(c) An installment sale or a lease under this section is not a loan of the district's credit or a grant of public money. The acquisition and leasing of land and facilities for the purposes included in this section and the operation and industrial and business development of ports and waterways are a public purpose and a matter of public necessity.

(d) A district may contract with a broker to sell or lease a tract of land in the same manner as the commissioners court of a county under Section [263.008](#), Local Government Code.

(b) "Sole expense" means the actual cost of the relocation, raising, lowering, rerouting, change in grade, or alteration of construction in providing comparable replacement without enhancement of the facilities, after deducting the net salvage value derived from the old facility.

(b) No expenses other than those authorized by Subsection (a) of this section may be paid from the revenue of the improvements and facilities as long as the principal and interest on any obligations issued under this subchapter remain outstanding and unpaid. Any revenue received in excess of that required for the purposes stated in Subsection (a) of this section may be used by the commission to pay the cost of improvements and replacements which are not listed and may establish a depreciation fund.

(b) The obligations may be issued in more than one series and at any time at which they may be required for carrying out the purposes of the district.

(b) The indenture may contain the terms and provisions the commission considers proper and shall be enforceable in the manner provided by the laws of this state for the enforcement of other mortgages and encumbrances.

(c) Under any sale ordered pursuant to the provisions of an indenture, the purchaser and his successors or assigns shall be vested with a permit and franchise to maintain and operate the improvements, facilities, and properties purchased at the sale and shall have the same powers and privileges as could previously have been exercised by the district in the operation of the improvements, facilities, and properties. The purchaser or his successors and assigns may remove all or part of the improvements, facilities, and properties for diversion to other purposes.

fund which is in excess of the amount required for the payment of the principal of and interest on the outstanding obligations, for a period of time it may determine, shall be spent once each year pursuant to the commission's orders for the purchase of obligations, if any can be purchased at a price the commission finds reasonable, for the account of which the sinking fund has been accumulated.

(d) If the obligations contain an option permitting retirement before maturity, the commission may provide that the excess sums shall be paid out as authorized by Subsection (b) of this section for the purchase of the obligations, but if the commission is unable to purchase sufficient obligations of the issue to absorb all the surplus, it shall call a sufficient amount of the obligations for redemption to absorb insofar as practicable the entire surplus remaining in the sinking fund.

(e) The commission may provide that any excess in the sinking fund which cannot be applied to the purchase or redemption of obligations shall remain in the sinking fund for payment of principal and interest and for subsequent call for purchase or redemption.

SUBCHAPTER F. CONTRACTS WITH THE UNITED STATES

Sec. 60.151. PURPOSE. It is the purpose and intent of this subchapter to confer on districts individually, jointly, or mutually interested in a navigation project, including a project relating to improvements and facilities described in Sections 60.032 and 60.101 of this code, the fullest possible power of contract with regard to navigation or other projects of individual or common interest.

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971. Amended by Acts 1991, 72nd Leg., ch. 794, Sec. 1, eff. June 16, 1991; Acts 2003, 78th Leg., ch. 588, Sec. 5, eff. June 20, 2003.

Sec. 60.152. AUTHORITY TO ENTER INTO CONTRACT. (a) One or more districts, which are interested in or may, in the judgment of the commission, be benefited by a navigation or other project, may enter into contracts with the United States or with another district, or both, to consummate navigation or other projects of common interest.

(b) The contract may provide for:

(1) the assumption of several, joint, or joint and several liability for construction, completion, and consummation of the project;

(2) the acquisition of property in connection with the project;

(3) the lending and contribution of funds of the district to the United States or to any other district in support or in aid of the project;

(4) the issuance of bonds or notes by one or more of the districts to fund all or part of the project;

(5) the obligation of one or more of the districts to fully or partially reimburse another district that has spent its own funds on the project or has issued bonds or notes to fund the project;

(6) the securing of bonds or notes issued by one district to fund the project with a pledge of payments to be made by one or more of the other districts; and

(7) the assumption of responsibility for valid obligations, incurred in furtherance of the common project, of the

United States or of any district.

