Channel, as now or hereafter located, is hereby granted to the
textility, or its successors, for public purposes and for the
development of commerce only, in accordance with the following
provisions and stipulations herein contained; provided that inasmuch
as it is the purpose of this section to grant said lands to the
public agency which is developing the Port of Houston, upon the
creation by legislation of other public agency which shall supersede
the authority as the public agency developing the Port of Houston,
the title to said lands shall be transferred from the authority to
such public agency, either municipal or State, so provided, such
public agency being referred to herein as the successors of the
authority.

(b) The authority, or its successors, is hereby granted the
right, power and authority to authorize, establish, construct,
purchase, own, maintain, equip, regulate, operate and lease wharves,
piers, docks, dry docks, marine ways and all other structures and
appliances for facilitating or accommodating commerce or navigation,
and to dredge out channels, slips and turning basins, and to fill in
space between the main land and islands and to fill areas for
wharves, piers, docks, dry docks, marine ways and for all other
structures and appliances for facilitating and accommodating commerce
and navigation, having first secured a permit from the Government of
the United States of America as required by Federal law, and to
construct, or cause or authorize to be constructed on said wharves,
piers, docks, dry docks, marine ways and other structures and
appliances for facilitating and accommodating commerce and
navigation, or on lands so filled in, any and all elevators,
warehouses, bunkers, railway terminals and sidetracks, or any other
facilities or aids whatsoever to navigation or commerce. Said lands
shall be used by the authority, or its successors, solely for the
establishment, improvement and conduct of a harbor and ship channel
and for the construction, maintenance and operation of any facilities
or aids whatsoever related to the same, and the authority, or its
successors, shall not at any time, grant, convey, give or alien said
lands or any part thereof, to any individual, firm or corporation for
any purpose whatsoever; provided, that the authority, or its
successors, may grant franchises thereon for limited periods of time
for wharves, and other public uses and purposes, and may lease said
lands and facilities or any part thereof for limited periods for
purposes consistent with this chapter, but no wharves, piers or
structures of any kind shall be constructed on said lands by anyone
save the authority, except under a franchise or lease granted by the
authority and in a manner first prescribed by and approved of by the
authority or its successors.

(c) For the purpose of carrying out the provisions of this
section, the authority, or its successors, is hereby granted the
right, power and authority to abate and remove any and all
encroachments or structures of any kind now or hereafter existing on
said property, save such as may have been constructed under permit
from the proper Federal authority, and shall have the right to bring
such suit or suits as may be necessary to carry out the provisions of
this section to the same extent and as fully and completely as the
right to bring such a suit or suits existed in the State prior to the
passage hereof.

(d) The purposes and provisions of this section, and the
grants, rights and privileges, thereunder to the authority, shall not
affect, curtail or abridge the rights or privileges of riparian
owners of lands abutting upon the islands and lands subject to
overflow, and lands lying under the streams, bays and lakes herein
described or referred to, as the same existed under the Common Law or
the Constitution or Statutes of Texas as of June 14, 1927, or to
deprive riparian land owners of access to such streams, channels or
waters.

(e) The State of Texas, may at any time, place the operation of
the facilities under Subsection (b) under the supervision of the
Railroad Commission of Texas, to insure reasonable wharfage and
storage charges.

(f) The right is hereby expressly reserved by the State of
Texas to erect on the lands herein conveyed such wharves, piers and
buildings for State purposes as may hereafter be authorized by law.

(g) All mines and mineral rights, including oil and gas in and
under said lands, together with the right to enter thereon for the
purpose of development, and the granting of permits to excavate sand,
shell or marl and to collect the tax on same, are hereby expressly
reserved to the State of Texas; provided necessary or proper access
to the lands hereby ceded, together with all improvements heretofore
made, or to be made, under any mineral leases issued by the State in
connection with mineral rights herein reserved are made a condition
of this grant, and are covenants running with the ceded lands;
provided further, that leases hereafter made by the State, or
operations thereunder in connection with reserved mineral rights shall not interfere with the improvements made, or to be made in the development of the ship channel by the authority, or franchise holders thereunder.

