Sec. 1.001. PURPOSE OF CODE. (a) This code is enacted as a part of the state's continuing statutory revision program, begun by the Texas Legislative Council in 1963 as directed by the legislature in the law codified as Section 323.007, Government Code. The program contemplates a topic-by-topic revision of the state's general and permanent statute law without substantive change.  

(b) Consistent with the objectives of the statutory revision program, the purpose of this code is to make the law encompassed by this code more accessible and understandable by:  

1. rearranging the statutes into a more logical order;  
2. employing a format and numbering system designed to facilitate citation of the law and to accommodate future expansion of the law;  
3. eliminating repealed, duplicative, unconstitutional, expired, executed, and other ineffective provisions; and  
4. restating the law in modern American English to the greatest extent possible.

Acts 2003, 78th Leg., ch. 1277, Sec. 1, eff. April 1, 2005.

Sec. 1.002. CONSTRUCTION OF CODE. Chapter 311, Government Code (Code Construction Act), applies to the construction of each provision in this code except as otherwise expressly provided by this code.

Acts 2003, 78th Leg., ch. 1277, Sec. 1, eff. April 1, 2005.

Sec. 1.004. LIMITATION ON EXERCISE OF EMINENT DOMAIN POWER. An
entity governed by Title 6 and authorized by law to exercise the power of eminent domain may only exercise the power for a public use in accordance with Section 17, Article I, Texas Constitution.

Added by Acts 2013, 83rd Leg., R.S., Ch. 92 (S.B. 655), Sec. 1, eff. May 18, 2013.

(3) solid waste, as well as other waste, may impair water quality by seepage or drainage; and

(4) creation of the district would advance the established policy of this state to maintain the quality of the water in the state consistent with:
   (A) public health and enjoyment;
   (B) the propagation and protection of terrestrial and aquatic life;
   (C) the operation of existing industries; and

The district's powers and duties are subject to the state policy of encouraging the development and use of integrated area-wide waste collection, treatment, and disposal systems to serve the waste disposal needs of this state's residents, if integrated systems can reasonably be provided for an area, so as to avoid the economic burden on residents and the impact on state water quality caused by the construction and operation of numerous small waste collection, treatment, and disposal facilities.

Sec. 21.056. CONTINUED BOND OBLIGATION FOR EXCLUDED COUNTY.