(c) A contract may provide that a district will make payment under the contract from proceeds from the sale of bonds or notes, from taxes, or from any other income of the district or any combination of these. A district may make payments under a contract from taxes other than maintenance taxes, after the provisions of the contract have been approved by a majority of the electors voting at an election held for that purpose. A contract election may be held alone or at the same time and in conjunction with an election to authorize bonds. The procedure for calling the election, giving notice, conducting the election, and canvassing the returns is the same as the procedure for a bond election. If the contract is approved, it constitutes an obligation against the taxing power of the district to the extent provided in the contract.

(d) A district all or part of which is in another district may exercise the authority granted a district under this section. Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971. Amended by Acts 1991, 72nd Leg., ch. 794, Sec. 2, eff. June 16, 1991; Acts 2003, 78th Leg., ch. 588, Sec. 6, eff. June 20, 2003.

Sec. 60.153. EXECUTION OF CONTRACTS. A contract entered into by a district under this subchapter shall be approved by resolution of the commission and executed by the presiding officer of the commission, the executive director of the district, or an authorized representative of the executive director.

(b) As additional security, the encumbrance may pledge the net income and revenue from the operation of properties and facilities of the district and may provide for a grant, to a purchaser under sale or foreclosure, of a franchise to operate, subject to all regulatory laws, the encumbered property and facilities for a term of not more than 20 years from the date of purchase.

(b) The commission shall fix a time and place at which a public hearing concerning the proposed indebtedness shall be held. The date of the hearing shall be not less than seven days nor more than 30 days from the date of the resolution of the commission giving notice of the hearing date.

(c) Notice published by the commission under this section shall:

(1) include a statement of the amount and purpose of the proposed indebtedness;

(2) inform all persons of the time and place of hearing; and

(3) inform all persons of their right to express their

views at the hearing, orally or in writing, and contend for or protest the creation of the indebtedness.

(d) The secretary of the commission shall publish the notice not earlier than the seventh day before the date of the hearing:

(1) once in a newspaper of general circulation in the district's territory that is available to residents of the district; and

(b) At the hearing, any person interested may appear before the commission in person or by attorney and contend for or protest the creation of the proposed indebtedness.

(c) The commission may adopt a resolution or order providing for the assumption of the proposed indebtedness and the issuance of the evidence of the indebtedness if at the hearing it is determined by the commission that the proposed improvements are necessary, feasible, practicable, and needed and will benefit the property in the district.

(d) The commission may, in respect to the issuance, sale,

and delivery of securities evidencing the indebtedness, adopt all necessary resolutions, orders, certificates, and trust indentures. Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971.

Sec. 60.176. OBLIGATIONS AS CHARGE ON ENCUMBERED PROPERTY AND FACILITIES. (a) No obligation issued under Section 60.174 of this code shall be a debt of the district issuing the obligation but shall be solely a charge on the encumbered property and facilities.

(b) Revenue and income from the encumbered property and facilities of the district shall not be considered in determining the power of the district to issue any bonds for any purpose authorized by law.

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971.

Sec. 60.177. LIEN ON REVENUE; FORECLOSURE OF ENCUMBRANCE.

(a) If the revenue and income from the properties and facilities of the district are encumbered under the provisions of this subchapter, the expense of operation and maintenance necessary to render efficient service of the properties and facilities shall be a first lien and charge against the revenue and income. The first lien shall be prior to and superior to the lien of the encumbrance.

(b) No encumbrance shall be foreclosed because of default of the district until the default has existed for a period of 90 days and notice of the default has been served on the commission.

The district shall have the option at any five-year period for 20 years after default to repurchase the properties on reasonable terms and at reasonable prices to be set forth in the encumbrance.

(b) The commissioners court of any county included in whole or in part inside the boundaries of a district and the navigation board established for a district shall not be required to take any action in connection with this subchapter, approve or ratify any proceedings taken by the commission, or approve or ratify any act performed by the commission.

