel the contract for the failure of the corporation or its agent or contractor to construct the mausoleum or mausoleum section containing the undeveloped mausoleum space within the time limits specified by Section 712.064(a) and receive a refund of the entire amount paid under the contract for the undeveloped mausoleum space plus, if the corporation established a preconstruction trust, net income earned on that portion of the money deposited in the preconstruction trust, as provided by Section 712.064(b);

(2) of the options available under a fully paid contract in the event that the person to be interred in the undeveloped mausoleum space dies before completion of the related mausoleum or mausoleum section, which may include an option to:

(A) select a replacement mausoleum space or other interment that is acceptable to the buyer or buyer's representative;
(B) elect temporary interment of the human remains or cremated remains in an existing mausoleum space until the undeveloped mausoleum space is completed, at which time the corporation shall disinter and reinter the human remains or cremated remains at no additional charge; and

(3) if the corporation does not offer a temporary interment option and the buyer does not accept a replacement mausoleum space or other interment, that the buyer or the buyer's representative by written notice may cancel the contract and receive a refund of the entire amount paid under the contract for the undeveloped mausoleum space plus, if the corporation established a preconstruction trust, net income earned on that portion of the money deposited in the preconstruction trust, as provided by Section 712.064(b).

(b) A corporation's sales contract for undeveloped mausoleum space must comply with applicable regulations of the Federal Trade Commission, including 16 C.F.R. Section 433.2, with respect to a contract payable in installments.

(c) Required notices to buyers must be written in plain language designed to be easily understood by the average consumer and be printed in an easily readable font and type size.

Sec. 712.067. BOND IN LIEU OF PRECONSTRUCTION TRUST. (a) In lieu of establishing the preconstruction trust required by Section 712.063, a corporation may execute and submit a bond issued by a surety company authorized to do business in this state and reasonably acceptable to the commissioner. The bond must be payable to the commissioner and conditioned on the faithful performance of the contracts for sale of undeveloped mausoleum spaces.

(b) The amount of the bond must equal or exceed 120 percent of the cost of construction of the related mausoleum or mausoleum section. The cost of construction of the mausoleum or mausoleum section must be based on:

(1) estimates of the design architect and two or more bids
for the construction from qualified contractors authorized to do business in this state;

(2) the actual cost of construction set forth in an executed contract with a qualified contractor authorized to do business in this state; or

(3) if the corporation intends to construct the mausoleum or mausoleum section itself, an amount equal to 120 percent of the estimated cost of construction, including direct and allocated labor and material costs.

(c) At any time before beginning construction of the mausoleum or mausoleum section in which undeveloped mausoleum spaces are being sold, a corporation that has submitted a performance bond may establish a preconstruction trust that meets the requirements of Section 712.063. On acceptance of the substituted preconstruction trust by the commissioner, the corporation may terminate and withdraw the previously submitted performance bond.

SUBCHAPTER A. MUNICIPAL REGULATION OF CEMETERIES

Sec. 713.001. MUNICIPAL CEMETERY AUTHORIZED. The governing body of a municipality may:
(1) purchase, establish, and regulate a cemetery; and
(2) enclose and improve a cemetery owned by the municipality.

Sec. 713.002. LOCAL TRUST FOR CEMETERY. (a) A municipality that owns or operates a cemetery or has control of cemetery property may act as a permanent trustee for the perpetual maintenance of the lots and graves in the cemetery.

(b) To act as a trustee, a majority of the municipality's governing body must adopt an ordinance or resolution stating the municipality's willingness and intention to act as a trustee. When the ordinance or resolution is adopted and the trust is accepted, the trust is perpetual.

Sec. 713.003. LOCAL AUTHORITY TO RECEIVE GIFTS; DEPOSITS FOR CARE; CERTIFICATES. (a) A municipality that is a trustee for the perpetual maintenance of a cemetery may adopt reasonable rules to receive a gift or grant from any source and to determine the amount necessary for permanent maintenance of a grave or burial lot, including a family lot.

(b) A municipality that is a trustee for any person shall accept the amount the municipality requires for permanent maintenance of a grave or burial lot on behalf of that person or a decedent.

(c) The municipality's acceptance of the deposit is a perpetual trust for the designated grave or burial lot.

(d) On acceptance of the deposit, the municipality's secretary, clerk, or mayor shall issue a certificate in the name of the municipality to the trustee or depositor. The certificate must state:

(1) the depositor's name;
(2) the amount and purpose of the deposit;
(3) the location, as specifically as possible, of the grave, lot, or burial place to be maintained; and
(4) other information required by the municipality.
(e) An individual, association, foundation, or corporation that is interested in the maintenance of a neglected cemetery in a municipality's possession and control may donate funds to the perpetual trust fund to beautify and maintain the entire cemetery or burial grounds generally.

