(b) If the person is dead, a specimen may be taken by:

(1) the county medical examiner or the examiner's designated agent; or

(2) a licensed mortician or a person authorized under Section 724.016 or 724.017 if there is not a county medical examiner for the county.

(1) if the person refuses to submit to the taking of the specimen, that refusal may be admissible in a subsequent prosecution;

(2) if the person refuses to submit to the taking of the specimen, the person's license to operate a motor vehicle will be automatically suspended, whether or not the person is subsequently prosecuted as a result of the arrest, for not less than 180 days;

(3) if the person refuses to submit to the taking of a specimen, the officer may apply for a warrant authorizing a specimen to be taken from the person;

(4) if the person is 21 years of age or older and submits to the taking of a specimen designated by the officer and an analysis of the specimen shows the person had an alcohol concentration of a level specified by Chapter 49, Penal Code, the

person's license to operate a motor vehicle will be automatically suspended for not less than 90 days, whether or not the person is subsequently prosecuted as a result of the arrest;

(5) if the person is younger than 21 years of age and has any detectable amount of alcohol in the person's system, the person's license to operate a motor vehicle will be automatically suspended for not less than 60 days even if the person submits to the taking of the specimen, but that if the person submits to the taking of the specimen and an analysis of the specimen shows that the person had an alcohol concentration less than the level specified by Chapter 49, Penal Code, the person may be subject to criminal penalties less severe than those provided under that chapter;

(6) if the officer determines that the person is a resident without a license to operate a motor vehicle in this state, the department will deny to the person the issuance of a license, whether or not the person is subsequently prosecuted as a result of the arrest, under the same conditions and for the same periods that would have applied to a revocation of the person's driver's license if the person had held a driver's license issued by this state;

(7) the person has a right to a hearing on the suspension or denial if, not later than the 15th day after the date on which the person receives the notice of suspension or denial or on which the person is considered to have received the notice by mail as provided by law, the department receives, at its headquarters in Austin, a written demand, including a facsimile transmission, or a request in another form prescribed by the department for the hearing; and

(8) if the person submits to the taking of a blood specimen, the specimen will be retained and preserved in accordance with Article 38.50, Code of Criminal Procedure.

submitting to the taking of a specimen; and

(3) the person voluntarily consented to the taking of a specimen.

Sec. 724.016. BREATH SPECIMEN. (a) A breath specimen taken at the request or order of a peace officer must be taken and analyzed under rules of the department by an individual possessing a certificate issued by the department certifying that the individual is qualified to perform the analysis.

(b) The department may:

(1) adopt rules approving satisfactory analytical methods; and

(2) ascertain the qualifications of an individual to perform the analysis.

(c) The department may revoke a certificate for cause.

Acts 1995, 74th Leg., ch. 165, Sec. 1, eff. Sept. 1, 1995.

Sec. 724.017. TAKING OF BLOOD SPECIMEN. (a) Only the following may take a blood specimen at the request or order of a peace officer under this chapter:

(1) a physician;

(2) a qualified technician;

(3) a registered professional nurse;

(4) a licensed vocational nurse; or

(5) a licensed or certified emergency medical technician-intermediate or emergency medical technician-paramedic authorized to take a blood specimen under Subsection (c).

(a-1) The blood specimen must be taken in a sanitary place.

(b) If the blood specimen was taken according to recognized

medical procedures, the person who takes the blood specimen under this chapter, the facility that employs the person who takes the blood specimen, or the hospital where the blood specimen is taken is immune from civil liability for damages arising from the taking of the blood specimen at the request or order of the peace officer or pursuant to a search warrant as provided by this chapter and is not subject to discipline by any licensing or accrediting agency or body. This subsection does not relieve a person from liability for negligence in the taking of a blood specimen. The taking of a specimen from a person who objects to the taking of the specimen or who is resisting the taking of the specimen does not in itself constitute negligence and may not be considered evidence of negligence.

(c) A licensed or certified emergency medical technician-intermediate or emergency medical technician-paramedic may take a blood specimen only if authorized by the medical director for the entity that employs the technician-intermediate or technician-paramedic. The specimen must be taken according to a protocol developed by the medical director that provides direction to the technician-intermediate or technician-paramedic for the taking of a blood specimen at the request or order of a peace officer. In this subsection, "medical director" means a licensed physician who supervises the provision of emergency medical services by a public or private entity that:

(1) provides those services; and

(2) employs one or more licensed or certified emergency medical technician-intermediates or emergency medical technician-paramedics.

(c-1) A protocol developed under Subsection (c) may address whether an emergency medical technician-intermediate or emergency medical technician-paramedic engaged in the performance of official duties is entitled to refuse to:

(1) go to the location of a person from whom a peace officer requests or orders the taking of a blood specimen solely for the purpose of taking that blood specimen;

(2) take a blood specimen if the technician-intermediate or technician-paramedic reasonably

believes that complying with the peace officer's request or order to take the specimen would impair or interfere with the provision of patient care or the performance of other official duties; or

(3) provide the equipment or supplies necessary to take a blood specimen.

(c-2) If a licensed or certified emergency medical technician-intermediate or emergency medical technician-paramedic takes a blood specimen at the request or order of a peace officer, a peace officer must:

(1) observe the taking of the specimen; and

(2) immediately take possession of the specimen for purposes of establishing a chain of custody.

(d) A person whose blood specimen is taken under this chapter in a hospital is not considered to be present in the hospital for medical screening or treatment unless the appropriate hospital personnel determine that medical screening or treatment is required for proper medical care of the person.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 1348 (S.B. 328), Sec. 19, eff. September 1, 2009.

Acts 1995, 74th Leg., ch. 165, Sec. 1, eff. Sept. 1, 1995.

Sec. 724.019. ADDITIONAL ANALYSIS BY REQUEST. (a) A person who submits to the taking of a specimen of breath, blood, urine, or another bodily substance at the request or order of a peace officer may, on request and within a reasonable time not to exceed two hours

after the arrest, have a physician, qualified technician, chemist, or registered professional nurse selected by the person take for analysis an additional specimen of the person's blood.

(b) The person shall be allowed a reasonable opportunity to contact a person specified by Subsection (a).

(c) A peace officer or law enforcement agency is not required to transport for testing a person who requests that a blood specimen be taken under this section.

(d) The failure or inability to obtain an additional specimen or analysis under this section does not preclude the admission of evidence relating to the analysis of the specimen taken at the request or order of the peace officer.

(e) A peace officer, another person acting for or on behalf of the state, or a law enforcement agency is not liable for damages arising from a person's request to have a blood specimen taken.

(A) the refusal statement requested under Section [724.031](#); or