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971.

SUBCHAPTER H. PROMOTION AND DEVELOPMENT FUND IN CERTAIN DISTRICTS

Sec. 60.201. PURPOSE. Districts in this state which operate ports or waterways and harbor and terminal facilities are in keen competition with other ports, waterways, harbors, and terminals outside the state and with privately owned port and terminal facilities inside the state. Well-situated and well-equipped ports and waterways in other nearby states and owners of substantial port and terminal facilities located inside and outside the state are advertising, promoting and developing their competing ports, waterways, harbors, and terminals through expenditure of large amounts of money without any audit or restriction on expenditure of the money. This activity or expenditure is thwarting and impeding the use, progress, and development of the ports, waterways, harbors, and terminals of this state. Continuation of this hardship and injustice can best be met and coped with by more liberal use of some relatively small fund set aside from the gross income from operations of the ports of this state to be used in the manner provided in this subchapter.

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971.

Amended by Acts 1993, 73rd Leg., ch. 114, Sec. 1, eff. Aug. 30, 1993.

Sec. 60.202. CREATION OF FUND. A district organized under general or special law may set aside out of current income from its operations a promotion and development fund of not more than five percent of its gross income from operations in each calendar year. Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971. Amended by Acts 1993, 73rd Leg., ch. 114, Sec. 1, eff. Aug. 30, 1993.

Sec. 60.203. EXPENDITURE OF FUND. Money in the promotion and development fund shall be spent by the commission or as the commission may direct to pay any expenses connected with:

(1) any activity or matter incidental to the advertising, development, or promotion of the district or its ports, waterways, harbors, or terminals;

(2) furthering the general welfare of the district and its facilities; or

(3) the betterment of the district's relations with steamship and rail lines, shippers, consignees of freight, governmental officials, or others interested or sought to be interested in the ports, waterways, harbors, or terminals.

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971.

Sec. 60.204. MANAGEMENT AND CONTROL OF PROMOTION AND DEVELOPMENT FUND. (a) The money in the promotion and development fund shall be kept separate from all other funds and accounts of the district, and no money collected from assessing or levying taxes may be mingled with the fund.

(b) The promotion and development fund shall be under the exclusive control of the commission, and the commission shall have full responsibility for auditing, approving, and safeguarding the expenditure of money from the fund.

(c) The county auditor shall exercise his usual supervision and control to assure that the commission sets aside no more than five percent of its gross income from operations in each calendar

year in the promotion and development fund. The county auditor may audit disbursements from the fund and shall be entitled to a monthly statement showing the:

- (1) date of each disbursement from the fund;
- (2) amount disbursed;
- (3) person or concern to whom disbursed; and
- (4) general purpose of each disbursement.

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971.
Amended by Acts 2001, 77th Leg., ch. 183, Sec. 1, eff. May 18, 2001.

Sec. 60.205. OTHER EXPENSES NOT AFFECTED. Since this subchapter authorizes disbursements from the promotion and development fund for unusual purposes and occasions not covered by other law, the setting aside of the fund and disbursements from the fund shall not affect payment of other expenses customarily approved, audited, and paid out of the regular funds of the district.

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971.

SUBCHAPTER I. REVENUE BONDS

Sec. 60.221. MODIFICATION OF REVENUE BOND RESOLUTION. If a district adopts a resolution for the issuance of revenue bonds, provision may be made in the resolution for its modification after the issuance of the bonds in the manner and with the consent of the holders of a fixed percentage of the bonds if provided in the resolution before the issuance of the bonds.

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971.

SUBCHAPTER J. CONVERSION OF DISTRICTS

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971.

Sec. 60.242. RESOLUTION. (a) The navigation board shall adopt a resolution declaring that in its judgment conversion to a district operating under Article XVI, Section 59, of the Texas Constitution will be in the best interest of the district and will be a benefit to the land and property located in the district.

(b) The resolution shall call a hearing and shall be entered in the minutes of the board.

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971.