Sec. 5007.005. RIGHTS OF WAY; EASEMENTS. Nothing in this chapter shall prohibit the authority or its successors from granting to the United States of America such rights-of-way or easements as may be required by it for the construction of channels, basins, dumping grounds, or other allied purposes in connection with any work voluntarily undertaken by the Federal Government, or at the request of the authority or its successors.

Transferred, redesignated and amended from Local Water Laws, Section 8, Chapter 292, 40R by Acts 2013, 83rd Leg., R.S., Ch. 139 (H.B. 1642), Sec. 3, eff. September 1, 2013.

Sec. 5007.006. REVENUE OBLIGATIONS; CERTAIN POWERS; FEES AND CHARGES; FACILITIES; TAXATION EXEMPTION; REFUNDING BONDS; CERTAIN BOND PROVISIONS. (a) The authority, in addition to all other powers conferred by law, is hereby given authority and shall hereafter have power in the manner hereinafter provided to acquire, purchase, construct, enlarge, extend, repair, maintain, operate, or develop channels and turning basins, wharves, docks, warehouses, grain elevators, bunkering facilities, railroads, floating plants and facilities, lightering facilities and towing facilities, bulk handling facilities, and everything appurtenant thereto, together with all other facilities or aids incident to or useful in the operation or development of the authority's ports and waterways or in aid of navigation and commerce thereon.

(b) The port commission may covenant to and shall prescribe fees and charges to be collected for the use of those improvements
and facilities of the authority (the net revenues of which improvements and facilities are pledged, as hereinafter provided), which fees and charges shall be reasonable and equitable and fully sufficient to produce revenues adequate to pay, and said port commission shall cause to be paid:

(1) All expenses necessary to the operation, replacement and maintenance of said improvements and facilities. Such operating and maintenance expenses payable from current revenues shall include the cost of the acquisitions of properties and materials necessary to repair, replace and maintain said improvements and facilities in good condition and operate them efficiently, wages and salaries paid to the employees of the authority in that connection, and such other expenses as may be necessary to the efficient operation of said improvements and facilities.

(2) The annual or semiannual interest upon any obligations issued hereunder and payable out of the revenues of said improvements and facilities.

(3) The amount required to be paid annually into the sinking fund for the payment of any obligations issued hereunder and payable out of the revenues of said improvements and facilities.

(4) The amount or amounts required to be paid in reserve funds or other funds as may be provided for in the proceedings authorizing such obligations, to secure the payment of the obligations issued pursuant to the provisions hereof.

(b-1) Revenues which may be received in excess of those required for the purposes listed in the above Subsection (b) may be used by the port commission to pay the cost of any other authority improvements or for any other lawful purpose.

(c) The port commission may borrow money from any department or agency of the United States, or from any other source, and in evidence thereof issue the notes, warrants, certificates of indebtedness, negotiable bonds, or other forms of obligation of the authority (heretofore and hereafter referred to as "obligations") payable solely out of the revenues to be derived from said improvements and facilities for any or all of the purposes set forth in Subsection (a).