Sec. 713.004. USE OF FUNDS. (a) A municipality may invest and reinvest deposits under this subchapter in interest-bearing bonds or governmental securities.

(b) The principal of the funds must be kept intact as a principal trust fund, and the fund's trustee may not use those funds.

(c) The income or revenue of the fund must be used for the maintenance and care in a first-class condition of the grave, lot, or burial place for which the funds are donated. Income or revenue that is more than the amount necessary to faithfully accomplish the trust may be used, in the discretion of the trustee, to beautify the entire cemetery or burial grounds generally.

Sec. 713.005. DEPOSIT RECORDS. (a) A municipality that acts as a trustee under this subchapter shall maintain a permanent, well-bound record book including, for each deposit made:

(1) the name of the depositor, listed in alphabetical order;

(2) the purpose and amount of the deposit;

(3) the name and location, as specifically as possible, of the grave, lot, or burial place to be maintained;

(4) the condition and status of the trust imposed; and

(5) other information required by the municipality.

(b) A certificate holder under this subchapter may, on payment of the proper cost or recording fee, record the certificate in the deed records of the county in which the cemetery is located. The county clerk shall file, index, and record the certificate in the deed records of that county.

Sec. 713.006. TAX. (a) A municipality acting as a trustee for a cemetery may include in the municipality's annual budget an amount considered necessary for cemetery maintenance.

(b) The municipality may impose a tax on all property in the municipality in an amount not exceeding five cents for each $100 valuation of the property for maintenance of the cemetery, regardless of whether the cemetery is located inside or outside the municipal limits.

Sec. 713.007. APPOINTMENT OF SUCCESSOR TRUSTEE. The district judge of the county in which the cemetery is located shall appoint a suitable successor or trustee to faithfully execute a trust in accordance with this subchapter if the municipality renounces a trust assumed under this subchapter or fails to act as its trustee and:

(1) the occasion demands the appointment; or
(2) a vacancy occurs.

(b) If there is no perpetual care cemetery in the county that

The standards must allow alteration of existing equipment if the alteration does not diminish the safety of the equipment below the level required by this chapter at the time of alteration.

(c) Standards adopted under commission rules must require
equipment to comply with the installation requirements of the ASME Code A17.1, ASME Code A18.1, or ASCE Code 21 that was in effect and applicable on the date of installation of the equipment.

(d) Standards adopted under commission rules must require equipment to comply with the installation requirements of the ASME Code A17.3 that contains minimum safety standards for all equipment, regardless of the date of installation.

(e) The executive director may grant a delay for compliance with the codes and adopted standards until a specified time if the executive director determines that the noncompliance does not constitute a significant threat to passenger or worker safety. The accumulated total time of all delays for a specific noncompliant condition may not exceed three years, except as determined by the executive director.

(g) The executive director may grant a waiver of compliance from an applicable code requirement if the executive director finds that:

1. the building in which the equipment is located is a qualified historic building or facility or the noncompliance is due to structural components of the building;
2. noncompliance will not constitute a significant threat to passenger safety; and
3. noncompliance, with adequate alternative safeguards, will not constitute a significant threat to worker safety.

(h) The executive director shall grant a waiver of compliance if the noncompliance resulted from compliance with a municipal equipment construction code at the time of the original installation and the noncompliance does not pose imminent and significant danger.

(h-1) The executive director may grant a waiver of compliance with the firefighter's service provisions of the ASME Code A17.1 or the ASME Code A17.3 in an elevator that exclusively serves a vehicle parking garage in a building that:

1. is used only for parking;
2. is constructed of noncombustible materials; and
3. is not greater than 75 feet in height.

(i) Repealed by Acts 2013, 83rd Leg., R.S., Ch. 558, Sec. 23(3), eff. September 1, 2013.

(j) One application for a waiver or delay may contain all requests related to a unit of equipment.

(k) For purposes of determining the applicable standards and
codes under this chapter, the date of installation or alteration of equipment is the date that the owner of the real property entered into a contract for the installation or alteration of the equipment. If that date cannot be established, the date of installation or alteration is the date of issuance of the municipal building permit under which the equipment was installed or altered or, if a municipal building permit was not issued, the date that electrical consumption began for the construction of the building in which the equipment was installed.

(1) Standards adopted under commission rules may include and be guided by revised versions of ASME Code A17.1, ASME Code A18.1, and ASCE Code 21, as appropriate.