Sec. 60.243. NOTICE OF RESOLUTION. (a) Notice of the resolution shall be given by publishing notice once a week for two consecutive weeks in a newspaper with general circulation in the county in which the district is located. The first publication shall appear not less than 14 full days before the time set for the hearing.

(b) The notice shall:

(1) state the time and place of the hearing;

(2) set out the entire resolution; and

(3) notify interested persons to appear and offer testimony for or against the proposal.

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971.

Sec. 60.244. FINDINGS. (a) After the hearing, if the navigation board finds that conversion to a district operating under Article XVI, Section 59, of the Texas Constitution, would be in the best interest of the district and would be a benefit to the land and property located in the district, it shall enter an order making these findings and the district shall become a district operating under Article XVI, Section 59, of the Texas Constitution.

(b) If at the hearing the navigation board finds that conversion of the district into a conservation and reclamation district operating under Article XVI, Section 59, of the Texas Constitution would serve the best interests of the district and would be a benefit to the land and property located in the district, it may, in the alternative to the procedures prescribed in Subsection (a) above, enter an order making this finding, but

providing that conversion is not final unless the voters, in the election provided by Section 60.247 of this code, authorize the conversion of the district and the continuation of the existing authority of the district to levy an annual maintenance tax of not to exceed 10 cents on the \$100 valuation of all property in this district.

(c) If the navigation board finds that conversion to a district operating under Article XVI, Section 59, of the Texas Constitution, would not be in the best interest of the district and would not be a benefit to the land and property located in the district, it shall enter an order making these findings.

(d) The findings of the navigation board are final and are not subject to appeal or review.

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971. Amended by Acts 1983, 68th Leg., p. 4245, ch. 677, Sec. 1, eff. June 19, 1983.

Sec. 60.245. STATUS OF CONVERTED DISTRICT. A district which is converted under the provisions of this subchapter shall be constituted a district operating under Article XVI, Section 59, of the Texas Constitution and shall be governed by the provisions of Chapter 62 of this code as if it had originally been organized under Article XVI, Section 59, of the Texas Constitution, except the commissioners of a converted district shall be appointed in the manner that initial commissioners are appointed under Sections 62.061 and 62.062 of this code.

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971.

Sec. 60.246. POWERS OF CONVERTED DISTRICT. (a) Nothing in this subchapter shall be construed to deprive a converted district of any powers conferred on it by the law under which it was organized.

(b) A converted district shall have the additional powers conferred on districts under Sections 61.151, 61.161-61.168, 61.170, and 61.172-61.175 of this code, and the commissioners of a converted district shall constitute a pilot board under the provisions of Chapter 62, Transportation Code.

Sec. 60.247. OPTIONAL ELECTION. (a) If the navigation board finds in favor of the conversion of the district but pursuant to Subsection (b) of Section 60.244 of this code provides that the conversion is not final, the commissioners court of jurisdiction shall order an election to be held in the district and shall submit to the electors residing in the district the proposition of whether or not the district should be converted and should be authorized to continue to levy an annual tax for the maintenance, operation, and upkeep of the district of not to exceed 10 cents on the \$100 valuation of all property within the district.

(b) The clerk of the commissioners court of jurisdiction shall give notice of the election by posting notices at the courthouse door of the county in which the district is located and at four other public places in the district.

(c) If the district is composed of more than one county, the notices required by Subsection (b) of this section shall be posted in each county.

(d) The notices must be posted for 30 days immediately preceding the time set for election.

(e) The notices must include:

- (1) the time and place of the election;
- (2) the proposition to be voted on; and
- (3) a copy of the election order.

(f) The commissioners court by order shall define the voting precincts in the district and shall name convenient polling places in the precincts.

(g) Immediately after the election, the officers holding the election shall make returns of the results to the commissioners court of jurisdiction, and the commissioners court shall promptly

canvass the returns at a regular or special session of the commissioners court following the election.

Added by Acts 1983, 68th Leg., p. 4246, ch. 677, Sec. 2, eff. June 19, 1983.