(d) Such obligations shall not constitute an indebtedness or pledge of the credit of the authority, and the holders thereof shall never have the right to demand payment thereof out of any funds raised or to be raised by taxation, and such obligations shall
contain a recital to that effect. All obligations issued hereunder shall be in registered or coupon form, and if in coupon form may be registerable as to principal only, or as to both principal and interest, shall bear interest at a rate not to exceed the amount allowed by law, payable annually or semiannually, and shall be in such denominations and shall mature serially or at one time not more than forty (40) years from their date in such manner as may be provided by the port commission. Principal of and interest on such obligations shall be made payable at any place or places within or without the State of Texas, and in the discretion of the port commission such obligations may be made callable and/or refundable at the option of the port commission prior to maturity at such premium or premiums as the port commission shall determine. Such obligations shall be signed by the manual or facsimile signatures of the chair of the port commission and the executive director as may be provided in the proceedings authorizing said obligations, and the interest coupons attached thereto may also be executed by the facsimile signatures of such officers. Such obligations shall be sold in such manner and at such times as the port commission shall determine to be expedient and necessary to the interests of the authority, provided, that in no event shall such obligations be sold for a price which will result in an interest yield therefrom of more than the amount allowed by law computed to maturity according to standard bond tables in general use by banks and insurance companies. Any premium or premiums provided for the call or refunding of any bonds issued pursuant to this Section shall not be included in the computation of the maximum interest yield on such bonds. In the event of the officers whose signatures are on such obligations or coupons shall cease to be such officers before the delivery of such obligations to the purchaser, such signature or signatures, nevertheless, shall be valid and sufficient for all purposes. All obligations issued hereunder shall constitute negotiable instruments under Chapter 3, Business & Commerce Code.

(e) Any obligations issued hereunder may be issued payable from and secured by the pledge of all the revenues derived from the operation of the improvements and facilities of the authority, exclusive of any revenues derived from taxation or assessments, or may be payable from and secured by the pledge of only such revenues as may be derived from the operation of the improvements and facilities acquired or improved with the proceeds of the sale of such
obligations, or may be payable from and secured by the pledge of a specified part of the revenues derived from the operation of the improvements and facilities of the authority, all as may be provided in the proceedings authorizing the issuance of such obligations.

(f) In the resolution or order adopted by the port commission authorizing the issuance of any obligations hereunder, the port commission may provide for the flow of funds, the establishment and maintenance of the interest and sinking fund, reserve, and other funds, and may provide for such additional covenants with respect to the obligations and the pledged revenues and the operation, maintenance, and upkeep of those improvements and facilities (the income of which is pledged), including provision for the leasing of all or part of said improvements and facilities and the use or pledge of moneys derived from leases thereon, as it may deem appropriate. Said resolution or order may also prohibit the further issuance of obligations payable from the pledged net revenues, or may reserve the right to issue additional bonds to be secured by a pledge of and payable from said net revenues on a parity with, or subordinate to, the lien and pledge in support of the obligations being issued, subject to such conditions as are set forth in said resolution or order. Such resolution may contain a provision appropriating out of the bond proceeds an amount sufficient to pay the interest which will accrue on such obligations during the period of construction of the improvements and facilities covered by such obligations. Such resolution or order may contain other provisions and covenants, as in the opinion of the port commission may be necessary or desirable to insure marketability of the obligations, provided that such provisions and covenants are not prohibited by the Constitution of Texas or by this chapter; and the port commission may adopt and cause to be executed any other proceedings or instruments necessary and/or convenient in the issuance of said obligations.

(g) The authority may adopt plans for the construction or refinancing of a facility, to be paid for by the issuance and sale of obligations payable from and secured by a pledge of revenues to be derived from the operation of the facility and further secured by a trust indenture, or by a deed of trust on the physical properties of such improvement; and during the time any such improvement is encumbered by the pledge of such revenues and the lien upon its physical properties, in the proceedings authorizing the bonds or the indenture, may vest its management and control in a Board of
Trustees, to be named in such resolution or indenture, consisting of not less than five (5) nor more than nine (9) members. The compensation of the members of such Board of Trustees shall be fixed by such resolution or indenture, but shall never exceed one percent (1%) of the gross receipts of such improvement in any one (1) year. The terms of office of the members of such Board of Trustees, their powers and duties, including the power to fix fees and charges for the use of such improvements, and the manner of exercising same, the manner of the selection of their successors, and all matters pertaining to their duties and the organization of such Board of Trustees shall be specified in such resolution or indenture. Any such Board of Trustees may adopt bylaws regulating the procedure of the Board and fixing the duties of its officers, but the bylaws shall not contain any provision in conflict with the covenants and provisions contained in the resolution authorizing the bonds or the indenture. In all matters wherein the resolution or indenture are silent as to the powers, duties, obligations and procedure of the Board, the laws and rules governing the port commission shall control the Board of Trustees in so far as applicable. The Board may be created by the resolution or indenture, and in that event shall have all or any of the powers and authority which could be exercised by the port commission in so far as the management and operation of any such improvement is concerned. By the terms of any such resolution or indenture the port commission may make provision for later supplementing such resolution or indenture so as to vest the management and control of the facility in a Board of Trustees having the powers, rights and duties herein conferred or imposed.