(m) The executive director may on application of a person and in accordance with procedures adopted under commission rules, grant a variance to allow the installation of new technology if the new component, system, subsystem, function, or device is equivalent or superior to the standards adopted under commission rules.

Sec. 755.026. EXTENSIONS. (a) With the approval of the executive director and the inspection agency that has jurisdiction for the power boiler, the interval between internal inspections may be extended to a period not exceeding a total of 60 months. For unfired steam boilers or steam collection or liberation drums of process steam generators, the inspection interval may be extended to the next scheduled downtime of the boiler, but not exceeding a total of:

(1) 84 months for unfired steam boilers;
(2) 120 months for steam collection or liberation drums of process steam generators manufactured before January 1, 1970; or
(3) 144 months for steam collection or liberation drums of process steam generators manufactured on or after January 1, 1970.

(b) The interval between internal inspections of a boiler may be extended only if:

(1) continuous water treatment under competent and experienced supervision to control and limit corrosion and deposits has been in effect since its last internal inspection;
(2) the last internal and current external inspection of the boiler indicates that the interval may safely be extended; and
(3) accurate and complete records are available that show:
   (A) that since the last internal inspection samples of boiler water have been taken or monitored at regular intervals not exceeding 24 hours of operation and that the water condition in the boiler is satisfactorily controlled;
(B) the dates that the boiler was out of service since the last internal inspection and the reasons that the boiler was taken out of service; and

(C) the nature of the repairs made to the boiler and the reasons that those repairs were made.

(c) In addition to an extension authorized under Subsection (a), the executive director and the inspection agency may grant an emergency extension for a period not exceeding 120 days to the inspection interval covered by the boiler's certificate of operation on receipt of a request for extension stating that an emergency exists. Before the extension may be granted, the inspection agency must make an external inspection of the boiler, and the conditions imposed under Subsection (b) must be met. The commissioner and the inspection agency may not grant more than one emergency extension under this subsection in an interval between internal inspections.

(c-1) The executive director and the inspection agency on request may grant an extension for a period not to exceed 24 months in addition to the extension authorized under Subsection (a)(2). The request must include a report issued by an engineer licensed by the Texas Board of Professional Engineers certifying:

(1) completion in accordance with industry standards of a quantitative engineering assessment for in-service equipment, repairs, and alterations prescribed by the National Board Inspection Code NB23; and

(2) based on the assessment, the steam collection or liberation drums of the process steam generator are safe to operate.

(d) If an extended period between internal inspections is approved by the executive director and the inspection agency, the executive director shall issue a new certificate of operation for the extended period of operation.

(e) If the interval between internal inspections of a gas fired boiler is extended under Subsection (a), the executive director and inspection agency shall require that an inspection of the gas regulator or pressure reducing valve that services the boiler be performed as part of the next regularly scheduled external certificate inspection of the boiler to verify proper venting of gas to a safe point of discharge.

Sec. 755.027. REPORTS BY INSPECTION AGENCY; JOINT INSPECTIONS. (a) Not later than the 30th day after the date on which a certificate inspection is performed by an authorized inspector, the inspection agency employing the authorized inspector shall file a report with the executive director in the manner specified by the executive director.

(b) A boiler inspected by an authorized inspector is exempt from other inspections and inspection fees under this chapter, other than an inspection authorized under Section 755.025(g).

(c) An inspection agency shall notify the executive director in writing of the cancellation or expiration of any insurance policy issued by that agency to cover a boiler located in this state, and shall include in the notice the reason for the cancellation or expiration. The notice must state the date the policy was issued and the date on which the cancellation or expiration takes effect.

Sec. 755.028. SPECIAL INSPECTIONS. The executive director may provide a special inspection service to the owners, operators, and manufacturers of boilers. The service may include surveys required for certification to construct, assemble, or repair boilers or pressure vessels.

Sec. 755.029. CERTIFICATE OF OPERATION. (a) The executive director shall issue to the owner or operator of a boiler a
certificate of operation for the boiler if after a certificate inspection:

(1) the boiler is found to be in a safe condition for operation; and

(2) the owner or operator has paid the fees assessed under Section 755.030.

(b) The certificate of operation is valid for not longer than the interval required for certificate inspections of that boiler.

(c) A certificate of operation must be posted in a conspicuous place on or near the boiler for which it is issued.

Acts 2019, 86th Leg., R.S., Ch. 1144 (H.B. 2847), Sec. 6.002, eff. September 1, 2019.