Sec. 60.248. EFFECT OF ELECTION. If the commissioners court finds that a majority of those voting at the election voted in favor of the proposition, the court shall declare the results of the election to be in favor of conversion of the district and the levy of the annual maintenance tax and shall enter the results in its minutes. If the commissioners court finds that a majority of those voting at the election voted against the proposition, it shall declare the results of the election to be unfavorable to the conversion of the district and shall enter the results in its minutes.

(b) The district may continue to levy taxes to fully carry out each purpose of its organization and for the payment of obligations and the maintenance and operation of the district without impairment or change in any of its obligations.

(c) The district shall advise the Texas Natural Resource Conservation Commission of a conversion not later than the 45th day after the results of the election are canvassed by the commissioners court.

Sec. 60.460. DESIGN-BUILD CONTRACTS FOR FACILITIES. (a) A district may award a design-build contract for the construction, rehabilitation, alteration, or repair of a facility provided that the contracting district and the design-build firm follow the procedures provided by this section.

(b) The district shall designate an engineer or architect

independent of the design-build firm to act as its representative for the duration of the work on the facility. If the district's engineer or architect is not a full-time employee of the district, the district shall select the engineer or architect as provided by Section [2254.004](#), Government Code.

(c) The district shall prepare a request for qualifications that includes general information on the project site, project scope, budget, special systems, selection criteria, and other information that may assist potential design-build firms in submitting proposals for the project. The district shall also prepare a design criteria package that includes more detailed information on the project. If the preparation of the design criteria package requires engineering or architectural services that constitute the practice of engineering within the meaning of Chapter [1001](#), Occupations Code, or the practice of architecture within the meaning of Chapter [1051](#), Occupations Code, those services shall be provided in accordance with the applicable law. An engineer shall have responsibility for compliance with the engineering design requirements and all other applicable requirements of Chapter [1001](#), Occupations Code. An architect shall have responsibility for compliance with the requirements of Chapter [1051](#), Occupations Code.

(d) The district shall evaluate statements of qualifications and select a design-build firm in two phases:

(1) In phase one, the district shall prepare a request for qualifications and evaluate each offeror's experience, technical competence, and capability to perform, the past performance of the offeror's team and members of the team, and other appropriate factors submitted by the team or firm in response to the request for qualifications, except that cost-related or price-related evaluation factors are not permitted. Each offeror must certify to the district that each engineer or architect who is a member of its team was selected based on demonstrated competence and qualifications, in the manner provided by Section [2254.004](#), Government Code. The district shall qualify a maximum of five offerors to submit additional information and, if the district chooses, to interview for final selection.

(2) In phase two, the district shall evaluate the information submitted by the offerors on the basis of the selection criteria stated in the request for qualifications and the results of any interview. The district may request additional information regarding demonstrated competence and qualifications, considerations of the safety and long-term durability of the project, the feasibility of implementing the project as proposed, the ability of the offeror to meet schedules, costing methodology, construction cost, engineering and architectural design, or other factors as appropriate. The district shall rank each proposal submitted on the basis of the criteria set forth in the request for qualifications. The district shall select the design-build firm that submits the proposal offering the best value for the district on the basis of the published selection criteria and on its ranking evaluations. The district shall first attempt to negotiate a contract with the selected offeror. If the district is unable to negotiate a satisfactory contract with the selected offeror, the district shall, formally and in writing, end negotiations with that offeror and proceed to negotiate with the next offeror in the order of the selection ranking until a contract is reached or negotiations with all ranked offerors end.

(e) Following selection of a design-build firm under Subsection (d), that firm's engineers or architects shall complete the design, submitting all design elements for review and determination of scope compliance to the district or the district's engineer or architect before or concurrently with construction.

(f) The district shall provide or contract for, independently of the design-build firm, the inspection services, the testing of construction materials, and the verification testing services necessary for acceptance of the facility by the district. The district shall select those services for which it contracts in accordance with Section [2254.004](#), Government Code.