(h) Any resolution or order authorizing the issuance of obligations hereunder may provide that the revenues from which such obligations are to be paid and which are pledged to the payment of such obligations shall from month to month as the same shall accrue and be received, be set apart and placed in the interest and sinking fund, reserve fund, and other funds established in said resolution or order, and disbursed in the manner hereinabove provided.

(i) Any holder of obligations issued hereunder or of coupons originally attached thereto, may either at law or in equity, by suit, action, mandamus or other proceeding, enforce and compel performance of all duties required by this chapter to be performed by the port commission, including the making and collection of reasonable and sufficient fees or charges for the use of the improvements and
facilities of the authority, the segregation of the income and revenues of such improvements and facilities, and the application of such income and revenues pursuant to the provisions of this chapter.

(j) As additional security for the payment of any obligations issued hereunder, the port commission may in its discretion have executed in favor of the holders of such obligations an indenture or deed of trust mortgaging and encumbering all or any part of the physical properties comprising the improvements and facilities the net revenues of which are pledged to the payment of such obligations, including the lands upon which said improvements and facilities are located, and may provide in such mortgage or encumbrance for a grant to any purchaser or purchasers at foreclosure sale thereunder of a franchise or lease to operate such improvements, facilities and properties for a term of not over fifty (50) years from the date of such purchase, subject to all laws regulating same then in force. Any such indenture or deed of trust may contain such terms and provisions as the port commission shall deem proper and shall be enforceable in the manner provided by the laws of Texas for the enforcement of other mortgages and encumbrances. Under any such sale ordered pursuant to the provisions of such mortgage or encumbrance, the purchaser or purchasers at such sale, and the purchaser's or purchasers' successors or assigns, shall be vested with a permit or franchise conforming to the provisions stipulated in the indenture or deed of trust to maintain and operate the improvements, facilities and properties purchased at such sale with like powers and privileges as may theretofore have been enjoyed by the authority in the operation of said improvements, facilities and properties. The purchaser or purchasers of such improvements, facilities and properties at any such sale, and the purchaser's successors and assigns, may operate said improvements, facilities and properties as provided in the last above sentence or may at their option remove all or any part or parts of said improvements, facilities and properties for diversion to other purposes. The provisions of any statute not included in this chapter that relates to the authorization or execution of mortgages and encumbrances or the granting of franchises or leases shall not be applicable to the authorization or execution of any mortgage or encumbrance entered into pursuant to the provisions of this chapter, nor to the granting of any franchise or lease hereunder. Any obligations issued pursuant to the provisions of this chapter and additionally secured by an indenture or deed of
trust as provided by this subsection, whether such obligations are notes or certificates of indebtedness or otherwise, and the record relating to their issuance, may, at the option of the port commission, be submitted to the Attorney General of Texas for the attorney general's examination and approval, as in the case of bonds, and after the Attorney General has approved the same, such obligations shall be registered by the Comptroller of Public Accounts of Texas; and after such obligations have been approved by the Attorney General and registered by the Comptroller, they shall thereafter be incontestable for any cause except for forgery or fraud.

(k) The proceeds of the sale of any obligations issued hereunder may be deposited in such bank or banks as may be agreed upon between the purchaser at such sale and the port commission, and may be deposited and paid out pursuant to such terms and conditions as may be so agreed upon, it being expressly provided that the Statutes of Texas pertaining to the deposit of funds in the depository of the authority shall not be applicable to the deposit of the proceeds of such sale.