Sec. 755.030. FEES. (a) In addition to the fees described by Section 51.202, Occupations Code, the commission may authorize the collection of fees for:

(1) boiler inspections, including fees for special inspections; and

(2) other activities administered by the boiler inspection section and authorized by rule of the commission.

(b) The commission shall consider the advice of the board in setting the amount of a fee for:

(1) a boiler inspection, including a fee for a special inspection;

(2) a certificate of operation;

(3) the administration of an examination under this chapter; or

(4) any other activity administered by the boiler inspection section.

(c) The fees, travel, and per diem collected under this chapter may be appropriated only to the department.

Sec. 755.032. RULES. (a) The commission may adopt and enforce rules, in accordance with standard boiler usage, for the construction, inspection, installation, use, maintenance, repair, alteration, and operation of boilers. The commission may adopt standards for an inspection agency to be authorized by the department to provide inspections under this chapter.

(b) The executive director may exchange information, including data on experience, with other authorities that inspect boilers or their appurtenances, to obtain information necessary to adopt rules.

(c) The executive director or a department employee may not prescribe the make, brand, or kind of boilers or any appurtenances on the boiler to purchase.

(d) The executive director or a department employee may not prescribe the make, brand, or kind of boilers to purchase.

Sec. 755.033. INTERAGENCY INSPECTION AGREEMENTS. (a) The executive director shall enter into interagency agreements with the Department of State Health Services, the Texas Commission on Fire Protection, and the Texas Department of Insurance under which inspectors, marshals, or investigators from those agencies who discover unsafe or unregistered boilers in the course and scope of inspections conducted as part of regulatory or safety programs administered by those agencies are required to report the unsafe or unregistered boilers to the executive director.

(b) The executive director may enter into analogous agreements with local fire marshals.

(c) The commission shall adopt rules relating to the terms and
conditions of an interagency agreement entered into under this section.

Acts 2015, 84th Leg., R.S., Ch. 1 (S.B. 219), Sec. 3.1508, eff. April 2, 2015.

SUBCHAPTER D. ENFORCEMENT AND PENALTIES

Sec. 755.041. REGULATION OF UNSAFE BOILERS. (a) If an inspection shows that a boiler is unsafe, the chief inspector or any deputy inspector shall issue a written preliminary order requiring repairs and alterations as necessary to make the boiler safe for use. The inspector may also order discontinuing the use of the boiler until the repairs and alterations are made or the unsafe conditions are remedied.

(b) On written request, an owner or operator who does not comply with a preliminary order is entitled to a hearing before the executive director to show cause for not enforcing the preliminary order. If, after the hearing, the executive director determines that the boiler is unsafe and that the preliminary order should be enforced, or that other acts are necessary to make the boiler safe, the executive director may order or confirm the withholding of the certificate of operation for that boiler, and may impose additional requirements as necessary for the repair or alteration of the boiler or the correction of the unsafe conditions.

(c) The chief inspector may issue a temporary certificate of operation for a period not to exceed 30 days pending the completion of the replacement or repairs.

(d) This section does not limit the executive director's authority under Section 755.028 or the commission's authority under Section 755.032.

(e) A boiler that cannot be made safe for use shall be condemned and the use of that boiler prohibited.

Sec. 755.042. PROSECUTION; INJUNCTION. (a) A prosecution may not be maintained if the issuance or renewal of a certificate of operation has been requested for a boiler but has not been acted on. However, the executive director may petition a district court for an injunction to restrain the operation of the boiler until the condition restraining its use is corrected and a certificate of operation is issued if the executive director determines that the operation of the boiler without a certificate of operation constitutes a serious menace to the life and safety of the persons in or about the premises. The attorney general or the district or county attorney may bring the suit, and venue is in the county in which the boiler is located or in Travis County. It is not necessary for the prosecutor to verify the pleadings or for the state to execute a bond.

(b) The executive director's affidavit that a certificate of operation or an application for a certificate does not exist for a boiler, and the affidavit of the chief inspector or a deputy inspector that the operation of the boiler constitutes a menace to the life and safety of persons in or about the premises, are sufficient proof to warrant the immediate issuance of a temporary restraining order.

Sec. 755.043. GENERAL CRIMINAL PENALTY. (a) A person, firm, or corporation commits an offense if:

(1) the person, firm, or corporation owns a boiler in this state, has the custody, management, use, or operation of a boiler in this state, or is otherwise subject to this chapter or a rule adopted under this chapter; and

(2) the person, firm, or corporation violates this chapter, a rule adopted under this chapter, or an order issued by the commission, the executive director, or a regularly employed inspector authorized to enforce this chapter and rules and orders.