(g) The design-build firm shall supply a signed and sealed set of as-built construction documents for the project to the district at the conclusion of construction.

(h) A payment or performance bond is not required for, and may not provide coverage for, the portion of a design-build

contract under this subchapter that includes design services only. If a fixed contract amount or guaranteed maximum price has not been determined at the time a design-build contract is awarded, the penal sums of the performance and payment bonds delivered to the district must each be in an amount equal to the project budget, as specified in the design criteria package. The design-build firm shall deliver the bonds not later than the 10th day after the date the design-build firm executes the contract unless the design-build firm furnishes a bid bond or other financial security acceptable to the district to ensure that the design-build firm will furnish the required performance and payment bonds when a guaranteed maximum price is established.

(i) The district shall pay an unsuccessful design-build firm that submits a response to the district's request for additional information on engineering or architectural design under Subsection (d)(2) the stipulated amount of up to one-half of one percent of the final contract price for any reasonable costs incurred in preparing that proposal. After payment of the stipulated amount, the district may make use of any design contained in the proposal, including the technologies, techniques, methods, processes, and information contained in the design. The use by the district of any design element contained in an unsuccessful proposal is at the sole risk and discretion of the district and does not confer liability on the recipient of the stipulated amount under this section. The methodology for computing the stipulated amount must be stated in the request for additional information under Subsection (d)(2).

(j) The district may use a design-build firm to assist the district in obtaining a permit necessary for a facility, but the district is responsible for obtaining the permit.

(k) A successful design-build firm shall not be eligible for another design-build contract with the district for a period of 12 months after the date the successful design-build firm's contract has been completed if:

(1) the successful design-build firm's contract value exceeds \$5 million; or

(2) the design-build firm is awarded design-build

contracts by a district that total more than \$5 million in a 12-month period.

Added by Acts 2003, 78th Leg., ch. 307, Sec. 1, eff. June 18, 2003.

Sec. 60.461. CONTRACTS FOR FACILITIES: CONSTRUCTION MANAGER-AGENT. (a) A district may award a contract to a construction manager-agent for the construction, rehabilitation, alteration, or repair of a facility provided that the construction manager-agent and the district follow the procedures prescribed by this section.

(b) A district may, under the contract between the district and the construction manager-agent, require the construction manager-agent to provide administrative personnel, equipment necessary to perform duties under this section, and on-site management and other services specified in the contract. A construction manager-agent represents the district in a fiduciary capacity.

(c) Before or concurrently with selecting a construction manager-agent, the district shall select or designate an engineer or architect who shall prepare the construction documents for the project and who has full responsibility for complying with Chapter 1001 or 1051, Occupations Code, as applicable. If the engineer or architect is not a full-time employee of the district, the district shall select the engineer or architect as provided by Section 2254.004, Government Code. The district's engineer or architect may not serve, alone or in combination with another person, as the construction manager-agent unless the engineer or architect is hired to serve as the construction manager-agent under a separate or concurrent procurement conducted in accordance with this subchapter. This subsection does not prohibit the district's engineer or architect from providing customary construction phase services under the engineer's or architect's original professional service agreement in accordance with applicable laws.

(d) A district shall select a construction manager-agent on the basis of demonstrated competence and qualifications in the same manner as provided for the selection of engineers or architects under Section 2254.004, Government Code.

(e) A district contracting with a construction manager-agent shall procure, in accordance with applicable law, and in any manner authorized by this chapter, a general contractor, trade contractors, or subcontractors who will serve as the prime contractor for their specific portion of the work.

(f) The district or the construction manager-agent shall procure in accordance with Section 2254.004, Government Code, and in any manner authorized by this chapter, all of the testing of construction materials, the inspection services, and the verification testing services necessary for acceptance of the facility by the district.

Sec. 60.462. CONTRACTS FOR FACILITIES: CONSTRUCTION MANAGER-AT-RISK. (a) A district may award a contract to a construction manager-at-risk for the construction, rehabilitation, alteration, or repair of a facility provided that the construction manager-at-risk and the district follow the procedures prescribed by this section.