(l) The port commission is authorized to enter into an agreement or agreements with the purchaser or purchasers of any obligations issued hereunder under the terms of which the port commission shall agree to keep all of the improvements and facilities, the revenues of which are pledged to the payment of such obligations, insured with insurers of good standing against loss or damage by fire, water or flood, and also from any other hazards customarily insured against by private companies operating similar properties, and to carry with insurers of good standing such insurance covering the use and occupancy of such property as is customarily carried by such private companies. The cost of such insurance shall be budgeted as maintenance and operation expense and such insurance shall be carried for the benefit of the holders of such obligations.

(m) The authority, in addition to the other powers hereinabove set out, shall have general power and authority to make and enter into all contracts, leases and agreements necessary or convenient to the carrying out of any of the powers granted in this chapter, which contracts, leases or agreements may be entered into with any person, real or artificial, any corporation, municipal, public or private, and the government or governmental agency, including those of the

United States and the State of Texas. Except as provided by Chapter 60, Water Code, any contracts, leases or agreements entered into pursuant hereto shall be approved by action of the port commission, and shall be executed by the chair of the port commission and attested by the executive director.

(n) Any obligations issued pursuant to the provisions of this section shall be exempt from taxation by the State of Texas or by any municipal corporation, county, or other political subdivision or taxing district of the State.

(o) The port commission shall have the power to issue obligations of the authority for the purpose of refunding any outstanding obligations payable out of the revenues of the authority and accrued interest thereon. Such refunding obligations may be issued to refund more than one series of issues of outstanding obligations and combine the pledges for the outstanding obligations for the security of the refunding obligations, and such refunding obligations may be secured by other and additional revenues, provided that such refunding will not impair the contract rights of the holders of any of the outstanding obligations which are not to be refunded.

(o-1) Such refunding obligations shall be authorized, shall be executed, and shall mature as is provided herein for original obligations, and shall bear interest at the same or lower rate than that of the obligations refunded unless it is shown mathematically that a saving will result in the total amount of interest to be paid. Refunding bonds issued hereunder shall be approved by the Attorney General of Texas as in the case of other bonds issued hereunder, and shall be registered by the Comptroller of Public Accounts upon surrender and cancellation of the bonds to be refunded, but in lieu thereof, the resolution or order authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the place or places where the original bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the interest on the original bonds to their option or maturity date, and the Comptroller shall register them without the surrender and cancellation of the original bonds. The port commission may combine refunding bonds and new bonds in one issue, in which event the provisions of this subsection and Subsection (o) shall apply to those bonds of the combined issue which are designated in the resolution or order as the refunding bonds.
(p) After any bonds have been authorized by the authority hereunder, such bonds and the record relating to their issuance shall be submitted to the Attorney General of Texas for his examination as to the validity thereof, and after the Attorney General has approved the same, such bonds shall be registered by the Comptroller of Public Accounts of Texas. After such bonds have been approved by the Attorney General and registered by the Comptroller, they shall thereafter be incontestable for any cause except for forgery or fraud.

(q) All bonds issued hereunder shall be and are hereby declared to be, and to have all the qualifications of, negotiable instruments under Chapter 3, Business & Commerce Code, and all such bonds shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, guardians, for State funds and retirement system funds (without limiting the generalization of the foregoing, including the Permanent School Fund of Texas, and funds of retirement systems created under the Constitution and laws of the State of Texas), and for the sinking funds of cities, towns, villages, counties, school districts, or other governmental agencies, political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other governmental agencies, political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their face value when accompanied by all unmatured coupons appurtenant thereto.

