(c) The district may adopt, reduce, or repeal the limited sales and use tax authorized by this section at an election in which a majority of the qualified voters of the district voting in the election approve the adoption or the abolition of the tax, as
(d) The provisions of Subchapters C, D, E, and F, Chapter 323, Tax Code, relating to county sales and use taxes shall apply to the application, collection, and administration of a sales and use tax imposed under this section to the extent consistent with this chapter, as if references in Chapter 323, Tax Code, to a county referred to the district and references to a commissioners court referred to the board. Sections 323.401-323.404 and 323.505, Tax Code, do not apply to a tax imposed under this section.

(i) A tax imposed under this section or the reduction or repeal of a tax under this section takes effect on the first day of the calendar quarter occurring after the date on which the comptroller receives the notice required by Section 323.405(b), Tax Code.

(j) Not later than the 10th day after the date of the annexation or exclusion of territory by the district or the annexation of all or part of the territory of the district by a municipality requiring a reduction of the district's sales and use tax as provided by Subsection (h), the board shall send to the comptroller, by certified or registered mail, certified copies of all resolutions, orders, or ordinances pertaining to the annexation or exclusion of the territory by a district or municipality.

The amount of the tax may not exceed seven percent of the price paid for a room in a hotel.

(c) Subchapter A, Chapter 352, Tax Code, governs a hotel occupancy tax authorized under this section, including the collection of the tax, except as inconsistent with this section and Section 3875.113, subject to the limitations prescribed by Sections 352.002(b) and (c), Tax Code.

(d) The district may examine and receive information related to the imposition, assessment, and collection of hotel occupancy taxes to the same extent as if the district were a municipality.

(b) During each interval of three calendar years following the date on which a hotel occupancy tax imposed under Section 3875.112 is initially collected, the board may not apply an annual average of more than 10 percent of the amount of tax collected under that
section, excluding any interest earnings or investment profits and after a deduction for the costs of imposing and collecting the taxes, for the administrative expenses of the district or a district purpose other than:

(1) the costs of advertising and promoting tourism; or