(b) Before or concurrently with selecting a construction manager-at-risk, the district shall select or designate an engineer or architect who shall prepare the construction documents for the project and who has full responsibility for complying with Chapter 1001 or 1051, Occupations Code, as applicable. If the engineer or architect is not a full-time employee of the district, the district shall select the engineer or architect in accordance with Section 2254.004, Government Code. The district's engineer, architect, or construction manager-agent for a project may not serve, alone or in combination with another, as the construction manager-at-risk.

(c) The district shall provide or contract for, independently of the construction manager-at-risk, the inspection services, the testing of construction materials, and the verification testing services necessary for acceptance of the facility by the district. The district shall select those services for which it contracts in accordance with Section 2254.004, Government Code.

(d) The district shall select the construction

manager-at-risk in either a one-step or two-step process. The district shall prepare a request for proposals, in the case of a one-step process, or a request for qualifications, in the case of a two-step process, that includes general information on the project site, project scope, schedule, selection criteria, and estimated budget, the time and place for receipt of proposals or qualifications, as applicable, a statement as to whether the selection process is a one-step or two-step process, and other information that may assist the district in its selection of a construction manager-at-risk. The district shall state the selection criteria in the request for proposals or qualifications, as applicable. The selection criteria may include the offeror's experience, past performance, safety record, proposed personnel and methodology, and other appropriate factors that demonstrate the capability of the construction manager-at-risk. If a one-step process is used, the district may request, as part of the offeror's proposal, proposed fees and prices for fulfilling the general conditions.

(e) If a two-step process is used, the district may not request fees or prices in step one. In step two, the district may request that five or fewer offerors, selected solely on the basis of qualifications, provide additional information, including the construction manager-at-risk's proposed fee and its price for fulfilling the general conditions.

(f) At each step, the district shall receive, publicly open, and read aloud the names of the offerors. At the appropriate step, the district shall also read aloud the fees and prices, if any, stated in each proposal as the proposal is opened. Not later than the 45th day after the date of opening the proposals, the district shall evaluate and rank each proposal submitted in relation to the criteria set forth in the request for proposals.

(g) The district shall select the offeror that submits the proposal that offers the best value for the district based on the published selection criteria and on its ranking evaluation. The district shall first attempt to negotiate a contract with the selected offeror. If the district is unable to negotiate a satisfactory contract with the selected offeror, the district

shall, formally and in writing, end negotiations with that offeror and proceed to negotiate with the next offeror in the order of the selection ranking until a contract is reached or negotiations with all ranked offerors end.

(h) If a fixed contract amount or guaranteed maximum price has not been determined at the time the contract is awarded, the penal sums of the performance and payment bonds delivered to the district must each be in an amount equal to the project budget, as specified in the request for proposals or qualifications. The construction manager-at-risk shall deliver the bonds not later than the 10th day after the date the construction manager-at-risk executes the contract unless the construction manager-at-risk furnishes a bid bond or other financial security acceptable to the district to ensure that the construction manager-at-risk will furnish the required performance and payment bonds when a guaranteed maximum price is established.

Sec. 60.463. SELECTING CONTRACTOR FOR CONSTRUCTION SERVICES THROUGH COMPETITIVE SEALED PROPOSALS. (a) In selecting a contractor for construction, rehabilitation, alteration, or repair services for a facility through competitive sealed proposals, a district shall follow the procedures prescribed by this section.

(b) The district shall select or designate an engineer or architect to prepare construction documents for the project. The selected or designated engineer or architect has full responsibility for complying with Chapter 1001 or 1051, Occupations Code, as applicable. If the engineer or architect is not a full-time employee of the district, the district shall select the engineer or architect as provided by Section 2254.004, Government Code.

(c) The district shall provide or contract for, independently of the contractor, the inspection services, the testing of construction materials, and the verification testing services necessary for acceptance of the facility by the district. The district shall select those services for which it contracts in accordance with Section 2254.004, Government Code, and shall

identify them in the request for proposals.