(r) This Section, without reference to other Statutes of the State of Texas, shall constitute full authority for the authorization and issuance of obligations hereunder and for the accomplishment of all things herein authorized to be done, and no proceedings relating to the authorization or issuance of such obligations or the doing of such things shall be necessary except such as are herein required, and no provisions of the Laws of the State of Texas pertinent to the authorization or issuance of obligations, the operation and maintenance of ports, canals and waterways, the granting of franchise, permits, or leases, the right to elections or referendum petitions, shall in anywise impede or restrict the carrying out of the acts authorized to be done hereunder or acts done pursuant
Sec. 5007.007. CONVERSION OF AUTHORITY AND TAX SUPPORTED OBLIGATIONS; CERTAIN POWERS AND DUTIES; ELECTIONS; REFUNDING BONDS; MAINTENANCE TAX; ASSESSMENT OF TAXES. (a) Effective and operative January 1, 1958, the authority is hereby converted to a navigation district operating under the provisions of Section 59 of Article XVI, Constitution of Texas, and after that date the authority will operate under Section 59 of Article XVI.

(a-1) The authority is empowered and authorized to exercise, in addition to all powers conferred by this section, all powers conferred upon the authority by the law or laws under which it was organized, and, in addition, shall have all of the powers and jurisdiction conferred upon Districts originally organized under Article XVI, Section 59, of the Constitution of the State of Texas, including Subchapters B, H, and K, Chapter 60, Water Code, and Sections 60.034 through 60.042, 61.075, 61.076, 61.082, 61.112, 61.115 through 61.117, 61.151 through 61.168, 61.172 through 61.174, and 61.176, Water Code, as amended, and Articles 8248, 8249, 8250, 8251, 8252, 8253, 8254, 8255, 8256, 8257, and 8258, Revised Civil Statutes of Texas, 1925, as amended, as well as Chapter 6, Acts, 1941, Forty-seventh Legislature, Page 8, as amended; Chapter 176, Acts, 1955, Fifty-fourth Legislature, Page 554; Chapter 217, Acts, 1949, Fifty-first Legislature, Page 407; provided, that if there is any conflict or inconsistency between said laws or any of them, and this chapter, then to the extent of conflict or inconsistency, the provisions of this chapter shall govern.

(a-2) If the authority makes a contract under which another entity performs for the authority any work in which the authority may engage under Section 5007.006(a), the authority may require that a
minimum of 25 percent of the work be performed by the contractor and, notwithstanding any other law to the contrary, may establish financial criteria for the surety companies that provide payment and performance bonds.

(b) If the port commission shall from time to time determine to make further construction or improvements by the issuance of tax bonds or that additional tax bond funds are required with which to maintain the existing improvements, they shall certify to the Commissioners Court of Harris County the necessity for an additional bond issue or issues stating the amount required, the purposes of the same, the maximum rate of interest of said bonds, and the time for which they are to run. A certified copy of an order or resolution adopted by the port commission, setting forth such information, shall constitute sufficient certification in this regard. The Commissioners Court at a regular or special meeting, shall order an election to vote on the proposition of the issuance of bonds and the levy of taxes as hereinafter provided. Said order shall specify the maximum amount of bonds to be issued, their maximum maturity date, and the maximum rate of interest. The ballots for such election shall contain words substantially as follows: "For the issuance of bonds and levy of tax in payment thereof"; "Against the issuance of bonds and levy of tax in payment thereof"; and said ballot shall conform to the requirements of the provisions of the Constitution of Texas and all other Statutes of Texas applicable thereto. Any and all limitations, statutory or otherwise, restricting the amount of bonds that may be issued by the authority are hereby removed.

(c) When any election is held under this chapter, notice thereof shall be given for not less than thirty (30) days prior thereto, stating the time, places of holding the same, the proposition or propositions to be voted upon, and the purposes thereof, and shall contain a substantial copy of the election order. Such notices shall be posted by the County Clerk in five (5) public places in said County, one (1) of which shall be at the Courthouse door, and four (4) of which shall be posted within the limits of the authority. No other notice of election shall be necessary. The authority, being presently a county-wide district, and so long as it remains such, the regular voting or election precincts established by the Commissioners Court for county-wide elections shall be the voting or election precincts for all such bond elections.

(d) The Commissioners Court shall canvass the returns of said
election, and if a majority of those voting at the election vote in favor of the issuance of the bonds and the levy of the tax in payment thereof, then the Commissioners Court shall authorize the issuance of such bonds and levy taxes to pay the interest on and principal of such bonds, as hereinafter provided. In canvassing such returns and declaring the result of any such election, a simple resolution or order of said Commissioners Court shall be satisfactory.

(e) Bonds so authorized at an election may be issued in one or more installments, and when the port commission shall have determined the amount of bonds to be issued in a particular series or issue, the port commission shall adopt a resolution or order setting forth the amount of bonds then to be issued, and a certified copy of such resolution or order shall be furnished the Commissioners Court. Thereupon, said Commissioners Court, at a regular or special meeting, shall adopt an order authorizing and directing the issuance of bonds for the authority in the amount so certified.

(f) All tax bonds of the authority shall be issued in the name of the authority, shall be signed by the County Judge and attested by the County Clerk, and shall have the seal of the Commissioners Court impressed thereon; provided, that the order authorizing the issuance of such bonds may provide for the bonds to be signed by the facsimile signatures of said County Judge and County Clerk, either or both, and for the seal on the bonds to be a printed facsimile seal of the Commissioners Court; and provided further that the interest coupons attached to said bonds may also be executed by the facsimile signatures of said officers. The County Treasurer shall register such bonds and shall keep a record thereof, and evidence of such registration may be shown on the bonds by the manual or facsimile signature of said County Treasurer. Such bonds shall be issued in such denominations, shall be payable at such time or times not exceeding forty (40) years from their date or dates, and shall bear interest at a rate or rates not to exceed the amount allowed by law, all as may be determined by said Commissioners Court.

(g) The port commission shall sell such bonds for the best price possible and in no event for less than their face value and accrued interest thereon. Such bonds may be sold either prior to, simultaneous with, or after the adoption of the order by the Commissioners Court authorizing the issuance of such bonds; and if such bonds are sold either prior to or simultaneous with the adoption of said order by the Commissioners Court, then such order shall
contain a provision confirming the sale of such bonds. All moneys received from the sale of such bonds shall be deposited with the County Treasurer to the credit of the authority, and shall be expended only for the bond purpose and incidental expenses in connection therewith. No additional bond shall be required of the County Treasurer or of any officer or official of the authority for the handling of the bond proceeds.

(h) All such bonds, and the record of proceedings pertaining thereto, shall be submitted to the Attorney General of Texas for his examination as to the validity thereof, and after the Attorney General has approved the same, such bonds shall be registered by the Comptroller of Public Accounts of Texas. When such bonds have been approved by the Attorney General, registered by the Comptroller, and delivered to the purchasers, they shall thereafter be incontestable for any cause except for forgery or fraud.

(i) When bonds have been issued, the Commissioners Court shall levy and cause to be assessed and collected taxes annually sufficient to pay the interest on such bonds, to provide a sinking fund to redeem said bonds as they mature, and to pay the cost of collection of such taxes.

(j) The Commissioners Court shall have the power to issue bonds to refund outstanding bonds of the authority and accrued interest thereon, and the provisions of this Section relating to the issuance of voted bonds shall apply to the issuance of refunding bonds, except that no election therefor shall be necessary. Refunding bonds shall bear interest at the same or lower rate than the bonds to be refunded unless it is shown mathematically that a saving will result in the total amount of interest to be paid. Such bonds shall be approved by the Attorney General as in the case of original bonds, and shall be registered by the Comptroller upon surrender and cancellation of the bonds to be refunded, but in lieu thereof, the order authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the place or places where the bonds to be refunded are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the principal of the bonds to be refunded and the interest on such bonds to their option or maturity date, and the Comptroller shall register them without the surrender and cancellation of the bonds to be refunded. All refunding bonds, after they have been approved by the Attorney General and registered by the Comptroller, shall be incontestable for any cause except for
forgery or fraud.

(k) The Commissioners Court may, upon the request of the port commission, invest the sinking fund created for the benefit of any bonds issued hereunder, in such county, municipal, district, or other bonds required by law to be approved by the Attorney General of Texas.