(d) The district shall select a contractor through competitive sealed proposals in either a one-step or two-step process. The district shall prepare a request for competitive sealed proposals, in the case of a one-step process, or a request for qualifications, in the case of a two-step process, that includes construction documents, selection criteria, project scope, schedule, the time and place for receipt of proposals or qualifications, as applicable, a statement as to whether the selection process is a one-step or two-step process, and other information that contractors may require to respond to the request. The district shall state in the request for proposals or qualifications, as applicable, the selection criteria that will be used in selecting the successful offeror. If a one-step process is used, the district may request, as part of the offeror's proposal, proposed prices.

(d-1) If a two-step process is used, the district may not request prices in the first step. In the second step, the district may request that offerors, selected solely on the basis of qualifications, provide additional information, including proposed prices.

(e) At each step, the district shall receive, publicly open, and read aloud the names of the offerors. At the appropriate step, the district shall read aloud the prices, if any, stated in each proposal as the proposal is opened. Not later than the 45th day after the date of opening the proposals, the district shall evaluate and rank each proposal submitted in relation to the published selection criteria.

(e-1) Notwithstanding Subsection (e), if the district demonstrates 45 days is not sufficient time for thorough evaluation, the district may specify in the request for competitive sealed proposals a deadline, not later than the 90th day after the date of opening the proposals, to evaluate and rank each proposal submitted in relation to the published selection criteria.

(f) The district shall select the offeror that offers the best value for the district based on the published selection criteria and on its ranking evaluation. The district shall first

attempt to negotiate a contract with the selected offeror. The district and its engineer or architect may discuss with the selected offeror options for a scope or time modification and any price change associated with the modification. If the district is unable to negotiate a contract with the selected offeror, the district shall, formally and in writing, end negotiations with that offeror and proceed to the next offeror in the order of the selection ranking until a contract is reached or all proposals are rejected.

(g) In determining best value for the district, the district is not restricted to considering price alone, but may consider any other factor stated in the selection criteria.

Sec. 60.464. JOB ORDER CONTRACTS FOR FACILITIES CONSTRUCTION OR REPAIR. (a) A district may award job order contracts for the construction, repair, rehabilitation, or alteration of a facility if the work is of a recurring nature but the delivery times are indefinite and indefinite quantities and orders are awarded substantially on the basis of predescribed and prepriced tasks.

(b) The district may establish contractual unit prices for a job order contract by:

(1) specifying one or more published construction unit price books and the applicable divisions or line items; or

(2) providing a list of work items and requiring the

offerors to bid or propose one or more coefficients or multipliers to be applied to the price book or work items as the price proposal.

(c) The district shall advertise for, receive, and publicly open sealed proposals for job order contracts.

(d) The district may require offerors to submit, in addition to information on rates, other information, including experience, past performance, and proposed personnel and methodology.

(e) The district may award job order contracts to one or more job order contractors in connection with each solicitation of bids or proposals.

(f) An order for a job or project under the job order contract must be signed by the district's representative and the contractor. The order may be a fixed price, lump-sum contract based substantially on contractual unit pricing applied to estimated quantities or may be a unit price order based on the quantities and line items delivered.

(g) The contractor shall provide payment and performance bonds, if required by law, based on the amount or estimated amount of any order.

(h) The base term of a job order contract is for the period and with any renewal options that the district sets forth in the request for proposals. If the district fails to advertise that term, the base term may not exceed two years and is not renewable without further advertisement and solicitation of proposals.

(i) If a job order contract or an order issued under the contract requires engineering or architectural services that constitute the practice of engineering within the meaning of Chapter 1001, Occupations Code, or the practice of architecture within the meaning of Chapter 1051, Occupations Code, the district shall select or designate an architect or engineer to prepare the construction documents for the facility. If the architect or engineer is not a full-time employee of the district, the district shall select the architect or engineer on the basis of demonstrated competence and qualifications as provided by Section 2254.004, Government Code.
